Chapter 621 - 621: Settle The Problem For Now

"Dad, we should take this. The government has already asked them to move out until next week." Chang Kang An said to his father.

"But..." Chang Yu Qian felt very sad to leave this place. It was his home. He had stayed at this place for almost 65 years. There was a lot of memories here.

"Grandpa Chang, actually, let me tell you something. But don't let your hope too high. We are suspecting there will be some foul play in this matter." Yu Qi suddenly told them.

"What do you mean about that?" Chang Yu Qian frowned.

"It is your land, right?" Su Yu Hi took over.

"Yes." Chang Yu Qian nodded.

"Supposedly, nobody can take it from you without your consent. Even after being offered some amount of money, you can decide not to accept it. But right now, the government has forced you to accept the money otherwise you will lose everything, right?" Su Yu Hi knew the tactics.

The corrupted people in the government liked to do this tactic to threaten the people that did not have power or did not have any knowledge about this. They must have already investigated about people in this orphanage.

"Yeah." Chang Yu Qian remembered when the people from the government said when they had come to this orphanage.

These people told him that the government wanted this place to be developed. He did not know why the government suddenly took interest in this place now. When he said about that, these people did not give him an answer.

Of course, he did not agree on the spot. He tried to go to the Land Office to ask the matter. But their attitudes were also the same as the people who had come to the orphanage. They were telling him that it was better to accept what had been offered otherwise he would lose everything.

Reluctantly, he had to accept what the government had offered him. However, the government made another difficult thing that they needed to empty the place within one month. Right now, the limit time was approaching.

"There must be someone who has initiated this matter." Su Yu Hi assumed. "Don't worry. We are currently investigating about this matter."

"Then, we don't have to move away?" Chang Yu Qian felt a little bit happy.

"No, you still need to move away." Su Yu Hi broke Chang Yu Qian's hope.

"Why?" Chang Yu Qian asked.

"Usually this matter can not be solved in a short time. Not to mention the opposite side is the government. They are difficult to win over. They will use any method to make you move away. Such as sending people to come and harass the orphanage. That will be dangerous for the children and you." Su Yu Hi needed them to know this.

"They will do that?" Chang Kang An was shocked. He did not expect that.

Chang Yu Qian was also shocked. If that was true, the children would be in danger. He could not let anything bad happen to them.

"We will move away." Chang Yu Qian made the decision.

"Grandpa Chang, don't worry. We will try to protect this place." Yu Qi said to Chang Yu Qian.

"Thank you, Yu Qi, Mr Su." Chang Yu Qian said.

"Then, let's settle this quickly. Grandpa Chang, how many children currently are studying in school? We need to handle their transfer out process." It was necessary to do so.

"3 in high school, 8 in junior high, 5 in primary school." Chang Kang An told the details.

"But 2 in high school will have the exams soon. It will be inconvenient for them to transfer out of the school right now." Shi Yuan interrupted.

"That's right. It will disturb their momentum." Yu Qi knew it was a very hard time for the two children.

"We will rent two rooms for them until they have finished the exam." Yu Qi told them the solution.

"But they will not have anyone to supervise them. I'm worried about letting them live without us." Shi Yuan said. She had already recognised the children in this orphanage as her own children.

"Let's call those two. Ask their opinions. They already can think and decide for themselves." Yu Qi suggested.

Shi Yuan got out and went to call those two children, Kim Ha Yang and Chang Mo Mo. Not long after that, Shi Yuan entered back in the room with Kim Ha Yang and Chang Mo Mo.

"Ha Yang, Mo Mo, the reason we have called you here is we want to ask about your opinions. We have decided to move away for some reason. Since you two will be sitting for an important exam, do you want to stay here or to follow us to the new place?" Chang Yu Qian asked the two children.

"I want to stay."

Both of them said the same sentence at the same time.

"But you will not have anyone to take care of you." Shi Yuan said.

"We have already grown up. We can handle it." Kim Ha Yang assured them.

"Okay. Then, I will rent two rooms for the two of them. I will give some pocket money. You need to handle the money, use them according to your daily needs." Yu Qi said to both of them.

"Thank you, Sister Yu Qi." Kim Ha Yang bowed to Yu Qi.

"Sister Yu Qi, thank you." Chang Mo Mo also thanked Yu Qi.

Yu Qi would never expect that in the future, these two children would be someone who could help her greatly in her business. Well, that would far in the future.

Chapter 622 - 622: She Was Grateful

On the next day, they went to the school to process the transfers of the children. The process was simple but since there were numbers of children who had wanted to transfer out, it took a long time to complete.

On the other side, the children who were big enough, together Shi Yuan helped others by taking the task to pack up the things that they had wanted to bring to the mansion.

The mansion was currently empty. It was better for them to bring all the necessary things to the mansion.

It was the last night for them to stay in this place. After the children went to bed, Chang Yu Qian sat at the bench outside the orphanage. He looked at the sky. He let out the long sigh.

He had been staying at this land for so long. And now he had been forced to move away. Since it was an order of the government, he had to obey.

But after talking to Yu Qi and Su Yu Hi, he thought that the government just wanted to snatch the land from him. If they wanted to take the land, they had just taken it.

Actually, he did not care about that, before Yu Qi did not come to him, he did not have a suitable place for the children, so it became difficult for him to move away. Since Yu Qi already offered the place, he was relieved that he had finally found a suitable place for the children to stay.

"Dad, what are you doing out here? Your body is weak. Come inside." Shi Yuan pulled her father in law into the building.

"Dad, you have stayed outside, haven't you?" Chang Kang An was shocked.

"He was sitting outside on the bench." Shi Yuan told her husband.

"Don't worry too much. It is just a night wind. I will be okay." Chang Yu Qian assured his son and daughter in law.

Shi Yuan disappeared and came back with a warm tea to warm her father in law's body. She placed it in front of Chang Yu Qian.

"Dad, drink this." Shi Yuan said.

Chang Yu Qian took the cup and drank it. "Thank you."

"Dad, what are you doing outside?" Chang Kang An asked.

