

## INTELLIGENT 561

### Chapter 561 - 561: With Feng Yue

"Sir, Mr Lu has been detained." A man reported to Bai Xia Fang that sat on the chair facing the window.

"Oh." Bai Xia Fang responded.

"Do we need to save him, Sir?" A man asked.

"No need. Dispose of him." Bai Xia Fang said. Pawn could always be found. No need to think much about that.

A man nodded and wanted to excuse himself until Bai Xia Fang stopped him.

"How does he get caught?" Bai Xia Fang asked.

"I'm unable to get the information but what I heard from our intel that a woman and a group of men sent Mr Lu to the policemen. The woman is Miss Tang Yu Qi and the leader of the men is Mr Long Hui." The man explained.

"Oh, I see. You can go now." Bai Xia Fang smirked. 'Tang Yu Qi is sure interesting. You are probably the one that I have been looking for.'

.....

Long Hui needed to return to the military compound at Shiwa Town. Yu Qi also wanted to return to Shiwa Town since it was still a semester break.

So, Long Hui wanted they returned back together. Yu Qi did not want to leave her car here since she might need to use the car later.

Because of that, Long Hui asked for someone to drive Yu Qi's car back to Shiwa Town. Yu Qi was speechless when knowing that Long Hui did something like that. Since there was no reason to reject Long Hui's anymore, Yu Qi returned back with Long Hui.

Yu Qi already called Grandpa Tang telling him that she would return home today. After a long hour of driving, they arrived at Shiwa Town. Long Hui would drop Yu Qi first at Grandpa Tang's house.

When Yu Qi was about to enter the house, her body had been hugging by someone. She wanted to knock out the person but she stopped when she heard the familiar voice.

"Yu Qi, I miss you so much." That person was Feng Yue.

Indeed, they had not been seeing each other for a long time. Yu Qi was busy with her own matter and so did Feng Yue.

Yu Qi wanted to hug her back but someone already pulled Feng Yue.

"Who dares to pull me like that?" Feng Yue was angry when her reunion with her best friend was been interrupted.

"Me."

Feng Yue froze when he heard the voice. She turned back and saw an icily face was looking down at her.

"Brother Hui, long time no see." Feng Yue grinned after a moment of silence.

"Hmmm..." Long Hui nodded.

"Wait, where had you been? You were on the date?" Feng Yue looked at the two of them.

Yu Qi did not answer that question. Her eyes glanced at Long Hui. At the same time, Long Hui also glanced at Yu Qi. Feng Yue caught them been glancing at each other.

"Kyaaa!!!" Feng Yue screamed excitedly.

Long Hui sighed. His cousin really knew to spoil the mood. He looked at his watch. He needed to report himself to the military compound.

"Qi Qi, I need to go first." Long Hui pulled his beloved Qi Qi and kissed her forehead. He had some time to whisper. "As your lips, it would be next time for me to kiss it." With that sentence, Long Hui left.

Yu Qi's face already changed to red. Feng Yue saw that her cousin whispered something and after that, Yu Qi turned red. Her cousin must be whispering something embarrassing.

"Yu Qi, tell me what Brother Hui tell you just now." Feng Yue teased Yu Qi.

"Humph... Want to know? Go and find your own boyfriend." Yu Qi entered the house leaving Feng Yue alone.

Feng Yue was blinking several times until she understood Yu Qi's sentence. "Yu Qi, you threw me over the boyfriend. Are you really my friend?" Feng Yue ran and asked Yu Qi.

"No. I'm not." Yu Qi replied.

"Yu Qi, you idiot." Feng Yue shouted.

Yu Qi laughed.

.....

On that night, Feng Yue spend the night at Grandpa Tang's house. When Feng Yue told him to stay for the night, Grandpa Tang did not mind. He also told her to tell her grandfather in case her grandfather looking for her.

Feng Yue already told Grandpa Feng that she would stay at Grandpa Tang's house for some time. Grandpa Feng allowed her to stay since he had some matters to settle at another city. Even though his house at Shiwa Town had its workers but it would be better if Feng Yue spent her time with someone like Yu Qi.

After dinner, Yu Qi talked a little with Grandpa Tang about the herbs that he succeeds to grow up. The herbs looked very healthy. Grandpa Tang really took care of the herbs.

Feng Yue made a boring face when listening to this grandfather and granddaughter pair. After realized that Feng Yue was bored, Yu Qi stopped talking to Grandpa Tang and excused herself.

Both of the girls decided to take a night walk. When they were outside, the town was still lively. Well, there were a lot of people since the night market was opened on that night.

It was a long time since Yu Qi visited the time market in her hometown. As for Feng Yue, this was her first time. She did not step into this kind of market because her father did not allow her to visit this kind of place.

#### **Chapter 562 - 562: Play At Night Market.**

"So many people are here?" Feng Yue commented.

"Well, this is the night market." Yu Qi replied. "Some people sell food, clothes, or daily necessary."

"Oh, like a supermarket?" Feng Yue asked.

"Yeah, but only on a certain day." Yu Qi nodded.

"Oh, they have some games too." Feng Yue pointed to one direction. "Have you played the games before?"

"Nope." Yu Qi shook her head.

She never played the games here since money was required to play them. The Wang family did not give her any additional money for her to spend to play the game. The money was only enough for daily expenses.

"Can we try them?" Feng Yue's excited eyes looked to Yu Qi.

"Yeah. If you want." Yu Qi said.

"Okay. Let's try all of them tonight." Feng Yue made her mission.

Yu Qi chuckled. All of them? Well, if she could...

So, the two girls went to the game stalls. They played. Shooting game, fishing game, matching game, shoot ball game and other games.

The two girls immediately became popular there. Yu Qi was already well known to the people in the market, now adding Feng Yue also. The game stall owners promoted their stalls to come and play the game to Yu Qi and Feng Yue.

Yu Qi only followed Feng Yue to express her interest in the game there. Feng Yue indeed played many games.

"It is so much fun." Feng Yue said.

"Yeah." Yu Qi agreed. It must be fun if she could play them when she was younger before.

Yu Qi usually only heard the fun and exciting stories when Wang Children told her about it. Sometimes, Wang Family allowed their children to come and enjoy the games here while she had to stay at home.

The regular reason that Madam Wang would use was that she was the oldest. So, there was no need to have fun. Just gave it to the younger. At that moment, Yu Qi thought that it was normal. So, she did not argue about it.

"Let's go home. It is already late." Yu Qi suggested while looking at her watch.

