Chapter 631 - 631: Guard Herself

The food was served. Yu Qi was just eating a piece few of the food before stopping. Su Yu Qing noticed it.

"Miss Tang, the food does not suit your taste?" Su Yu Qing asked.

"Well, I just do not have an appetite. Sorry about it." Yu Qi said.

However, Jiang Na Na interrupted the conversation. "Maybe it is the first time Miss Tang is eating such rich food." What Jiang Na Na meant Yu Qi was from a poor family and could not eat such rich food like this.

The mood of the dining room suddenly became gloomy.

"Brother in law, you should make sure that your wife washes her mouth." Su Yu Qing glared to Jiang Na Na. However, Jiang Na Na just made an ignorant face while continuing to eat the food.

"Sister in law, my wife is probably saying the truth." Mu Zi Lin smirked.

Mu Yian and Mu Li Zei were just silent. They just thought Mu Zi Lin was a fool. Even though Yu Qi was adopted in the Tang Family, she was their beloved princess in the family. She probably had tasted some of the luxury food.

Yu Qi ignored others as she took some tissue to wipe the spoon that she had used.

"Eh, Miss Tang, why are you wiping the spoon?" Mu Yian asked.

"It is my habit. Please don't mind me." Yu Qi continued wiping the spoon and the cup that she used.

Mu Yian and Mu Li Zei frowned. They thought it would be easy to get the sample for the DNA test. They did not expect it would be hard to get some sample from Yu Qi.

However, Mu Yian did not give up. She had some tricks, to begin with. 'If plan A does not work, go to plan B.' Mu Yian signalled her maid to work on the plan.

A maid came out brought out the soup. She casually glanced to Mu Yian. Seeing Mu Yian making the signal, she nodded.

"Miss Tang, we make some sweet bean soup. You can have some taste of it. Who knows if you like that soup?" Mu Yian said.

When Mu Yian finished the sentence, the maid stumbled and was about to fall, the soup was sent on the air. The direction of falling was on Yu Qi's head.

Yu Qi quickly dodged and the soup was falling directly on the chair that Yu Qi previously sat. Even though she managed to dodge, the soup managed to stain her clothes.

"What are you doing?" Su Yu Qing shouted angrily to the maid.

"Madam, forgive me. Someone has kicked my legs." When the maid said that, she glanced at Yu Qi with a wronged face.

"What do you mean by throwing that wronged face to me? Does that mean you telling that I kicked your legs?" Yu Qi said with a faint smile to the maid.

"But..." The maid still wanted to act. She began to imagine that Miss Mu Yian would give some reward to her by framing this young girl.

"It is laughable. I don't know you. And you don't know me. Why will I want to kick your legs?" Yu Qi laughed.

The maid did not have anything to say. Yu Qi wanted to attack the maid again.

"Not like you are very beautiful that I must be jealous of you." Yu Qi put an arrogant face.

Mu Kuang He burst to laugh. Her sentence was totally right.

"You..." The maid was very embarrassed when the girl has said something like that.

"Nanny Su, come here. Take this maid to the punishment." Su Yu Qing shouted.

An older and tough looking woman came and dragged the maid out of the dining room.

"First Miss, help me...." The maid begged. However, she shut up her mouth as she saw both of her masters, Mu Yian and Mu Li Zei stared at her. By sending some kind of message like 'Shut up your mouth. Otherwise, I will kill you.'

The maid was silent being dragged by the Nanny Su. Yu Qi sighed. The maid would be punished badly.

"I want to leave first." Yu Qi said.

"Miss Tang, if you want to change your clothes, you can use one of our room and if you don't have any change of clothes, you can use mine before we cleaning your clothes. I'm sure it would not have a long time." Mu Yian tried to suggest.

"No need. I already have an appointment. The clothes, I will get change in my hotel room. You don't need to worry." Yu Qi rejected it.

"But..." Su Yu Qing felt bad to see her guest in this state since it was their maid's fault.

"Mrs Mu. Don't worry. Well, then, I will leave first." Yu Qi just walked away without worrying about their answer.

As Yu Qi walked, she was laughing at the situation. That family wanted her to stay at their house. They must be planning something. It must begin with the maid just now.

They must be angry as their plan to make Yu Qi stayed at their house had failed. Sorry, she would not be obeying them. Yu Qi walked to her rental car.

She rentals the car because it was hard to get a taxi in this area. She had already experienced it. So, she did not want to experience it again.

Since her clothes were stained with the bean soup, Yu Qi wanted to check in to the hotel, cleaning up before going to see Grandpa Su.

Chapter 632 - 632: Followed By People

Yu Qi stayed at Fanghai Nation only for two days. After returning from Mu House, Yu Qi went to see the construction site of the greenhouse. After the worker had reported the work to her, Yu Qi returned to her hotel.

As for the night, Yu Qi went to see her grandfather. As the pair of daughter and father were already suspecting her, they had sent someone to follow her. They had been following her since she had left the house.

However, Yu Qi managed to trick the people and they lost her. She would do the same thing. She could not let them know that she was related to them because once they knew it, Grandpa Mu's life might be in danger.

Even though she had already protected him from the poison, they might use others trick to harm Grandpa Mu. So, she wanted to avoid that situation as possible as she could.

Yu Qi used her space to trick the people. She went to the supermarket to use the toilet to enter her space. She used the changing clothes trick to lose the people.

But this time, she would combine the trick with another thing. Bo Ya reminded her that she had something that could change what people wanted to see.

For example, the people wanted to find Yu Qi, they would not find it when Yu Qi let them smell the mist. It was similar to the hallucination serum.

Yu Qi changed her style after getting out of her space. She already recognised the men who were following her before. She boldly walked in front of the men and released the mist.

The two men stopped her because she had just walked out of the toilet. They seemed to learn the lesson after getting tricked by Yu Qi last time.

"Miss, can you take off your mask? I want to look at your face." The man asked.

Yu Qi did not do right as they asked her. "What do you want, huh?" n--o-/v--e./l).B-/l).n

"Miss Tang, it is you." The second man said.

"Huh? Miss Tang? What are you saying?" Yu Qi took off the mask.

The men were shocked when the girl took off the mask. They could not believe that it was a different face under the mask. They strongly believed that it was Yu Qi.

"I have already taken off the mask. So, can I go now?" Yu Qi made her voice sounded like she was scared with them.

"Oh, we are sorry. We have gotten the wrong person." One of them apologised.