"I just want to take a look at this place for our the last night. I probably may not come back here." Chang Yu Qian said.

"Dad, you will come back here later." Shi Yuan looked at Chang Yu Qian with a complicated look.

"You know... We were having difficulties in having a child. We had been waiting for about 5 years before we had you. Because your mother liked children so much, she told me that she decided to open an orphanage. She was very happy at that moment, being surrounded by the children. After two months of opening the orphanage, we got the shocking news telling that your mother was pregnant. We were very happy at that moment. Your mother told me that orphanage was her lucky charm." Chang Yu Qian began to recite the past.

Chang Kang An and Shi Yuan looked at each other. It had been a long time since Chang Yu Qian had spoken about his late wife. And also, Chang Kang An felt something. He could not describe his feelings. This was the first time he was listening to this story.

"Bae, I'm sorry that I can not protect this place. I'm sorry." Chang Yu Qian was already immersed in his own world, apologizing to his late wife for his incompetence to protect this place.

"Dad, there is no way that mum will be angry with you. You have told us that the orphanage is her lucky charm. The orphanage still exists. We just move away for a while. We will come back here sooner or later." Shi Yuan comforted her father in law.

"Come, dad, you need to rest. We will have a long journey tomorrow. Better to have an early rest." Shi Yuan guided her father in law to his room.

"Thank you." Chang Kang An said to Shi Yuan before she brought Chang Yu Qian away.

Shi Yuan smiled and nodded.

....

Yu Qi rented a bus to transport the children to their new home. Their things had already transported last night. It must have arrived at the place.

The small children seemed to be excited as they walked into the bus. While the children who were big enough to understand what was going on just stayed silent.

Kang Ha Yang and Chang Mo Mo who would stay in Sun City still followed them. Yu Qi told them to come and follow others to let them know the place. If they wanted to come to the orphanage, they would know which way to go.

Chang Yu Qian took a last look at the orphanage that he was about to leave. He seemed to see his late wife smiling at him while waving her hand to Chang Yu Qian. He then caught her saying something. He understood the word.

'Take care of yourself.' That was what he understood. His tears came out. He nodded several times.

"Dad, are you okay?" Shi Yuan asked.

"Hmm... Let's go." Chang Yu Qian wiped his tear and turned around walking slowly leaving the place.

Yu Qi was also on the bus. Su Yu Hi drove in the back. The small children were singing happily during the journey. Yu Qi's lips curved up listening to the singing. At least, the children were happy.

Even though Yu Qi had stayed at the orphanage while she was still a baby and not for a long time but she was grateful for the orphanage which had brought her inside the building before the rain had fallen. She was saved from death. So, that was why she wanted to help this orphanage.

Chapter 623 - 623: Hang Out With Friends

The orphanage's problem was settled for now. The children seemed to be excited to have a new place. As for Ming Xuehai's side, Su Yu Hi had already received the report about the matter.

In the report, Yu Qi's instinct was right. Someone had pulled the strings. They wanted the land for some reason. As for the reason, Ming Xuehai was still investigating about that.

When Yu Qi read the report, she frowned. Was the government this bad? Yu Qi told Ming Xuehai to be careful while investigating this matter. The opponent was the government. 'Don't let them know about this.'

Since the problem could not be settled, for now, Yu Qi returned to the university. Thankfully, she was in the final year. She did not have classes anymore. Only, her research that she was needed to conduct.

"Yu Qi, let's hang out together tonight." Song Ha Ting said to Yu Qi while eating lunch together.

"Oh, okay." Yu Qi nodded. She did not have anything to do too.

"Really?" Song Ha Ting asked again. It seemed that she did not believe it.

"Eh, why do you ask so?" Yu Qi blinked confusing about it.

So Pang Lim and Mei Lilli laughed.

"You are usually busy all the time. So, it is unbelievable when you agree at this time." Ding Na An explained.

"Oh, sorry." Yu Qi apologized. She realized that she had been busy handling her study and work. She remembered it had been a long time since they handed out together.

"Yeah. Let's go and enjoy the night together." So Pang Lim said happily.

"She is happy because her supervisor praised the submitted report of today." Mei Lilli said.

"You know how Madam Lim is. She rarely praises my report. If she has praised it, meaning my report this time is very good. Even I don't believe it." So Pang Lim laughed.

"It wants to celebrate." Song Ha Ting nodded.

"So, let's go out at 9 p.m. Don't be late." So Pang Lim set the time.

So, that night, the girls went out together. Since Yu Qi had a car, she became their driver for the night. Yu Q asked where they wanted to hang out. So Pang Lim shouted, 'Rose Night Club'.

Yu Qi nodded. Rose Night Club was one of the night clubs in the Wenya City. Even some of the students from their university hang out at the club.

Even though Yu Qi never went to the Rose Night Club, she knew the way. Her office was about 20 minutes from the Rose Night Club. She would pass the club first if she wanted to go to her office.

It was the weekday so most of the shops around just about to close their business for today. Only the shops that sold food were opened right now.

The girls arrived at Rose Night Club. Yu Qi parked the car and went out together with the girls. There were two burly men who were guarding the entrance of the Rose Night Club.

When the girls went to enter, the burly men asked them to bring out the ID Cards. The burly men looked at the card and gave back the card. They stepped aside and opened the door allowing the girls to enter.

"Why are they asking for the ID Card?" Song Ha Ting naively asked that question.

"They look at our age. Minor age people can not enter the premise." So Pang Lim answered.

"Oh, looks like someone knows her stuff." Mei Lilli raised her eyebrows.

"I just know from others." So Pang Lim said while grinning.

When they entered the entrance, there was loud music being played in the night club. Some of the people were dancing on the dance floor, some of them were talking among themselves.

The girls went to an empty table.

"What do you want to drink?" So Pang Lim asked loudly to make sure her friends heard her question.

She reached the menu book at the end of the table. She chose a red c.o.c.ktail. Then she gave the menu book to her friends to choose what they wanted to drink. The girls made their choice.

"So, how do we need to make an order?" Song Ha Ting asked.

