Chapter 651 - 651: Going For A Short Date

"Well, that work can wait." Long Hui grinned.

"Really?" Yu Qi narrowed her eyes.

"Of course." Long Hui grinned again. "Its the weekend. I can just relax for a while."

"Sister in law." The excited voice could be heard.

It was Ren Qian Yi. He waved his hand to Yu Qi. Yu Qi just smiled. While Long Hui looked at Ren Qian Yi like he wanted to murder him.

Ren Qian Yi understood the look given by Long Hui but right now, he was not afraid of this demon lord since his beloved woman was there. The demon lord would not do anything to him. Ren Qian Yi smirked. Ren Qian Yi just sat in front of the couple.

"Sister in law, what a surprise. Why do you come here?" Ren Qian Yi asked ignoring the demon lord beside Yu Qi.

"Just want to visit Brother Hui." Yu Qi simple answered that.

"Don't tell me that you come here because you miss your Brother Hui so much?" Ren Qian Yi just wanted to tease Yu Qi.

Yu Qi coughed. Her face turned to red.

"Eh!!! Is it the truth?" Ren Qian Yi did not expect that it would be true.

"Of course, it is the truth. Do you think she will come to meet you then?" Long Hui glared to Ren Qian Yi.

"Relax Bro. I'm just kidding." Ren Qian Yi held back the demon lord.

"I just come to see him since it will be hard to see him later." Yu Qi told Ren Qian Yi.

"Eh??? Why?" Ren Qian Yi did not understand.

"I'm going to Guanying City for my internship." Yu Qi said.

Ren Qian Yi blinked several times. He then looked at Long Hui. Ren Qian Yi wore an odd expression.

"Oh, I see. Have you already told Second Brother about this?" Ren Qian Yi asked Yu Qi while his eyes were still on Long Hui.

"Yes. I have been telling him just now." Yu Qi nodded.

"Oh... I see..." Ren Qian Yi just grinned to Long Hui.

Long Hui was just silent without saying anything.

"By the way, what are you going to do after this?" Ren Qian Yi asked.

"Well, if possible, I want to spend the day with Brother Hui." Yu Qi glanced at Long Hui.

"Of course. You can." Long Hui said gently to Yu Qi.

"But you must have some work to do, right?" Yu Qi did not want Long Hui to neglect his duty.

"No... No...No... I have really already finished my work for today." Long Hui said.

"Is he telling the truth?" Yu Qi did not ask Long Hui but Ren Qian Yi.

"Eh..." Ren Qian Yi did not know what to say. Then he received a sharp glare from Long Hui. He immediately understood what to say. "Second Brother has already finished his work. Sister in law, you know how his character is. He is the same as yours. He will tell you if his work is still unfinished and ask you to wait while he finishes all the work."

Long Hui nodded hearing Ren Qian Yi's words. Yu Qi heard Ren Qian Yi's explanation and thought about that.

'That's right. He is someone who will not neglect his work.' Yu Qi thought.

"Yu Qi?" Someone called Yu Qi.

Yu Qi turned around and looked at the voice that had called her. She recognized the face. She stood up and greeted her. "Sister Guan Ye."

"What are you doing here?" Ding Guan Ye asked. Then she saw Long Hui. "Oh, you are meeting with Colonel Long. What a stupid question to ask you."

Yu Qi just smiled shyly to Ding Guan Ye. She changed the topic. "How about Na An? Have you contacted her?" The topic was about Ding Guan Ye's sister.

"Yes. She said she was working part-time since she has 4 weeks of break before going for her internship at Tang Private Hospital. By the way, where are you going for your internship?" Ding Guan Ye's turn to ask.

"I have applied for Guanying General Hospital." Yu Qi said.

"Oh, I see. A border city. You need to be careful then, since there have been some cases involving young girls. They are being kidnapped." Ding Guan Ye advised.

"Don't worry Sister Guan Ye. I will be careful." Yu Qi nodded accepting Ding Guan Ye's advice.

Ding Guan Ye wanted to talk more but she had received a glare from Long Hui. She understood. So, she excused herself first. She did not want to die at this moment yet.

"So, Brother Hui, you can leave the camp?" Yu Qi sat back and asked Long Hui.

"Yeah. But I still have to come back today." Long Hui answered honestly. He could not leave for a long time.

"I see. So, let's have a short date for today." Yu Qi suggested.

"Okay." Long Hui quickly agreed.

"You want to toss me, right now?" Ren Qian Yi looked at Yu Qi and Long Hui.

"What? Do you want to follow?" Long Hui glared to Ren Qian Yi.

"No... No... No..." Ren Qian Yi immediately shook his head. He did not want to be fed with dog food.

"Good." Long Hui said coldly to Ren Qian Yi before turned to Yu Qi with a gentle smile on his lips. "Let's go, Qi Qi. Don't waste our time here."

Yu Qi nodded and left with Long Hui.

Ren Qian Yi looked at the couple. "Toss me after I have helped you. What a friend." He mumbled and left the cafe too.

Chapter 652 - 652: Seeing The Sunset Part One

Both of them walked to the car. Long Hui wanted to use his car when suddenly Yu Qi told that there was no need for that since she had brought her car.

Entering the car, Long Hui suddenly leaned over and gave a quick kiss. Caught off guard, Yu Qi was surprised.

"This time, we can kiss, right? No one is here." Long Hui smirked putting a childish expression on his face.

Yu Qi did not expect that he would use that. Long Hui leaned over once again. This time, not a quick kiss but a long and breathtaking kiss.

Yu Qi could feel that Long Hui's tongue played around with her tongue. Long Hui, putting his hand behind Yu Qi's head pulled her closer. Yu Qi could not help but m.o.a.n.

"Ah~~~" The sweet voice that Long Hui had been waiting from Yu Qi.

Long Hui released Yu Qi from that kiss. Yu Qi breathed quickly gasped for air. While Long Hui smiled as his eyes did not move from his beloved Qi Qi.

"Thank you for the kiss. It is very sweet." Long Hui said.

"Hmm..." Yu Qi nodded. She also felt good after that kiss.

"By the way, where are we going for our short date?" Long Hui asked. Actually, he just wanted to enter Yu Qi's space and cuddle in the space since the time would pass slower than outside. But he respected Yu Qi's request.

"Hiking." Yu Qi answered.