Feng Yue also looked at her watch. "Yeah. Let's go home."

The two girls walked home. Suddenly they felt that someone, probably not someone. Some people were following them from a certain distance. They were getting close to the two girls.

"Girls, let's go and have other fun." Then there was some laughter from the men.

There were five men who had blocked Yu Qi and Feng Yue. Yu Qi did not know them. Assuming that they had just moved into Shiwa Town probably.

"No need. We need to go home right now." Feng Yue knew the group had an evil intention towards her and Yu Qi.

"We saw that two of you like to play games. So, we want to tell you that there is another game that has much fun too. Do you want to try?"

"No. Let us go." Feng Yue directly rejected them.

"Oh, don't want to come. So, we will make you follow us." The men were closing the distance between the two girls.

Yu Qi sighed. "They can not be settled in an easy way. So let's make the hard way."

"Yeah. It has been a long time since I have used it." Feng Yue grinned.

"Okay. Let's settle it quickly." Yu Qi nodded.

With the sentence finished, both of the girls made their moves. The first move was to kick the head. Two men fell on the ground. They had lost their consciousness.

The other men were stunned. They stopped their steps. However, the girls were already in front of them. Feng Yue gave a punch on the face while Yu Qi gave a kick on the legs. Two men groaned in pain.

Only one man just stood up looking at his friends. He was shocked to see this result. He did not expect that the situation would go this way.

"So, how about we have fun with you?" Feng Yue smirked.

Without waiting anymore, the one man ran leaving his friends behind. Feng Yue looked at Yu Qi. After that, they were laughing.

"Ha... ha...ha... That was very funny." Feng Yue said. "I thought that he had some balls to challenge us."

"Yeah." Yu Qi nodded.

"So, what should we do with these men?" Feng Yue turned around.

The two were knocked out while another two groaned in pain.

"Well, they are just knocked out. They will gain their consciousness." Yu Qi checked the two men.

"Then, let's leave them here. We are not so kind as to call the ambulance here." Feng Yue suggested.

"Yeah." Yu Qi nodded.

So, the two girls left the place leaving the four men on the road. They arrived home. Han Chu Xiao was still awake.

"Sister Chu Xiao, has my grandfather already gone to bed?" Yu Qi asked.

"Yeah. About two hours ago." Han Chu Xiao said.

"Okay, then. Sister Chu Xiao, we will go to rest then as well. You shall rest too." Yu Qi told her.

"Okay, Young Miss. Have a nice sleep." Han Chu Xiao nodded.

Yu Qi and Feng Yue went to Yu Qi's room.

"I thought that Sister Chu Xiao has already prepared a room for you. It is beside my room." Yu Qi said.

"Yeah but I want to sleep with you tonight." Without wasting any time, Feng Yue entered the room and went to the bathroom.

Yu Qi chuckled. Her friend did not change at all. Aoi did not follow her just now looked up from the bed.

'Master.' Aoi called.

'You have been sleeping, haven't you? Sorry to disturb you.' Yu Qi patted Aoi's head.

'No, I have been just waiting for you. Do you want to enter the space later?' Aoi asked.

'Probably nope. Yue is here.' Yu Qi said.

'Oh, okay." Aoi nodded.

'You should sleep on your own bed. Yue is sleeping with me.' Yu Qi pointed to Aoi's bed.

'Huh? But I want to sleep with you.' Aoi made a sad face.

'I know but I don't want to get Aoi to sleep uncomfortably.' Yu Qi replied.

'Okay. I will sleep in my own bed.' Aoi nodded. He did not want to make things difficult for his master.

After a while, Feng Yue came out of the bathroom. Turned out, she was taking the shower.

"So refreshing. Yu Qi, you should take a shower too. Our bodies have sweated before." Feng Yue wiped the water.

"Okay." Yu Qi nodded.

About 15 minutes later, Yu Qi came out. Feng Yue already landed on Yu Qi's bed like her own. After putting the pyjama, Yu Qi was laying down.

"Yu Qi, Aoi seems in the bad mood. He does not want me to pat him." Feng Yue said.

"Just leave him. He will probably be okay by tomorrow." Yu Qi said. 'He is in the bad mood because of you.'

### **Chapter 563 - 563: Give Up Her Father**

"Yu Qi, you have already moved to the next stage in your relationship with brother Hui?"

The sudden question made Yu Qi coughed several times.

"Oh, you have. Tell me about it." Feng Yue was excited to hear the story.

"We are the same." How could she just tell the things between her and Long Hui to others? That would be so embarrassing.

Feng Yue laughed. Her friend was flushing red. Something had happened between the two of them.

"Come on. Just tell me a little bit. I want to hear it." Feng Yue begged.

"Nope. I will not tell you. If you want to know, you can ask your Brother Hui about it." Yu Qi suggested while grinning.

"No!!! I will not book my death." Feng Yue quickly rejected the idea. That would be so much scary.

Yu Qi laughed. She knew that Feng Yue would not so brave to go and ask Long Hui about that.

"How about you? Do you have a boyfriend now?" Yu Qi inquiries.

"Nope." Feng Yue answered in one word.

"Oh." Yu Qi thought that she would be able to get herself a boyfriend by now.

"My so-called sister has spread a rumour about me being a sugar baby." It was one of the reasons why Feng Yue did not go back to the main Feng residence.

Her father was so angry with her. He believed Feng Ma Ri's nonsense. Even after Feng Yue explained to her father.

"How did that happen?" Yu Qi asked the details.

"I was meeting with one of the sponsors for my club. We were discussing our club's proposal. Someone snapped the picture of us and put it on the university's forum. The university called me for an explanation. So, I told them the truth. After that, the university gave an explanation to the students about the matter. But Feng Ma Ri told the different version to my father. So, we argued." Feng Yue explained.

"So, here you are?" Yu Qi asked.

"Yes. My grandpa told me to come to Shiwa Town, and stay here for some time." Feng Yue sighed. "I recently thought of myself. Is that man is really my father? Why he does not trust me at all?"

"His mind has already been poisoned by the so-called sister of yours." Yu Qi said.

"Well, I don't care. I think my feelings for him has already emptied. He can think whatever he wants to. I will not argue with him anymore. He can think that he just has only one daughter." Feng Yue gave up.

The feeling of hatred had already been developed so long since she knew that her father had cheated on her mother even before her mother had died.

"Don't worry. You still have Grandpa Feng, Grandpa Long and other people who love you." Yu Qi assured Feng Yue.

"Yeah." Feng Yue said.

