Chapter 661: He Came

"Colonel, the injured soldier has just been pushed into the surgery room." A soldier reported to Long Hui.

"Hmm..." Long Hui replied.

"We will go back to the military compound. One soldier will be left here in case something happens." The soldier said.

"Good. I have something to do here. You can leave first." Long Hui gave the order.

"Yes, Sir." The soldier gave his salute and left.

Long Hui looked around. He knew that she was here at this hospital but he did not know where was the exact place. 'Hmm... I think I need to ask someone.'

Long Hui went to the front table where the patient checks in. He already could see the expression on the nurses there. It was always like this. He was annoyed but still approached them to ask.

"Excuse me." Long Hui got the nurses' attention.

"Yes, sir? May I help you?" A nurse with a blush on her cheeks offered her help.

"Where can I find an internship doctor with the name Tang Yu Qi?" Long Hui did not want to waste his time here.

The nurse was dumbfounded. She did not expect that this handsome soldier in front of her would find someone like Tang Yu Qi. Of course, she knew that first year resident, Tang Yu Qi. She was quite famous recently with her scandal seducing the Director Zheng Je Wi.

"May I know why do you want to find Doctor Tang?" The nurse asked.

"Do you know where she is or not?" Long Hui asked in a cold tone.

The nurse became scared when Long Hui asked her with that tone.

"Yes... Yes... She is in the... paediatric department." The nurse answered his question.

"Thank you." After getting his answer, Long Hui looked at the layout hospital at the wall.

The paediatric department was on his right. He walked straight toward where his beloved Qi Qi was. A lot of eyes were watching him. With that face and his attire, he looked dashing.

Turned around the corner, he would find the paediatric department. However, his steps stopped as he heard some argument.

"Tang Yu Qi, you just want to hide that you are a lover of Director Zheng. Shameless woman."

He heard everything. 'Lover of Director Zheng? Ridiculous.' He walked straight and pulled Yu Qi to his hug.

At first, the woman in his hug wanted to struggle but she became docile in instant. His beloved Qi Qi had realized who he was.

"Whose lover is she?" A domineering voice could be heard.

Everyone was shocked when they saw a dashing and handsome man with a soldier attire suddenly hug Yu Qi. And for their surprise, Yu Qi did not struggle when a stranger hugged her.

Ji Suk Ye was jealous when a handsome man hugged Yu Qi like that. So, she wanted to throw dirty water on Yu Qi's head.

"She has seduced our director to have a place of internship here. She is shameless. We have evidence here." Ji Suk Ye said.

Long Hui's murderous aura was leaking out. Everyone felt scared. Ji Suk Ye felt scared again as she stumbled and fell on the ground. Her breath became faster and shorter. She was feeling like this again.

"Brother Hui, calm down." A soft voice heard. It came from the woman in Long Hui's hug.

Long Hui calmed down but his expression was still stern.

"I have gotten this place through my hard work instead of relying on powerful people unlike someone here." Yu Qi looked at Ji Suk Ye that still on the floor. "I will ask the top management to release my information by tomorrow. You can take a look and think for yourself."

After finishing her speech, she pulled Long Hui leaving the place. She went to the corridor that was not usually used by people.

"Brother Hui, what are you doing?" Yu Qi asked. She was very very very surprised when she found Long Hui here.

Actually, she already could smell the lotus fragrance but she did not believe that he was here. After getting pulled into a hug, she realized it was not a dream that he was here.

Long Hui pulled Yu Qi back into his hug. His nose was on her neck. 'It is my beloved Qi Qi's scent.'

"I have a mission here. One of my soldiers has been injured and need surgery. So, here I am." Long Hui whispered right into Yu Qi's ear.

"I see." Yu Qi nodded. Her ear felt ticklish when being whispered so close like this.

"So, what's happening?" Long Hui referred to that time.

"Oh, that... I guess someone is using me to ruin Director Zheng's reputation." That was what Yu Qi thought.

She did not have an enemy here before this. That picture was taken when she had first met with Director Zheng Je Wi. Even though Ji Suk Ye hated her right now, she did not know Yu Qi before starting the internship here. So, there was no way that Ji Suk Ye took that picture.

Then, just one assumption left. Director Zheng Je Wi's enemy wanted to ruin his reputation. They wanted to use Yu Qi to make Director Zheng Je Wi to lose his director position.

"I see." Long Hui was not stupid. He understood.

Plotting against someone using his beloved Qi Qi was unforgivable. He needed to investigate the person behind this.

"Don't worry. I can handle this." Yu Qi patted Long Hui's back. She knew that Long Hui wanted to help her but she did not want Long Hui to misuse his power.

Chapter 662 - 662: The Wife Came

The cafe was suddenly packed with people. Usually, the cafe would be packed with the male whenever Yu Qi was there.

Some of them were nurses, patients and visitors. Even some of the doctors especially female doctors were eating at the cafe.