There was a new hiking path which had been opened for the public. Shiwa Town had many mountains. Every mountain was preserved by the government. In order to make the income of the mountains, the government opened some path that led to the top of the mountains without making a lot of damages.

"Oh, okay." Long Hui agreed.

"But your clothes are not suitable for the activity. We have to go and change clothes after arriving at that place." Yu Qi asked.

"But I haven't brought any clothes with me." Long Hui said.

"Brother Hui, have you forgotten about my space?" Yu Qi grinned.

"Oh, yeah. That's right." Long Hui clapped his hand once.

So, they went to the mountain, they wanted to have hiked on. It was not far from the military camp. Only about fifteen minutes away from the military camp.

In the parking lot, there were several cars parked there. Yu Qi looked around. After confirming that there was nobody around, Yu Qi pulled Long Hui into her space. n)/o/)v(-E--L((b--l-.n

"Master..." Only Bo Ya was there.

Long Hui looked around.

"What are you looking for?" Yu Qi noticed that he was looking around.

"That dog, he is not here?" Long Hui was looking for Aoi. He could not see him. Only the small boy was here.

"He is not here. I have left him at Grandpa's house." Yu Qi answered.

"I see." Long Hui nodded.

"By the way, let's change clothes first." Yu Qi pulled Long Hui to follow her.

Long Hui just followed Yu Qi to her room. Arriving at Yu Qi's room, she took a bag and gave it to Long Hui.

"Change into this." Yu Qi ordered.

Long Hui looked at the bag. "Can I change here?"

"No. Go and change them in your room." Yu Qi quickly answered. She did not want to take the risk to let him change his clothes in her room. Something else would happen other than changing clothes. Long Hui laughed while walking to his room.

After Yu Qi had finished changing her clothes too, she got out from her room. Then, her eyes had been served. The man just stood there with hiking clothes, looked very handsome. It looked like the exact scene that she had imagined when she wanted to buy the clothes.

Actually, the clothes were chosen by her. She followed her two aunts for shopping. She did not have any intention to buy the clothes until she spotted those hiking clothes.

She was imagining Long Hui in those hiking clothes. She stared at the hiking clothes so intensely that even his aunts and the staff of the shop noticed it.

When her aunts noticed that, they began to tease Yu Qi by telling 'Long Hui may look handsome in these clothes' several times. They told her to buy it. Of course, they also asked Yu Qi to buy the hiking clothes for herself too. They said that Yu Qi and Long Hui could wear the same clothes. The clothes for a pair.

After she had been convinced by her two aunties and also by the staff of the shop, she ended up buying the hiking clothes not only for Long Hui but for herself too.

So, she made the plan to go hiking so that they could make use of these hiking clothes. And the result was great. Her Long Hui looked very handsome in these clothes. It looked very refreshing.

"Satisfied with what you see?" Long Hui smiled.

"Yes." Yu Qi answered honestly.

"Since you are honest, I will give another kiss." Right after Long Hui said that he leaned over and kissed Yu Qi again. But it was not long. "Let's go hiking."

Yu Qi coughed. She actually wanted the kiss to be longer. But they already had the plan. And the plan suggested by her, she could not abort that.

Yu Qi held Long Hui's hand and got out from the space. They were back in the car. The car's glasses were tinted so, outside people could not see inside the car unless they tried to.

Chapter 653 - 653: Seeing The Sunset Part Two

Both of them got out from the car.

"Let's warm up first." Yu Qi said.

"Okay." Long Hui just followed his beloved Qi Qi even though he did not need to warm up.

After 10 minutes of warming up, they went to the path. There were also some people who just wanted to start too. And of course, they also looked at Yu Qi and Long Hui.

There was a group of girls who were also at the starting point.

"Hey, look at that man. He looks very handsome in that attire. I bet he looks good in other attires as well."

"Yeah. You are right. He looks very handsome. I have not seen such a handsome man like him."

"I wonder if he is already married or in a relationship."

"You idiot. Look at the girl. The one who is wearing the same attire as that man. She must be his girlfriend. Do you think such a good looking man will not have a girlfriend? How naive."

This time, the group of men were talking.

"That girl is so cute."

"You can go and try to talk to her."

"Who's know if you can get the girl."

Long Hui heard the sentences that the men had been talking. While Yu Qi was also focusing on the girl group's talking. Hearing the girl and man wanted to convert their man and woman, Yu Qi gave a sharp glare to the girl group while Long Hui turned towards the men giving a murderous look.

The girls and men stepped back feeling their life had been threatened. Yu Qi took Long Hui's hand and held it as she was showing off to the girls. Long Hui chuckled when Yu Qi behaved like this. His beloved Qi Qi had been so cute when she acted like this.

So, they started hiking. The path was not so hard. There had the step and holding bar to make hiking easier and to support the hiker while climbing up.

As for the one that was used for running for a quite distance in the morning and as for a soldier, Long Hui and Yu Qi felt like they were just walking around.

Sometimes, they could see some squirrels and monkey who walked and hanged out on the trees. They did not talk much as they enjoyed being with each other in silence.

The walking to the top of the mountain took about one and half hour. The top of the mountain had been renovated. There were toilets and some benches where the hikers could sit after a long walk.

The scene was very beautiful. They could see the scenery. Actually, Yu Qi wanted to bring Long Hui to see the sunset. She had read in some article about seeing the sunset from the mountain at Shiwa Town.

Since that, she wanted to come and see the sunset with Long Hui. They just needed to wait for a half-hour to see the sunset. So, they chose to sit on one of the benches.

"Beautiful, isn't it?" Yu Qi looked around admiring the scene.

"Hmm..." Long Hui said.

"I want to travel around the world and see beautiful places. Of course, with you." Yu Qi smiled.

Long Hui was thinking about something. Yu Qi looked at Long Hui when he did not respond. She saw Long Hui was thinking about something.

"Brother Hui, what are you thinking about?" Yu Qi pouted.

"Qi Qi, have you gone on a date with that bastard in your past life?" Long Hui suddenly asked about that.

Yu Qi was silent for a moment and busted to laugh.

"Brother Hui, are you thinking about that?" Yu Qi asked after she stopped laughing.

"I can not help to feel jealous as he was your fiancée once." Long Hui sighed.

Yu Qi kissed Long Hui's cheek. "Brother Hui, you don't need to worry. Even though I was his fiancée but I had never gone on a date alone since someone also followed us."

"Followed you?" Long Hui did not understand.