"Okay." Yu Qi ran from the men making she was afraid and ran from them due the scared.

Yu Qi grinned after succeeding in tricking them. The mist was useful. The product could be sell. Well, not legally, probably illegal... In the black market. Yu Qi grinned widely as she thought about this.

She realised that she was already in front of the place that Grandpa Mu had told her to come. She looked around. To check whether there was another suspicious person around.

After making sure there was no suspicious person around, she entered the premise. Informing the receptionist about her meeting with Grandpa Mu, someone came and guided Yu Qi to Grandpa Mu.

"Grandfather." Yu Qi greeted Grandpa Mu.

"You are here." Grandpa Mu smiled to see his granddaughter. It was like looking at his wife smiling to him.

"Grandfather, how are you?" Yu Qi asked.

"I'm feeling much better since you have started to send me your tonics." Grandpa Mu patted Yu Qi's head.

Yu Qi recently began to send some tonics to Grandpa Mu as well as Grandpa Tang and Grandpa Feng. It was a tonic that could help to improve the body, especially of the old man.

"That's good. I'm happy when seeing that you are in the good health." Yu Qi nodded.

"Have you come to treat Rong Xie?" Grandpa Mu asked her purpose of coming to Fanghai Nation.

"Yes. Her body has begun to react nicely to my medicine. She will be okay soon." Yu Qi nodded.

"Good. She has already suffered enough." Grandpa Mu sighed. She was his granddaughter too. Even though he did not like his granddaughter's behaviour, but he still loved his granddaughter.

Yu Qi was silent. She knew Grandpa Mu's feelings. He loved his grandchildren. That was why he did not expect that his grandchildren would collaborate with an outsider to poison him just for the wealth.

"How are your studies?" Grandpa Mu asked. Even though he did not like Yu Qi's course right now but it was her own choice. He needed to respect her choice.

"I'm already in the last year. Soon I will be starting my internship." Yu Qi told her grandfather.

"Internship? You have already chosen the hospital?" Grandpa Mu was worried about her.

"Don't worry. I can handle it." Yu Qi grinned.

"If you have any problem, you can tell me. I will help as much as I can." Grandpa Mu knew that he was not resourceful with that but he could still get his friend, Grandpa Sang to help his granddaughter.

"Where is your boyfriend?" Grandpa Mu's question shocked Yu Qi.

"Well, he is busy." Yu Qi answered after calming down.

"What? He has allowed you to come here alone." Grandpa Mu was angry.

"Grandfather, he is a soldier. Not only that, he is a high ranking soldier. So, there is a lot of responsibility on his shoulder. If I don't understand that, I am not suitable to be his girlfriend." Yu Qi sorted out the important points.

Grandpa Mu was silent. Then he sighed. "My granddaughter has grown up. She even knows how to defend her boyfriend." Grandpa Mu patted Yu Qi's head.

"Yu Qi, I already missed out the chance to see your childhood. I hope I will be in your life from now on." Grandpa Mu was very regretful about that. If he understood his son, he would not be losing something precious.

"Grandfather, even though I have just met you but I love you so much. I will try to visit you as much as possible." Yu Qi smiled.

Chapter 633 - 633: Another News Exploded

The university exploded with Yi Su Ran's news which was about her abortion. It was completed with a letter from the hospital that she did the abortion. And to be more shocking, she already did more than once.

After that, there was a lot of news that had appeared, telling that Yi Su Ran had slept with various men. Even the father of her unborn child was unknown to her.

Yu Qi felt that she knew the source of the news. She felt that boy needed a good scolding. Even though she did feel refreshed when seeing this.

When Yu Qi walked around, there were people talking about Yi Su Ran. People started to forget about Yu Qi's news. The effect was good.

Finishing her matter for today, she walked back to her room together with Aoi that just had his dog walk. Aoi suddenly became alert after looking at the person in front of them.

He secretly informed his master via telepathy. "Master, someone is hiding beside the wall. Be careful."

"Okay." Yu Qi nodded.

Yu Qi stepped forward with caution. Even though it was a female dormitory but still better to be cautious about it. Who knew some men could enter the building.

When Yu Qi passed the wall, suddenly a hand that held a knife came out and wanted to stab Yu Qi. She quickly stepped backward. She then looked up and saw Yi Su Ran was there, holding a knife.

"Miss Yi, what are you trying to do?" Yu Qi asked while narrowing her eyes.

Yi Su Ran was scared when she looked at that eyes but thinking of the news about her getting the abortion, she became less scared. In her mind right now, she wanted to kill Yu Qi.

As for why she wanted to kill Yu Qi, the reason was that she had actually assumed that Yu Qi was the one who revealed the news about her. Yu Qi was a future doctor. It would not be strange if Yu Qi had the report of her getting abortion. She seemed to forget that a doctor must not tell the third party about

someone's medical file unless it was necessary. In addition, she was the one whom she had tried to slander.

"I will kill you today." Yi Su Ran said angrily.

"And why?" Yu Qi asked. "By killing me, can you clear your name?"

Yi Su Ran was silent. Of course not! She knew it. But she wanted to satisfy her ego. She wanted to blame Yu Qi even though she knew it was her fault for getting abortions.

"You should think about your parents. How will they feel about this?" Yu Qi said.

When the news about Yu Qi seducing the men in the night club had spread, the news had reached her brothers' ears. They were calling her asking whether she was alright. Whether she wanted their help to clear the matter.

When she asked why they believed the news was not the truth, this was what they said.

Tang Han Lee: "They are not good looking."

Tang Jin Wei: "Of course, I believe that is not the truth. Because I know you will not find someone lower than me." n--0xclB1n

Tang Qin Hao: "They are ugly."

At first, Yu Qi was speechless with her brothers. Her brothers seemed to say that she just aimed at a high standards men with good looks.

In the end, they said, "You already have someone good looking as Long Hui. If you want to find others, you will try to find someone as good or higher level than him."

The conclusion was that they totally believed her.

"Stop talking about my parents!" Yi Su Ran shouted.

Her father called earlier. The news seemed to reach his ear. He was very angry with the matter. He was telling her that he would come and take her back home.

She would withdraw from this university and would be sent aboard for a few years. She was shocked by her father's decision. Her father did not hesitate to send his daughter far from home. Her father thought their reputation was more important.

"It is because of you that my father wants to send me aboard." Yi Su Ran shouted loudly.

