

## INTELLIGENT 551

### Chapter 551 - 551: The Truth Pill

"What pill have you fed me?" Fua Sui Jue asked.

"You will know soon." Yu Qi gave a smile. That smile looked sinister. Even others that saw the smile shivered.

Song Tai felt cold sweat on his back. His big boss looked very evil right now. However, he was excited to see the effect of the pill that his big boss had used just now.

The room was silent until Yu Qi started to approach Fua Sui Jue again. Fua Sui Jue was scared of this young girl. 'This young girl is not normal, ' he thought.

"Well, then, tell me. Who has sent you here?" Yu Qi asked the same question once more.

Fua Sui Jue thought she would be doing something else to him but she just asked the same question. Well, he would not answer. He would just keep his mouth shut up.

"I don't know." Fua Sui Jue said. He himself was shocked. He did not even know why his mouth talked.

"Why have they sent you here?" Yu Qi asked again.

Others thought that Fua Sui Jue would not answer the question since they had asked him many times.

However, something happened which shocked Fua Sui Jue and others. Fua Sui Jue finally answered the question.

"To steal the secret formula of Qi Qi skincare. They want to use it to make their own products." Fua Sui Jue obediently answered Yu Qi's question.

"Why have they chosen you?"

"I lost my job two months ago. They hired me. I thought they would give me a decent job. Then they told me to be their cooperation's spy. I refused but they used a dirty trick by kidnapping my wife and child. They threatened me by telling that they would kill my wife and child if I refused. So, to keep my wife and child safe, I am here." Fua Sui Jue told everything.

"Are you alone?"

"Yes."

"Are you sure?"

"Yes."

"Who is their boss?"

"I don't know."

"Then, who is the one that gives you orders?"

"I don't know his real name. But I heard someone called him, Mr Lu." Fua Sui Jue said.

Yu Qi was silent. The name sounded familiar to her. "Mr. Lu... Mr.Lu... Mr. Lu... Oh, it is him." She finally remembered the person with that name.

"What? You know him?" Su Yu Hi wanted to know.

"Bai Group." Yu Qi said two words.

"What? Bai Group?" Ming Xuehai was surprised. "Are you sure about it?"

"Yeah. Mr. Lu is an assistant who works for Mr. Bai, Chairman of Bai Group." Yu Qi told them.

"I have not heard about him. Do you?" Su Yu Hi asked Ming Xuehai.

Ming Xuehai shook his head. He did read the information about Mr. Bai but he did not know about this. He knew that Mr.Bai had two assistants. None of them was named with surname 'Lu'.

"The assistant who does the dirty works should remain unknown, right?" Yu Qi smiled.

Su Yu Hi and Ming Xuehai looked at each other.

The man named Mr.Lu was very familiar to Yu Qi. That was because he was there on that day. The day when Yu Qi was killed in her past life.

"Let's go out for now. Keep him alive." Yu Qi told to Song Tai.

They went out of the storeroom.

"What should we do, Yu Qi?" Su Yu Hi asked.

"Should we inform the police?" Ming Xuehai suggested.

"I bet if we hand out that person to the police, as soon as those people know about it, his wife and child will vanish from this world. He also would be killed." Yu Qi guessed. "And also, we will not able to catch the main culprit even his middle man. Since we don't have concrete evidence to ask the police to arrest them."

"Then?" Ming Xuehai asked.

Even though Fua Sui Jue was wrong but his wife and child were not. They were innocent.

"I will think of something." Yu Qi thought about the ways to save the man's wife and child.

"By the way, Miss Yu Qi, what is the pill that you have fed Fua Sui Jue?" Song Tai wanted to know.

Even Ming Xuehai and Su Yu Hi eager to know about that.

"Oh, it is the truth pill. Everyone who eat this pill will talk the truth in 24 hours after eating this pill." Yu Qi brought the pill out and shook the bottle.

The three men were dumbfounded. 'What? The truth pill?' They did not even know that those pills existed in the first place.

"Where have you bought it from?" Song Tai asked.

"I have refined it. However, this is the first time that I am using it. Luckily, it has gone well." Yu Qi smiled innocently.

The three men once again looked at each other. They felt their big boss was a dangerous girl that they should not offend her in the future.

If she did refine the pill, who knows what other kinds of the pills, she had already refined. They were glad that they were her allies.

As she had said, Yu Qi started to think about ways to save Fua Sui Jue's wife and child. However, it was not wise to act alone but she could not ask the police or her employees. It would endanger Fua Sui Jue's wife and child.

'Master, you should eat first. Your head will be clear by now.' Aoi suggested.

He was with her from the start. When his master wanted to use the pill, he was looking forward to it. He watched his master refined the pills many times before it would succeed. Turned out, it was the truth pill.

### **Chapter 552 - 552: Plan To Save Fua Family**

Yu Qi looked down. Aoi was at her feet. She was thinking of a good idea after looking at Aoi.

"Aoi, you are the best." Yu Qi lifted up Aoi and kissed him.

Aoi blinked his eyes several times. He did not understand why his master behaved like this. Yu Qi went to a hotel nearby to some spend time.

She needed to rest since she would conduct her plan tomorrow. Aoi was still confused with what his master wanted to do. Well, he just needed to follow his master and protect her from the possible dangers.

.....

On the next day, Yu Qi woke early as usual. She checked out of the hotel and went to find some breakfast for her and Aoi. She found a stall which had opened early in the morning.

"You are so early, young lady." The owner of the stall talked to Yu Qi.

"Yeah. My body usually wakes up during this time." Yu Qi replied.

Yu Qi ordered the food for her as well as for Aoi. The two of them ate happily.

'So, Master, what do you want to do?' Aoi asked while licking his fur.

'Aoi, it is time for you to help me.' Yu Qi smiled.

Aoi lifted up his head. 'Master needs my help... Master needs my help...' He was happy that his master needed his help. His tails were moving excitedly. He was expecting it.

'What is it, Master?' Aoi asked excitedly.

'Firstly, we need to go to Fua Sui Jue's home. Let's go.' Yu Qi stood up after finishing her meal. She made the payment to the owner.

"Be careful on your way, young lady." The owner advised.

"Thank you, auntie." Yu Qi nodded.