...

"Yu Qi, what is your plan for today?" Feng Yue asked.

They were having breakfast after Yu Qi had a long talk with Grandpa Tang about the herbs. They woke up at 6 am. Yu Qi did her morning exercises accompanied by Aoi and Feng Yue.

Yu Qi was surprised that Feng Yue wanted to follow her going for joking. Yu Qi remembered that Feng Yue did not like to exercise. Only just because Long Hui ordered her, she would do it.

Feng Yue told Yu Qi that she started to go for morning jog after she started feeling that her body felt weak.

"I will go to the greenhouse to take a look. It has been a long time since I have visited them. Then I will go to the ryokan. Let's go to the ryokan together. We can get soaked in the hot spring." Yu Qi suggested.

"Really? I want to go." Feng Yue nodded.

"Okay. I will leave after breakfast." Yu Qi said.

After half an hour later, the three of them, Yu Qi, Feng Yue and Aoi got out of the house and walked to the greenhouse's direction first.

"Yu Qi have your greenhouse become bigger?" Feng Yue felt the greenhouse that she visited last time did not look big like this time.

"Yup. I make it bigger since the market demand has increased." Yu Qi nodded.

Su Yu Hi was the one who had suggested to expand the greenhouse to meet the requirement for the Qi Qi's skincare factory since the skincare used 100% herbs from her greenhouse. Since the suggestion was pretty relevant so Yu Qi had agreed.

"I see." Feng Yue nodded.

Yu Qi showed her card to the security guard that controlled the main entrance. When security saw the access card, they opened the door for them to enter. So, they entered. They saw the workers did their jobs earnestly.

Yu Qi went to find Jung Lian at the fruit sections. Feng Yue swallowed her saliva when she saw the fruits which had been there. Yu Qi can see the Jung Lian currently was giving the orders to his underlings.

"Brother Lian." Yu Qi called him after seeing Jung Lian finished giving the orders.

"Miss Yu Qi." Jung Lian came and greeted Yu Qi. "It has been a long time since I meet you."

"I'm a little bit busy. Only now I have time to visit the greenhouse." Yu Qi explained.

"Hahaha. I know." Jung Lian knew his boss was a busy woman.

"How is our greenhouse?" Yu Qi asked.

"It is good. Our sales in the fruits section have increased more than the last year." Jung Lian proudly told his boss.

"Good." Yu Qi nodded.

"You have already seen others?" Jung Lian asked.

"Nope. I have found you first. I also want to see Brother Wen Ding, Sister Bing and Brother Tao later." Yu Qi grinned.

"How is Song Tai? Is he doing well at Wenya City?" Jung Lian asked about Song Tai. He had not seen him since he went to Wenya City.

"He is good. Choosing him is the correct choice." Yu Qi nodded. "If you want to see him, you can take some leave."

"No need. I don't think that I can leave my post to others yet. They need me here." Jung Lian rejected the idea. He really did not think that someone could do his job. Not now. However, he had already set his eyes on a few workers under him.

Feng Yue got bored when seeing Yu Qi talked to Jung Lian. So she walked around. Suddenly she heard someone calling for her. Yu Qi frowned as he looked at Jung Lian.

#### **Chapter 564 - 564: The Boss???**

"Hey, you are not an employee here? Who has allowed you to enter this place?" Someone shouted at Feng Yue. It was a woman.

Feng Yue frowned. She was indeed not an employee here but she should not shout at her like this.

"Come with me. I will report you to someone." The woman wanted to restrain her hand.

Feng Yue stepped back. "Wait a minute."

"You want to run away? Everyone, a thief has entered our greenhouse." The woman shouted loudly.

Yu Qi and Jung Lian were nearby. So, they heard the shout. Yu Qi frowned. The security supposedly could prevent the thief from entering the greenhouse. Both of them went to the source of the scream.

When they arrived there, a lot of people were there. Yu Qi could see that Feng Yue was arguing with a woman.

"Eh, I'm not a thief." Feng Yue said.

"You still want to argue with us?" The woman rolled her eyes.

Aoi barked at the woman. Even though he disliked Feng Yue but Feng Yue was his master's friend. He would never allow someone to hurt his master's friend.

"Oh, you have brought a dog here." The woman wanted to kick Aoi.

Everyone wanted to save Aoi since they knew the dog. It was their boss' dog. However before the leg arrived at Aoi, the woman did not feel her leg. Her leg was numb. She fell on the ground.

"Woof." 'Master.' Aoi looked over and saw his master. He knew that his master made her move with her needle.

Everyone looked at their boss. Yu Qi walked and approached Feng Yue.

"What is just happening here?" Yu Qi asked.

"This woman has accused me of being a thief. I have tried to explain but she does not even want to listen to me." Feng Yue told Yu Qi.

"Who are you? Oh, you must be her friend. An accompanied thief. Everyone, you must catch them." The woman who was still sitting on the ground said, asking for her colleagues to catch the women in front of her.

But no one moved. They were looking at her like she was an idiot.

"Why are you not moving?" The woman asked.

Jung Lian stepped forward. When the woman saw Jung Lian, she was like 'Oh, someone will help me'.

"Mr Jung, catch them." The woman said the same thing to Jung Lian.

"Are you stupid?" Jung Lian looked at the woman.

"What?" The woman was dumbfounded.

"Do you don't know who is she?" Jung Lian pointed to Yu Qi.

The woman looked at Yu Qi. She obviously did not know this woman.

"This is our big boss." Jung Lian said while pointing at Yu Qi. "And this is her friend." He then pointed to Feng Yue.

The woman's jaw dropped. 'Their boss?' She had never seen their boss before since she started working here. She even thought that Song Tao who managed and supervised the greenhouse was the boss. But it turned out that the boss was just a young girl.

"What? Then..." The woman looked at Feng Yue and turned to Yu Qi. "Young Miss, I'm sorry." She began to beg Yu Qi.

"Who has hired her?" Yu Qi asked Jung Lian.

Then someone from the crowd came out. "Miss Yu Qi, I'm sorry. She is my cousin." A young man said and faced Yu Qi. His face showed a wronged expression.

"She should try to ask and confirm the identity of the people she sees. Not shouting like this." Yu Qi said.

"I understand, Young Miss. Please, give me one chance." The woman was asking for a chance.

The man did not say anything anymore. He just stood there and looked down.

"Apologize to my friend and my dog." Yu Qi told the woman.