"We need to push this button. The waiter will show up." So Pang Lim pointed to one button.

"Hmm... Interesting." Yu Qi said.

So Pang Lim pushed the button. After one minute, a man showed up and took the order of the girls. Yu Qi and Ding Na An made a safe choice by choosing only the cola.

While the three girls, Song Ha Ting, Mei Lilli and So Pang Lim went crazy with their choice. They chose the drink based on their appearances.

Yu Qi knew that the more the beautiful the drink, the more the alcohol content was present in the drink. But since it was for a while and Yu Qi just drunk the cola, it was okay for them to go crazy.

The waiter came and delivered the drinks. They admired the drinks. So Pang Lim chose the red c.o.c.ktail that had mint leaves in it. Its name was Red Pom C.o.c.ktail. Mei Lilli chose the Aviation C.o.c.ktail that had a light purple colour. While Song Ha Ting chose Southern Belle C.o.c.ktail which had a light orange colour and lemon on it.

The girls were admiring the beautiful c.o.c.ktails in front of them.

"It is beautiful. I wonder how they have made this drink to be so beautiful like this." Song Ha Ting was mesmerizing with the drink.

"They have mixed different types of alcohol to create this kind of colour. But I do agree that they are beautiful." Mei Lilli nodded.

"Drink slowly. Don't rush." Yu Qi told them.

Like she had said before, the beautiful the drink was, the more alcohol was present inside it. Drinking them in a fast way would lead them to become drunk earlier than expected.

Chapter 624 - 624: Savage

"Delicious." So Pang Lim shouted.

"Hmm... It is a little bit sweet for me." Mei Lilli commented.

"It is okay for me." Song Ha Ting also tasted her c.o.c.ktail.

"Do you want to have a taste, Yu Qi?" Mei Lilli asked Yu Qi.

Yu Qi shook her head. "No, thank you. I'm a weak drinker." She blushed when thinking about the night with Long Hui.

Her friends could not see her blushing face since it was dark in the night club. It was just sometimes the light flashed. Then the DJ played a song.

"It is my favourite song. I want to dance. Do you want to follow me?" So Pang Lim asked her friends.

"Since we are here, I guess why not." Mei Lilli said.

"I also want to try." Song Ha Ting also wanted to join them.

"I think I will stay here." Yu Qi declined.

"Me too." Ding Na An also felt the same as Yu Qi.

"Okay. You two, let's go dancing." So Pang Lim said to Mei Lilli and Song Ha Ting.

"Are you sure they will be fine?" Ding Na An asked Yu Qi while looking at their friends that just joined the dance floor.

"I think we will be okay. Pang Lim and Lilli will protect Ha Ting." Yu Qi smiled.

In their group, Song Ha Ting was considered as the youngest among them due to her naivety. Sometimes Yu Qi was really wondering how did she survive having such a pure heart like that.

The girls had been dancing for about 20 minutes before leaving the dance stage. They looked satisfied after dancing so much.

"That is really a good exercise." Mei Lilli smiled.

"Yeah." So Pang Lim nodded.

"It is not comparable to morning jogging though." Song Ha Ting grumbled.

"You still do morning jogging?" So Pang Lim asked. She knew that Song Ha Ting did the morning jogging with Yu Qi but she did not expect that Song Ha Ting had still kept with it.

"Now, Ha Ting can jog straight without stopping for 2 hours." Yu Qi commented while patting Song Ha Ting's head like a mother was praising her daughter.

Song Ha Ting showed a proud face.

Mei Lilli and So Pang Lim looked each other and laughed.

"Yeah... Yeah. Ha Ting is very good." So Pang Lim approved that.

"Pang Lim, you have come here before?" Ding Na An asked.

"Well, yeah. I have come once with others. But it was the weekend. This place was a full house, you know." Ding Na An said.

"I want to go to the ladies" Mei Lilli suddenly said. She stood up but her body swayed a little.

Yu Qi knew the effect of the drink was finally kicking inside Mei Lilli. She also stood up.

"I will bring her to the ladies. Na An, take care of them." Yu Qi said to Ding Na An grabbing Mei Lilli's body.

Ding Na An nodded. She understood what Yu Qi meant by that. Ding Na An had learned some martial arts from her soldier sister. She could protect her friends if they faced some danger here.

Yu Qi brought Mei Lilli to the ladies. Mei Lilli did her business while Yu Qi stood outside guarding the entrance. The toilet for the men was just about 10 meter away from the ladies.

There were a lot of the men going to the toilet and ended up looking at the cold beauty outside the ladies. Some of them even tried to flirt with her but they had been replied by a cold glare.

The glare was terrifying for a normal man. But there was always someone who could be considered a foolish enough not to read the sign.

There were two men who walked out of the toilet. They looked at Yu Qi and felt attracted to her. They ignored the cold glare that they had received from Yu Qi.

"Hi, beauty. It is your first time here, right. I have never seen you here before. You must be new here." The man with a little good looking face smiled handsomely at Yu Qi.

Yu Qi did not change her expression. 'Handsome? It is rude to Brother Hui. Only Brother Hui deserved that,' Yu Qi thought.

"Come and have fun with me. You will like it." The man was still trying to use his charm on Yu Qi.

"Read the mood." Yu Qi said one sentence. *nope-lb.1n*

"Oh, your voice is very good. Let's go to my PRIVATE booth. We can sing any songs that you want without limit." The man said.

"Yeah, just don't worry about money." Another man also joined to convince Yu Qi to follow them.

Yu Qi did not respond. Seeing Yu Qi still do not move at all, the two men tried to grab her hand to pull her to follow him.

"I guess you want to get hurt." Yu Qi made her stance.

Grabbing one of the men's hand and gave him a back throw. Then she quickly kicked the other one who was confused. Both of the men grumbled in pain.

"That is why I have told you don't disturb me." Yu Qi looked down at the men.

Mei Lilli got out of the ladies. She was feeling refreshed as she had washed her face just now. She was shocked to see the men laying down in front of the ladies.

"What has just happened here?" Mei Lilli asked.

