

INTELLIGENT 581

Chapter 581 - 581: Spark

The two of them took a table at one of the street stalls. The owner of the stalls began to take orders from them. Yu Qi wanted to eat some crawfish since the picture which was displayed was so mouth watering. Su Yu Hi also wanted to eat it.

So, to balance the meal, they ordered spicy crawfish boil, two bowls of rice and some stir-fried spinach with garlic.

Then, Yu Qi caught someone whom she knew. So, without hesitation, she called her. She was Song Su Jin. She was alone. Her manager, Xiu Mi Lan was not beside her.

"Miss Song." Yu Qi called Song Su Jin.

Song Su Jin looked over. She thought someone had already recognised her. She walked over and she saw Yu Qi.

"Miss Tang, you are eating here?" Song Su Jin never thought she would meet Yu Qi at the street stall here. Since she came from a rich family.

"Yeah. Are you here to eat as well?" Yu Qi asked.

"Yes. I come here every night if I don't have any job." Song Su Jin answered.

"Well, then, come and sit. We can eat together. By the way, he is the one who will pay for the food." Yu Qi quickly invited Song Su Jin.

"But is it okay?" Song Su Jin felt it was not good to disturb them. She did not want to disturb their date.

Song Su Jin had already thought that Su Yu Hi and Yu Qi were a couple. Since Yu Qi was a student, Su Yu Hi took the responsibility to handle Yu Qi's company.

"Don't worry. Brother Yu Hi will like to be accompanied by two beautiful girls for his dinner. Right, Brother Yu Hi?" Yu Qi smiled at Su Yu Hi.

"Miss Song, don't mind her. Come and have a seat. Sir, we want to add orders." Su Yu Hi called the owner to add the orders.

Song Su Jin took a seat after that. The owner came and took the order. He seemed to know Song Su Jin. From there, Su Yu Hi and Yu Qi knew that Song Su Jin was a repeater customer at the alley.

"By the way, the promotional video has already completed. I have already watched it. The video is very interesting. With it, the brand will surely get new customers." Yu Qi said.

"Really? I have not seen the final video yet." Song Su Jin said.

"Yeah. I have also just received it today. Miss Song looks very beautiful in the video, right, Brother Yu Hi?" Yu Qi pulled Su Yu Hi into their conversation.

"That's right." Su Yu Hi looked at Song Su Jin.

Song Su Jin was startled to hear Su Yu Hi praising her about her beauty. To be honest, she was very uncomfortable while Su Yu Hi was staring at her like that.

Since she was an artist, she was not uncomfortable when people would stare at her like that. But after meeting with Su Yu Hi from day one, something was wrong. Her heart seemed to be attracted to Su Yu Hi.

However, remembering that this man already belonged to someone's else, so she wanted to give up. But...

"Then, how is your boyfriend? I have not seen him for a long time."

Song Su Jin was shocked. The question... It seemed to have come from Su Yu Hi. He was asking Yu Qi about her boyfriend.

"Well, it seems that he has gone to a mission." Yu Qi nodded.

The answer from Yu Qi was indeed surprising Song Su Jin. 'Yu Qi has a boyfriend. And he is not Su Yu Hi?'

"Miss Tang, you already have a boyfriend?" Song Su Jin asked while looking at Yu Qi.

Yu Qi turned to Song Su Jin with a happy face. "Yes. He is a soldier. So, he is not usually around." Yu Qi sighed.

"Oh, I see..." Song Su Jin glanced at Su Yu Hi with her eyes while turning to Su Yu Hi.

She could see that Su Yu Hi did not seem to have affected by Yu Qi's sentence. Meaning Su Yu Hi did not have any affection for Yu Qi.

"How long have you known your boyfriend, Miss Tang?" Song Su Jin was happy to know that Su Yu Hi did not have any feelings for Yu Qi.

"Since I was 16 years old." Yu Qi answered.

"Wow, you have developed a relationship while so young." Song Su Jin was surprised.

"Of course not. We just get together. He has chased me for a long time." Yu Qi was excited to say that.

Song Su Jin laughed. "Well, how about Mr Su? Your girlfriend will not get jealous if she knows that we are eating together?"

"Jealous? No one will get jealous since he does not have a girlfriend." Yu Qi glanced at Su Yu Hi with a smirk.

Su Yu Hi shook his head. 'This girl...' She had begun again.

"Mr Su does not have a girlfriend, does he?" Song Su Jin asked. She was indeed surprised.

Su Yu Hi was a man who had a good looking face. He also seems to be a matured man and had well manner.

"Well, yes." Su Yu Hi was stretching his head.

"I hope that Brother Yu Hi will get a girlfriend." Yu Qi said.

"Don't act like my mother." Su Yu Hi rolled his eyes.

Yu Qi and Song Su Jin laughed. While they were talking, the food had arrived. It was truly a good mood. The food also tasted very good as well as added happiness to them.

Yu Qi peeled off the crawfish skin very skilfully because while she was in the Wang Family, it was her task to peel off all the crawfish skin and at the end, all of the peel-off crawfish would be eaten by the Wang Siblings.

Song Su Jin knew how to peel off the crawfish skin but not as skilful as Yu Qi. Seeing Song Su Jin was struggling to do so, Su Yu hi did his job as a man, and peeled off the skin and placed one that had been peeled off into Song Su Jin's plate. Song Su Jin was surprised at first but then she smiled and thanked Su Yu Hi.

Seeing this, Yu Qi's lips curved up. Something spark. She could see something was sparking.

Song Su Jin ate the peel-off crawfish that been peeled by Su Yu Hi like an expensive dish. It was very delicious. Even though it was just a simple dish but it tasted better compared to the dish in the hotel.

Chapter 582 - 582: Famous

The promotional video about Qi Qi skincare had been shown on many different channels. It got a lot of attention from the people. It had been watched by millions of people.

The internet was exploded with comments about the video.

Skincare lover: I have used this brand since it has launched. It is very very good. Everyone should try it.

My Love is Money: Agree!!! Even though it is a little expensive but the effect is super duper good.