The woman turned and looked at Feng Yue. "Miss, I'm sorry." She apologized. As for Aoi, she thought that there was no need to apologize to a dog. That was ridiculous.

Yu Qi was waiting for the woman to apologize to Aoi but she did not do it.

"You are fired." Yu Qi did not think anymore. She had already given a chance to the woman but she did not appreciate it.

"What? Young Miss, I have already apologized to this miss. Why have you fired me?" The woman asked. She did not understand.

"I ask you to apologize to her and my dog. However, you have only apologised to her." Yu Qi stated the reason. She did not allow anyone to wrong Aoi.

"Young Miss, I have not done anything to the dog. Anyway, it is just a dog." The woman still did think that she did not do anything wrong to the dog.

"If not because I have stopped you, you may have kicked him badly. And what do you mean by it is just a dog? If it is just an animal, meaning you can kick or do whatever you think you can do?" Yu Qi asked angrily.

Even other people heard that woman's sentence felt angry.

"I..." The woman could not finish her sentence.

"Fire her. I don't want people like her in my greenhouse. If she thinks about the animals like this, what's about the plants? Every plant here needs care from the workers." Yu Qi did not change his mind.

Song Tao, Yin Wen Ding and Lang Bing arrived there. They heard about the noisy atmosphere. The workers in their sections wanted to see the scene but they did not allow the workers to go and watch it.

When the woman saw Song Tao, she dragged herself since she could not move one of her legs. "Mr Song, please give justice to me." She tried to beg Song Tao.

The woman already had another aim after getting the work here. She did not want to work hard. Her aim was to get Song Tao to fall in love with her. After that, she could enjoy the privilege of being his girlfriend because she thought he was the owner of this greenhouse.

She always tried to impress Song Tao by bringing lunch to Song Tao. She always thought her beautiful face could get Song Tao.

"In this greenhouse, the final say is Miss Yu Qi. And this time, Miss Yu Qi is not wrong at all. Everyone has a mindset as you have no place here." Song Tao heard the reason why Yu Qi wanted to fire the woman.

"Mr Song..." The woman felt her world crumbled.

"Fire her." Yu Qi said it again. "Someone, call the security here."

Someone went to call the security. The woman still could not believe this has happened to her today. The security came and took the woman.

"As for you, I am giving you a warning. Don't let that woman come near the greenhouse or in my sight or else, next person to be fired will be you." Yu Qi said while pointing to the man who was the woman's cousin.

"I understand, young miss." He took a breath of relief as he himself was not fired.

Yu Qi sighed. "Okay. Everyone can go and do your own work." Yu Qi ended the topic.

### **Chapter 565 - 565: Promotion Video**

Yu Qi spent some time at the greenhouse looking at the plants and herbs. After that, she accompanied Feng Yue to eat some fresh fruits in the fruits section. Feng Yue praised the sweetness of the strawberry that she ate. It was much better than she ate before this.

The amount that they ate was not big. So, it did not affect production.

After that, they returned home on the lunchtime. Han Chu Xiao had already prepared the lunch for them as well. Grandpa Tang had finished the food quickly and went to his garden to take care of the herbs.

"Yu Qi, I somehow worry about Grandpa Tang." Feng Yue said after Grandpa Tang disappeared from their sight.

"Yue, you should worry about Grandpa Feng as well." Yu Qi reminded.

"I do. I have already talked to him but he does not listen to me." Feng Yue sighed. Before she came here, she already talked to Grandpa Feng about this, but her grandfather did not want to listen to her.

"Same as mine." Yu Qi nodded.

.....

Su Yu Hi called Yu Qi to remind her about the promotion video shooting for Qi Qi skincare two days later. They would be shooting the promotion video at the greenhouse and the waterfall on the Shiwa Town.

The concept of the promotion of video was herbs and nature. At first, the director was troubled to find the location since he did not know such location which was suitable for the concept.

Yu Qi told Su Yu Hi to pass the message, saying that the director could use the greenhouse. The director immediately came to see the location. He agreed to use the location. When he walked around the town, he found the waterfall.

He thought the location was suitable to shoot the promotion video. The location matched the 'nature' concept very well. So, he decided to use the two locations.

Yu Qi asked Su Yu Hi to tell the director that he would not have to worry about the place to stay. Yu Qi planned to ask them to use her mansion since the mansion was still empty. Yu Qi hired the cleaners to clean the mansion once per week.

Yu Qi told Feng Yue about it. Feng Yue was looking forward to seeing how the video of the ads was made. However, she had already returned to Grandpa Feng's house nearby. Grandpa Feng had already finished his out of station business and had returned home as he was worried for his granddaughter.

So, the day where the shooting crews were here came. Fang An, one of Yu Qi's employees came as the guide. He brought the crews to Yu Qi's mansion first to settle down everything before going to the location.

The director, Director Xian, decided to use the greenhouse first to shoot. Yu Qi just gave three days to the crew for shooting the video in the greenhouse. The sections that involved the herbs, the fruits and the flowers.

Yu Qi did not allow the greenhouse to stop its operations. So, Song Tao suggested decreasing the numbers of workers. He told the workers to take the turns to come to work during these three days.

When Director Xian and his crew arrived at the greenhouse, Song Tao was already waiting in front of the greenhouse.

"Mr Song, thank you for allowing us to use this greenhouse." Director Xian shook his hand with Song Tao.

"No need to thank me, Director Xian. It is our boss who has given permission to use this greenhouse." Song Tao indirectly told him that he was just a worker as well.

"Oh, I have thought that you are the boss." Director Xian did not know about it. When he visited this place before, he only met Song Tao.

"Of course, not." Song Tao put a smile on his lips.

"I see." Director Xian did not want to talk much about this as he saw that Song Tao did not want to explain further.

The crew entered the greenhouse, bringing all the equipment to the place the Director Xian told them to go. Song Su Jin came with Xia Mei Lan. Director Xian asked Song Su Jin to change her clothes before putting the makeup.

Meanwhile, the greenhouse's workers came to see the crew.

"I saw Song Su Jin in fresh."

"Yeah. She is beautiful."

"It is my first time seeing a celebrity alive."

"What are they going to shoot here?"

"Don't know."

"Mr.Song have not told us anything."

"We can just wait and see."

The greenhouse workers talked among them.

At the same time, Yu Qi and Feng Yue had also arrived at the greenhouse. They went to the herbs section where the crew was. The crew seemed to be setting up the equipment while waiting for Song Su Jin to get ready.

When the workers saw Yu Qi, they walked away from the location. They did not want their boss to get with them for not doing their jobs.