"Well, just teaching them some moral values. Are you done? Let's go then." Yu Qi casually explained as she explained about the weather.

"Oh, okay." Mei Lilli looked at the men. 'Savage. I wonder how Yu Qi's boyfriend will react to this.'

But Mei Lilli did not know that Long Hui was not a normal man. He had fallen in love with Yu Qi when she had killed someone. So, it was considered a child's play to Long Hui.

Chapter 625 - 625: Owner Of Rose Night Club.

However, the two of them did not manage to arrive at their table. They had been surrounded by a group of men. Yu Qi quickly shielded Mei Lilli behind her.

"Catch that girl for me. I will make her submit to me tonight." The man whom Yu Qi had back thrown shouted angrily.

The onlookers just stood watching what would happen later.

"Run towards others and get out of this place at once. Do you understand?" Yu Qi whispered to Mei Lilli's ear.

"But what about you?" Mei Lilli asked.

"Don't worry. Moreover, you are in the way." Yu Qi said.

It was the truth. Yu Qi could not fight while protecting Mei Lilli. That was why she wanted Mei Lilli to leave first.

"What are you whispering, huh? Get the two bitch. We will play with them." The man said to his friends.

Yu Qi swiftly kicked one of the men and pushed Mei Lilli. Mei Lillie bit her bottom lip. With a complicated look on her face, she ran as Yu Qi had asked her to.

The men quickly wanted to run to get Mei Lilli but Yu Qi would not let them pass.

Yu Qi gave a cold smile. Even the onlookers felt scared about this beautiful girl that casually smiled right here. "I will not let you pass."

The man was scared and irritated with this woman. She should be attracted to him because he knew that he was very handsome. Well that was what he always thought. However, he did not know the girl had another standard for the level of good looking men.

"Catch her. I will give money to you if you can get her." The man said.

The onlookers' eyes flashed greedy when the man finished the sentence. n))OvelBIn

"Well, if you want to pray some visit to King Yama, you may step in. I don't mind sending you off." Her eyes ran over the onlookers.

The onlookers shivered without no reason. Even though Yu Qi still did nothing but they seemed to believe that this woman would do as she had said. This woman must not be crossed. Some of the people stepped back. While some of them just grinned.

"Little girl, you should follow this man. He is a Young Master Han. You can get whatever you want if you satisfy him." The friend of the man was promoting him.

"You want to let me go or not?" Yu Qi ignored the words.

"Catch her." The man who had been called by others as Young Master Han.

"Looks like I will have some work-out tonight." Yu Qi placed her hand on her neck... Crutch... Crutch... It was the sound a person corrected her neck.

"Come." Yu Qi provoked the men to attack her first.

The men indeed felt the provocation. "You bitch."

The men did not even attack her one by one but all of them had gone straight to grab Yu Qi. However, none of them managed to grab her. They had even been kicked one by one.

Yu Qi held back her strength. Even so, the men still felt the pain. The men wanted to attack her once again.

"Stop!!!" It was a loud voice that had stopped every one of them.

Yu Q and others looked at the source of the voice. Standing over there was a tough man with a sharp glare. Everyone seemed to know this man.

"You should not fight in this premise. You know that, do you, Young Master Han?" The man said.

"Yes... I know... Mr Yan." Young Master Han nodded. He knew who he was.

It was Mr Yan. The actual name? He did not know. What he knew was Mr Yan was in charge of this Rose Night Club. But he was not the owner. The owner called himself Mr Black. No one knew how he looked like.

"This woman is under our protection. If anything happens to her, we will deal with the people present here." The sentence made by Mr Yan gained a lot of attention.

Even Yu Qi looked at Mr Yan. And she was sure that she had never met this man. So, it must be the man behind him. But who?

Young Master Han had paled when listening to that statement. 'Mr. Yan's people? Am I messing with Mr Yan's people? No... No... I think I need to apologise.'

"Mr Yan, please forgive me. I do not know that this miss is one of your people." Young Master Han quickly apologized.

"I think you are apologizing to the wrong party." Mr Yan glanced Yu Qi.

Without wasting any time, Young Master Han bowed to Yu Qi. " Miss, I apologize."

Yu Qi sighed. "Forget about it." She waved her hand.

Young Master Han took this opportunity to leave the place.

"Who's the one behind you?" Yu Qi asked Mr Yan.

"Boss wants you to enjoy your night here." Mr Yan said without revealing anything.

Yu Qi frowned. Thinking about him, made her feel that did not want to stay here anymore.

"Thank you for your help." Yu Qi did not forget the man's help. He did not do anything. Just talked.

"Well, It has been my boss' idea." Mr Yan said.

"Ok, I will leave first." Without waiting for the answer, Yu Qi rushed outside the building.

Yu Qi got out from the Rose Night Club. She had time to push her car's key and told Mei Lilli to wait for her in the car.

The girls were waiting anxiously as they looked outside the car. When they saw Yu Qi who had walked out from the night club slowly, they took a big breath of relief as they saw Yu Qi who was walking normally. The girls got out of the car.

"Thank goddess, you are okay." Mei Lilli said after rounding Yu Qi's body.

"You are really okay?" Ding Na An asked because she was afraid Yu Qi had some bruises on her body which were hidden under her clothes.

"Yes, I'm okay. The person in charge of this night club has come forward. He has stopped the fight and made the man to apologize for his actions." Yu Qi explained.

"Person In charge? Is it a man? Is he handsome?" So Pang Lim asked excitedly.

"That is not what you should focus on?" Mei Lilli hit So Pang Lim's head.

"Ouch." So Pang Lim screamed. "That's hurt."

"Anyway, let's go back for now." Ding Na An suggested.

"Hmm..." Yu Qi nodded before throwing some glances to Rose Night Club. She wondered who was the owner who had protected her just now. Well, she would find out it later.

Chapter 626 - 626: Snapped Out

"Well, I think people are looking at us." Mei Lilli looked around when they stepped in the public cafe.

Usually, they could just eat at their faculty's cafe but it was good to change the mood for a while. But when they met up, people began to look at them and kind of whispering something.