MeowMoew: The places in the video is very good. Can I know where is it?

Dan my darling: Yeah. All the places look very beautiful. The first place seems in the greenhouse or something like that. The second place is at the waterfall and the last one is at the lake.

My Husband Love Me: I know these places. All of them are in my hometown. Shiwa Town.

Dan My darling: Really?

My Husband Love Me: Of course. You can come and visit this place. Oh, we also have a hot spring hotel. It is good for relaxing.

Qian Su: That's right. I have visited the hot spring hotel. It is very good for relaxation. The hot spring somehow has medical effects of it.

There were a lot of comments regarding the skincare brand, the places that were used as the setting in the video and not forgetting about the girl in the video. The skincare brand got a lot of orders from online customers since the online shop began to operate.

Song Su Jin's popularity exploded after the video had played on various channels. Song Su Jin was very happy with this result as well as her manager, Xiu Mi Lan.

Xiu Mi Lan did not expect the video would be so popular like that. The video had gone trending. Not long after that, Xiu Mi Lan received a call from a director. The director called Xiu Mi Lan because he wanted to call Song Su Jin to come for the audition for a third female lead.

Not only one. After that, Xiu Mi Lan received about five calls from different directors offering roles to Song Su Jin. Xiu Mi Lan told them, that she would be looking at their script first.

Song Su Jin was grateful with the result. Song Su Jin called Su Yu Hi to thank him. Where did she get Su Yu Hi's phone number from? Of course, Yu Qi was the one who gave it to her after they had dinner last time.

Yu Qi put the number in Song Su Jin's hand without saying anything. She only gave a meaningful smile. At first, she was embarrassed that her feelings had been known by Yu Qi. She was afraid that Yu Qi might tell Su Yu Hi about her feelings to Su Yu Hi.

After that night, she encouraged herself to message to Su Yu Hi. It began with small talk. Then the next and next night, she casually messaged to Su Yu Hi asking for his day. Su Yu Hi also opened up and replied to her message.

"What are you doing, Su Jin? Who are you texting to?" Xiu Mi Lan asked when she saw Song Su Jin was texting to someone.

"My friend." Song Su Jin did not tell about this to Xiu Mi Lan because she did not want other people to know about this.

"Here. I have some scripts for you to look at. If you like, we can go to all the auditions." Xiu Mi Lan said.

"I will take a look first at the scripts. We can not be greedy for the resources. If I can not bring the roles, it is better to give to someone else that can bring out the character of the roles." Song Su Jin said.

"By the way, I have heard that our company has already changed its owner." Xiu Mi Lan said.

"Change its owner?" Song Su Jin did not know about this.

"Yeah. Someone has acquired our company. However, there are not many changes. Just the new owner says that every resource, we can fight for it. They will not tolerate if someone is using a back door." Xiu Mi Lan said with a smile.

"Really? The boss is very good." Song Su Jin was happy with that.

"Yeah. Meaning everyone can fight for the resource." Xiu Mi Lan nodded.

She and her artist, Song Su Jin had struggled to get some resources since Song Su Jin was not very famous. However, she could be relieved now. The Qi Qi skincare video had exploded on the various channels making Song Su Jin famous.

"Well... Well... Well... Let's look at our new superstar." Someone came and mocked Song Su Jin and Xiu Mi Lan.

Song Su Jin did not say anything. As for Xiu Mi Lan, she only frowned. The one who was mocking Song Su Jin was Yan Rou, an actress who had started her career at the same time with Song Su Ji but became famous first than Song Su Jin.

"Humph! Just one video. Song Su Jin, you can stop dreaming." Yan Rou said again.

"Yeah. She can not be compared with you, Sister Yan Rou." Yan Rou's assistant boot licked Yan Rou.

Seeing Song Su Jin and Xiu Mi Lan did not say anything back, Yan Rou became bored. She walked passing Song Su Jin with an arrogant face. Not only her but her assistant also made the same face.

"I'm pissed off. I just want to punch that face." Xiu Mi Lan said.

Song Su Jin laughed. "Good thing, Sister Mi Lan can endure it."

"How can you not get angry with that?" Xiu Mi Lan asked.

"Well, I can not be angry with someone like her. It is not worth it." Song Su Jin smiled.

Xiu Mi Lan was speechless.

Chapter 583 - 583: Millionaire? Ridiculous!!!

Speaking of Yu Qi's study, she had already entered in the last semester of her study at Starlight University. After that, she would be attending 6 months of internship.

Yu Qi did not have any class anymore. She mostly spent her time in the surgery room to watch and participate in the surgery that her professor led or at the corpse room to practice her skills.

Yu Qi also began to practice her surgery skill in the space with actual surgery. Space provided the doll that had actual human organs as well as its blood veins and everything. With that, Yu Qi's skills had improved so much.

Even her professors were astonished by her improvement. Her professors could tell that their skills seemed to be inferior when comparing to her skills.

Because of that, Yu Qi had been invited by her professors to be their assistant in the surgery theatre. Yu Qi got a lot of experience assisting her professors.

On the weekend, Yu Qi went to the office to settle the necessary documents that needed her attention. Her business had exploded when the promotional video about Qi Qi Skincare was released. Not only the Qi Qi Skincare Brand became famous but her hotel ryokan, as well as her greenhouse, became the attractions for some people.

The visitors came and requested to enter the greenhouse. Seeing this as a potential profit, Yu Qi suggested in the meeting for the greenhouse to be opened to the public.

However, it would be only on the weekend. As also, the number of visitors that can be entered the greenhouse would be limited.

Yu Qi did not want the greenhouse to be packed with the visitors which could give a bad effect to all the plants in the greenhouse. Like someone knocked off the plants to avoid collision with others.

Another suggestion that had been suggested by her employees was a sale. The employees had suggested that they could sell the products in the greenhouse directly to their customers which were the visitors.

The visitors that had experienced themselves by picking the fruits or anything that they wanted to. They also could taste some of the fruits freely and could buy the fruits.

Yu Qi felt it was a good idea. So, she immediately agreed to it. Since Yu Qi could not return to Shiwa Town, Su Yu Hi went to inform the greenhouse about the changes.