So, the location that was packed with the onlookers before, began to clean up. The crew was curious about why the onlookers had gone. Usually, the location that usually for shooting the video or films would be surrounded by the onlookers.

"Hey, the onlookers are gone."

"Just do our job. Don't think much about anything. Their boss must have come and told them to do their work."

The crew continued to prepare to shoot the video. Finally, Song Su Jin was ready for shooting the video. Director Xian called Song Su Jin to discuss how he wanted Song Su Jin to act in the video.

"Wow, Song Su Jin looks beautiful." Feng Yue commented. "By the way, why have you chosen her as your spokesperson?"

The two of them watched the video shoot.

"She fit the image that I have for Qi Qi skincare." Yu Qi said.

"Why do you yourself not become one since it is your brand?" Feng Yue had the same thought as Su Yu Hi and Ming Xuehai.

"Don't you know who is my boyfriend?" Yu Qi glanced at Feng Yue.

Feng Yue froze. "Erk, you mean he doesn't like it?"

"Your brother is vinegar producer factory. If I become the spokesperson, who knows how many gallons of vinegar he will produce?" Yu Qi chuckled.

Feng Yue laughed. "That is hilarious. Yu Qi, it is very funny."

"I'm telling the truth." Yu Qi nodded.

"Yeah. I can imagine. Even now he does not want other men looked at his beloved." Feng Yue wiped her tears. She was laughing until the tears came out.

## **Chapter 566 - 566: Offer**

"Okay. Cut." Director Xian shouted. "5 minutes break."

Xiu Mei Lan quickly ran to the Song Su Jin and fan her afraid that Song Su Jin would be hot. The day was not too hot but shooting the video in the greenhouse still felt hot.

Song Su Jin sat on the chair which was prepared for her. The job was not so hard. Shooting in the greenhouse was much better than outside. She looked around and saw Yu Qi who was not far away from her place talking to her friend. She stood up.

"Eh, Su Jin, where do you want to go?" Xiu Mei Lan asked.

"I see Miss Yu Qi. I want to greet her." Song Su Jin said.

"Owh, I see. Let's go together then." Xiu Mei Lan wanted to accompany Song Su Jin.

So, the two of them walked, approaching Yu Qi and Feng Yue. Yu Qi saw them.

"Miss Yu Qi, you are here." Song Su Jin smiled.

"Yeah. How is work?" Yu Qi asked?

"It is okay. Thank you, Miss Yu Qi, for giving me this opportunity." Song Su Jin nodded to Yu Qi.

"You are chosen based on your ability. No need to thank me." Yu Qi shook her head.

Song Su Jin looked at Feng Yue beside Yu Qi. "This is..."

"Oh, my friend, Feng Yue. She is just accompanying me to watch the shooting." Yu Qi introduced Feng Yue to Song Su Jin.

Feng Yue did not seem to show any excitement on her face, seeing the celebrity in front of her. As expected Miss Yu Qi's friend.

"Nice to meet you, Miss Song Su Jin, Miss Xiu Mei Lan." Feng Yue said with graceful tone. She already asked the name of Song Su Jin's manager from Yu Qi before.

"Nice to meet you too, Miss Feng Yue." Song Su Jin smiled.

Xiu Mei Lan only nodded.

Director Xian looked around, searching for Song Su Jin to call her back to work. When he found Song Su Jin, he saw Song Su Jin with two young girls who had an outstanding appearance, especially the right one.

With appearances like that, they could enter the entertainment business. He wanted to know them first. So, he approached them.

Yu Qi and Feng Yue noticed someone had to approach them. They did not think much about it. They thought that it was probably someone who wanted to call Song Su Jin and inform that the work was about to start.

"Su Jin." Director Xian called Song Su Jin.

"Oh, Director Xian. Wait a minute. I will return." Song Su Jin also assumed that Director Xian called her for work.

"No... No... No... Actually, I just want to ask about these two girls." Director Xian directly pointed to Yu Qi and Feng Yue.

"Huh? Us?" Feng Yue pointed at herself.

"Yeah. Are you two new in the entertainment business?" Director Xian smiled. "Do you want to act in this video?"

Yu Qi was speechless. As well as Feng Yue, Song Su Jin and Xiu Mei Lan.

"No, Sir. We are..." Feng Yue wanted to explain but Director Xian cut her words.

"Don't worry. I will not make you act in such a difficult scene. Just stand beside Su Jin. You can gain some experience later." Director Xian offered.

"Sorry to interrupt you, Director Xian. We are not artists. We just want to watch the shooting. We also do not want to disturb your work." Yu Qi said with a smile pasted on her lips.

"Eh, really? I have thought that you are beautiful enough to be someone in the entertainment world." Director Xian asked. He did not give up. "How about you come and try?"

"I'm afraid we can't, Director Xian. We are sorry." Yu Qi bowed a little.

"Oh, I see. It's okay. Here is my card." Director Xian handed out his business card.

Yu Qi did not reject it and took it. "Thank you, Director Xian." She said politely.

"Okay. Su Jin, let's continue." Director Xian looked at Song Su Jin. He walked away.

"Okay." Song Su Jin nodded. She nodded back to Yu Qi and followed Director Xian.

"Yu Qi, have we just got an offer to act in this video?" Feng Yue asked.

"Yeah." Yu Qi nodded.

"Why don't you accept it?" Feng Yue asked again.

"Because I don't want to. You want to?" Yu Qi tilted her head.

"Of course not. I'm not interested to be in the entertainment world." Feng Yue shook her head. She thought about her stepmother and stepsister. They should apply to be an actress since they always liked to act in front of her father.

"But why has he offered us the job?" Yu Qi still did not understand.

Feng Yue looked at Yu Qi. 'She doesn't understand, does she? Usually, she is clever than me but why does she seem so stupid today?'

"What? You seem to insult me in your mind." Yu Qi glared at Feng Yue.

'Argh. She knows.' Feng Yue quickly grinned. "Of course not. Yu Qi, I feel you become more and more like my Brother Hui."

"Oh, shall I punish you then?" Yu Qi glanced icily at Feng Yue.

"Nooo... I don't want. My beautiful Yu Qi, you can't punish your best friend." Feng Yue grinned. "By the way, Yu Qi, Director Xian has offered us since he thinks that we are suitable for the entertainment world. Well, our face."

"I'm for sure, don't have any intention to join the entertainment work. I already busy with my study and business." Yu Qi said.