"Yeah. I think they are fascinated by our looks." So Pang Lim joked.

Her friends quickly gave a look. A look that clearly meant that they were telling her that she was stupid.

"Tsk, I am just joking, okay." So Pang Lim rebuked her friends.

Song Ha Ting brought out her phone and looked at something. She then called her friends. "Girls, I think this is the reason why we are been looking at. Well, not us. But you, Yu Qi." Song Ha Ting showed something on her phone and pointed her finger to Yu Qi.

"Oh, it has been while then..." So Pang Lim chuckled.

"A while?" Song Ha Ting tilted her head feeling confused with what So Pang Lim had meant by that.

"A news about our Yu Qi here." So Pang Lim pointed out it happily.

"Oh, I think... Yeah. Indeed." Mei Lilli nodded. 'It has been a while indeed.'

"You guys have made Yu Qi a source of your entertainment." Ding Na An sighed.

"So, what is the news?" Yu Qi asked.

"Oh, it is about yesterday night." Song Ha Ting answered. n))OvelBIn

"Oh, let me see." The former who had been discussed was not feeling anything but the latter was interested in the matter.

"What? Yu Qi, you are being called with names." Mei Lilli frowned when reading the news.

Someone wrote about yesterday's incident. About Yu Qi went to the club. There was a picture of Yu Qi attached to the story. The picture where Yu Qi was standing alone outside the ladies and then that she had been approached by two men. The angle of the picture was taken showing like the man kissed Yu Qi.

So, that was how the story was being twisted. Saying Yu Qi went to the club every night, playing with different men. It was a story that had wanted to destroy a person's reputation.

"Hmm... Just don't worry. The news will vanish soon or later. Just let them be." Yu Qi just smiled.

"Yeah. If you don't want to be watched, we can change the place." Ding Na An gave a suggestion.

"No need." Yu Qi shook her head. "If I ran away here now, it will make this news to look more true."

"I see." Song Ha Ting nodded her head.

They boldly went straight into the cafe. Now, the eyes that watched them increased. They also were whispering among them. Some of them did not bother to slow down their voice.

"That is her, right?"

"Yes."

"What do you think if I ask her out?"

"You can try."

"She will be happy."

"What a s.l.u.t."

"She already has a boyfriend, right?"

"Yeah. I wonder how her boyfriend feels if he knows that."

"She may have been dumped."

"If she has been dumped, I want to try to be his girlfriend. He is so f.u.c.k.i.n.g handsome."

Yu Qi stopped her steps. She looked at the girl who had spoken just now.

"What?" The girl instantly felt scared by the look given by Yu Qi.

"Even I may be dumped by him, but he will not look at you." Yu Qi looked at the girl up and down. Clearly looking down at the girl's appearance.

"You..." The girl wanted to say something.

But Yu Qi glared at her like she was a slice of dead meat making her not able to finish her sentence. "Huh?"

The girl was trembling. 'This girl is scary.' Her friends beside the girl pulled her from the place.

Yu Qi was still glaring at the girl.

"It is my first time seeing Yu Qi lose her composure. How refreshing." So Pang Lim was stunned.

Actually, Yu Qi just ignored the talk around her like she was a deaf person. But today, Yu Qi acted differently.

"That's right." Song Ha Ting also agreed with it.

"What do you think why has Yu Qi snapped out?" So Pang Lim asked.

"You hear what the girl has said before Yu Qi has snapped?" Mei Lilli asked.

"Hmm... About Yu Qi's boyfriend has dumped Yu Qi and the girl wants to be his girlfriend?" Song Ha Ting innocently said what she heard.

"See, you know that reason?" Mei Lilli said.

"Eh, I know?" Song Ha Ting still did not understand.

"I got it. She is jealous, right?" So Pang Lim clapped her hand.

"Hmm... I think that is the reason." Ding Na An also nodded.

"Wow, I never know that Yu Qi is so possessive about her boyfriend." So Pang Lim found a new fact about Yu Qi.

"Well, her boyfriend is also so possessive about her." Ding Na An commented. She remembered what Tang Han Lee was talking about Yu Qi's boyfriend.

Yu Qi also lost her appetite. Telling her friends to eat without her. She walked back to her room. She entered the room.

Aoi who was laying down on the bed, stood up when hearing the door had opened. He knew that that his master had come back.

Seeing his master's face, he knew something was going on. His master was usually calm. His master got angry hardly.

"Master, what's wrong?" Aoi climbed on Yu Qi's lap when she sat on the bed.

Yu Qi sighed while thinking about what had happened just now at the cafe. She basically snapped out when she heard that the girl wanted to seduce her Long Hui.

Yeah, she was jealous. She did not even want others to think about her Long Hui like that.

Chapter 627 - 627: Another New Employee

The news about Yu Qi being in the night club seducing men was still hit. Adding to Yu Qi's outburst at a female student, making her hot in the discussion.

Yu Qi obviously ignored the situation like she was not the one on the discussion. However, people had been talking so much even the university management team also started to look for the student.

Then, they found out that she was a medical student. And 4th year A student who had even participated in the international conference this year. Her research had been recognised by other medical organization.

With her performance, it was impossible for the student to behave in an immoral act like seducing the men. The student also had a handsome boyfriend, to begin with.

Other students found out that the university management time had investigated about Yu Qi's matter. They could not wait to see the result.

After some of waiting, the university management team cleared the news about Yu Qi. There was a notice stated that the students should not waste their time on something like this.

They also mentioned the news about Yu Qi. The news was fake. They had also investigated news from the story.

"Humph! She comes from a wealthy family. She must have paid the university to make her looked good outside." One female student said.

"Yeah." Her friends nodded.

However, they never knew that the people that they talking about was just behind her. Even the after the university management had cleared this rumour. Yu Qi glanced at the notice

Yu Qi frowned. She walked to the library and saw Mei Lilli there. Mei Lilli also saw Yu Qi. She came and greeted Yu Qi.

"Yu Qi."

"Hmmm..." Yu Qi replied to the greeting.

"I heard your news on the page is still available. And the views are still increasing." Mei Lilli informed Yu Qi.