After settling the company matters, Yu Qi returned to the university with a tired body. Entering her room, she grabbed Aoi and went into space.

"I want to sleep first. Wake me up after 6 hours okay." Yu Qi reminded her two little cuties.

"Okay, Master." Both of them answered at the same time.

Yu Qi went to her room and climbed onto her bed to sleep. After 6 hours, Bo Ya and Aoi went to their master's room to wake their master up.

"Master... Master... Master..." Bo Ya climbed up his master's bed and placed his small hand on his master's cheek.

Yu Qi struggled to wake up. But she forced herself to wake up. "Thank you, Bo Ya." Yu Qi patted Bo Ya's head.

The boy looked very happy when getting pat from his master. Yu Qi refreshed herself and began her usual morning training. After a nice breakfast, Yu Qi sat in front of her laptop.

Yu Qi opened the files that contained the information from Ling Zhu Yao's phone as well as Wei Hai Jin. There was a lot of information telling that they were the sellers who sold the white powder.

The sales of the white powder were very making them a millionaire. With that money, Ling Zhu Yao could live in the luxury. She began to help her family by upgrading her family's status.

Ling Man, Ling Zhu Yao's grandfather was very happy with this. He also wanted to upgrade his family's status however he did not have many chances to do so. With his granddaughter's help, everything began to change.

Ling Man asked about the money. Ling Zhu Yao made a lie that she was doing some online business by selling something like a t-shirt, mug, and something like that.

Ling Man did not want to ask more about it. What thing that was most important was money. The source of the money was not important at all.

Finally, Ling Man could stand up proudly in front of others. Especially that Tang Jiang Man. He never thought he would feel that he was equal to Tang Jiang Man. He always bootlicked Tang Jiang Man, however, Tang Jiang Man always ignored him.

Ling Man felt that Tang Jiang Man would regret now because he had refused to marry one of his grandsons to his granddaughter. Neither he knew that Tang Jiang Man did not think about that, not even for a moment. That man was busy taking care of his herbs.

Yu Qi felt ridiculous about this when she read this. With that money, Ling Zhu Yao felt good. That money came from where she sold other women to others.

She tricked many women using white powder. Then the woman being sold to a man, at worst sold to men. To make the vic to obey her, she asked the man to record the video. She also made sure the victim was being injected with the white powder.

The white powder was not dangerous if someone had it in the small amount of them. But if they continuously injected the white powder into their bodies, it would lead to the serious case. Especially the internal organs, they might destroy.

Chapter 584 - 584: Moving CCTV

Yu Qi knew if she reported Ling Zhu Yao to the authorities, Ling Zhu Yao would straight go into the jail. However, Yu Qi did not do it. She was not a saint that would help everyone.

She did not want to report to the authorities about Ling Zhu Yao because she was afraid it would warn Wei Zhu Feng that someone knew about this white powder.

She quickly opened another file. It was about Wei Zhu Feng's phone track records. Somehow, Wei Zhu Feng became smart by hiring some expertise to dummy his phone track record.

Yu Qi felt her hacking was somehow inferior to the expertise's skill. She sighed.

"Master, what's wrong?" Bo Ya looked over when hearing that his master sighed.

"I need to practice my hacking skills." Yu Qi sighed again.

Bo Ya took a look at what appeared on the screen laptop. He knew what his master had looked through.

"Master, do you remember the spirit tracker that you have put last time?" Bo Ya asked.

"Yeah. If you have not mentioned to me just now, I have not remembered it probably." Yu Qi clapped her hand once.

"It is time to use it, Master. Come." Bo Ya came down from his seat and walked out.

Yu Qi did not know where Bo Ya wanted to go. She just followed Bo Ya. They went to Mary.

"Master, which floor you want to go?" Mary the computer asked.

Yu Qi looked at Bo Ya asking for his help to answer Mary's question.

"Master, tell her that you want to go to the 'Spirit Room'." Bo Ya told Yu Qi.

"Oh, okay." Yu Qi nodded and turned back to Mary the computer. "Spirit Room."

"Spirit Room. Okay. You can enter the lift now." Right after Mary, the computer finished her sentence, the lift door opened.

Yu Qi entered with Bo Ya. Then the lift door was about to close, she heard that Aoi was shouting.

"Master, Bo Ya, wait for me," Aoi shouted.

Aoi had left Yu Qi's room only for a moment as he had left to the toilet.

Author Note: Don't be surprised. Aoi does go to the toilet to throw his waste. He is a very good dog.

When he returned to his master's room, he noticed that Bo Ya and his master were not in the room. Searching for them using his nose, he found them entering the lift.

He shouted at them to wait for him as he wanted to go together with them. If the lift door had closed, he would not be able to enter the lift anymore because only his master could command Mary, the computer, to use the lift.

Yu Qi heard Aoi's shout and stopped the door from closing. Aoi quickly ran entering the lift.

"Safe," Aoi said.

"Where do you go just now?" Bo Ya asked.

"I just went to the toilet. When I returned, you were not there anymore." Aoi said. Then he looked at his master.

"Master, are you going to surgery theatre?" Lately, his master spent most of her time inside the surgery theatre.

"Nope! We are going to the 'Spirit Room'." Yu Qi answered.

"Spirit Room?" Aoi tilted his head. "What is 'Spirit Room'?" He did not know that.

"You will know soon." Bo Ya smiled.

TING. Looked like they had already reached the floor that they wanted to go. The lift door slowly opened. The three of them came out. Nothing was there except for a door. Yeah. A door that stood up out of nowhere.

Yu Qi was confused to see that door. She also did not see anything else.

"Bo Ya?"

"Master, come." Bo Ya walked towards the door.

Yu Qi and Aoi also followed Bo Ya.

"Master, place your hand on the doorknob and open it." Bo Ya instructed.

Yu Qi followed Bo Ya's instruction. She placed her hand on the doorknob and twisted the doorknob. The door opened. So, Yu Qi stepped into it.

She was greatly surprised when she looked inside. It was something beyond her imagination.