Yu Qi drove her car to Fua Sui Jue's house. She already knew where was Fua Sui Jue's house when she hacked the information about Fua Sui Jue.

Fua Sui Jue's house was located in a village. The distance of his house between another house was a little bit far. So, no one was around the house.

It seemed that the house had been left for a quite period of time. Yu Qi approached the house. The door was locked. However, Yu Qi was smiling. It was a small matter.

Yu Qi already an expert in this master. In her past life, she often got locked outside the house while she was still young. Afraid of being cold overnight, Yu Qi started trying to unlock the door. After trying many times, she finally grasped the technique.

The door was unlocked. Yu Qi entered the house. The house was clean. When Mr. Lu's people took Fua Sui Jue's wife and children, he must be using a soft approach.

Yu Qi walked around the house. She was looking for something. Something that would help her track Fua Sui Jue's wife and children.

"Found it." Yu Qi's eyes lifted up when she found what she had been looking for.

It was a piece of clothes of Fua Sui Jue's child. Yu Qi was smiling.

"Master, what have you found?" Aoi followed her from the behind.

"Here. Remember the smell." Yu Qi gave to Aoi.

"Huh? What is this?" Aoi confused?

"We need to find the location where Fua Sui Jue's wife and child are being kept." Yu Qi explained.

Aoi understood. His master wanted to save them first.

"Master, you should bring the clothes into your space," Aoi suggested.

"But what if the smell changed?" Yu Qi did think about bringing the clothes in her space but she was afraid the smell would change.

'Master, you don't need to worry about it. I have a bag that can store the clothes without worrying about the smell.' Bo Ya interrupted the conversation.

"Oh, really? Wait. I will enter and take the bag. Aoi, you wait here, okay?" Yu Qi said.

"Okay, master." Aoi nodded.

Yu Qi immediately entered the space. She took that bag that Bo Ya mentioned.

"Thank you, Bo Ya. I will cook for you later." Yu Qi kissed Bo Ya's cheek.

Bo Ya heard that his master would cook for him, he felt that he was getting a big reward.

"Okay, Master. Be careful." Bo Ya smiled.

Yu Qi got out of the space. She grabbed the clothes.

"Aoi, smell this first." Yu Qi gave the clothes to Aoi to smell it.

Aoi smelled the clothes. "Okay, Master. Done."

"Can you track it?" Yu Qi asked.

"Yeah, it is faint. But still visible." Aoi nodded.

Aoi indeed smelled the clothes. However, he developed some ability that he could see the smell. Everyone had a different smell.

"Okay. Good. Let's leave the house." Yu Qi walked out of the house.

However, she suddenly bumped into someone.

"Who are you? What are you doing here?" An old woman asked her.

Yu Qi was surprised being greeted by someone out of nowhere.

"What are you doing in the Sui Jue's house?" The suspicious tone could be heard from that old woman.

Yu Qi calmed down. She needed to bring out something to fool the old woman.

"Hello, grandma, I am actually the daughter of Uncle Sui Jue's friend. They are staying at our place. He and Auntie Nie wanted to get some clothes for Sulli. Here." Yu Qi came out with a perfect lie. She also showed the bag that contained clothes. Luckily for her, she did not bring the bag in her space immediately.

"I see." The old woman began to calm down. "It is good since they are okay. I have not seen them for a long time. It is nice to hear some news about them." The old woman nodded.

"Grandma, you don't need to worry. The family will be returning soon." Yu Qi said.

### **Chapter 553 - 553: Getting Help**

After talking with the old woman for a while, Yu Qi and Aoi left the place. Yu Qi planned to go to the place where Fua Sui Jue's wife and child had been kept.

Using Aoi as the GSP, Yu Qi arrived at a place where there was an abandoned warehouse. However, something was weird at that place. There was a group of people that controlled, well, guarding the place.

Yu Qi looked at Aoi and smiled. 'We are in the right place, I guess.'

'Yeah, Master. The smell of that child is very strong here.' Aoi nodded.

'Can you detect how many men are present inside the place?' Yu Qi asked.

'About 5 men inside. There are another two men at each side outside the warehouse.' Aoi explained. He could see the different smell from others apart from Fua Sui Jue's wife and child.

'Meaning it will be difficult for us, alone to handle this situation.' Yu Qi sighed.

If Yu Qi tried to break in forcefully, she would be spotted and would alert other men. They might use Fua Sui Jue's wife and child as the hostages. Yu Qi would not afford to risk their lives. Even using her poison would not be great.

'Let's leave the place first. I need to think of a plan to save them.' Yu Qi grabbed Aoi and left the place quietly.

They already left the place and were currently at a small cafe. Yu Qi was sitting outside since the cafe did not allow the pet to enter the cafe. They only allowed them outside.

Suddenly her phone was ringing. On the screen, showing the name, 'King Of Vinegar Jar'. When she saw the name, her eyes lifted up. She already came out with the plan.

Her hand quickly grabbed the phone and answered it.

"Hello." Yu Qi answered.

"Qi Qi." A sweet and masculine voice could be heard on the other side. It was Long Hui. "How are you?"

"Fine. You?" Yu Qi asked.

"As usual. By the way, where are you right now?" Long Hui really wanted to meet his beloved Qi Qi right now.

"Wenya City. Hmmm... Are you busy right now? Do you have some time? I want to talk about something." Yu Qi wanted to explain to Long Hui quickly.

"Yeah. I'm free right now. What do you want to talk about?" Long Hui noticed the serious tone in his beloved Qi Qi's voice.

"I need your help." Yu Qi began to explain the situation to Long Hui.

"So, you have already gone to that place?" Long Hui asked. His beloved Qi Qi really knew how to make him worried.

"Yeah... But I have left the place as soon as I know that it will be too dangerous for me to stay there. And I'm not alone. I'm with Aoi." Yu Qi talked just like she was a child who had gotten caught while doing something wrong.

Aoi who was currently eating looked at his master. 'Master, why are you mentioning my name? He will kill me... Just not kill, but he will be glaring at me the next time we meet. That glare can get my back damp in a cold sweat.' Aoi sighed.

Back to Yu Qi and Long Hui

"So, can I request your help? If you are busy, can you spare some of your men to help me to rescue them?" Yu Qi begged in a cute voice.