"Yeah. That Fung Meng Xuan. She also followed us. At that time, I just thought that she wanted to hang out with us but actually, she did not want her boyfriend to be alone with me." Yu Qi chuckled.

"Qi Qi, don't worry. I will not cheat on you." Long Hui made a promise.

"If you cheat on me, I will kill that woman and you." Yu Qi just laughed.

"I will not give you that chance." Long Hui replied.

Then Yu Qi stood up. The scene in front of her was very beautiful. She could see the blue colour of the sea turning to gold colour.

"Brother Hui, look at that. It is very beautiful." Yu Qi called Long Hui.

"Yeah. Beautiful." Long Hui agreed.

"I'm happy that I can see this beautiful scene with you." Yu Qi said.

"Me too." Long Hui put his hand on Yu Qi's shoulder and pulled her closer to him.

Yu Qi also put her hand on Long Hui's waist as she leaned over and put her head on Long Hui's shoulder.

Both of them enjoyed the scene in silence. Not long after that, the sun disappeared and the moon appeared

"We need to go down now. You need to return to the military camp." Yu Qi said.

"If I don't need to return to the camp, I can stay with you longer." Long Hui sighed.

"Nope. You can't. You can't neglect your duty. The man I love will not do such things." Yu Qi said.

"Okay... Okay... Let's go down." Long Hui smiled. The lady also told him that, he could not ignore it.

So, they went down. There was light along the path. The government did spend a lot on this.

They walked down faster than they walked up. Only one hour, they had already reached the bottom of the mountain. They entered the car and left the place.

Fifteen minutes later, they arrived at the military camp.

"I will go for a mission for one week." Long Hui made a sad face.

"Don't worry. We will see each other again. I hope that you can take care of yourself. Don't get hurt too much. If you get hurt, rest until you heal. Don't force yourself too much, okay." Yu Qi placed her hand on Long Hui's cheek.

Long Hui put his hand on Yu Qi's hand. "I will try my best not to get hurt."

Yu Qi gave Long Hui's a quick kiss. "It is already late. Go back." Yu Qi pulled Long Hui.

"Okay... But I will claim the kiss again." Long Hui chuckled.

Long Hui got out from the car and walked slowly and entered the military camp. He was saluted by the soldiers who were guarding the entrance.

"Colonel Long."

"Hmm..." Long Hui replied and passed the entrance.

He did not expect that he would see Ren Qian Yi.

"Second Brother... Wait, oh!!! You are wearing different clothes. Where have you gone?" Ren Qian Yi inquired with a smirk on his face.

"Humph!!! I don't need to tell you." Long Hui just walked over.

"Stingy. I just want you to share some stories." Ren Qian Yi said.

"Get lost." Long Hui ignored Ren Qian Yi after that.

Chapter 654 - 654: Leaving For Guanying City

Entering her ryokan using the back door, Yu Qi managed to sneak into Chui Mei Fung's room. She knocked on the door. Then she heard a voice from the inside telling that she could enter the room.

"Konichiwa." Yu Qi greeted Chui Mei Fung in Japan Language.

"Oh, Miss Yu Qi." Chui Mei Fung asked. "Are you on a holiday?" Chui Mei Fung knew that Yu Qi was a medical student.

"Yeah. I have come and just want to see how the business is." Yu Qi said.

"Miss Yu Qi, our ryokan has been fully booked for the next six months." Chui Mei Fung said proudly.

"Wow, that's amazing." Actually, Yu Qi did not pay much attention to the ryokan. So, when Chui Mei Fung said the ryokan was fully booked for the next six months, she was very surprised.

"It is because of your aunties too, Miss Yu Qi." Chui Mei Fung said.

"My aunties?" Yu Qi tilted her head.

"Yeah. Your aunties had been promoted to this place among her friends." Chui Mei Fung explained.

"I see. So, is there any problem regarding the manpower?" Yu Qi asked.

"For now, there is enough staff to do all the work. As for the future, we still don't know about that. I will pay attention to that." Chui Mei Fung nodded.

"You can discuss with Brother Yu Hi about that. I may be busy for one year." Yu Qi said.

"Eh, do you plan to open the new business?" Chui Mei Fung suddenly asked.

"Well, I do plan that but that is not the things that will make me busy. I will start my internship as the doctor for one year at Guanying General Hospital." Yu Qi explained the reason.

"What Guanying General Hospital? It is a border city. The lifestyle is not good either. I think your family have a private hospital. Why don't you apply for the internship there?" Chui Mei Fung knew Guanying City.

"Well..." Yu Qi scratched her check slowly. "I want to be recognized by my own skill, not from my family's name. That is why I'm applying for Guanying General Hospital."

Chui Mei Fung blinked several times while looking silently at Yu Qi. Then, she chuckled. "Miss Yu Qi, you are really amazing." Usually, people would take advantages with what they had and use it to improve themselves. But the girl in front of her was different.

...

"You really want to send me there?" Yu Qi asked.

The people in front of her were her big brother, Tang Han Lee, Tang Jin Wei and her two aunts. Aoi was put in the cage and placed in the bonnet of the car. n-**O.-v)-e/-l)(b.)**1.-n

"Yeah." Tang Jin Wei nodded. "It is a coincidence that I have a day off today."

"Really?" Yu Qi turned to Tang Jin Wei.

Tang Jin Wei turned away. His eyes were swayed from right to left. Yu Qi chuckled.

"Yu Qi, you are still don't have a place, right?" Auntie Ming Yue asked.

"Actually, I already have Brother Yu Hi to look a place for me. It is cheap and near the hospital." Yu Qi smiled.

"What about the furniture?" Auntie Su Xiao's turn to ask

"I think I will buy them there." Yu Qi answered.

"That's it."

Both of her aunts shouted at the same times. Yu Qi and their sons and nephew were shocked.

"Mum, why are you shouting like that?" Tang Jin Wei rubbed his ears. His mother and aunt had shouted right into his ear.

"Yu Qi, we will choose the furniture." Auntie Ming Yue said happily.

"No need for that." Yu Qi shook her head. "I just need to buy a bed. That will be enough." Yu Qi just wanted to purchase a bed since she knew she would not spend her time in the house. She may spend her time either in her space or at the hospital. So, buying other furniture will be a waste.

"That will not do." Auntie Su Xiao rebuked it.

"The house must be completed. Otherwise, it is bad for you." Auntie Ming Yue nodded agreeing with Auntie Su Xiao.