Because they were in the corridor, her loud voice was echoing. It had been heard by students on that floor. People came out from their room and saw that Yi Su Ran was pointing a knife towards Yu Qi.

Of course, the students knew both of them. One was in the news before and another one was still on the hot topic.

Mei Lilli and So Pang Lim was on that floor as well. They also came out when hearing a loud voice. They were shocked when seeing Yu Qi in that situation.

"Yu Qi." Mei Lilli tried to call Yu Qi.

"Stay away. It is between me and her." Yi Su Ran gave the warning.

Yu Qi looked at her friends and nodded as assuring them that she would be okay.

"Pang Lim, I will go and call Madam Gu." Mei Lilli ran in the opposite direction to call Madam Gu. Madam Gu was one of the wardens who on the duty.

"Tang Yu Qi, I already don't care about anything. I want to kill you." Yi Su Ran seemed to lose her ability to think straight.

Yi Su Ran ran towards Yu Qi and wanted to stab Yu Qi straight in her chest. The other female students screamed. Yu Qi just avoided the knife and chopped Yi Su Ran's neck making Yi Su Ran to lose her consciousness and fell on the ground.

Chapter 634 - 634: I'm Pretty Sure That I'm His First Love

"Tang Yu Qi, what have you done to my cousin?" Yi Ren Shiang came forward and looked at Yi Su Ran. "I will report to my uncle, telling him that you want to kill my cousin."

Yu Qi did not respond to that accusation. However one of the female students who had just witnessed at the scene before rebuked.

"Hey, your cousin wants to kill Tang Yu Qi with that knife." She pointed the knife that was still in Yi Su Ran's hand.

"Yeah. I record the video." Another person said to Yi Ren Shiang.

Yi Ren Shiang was surprised to see it. Two hours ago, she was talking to Yi Su Ran. Yi Su Ran was very angry that the news about her getting the abortions had spread. When she asked Yi Su Ran if she had any idea who revealed the news to others, Yi Su Ran firmly believed that it was Yu Qi.

Now, Yi Su Ran was trying to kill Yu Qi. And it had been witnessed by a lot of people. Right now, Yi Ren Shiang really wanted to distance herself from Yi Su Ran. She was afraid that this matter would affect her as well.

"Call her parents." Yu Qi said to Yi Ren Shiang.

"What?" Yi Ren Shiang was thinking so she could not catch what Yu Qi had said to her.

"I said, call her parents." Yu Qi repeated the question.

"For what?" Yi Ren Shiang asked a foolish question.

"To settle this matter, of course. I think that she is not fully mentally stabilized. So..." Yu Qi could not manage to finish the sentence as Yi Ren Shiang had interrupted her.

"How dare are you say that she is crazy? If not because of you..." Yi Ren Shiang closed her mouth before she said something else. It was a secret. Everyone should not know about it.

"If not because of me, what? Do you dare finish the sentence?" Yu Qi smirked.

Yi Ren Shiang needed to complete the sentence. Otherwise, people might suspect something. But what else could she said at this time?

"Because you have stolen her lover." Yi Ren Shiang just threw some nonsense.

"I have stolen her lover?" Yu Qi let out a small laugh. "Tell me, who is her lover?" Yu Qi questioned Yi Ren Shiang.

Yi Ren Shiang was having a problem right now. Seeing Yi Ren Shiang could not reply to her question, Yu Qi turned to other students.

"I don't steal anyone's lover. My boyfriend and I love each other. I'm pretty sure that I'm his first love. And do you think because of that reason, she can attack others?" Yu Qi asked.

"What has happened here?" Mrs Gu, the warden stepped forward. She could see Yi Su Ran who had already lost her consciousness, Yi Ren Shiang who held Yi Su Ran on the ground and Yu Qi who was standing beside then while looking at those two girls.

"Mrs Gu, apparently Yi Su Ran has wanted to attack Tang Yu Qi with the knife." One of the onlookers who had seen the whole thing told Mrs Gu.

Mrs Gu frowned and looking at the knife which was still in the Yi Su Ran's hand.

"Mrs Gu, they are lying. You can not believe them." Yi Ren Shiang wanted to protect Yi Su Ran. nove-18.1n

"Yi Ren Shiang, you have come late. Yi Su Ran has indeed attacked Tang Yu Qi. If she has not managed to avoid Yi Su Ran's knife, she will be laying down there instead. And Tang Yu Qi has just made Yi Su Ran faint because she does not want Yi Su Ran to attack her again." Another onlooker voiced what she had seen before.

Hearing that, Mrs Gu sighed. It would become a tricky situation if she did not handle it well.

"First, Yi Ren Shiang, pull the knife from Yi Su Ran's hand. And lift her and bring to the guest room first. As for others, please return to your rooms first." Mrs Gu began ordering other students.

"Tang Yu Qi, you can return to your room. We will settle this matter tomorrow." Mrs Gu looked at Yu Qi.

"Thank you, Mrs Gu." Yu Qi nodded.

.....

Yu Qi had been called by the university management team. She knew it must be because of yesterday's matter. She wondered whether they had already called Yi Su Ran's parents.

When she stepped in the office, her eyes spotted Yi Su Ran, Yi Su Ran's parent, Mrs Gu and another two men whom she did not know.

When Yi Su Ran's mother, Yi Han Tong saw at Yu Qi, she wanted to pounce at Yu Qi but Yi Su Ran's father, Yi Dang Kui held his wife.

"You evil creature, how dare you to harm my daughter again?" Yi Han Tong shouted angrily and Yu Qi.

Yu Qi just kept her mouth tight. She did not even respond to Yi Han Tong's shout.

"Mrs Yi, in this case, Yi Su Ran is the one who has tried to harm Tang Yu Qi." Mrs Gu explained to them.

"Where is she injured? She is fine." Yi Han Tong pointed at Yu Qi.

"Is Mrs Yi mean that I need to be injured first to bring this matter to justice?" Yu Qi began to open her mouth.

"Or is Mrs Yi mean that I need to be laying on the bed or in the coffin to make you believe that your daughter has attacked me with the knife?"

"What are you saying?" Yi Han Tong became agitated.

"Shut up!!!" Yi Dang Kui said to his wife.

Chapter 635 - 635: Not A Young And Ignorant Girl But An Experienced Business Woman

Yi Han Tong was embarrassed when she was rebuked by her husband. She sat down and hugged her daughter who was just looking down from the beginning. She was very sad when she watched her daughter like this. Her proud daughter fell into this state.