"Okay." Long Hui quickly agreed. 'I will help my beloved Qi Qi.'

"Thank you." Yu Qi thanked Long Hui.

"Well, I want some reward later." Long Hui smiled. It was a shameless smile. If Yu Qi saw this smile, she would know what Long Hui had been thinking right now.

"Okay. I will reward you later." Yu Qi innocently agreed. If she knew what Long Hui would request her later, she would not easily agree.

....

Ren Qian Yi entered the room but suddenly stopped in his steps. He was stunned to see Long Hui. That man was currently smiling.

Long Hui ended the call. The smile had already disappeared as soon as he saw Ren Qian Yi in front of him.

"What do you want?" Long Hui asked.

"Well, I just want to tell you that our men have already returned from the mission." Ren Qian Yi gave the report.

"Good. Tell them to meet me as soon as possible." Long Hui ordered.

"Oh, okay." Ren Qian Yi went out. 'It must be another mission,' Ren Qian Yi thought.

It was quite normal to go to another mission after finishing one. Ren Qian Yi was thinking what kind of the next mission they would do later.

Not long after that, about 10 minutes later, a group of men consisting of ten men stood in front of Long Hui.

"I have the next mission for you. This mission is requested by myself." Long Hui gave the introduction. Then he continued again. "It is a rescue mission. Two hostages have been caught and been hold. Woman and child in an abandoned warehouse in the Wenya City."

"Shouldn't this case handle by the police?" Ren Qian Yi asked.

"The police needs to investigate the case first. When they come to investigate, they may alert the culprit which can endanger the hostages. The main aim of this mission is to save the hostages. Second, don't kill those men. Capture them and someone will handle them after that. I will lead this mission. We will leave at 3 p.m." After explaining about the mission, Long Hui told them to get ready for the mission.

#### **Chapter 554 - 554: Explain The Plan**

Yu Qi was waiting for Long Hui to come to her location. Her location was nearby the lake. Since it was not a holiday, the lakeside seemed to be empty without visitors.

She had already informed him about her location and also the location where the Su Nie and Fue Sulli were being kept. Her location and its location was about two kilometres apart.

Yu Qi wore the attire which was suitable for their operation. After waiting for a while, Yu Qi saw a group of men who were walking towards her. She saw the man who was leading the group.

Long Hui also saw his beloved Qi Qi. He fastened his steps. Arriving beside his beloved Qi Qi, he ignored his subordinates and gave a kiss on his beloved Qi Qi's lips.

His subordinates widened his eyes expect Ren Qian Yi. Ren Qian Yi sighed. 'This man always likes to feed others some dog food.'

Long Hui's subordinates this time were his personal subordinates who had just returned from the mission. So, they did not know that their leader had already changed to someone like this.

"Oh, he... he... he is kissing a girl..." One of his subordinates patted Ren Qian Yi's shoulder.

"Yeah. You guys have just returned so you don't know. Our cold blooded leader has already fallen in love. That is our sister in law. Oh, you must remain careful since they are the same." Ren Qian Yi dropped two bombs in the statement.

All of them looked at Ren Qian Yi and turned around to watch the couple who was busy exchanging their words. It felt unrealistic for them to believe that their leader had fallen in love. He seemed to dislike women so much in the past that they thought he was gay. Now he was smiling gently at the girl.

For the another part of the statement, they thought that Ren Qian Yi was lying. There was no way that the young and beautiful woman would be the same as their leader.

"Stop it. Your men are here." Yu Qi pushed Long Hui after he kissed her for a long time.

"Just ignore them." Long Hui grinned.

"Stop it. We are having a mission to do." Yu Qi rebuked Long Hui.

"But I miss you so much." Long Hui made a wronged expression like he was a dog who had been abandoned by its owner.

"As I have said on the phone before, I will give you a reward." Yu Qi said.

"Oh, I have forgotten. Okay. I will remember to claim that reward." Long Hui quickly changed his expression.

Long Hui's subordinates widened their eyes while their jaw dropped down. They could not believe that their cold blood leader would be this skilful in flirting.

"Okay, let's discuss our mission for today." Yu Qi said.

Yu Qi unfolded the paper on the table where she had sat before. On the paper, there was a complete map of the location where their mission was going to take place. The position where the guards had been located around the warehouse.

"Where do you find this?" Long Hui glared at Yu Qi sharply.

Yu Qi did not look at Long Hui. "Well, I have gone to the location before to take a look. Forget about it. From what I have observed before, there are about 5 people inside the warehouse. Also, there are 8 guards outside." She explained the situation.

Long Hui sighed in his mind. This girl of his really liked to make him worried.

Yu Qi explained how the plan would be going to execute. Others who were listening to her were stunned with her plan. The young and beautiful girl was not the same as their cold blooded leader but even more ruthless than him.

"8.15 pm. Perfect. We will go to the location in 15 minutes." Long Hui told everyone. He then turned towards his beloved Qi Qi.

"Don't stop me. I'm going too." Yu Qi felt that she knew what he would be going to tell her.

"Sigh... Okay... But make sure you will be careful." Long Hui patted her head.

"Hmm... I know." Yu Qi said.

"By the way, how do you know their exact location?" Long Hui lowered down his voice.

"Well, it is all because of Aoi." Yu Qi lifted up Aoi.

"Him???" Long Hui showed the unconvinced look while glancing at Aoi.

'What? How dare you show that face to me? I'm much better than your military dog, okay?' Aoi glared at Long Hui.

Yu Qi laughed when she heard Aoi talking like that.

"What is he saying?" Long Hui asked when seeing his beloved Qi Qi laughed. It must be something that this dog talked to her.

"He is saying that he is much better than your military dogs." Yu Qi laughed.

Long Hui did not reply anything. He knew that it must be the truth since Aoi was not a normal dog. Even though, he was still growing.

"I know. He is not a normal dog." Long Hui said after a moment of silence.

"Of course. My little cuties are still the best." Yu Qi kissed Aoi's head.

Aoi smiled when his master kissed his head. Then, he felt his body had been pulled a thrown down. Luckily he landed perfectly. He turned around and glared at Long Hui who had thrown him just now.