"That's right. We will check out the house first and decide what furniture we will buy. But for now, let's departure first. We will be arriving very late at night if we don't depart now." Auntie Su Xiao said ending the argument that Yu Qi wanted to said to them.

"Yeah. Let's go." Tang Han Lee also agreed with that.

They went by two cars. One of them was Yu Qi's car. The car would be used by Yu Qi at Guanying City. The drivers were Tang Han Lee and Tang Jin Wei. Yu Qi took Tang Han Lee's car. Since Yu Qi took Tang Han Lee's car, of course, the two aunts took the same car as Yu Qi. Leaving Tang Jin Wei alone in another car.

"Why am I alone?" Tang Jin Wei asked.

"I want to be with Yu Qi." His mother and aunt said.

Tang Jin Wei rolled his eyes to both of them. Then he sighed. He would never win against the two queens. And the two queens spoilt the princess very much.

Yu Qi winked her eyes to Tang Jin Wei. Tang Jin Wei looked at Yu Qi. 'You little...'

This time, the journey took a long time. It was about twelve hours of driving. Of course, they stopped and took a lunch break. Yu Qi wanted to rotate the drive but Tang Han Lee did not allow her to do so by saying he was still okay.

After arriving at Guanying City at midnight, they went to the hotel that Tang Han Lee had booked. Tang Han Lee really planned to send Yu Qi here since he already booked the hotel before. Yu Qi and her two aunts stayed in the same room as for Tang Han Lee and Tang Jin Wei, they were in the same room.

Chapter 655 - 655: Renovation

They were in the house where Yu Qi would stay for one year. Both of her aunts inspected every corner in the house.

And they came into the conclusion. "This house needs to renovate. A girl needs a suitable house to stay in."

"But, I don't think that I will spend a lot of time in the house. I probably will stay at the hospital at most time. So, there is no need to renovate the house." Yu Qi did not want both of them to waste money on that.

"No... No... No..." Her aunts shook their heads. "We need to renovate. No objection will be accepted."

Tang Jin Wei came closer to Yu Qi and whispered to her. "If they are already like this, you can not object anymore. Just accept it. Since they will do whatever they want."

"Really?" Yu Qi asked.

"Yeah." Tang Jin Wei nodded.

Tang Han Lee also heard that and nodded. His mother and his auntie would just do it.

"But renovating it will take a lot of time." Yu Qi said to both of her aunts, still wanted to convince her aunts for not doing the renovation.

"Don't worry about that. We can solve it. So, for now, let choose the colour theme." Auntie Ming Yue decided what to do next.

"Yeah." Auntie Su Xiao agreed.

Yu Qi sighed. She finally gave up. She would just follow her aunts.

"Oh, both of you can return to FINN City first." Auntie Ming Yue said to her sons.

"Mum, what are you talking about?" Tang Jin Wei asked.

"We are staying here for a few days. Both of you need to go to work tomorrow right?" Auntie Ming Yue grinned.

Tang Jin Wei seemed to remember that he just got one day off. So, he would report to duty the next day. He turned to his brother. "Big Brother, you too?"

"Yes." Tang Han Lee nodded.

"But how do you want to return?" Tang Jin Wei asked his mother.

"Don't worry. We call Bulter Hwang and ask him to send us a driver here." Auntie Su Xiao helped Auntie Ming Yue to answer that question. nDre/Lb.In

"You have already planned it, right? To stay here for a few days." Tang Jin Wei glanced to his mother and auntie.

"That's right." Both of them did a high five.

Tang Jin Wei, Tang Han Lee and Yu Qi were speechless.

Tang Han Lee and Tang Jin Wei departed already. They did not want to arrive too late since they needed to go to their work the next day.

Meanwhile, Yu Qi was pulled by her aunties to go to the furniture shops next to Guanying City since Guanying City did not have a furniture shop at all. Following them was an interior designer, Miss Zhong Ji Ye.

Coincidentally, this interior designer was a disciple of the interior designer that worked for designing her mansion and ryokan.

"I have heard a lot from my teacher, Miss Tang." Zhong Ji Ye said.

"How is Madam Wong? Is she in good health?" Yu Qi asked.

"My teacher is good. She is still working hard." Zhong Ji Ye chuckled. "I hope my work satisfies you."

"Well..." Yu Qi looked at her aunties that excited to choose the furniture for her.

"Hahaha... I guess the client is these aunties, right?" Zhong Ji Ye guessed.

"Yeah." Tang Yu Qi nodded.

Auntie Ming Yue heard that and turned. "It is for her house."

"Madam, don't worry. I can guarantee that Miss Tang will be satisfied with my work." Zhong Ji Ye grinned.

They began to choose the furniture that was suitable for the colour theme and house. Yu Qi gave her opinion since Auntie Ming Yue, and Auntie Su Xiao asked her. The basis furniture had already been selected, waiting to be put into the house.

They returned to the same hotel where they had stayed yesterday for the night. Even though her aunties were already in the middle age but they were still energetic. Somehow Yu Qi was wondering where did they get the energy from.

Zhong Ji Ye began to design the house. Where did she want to change... What did she want to add... Everything. After that, she started to order manpower to paint the house according to the colour theme that Yu Qi had chosen. They worked very fast. After two days, the house was painted completely.

Then, the furniture had been arranged for their place accordingly. Then the fourth day, the renovation was completed.

Auntie Ming Yue, Auntie Su Xiao and Yu Qi stood inside the house and looked around. Auntie Ming Yue and Auntie Su Xiao looked very satisfied with the renovation.

"How is it?" Zhong Ji Ye asked.

Auntie Ming Yue gave a thumb up to Zhong Ji Ye. "Good job."

"Nice." Auntie Su Xiao nodded.

"Do you like, Yu Qi?" Auntie Ming Yue asked.

Auntie Su Xiao also looked at Yu Qi with expectation.

"Hmm... I like it. Thank you." Yu Qi smiled.

"I'm having so much fun when you are around, Yu Qi." Auntie Su Xiao said.

"Yeah. This happens when you have a young girl in the family, right?" Auntie Ming Yue also agreed with Auntie Su Xiao.

"But the fun will over tomorrow..." Auntie Su Xiao sighed.

"Aunties, it's not that we will not see each other again, right?" Yu Qi assured her aunties.

"Yeah. Right. We can come to accompany you sometimes, right?" Auntie Ming Yue looked at Auntie Su Xiao asking her opinion.