The culprit was that damn girl. That damn girl was in front of her but she could not do anything to that damn girl. She only could glare at Yu Qi.

"Miss Tang, do you know why my daughter has suddenly attacked you?" Mr Yi Dang Kui said.

"Mr. Yi, do you think I'm a mind reader? How can I know what is she thinking?" Yu Qi threw the question back to Yi Dang Kui.

Yi Dang Kui could not reply to the question. He sighed. This girl was proud. He knew since the last time they met.

"You have posted that article about me!" Yi Su Ran suddenly shouted at Yu Qi.

"What? She is the one who has posted that article?" Yi Han Tong stood up. "How dare you? Let me go. Let me hit that evil creature."

"Evil creature, you say? Hit her, if you dare!" A voice shouted right at Yi Han Tong.

"Who do you say is an evil creature, huh?" Another voice followed up.

Yu Qi recognised these voices. She looked at the door. Her two aunties were here together with Tang Han Lee and Tang Jin Wei.

"Humph... Do you think she doesn't have any family members, huh?" Tang Jin Wei asked proudly.

Both of her brothers stood in front of Yu Qi protecting her. While her aunties stood beside her.

"Are you okay, Yu Qi?" Ming Yue asked.

"You, child, why don't you tell us about this?" Su Xiao sighed.

"Yeah. We can protect you." Ming Yue patted Yu Qi's head.

"If not because of Jin Wei's talk, we will know nothing." Su Xiao glared to Tang Jin Wei.

Yu Qi felt like she wanted to tear up but she held back. It was not the time to tear up.

Yu Qi stepped in front of her brothers and said, "Yi Su Ran, to tell you, I haven't post anything about you."

"Humph! Like I believe you." Yi Su Ran snorted.

"If you want to accuse me, please give me the evidence." Yu Qi only smiled.

Yi Su Ran was silent. Evidence? Of course, she did not have it.

"Well, Miss Yi Su Ran, do you have anything evidence telling that Miss Tang Yu Qi has posted that article?" One of the unknown men asked Yi Su Ran.

"I... Don't... Have it." Yi Su Ran gritted her teeth.

"Then tell me, why have you tried to attack her?" Another unknown man asked Yi Su Ran.

"I... Just..." Yi Su Ran could not answer that question.

"Mr. Yi Dang Kui, last time, I told you to not let her disturb me. But she repeated the same mistake. Now, I will not let this matter close just like that. I will sue Yi Su Ran for aggravated assault." Yu Qi stated the point.

"What? But you have not been injured at all." Yi Su Ran argued.

"Use of a deadly weapon during an assault constitutes aggravated assault. This applies whether the weapon has caused physical injury to anyone.

Basic assault does not require physical harm, but rather how the perpetrator has behaved and intended to put someone in reasonable state of fear for their safety.

Someone who does this by threatening the person with a deadly weapon commits aggravated assault because the fear involved is fear of more grievous injury.

Aggravated assault is usually a felony punishable by approximately one to twenty years in prison, depending on the specific provisions of each state's sentencing structure or sentencing guidelines." Yu Qi gave a powerful sentence. It was the law and fact.

Every one was speechless with Yu Qi's long explanation. They looked at Yu Qi with different expressions. Some of them were shocked, some of them were proud and some of them were admiring Yu Qi.

"I have a lot of witnesses that saw you were pointing a knife at me and attacked me." Yu Qi gave another powerful sentence.

The Yi Family members had already paled when listening to Yu Qi's words. Yi Su Ran was already shivering when she heard that she could go to jail for one to twenty years.

"No, I don't want to go to jail. Mom, dad..." Yi Su Ran started to tear up when she thought about the consequence of her actions.

"Miss Tang, let us settle outside the court." Yi Dang Kui begged.

Even though he disliked Yi Su Ran's action, but she was his only child. If she would go to jail, her life would definitely over.

"I beg you, Miss Tang." Yi Dang Kui bowed to Yu Qi.

Yu Qi looked at Yi Dang Kui. It was Yi Dang Kui's unfortunate life for having such a daughter.

"I will pay any amount." Yi Dang Kui begged again.

Yu Qi's eyes lifted up. 'Money!' Her expression did not change but in Yu Qi's head, she already thinking how much money she wanted to ask.

"Are you sure you want to pay any amount?" Yu Qi asked.

"Yes!" Yi Dang Kui quickly answered it.

"5 million. And your daughter will withdraw from this university." Yu Qi stated the amount of money and adding another requirement.

"Why do I need to withdraw from this university?" Yi Su Ran shouted angrily.

"Yes. I will make sure she withdraws from this university." Yi Dang Kui ignored his daughter's shout and agreed immediately with Yu Qi's demands.

"Husband..." Yi Han Tong was shocked by her husband's decision.

"Dad..." Yi Su Ran also shocked.

"Shut up." Yi Dang Kui glared to his wife and daughter.

"But Miss Tang, you need to promise me that you will not use this crime to sue my daughter anymore." Yi Dang Kui did not want this young miss to use another chance to sue his daughter again.

"Well, if she does not disturb and repeat the same mistake. Well, why not let us sign an agreement?" Yu Qi suggested.

"That will be better." Yi Dang Kui nodded.

Mrs Gu and the other two men, probably from the university management team were stunned by this result. Tang Yu Qi, this young girl dominantly controlled the situation and got the best result that she could get from this situation. It was not like a young and ignorant girl at all but an experienced businesswoman who stroke the deal for profits.

Chapter 636 - 636: My Future Daughter In Law

"Hmmm... Hmmm..." Yu Qi was humming an unknown song.

Her family was behind her, following her to have lunch together.

"Big Brother, I don't know that our little sis is a black-bellied person. Seeing that back then, I get some goosebumps." Tang Jin Wei whispered to Tang Han Lee.

"Huh? Brother Jin Wei, do you say something?" Yu Qi turned around and looked at Tang Jin Wei.

Tang Jin Wei waved his hand several times. "No... No... No... I'm not saying anything."

"Oh, okay." Yu Qi said with a smile on her lips. She already heard what Tang Jin Wei had said to Tang Han Lee. But she would not do anything. She just wanted to scare Tang Jin Wei.

In Tang Jin Wei's view, Yu Qi looked like a devil in disguise that wore a goddess's face. He would never tell Yu Qi about what he had thinking right now. Otherwise, the girl might do something to him.