"Bo Ya, this is..." Yu Qi looked at Bo Ya.

"Yes, Master. This is what you think it is." Bo Ya nodded.

Yu Qi looked around. Around her was a world map. And Yu Qi was actually inside the earth to be exactly. She found a small red dot. Somehow, she knew what was that.

"This red dot is supposed that Wei Zhu Feng, right?" Yu Qi asked Bo Ya.

"Master, you have guessed correctly. This is the place from where you can trace the spirit tracker that you have placed on someone." Bo Ya answered. Then he continued, "Master, you can zoom in to see him using your mind. Just thinking that you want to see him."

Yu Qi quickly thought that she wanted to see Wei Zhu Feng. The surroundings changed like the screen that had been zoomed in. And today... Wei Zhu Feng appeared. He was currently sleeping in his house, probably.

"This is amazing. I can know everything that I want to if I place the spirit tracker on someone's body?" Yu Qi inquired.

"Yes. It also records everything from the moment you have placed the spirit tracker on him until now." Bo Ya explained further detail.

"Wow, it is like a moving CCTV. Nice. I can get more details about the white powder using this." Yu Qi was happy with this.

"But, you have known this method for so long, haven't you? Why haven't you told me about it earlier?" Yu Qi asked. Not like she was angry but rather confused.

"It is because Master did not have spirit energy in your body at that time. After spending so much time in the space and practice some ancient martial art, Master's body has developed your spirit energy. Only now, you are able to use this method." Bo Ya quickly explained about it.

Bo Ya wanted to tell his master about this method. But he was afraid that his master would be disappointed since this method only could be used when the presence of spirit energy. At that moment, his master did not develop her spirit energy yet.

"I see. Well, thank you, Bo Ya. You are being so much helpful for me." Yu Qi smiled while patting Bo Ya's head.

"Master, you are being unfair. I also want to be stroked by you." Aoi suddenly interrupted.

Yu Qi laughed. "Alright... Alright... I will stroke you too." So, she patted Aoi's head too.

Aoi was very happy getting the patting from his master.

Chapter 585 - 585: Checking Progress

The Mu Family began to call Yu Qi again. Asking for her medicine. Yu Qi knew that the medicine that she had given them had probably finished by now. Well, she also needed to go to the Fanghai Nation as well.

So, she informed Su Yu Hi and other employees that she would go to Fanghai Nation for a business trip. Her greenhouse at Fanghai Nation was already in the final stage in its completion.

Song Jue Rei had been requested by Su Yu Hi to follow Yu Qi on this business trip. Song Jue Rei was one of the oldest employees who had worked for Yu Qi in the beginning. She was working at Shiwa Town in the beginning before being transferred to Wenya City.

Su Yu Hi told Yu Qi that he had handed out the project in Fanghai Nation to Song Jue Rei already since he had a lot of things in his hands. Yu Qi did not mind since she knew this girl's capability.

So, after finishing her class on Fridays, she packed her bag and headed off to the airport. She also brought Aoi. Usually, she would bring Aoi too by using her space. But now since she did not want others to get suspicious, especially Song Jue Rei who would go with her, she would use the normal procedures that were required in the airlines to bring the pet on board.

"You have brought Aoi too, Miss Yu Qi?" Song Jue Rei looked at the cage that Yu Qi was carrying around.

"Yeah. He does not have anyone to take care of him. So, I need to bring him too. I have already completed the procedure. I will hand him to the person in charge right now." Yu Qi nodded.

She gave Aoi to the person in charge who would handle the process.

"Aoi, be a good boy and behave. We will meet soon." Yu Qi told Aoi.

'Okay, Master.' Aoi barked slowly.

....

After 12 hours in flight, the two of them had arrived at Fanghai Nation. Yu Qi quickly went to get Aoi. Then, they went to the hotel to check-in. Yu Qi told Song Jue Rei that she would take some rest first before they would go to the construction site.

So, Yu Qi and Aoi entered her space and were resting in space since they would get more time to have a good rest in that space. Yu Qi also had time to cook for herself and her two little cuties.

After 6 hours in space, meaning 2 hours in the outside world, Yu Qi and Aoi came out. Seemed that it was a coincidence that Song Jue Rei called her on phone.

Yu Qi told her that they would go soon. Yu Qi immediately got out from her room with Aoi and headed towards Song Jue Rei who was currently waiting for them at the hotel's entrance.

"Miss Yu Qi." Song Jue Rei called Yu Qi.

"Let's go." Yu Qi said.

Since it was a city, so it was very easy for them to find a taxi to go to construction site.

"I already called Mr Su is already at the construction site." Song Jue Rei said.

"Okay." Yu Qi nodded.

Then, after sitting in a taxi for about one hour, they had reached the construction site. Song Jue Rei led the way to go to the temporary office. She had been there a few times so she knew where it was.

It was just one long cabin that was used for the office. Song Jue Rei opened the door and saw a group of men sitting around the large table. It seemed they were expecting Yu Qi and Song Jue Rei to come.

"Miss Song, Yu Qi." Grandpa Su stood up happily.

Yu Qi smiled at Grandpa Su. To her surprise, Su Fan was also in the meeting

"Beauty, long time no see." Su Fan was delighted to see the beautiful face.

"Yeah, I have never expected to see you here." Yu Qi said to Su Fan.

"Don't talk about it. My grandpa has forced me into this." Su Fan frowned.

"That is for your own sake." Yu Qi said.

"That's right. I'm thinking of your future." Grandpa Su glared at his grandson.

Others also stood up and greeted the two women. They knew these two women very much. One was the big boss, one was their leader of the construction project.

In the beginning, they believed that women should not get themselves involved in the construction project like this. But Song Jue Rei proved them wrong. She had beautifully led the team with her charisma.

"Don't be tensed. I just want to check the progress of the construction project." Yu Qi's voice calmed down the men.

"We are ahead of schedule. I assume that we will probably be able to complete the whole project in three months." One of the men said.

Everyone nodded. If there was nothing serious that would happen at the site, the construction team would be able to finish their job in three months. Then the design team would take over.