Long Hui kissed Yu Qi again and looked at Aoi provokingly. Aoi felt very angry with this man.

The subordinates of Long Hui looked at their cold blooded leader. They felt ridiculous when seeing this situation. The situation where their cold blooded leader felt jealous when looking at his girlfriend kissing her dog. He even provoked the dog.

"Hey, Qian Yi, are you sure he is our leader? Is someone impersonating him?" One of Long Hui's subordinates asked Ren Qian Yi.

"Who do you think is brave enough to impersonate him?" Ren Qian Yi asked back.

Everyone shook their heads at the same time.

"There is your answer." Ren Qian Yi said while smiling.

### **Chapter 555 - 555: Intent Murderous Aura**

They departed to the location. After 30 minutes of driving, they arrived at the place. However, they stopped about 200 metres away from the location.

Aoi looked at the direction where the warehouse was located. These were different news scents. He needed to inform his master.

'Master, there are other new scents. Probably about three to five new scents. Meaning there are new people in that warehouse.' Aoi informed Yu Qi.

'New people?' Yu Qi frowned.

'Yes.' Aoi nodded.

Long Hui noticed that his beloved Qi Qi had frowned. Aoi must be telling her something just now.

"What is it?" Long Hui asked.

"According to Aoi, there are new people in that warehouse. Around three to five people." Yu Qi said.

"Sister in law, how do you know?" Ren Qian Yi interrupted.

Others also looked at Yu Qi waiting for her answer.

"My dog has told me. He can smell." Yu Qi said.

Others were stunned. How could this small dog's nose very good?

Aoi could guess what everyone thought about him. 'Idiot.' He snorted.

"The plan will still not change. Everyone, separate according to the plan." Long Hui told his subordinates.  
"Go now."

"Yes, sir." Everyone separated, went to their positions.

Since it was dark, it was easy for them to move around without getting seen by the people at the warehouse. After 10 minutes, Long Hui assumed that everyone was already in their position.

"Are you ready?" Long Hui asked through the earphone.

"Yes." Everyone answered.

"Then, let's start our operation." Long Hui announced.

So, the operation started. Yu Qi was together with Long Hui. She brought out her own gun with a silencer. Long Hui glanced at her. He knew that the weapon in her hands was from her space.

The enemy seemed to talk with each other. Yu Qi lifted her gun taking her aim at the head of one of the men who were guarding. Meanwhile, Long Hui was taking aim on another one.

Their group consisted of 4 members, Long Hui, Yu Qi, Ren Qian Yi and another Long Hui's subordinate, Yuen He.

"She can shoot?" Yuen He asked Ren Qian Yi.

"Of course." Ren Qian Yi nodded.

Two shots were fired. They went straight to the men's head. The men fell on the ground lifeless. Yuen He saw it with his jaws opened. Her marksmanship was very good. It was par with his cold blooded leader. They approached the warehouse slowly.

"Are you all done?" Long Hui asked.

"Yes, sir." Meaning the outside guards were already settled.

Yu Qi's plan was to silence all of the men who were guarding outside. While for the men inside, they would not be killed. However, they must be taken down. So, Long Hui's subordinates could shoot everyone without resulting them to death.

Yu Qi took a look through the holes on the wall of that warehouse. Since it was an old warehouse, so there were plenty of holes on the wall.

Yu Qi could see about 5 to 7 people in that warehouse. She also could recognise one of them. It was MMrLu. She never thought to see him here.

She utilized her hearing to the maximum so that she could hear what they had been talking about.

"You need to take these pieces. They are important. Like always, make sure they are eating so that they can not die." Mr Lu said.

"Boss, who are the new people?" Another man asked.

"Our new man. He does not like to work for us. So, we have used his mother to threaten him. Are that woman and child alive?" Mr Lu asked.

"Yes sir. At first, that woman has resisted eating but after we have threatened to kill her child, she has eaten the food." His man answered.

"I also can't get a response from her husband. He has probably gotten caught or already forgotten his family." Mr Lu sneered.

"Probably got caught, Mr.Lu. That man loved his family. They are the reason why he joined us." The men laughed.

"If I don't get any response from that man tomorrow morning, we will finish them since they are no longer useful for us." Mr Lu decided.

"Just inform us later. We will do the job." The men nodded while giving a sign that head been chopped.

Yu Qi who heard the conversation clenched her fists. These men really thought of nothing about human life. These men were the same who had killed her in her past life. Driven by her anger, Yu Qi ran into the warehouse.

Everyone was shocked. Not only the men inside the warehouse even Long Hui's subordinates were shocked. The men in the warehouse were stunned for a moment when they saw a girl running towards them.

Before they managed to reach out their weapons, they could feel the numbness on their both hands. The split of a second, they already could not move their hands. Their hands were paralysed.

Yu Qi shot the legs of the three men who were present among them. 'They are the ones who have tortured me before I have died. How dare they? How dare they?' Her mind screamed.

Long Hui and his subordinates entered the warehouse after that. They did not expect that all of the men would go down due to their sister in law.

Long Hui quickly approached and reached out to Yu Qi's hand. Yu Qi's aura was different. She was giving out a murderous aura. The aura was very much that even Long Hui's subordinates could feel it.

"Qi Qi, calm down." Long Hui whispered into his beloved Qi Qi's ear. He could feel that his beloved Qi Qi was losing control of her emotions. He did not know why but he did not want it to happen. "Qi Qi, calm down. I'm here." He whispered again.

#### **Chapter 556 - 556: Again**

Yu Qi smelled the lotus fragrance which had surrounded her. 'It is Long Hui's smell.' Yu Qi snapped out. Yu Qi looked around.

"What have I done?" Yu Qi asked.

That question could be heard by everyone. When they heard that question, Long Hui's subordinates once again were stunned.

Mr.Lu's people were also speechless. 'What the heck? You have entered this warehouse and done this to us. Now you ask, 'what have I done?' What the heck?' They screamed in their minds.

"Who are you, people?" Mr.Lu asked. He really wanted to know.

"You don't need to know." Long Hui sneered.

"Let me see the hostages." Yu Qi ran into the room which was used to keep the hostages.