"Stupid." Tang Han Lee commented.

"Big Brother, you...." Tang Jin Wei glared to Tang Han Lee.

"Yu Qi, are you okay?" Mei Lilli ran towards Yu Qi together with her other friends, Ding Na An, Song Ha Ting and So Pang Lim.

"I'm okay. Don't worry." Yu Qi nodded. ~~noVe)Lo/In~~

"So, how's the conclusion?" Ding Na An asked more.

Yu Qi understood by what Ding Na An asked about. It was the situation between Yu Qi and Yi Su Ran.

"Well, I have already reached an agreement with her parent. She will withdraw from this university. It seems that her parent wants to send her aboard." Yu Qi told them. However, she did not let out the information that she had scammed Yi Su Ran's parent's money, about 5 million.

"Oh, that's good. We don't have to see her face anymore." So Pang Lim said while laughing.

Then she stopped laughing when seeing two handsome men and two older women behind Yu Qi. She faked several coughs.

"Yu Qi, who are they?" So Pang Lim closed up the distance between her and Yu Qi and asked Yu Qi in a low tone.

"Let me introduce to you. Girls, this is my family. My big brother, Tang Han Lee, my second brother, Tang Jin Wei, my first aunt, Auntie Ming Yue and my second aunt Auntie Su Xiao." Yu Qi introduced her family to her friends.

Then she introduced her friends to her family. "This is Song Ha Ting, Mei Lilli, So Pang Lim and lastly, Ding Na An. I guess that Big Brother Han Lee already know her very well." Yu Qi grinned causing Ding Na An to blush.

Tang Han Lee just coughed after Yu Qi finished her sentence. Auntie Ming Yue's eyes lifted up. 'My future daughter in law.' She scanned Ding Na An up and down. She nodded, satisfied after accessing her future daughter in law.

She looked at Tang Han Lee and gave him a thumbs up. Tang Han Lee was speechless. And then chuckled. Auntie Ming Yue stepped forward and grabbed Ding Na An's hand.

"I think I will treat you all." Auntie Ming Yue said as smiling to Ding Na Na.

Ding Na An was awkward. She did not know how to react to this situation. So she turned to Yu Qi for help but Yu Qi just smiled and gave her a thumbs up too.

"Let's go." Auntie Ming Yue said as she started to walk together with Ding Na An and left others behind. Tang Han Lee quickly followed them.

"I'm so jealous." Auntie Su Xiao mumbled.

"Eh, why do you feel jealous, Auntie Su Xiao?" Tang Jin Wei heard Auntie Su Xiao mumbling.

"Of course, I'm jealous. She has already gotten her future daughter in law. I still have none. I wonder if that brat of mine has feelings for a girl." Auntie Su Xiao sighed.

Tang Jin Wei laughed. "If Qin Hao knows that his mother thinks that he is gay, Little Sis, what kind of expression will he wear?"

Yu Qi also let a small laugh. She also wondered about it. She was also interested in Tang Qin Hao's woman that he took was interested in.

"Yu Qi, does your second brother has a girlfriend already?" So Pang Lim whispered to Yu Qi's ear.

"Yes. He does." Yu Qi told her.

"Sigh... A good man is hard to find." So Pang Lim commented.

Mei Lilli patted So Pang Lim to encourage her not to give up on finding her own good man.

They went to a restaurant and had a good lunch together. During lunch, Yu Qi finally asked why they were here in the first place.

Tang Jin Wei began his story. "Last night, I was talking to Big Brother Han Lee. And suddenly a certain girl called him." Tang Jin Wei glanced to Ding Na An before continuing his story. "Big Brother Han Lee answered in speaker mode. So, I ended up listening to everything that she had told him."

Ding Na An blushed. Thank goddess, she did not talk about anything else yesterday like before. She just recited everything that had happened to Yu Qi. Nothing else.

"I see. No wonder. But why even Auntie Ming Yue and Auntie Su Xiao are here too?" Yu Qi understood the part Tang Jin Wei heard about the situation.

"He was mumbling about what happened on the breakfast table. Of course, mother and auntie Su Xiao heard it." Tang Han Lee answered curiosity.

"I see. Thank you for coming." Yu Qi was happy that they came to visit her.

"Of course, we will come. How dare they bully our Yu Qi." Auntie Su Xiao was angry with Yi Su Ran's parents. Their daughter had wronged Yu Qi.

"Well, it is also worth coming here." Auntie Ming Yue smiled.

Everyone knew that she must be referring to Ding Na An. She was happy to get to know that her son had a girl. Before this, she thought he was gay. And started to feel worried for him.

Fortunately, this girl appeared in his life. She did not have requirements for her future daughter in law. She just needed her to be kind and considerate.

Chapter 637 - 637: Choosing The Place For Internship

"Are you sure that you want to intern at this hospital?" The Dean asked Yu Qi for another time. He had asked this question to Yu Qi several times already.

Yu Qi had been called by the Dean after submitting her application form for her internship in the hospital. The Dean seemed to unsatisfied with her choice.

"Is there any problem with my application?" Yu Qi asked.

"No, but... You can apply to another place." The Dean said.

"You mean my family's hospital?" Yu Qi already thought about this.

"Yeah." The Dean nodded.

"No." Yu Qi firmly rejected.

"But why?" The Dean wanted to know the reason.

Yu Qi sighed. "I want to learn at the place where my status is not important. That is why I have submitted my application for Guanying General Hospital." Yu Qi explained.

The Dean was astonished. Usually, when a student that had a connection in a good hospital would use them and apply for the internship there. But the student in front of him right now was doing the opposite. With her grandfather's status, she could easily admit to Tang Private Hospital. And also she would not suffer. The Dean sighed.

"If that is your final choice, then let it be." The Dean gave up on convincing Yu Qi to change her choice.

"Well, then, Sir, I will go now." Yu Qi quickly excused herself before the Dean talked again.

Yu Qi met Professor Mo outside the Dean's room. Yu Qi bowed and greeted her Professor Mo before leaving there. Professor Mo entered the Dean's room after knocking and getting permission from the Dean.

"Why do you call Miss Tang?" Professor Mo asked before going to talk about his matter.

"I am just asking about her choice of place for an internship." The Dean said.

"Oh, where does she choose?" Professor Mo asked interested to know about that.

"Guanying General Hospital." The Dean answered.