## Chapter 567 - 567: Should Prepared A Present

"Yu Qi, can you accompany me to a party?" Feng Yue asked Yu Qi before she slept.

"Party?" Yu Qi tilted her head.

"Yeah. My father's birthday party." Feng Yue told her.

"When is the party?" Yu Qi needed to look at her schedule first before agreeing.

"Next Tuesday." Feng Yue said.

Yu Qi quickly checked her schedule. The day before that date, she just needed to check the Qi Qi skincare factory. After that, her schedule was clear.

"Hum... I guess I can go." Yu Qi confirmed.

"Great. We will book the hotel then. I don't want to go to that house." Feng Yue was humming in anger.

Feng Yue did not want to return to that house. It was her house back then, but now it just belonged to shameless women and her cheater father. There was no place for her inside that house.

After her mother's death, her father did not wait long before marrying another woman and brought back a child who was about the same age as her.

He had some nerves by saying that the child was her younger sister. He basically told her that he had cheated on her mother a long time ago.

Starting from that she never stayed for a long time at that house. She began to stay at her maternal grandfather's place. She would rather face her Brother Hui than these shameless women who liked to talk horribly about her to her father. And her father stupidly believed them.

"By the way, stay away from those shameless women." Feng Yue gave a warning. She did not want her best friend to end up into their scheme.

"Don't worry about me. It is you, whom I am worried about." Yu Qi stated her opinion.

"What? Why me?" Feng Yue threw a look at Yu Qi.

"You should calm down when facing your enemy. Don't let them read your mind. It is you who must read them." Yu Qi patted Feng Yue's hand.

"Hehehe... I know." Feng Yue nodded. She had already learnt the trick. Just stay calm, the mind would be clear to show the problem.

That's right. She had already learnt a lot from Yu Qi. Yu Qi was always calm when facing her enemy. Making hard for her enemy to crack her.

....

Grandpa Feng had brought the two girls to the Shixiang City where the Feng Main Residence was. Grandpa Feng wanted to go directly to the Feng Main Residence but Feng Yue had quickly rejected it.

She told the driver to send the two of them to another mansion that belonged to Grandpa Feng. Grandpa Feng wanted to pursue the matter but Feng Yue did not give up. She directly told Grandpa Feng that she did not want to stay overnight at that place.

Grandpa Feng sighed. He could not do anything at all. So, he told his driver to bring them to another mansion. Grandpa Feng bought the mansion in case, the things like this occurred. He did not have to worry much about his granddaughter if she stayed at that mansion since the servants in that mansion were his people. He felt that it was not safe for the two girls to stay at the hotel by themselves even though they had already grown up.

Feng Yue did not argue much when listening to her grandfather when he had asked his driver to bring them to another mansion. Everywhere was better than that place.

"Welcome home, Young Miss and Miss Tang." The servant greeted Feng Yue.

The servants had already been informed by their employer, saying that his granddaughter and another girl, they assumed she was their young miss's friend, would be coming here today.

Feng Yue and Yu Qi had been led to different rooms.

"Young Miss, this is your room. And this is your room, Miss Tang." The servant said.

"Hmm... Thank you. You all don't need to mind us much. Just do your own work. We will handle by ourselves." Feng Yue replied back.

"Yes, Young Miss. You can call us if you need anything. It also applies to you, Miss Tang."

The servants finally left. Feng Yue entered Yu Qi's room.

"Yu Qi, let's sleep together tonight." Feng Yue barged into her room.

"You have your own." Yu Qi pointed to the room in front of her room.

"I know. But I want to sleep with you." Feng Yue pouted.

Aoi who was following them glared angrily at Feng Yue. He wanted to sleep with his master. It had been 4 days since he slept separately from his master. It was not fair.

'We will sleep together, tonight.' Yu Qi talked to Aoi through the telepathy.

'You already promised to sleep with me. Don't break the promise.' Aoi looked at Yu Qi's face.

'I promise.' Yu Qi smiled.

"Have you already prepared the present for your father?" Yu Qi asked.

"Prepare a gift?" Feng Yue asked Yu Qi back. "For what?"

Yu Qi sighed. Her friend did not seem to think further in the future.

"My dear, it is to avoid the problem." Yu Qi said.

"Avoid the problem?" Feng Yue tilted her head to the left. She did not understand.

"The people whom you have referred to as shameless women will attack you using this. You don't bring any present for your father, they will talk about how unfilial piety you are. The people that did not know you, they will be thinking like that. It would give a bad impression of you to others." Yu Qi explained.

"Oh." Feng Yue nodded several times. It was indeed the truth. She had never prepared any present for her father since her mother died. These shameless women will talk to others guest about this behind her back. She had coincidentally heard it.

"Okay. I will gift him a present. Let's go out later." Feng Yue suggested.

"Okay."

### **Chapter 568 - 568: Dare To Insult Granddaughter of Feng Mong**

Feng Yue and Yu Qi prepared to go out after getting some rest. The two of them wore some casual clothes. So, they went to the shopping mall. The shopping mall was packed with people in different ranges of age.

When they arrived there, Feng Yue was still thinking about what she should get for her father. She was not close to her father. So, she did not what to get for her father.

"Yu Qi, what should I get for my father? Can you give me some idea?" Feng Yue sighed.

Yu Qi looked at Feng Yue. "Yue, does your father like to wear a suit when he goes to work?"

"Yes, he likes it." Feng Yue nodded.

"Well then, let's get a pair cufflink and tie clip set. It would be nice to wear with a suit." Yu Qi suggested.

"Oh, yeah. That is a good idea." Feng Yue nodded. She realized that when she looked at her father, her father did wear the cufflink sometimes. "Okay, let's go and find the shop that sells those things."

Feng Yue pulled Yu Qi's hand and walked faster to find the shop. Yu Qi did not like to walk aimlessly. So, when she saw a question counter of the shopping mall, she quickly went to ask the person in charge there.

Not less than one minute, the two girls knew where the shop was. The shop was on the third floor. The shop had only a few people inside. The shop helper welcomed them.

"Welcome to our Black Sheep shop. We have a variety of cufflinks and tie clips for you to see." The shop helper said politely.

"Can you show me some design that a man around 40 years old will like to wear?" Feng Yue asked the shop helper.

"Young girls right now can buy something for her sugar daddy without any shame." A middle aged woman nearby heard Feng Yue and said something like that to her friends.

Yu Qi turned around and threw some cold glares at the middle aged woman. Feng Yue, on the other hand, walked to the middle aged woman.

The middle aged woman stepped back a few step when looking that the girl approaching her with a hostile expression.