When Yu Qi entered the room, they obviously looked scared of the intruder who just came in. There was a woman hugging a child and an old woman. The woman with the child was Su Nie and Fu Sulli.

"Don't worry. You are safe now." Yu Qi smiled gently.

However, Su Nie did not react much than hugging her child closer. The old woman also did not move.

"Madam Fua, I come to save you and your child. Your husband is also safe now." Yu Qi talked again.

"My husband? Is it true?" Su Nie looked at Yu Qi. The girl smiled.

"Yes. Let's go outside." Yu Qi said. "Don't worry. They are on our side." Yu Qi saw that Su Nie hesitated when she saw a group of men behind Yu Qi.

Su Nie stood up with her child. Yu Qi helped the old woman to stand up. They went out of the room. When Su Nie saw the group of men whom she usually saw guarding them was surrounded by another group, she was relieved.

"Bring them to the hospital first." Yu Qi ordered Long Hui's subordinates.

The ones who had been ordered subconsciously followed her orders even though they were not her subordinates.

"Madam Fua, you can go to the hospital first. Let the doctor make a full body checkup of you and your child. I will bring you to your husband later." Yu Qi told Su Nie.

"Yes." Su Nie nodded.

Yu Qi turned back to the group of men who had been captured. She looked at their faces one by one. They were the ones who had left her to die in the unknown place in her past life.

Her anger built up again. She clenched both of her fists. When Long Hui sensed it, he quickly grabbed his beloved Qi Qi's hand. Yu Qi looked at Long Hui. He was smiling gently at her.

"Tell me, who are you?" Mr Lu asked again.

"You want to know our identity?" Yu Qi asked.

Mr.Lu was silent and looked straight at the girl. The group that guarded them right now was fully armed. Meaning they might be from the military or private army.

However, the most shocking thing was the girl. Even now, he did not know why he and his men became like this. He could not move his hands at the beginning. Now, his whole body could not be moved at all.

"Let's say, I'm the one whom you have killed in the past." Yu Qi still could feel the pain which she experienced when they had cut off her limbs.

Mr Lu frowned. 'Killed her? In the past? If I have killed her, why is she still alive? This girl must be kidding me right now.'

"Interrogate them. Make sure they spill out everything." Long Hui ordered and then he brought Yu Qi away.

"Yes, sir." The subordinates saluted him.

"Don't beat their faces." Yu Qi said before being taken away.

Long Hui brought Yu Qi outside the warehouse.

"Are you okay?" Long Hui asked.

"Hmm... I'm okay now. Thank you." Yu Qi nodded.

Long Hui brought his beloved Qi Qi into his hug. "I'm so afraid of seeing you losing control of your emotions."

"I'm sorry." Yu Qi said.

"Tell me, what has made you lose control?" Long Hui asked.

"Actually..." Yu Qi explained to him. "I'm sorry. I just can not help it." Yu Qi cried.

Long Hui felt his heart being stabbed by something while listening to his beloved Qi Qi's story. His hand patted gently his beloved Qi Qi's head. He wished to be by her side at that moment.

Yu Qi finally calmed down after a while of crying. She looked up.

"I'm sorry."

"It's okay." Long Hui wiped her excess tear with his finger.

"Let's go in." Yu Qi said.

So, both of them entered the warehouse again.

"How is it?" Long Hui asked.

"No use. Their mouths are zipped tightly." Ren Qian Yi frowned.

As Yu Qi requested, they did not touch their faces. Only the body but they did not feel anything.

"Here. Let them eat this pill." Yu Qi brought out the bottle that contained the pills.

Ren Qian Yi took the bottle and looked inside. "What is this?"

"Just give them to eat. One pill for one person." Yu Qi said again.

"Just do it." Long Hui voiced.

Ren Qian Yi quickly moved his ass giving the pills to all of the people who were captured

"What have you given me to eat? No... No... I'm not eating." One of Mr Lu's men shouted. He was resisting to eat the pill.

Others also began to do so.

"Help me to hold his head." Ren Qian Yi asked his member to only hold the head since their bodies were already paralyzed.

So, one by one being forced to swallow the pill. That included Mr Lu himself after tried to resist.

### **Chapter 557 - 557: Have A Nice Punishment.**

Meanwhile, Yu Qi brought out the camera and its stand from the bag that she had brought along. Long Hui glanced at his beloved Qi Qi without saying anything. 'Turns out it is a camera inside the bag.' He was wondering what she wanted to do with that camera.

Yu Qi put the camera in front of the men who had already finished swallowed the pills. Mr.Lu glared at the girl that steady setting up her things. 'Wait until I am released. I will make sure that you begged me to let you go.'

"That will never happen." Yu Qi turned to Mr Lu and suddenly spoke those words.

Mr Lu was surprised. 'Is this girl able to read another's mind?'

"I can not." Yu Qi spoke again. "But your expression has told me so."

Mr Lu was speechless. Even others were speechless.

"The pills are about to show the effect." Yu Qi said.

"Sister in law, what is the effect?" Ren Qian Yi asked.

"You will see it later." Yu Qi clicked the camera to take the video.

Mr.Lu and his gang looked at each other. They did not feel anything wrong with their bodies. 'This girl just want to scare us.' Mr.Lu thought.

"Okay. Let's start now." Yu Qi stepped in front of them. She pointed at the man who was sitting in the last row. "You, what is your name? What is your age? And where do you come from?"

Mr Lu and their gang wanted to laugh. 'Is this girl stupid? And the men at behind are also stupid to let this stupid girl take control.' However, their expressions changed after hearing the answer from that man.

"Ah Keong. 27. From Donlan." The man answered swiftly even though his expression seemed to be forced.

Others frowned. Because the name that he mentioned was his real name. Yu Qi ignored their expressions. She started to ask the same questions to all of them even Mr Lu was included.

"We have gotten their names. Let's move to another thing." Yu Qi said.

"Wait, sister in law. They are probably not telling their real names." Ren Qian Yi stopped her.

"No, they are telling the truth. Since they all have already eaten the truth pill." Yu Qi casually said the thing.

"Huh? Truth pill?" One of Long Hui's subordinates was startled.

"Yeah. All of them are already under the effect of the truth pill. So, they are telling the truth." Yu Qi nodded.