"Yu Qi, I have already listed down the herbs that we want to grow in the greenhouse. It is according to their benefits." Grandpa Su handed out the long list.

Yu Qi's lips curved up when received the list. She did not want to only glance at the list but read it fully. She was eager to read about the herbs. Probably about 100 different types of herbs.

The men in the room were stunned as they saw Yu Qi's smile. It was a genuine smile. They usually saw Yu Qi whether in her faint smile or non-smile. It was very beautiful plus the perfect face.

"Ok. We will be visiting a few places to see the progress." Song Jue Rei began to talk.

Everyone returned to their senses after hearing Song Jue Rei's voice. They would not believe that they would get mesmerized with their big boss' smile.

Chapter 586 - 586: Putting Spirit Tracker On Her Grandfather

Yu Qi walked along the hall with Aoi while being led by someone. She had another dinner appointment. She had already told Song Jue Rei about that.

Song Jue Rei never minded about it and did not like act like it was the first time she came to Fang Hai Nation. She told Yu Qi that she also would go to meet someone here so, no need to worry about her.

Yu Qi entered the room as the person who was leading her asked her to enter the room. Inside the room, two old men were sitting and talking to each other.

"Grandfather, Grandpa Sang." Yu Qi greeted the two men.

"Oh, you are here. Come and sit." Grandpa Mu waved his hand and asked Yu Qi to sit beside him.

"Woof." Aoi barked to make sure that the two men noticed his presence.

"Oh, this must be Aoi. Come. I will give a feast later." Grandpa Mu said to Aoi.

"Woof," Aoi replied by barking excitedly to Grandpa Mu.

"He is a very clever dog. He seems to understand what we have meant." Grandpa Sang said.

"He is." Yu Qi chuckled.

"How are you, young lady?" Grandpa Mu asked his granddaughter.

"I'm fine, grandfather." Yu Qi nodded.

"You have caught me shocked. Suddenly told me that you are here, in Fanghai Nation." Grandpa Mu was surprised when he got a call from his granddaughter telling him that she was in Fanghai Nation.

Yu Qi grinned. "Well, I have some business here."

"I see." Grandpa Mu did not want to pry much about his granddaughter's matter.

He knew that his granddaughter would know to distinguish right or wrong. However, he knew if only because of his granddaughter's business here, it must be his second son's matter.

What he could see from his granddaughter, Mu Rong Xie, she was recovered. Her wounds had already cleaned, unlike her previous condition. Yu Qi wanted to help her cousin to recover.

"Well, let's eat." Grandpa Sang broke the moment of silence.

"Okay." Yu Qi nodded.

The mood was very good. The food tasted very good too. The happiest living being in the room was Aoi. Grandpa Mu did give him a feast. He ate happily.

At first, Grandpa Mu and Grandpa Sang hesitated to give too much food to Aoi because when they looked at Aoi who was still a small dog. They were afraid later that dog would have a stomachache from eating too much food.

Yu Qi laughed. Aoi did change a little bit. He grew a little bit from his original size when she first time met him.

"This amount of food, Aoi will feel blessed to be surrounded by the food." Yu Qi glanced at Aoi.

Aoi had already ignored the surroundings and ate his food.

'Bo Ya, does spirit tracker can only be applied by the needle?' Yu Qi asked Bo Ya.

'No. You can choose and use other methods as you want.'

'So, what are the other methods?'

'Hugging, touching, and kissing.'

'Oh, I see. Thank you.'

'Your welcome.'

The dinner between three human and one dog ended. Before they were about to leave the room, Yu Qi requested one thing.

"Can I hug you, grandfather?" Yu Qi was very shy to talk and requested this matter.

Grandpa Mu was stunned. "Of course."

Grandpa Mu pulled Yu Qi into his hug. Yu Qi slowly inserted the spirit tracker into Grandpa Mu's body.

"Thank you, Grandfather." Yu Qi enjoyed her grandfather's hug. It felt different from Long Hui's hug though.

...

Yu Qi was being invited to Mu Li Zei's house because Mu Rong Xie had already been discharged from the hospital. However, Mu Li Zei brought some of the doctor and nurses to take care of Mu Rong Xie.

When she stepped into the house, there were a lot of eyes staring at her. However, she did not lose her composure. She walked gracefully approaching them.

"Mr Mu, can we move to another room so that I can check up Miss Mu." Yu Qi told Mu Li Zei.

"Oh, sure. Rong Xie, go to your room right now." Mu Li Zie glared at Mu Rong Xie.

Mu Rong Xie was feeling wronged. She glared at Yu Qi. However, Yu Qi ignored her. So Mu Rong Xie returned to her room.

"Miss Tang, please follow me." Mu Li Zei needed to respect this young girl.

When Yu Qi followed Mu Li Zei, she could feel that someone was staring at her hard. Yu Qi caught her identity back. And to know it, she glared back at them.

The startled one was a woman. She looked very, how to describe it, yeah looked very graceful person. It must be Kang Pian Sue, the second wife of her grandfather.

After being startled for a moment, Kang Pian Sue returned to a normal expression. She felt that the woman who had died a long time ago had returned to the living world. That young woman resembled the dead woman so much making her thought that the dead woman did not die.

"Mother, let's go and look at Rong Xie's condition." Su Yu Qing asked her mother in law to join them.

Yu Qi entered Mu Rong Xie's room. Mu Rong Xie had already laid down on the bed waiting for Yu Qi.

Without saying anything, Yu Qi reached out to Mu Rong Xie's hand to check her condition. The poison was suppressed with the medicine that Yu Qi given before.

"How is my daughter's condition?" Mu Zi Lei asked.

"She is good but as I have told you before, she is not fully recovered." Yu Qi answered.

Chapter 587 - 587: Meeting Kang Pian Sue For The First Time.

"However, she is not fully recovered." Yu Qi continued.

"Have you not said my daughter can fully be recovered?" Su Yu Qing interrupted. It was not like she said before.

Yu Qi glanced once at Su Yu Qing. 'Is this woman stupid or what?' She turned back to Mu Li Zei. "The antidote is not completed yet."