Professor Mo laughed. "This girl is always surprising to me. Don't worry too much. The girl knows what she is doing. You should know since she is the disciple of Tang Jiang Man."

"Yeah." The dean nodded.

So, they began to discuss about another matter.

....

"Hey, is choosing Guanying General Hospital not good?" Yu Qi asked her friends when having lunch together.

Song Ha Ting was patting Aoi and gave some food to him to eat. She looked at Yu Qi after hearing the question.

"Why? I think it is normal." Song Ha Ting said.

"Eh, you choose that hospital? I have thought you will choose your family's hospital." So Pang Lim chewed her food.

"I think it is better to choose another hospital that does not know much about me." Yu Qi said.

"Yeah... Well, I think so too. Because they will look at your skills first before your identity if you go to another hospital." Mei Lilli already agreed with Yu Qi's choice.

"So, how about you? Where do you choose?" Yu Qi asked everyone.

Mei Lilli: "Song General Hospital."

So Pang Lim: "Me too. I'm going to Song General Hospital too."

Song Ha Ting: "I'm going to Baxi Hospital."

Ding Na An: "I'm going to Tang Private Hospital."

"Oh, someone is fast." So Pang Lim teased Ding Na An.

Ding Na An faked some cough. She did not comment anything about it. It was her first choice at the beginning even she still did not know Tang Han Lee.

"Well, it is just the application. Whether the hospital accepts or not, it depends on luck." Mei Lilli said.

"Well, Yu Qi has probably been accepted." So Pang Lim nodded.

"Eh, why is that?" Song Ha Ting asked.

"A normal person will not choose that hospital in the first place. Usually, the internship students go there because they had no choice since their selected hospital does not accept them. So, think about it, a brilliant student has chosen their hospital as their first choice. What do you think they will do?" So Pang Lim asked Song Ha Ting.

"Of course, accept that student." Song Ha Ting quickly answered it.

"See. You understand." So Pang Lim concluded.

"That hospital is not that bad. It is just located in a rural area." Yu Qi already researched about that hospital.

"Yeah... Yeah... We just can hope that we can be accepted by the hospital of our choice. Otherwise, we need to follow our university's arrangement." Mei Lilli said.

"Yeah. If we get selected by our chosen hospital, let's go celebrate at Rose Night Club." So Pang Lim suggested.

"You just want to drink right?" Mei Lilli rebuked.

"Hey, I will just drink on the happy occasion, okay." So Pang Lim rolled her eyes to Mei Lilli.

"Are you sure?" Yu Qi joined Mei Lilli.

"What is this? Yu Qi has joined Mei Lilli to attack me. Na An, help me." So Pang Lim looked at Ding Na An.

Ding Na An just glanced at So Pang Lim before continuing to eat her food.

"Na An has just ignored me. I'm sad." So Pang Lim faked some cries.

"You are a drama queen." Mei Lilli said.

And they laughed together before finishing their lunch.

....

At Guanying General Hospital.

"Are you sure it is an application form for an internship?" A person talked to his colleague.

"Yeah. I don't read wrongly. Here look at this." Another person showed the paper to his colleague.

They read the application form together.

"Top student from Starlight University."

"What? Are you sure?"

"Here. Look at this."

"Look, she has attended the medical conference twice. Once as the visitor. Once as the participant?"

"Top place in her course?"

"Is this some kind of prank?"

"Is this student in the right mind?"

"Anyway, let's confirm with that university about this application. If this is true, we need to accept this student."

"Yeah. Let's do it."

Chapter 638 - 638: Celebrate

A week later, the good news came. All of their applications were accepted by their chosen hospitals. As Ding Na An had suggested before this, they would celebrate at Rose Night Club.

Like before, Yu Qi drove her car, bringing in the four girls with her. This time, Yun Xiao also joined them. He was also in a good mood since he also had been accepted by his chosen hospital.

When he heard that they wanted to celebrate, he would like to join as well. But the girls said that he needed to go to the club by himself since the car was full. Well, he did not mind it at all.

The girls arrived at the club. Yun Xiao was already waiting at the parking lot. They went to the entrance. Like before, two tough-looking men were guarding the entrance.

They had been requested to show their ID Cards before entering the club. As they stepped in, loud music can be heard.

"This time, I have already booked a room for us. It is better than last time." So Pang Lim said proudly.

"Oh, you make some preparation. What if you might not be accepted?" Mei Lilli asked.

"Well, I will drink in the name of sorrow." So Pang Lim grinned.

The other four girls looked at So Pang Lim speechless.

"By the way, let's order some drinks and snacks." Yu Qi suggested.

"Yes."

"By the way, Yun Xiao, how do you come here?" Ding Na An asked.

"Well, I have asked someone to send me." Yun Xiao grinned.

"Good, then. I have thought you come here in your motorcycle." Song Ha Ting said.

"I know that I want to drink. It will be dangerous then." Yun Xiao shook his head.

"I will not drink. I'm driving." Yu Qi said. She remembered Long Hui's warning that reminded her not to drink without his presence.

When she remembered the things that she had done with Long Hui, she was blushing and faked some coughs.

"Are you okay, Yu Qi?" Ding Na An asked when she heard that Yu Qi was coughed.

"Oh, nothing." Yu Qi shook her head.

The drinks came in. So Pang Lim and another two girls still ordered a weird beautifully looking c.o.c.ktail. Yun Xiao ordered some beer. Yu Qi and Ding Na An just ordered some cola. They drink happily.

Then, their door was knocked from outside.

Yu Qi carefully opened the door, afraid that outside the room was some kind of gangsters. That would be bad for her friends.

Outside the room, a waiter was standing with a tray containing some food. Yu Qi frowned.

"What is this?" Yu Qi asked the waiter.

"It is from Mr Black." The waiter said with a standard smile.

"Who is it, Yu Qi?" Ding Na An stood up and came to look.

"Miss, please receive them." The waiter said again. "Otherwise, I may lose my job tonight."

Yu Qi sighed. "Wait." She quickly scanned and tried to smell whether the food had been drugged.

Seeing no drug had been added in the food, she was relieved. That Mr Black probably wanted to make peace about the last incident.

"Tell Mr Black that I have received it. I thank him for this." Yu Qi said and nodded to the waiter.

"Thank you, Miss." The waiter bowed before leaving there.

"Are you sure this food is good?" Ding Na An looked at the food in the tray. She still felt suspicious about this food.

"Don't worry. You can believe my nose." Yu Qi pointed to her nose.