"Yeah. That's a great idea." Auntie Su Xiao clapped her hands once.

"Eh... Uncles may not like that." Yu Qi said.

"Humph!!! Who cares about these old men? They like to work all the time. So, they can work all the time." Auntie Ming Yue said.

"Say who like to call her husband asking where is he? " Auntie Su Xiao laughed.

"Su Xiao... You!" Auntie Ming Yue's face was red.

Yu Qi and Auntie Su Xiao, even Zhong Ji Yue who was together with them were laughing.

Chapter 656 - 656: Reporting For Internship

"Miss Tang," The director of the Guanying General Hospital greeted Yu Qi.

They were in the cafe. Yu Qi ordered some tea for both of them.

"Director Zheng." Yu Qi nodded replied to the greeting from Zheng Je Wi.

"It is an honour that you have come to our hospital for an internship." Zheng Je Wi said.

"No. It is my honour that you have accepted me here." Yu Qi replied.

Zheng Je Wi looked at the girl in front of him. The way she carried herself really shown that she came from the noble family.

"According to my information, you will start your internship in a few days, right?" Zheng Je Wi asked.

"Yes. Actually, I have called you because I have something to ask you." Yu Qi drunk the tea.

"What is it, Miss Tang?" Zheng Je Wi was curious about that.

"I hope that you don't spread that I'm Dr Tang Jiang Man's granddaughter." Yu Qi stated.

"Eh, why?" Zheng Je Wi asked.

He did not understand why this girl wanted to hide the noble identity. She should be proud of it. And the hospital would have some fame since the granddaughter of Tang Jiang Man came to Guanying General Hospital for her internship.

"I just don't want to attract too much attention since I'm going there for an internship. I don't plan to seek fame. And also I want to get people to acknowledge me for my skills not because I'm Tang Jiang Man's granddaughter." Yu Qi explained in long words.

Zheng Je Wi blinked several times while looking at Yu Qi. He really did not expect that the thought had come from a young girl.

"Okay. I understand. I will inform others that know about you so that they can keep quiet." Zheng Je Wi nodded.

"Thank you, Director Zheng." Yu Qi bowed. "I need to excuse myself first, Director Zheng."

"Oh, okay." Zheng Je Wi nodded several times.

Yu Qi left the cafe. She seemed to notice that there were several eyes that were watching her meeting with Zheng Je Wi. However, she ignored them since the cafe was packed with people at that time.

....

She looked at the sign that stated 'Pediatrics'. It was the first department that Yu Qi had been assigned to. She needed to report to the Head of Pediatrics Department first.

"Excuse me, I'm Tang Yu Qi. I'm here for my internship. May I know where is the Head office?" Yu Qi asked one of the nurses at the registration table.

"First year resident?" The nurse asked.

"Yeah." Yu Qi nodded.

"I think Professor Su is not available right now. You can report to Doctor Lan. He is the one in charge of first year resident." The nurse said.

"May I know where is he right now?" Yu Qi wanted information.

"He may be in his office right now. Let me show his room." The nurse stood up from her chair.

"Thank you." Yu Qi smiled.

The nurses were stunned when they looked at that smile. The smile was very beautiful.

"Sis..." Yu Qi called the nurse who had wanted to show her the way as she saw that the nurse did not move at all.

"Oh, sorry. Let's go." The nurse regained her senses. Most of them did.

The nurse and Yu Qi walked away from there.

"Do you see that?"

"Yeah."

"Your department will surely be famous after this."

"Even I'm mesmerized with her smile. Am I crazy?"

"Hahaha... You are not. I think her smile is mesmerizing."

The nurses talked among themselves after Yu Qi had left.

"Sis, I'm Tang Yu Qi." Yu Qi introduced herself to the nurse that led the way.

"Oh, I'm Shing Yu Ten. You can call me Nurse Shing." Shing Yu Ten introduced herself. n..o()v--e/.I--b((1-
/n

"Okay, Nurse Shing." Yu Qi smiled.

Shing Yu Ten stunned once again. 'This girl, does she know that her smile is very stunning?'

"Yu Qi, why are you here?" Shing Yu Ten asked.

"There are a lot of people who have asked me that question. Well, what can I say... It happens that way." Yu Qi scratched her cheek.

Shing Yu Ten nodded. 'This girl must have chosen another hospital but have not been selected by that hospital. So, she has ended up in this hospital.' Shing Yu Ten had drawn the conclusion for Yu Qi.

Yu Qi did not know that she had been misunderstood by Shing Yu Ten. Well, even if she knew, she would not say anything to correct her. She would let her skill to talk.

They arrived in front of one room. Shing Yu Ten knocked on the door.

"You may enter." There was a voice asking them to enter.

"Doctor Lan, someone wants to see you." Shing Yu Ten said.

"Who?" Doctor Lan looked up.

"First year resident." Shing Yu Ten said.

"I'm Tang Yu Qi. Looking forward to working with you, Doctor Lan." Yu Qi bowed while introducing herself to the doctor.

"You are the first year resident?" The doctor asked.

"Yes." Yu Qi nodded.

"Oh, okay. I'm Lan Duan Cai. You can call me Doctor Lan. I'm in charge of first year residents." Lan Duan Cai nodded. "You will start your internship tomorrow. As for today, Nurse Shing will show you around."

"Yes, Doctor Lan." Yu Qi nodded.

"I have other work to do. Get out." Lan Duan Cai shoos them.

Shing Yu Ten just smiled. Yu Qi followed Shing Yu Ten out.

"Doctor Tang, I will show you around. As you know, this is the Pediatrics Department. We are dealing with children. I hope you have a lot of patience while dealing with the children. Since some of the children are mischievous. Some of them prank us but nothing is serious since it is funny." Shing Yu Ten explained while laughing.

"You seem to be good with children, Nurse Shing." Yu Qi assumed.

"Of course. I love children very much." Shing Yu Ten nodded.

"I see..." Yu Qi smiled.

Shing Yu Ten brought Yu Qi to visit all the rooms that a doctor would use in the Pediatrics Department.

Chapter 657 - 657: Arrogant Person

She began her new life at Guanying General Hospital. Her work started at seven a.m. First Yu Qi would go to see her patients prior to the "rounds" to check on the results of the diagnostic tests and to see how they are responding to therapies.