"What do you want to do?" The middle aged woman asked.

"You should watch your mouth. The mouth of yours can easily get you in trouble in the that. And who have told you that I am buying for the sugar daddy? I come here to buy a gift for my biological father." Feng Yue said coldly.

Since there were not many people in the shop, the scene had been watched by other customers who were currently choosing their purchases. They also thought that it was a harsh comment from the middle aged woman to the girl. It might ruin the girl's reputation.

Seeing the girl did not dare to do anything to her, the middle aged woman became brave. She said something again. "What? Am I saying the truth? I know that the girls like you are just a s.l.u.t and like to seduce other men."

PANG!!! The middle aged woman fell on the ground. There was some blood flowing out from her mouth. She lifted her face up and looked at the person who had slapped her.

It was not Feng Yue but Yu Qi. Right now, Yu Qi already let her murderous aura came out. The middle aged woman shivered when her eyes looked at Yu Qi's eyes. The stare given by Yu Qi to the middle aged woman was so cold.

"What? Do you want anything to say something more? I'm giving you a chance." Yu Qi crossed her arms and waiting for the middle aged woman to say something.

"No... No... I don't... Have... Anything... to say..." The middle aged woman shook her head while talking and stuttering.

"Yue, is that you?" Another middle aged woman called Feng Yue.

Feng Yue turned and saw someone whom she knew. The woman approached Feng Yue and hugged her.

"It has been a long time since I have seen you. You have become more bashful as your mother have been." The woman hugged Feng Yue.

"Auntie Lu?" Feng Yue called her.

"It is good. You still remember me." The middle aged woman was happy to see Feng Yue had remembered her.

"Hey, it is Madam Fu, Lu Qina. One of the richest wives in Shixing City. The girl knows Madam Fu, meaning they are from the same circle. They seem to have a close relationship. That old woman probably will get in trouble." One of the onlookers recognized the woman who had hugged Feng Yue.

"By the way, what has happened?" Lu Qina glanced to another young girl and the middle woman who was still sitting on the ground.

"Madam Fu, this old woman has insulted this young woman. First, she has said that this young girl has a sugar daddy. For the second time, she has said that this young girl is a s.l.u.t and likes to seduce other men." A person who seemed to know Lu Qina told everything from the start.

Lu Qina looked angrily at the middle aged woman. "What? The granddaughter of the richest businessman, Feng Mong needs a sugar daddy to support her? What a ridiculous thing that I have just heard today."

People heard the sentences were dumbfounded. Feng Mong, the name was very familiar to other people. One of the richest men in Binhai Nation.

The middle woman who was sitting on the ground had a horrible look on her face. She knew who Feng Mong was. Since her husband had always mentioned that name. And now she had just insulted that the granddaughter of Feng Mong by saying that she had a sugar daddy and was a s.l.u.t. A proper heiress like this young girl would not need for a sugar daddy to provide for her. This young girl just needed to ask for everything from her grandfather.

"I want to know who is this idiot. Do a complete background check on her." Lu Qina whispered to her bodyguard.

#### **Chapter 569 - 569: Lu Qina**

"Madam Fu, I'm sorry. I'm sorry." The middle aged woman quickly apologized to Lu Qina.

"It should not be that you should be apologizing to." Lu Qina did not look at the middle aged woman at all.

The middle aged woman crawled to Feng Yue and wanted to grab Feng Yue's legs. However, she did not succeed since Feng Yue had stepped backwards to avoid her.

"Young Miss Feng, I am really sorry about this. If I know you are the granddaughter of Mr Feng Mong, I have not been so dareful to insult you like this." The middle aged woman apologized to Feng Yue. She even cried.

"Oh, you mean if I'm not a granddaughter of my grandfather, you can insult me like this? If standing in front of you here is just a normal girl, you can insult and say the harsh words that can ruin her reputation? Is that what do you mean?" Feng Yue spoke loudly as she was angry with the middle aged woman's words.

Everyone heard what Feng Yue was just saying. The middle aged woman just told them that it was okay to insult others if they did not have a rich and powerful background. They understood the middle aged woman and could not help to feel angry at the middle aged woman.

What if Madam Fu did not come forward and explain to them that the girl was Feng Mong's granddaughter? She must be terrified when facing that kind of insult.

The middle aged woman froze. She was a bit late to understand what Feng Yue meant. After she managed to grab the meaning, she already could hear that everyone was discussing about her.

"Blacklist this woman from this shop. Don't ever let her come to this shop again." Lu Qina ordered the staff of the shop.

"Yes, Madam Fu." The staff nodded.

"What? Even if you are rich, you can not blacklist me like this." The middle aged woman retorted.

"Well, it happens to be one of my shops. I can blacklist you whenever I want to. Hmm... What? Can you do something to me?" Lu Qina boldly stated the reason.

"You... You..." The middle aged woman wanted to say some more but her eyes caught the stare given by another girl who had slapped her. She still could feel the pain inside her mouth.

"Whatever. I don't want to buy anything from here." The middle aged woman stood up and ran away from the shop.

Lu Qina laughed. "What a loser."

"Auntie Lu, it is nice to see you again." Feng Yue smiled.

Auntie Lu or her name, Lu Qina was Feng Yue's mother's friend. They had grown up together. So, the easier word for them was childhood friends.

She had not seen Lu Qina since her mother had died. She did meet her once after the funeral. Lu Qina was saying something to her but she did not even listen to her. She was very sad about her mother's death.

"You have become more like your mother." Lu Qina was happy to see Feng Yue like this.

When she met Feng Yue last time, Feng Yue's state was terrible. She understood that Feng Yue was very sad about her mother's death. Thank goodness, Feng Yue moved forward.

However, what upset her the most was Feng Yue's father. Not long after Feng Yue's mother had died, Feng Yue's father announced that he would marry again with someone who already had a daughter.

At first, she thought the daughter born by the woman was from her first marriage. When she sent people to investigate, she found out that the daughter was born from Feng Yue's father and that woman. And the daughter was having the same age as Feng Yue. Meaning Feng Yue's father had already cheated on Feng Yue's mother a long time before Feng Yue's mother had died.

When she obtained that information, she almost wanted to kill Feng Yue's father. However, her husband had stopped her. Her husband said that she did not have any right to kill that man. She would just end up in jail. The man was not worth of her to ruin her life.

So, she began to attack Feng Yue's father's business. At the same time, someone had already attacked his business making that man lost hundreds of millions of profit. She did not have any idea who was the another person. However, she knew that person also hated that man.