Yu Qi thought about it. "Hmm... Looks like someone is playing some tricks behind it."

"Yeah, that is what I am thinking about before." Mei Lilli nodded.

"Well, I will handle it later." Yu Qi smiled.

.....

She leaned on the chair. Her face showed a wicked smile. She had already found out the person who was behind the scene.

"Yi Su Ran... Yi Su Ran... You should have lived your life. You should not bother about others lives."

Yu Qi mumbling alone. Yeah, the person was Yi Su Ran, lackey of Fung Meng Xuan. Of course, the person who had spread the news on the internet was someone else. But under Yi Su Ran's orders.

This person was very careful. He did not use his own equipment for the job. He used the public computer and even used his other account.

Yu Qi grinned. It was time for her to display her skills. Her fingers started to dance around the keyboard. She wanted to find out the person who had posted the picture and the article. And the way they had made the story about it, had amused Yu Qi.

After one-hour of typing the codes, Yu Qi finally found out the person behind it. She grinned. She was sending messages to that person.

Snow: Yo. Nice to meet you.

The person on the other side was surprised as he was doing something on his computer. He should not receive any message on this username. It was a private username. n((o.-V.-e/-l--<--l.-n

Snow: Your skill is amazing.

Shiro: Who are you?

Snow: The one who wants to appreciate your talent.

Shiro: What do you want?

Snow: Do you want a proper work at the same time maintaining your other works?

Shiro frowned. This person knew him very well. But he did not want to surrender yet.

Shiro: Don't disturb me.

Snow: Han Baise. 20 years old. Current address, No. 1289 Baxie Street, Wenya City.

Shiro: You...

Shiro was shocked as he read the sentence. This person knew where he was currently living.

Snow: So, what do you think?

Shiro: What do you want?

Snow: I want to hire you for five years.

Shiro: What job do you want me to do?

Snow: Well, I'm running a business. I want you to be in charge of the IT department. Well, it is the front. I probably will have you to help me with various things.

Yu Qi was waiting for the answer. The person on the other side used such a long time to think about this matter. She did not mind waiting for the answer.

Shiro: Okay. I accept it. Can I ask you a question?

Snow: Sure.

Shiro: I think you are more powerful than me. Why do you need me?

Snow: Well, I'm kind of busy. I can not handle it by myself. That is why I want to hire you. Is my answer fine?

Shiro:... Okay.

Snow: First, you can come to my office tomorrow.

Shiro: The address?

Snow: No. 485, Erha Street, Wenya City.

Shiro: Your office in Wenya City too?

Snow: Yeah. You can come at 2 pm. Sharp. I hate latecomers.

Shiro: Okay.

Yu Qi leaned on the chair feeling satisfied with the result. Hiring someone who had skill would be able to help with developing her company.

"Master, has something happened?" Aoi looked at his master noticing her smile on her lips.

"Hmm, why?" Yu Qi asked.

"You look so happy right now.

"I have found another employee for my company. His computer skill is very good." Yu Qi told Aoi everything.

"Oh, good for you, Master." Aoi felt happy for his master.

"Let's enter the space. I will cook something for the two of you." Yu Qi mentioned cooking.

Aoi from laying down position quickly stood up. "Yes, Master. Let's go."

Chapter 628 - 628: Meeting With The New Employee

After submitting her progress report to her professor, Yu Qi went to her office. Today, the new employee would come to sign the contract.

Yesterday Yu Qi had already asked Ming Xuehai to prepare the contract for Han Baise. Ming Xuehai had already submitted the drafted of the contract in the morning for Yu Qi to read first. If Yu Qi was satisfied with the draft, he would print it out.

After reading the draft, Yu Qi nodded.

"Can you add one more clause in it?" Yu Qi asked.

"What is it?" Ming Xuehai asked.

"The party A should help Party B with odd works." Yu Qi said as her eyes flashed a mischievous glance.

"Odd works?" Ming Xuehai could not understand.

"Its okay. He will understand it." Yu Qi smiled.

Ming Xuehai just followed Yu Qi. He knew it would be mean something. It must be in her plan.

Yu Qi reviewed the report given by the factory. Suddenly the excited scream could be heard in front of the office entrance. Yu Qi ignored the noise and returned her sight back to the report.

"Kya~~~. He is so cute."

"What is he doing here?"

"He is coming here..."

It was a man with a cute appearance. Well, it was a 'shota'.

"Miss, I have an appointment with your boss. Can you inform your boss?" The 'shota' asked.

"Owh, sure. Wait a minute." The girl nodded. She picked up the telephone and called Yu Qi.

After getting the answer, she hang up the telephone. "Mister, you can follow me to the meeting room." The girl said to the 'shota'.

The 'shota' nodded and followed the ladies. The girls behind him still said something like...

"He is very cute."

"Hmm..."

"What is he doing here, then?"

"He is probably a new employee."

"If that is the case, we will have another man to look at."

"Hahaha... An appetizer is Mr. Ming, the main course is Mr. Su, the dessert is him. And we can have a complete dinner."

The 'shota' shivered when he heard about the conversation. He already knew what he needed to do after getting the job here.

Later, he sat on the chair as the girl who had guided him here left the room after serving him a cup of tea. She asked him to wait here. Their boss would come later.

Before coming here, he had already investigated about this property. It was registered under Qi Qi Skincare Office. It was lead by a man named Su Yu Hi. The person from yesterday was probably him.

The meeting room door had been opened by someone. A woman and a man entered the room. The man held a file. He moved his sight to the girl. He was shocked. He recognized the girl.

It was the girl on whom he had written an article about. When he had accepted the job from the website, he had just thought it was an easy job. Just making a post regarding the picture taken. He had already edited the picture to make it look like the girl was being kissed by the man.

"Thank you for coming." The girl smiled.

He came out from his thoughts.

"You look better in real instead of your ID Card." The girl just casually commented.

The 'shota' frowned. His ID Card? He had never showed it to anyone. 'Why does this woman know about it?'

"Well, it is nice to meet you again, Shiro." Yu Qi smiled.