Truth pill? What was that? Was that pill not available in the market already? Was that easier to purchase that pill? Usually, pills like that were in the black market. How did this young girl get her hands on this pill?

"I have refined these pills." Yu Qi dropped another bomb at others.

Not only Mr Lu and his gang were shocked, but even Long Hui's subordinates were shocked with that statement.

Yu Qi ignored others and started the questions that she wanted to ask.

"Why have you kidnapped them?" 'They were Fua Sui Jue's wife and child and also the old woman whom Mr Lu and his gang had brought today.

"To make sure that the man does the work properly in order to save his family." Mr Lu said.

"Work? What work?" Yu Qi asked again.

"To steal the secret formula. Qi Qi skincare brand is rising up. My boss wants to cooperate with that brand. But the owner refused his invitation multiple times. So, since they don't want to cooperate, my master rather destroys it." Mr Lu spoke with a proud tone even though the expression on his face looked weird.

"Oh, may I know who is your boss?" This was an important question.

"Bai Xia Fang." Mr Lu said.

"Yeah. Our boss is Mr Bai Xia Fang. You better let us go or otherwise..." One of Mr Lu's gang smirked.

However, he could not finish his word. Yu Qi lifted up her leg and kicked his head. He fainted on the spot. It was totally K.O. move.

'How much force she has used to knock out that man? A normal girl can not do such things. No wonder Qian Yi has told that she is not a normal girl. She is a totally perfect match for our leader.' That was Long Hui's subordinates' thought.

Yu Qi's expression did not change at all after knocking out that man. Mr Lu's gang shut their mouths up after seeing what the ruthless girl had done to their comrade.

"Bai Xia Fang... Bai Group... Never thought that my guess will turn out to be the truth." Yu Qi mumbled. However, her voice was enough to be heard by everyone.

"He is inviting the death on his door." Long Hui released his own deadly aura. 'How dare he wants to touch my woman?'

Mr Lu and his gang felt the breath stuck in the neck. This was the first time they had felt this way. 'Who is this man? His aura is terrifying.'

"Well, then. I have already gotten what I have wanted. We should send them to the police station." Yu Qi said.

"Are you sure? I can handle this group." Long Hui's eyes flashed a cold glint.

Mr Lu and his gang shivered. If they fell into this man's hand, they might not survive on the next day. It was better to go to the police station.

"Nope. They must go to the police station. That Mr Bai Xia Fang shall be informed about this. Mr. Bai Xia Fang will probably be delighted to hear about this." Yu Qi glared at Mr Lu and his gang.

Mr.Lu looked at Yu Qi. 'This girl knows about Mr Bai's personality. Mr.Bai will give him a harsh punishment if he knows about this.'

Yu Qi gave a cold smile. 'Have a nice punishment.'

### **Chapter 558 - 558: Talking In Sleep**

Yu Qi wanted to settle this matter as soon as possible. Together with Long Hui, Yu Qi brought Mr Lu and his gang to nearby police station personally.

When the policemen in that station received them, they were dumbfounded for a moment. After that, one of them called their high ranked policemen.

Long Hui took in charge on telling everything, kidnapping people, blackmailing people, everything that Mr Lu and his gang did to the policeman. He also gave a copy of the video that Yu Qi had recorded.

Aoi was already sleeping on Yu Qi's lap. He was tired after going through everything today. Fortunately, he was not too bigger and did not cause any problem for Yu Qi held him.

"Bai Xia Fang will not admit that Mr Lu and his men were his people." Long Hui stated his opinion.

"Of course. Admitting them would give him a big flag on his head. However, it's okay. Since I just want to cut his branch first." Yu Qi was humming. Her objective for today had already succeeded.

"I'm tired." Yu Qi said.

After she finished saying the sentence, Aoi whom she had been holding was taken by Long Hui. Long Hui did not say anything. He just continued walking while carrying Aoi in his hands.

Aoi woke up from his sleep because he sensed something different. When he looked up, he saw that Long Hui was holding him, he quickly jumped down.

Landing on the ground, he rolled his eyes at Long Hui.

"Qi Qi is tired." Long Hui only said that sentence. The rest was saying by his eye. 'You just walk by yourself. You have four legs, not two legs.'

'Master, are you really tired?' Aoi turned to Yu Qi and asked his master about it.

"Well, a little." Yu Qi told him.

'Oh, I'm sorry, Master.' Aoi looked down. He was guilty of tiring his master.

Yu Qi reached out Aoi's head and patted it. "Don't worry. I'm fine. Let go."

"Since you are tired, I am not so evil to request for the reward that you have promised me before." Long Hui whispered.

When Yu Qi heard it, her face blushed in red. 'Reward! Long Hui wants to... Ah!!!' Her mind exploded.

"Let's go." Long Hui grabbed Yu Qi's hand and pulled her to walk while she was still blushing.

"So, what are we supposed to do now?" Long Hui's subordinates looked at each other.

"What now? We have to return to the compound." Ren Qian Yi ordered.

"How about our leader?"

"Stupid question."

"Yeah, don't you see the atmosphere between them just now? They will do it later."

"Huh? Do what?" There was a man who seemed stupid in man and woman relationship.

One of his members whispered to him. He opened his mouth wide.

"I'm jealous."

"Me too."

"I want a girlfriend too."

"Shut up! Let's go." Ren Qian Yi ended the conversation.

As for the people who were being discussed, they went to a hotel. Well, as usual, it was just for the cover. They would enter the space after check-in into the room.

Before entering her space, Yu Qi scanned her surroundings. She did not find anything. She took a breath of relief. She needed to be careful in the hotel since there were some cases reported where there were cameras which were being set up.

She grabbed Long Hui's hand and Aoi, entering the space.

"Master, I will go to sleep first." Aoi left the couple.

Bo Ya came and greeted Yu Qi, totally ignoring Long Hui.

Yu Qi told him that she would take some rest. After waking up, she would cook some food. Bo Ya nodded.

Long Hui pulled Yu Qi to the room. Well, her room.

"Your room is over there." Yu Qi said when she saw Long Hui followed her.

"I want to sleep with you." Long Hui said with a straight face.

"But... I'm tired." Yu Qi mumbled.