However, their purpose was not for eating but something else. To look at the handsome soldier.

The person involved totally ignored them. His eyes were only on his beloved Qi Qi. Why would he waste his time cared about something that unimportant was to him?

Yu Qi also did not care about them. Everyone just talked among themselves. Like her news seducing the director.

"You still have work after this?" Long Hui asked.

"Well, I'm not the on-call tonight. So, I will finish at 6 p.m at the most. Then, I will go home. Aoi and Bo Ya are waiting for me." Yu Qi said.

"Hmm... It has a long time since I have met them. Well then, I will take you home at 6 p.m. Is it alright?" Long Hui put his chin on the back of his hands while looking straight and smiling at her.

"Eh, don't you have your own job, right?" Yu Qi frowned.

"My subordinate is still injured. He is still in the operation room. After getting a confirmation from the doctor, we will return. So, I have a day before leaving to Shiwa Town." Long Hui explained.

"I see." Yu Qi had already finished eating. Fifteen minutes.

Long Hui already finished his. The soldier and doctor had the same habit that they would eat as fast as possible. They left the cafe.

"He is her boyfriend, is it?"

"They are looking so intimate."

"With a boyfriend like that, why will she go and seduce Director Zheng?"

"It is for a place of internship." *novel*

"Her results must be so bad since she needs to use such a method for getting a place for the internship."

"I'm pitying that handsome man. He has been cuckold by Doctor Tang."

Some of the nurses and doctors from the paediatric department did not agree with that assumption. From what they knew Yu Qi, she was a brilliant doctor.

Her quick-witted answer and knowledge made them speechless. After two days, they were having a difficult case. Professor Su was on a work trip.

After having two hours meeting, Yu Qi came out with a good solution that worked greatly on the patient. How could a person like her would have a bad result and could do something like that?

Sometimes, they watched Yu Qi reading something. If it was not the patient's files, there were medical books. However, they could not talk about this. Other might not believe them.

Both of Yu Qi and Long Hui separated on their way. They already promised to meet back at 6 p.m.

Yu Qi returned back on her duty. The earlier incident did not affect much on her. As long as she could prove to everyone that she got into the hospital with her ability, then it was okay.

Yu Qi had made a call to Director Zheng Je Wi about the matter. Director Zheng Je Wi was furious when he listened to the rumour. He promised Yu Qi that he would handle the matter as soon as possible.

Ji Suk Ye and other first year residents were also doing their jobs. However, Ji Suk Ye was still angry with Yu Qi, only could glare at Yu Qi that did not stand far from her. Only separated them was two beds.

The doctor who was checking the patient asked the files that Ji Suk Ye wrote just now. Ji Suk Ye was supposed to write what the doctor said for the boy's condition.

But the files were empty. Nothing was written on it. The doctor was so angry about this. He could not get angry here since they were in front of the patient fearing that it might startle them, especially in this ward. Only the children were here.

"Doctor Ji, follow me in the meeting room." The doctor called Ji Suk Ye.

Ji Suk Yu followed him.

"Doctor Ji, what are you doing here?" The doctor questioned Ji Suk Ye. He put the file on the table and continued. "I'm asking you to write what I say. But why is this empty?"

"I'm sorry Doctor Zhang." Ji Suk Ye said.

"Staring at Doctor Tang will not benefit you at all. You need to improve yourself." Doctor Zhang sighed. He knew that Ji Suk Ye was staring at Yu Qi. He had heard what happened just now.

"Pay more attention next time." Doctor Zhang added more.

Well, that did not make Ji Suk Ye happy at all. It made Ji Suk Ye to hate Yu Qi more.

A gorgeous woman maybe in her 40s walked slowly entering the hospital. The nurses were surprised about seeing the woman here. They quickly went to greet the woman.

"Madam Zheng." The nurses greeted her.

Yes. It was Madam Zheng, Su Xien, wife of Director Zheng Je Wi. She came to the hospital.

"It seems it has been a long time since I have come here, right?" Madam Zheng said.

"Yes." The nurses nodded.

They were looking at each other. They thought that the reason why Madam Zheng had suddenly came and visited the hospital. It must be the rumour first year resident.

"Can you tell me where is the direction of the Paediatric Department?" Madam Zheng asked.

The nurses had confirmed their thought. That was right. Madam Zheng had come to confront the first year resident.

Chapter 663 - 663: Speechless

"Let me lead the way." A nurse wanted to see the show, so she offered her help to show Madam Zheng the way.

"Thank you." Madam Zheng expressed her gratefulness.

They went to the Paediatric Department.

The nurse stopped and pointed to one direction. "Madam Zheng, we have arrived."

"Thank you." Madam Zheng nodded.

The nurse walked away. However, she stopped at the corner and hid while looking back at Madam Zheng. She did not want to leave before getting some tales to be told to her fellow nurses.