Next was the "rounds" with the team. Oh, "rounds" meant you walk around each patient to discuss his or her case. A team usually consisted of several interns, an upper level supervising resident, and an attending or teaching physician. They took care of a specific group of patients.

Suggestions on further diagnostic tests and treatments were the usual topics of discussion. After rounds, Yu Qi might return to see some patients study their cases in more depth, do whatever procedures needed to be done, talk to the patient's private physician and so on.

Usually, there was a lecture or conference at some point in the day. At the end of the day, Yu Qi used to sign in to the team that was "on-call" in the night. This was done to tell them about either all your patients or the ones that may run into trouble that night.

She was not alone for the internship though. Ah Kean, Ming Gu Su, Jin Suk Ye had also begun their internsh.i.p.s together with Yu Qi. Ah Kean was very friendly, while Ming Gu Su was just a person that did not like to talk and lastly, Ji Suk Ye was very arrogant.

She was arrogant since one of the top management was her relative. She was looking down at other first-year residents since they did not have anyone at this hospital, especially Yu Qi.

"My uncle is one of the top management. If I have to pass this internship, that will be very easy for me. But I don't want to be like that." Ji Suk Ye said it proudly.

The other first residents looked at each other without saying anything. They did not know what to reply to Ji Suk Ye. As for Yu Qi, she was too lazy to talk about that.

However, Ji Suk Ye became quiet when she had been scolded by Lan Duan Cai. She administered the wrong medicine to a child. She was confident that medicine was the right one.

Fornatunely for the child, Yu Qi noticed the changes in the child. The child started to cry and placed her hand on her stomach, and was crying due to pain.

Yu Qi acted faster. She asked some of the nurses to hold the child, not letting the child move. Yu Qi sealed some acupuncture points that made the pain to get smoothed.

She then asked the nurse to let the child drink some medicine. The medicine would allow the child to throw up everything inside his stomach. The child began to throw out everything in his stomach.

After that, the nurse gave a nutrient IV drop to the child, the child fell asleep. Yu Qi took a relief breath after she saw the calm and naive looking child having sleep.

Ji Suk Ye was trembling when the entire thing had happened. Yu Qi just glanced to Ji Suk Ye. She did not say anything.

"It is not my fault." Ji Suk Ye dared to talk something like that.

"Doctor Ji, you need to be more careful and confirm the medicine with the nurse before administering it to the child. Luckily Doctor Tang has handled the child fast, otherwise, the child may have lost her life." A senior nurse talked to Ji Suk Ye when she heard Ji Suk Ye who had kept telling that it was not her fault.

Ji Suk Ye glared to the senior nurse. "Shut up."

The senior nurse was shocked when Ji Suk Ye shouted like that to her. She was working for a long time. She did not have a first year resident shouted at her like that before.

"I have heard about Doctor Ji before. As the rumour, you are really arrogant." The senior nurse commented.

Ji Suk Ye could not handle it anymore. She ran away from that place.

"Doctor Tang, you are proficient in acupuncture." One of the nurses said. The topic had already turned to Yu Qi.

"Not really, I have just learnt some from my grandpa." Yu Qi answered.

"Your hands are surely fast in placing the needles on the points." The nurses continued.

"She has been indeed thinking fast to save the child." Another child continued.

The senior nurse already went to Lan Duan Cai to tell the incident that happened in the department.

Hearing the incident, Lan Duan Cai's anger exploded. Lan Duan Cai called Ji Suk Ye and scolded her directly. Half hour, Lan Duan Cai scolded Ji Suk Ye.

Ji Suk Ye got released from being scolded after another doctor called Lan Duan Cai. Lan Duan Cai advised Ji Suk Ye to be careful next time. He did not want the same mistake to happen.

When Ji Suk Ye got out from the room, she saw Yu Qi was standing on the registration table talking to one of the nurses. She looked angrily at Yu Qi.

Yu Qi noticed that and turned to look at Ji Suk Ye. Her blank expression on her face made Ji Suk Ye felt very very angry. After staring for a few minutes, Ji Suk Ye left the place.

"She should be grateful since you have saved her assigned patient otherwise, her skills will be questioned and will need to be evaluated." Shing Yu Ten said. She was the nurse that showed Yu Qi around.

"Never mind. Please pay attention to the patient on bed number 11. Any changes please quickly tell me or other doctors to take a look after him." Yu Qi did not after

Chapter 658 - 658: Incompetent

"Is this true?"

"Well, I don't know."

"But looking from this picture, it seems they are meeting each other."

"Sigh, how could she do something like this?"

"I have seen the girls like her. Relying on her face and doing something like this to succeed."

"But things may not like what we are thinking."

"Yeah. I don't think she will do something like that."

"Don't talk about this anymore since we are not sure about that."

"But..."

The conversation ended due to Yu Qi that walked into the registration table bringing in her file with her. Some of the nurses walked away from the registration table and some of them pretended to do their jobs.

"Nurse Yun, can you give 7.5ml Acetaminophen later to a kid on bed no. 13 later?" Yu Qi asked while looking at her file.

The nurse that had been called by Yu Qi was startled for a few moments before replying 'yes' to Yu Qi. Then Yu Qi left again going to check another patient.

After finishing her checking on the patients, Yu Qi suddenly heard some commotion at the entrance of the Paediatrics Department. Yu Qi went to see the commotion.

Yu Qi could see a family of four members rushed bringing in a kid in one man's hand. They walked towards Doctor Liu and Doctor Qian. This was the first time she saw these two doctors.

"Master Yi, Madam Yi, First Young Master Yi, Second Young Master Yi, Little Master Yi, I'm Doctor Liu. We have already prepared the best room. Please bring in Little Master Yi." Doctor Liu said with a smile.

The family followed Doctor Liu. Yu Qi's eyes never leave the kid. The kid seemed in very pain. They entered a room.

"Shan, put Little San on the bed." Master Yi ordered.

Yu Qi was standing in the corner. No one seemed to notice her and paid any attention to her. Their attention was on the kid.

Even Zheng Je Wi, the director of the hospital itself came and looked at the situation. It seemed this family was a well-known people.

"Please check Little San." Master Yi ordered the doctor.

Doctor Liu and Doctor Qian came forward wanting to check Little Master Yi. However, Little Master Yi slapped the hand that wanted to hold him. Doctor Qian was trying to check him.

"Little San tells us that he has felt that he wants to throw up and felt dizzy." Master Yi told the doctor.