"I know. That's why we will just sleep. Not doing anything." Long Hui explained.

"Oh, I see." Yu Qi was embarrassed when she thought that Long Hui wanted to do something else, not just sleeping.

"Or, do you want something else?" Long Hui smirked.

"No, spare me." Yu Qi shook her head. "I will take a shower first." Yu Qi ran away.

Long Hui only smiled when seeing his beloved Qi Qi running away. Since she was tired, he would spare her this time. Next time, she would not be so lucky.

Yu Qi at that time tried to take off her clothes shivered out of nowhere. She ignored the feeling and quickly took a shower. Then she changed to her pyjamas.

When she returned to her room, she saw Long Hui had already changed to comfort clothes.

"Have you already washed up?" Yu Qi asked.

"Yeah. In my room earlier." Long Hui answered.

"Oh..." Yu Qi nodded.

"Let's sleep. You need to rest." Long Hui pulled Yu Qi to her bed.

Both of them were lying down together. The room was silent. Long Hui hugged Yu Qi.

"Don't worry. I just want to hug you. I will not do anything else. You can sleep." Long Hui kissed her forehead.

"You just say that you will not do anything else but you kissed me?" Yu Qi joked.

"Well... Other than hugging and kissing you..." Long Hui mentioned the two things.

Yu Qi gave out a small laugh. After that, it was silence again. Yu Qi had dazed off. Long Hui's smell was comforting her. She finally fell to sleep.

Long Hui knew that his beloved Qi Qi had slept. Then he heard something.

"Brother Hui... Thank you... I love you..." Yu Qi was talking in her sleep.

Hearing those words, he could not help to smile. "Me too. Thank you and I love you." He tightened his hug and tried to fall to sleep as well.

### **Chapter 559 - 559: He Had Endless Energy**

Yu Qi woke up from her sleep while realizing that she was in Long Hui's arms. Yu Qi was sleeping using Long Hui's one arm as her pillow and his other arm was on her waist.

'His face is really handsome.' Yu Qi looked up and observed Long Hui's face. Even if she already had seen this face so many times, she still felt amazed with the sculpture of his face.

She slowly raised her hand and touched his lips using her finger. She slowly traced along the lips. Ah... She really wanted to kiss these lips.

However, she did not know that the one whom she had been touching had already woken up. Long Hui already woke up since he felt that his beloved Qi Qi moved her hand. He was wondering what would she do next. Turned out she wanted to touch his lips.

Since his beloved Qi Qi wanted to touch his lips, he would let her touch as long as she wanted. He also would allow her to do whatever she wanted to do with him.

"These lips look very sweet."

Long Hui suddenly heard that his beloved Qi Qi said something like that. He could not hold himself back anymore. So, he opened his eyes and looked down at his beloved Qi Qi.

The finger that had been touching his lips stopped. His beloved Qi Qi realized the owner of the lips that she had been playing with had already woken up and watching her straight.

"Why have you stopped? You can touch more. Or do anything else." The last sentence contained the aura of seductiveness in it.

Yu Qi was embarrassed. So, she closed her eyes. She wanted to pretend to be asleep.

"Oh, now you are sleeping? Well, then, meaning I can do anything to you? Hmmm..." Long Hui whispered.

'Ah!!! He is seducing me.' Yu Qi was screaming in her mind.

"No answer... Hmm... Then, let me do something." Long Hui gave out a small laugh.

He then attacked his beloved Qi Qi's lips. His tongue intruded her mouth and played with her tongue. Yu Qi felt she could not breathe, so she opened her mouth and let out a m.o.a.ning sound.

"Qi Qi, I want you. Can I?" Long Hui released her mouth and asked her permission to continue.

Yu Qi slowly nodded. When Long Hui saw the nod, he immediately pounced on his prey. So the journey began.

...

Yu Qi woke up again after one hour of sleep. They had been making love almost four hours. Long Hui seemed to have endless energy. Yu Qi had already lost count of how many times she had climaxed.

However, she woke up in a different room. It was Long Hui's room that she prepared for him to stay in the space. Well, he did not use it at all since he used hers.

She already noticed that her body had already been cleaned up. She fell to sleep feeling stickiness on her body since she was sweating during the lovemaking.

"You are awake. Here, I have made some breakfast for you." Long Hui entered and brought a tray that contained a bowl of soup, some bread and a glass of milk.

Yu Qi was blinking several times.

"You have made this?" Yu Qi asked.

"Yeah. I can cook but only some simple meal." Long Hui nodded. He was a soldier. It was a basic skill required for survival which he had learned in the military when he was young.

"I think the handsome man who can cook is very s.e.xy." Yu Qi burred out the words without she realising it.

"Oh, only when I cook?" The question was indicating something.

Yu Qi was blushing. Long Hui laughed.

"Well, let's leave that topic behind first. For now, you need to eat." Long Hui said.

"Okay." Yu Qi ate food. The soup was actually quite nice. She finished the food.

"Well, let's do some morning training." Yu Qi wanted to move however when she was about to stand up, she felt her legs had no energy.

"Qi Qi, be careful." Long Hui caught her body.

She then felt pain in her lower back. "Ouch."

"What? Are you hurt somewhere?" Long Hui panic.

Yu Qi glared at Long Hui. 'Has this man forgotten what he has done to me?'

"Qi Qi?" Long Hui called her.

"It is because of you." Yu Qi said.

"Because of me?" Long Hui did not understand.

"The deed that we had done last night." Yu Qi said in an embarrassing tone.

Long Hui was silent. He was thinking about what they had done. 'Oh'. He understood.

"I'm sorry. I can not control my strength yesterday. Is it really hurting?" Long Hui put Yu Qi down gently.

"Yes. It hurts." Yu Qi said. 'Why does he look okay? Forget about it. I want to go out.'

"Brother Hui, can you bring me outside?" Yu Qi requested.

Since his beloved Qi Qi had requested, Long Hui lifted up his beloved Qi Qi like a princess. He brought her out. After they stepped out of the pagoda, Bo Ya and Aoi saw them and ran towards them.

"Eh, what has happened with you, Master?" Aoi asked with an innocent look.

"You have made our master hurt." Bo Ya accused Long Hui. Yesterday, he did not hear anything since his master asked him to, well, like to switch off his ability to hear everything in the space when she came into space with this man.