"What? Not completed yet? Then what have you been doing all this time?" Su Yu Qing asked in an angry tone.

"Mrs Mu, do you think I don't have anything else to do? Hmm..." Yu Qi glared sharply at Su Yu Qing. Why was she so stupid? Was she like this in her past life as well?

"You, shut up!" Mu Li Zei gave a reminder to Su Yu Qing.

Su Yu Qing closed her mouth with a resentful look. She did not think that she was wrong. She was just anxious about her daughter's condition. Her daughter had been in this condition for a long time. Her mother's heart was upset.

"Then..." Mu Li Zei wanted to say something.

"Here...." Yu Qi brought out something from her bag.

In Yu Qi's hand, there was a small container, probably contained some kind of cream and a bottle that filled with a yellowish liquid.

"This?" Mu Li Zei asked Yu Qi.

"This medicine, give her a spoon of it twice a day, morning and night." Yu Qi lifted the bottle. Then she lifted the small container that contained the cream. "And this cream, you need to apply it on the area around the wound. Don't apply it on the wound."

Mu Li Zei took the medicine from Yu Qi. In the middle of that, Yu Qi was touching Mu Li Zei's hand. During that time, Yu Qi took an opportunity to put the spirit tracker on Mu Li Zei.

'Done.' Yu Qi smiled in her mind.

"What is the yellowish liquid? Looks so disgusting. I don't want to drink it." Mu Rong Xie protested. That liquid looked somehow suspicious.

"I don't mind. That is your own choice. But to tell you the truth, the maggots may come back." Yu Qi said.

Hearing that, Mu Rong Xie turned pale. The scenes from before played in her mind. She quickly shook her head. "No!!! I don't want that to happen anymore. I will drink it."

"Good. I will leave first." Yu Qi wanted to leave.

"Miss Tang, why don't you have lunch here?" Kang Pian Sue smiled inviting Yu Qi for having lunch together with them.

"Yeah. That's right. I have already called my father too." Mu Li Zei also voiced his opinion.

Yu Qi's eyebrows were rising up. 'What do they want to play?'

"Yeah, Miss Tang. You have helped to cure my sister. It will be rude for us to make you leave just like that since lunchtime is just about at the time." It was the first time that Mu Yian had talked to her for today.

'Seems they really do not want me to leave. Well, I will stay and take a look at what game they want to play with me.' Yu Qi nodded. "Well then, I will stay for lunch."

They returned to the living room. Yu Qi sat on the sofa. The maid came and put glass that contained orange juice in it.

"Miss Tang, you can drink this first. The maids are currently prepared for the meal for lunch." Kang Pian Sue smiled while gesturing Yu Qi to drink the juice.

"Thank you." Yu Qi took the juice. She smelled it in case that these people had put something in the juice. Nothing. She did not smell anything strange in the juice. So, she drunk the juice.

"Miss Tang looks very young. 18 or something?." Kang Pian Sue started the conversation.

"Well, no. I'm already 21 years old." Yu Qi shocked her head slowly. 'This old woman seems wants to investigate something.'

"I bet your parent must be happy having a daughter like you." Kang Pian Sue ignited again.

"Nope. They threw me since I was a baby. Right now, I had been adopted by one family before being adopted by my current family." Yu Qi answered honestly. She knew that Mu Li Zei had already sent people to investigate about this.

"Oh, meaning, you have left another family for your family? Is that because the former has been a poor family and the latter is a rich family?" Mu Yian mocked Yu Qi.

She read the information about Yu Qi. The information telling her that the previous family was poor.

"Do you want to stay in a family that treats you like a slave?" Yu Qi retorted back in a calm tone.

Mu Yian wanted to reply but she could not find any words.

"I see. It is very inhuman of them to treat you like a slave." Kang Pian Sue made a sad look.

"Well, I am already happy since my current family loves me so much." Yu Qi took a sip of juice again.

Kang Pian Sue asked several questions to Yu Qi. It might sound like nonsense questions but when thinking back, it was somehow connected. Kang Pian Sue seemed to doubt Yu Qi's identity.

Kang Pian Sue felt Yu Qi was similar to Dian Yi Yi. The appearance that she had and the look that she gave off were the same. Even here way to talk.

But the information that Mu Li Zei investigated was different. That time did not match. If she was the daughter of that bastard, she should be 23 or 25 years old.

Chapter 588 - 588: What Is Our Next Move?

Kang Pian Sue observed Yu Qi. The girl looked very calm even though she knew that this was not her fortress. This calm made Kang Pian Sue felt that this girl was similar to Dian Yi Yi.

Then Grandpa Mu arrived. He entered the living room. He was startled to see his granddaughter here. He did not know that they would meet here. However, he was only startled for a moment.

"Quang Qi, we are having lunch together with our guest here. I assume you already know her." Kang Pian Sue said with a meaningful tone.

Yu Qi looked at Kang Pian Sue. She immediately understood something. This old woman doubted her identity. 'Last night...' Last night, she sensed some people who had watched them from somewhere but she could not find anyone. They seemed to blend well with people around.

"Of course, I know him, Mr Mu Guang Qi. The chairman of Mu Cooperation. We have also met last night." Yu Qi revealed a faint smile on her lips.

Grandpa Mu did not say anything about it. He would let his granddaughter handle it.

"You have met my grandfather last night? Shameless woman." Mu Rong Xie shouted at Yu Qi.

"Rong Xie, don't say anything nonsense." Mu Li Zei glared at Mu Rong Xie.

"But she wants to seduce grandpa." Mu Rong Xie retorted back.

"Shut up!" Mu Li Zei was angry at Mu Rong Xie. He then turned to Yu Qi. "Miss Tang, hope you don't mind her. She is a muddlehead." Mu Li Zei did not want Mu Rong Xie to offend Yu Qi. His daughter was not yet recovered. Offending this young woman would cut the ways to heal his daughter.

"Yes, Rong Xie. Don't talk anything like that." Su Yu Qing was not that stupid not to understand Mu Li Zei's thought. At this time, she understood his intention very well.