"Oh, okay." Ding Na An knew about Yu Qi's ability to distinguish any smell.

"Hey, here. Some food." Yu Qi told her friends.

"Oh, you have ordered this, Yu Qi?" Mei Lilli asked.

Because she did not want to be questioned by her friends, she just nodded. "Let's eat some."

Song Ha Ting pulled Mei Lilli to get out from the room and went to the dance stage. Those two drunkards danced until they had managed to get some attention from the men around.

The men approached the drunk girls attempting to bring these two girls away. Not like they knew, the two drunkards had their knights beside them.

Yu Qi approached the men and pushed the men away. The men wanted to fight back. That when the light flashed on Yu Qi's face, they froze.

They remembered this girl before. It was the girl who had beaten up the Young Master Han without mercy or scare. Even Mr Yan, the person in charge of this Rose Night club had helped her before.

This girl must have some connection with the owner of this Rose Night Club to have Mr Yan help her because Mr Yan was known as a person who would only obey to the owner of Rose Night club.

The men ran away leaving the place. They did not want to die yet.

Yu Qi was feeling weird when she saw the look that the men had given her.

It seemed that they were scared of her. 'Have I done something to them? I have just pushed them only.' Not like she had let her aura out.

The two drunk girls danced until they were tired. So, they returned back to their room. Yu Qi ordered some water for them.

"I'm so happy." So Pang Lim suddenly said. "But I'm sad too." *novE-lb)In*

Her friends turned and looked at her.

Mei Lilli asked her. "Why do you feel sad?"

"I want a boyfriend too. Others already have their boyfriends." So Pang Lim cried out.

"Hey... Hey... Hey... I'm still single, okay." Mei Lilli rebuked.

The only one who had a boyfriend was Yu Qi and Ding Na An's story was in progress. Others were still single.

"I want a boyfriend too." So Pang Lim ignored Mei Lilli and still talked about wanting to have a boyfriend.

Yun Xiao looked at So Pang Lim with a different expression. Yu Qi noticed it. Well, she would not intervene. She would let them handle themselves.

The night ended up with So Pang Lim mumbling about wanting a boyfriend for the whole night.

Chapter 639 - 639: The Welcome Gift

Yu Qi thought that she had become famous in the Rose Night Club?ever since Mr. Yan had helped her in solving the problem. When the people wanted to disturb So Pang Lim and Mei Lilli, after seeing Yu Qi, they ran away immediately.

Yu Qi did not want to hack their informations forcefully since they helped her once. Better ask someone else. Probably Su Yu Hi knew about the club.

Yu Qi messaged Su Yu Hi.

Yu Qi: "Brother Yu Hi, are you busy right now?"

Su Yu Hi: "Why?"

Yu Qi: "Well, can I ask you something?"

Su Yu Hi: "Suspicious."

Yu Qi: "Eh, why are you saying that?"

Su Yu Hi: "Nothing. What do you want to ask me?"

Yu Qi: "Do you know Rose Night Club?"

Su Yu Hi: "Yeah. I have gone there twice."

Yu Qi: "Do you know its owner?"

Su Yu Hi: "Why are you asking that?"

Yu Qi: "Well, he has helped me in some matters. I just want to say thanks."

Su Yu Hi: "Oh, he has helped you?"

Yu Qi: "Yes, he has helped me but not directly. He has asked his subordinate to help me."

Su Yu Hi: "Sorry to disappoint you but I don't know him."

Yu Qi: "Okay. Sorry to disturb you. Good luck on your date."

Yu Qi just wanted to tease Su Yu Hi. She did not know that Su Yu Hi was together with someone at this time.

Su Yu Hi was currently sitting on the stall with Song Su Jin, speechlessly. 'Is she spying me?' He could not help but to look around.

"Brother Su, what are you looking for?" Song Su Jin noticed Su Yu Hi's behaviour. "Is there someone around?" Song Su Jin already looked around.

What she afraid was the presence of a paparazzi. They might take some pictures and make some fake articles to have their sales increased. They would not even investigate whether the story was true or not. They knew sometimes their articles might destroy others's lives but still in order to increase the sales and fame, they did not care.

"No. It is just Yu Qi." Su Yu Hi said.

"Miss Tang?" Song Su Jin looked around again.

"She has been texting me. And she said, 'Good luck on your date.' I subconsciously have thought that she is around." Su Yu Hi explained.

Song Su Jin listened to that explanation and realized the situation. She blushed and faked some coughs.

"Cough... Cough... Cough... Well, it is not a date. Just having dinner together." Song Su Jin said.

"I do treat this as a date." Su Yu Hi suddenly said in the serious tone.

"What???" Song Su Jin was very shocked to hear that. Her face started to turn red. To hide her embarrassment, she did not even lift up her face and only faced her food. "This food is delicious. Let's eat."

Su Yu Hi looked at her. He chuckled. He thought that it was cute when she would act like that. It seemed that he needed to classify the matter later in a better place. He would let her be for now.

Yu Qi thought about Han Baise. He had lived in this city for a long time. He must have some information about the Rose Night Club.

She opened her chat room with Han Baise.

Snow: "Yo."

After waiting for a while, Han Baise entered the chat room and replied her message.

Shiro: "What?"

Snow: "Are you busy right now?"

Shiro: "Well, not in particular. Why?"

Snow: "I have some matters to ask you. Is it okay to ask now?"

Shiro: "What is it?"

Snow: "Do you know about Rose Night Club?"

Shiro: "I know."

Snow: "Do you know who is the owner?"

Shiro: "Why do you want to know and why don't you just find the information by your own?"

Snow: "Well, they have helped me. So, I don't want them to have trouble about that. So, I have thought you must have this kind of information."

Shiro: "You have found the right person. Here. Take it."

Snow: "Thank you."

Shiro: "You are my boss. No need to say thank."

Snow: "Of course, I need to. You are helping me."

Yu Qi clicked on the link that Han Baise gave her. It was a complete information about Rose Night Club. She was stunned as she read the information. Then she chuckled.

"No wonder he has helped me." Yu Qi understood why the owner of the Rose Night Club lent his hand to help her.

He was someone that Yu Qi knew but they were not close at all. Probably because of his friend, he did it. Nevertheless, she was grateful for what he did.

"I will express my gratitude later." Yu Qi smiled.

.....