"Well..." Long Hui did not know what to say.

"I'm okay. I'm just tired. Don't worry. I'm fine." Yu Qi cut Long Hui's word and explained to her two little cuties.

Bo Ya seemed to accept his master's explanation but he still glared at Long Hui.

### **Chapter 560 - 560: An Important Key**

After sitting without doing anything, Yu Qi gained her strength back. So, Yu Qi decided to come out of the space.

When they came out of the space, the day outside the space had just passed the lunchtime. Yu Qi wanted to visit the victims who had been kidnapped by Mr Lu and his gang. So, they went to the hospital where Long Hui's subordinates sent them to yesterday.

Fortunately for them, Su Nie and Fua Sulli were still in the hospital. Su Nie had already recovered her energy. She took care of her daughter. Only Fua Sulli was still in weak condition. Well, she did not get the nutrients that her body needed. No wonder she was still weak.

While the old woman had already returned home. She was not hurt or anything since she had just been kidnapped yesterday. The policemen already came and talked to them.

When Su Nie saw Yu Qi came, she kowtowed to Yu Qi. Yu Qi saw this, she quickly reached out for Su Nie.

"Madam, what are you doing?" Yu Qi asked.

"You are our saviour. Thank you for saving me." Su Nie cried. She never thought to come out and see the outside world after being kept for about a month. She turned to Long Hui and thanked him.

Yu Qi remembered about Fua Sui Jue. She called Su Yu Hi and told them about the situation. She also asked him to bring Fua Sui Jue to the hospital where his wife and his child were. However, she told Su Yu Hi not to tell him.

Su Yu Hi just followed her boss' order. Ming Xuehai also followed them. Fua Sui Jue was confused when the two men brought him to the hospital. He thought that they would bring him to the police station to confess his crime.

When Fua Sui Jue saw his wife, he ran towards his wife and hugged his wife. He could not believe that he was seeing his wife here. Safe and sound.

"Thank goodness. Thank goodness. You are safe. What about Sulli? Is she okay? Is she safe?" Fua Sui Jue asked his wife.

"Yes. She is okay. She is sleeping." Su Nie pointed to Fua Sulli who was still sleeping on the bed.

Fua Sui Jue was relieved when he saw that his daughter was okay.

"What happened? How did you escape them?" Fua Sui Jue felt his heart bleed on the day when Mr. Lu told him that they had already kidnapped his wife and daughter.

"Well, all thanks to this woman and this man." Su Nie pointed to Yu Qi and Long Hui.

Fua Sui Jue was surprised that the girl who was like a demon to him on the other day. As for the man, he did not know him. Probably the girl's friend, perhaps.

Like Su Nie, Fua Sui Jue knelt down and gave a kowtow to Yu Qi and Long Hui. "Miss, Sir, thank you for saving my family. I will remember this gratitude for my whole life. Thank you."

He was crying. He did not even feel embarrassed when others looked at him. Why did he need to feel embarrassment? Without them, he might not be able to see his wife and his daughter again. But they saved his family. So, it was not embarrassing at all.

"Get up." Yu Qi ordered.

Fua Sui Jin quickly got up. He looked at Yu Qi and waited for her to say something.

"I have already saved your family. I need you to do something." Yu Qi said.

"Yes. Tell me, Miss. I will do anything as long as it is within my capabilities." Fua Sui Jue looked straight at Yu Qi.

"Good. You will be the witness. Mr.Lu that you have mentioned before are already being arrested by the policemen. So, you will be an important key to make sure Mr.Lu and his gang will not get away from what they deserve." Yu Qi told him.

Fua Sui Jue nodded several times. "Yes, Miss. I can do that. They have already hurt my family. I will do anything to take my revenge." Fua Sui Jue wanted to retaliate. They went so far even kidnapping his family. If he did not retaliate for his family, who would?

"Brother Xuehai, you will handle the case." Yu Qi looked at Ming Xuehai.

"Okay." Ming Xuehai did not need to think twice, agreed.

"Well, as for today, you can take a rest first with your family. Brother Xuehai will call you later." Yu Qi gave him some time. He might want to be with his family for the moment.

"Okay, Miss. Once again, thank you for everything." Fua Sui Jue thanked her once again before she left the place. It seemed that he had already forgotten what Yu Qi did to him on another day.

"How did you save them?" Su Yu Hi asked Yu Qi while walking out of the hospital.

"I have a wonderful boyfriend, to begin with." Yu Qi showed off.

Su Yu Hi looked at Long Hui. The man did not give any response. He did not even look at Su Yu Hi. His eyes were only on Yu Qi. Su Yu Hi understood. Yu Qi had probably asked her boyfriend for help.

"Well, then, the spy chapter ends. Our company has not lost anything. By the way, is that true, Mr Lu that you have mentioned before is one of Mr Bai's people?" Su Yu Hi was curious about it.

"Yeah. I have confirmed it." Yu Qi nodded.

"Using your pills?" Su Yu Hi asked.

"Yes." Yu Qi grinned.

Long Hui pulled his beloved Qi Qi closer to him. He then gave a look to Su Yu Hi. Yu Qi looked up and saw the expression on his face. He was producing the jar of vinegar.

Su Yu Hi observed Long Hui and Yu Qi. He understood. This man was probably jealous by looking at his woman talking so much to other men.

"Well, then, I will excuse myself. By the way, you have a lot of documents to review." Su Yu Hi left followed by Ming Xuehai.

"Are you jealous?" Yu Qi grinned.

"What do you think?" Long Hui asked. He was indeed feeling jealous when seeing his beloved Qi Qi talking to other men. He knew that they did not have any love relationship but still he could not help but to feel jealous.

Yu Qi laughed. "Brother Hui, you are cute."

"Cute?" He did not know what to feel when his beloved Qi Qi told him 'You are cute.'

"Oh, really? Then, I will show more cuteness tonight on our bed. What do you think?" It was Long Hui's turn to smirk?

Thinking about the pain that Yu Qi had been through after waking up, Yu Qi shook her head. "Spare me, my majesty. My body can not stand." Yu Qi begged.

"Now you know my cuteness." Long Hui grinned.