In the end, Feng Mong came to help his son. Since that day, her hate developed for Feng Family. She began to distance herself from Feng Family even though she liked Feng Mong at the beginning.

"And this is..." Lu Qina turned to Yu Qi. She seemed to remember seeing this girl before but could not remember where and when.

"Auntie Lu, this is my friend, Tang Yu Qi. Yu Qi, this is Auntie Lu. You can also call her, Madam Fu." Feng Yue introduced the two of them.

"Nice to meet you, Madam Fu." Yu Qi bowed.

"No need to call me, Madam Fu. You are Yue's friend, you can call me Auntie Lu." Lu Qina thought that this girl was well mannered.

"Auntie Lu, she is not just my friend, but my future cousin in law." Feng Yue smirked while holding Yu Qi's hand.

"Which cousin?" Lu Qina thought about it.

"Auntie Lu, I have acknowledged one cousin only." Feng Yue hinted her.

"What? That boy?" Lu Qina was shocked to hear about it.

Well, Lu Qina also knew Long Hui. From what she knew before that Long Hui hated woman so much. She even suspected that he was gay.

Oh, now she remembered where did she saw Yu Qi before. She was out of the station with her husband at Wenya City. She remembered that she saw someone like Long Hui. However, she thought that Long Hui did not like a woman. He would never let a woman being so close to him. So, she assumed that was not Long Hui.

#### **Chapter 570 - 570: Choosing The Present**

This Yu Qi girl must have something that had made Long Hui be interested in her. Lu Qina nodded several times.

"Uncle Fei Yi must be relieved since that boy, Hui already has his own girl." Lu Qina laughed. "Have you already met Uncle Fei Yi?" She asked Yu Qi.

"I have." Yu Qi nodded.

Lu Qina smiled. She bet that Long Fei Yi must be satisfied with his grandson's choice.

"By the way, what are you doing here?" Lu Qina wanted to know.

"Actually I want to buy a pair of cufflink and tie clip set for my father for his birthday." Feng Yue explained.

"Oh, for him?" Lu Qina did not feel good when mentioning about that bastard. However, she could not show the emotion much since it was his daughter.

"I see. Well, we have some amazing designs for you to choose from. Come here." Lu Qina wanted to show the things.

Both of the girls followed Lu Qina and entered a room. Inside it, there were plenty of cufflinks and tie clips that had beautiful designs.

"You can choose from here." Lu Qina said.

"Okay, Auntie Lu." Feng Yue pulled Yu Qi to see the cufflink and tie clips.

Feng Yue looked at the cufflinks and tie clips that were shown. There was indeed a lot of designs.

"There are many types of cufflinks. The most common types are this one. It is called 'bullets back and toggles closure cufflink.' It is easy for men to wear it." Lu Qina pointed to a pair of cufflinks.

"Besides it, we also have 'button cufflinks'. Small and lighter in weight. It is also the most secure type but requires the most effort to fasten because of immovable parts." Lu Qina brought out another one from its showplace.

"And it is 'chain link cufflinks'. The most traditional and original of all types. 'Ball Return Cufflinks', 'Locking Cufflinks', 'Silk Knot Cufflinks', and 'Fabric Cufflinks'." Lu Qina placed one by one in front of Feng Yue.

"Can you recommend some which are popular among the middle aged man?" Feng Yue requested Lu Qina.

"Of course. Like I have said before, men usually like this kind of types." Lu Qina pointed to the first that she mentioned before. "As for design, I recommend this one, this one or this one. All of them are made of platinum. This one has a ruby attached on it. For this one, it has some letter design on it. And the last one, it is just a simple black cufflink."

Feng Yue looked over. She was thinking about which one to choose. "Hmm... Yu Qi, what do you think?" She asked Yu Qi's opinion.

"If you ask me, I will choose this one." Yu Qi pointed to another cufflink. It had a black stone attached on it and surrounded with others shiny white stones. "Its tie clip is very nice too."

Feng Yue looked at the cufflinks that Yu Qi have mentioned. It was indeed nice. It would look good on the sleeves.

"Auntie Lu, I will choose this one." Feng Yue made her choice. She chose the one that Yu Qi had told her.

"Okay. I will take it out. By the way, do you want to wrap it too?" Lu Qina asked.

"Yes, please." Feng Yue nodded.

Lu Qina nodded and called her staff to wrap nicely the purchase. Feng Yue paid for it. At first, Lu Qina wanted to give her free of charges however she refused.

'A friend is a friend. Business is business.' Feng Yue knew how to separate those two things. It was also the Grandpa Feng had taught her.

They finished purchasing the present. Feng Yue was very satisfied with the present that she had chosen even though it was for her father.

"Auntie Lu, let's go to dinner together." Feng Yue invited Lu Qina.

"I like to join but I have another appointment. With my husband." When Lu Qina said the last words, everyone could see that she was indeed in love with her husband.

"Oh..." Feng Yue nodded.

"He is coming back from his business trip from the US. So, we want to have dinner together." Lu Qina smiled.

She missed her husband so much. It had been about two weeks since she had met him.

Feng Yue and Yu Qi laughed. Looked like the couple having a good relationship.

"We will have dinner together at another time. Here, it is my contact number." Lu Qina gave the business card to Feng Yue.

"Okay, Auntie Lu." Feng Yue reached out the business card.

So, the two of them left the shop. Feng Yue suggested walking around the shopping mall before getting some dinner since the day was so earlier to have dinner.

"Yu Qi, do you already have a dress for tomorrow?" Feng Yue asked. She would not let her friend wore casual clothes for the next day's party. That Feng Mari would insult Yu Qi. She would never let it happen.

"Don't worry. I have prepared one." Yu Qi assured Feng Yue. She had prepared one. Her Auntie Ming Yue and Auntie Su Xiao liked to buy the dresses for her. She thought it was an appropriate time to wear the dress.

"I see. It is okay, then. Otherwise, we can find out here." Feng Yue was relieved when she heard that Yu Qi already had prepared one.

"By the way, Auntie Lu is your mother's friend?" Yu Qi asked.

"Yeah. I heard that she has grown up together with my mother. She has been married to Uncle Fu, Fu Xiang. A businessman in the trade industry. My mother used to tell me about her when she was alive." Feng Yue explained.

"I can see that she loves her husband so much." Yu Qi smiled remembering Lu Qina's face when she mentioned about her husband.

"They indeed have a good relationship." Feng Yue nodded.