"Miss Mu, I have met with Mr Mu because he was together with Dr Sang. I was meeting with Dr Sang discussing about your condition only." Yu Qi used Grandpa Sang as the shield.

But, of course, the discussion about Mu Rong Xie's condition was true. Grandpa Sang was eager to know about Mu Rong Xie's condition since he had never met this kind of case. Yu Qi told him that Mu Rong Xie was poisoned and the drug that she was taking had made her condition worse.

Actually, Yu Qi already felt weird when meeting her grandfather with Grandpa Sang. Usually, Grandpa Mu would like to meet with her alone. Even the place that they dined yesterday was not Grandpa Mu's style. More like Grandpa Sang's style. However, she did not mention anything yesterday.

Now, everything made sense. The restaurant, Grandpa Sang, and the feeling that she had been watched. Yu Qi looked at her grandfather. He was very sly. But if he was not sly enough, the Mu Cooperation would not exist today as one of the most influential company.

Grandpa Mu watched his granddaughter with a contented look. He knew that his granddaughter would understand his actions from yesterday. She knew how to make use of the situation. He already knew that someone was lurking around him lately.

"Master, the lunch is ready." A maid came to inform that.

"Well, then, let's go. Miss Tang, come." Kang Pian Sue stood up and took Yu Qi's hand pulling her to walk with her.

Yu Qi was stunned. 'This old woman is very sly.'

'Master, put the spirit tracker on her.' Bo Ya suggested.

'Oh, sure.' So, Yu Qi also put the spirit tracker on Kang Pian Sue.

....

"Mother, Father seems very calm." Mu Li Zei said to Kang Pian Sue.

At this moment, they were in Kang Pian Sue's garden. Kang Pian Sue was slowly watering her flowers with a smile pasted on her lips.

"Actually he is quite happy." Kang Pian Sue said.

"Happy?" Mu Li Zei confused. He did not think that his father was happy.

"Seeing a woman with a face that he has loved very much, of course, he is happy." Kang Pian Sue lived with her husband for about 50 years. She could sense that her husband was very happy.

Actually, Kang Pian Sue was not wrong. Grandpa Mu was very happy. But it was not like Kang Pian Sue thought. Grandpa Mu was just happy to see his granddaughter of his beloved son since it was not very easy to see her. His granddaughter was living far away from him. It was not easy for them to meet.

If normal people thought about it, they would think it was an easy matter. They had probably tell Grandpa Mu to go to where his granddaughter lived and meet her there. But in Grandpa Mu's case was not an easy thing to do so. Grandpa Mu's action might endanger his granddaughter.

His granddaughter's identity would get exposed. He could not let such a thing to happen. Even though, he would like people to know that she was his granddaughter.

"Then, mother, what is our next move?" Mu Li Zei asked.

He had already sent people to watch his father's movement. He actually was quite startled when listening to his people reporting that his father was meeting with a lady. When he asked about it, his people showed a picture of a young lady whom he knew. It was Yu Qi.

When he listened to Yu Qi's answer regarding the meeting. Yu Qi was telling that she had met with Grandpa Sang and Grandpa Mu regarding his daughter's condition. He was relieved.

Chapter 589 - 589: Doubting Her Identity

"What do you think about your father and that Tang Girl?" Kang Pian Sue asked her son.

"Honestly, I don't know. But I can assume there is something between them." Mu Li Zei expressed his opinion.

"That's right." Kang Pian Sue also thought that way. "I think she is somehow related to us. She has Mu blood."

"What? It is impossible. She is not... The age does not match at all." Mu Li Zei was shocked when thinking about that possibility.

"Son, remember those things can be tampered. It is not impossible, though." Kang Pian Sue told her son.

"That's right." Mu Li Zei frowned.

His mother was right. Things like that could be modified. If something like that happened, Yu Qi might be his half brother's daughter.

If son or daughter from his half brother appeared, it would affect the will of his father. His father loved his half brother so much that he might be biased and favour his half brother's son or daughter.

"We need to verify her identity. You can start from the orphanage that she had been when she was a baby." Kang Pian Sue told the next move that Mu Li Zei should do. "If you get nothing, you can do a DNA Test between your father and that Tang Girl."

"DNA test? I am not sure if I can get the sample from that girl." Mu Li Zei already felt that Yu Qi was not a simple and normal girl.

However, Kang Pian Sue did not think so. She thought that Yu Qi was just a little bit different than other girls.

"You can just hire someone to get her DNA sample. You can select one of her friends for example. Just some sad stories to get their help." Kang Pian Sue suggested.

"Yeah. You can use this story. Tell them, that she looks like someone from our family. So, you want to check her DNA but you don't want her to know yet."

Mu Li Zei thought for a few second. "I see. I will check the orphanage first but if nothing is useful from that, I will move to a DNA test's plan."

"If there is something, quickly inform me." Kang Pian Sue said.

"Yes, Mother. I will inform you as soon as I get the information." Mu Li Zei nodded.

"Go. I want to spend time here." Kang Pian Sue waved her hand.

It had already become her hobby spending her time in her garden. She already did not care much about her husband. She had already done everything to get into his husband's heart but her husband did not open his heart to accept her love.

After trying so many times, Kang Pian Sue finally gave up. Luckily for her, she got two sons from his husband with a little trick. So, she just cared about her sons.

.....

"Oh, they are doubting my identity." A cold smile appeared on Yu Qi's lips.

These people did not know that there was another person who was watching and listening to their conversation. Yu Qi was currently sitting in the Spirit Room.

Yu Qi decided to go to the Spirit Room after returning to her hotel from Mu Li Zei's house. She could guess that the two mother and son pair would discuss about her matter after she left the house. And Wala... She was right.

The mother and son pair were doubting her relationship with Grandpa Mu. So, they wanted to confirm it whether she had a family relationship with them.

"They want to find the truth. Well, I can decide which truth that I will give to you." Yu Qi smirked.

However, there was something that Yu Qi heard from their conversation and felt confused about it. The two of them said something that made Yu Qi wondered about it.