The nurse came and gave a file to Doctor Liu. Doctor Liu read the information. He nodded several times. He then stepped forward.

"From what I have read, Little Master Yi had been diagnosed with abdominal migraines." Doctor Liu said.

"Yeah. Is this time the same as previous but I think it is different from last time. Little San has told me that that there is pain all over his stomach this time around not just in the middle." Master Yi nodded. It was indeed the truth.

"We can do some blood test on Little Master Yi but I think I feel this may just be a formality. In my professional opinion, it sounds like it may still be abdominal migraines. Nausea and vomiting are often symptoms of this condition. Little Master Yi has been admitted to several hospitals.

I have seen you have tried his diet control but there has been no change. Additionally, pain relief has not worked. Again in my professional opinion, I think that instead of or alongside the abdominal migraines he may be experiencing a psychogenic disease." Doctor Liu expressed his opinion. nove/**lB**(In

The room fell in the silence.

Doctor Liu seemed confident with his theory and continued. "You can refer to one of the pediatric psychiatrists here. They will gladly assist you with this case."

"Are you telling me that my little brother has a mental illness?" First Young Master Yi coldly asked Doctor Liu.

Doctor Liu gulped. First Young Master Yi surely could be cold. But he would not take action on him, right? He somehow answered First Young Master Yi. "What I have suggested can be a potential possibility. The psychological disease is thought to be a physically manifestation of mental stress or

emotional upset. It seems to be the best fit for what the little Master has been experiencing. We have never been able to confirm an underlying organic cause for his symptoms."

Yu Qi sighed. She did not know what to say about this Doctor Liu. She stepped forward. "Doctor Liu, I wonder which university that you have gone to?"

"What??? Who are you?" Doctor Liu turned to Yu Qi. He then glared to Yu Qi. "You are a first year residents, right? Don't involve in this. Just a first year resident, want to argue with me, humph!!!"

"I may be a first year resident but you are more incompetent. This kid might have been diagnosed with abdominal migraines in the past but you have to access this current admission with fresh eyes. However, you have ignored the kid and you have been too busy pandered to the kid's family and your delusion professional opinions. So how can you conclude it's a psychological illness without checking the patient's current physical state?" Yu Qi strongly expressed her opinion.

Everyone was silent when listening to Yu Qi. Coincidentally when Yu Qi was saying her opinion, Doctor Lan Duan Cai entered the room and listened to her words. He deeply agreed with her.

"So, how do you deal with this situation?" First Young Master Yi asked. His gaze was very sharp.

However, Yu Qi did not feel anything since she already got used to Long Hui's gaze. She continued to talk. "Take a full blood screen and check inflammatory markers, kidney function, and blood group. And also get a small pot for a urine sample. Hmm, we also need to do the ultrasound scanner."

Chapter 659 - 659: Matching With Someone

"So, what are you waiting for? Get going." First Young Master Yi shouted at other doctors and nurses.

They quickly get the order done.

"First Master Yi, do you want to listen to this first year resident? She does not have much experience." Doctor Liu said.

"Her method is better than you." First Young Master Yi glared to him.

Doctor Liu broke into a cold sweat. He then kept his mouth quiet.

"If you think I'm still not experienced enough, we can have Doctor Lan handle it. I am sure that he is experienced enough, then." Yu Qi replied.

Doctor Lan Duan Cai was stunned for a second and did a fake cough. "Okay."

Doctor Lan Duan Cai stepped forward to check Little Master Yi. Somehow Little Master Yi still snapped the doctor's hand.

"Your name is Little San, right? We are the doctors. He is trying to figure out what makes you feel pain? Can you cooperate now? A good kid like you will get a reward soon." Yu Qi smiled gently to Little Master Yi.

Little Master Yi nodded shyly to Yu Qi. Seeing the kid had finally calmed down, Doctor Lan Duan Cai started to check him.

"Little San, I'm Doctor Lan. I'm going to ask you a few questions and then I'll do an examination and run some tests. If you have any questions don't be afraid to ask." Doctor Lan said.

"Yes." Little San replied in a weak voice.

"When did the pain start?"

"2 hours ago."

"Where is the pain?"

"All over my tummy."

After 3 minutes, the doctors and nurses came back with the equipment.

"I'm going to have to look at your tummy now. If it hurts anywhere or feels uncomfortable let me know." Doctor Lan Duan Cai told Little Master Yi.

"Okay."

Yu Qi assisted Doctor Lan Duan Cai. "McBurney's sign present, positive Rovsing sign..." Yu Qi mumbled.

Doctor Lan Duan Cai could hear that since she was nearby him. He did not say anything and proceeded to the next tests which were ultrasound and blood.

....

Doctor Lan Duan Cai looked the result tests that had been conducted. Little Master Yi's family, especially Madam Yi looked very worried.

"Doctor Tang, what is the diagnosis and treatment for someone who has widespread abdominal pain, McBurney's sign, receive Rovsing sign, temperature rise, arise WBC, especially neutrophilia and arise CRP?" Doctor Lan Duan Cai suddenly asked Yu Qi.

"Acute appendicitis, laparoscopic appendectomy." Yu Qi spontaneously answered without thinking for a second.

Doctor Lan Duan Cai started to explain the diagnosis of appendicitis, the management and treatment options to the family.

"Okay, we will do as Doctor Lan say." Master Yi nodded.

"As for you, Doctor Liu, let's move to another location." First Young Master Yi looked at Doctor Liu.

Doctor Liu swallowed non-existence saliva. He started wishing that the ground would swallow him whole.

"You can handle it by yourself. I want to accompany Little San here." Elder Master Yi waved his hand to First Young Master Yi.

Yu Qi was also not interested in Doctor Liu's matter. So, she wanted to leave the room to settle her own job.

"Wait..."

Yu Qi stopped when someone stopped her. She turned to the voice. It was Elder Madam Yi.

"Thanks, Doctor..." Elder Madam Yi inquired her name.

"I'm first year resident, Doctor Tang." Yu Qi introduced her name.

"Thank you, Doctor Tang. If not because of your interruption, I may have lost my youngest son." Madam Yi grabbed Yu Qi's hands and shook them.

"I have just pointed out something I have known. That's all." Yu Qi smiled and wanted to take back her hands.

Madam Yi suddenly looked up and down to Yu Qi. She then nodded approving her own thoughts. Seeing this, Yu Qi felt something bad might happen.