The 'shota' was shocked as his eyes opened wide looking at the girl in front of him.

"You... You..." He was very shocked until he could not manage to talk properly.

"Oh, I have forgotten. It is not a good thing to call you by that name. Well, let me start again. Mr Han Baise, nice to meet you." Yu Qi forgot that Shiro was his username.

With that, the 'shota' or his full name, Han Baise understood that it was definitely this girl who had chatted with him yesterday.

"As I have mention that day, I want to hire you as our IT person." Yu Qi began to talk about the main business here.

"IT person?" Han Baise asked.

"We have multiple businesses under us. So, I want to create some kind of system to monitor the businesses." Yu Qi explained.

"Oh, I see." Han Baise nodded.

"Here." Yu Qi placed the contract in front of him. "This is the employee contract. You can read it first before signing the contract. You can ask to add the terms. If I think the terms are good to add, I will add them."

Yu Qi leaned over to the sofa. Han Baise took the contract that read it. He read one by one word on the contract.

"This clause, what do you mean by it?" Han Baise pointed to the clause that Yu Qi had asked Ming Xuehai to add.

"For this clause, I need you to follow my order even though it not related to this business." Yu Qi grinned.

Seeing the grin, Han Baise had already imagined the worst.

"Don't worry. I will not use you to kill innocent people." Yu Qi still grinned.

Han Baise felt relieved hearing it.

Well, Yu Qi had already highlighted innocent people in her speech. Meaning she might kill her enemies. She did not care whether Han Baise noticed it or not.

Han Baise continued to read again. 10 minutes later, he finished reading the contract.

"I don't have any problem with the contract. But I just want to add one thing." Han Baise said.

"What is that?" Yu Qi asked.

"I want to work in my own place. Not in this office." Han Baise stated his term.

"Oh, okay." Yu Qi immediately agreed.

Han Baise seemed to be surprised when Yu Qi immediately agreed with his term.

"What?" Yu Qi asked when she saw the surprising and confusing look on Han Baise.

"I have thought that you will argue with that." Han Baise did not expect that she was an easy person.

"Well, if it will help you to do better in your job, why not? And I also don't stay here all the time." Yu Qi thought if you can give 100% even you stayed at home, it was okay then."

Yu Qi knew that due to his job, it would be better for him to stay at home. And seeing the reaction of her female employees just right now, it was also good for him to work from home. Otherwise, he might be eaten by them.

Yu Qi asked Ming Xuehai to go and draft the new contract. Meanwhile, Yu Qi stayed with Han Baise.

Han Baise looked at the girl. She seemed at to be the same age as him. She sensed that Han Baise seemed to have something to ask her.

Chapter 629 - 629: Devil's Voice

"What?" Yu Qi asked.

"You are the girl in that article. You are more skilful than me. Why don't you take down the article? It is an easy job for you." Han Baise stated his confusion.

"Well, I'm lazy. Then, I have noticed something. The article seemed to be trending. I think it is interesting. So, I have investigated it and found out you are behind it and the culprit is that Yi Su Ran." Yu Qi explained.

Han Baise nodded. He managed to make the article trend for one week.

"By the way, you are from that Han Family, right?" Yu Qi suddenly asked.

Hearing the question, Han Baise's face turned cold. "No." He denied it.

Yu Qi could see the resentment from his voice. He probably hates that family so much.

"Do you want revenge?" Yu Qi's voice currently felt like a devil's voice that whispering to Han Baise's ears.

"Of course." Han Baise gritted his teeth.

Yu Qi already investigated about Han Baise's origin. He was from the Han Family. The same Han Family as the man that was called as Young Master Han. The man that disturbed her in the Rose Night Club.

Han Baise was a legitimate son for the Han Family. His father married into the Han Family. After Head of the Han Family died, his father became the head. Starting from that, he began to drop his act toward Han Baise's mother.

He boldly brought his mistress and his illegitimate son to Han House. The mistress and the illegitimate son bullied the wife and the legitimate son. Han Baise's father just let it happened without doing something. Forced the wife to her death.

After that, he got married to the mistress. The mistress became the wife and the illegitimate son became a legitimate son.

Han Baise at that time was already 10 years old. He already could understand what was going on. He faced the bullies for about 5 years before he ran away from the house.

Ming Xuehai returned with the new draft in his hand. Yu Qi handed over to Han Baise to read it once again. Han Baise read it again and noticed the term that he had wanted to already be added in the contract.

Seeing the contract no longer had any problem, Han Baise signed the contract.

"Let me ask you something." Yu Qi looked straight to Han Baise.

"What is it?" Han Baise became nervous as he saw Yu Qi suddenly became serious.

"Do you want your family business in your hand?" Yu Qi asked in a serious tone.

"No, I rather want it to be destroyed. It will be nice to see their face when it will get destroyed." Han Baise said with full of resentment.

Yu Qi thought Han Baise would say he wanted it. She would make it happen if he wanted to. She never expected that he rather wanted to destroy it.

"Well, it will be happening then. You can consider it as your welcome gift." Yu Qi chuckled.

.....

Yu Qi sat in the flight going to FangHai Nation. She almost forgot about that matter. However, it was good enough to remember it.

Well, it was good for her. That Mu Yian had planned something to get her sample for a DNA test.

Yu Qi would like to play with her. 'I will play with you.'

After the flight touched down, Yu Qi straight went to Mu Li Zei's house. She did not want to waste any time. She was welcomed by Su Yu Qing.

"Miss Tang, welcome." Su Yu Qing's attitude became good toward Yu Qi as Yu Qi began to treat Mu Rong Xie.

"Hello." Yu Qi just nodded politely. "Let's go to see Miss Mu first."

"Oh, okay. Let me lead the way." Su Yu Qing also wanted Yu Qi to treat her daughter.

Su Yu Qing brought Yu Qi to Mu Rong Xie's room. Mu Rong Xie just sat while looking at her laptop on her bed. She looked up and saw her mother and Yu Qi.

"What are you doing here?" Mu Rong Xie glared at Yu Qi.