Han Cooperation had been declared bankrupt when the head of the Han Family had been caught in the corruption scandal. After that, several cases had been re-investigated again because of his involvement. Everything belonged to the Han Family had been seized by the authorities.

"I have never thought that a good family like Han family will go bankrupt like this."

"It was a good family. Now, it is not anymore."

"The previous head was a good person. That is why the family is prosperous. This Head is not from the Han blood line. He has been married into the Han family and selected as the head after the previous Head has died since the previous head only had a daughter." no12e-13-In

"I pity the wife. Her good life is destroyed."

"No need. Because the current wife of the Han Head is not the daughter of the previous head."

"What?"

"She has died a long time ago. The current wife was the mistress of the current head when the first wife was still alive. And their son is not from the Han bloodline."

"Oh, that young man who called himself as Han Young Master?"

"Yes. The son of the first wife has been chased out from his house by his own father. Cruel, isn't it?"

"No wonder, they are bankrupt."

Everyone had been discussed about the Han Family. Han Baise finally got the news. He chatted with Yu Qi right away.

Shiro: "Is that your work?"

Yu Qi at the moment was eating with her friends when she heard the notification from her phone. She looked at her phone and noticed that it was a text from Han Baise. She smiled. Probably the news had hit his ears.

Snow: "You have heard?"

Shiro: "They are talking about it. I'm stupid if I don't know about it."

Snow: "I have told you that is your welcome gift."

Shiro: "Thank you."

"Yu Qi, what are you doing?" So Pang Lim asked when seeing Yu Qi had stopped eating and looked at her phone.

Yu Qi just smiled and put down her phone. "Nothing."

Chapter 640 - 640: New Products

Her application to Guanying General Hospital had been accepted by Guanying General Hospital. The notification had just been received in her email. She was happy because her application had been accepted.

Yu Qi walked into the faculty building. The students who had been accepted by their chosen hospitals needed to report to the faculty for the university's records.

After reporting the result, Yu Qi remembered that Professor Mo wanted to review the abstract of her research one more time before the final submission.

Since she was already here, she thought that it was okay to show to Professor Mo the latest edited abstract of her research. The data was already in her email. She just needed to log in and click on the research.

The secretary of Professor Mo already knew her since she already came here several times.

"Sister Fang, is Professor Mo inside?" Yu Qi asked the secretary politely.

"Oh, Yu Qi. Wait a minute. I will ask Professor Mo whether he is free." The secretary picked the phone and called Professor Mo.

Professor Mo was indeed in the room. When he received the call from his secretary, he immediately picked the call.

"Yes, Miss Fang, what is it?" Professor Mo asked.

"Professor Mo, Miss Tang is here. She wants to meet you. Do you free time right now?" The secretary asked back.

"Miss Tang, okay... Please let her in." Professor Mo quickly asked his secretary to allow Yu Qi in.

"Okay, Sir." The secretary nodded and handed out the call. She then looked at Yu Qi. "Yu Qi, Professor Mo has given his permission. You can enter his room now."

"Thank you, Sister Fang." Yu Qi nodded and walked to Professor Mo's room.

Yu Qi knocked on the door. Then she heard the voice telling her to come in. She opened the door and stepped inside.

"Miss Tang, come in." Professor Mo said.

"Professor, I want you to see the abstract of my research." Yu Qi said.

"Oh, you have already made the correction from the last time?" Professor Mo was expecting it.

"Yes. Here." Yu Qi handed out her phone. The abstract was on her phone.

Professor Mo read the abstract in a serious expression. 'It is brilliant.' He just pointed out something last time. He did not expect that she would manage to include it in the abstract nicely.

"Hmm... It is perfect. I think you can already submit the whole thesis." Professor Mo returned back the phone to Yu Qi.

"Okay." Yu Qi nodded. She just needed to print out the thesis and submitted it to the faculty.

"Oh, don't forget. A surgery is in Daisy Theatre tomorrow. It is good for you." Professor Mo reminded Yu Qi.

"Yes, Professor." Yu Qi nodded.

Recently, Yu Qi joined some of the surgeries as an observer. Most of the surgeries were lead by Professor Mo. She did not mind since it was good learning environment for her.

.....

"Eh, you have already printed out your thesis?" So Pang Lim met Yu Qi at the library in the printing section.

"Yeah." Yu Qi grinned.

"Meaning you have already finished the whole thesis, haven't you?" So Pang opened her eyes widely. Even though she already knew the answer but still she wanted to ask that question.

"Yeah."

Yu Qi's answer made So Pang Lim to feel envious. "Yu Qi, do you even rest?" So Pang Lim asked.

Yu Qi only smiled. She did rest. But having her space really helped her. She wrote the thesis in her space. Of course, the thesis completed earlier than others.

"Meaning you already don't have anything to do, right? I'm so jealous of you." So Pang Lim said.

"My dear, are you forgetting that I still have my factory and a company to worry about?" Yu Qi poked So Pang Lim's forehead.

"Ouch." So Pang Lim rubbed her forehead. "Eh, your factory has some problems?" So Pang Lim inquired.

"Nope. But I have some new formulas to be tested, so it is kind of having a lot of work lately." Yu Q told her.

"Eh, new products? What kind of products are they?" So Pang Lim had dermatology as her major. So, she was kind of interested in the skincare products. And Qi Qi skincare product was the best product that she had ever tried.

"Hydro mask, it is a mask that moisturizes the face. Whitening Lotion, lotion that whitens the blackest part of your body like armpit and inner thigh. These two are the new products that I want to launch." Yu Qi explained the new products to So Pang Lim.

"Sounds great. Can I be your first tester?" So Pang Lim grinned.

"Well, of course. But I need your reviews as the dermatology doctor." Yu Qi did not mind.

"Yeah." So Pang Lim strikes a pose.

"By the way, where is everyone?" Yu Qi asked. She did not see any of her other friends.

"Well, they are busy doing their thesis. I'm here because I want to find some books. Don't expect to see you here." So Pang Lim said.

"I see." Yu Qi said. Then the printer made a sound indicating the task had completed. The machine had finished printing her thesis.

"It is already lunch time. Let's go and eat." So Pang Lim invited Yu Qi.

"Do you get the books?" Yu Qi remembered So Pang Lim's intention for coming to the library.

"I actually want to borrow three books. But only two of them are available right now. Another one has already been borrowed by someone. I just need to wait for my turn since I have already booked it. As for the other two, I have already borrowed them." So Pang Lim said.