"Mum, Doctor Tang is scared when you look at her like that." Second Young Master Yi said while grinning.

"Oh, sorry. I just take a look at you. You are really beautiful." Madam Yi smiled.

"Indeed, Doctor Tang is really beautiful." Second Young Master Yi grinned.

Yu Qi just smiled. "Madam Yi, Second Young Master Yi, I have another job to do. Please excuse me."

"Okay." Madam Yi smiled.

Yu Qi finally could leave the room.

"Mum, you are thinking about something, right?" Second Young Master Yi grinned.

"What do you think about that doctor?" Madam Yi asked.

"I like her. She is very straight forward and brave. And the bonus is she is very beautiful." Second Young Master told his opinion about that doctor.

"I'm thinking of matching that doctor to your brother." Madam Yi clapped her hands.

"Oh, that matching is indeed good." Second Young Master Yi rubbed his chin. He turned to his little brother. "Little San, do you like that female doctor?"

Little Master Yi heard the question and nodded. "I like that sister. She is good."

"Do you want that female doctor to be your sister?" Second Master Yi asked his little brother.

"Humm... Humm..." Little Young Yi nodded.

"So, we need to help Big Brother in this, okay?" Second Young Master made a deal with his little brother.

"Okay." Little Master Yi agreed.

Madam Yi laughed while seeing that her sons wanted to plot against their brother. However, she did not stop them since she also wanted to achieve the same result. Thirl was very suitable for her son.

Both of them whom they had wanted to plot against sneezed.

Yu Qi rubbed her nose. 'Am I having a fever?' She had not been sick for a long time after she had been reborn, so she was not sure about this.

While First Young Master Yi also rubbed his nose. He narrowed his eyes. Someone must be thinking to plot against him.

Chapter 660 - 660: Another Scandal

As for Doctor Liu, his medical licence had been suspended for a while. First Young Master Yi asked the Director Zheng Je Wi for that. He wanted to investigate Doctor Liu's works.

As for the result, there were a lot of the malpractices in his work. Mistakes in diagnosis, taking the money from the children's parent and many more.

Director Zheng Je Wi was very shocked when he read the documents. Even Professor Su was speechless with this.

So, Director Zheng Je Wi did not soften his heart when Doctor Liu begged him for forgiveness. He immediately sent the reports to the Medical, Medicine and Health Ministry.

The Ministry made a quick decision. His medical license was revoked and he was no longer allowed to practice medicine at any place.

Doctor Liu fell on his knees as he heard that. His career was destroyed just like that. So, what would he do right now? Why did this happen?

That girl!!! That girl!!! She was the source of this. If she had not interrupted, something like this would never happen. Revenge. He needed revenge.

Yu Qi found out about Doctor Liu on the notice board. She did not expect that he was wicked.

"Everyone, no one has expected that Doctor Liu have such morals. We need to be careful since someone here is also shameless enough to seduce people's husband." Ji Suk Ye said as her eyes were on Yu Qi who was currently reading the patient's file.

Ji Suk Ye was expecting that Yu Qi would rebuke her but after a few minutes, she did not hear anything from Yu Qi. She looked straight to Yu Qi and found out that Yu Qi did not even look at her.

Yu Qi did not even hear what Ji Suk Ye said as she was focusing on the patient in her care.

Ji Suk Ye became angry then she went to grab Yu Qi's file. "Do you hear what I am saying?"

Yu Qi was startled when suddenly there was a hand that grabbed her file. She looked at the person that grabbed her file. n--OveL&1n

"What are you doing?" Yu Qi asked.

"Why are you pretending?" Ji Suk Ye mocked Yu Qi.

"What are you trying to say, hmm?" Yu Qi was straight to the point.

"You seduce people's husband just to get a place for your internship. You should be shamed on yourself." Ji Suk Ye made a disgusted face to Yu Qi.

Yu Qi stood up from her seat. Her height exceeded Ji Suk Ye's height. So, she looked down on Ji Suk Ye with a cold face. Her eyes were narrowing.

Ji Suk Ye felt it was hard to breathe. Her face changed. Her breath became short and shorter.

Yu Qi pulled off her aura. After that, Ji Suk Ye's breath improved.

"Do you mind telling me that?" Right now, Yu Qi was smiling but her sharp eyes were not. She was looking at Ji Suk Ye with a predator was eyeing her prey.

"There... Was a rumour...telling... You have seduced Director Zheng Je Wi... for... An internship slot... There was also a picture... About it..." Ji Suk Ye said in a trembling voice.

Yu Qi looked at the other people. There were nurses. Ji Suk Ye already sat down as Yu Qi's eyes were on other people.

"Is there true, Senior Nurse Gong?" Yu Qi directly asked a senior nurse about this.

"Yes." Senior Nurse Gong nodded.

"Do you have the picture of it? May I see?" Yu Qi asked everyone there.

"I have stored it." Nurse Shing Yu Ten said.

Nurse Shing Yu Ten approached Yu Qi and showed the picture on her phone.

Yu Qi looked at the picture. The picture showed the scene where Yu Qi was meeting with Director Zheng Je Wi in the cafe. Where she had asked Director Zheng Je Wi to hide her true identity as the legendary doctor's granddaughter.

Yu Qi sighed. She did not except that someone was taking a picture of them together. And it was used to throw dirty water on her. No wonder she received a lot of looks recently.

"This picture was taken when I was meeting with Director Zheng. It is true that I was meeting with Director Zheng but not because I'm his lover but he wanted to ask me why did I chose Guanying General Hospital since I have an excellent result." Yu Qi started to explain.

"Excellent result? Tang Yu Qi, you should not be lying. Why would you chose this Guanying Hospital if you have an excellent result?" Ji Suk Ye was already recovering from her fear argued with Yu Qi.

"As for what reason, that I can not tell you since it was a personal reason but it is the truth." Yu Qi said coldly.

"Tang Yu Qi, you just want to hide that you are a lover of Director Zheng. Shameless woman." Ji Suk Ye insulted Yu Qi.

Everyone changed their expression. Even though they were not totally believing Yu Qi but it was not nice to insult people like that.

Although it was not long since they knew Yu Qi but they noticed that Yu Qi was a good doctor. She treated people with respect even with a janitor. She treated her patient with passion. She also helped them a lot.

That picture was probably wanted to destroy Director Zheng Je Wi's reputation by an unknown first year resident. It was a wicked idea indeed.