"To treat you, of course." Yu Qi brought out her equipment from her bag. "Lay down, please."

Su Yu Qing quickly took the laptop from Mu Rong Xie and asked Mu Rong Xie to lay down. Since her mother was here, Mu Rong Xie did not throw tantrum like always.

Yu Qi did not care about Mu Rong Xie's attitude. As long her work here was finished, she would leave.

When Yu Qi was treating Mu Rong Xie, Mu Yian and Mu Li Zei arrived. They wore a smile on their faces as they saw Yu Qi was here. Yu Qi threw a glance at both of them before returning her sight on Mu Rong Xie and treated Mu Rong Xie.

Mu Yian and Mu Li Zei took at each other. They were slightly nodding to confirm their plan. Mu Kuang He just came back from his university and asked the house helper where his mother was. The house helper told him that his mother was in his second sister's room.

Mu Kuang He went to take a look at Mu Rong Xie's room. He was surprised to see his first sister, Mu Yian and his father, Mu Li Zei in Mu Rong Xie's room as well. Then he saw someone else in the room. Someone whom he did not recognize.

He was stunned as he saw that person. It was the most beautiful girl he had ever seen before. The girl put her hair behind her ear before looking at him. When her eyes laid on him, he felt his heart wanted to explode.

Chapter 630 - 630: Watching the Show.

Yu Qi noticed that someone else had entered the room. So, she looked up and saw that a man had just entered the room. He seemed to look straight at her. She also noticed the similarity between this man and Mu Li Zei.

'Oh, he is the only son of Mu Li Zei. What is his name...? Oh, I remember. Mu Kuang He.'

Yu Qi finished treating Mu Rong Xie. She started to pack her equipment.

"This is the new medicine. This bottle, take two pills twice a day. As for this bottle, apply the contents on the wounds." Yu Qi placed the two bottles on the side table. One was green and one was blue.

"What? Another medicine? I don't want to take anymore." Mu Rong Xie was whining.

"I don't mind if you want to stay inside forever." Yu Qi told her.

Mu Rong Xie still did not learn her lesson. She then shut up her mouth and glared to Yu Qi angrily. Even though Yu Qi was the one who treated her, she was not grateful to Yu Qi.

Mu Yian stepped toward Yu Qi. "Miss Tang, will you like to have lunch with us?"

Yu Qi did not answer yet and stared at Mu Yian deeply. Seeing Yu Qi staring at her hardly, Mu Yian could not help but swallowed her own saliva.

"That's right, Miss Tang. We have already prepared it." Su Yu Qing went to support Mu Yian.

Mu Yian was relieved. Her mother was helping them even though she was ignorant about their plan.

Yu Qi was silent for a few whiles before answering them. "I will. Thank you."

Mu Kuang He was still staring at Yu Qi. He wanted to know this woman. He approached his first sister, Mu Yian.

"First Sister, who is that?" Mu Kuang He asked.

"She is a doctor who is treating Second Sister, Miss Tang Yu Qi." Mu Yian explained.

"Oh..." Mu Kuang He nodded several times. 'Tang Yu Qi...' It was a beautiful name.

They went to the dining room. Then a servant came and whispered something to Mu Li Zei's ear.

Yu Qi quickly enhanced her hearing to hear what the servant had said to Mu Li Zei.

"Master, Master Zi Lin has arrived with his wife and his daughter. Shall I receive them?" The servant asked Mu Li Zei's order. n./0veIbIn

"What does he want?" Mu Li Zei asked.

"Master Zi Lin has not told me, Master." The servant said.

Mu Li Zei frowned. Then, he could hear his brother's voice.

"Brother, you have a guest?" Mu Zi Lin greeted his brother.

Mu Li Zei threw a sharp glare to Mu Zi Lin. Mu Zi Lin noticed the glare but he just directly ignored him. Mu Li Zei's wife, Jiang Na Na and his daughter, Mu Man Su followed behind him.

"What are you doing here?" Su Yu Qing asked in an angry tone. She never liked her brother in law and his family.

"Sister Yu Qing, we just want to visit Rong Xie. We have heard an amazing doctor is treating her and she has begun to recover. So, here we are." Jiang Na Na smiled.

Yu Qi just leaned over and watched the show. In her past life, the relationship between her second and third uncles was not this good. In reality, they would like to pretend that they were so close but they were fighting among each other.

Both of them wanted to lead the Mu Group. They fought with everything that they got. That was what Mu Zi Lin did including sacrificing his own daughter.

Yu Qi took a look at Mu Man Su. The girl still did not talk much with others. She was just silently taking and obeying her father's order without a single protest. That was why she had been ended up given away to an old man whom Mu Zi Lin wanted to bribe.

The most disgusting person was Jiang Na Na at that time. She was willing to give her daughter to the old man to maintain her lifestyle. Even though she did not like Su Yu Qing, but she could admit that Su Yu Qing was a loving mother to her children not like Jiang Na Na.

Jiang Na Na swiped her sight to a beautiful young girl that she met before at the hospital. She did not have anything against this young girl but she did not like to see her face.

As for Mu Zi Lin, he also looked at Yu Qi. 'This young girl is very similar to the father's first wife.' But seriously this young girl was indeed an attracting girl. The l.u.s.t arosed in his eyes.

Sensing the look from Mu Zi Lin, Yu Qi threw a chilly look to Mu Zi Lin. Mu Zi Lin immediately stepped back when receiving the stare from Yu Qi. Then he coughed to hide his embarrassment.

"Since you are here, Second Uncle, Second Auntie, Man Su, you can join us. Coincidentally, we have cooked a lot of food today." Mu Yian smiled.

"Thank you, Yian-er. You are so nice to us." Jiang Na Na said with a smile.

Su Yu Qing looked at the shameless family that had just come and intruded in her home. Ignoring that, Su Yu Qing paid attention to Yu Qi.

"Miss Tang, forgive us. This is my brother in law's family. Hope you don't mind if they join us." Su Yu Qing put the words nicely to Yu Qi.

"I don't mind. This is your house. It is your freedom to invite people into your house." Yu Qi put a faint smile.