It was when Mu Li Zei said something, 'The age does not match at all'. What has he meant by that? What age? Match? Mu Li Zei seemed could believe that she is his half-niece. Wait!!! Something is wrong here.' She needed to confirm something.

"Bo Ya, Aoi, I'm going out. I want to confirm something with my grandfather." Yu Qi told Bo Ya and Aoi.

"Okay, Master." All of them walked out leaving the spirit room together.

"Master, let me follow you," Aoi said when Yu Qi was about to exit the space. Aoi was a little bit worried to let his master went out alone since it was her enemy's place even though he knew his master was strong. But he did not want to regret if something happened to his master. Better followed her master.

"Oh, sure." Yu Qi did not think much about it.

So, Yu Qi and Aoi went out to the outside world. Yu Qi gave a call to Grandpa Mu's private number. After waiting for about one minute, Grandpa Mu answered the call.

Grandpa Mu: "Yu Qi?"

Grandpa Mu had already saved her number in case of emergency. So, he knew who was the caller.

"Grandfather, where are you right now?" Yu Qi asked.

Grandpa Mu: "I'm still in the office. Why?"

"Can I meet you tonight? I have something to confirm with you." Yu Qi asked normally. She did not have what she wanted to confirm with Grandpa Mu.

Grandpa Mu: "Okay. Meet me at the previous restaurant. Be careful on the way."

Then, Yu Qi called Song Jue Rei that she would not join for dinner. Song Jue Rei knew that her big boss had another job here.

Chapter 590 - 590: Some Conspiracy Going On Here

Yu Qi went to the previous restaurant that Yu Qi went to meet with Grandpa Mu and Grandpa Sang. Yu Qi was very careful and avoided the suspicious eyes who were spying on her movements.

Yu Qi quickly followed the waiter that led her to the one room. In front of the room, there were two bodyguards that guarded the room. As soon as the bodyguard saw Yu Qi, the bodyguards bowed down.

"Young Miss, come in. Master has been waiting for you." One of the bodyguards said to Yu Qi.

"Your master?" Yu Qi became more alert.

"Yes, Chairman Mu." The bodyguards answered the question.

"Open the door. Let me see him." Even though the bodyguards told her, Yu Qi felt it was safe if she confirmed the truth first.

The bodyguards opened the door. Yu Qi sneaked a peak. Her eyes lifted up as she found her grandfather. She then turned to the bodyguard.

"Sorry for doubting you guys and thank you." Yu Qi bowed a little to the bodyguards.

The bodyguards were stunned as they received an apology from her. They did not expect that this girl would be so polite to them since they were just bodyguards.

"Grandfather." Yu Qi called Grandpa Mu.

The bodyguards were stunned again as they heard the girl called their master. 'Grandfather'

"Is she Master's granddaughter?" One of the bodyguards asked his comrade.

"Master has two granddaughters. But I have never seen this one." His comrade answered.

"She is very polite even though she became alert before she has seen our master."

"Yeah. That's right."

"Well, enough. Let's not talk anymore about her. If Master hears about this, he will be angry."

"Yeah."

In the room, Grandpa Mu looked at his granddaughter. From the tone that his granddaughter used just now, it was urgent.

"What is the matter that you want to talk about?" Grandpa Mu asked.

"When did grandfather realise that my father had gone missing? How much time had passed when you stopped meeting with my father?" Yu Qi got to straight the point.

"Huh?" Grandpa Mu was startled to hear those questions from his granddaughter.

"Grandfather?" Yu Qi tilted her head waiting for a response from Grandpa Mu.

Actually, Grandpa Mu did not want to talk about this. It was his biggest mistake that he made, resulting, he lost his son. If he could reverse the time, he really wanted to do it.

"It had been about 26 years ago. I still remember that your father came home bringing a woman that I assumed she was your mother. She was a beautiful woman. But she did not have any good background that suited your father. When I asked your father about her career, the woman answered that she was a scientist but not working here. I have a bad judgement at that time. I immediately assumed that this woman came to want to have a little fortune of Mu Family's money. I was very angry with your father and that woman, I asked them to get lost. I had not met him and that woman since then." Grandpa Mu answered.

There were some tears on the corner of Grandpa Mu's eyes. He was very sad as he talked about this. It felt he had done something wrong to his late wife, love of his life. He swore to his late wife that he would take care of their son but failed to do so.

"I'm sorry to make you remember that sad memory." Yu Qi placed her hand on Grandpa Mu's hands.

It already got the confirmation from Grandpa Mu. 26 years ago... Something was not quite right. She was just only 22 years old. There were four years of gap when she thought it very thoroughly.

"Have you find them?" Yu Qi asked again.

"I have not. I don't find any reliable clues as well. So, the search was stopped. But if I get some clues about your father whereabouts, I will investigate the clues from where it comes from." Grandpa Mu said. "But now when I have found you, I'm thinking that your father and mother have already left this world."

It was the truth. Before found Yu Qi, Grandpa Mu did not think that his son and that woman had already died. He just assumed that his son was very angry at him because he did not allow his son to get married to the woman that his son wanted to spend his life with.

Until he found his granddaughter and knowing his granddaughter's life story. His granddaughter had lived as an orphan meaning his son and that woman had already died, leaving his granddaughter. Grandpa Mu did not know that Yu Qi had been left in front of the orphanage.

Yu Qi was thinking about something. Grandpa Mu just did not know where his son was. But when she remembered Mu Li Zei talked to his mother like he was 100% sure that his father had already died. And that why they did not expect that she was related to them.

26 years ago... Oh, it was why they said that the age did not match. They knew that her father had already died 26 years ago. They assumed that it was impossible for Yu Qi to be his father's daughter because she was only 22 years old right now. There must be some conspiracy going on here.

"What has happened, Yu Qi? You look pale." Grandpa Mu immediately asked his granddaughter as he realized that she had turned pale.

"No. I'm okay. I just feel tired." Yu Qi did not want her grandfather to know about her discovery. It would be hard to explain to her grandfather since it was involving her space.

Her current concern was her grandfather's safety. What if they had already began to plot against her grandfather?