Senior Nurse Gong noticed that Madam Zheng was there. She knew Madam Zheng. Madam Zheng also noticed that Senior Nurse Gong was looking at her. So, Madam Zheng went to the Senior Nurse Gong.

"Good afternoon." Madam Zheng was full of smiles.

"Madam Zheng, good afternoon." Senior Nurse Gong nodded acknowledged Madam Zheng.

"Hmm... Can I see Doctor Tang?" Madam Zheng immediately stated her purpose of coming here. She did not waste any time at all.

"Doctor Tang is still doing her round. You can see her after she completes her round." Senior Nurse Gong did not lie at all.

"Okay. I will be waiting there." Madam Zheng nodded. She went straight to the waiting seat.

Nurse Shing Yu Ten approached Senior Nurse Gong.

"Senior Nurse Gong, Madam Zheng must want to confront Doctor Tang, right? Is it going to be okay, then?" Nurse Shing Yu Ten asked worriedly.

"Who knows?" Senior Nurse Gong did not want to get involved in their matter.

"But..." Nurse Shing Yu Ten wanted to ask something but Senior Nurse Gong reminded her something.

"Nurse Shing, have you already finished the work that I have asked you before?" Senior Nurse Gong asked.

"Oh, not yet." Nurse Shing Yu Ten scratched her cheek.

"Then, go and finish it." Senior Nurse Gong ordered.

After one hour of waiting, the person that Madam Zheng wanted to see finally appeared in her sight. She already knew the person.

Madam Zheng walked to Yu Qi. "Doctor Tang." She greeted Yu Qi.

Yu Qi turned and looked at the woman. She was sure that she had never met this woman. Even so, she nodded acknowledging the woman.

"Maybe, can I talk to you?" Madam Zheng asked.

"Madam, I still have some work to complete." Yu Qi rejected with a blank expression.

Everyone around was shocked when Yu Qi blatantly rejected Madam Zheng. Then they assumed that Yu Qi must know that she was Madam Zheng, the wife of Director Zheng.

"Doctor Tang, you can go and meet this madam here. You can continue your work after this." Doctor Lan Cai Duan quickly said.

Yu Qi looked at them with a blank expression and narrowed her eyes. Others were nervous.

"Okay, then." Yu Qi sighed.

"Let's go to the hospital's cafe." Madam Zheng suggested.

So, both of them walked to the cafe. Many people were eyeing at them right now. At this time, Yu Qi already could guess the identity of this woman. She sighed. Another problem... Yu Qi wished that this woman would understand that her husband did not have any relationship between them other than work.

The cafe was not packed like when lunch hour. However, there were a few doctors and nurses around.

"So, what is the matter?" Yu Qi was straight to the point.

"I have heard the rumour about you and my husband." Madam Zheng began to talk.

"Well Madam Zheng, let me tell you something. I do not have any relationship with your husband other than working at this hospital. However, if you also don't like this, please bear it for one year. I have to finish this internship program." Yu Qi explained.

Madam Zheng was blinking several times while looking at the girl in front of her. Like her friend said, this girl was aggressive. She would talk directly to the person if other wronged her. She busted into a laugh.

Yu Qi was stunned with Madam Zheng's reaction. Even the onlookers were reacting the same as Yu Qi.

"I already know that you are not in a relationship with my husband." Madam Zheng stated.

"Then, why do you want to talk with me?" Yu Qi confused.

"My friend has said that her niece is doing her internship at my husband's workplace. So, I have come to take a look at her." Madam Zheng looked at Yu Qi at a tender look.

"Your friend?" Yu Qi thought a little. "Auntie Ming Yue or Auntie Su Xiao?"

"Both of them." Madam Zheng said.

"I see." Yu Qi nodded several times.

"We have already planned to meet when they are sending you here. But unfortunately, I have something to settle outside the area. So, I don't manage to meet them. I have just returned to Guanying City yesterday. Upon returning here, I have heard this rumour from my circle of friend. They have shown me a picture, showing you and my husband meeting each other in a cafe. If Ming Yue and Su Xiao have not shown your pictures before, I may have explode." Madam Zheng explained.

"I have thought that you come here to attack me." Yu Qi chuckled.

"When I have asked Ming Yue why you have chosen this hospital, she has told me the reason. I have not expected that is your reason." Madam Zheng smiled.

"Well..." Yu Qi just scratched her cheek.

"Don't worry. The rumour is always unpleasant to hear. Ignore them and do your own work. You will be fine." Madam Zheng gave her advice.

Chapter 664 - 664: Long Hui as White Lotus

Long Hui was waiting for his beloved Qi Qi with his military jeep. His appearance attracted the onlookers in the parking lot. He constantly looked at his watch. 'Another two minutes.'

Some of the women wanted to approach Long Hui, however, after being glared by the man, they just could wait and watch the man. Even though the man was scary, but his appearance was very remarkable.

Then, a girl seemed to approach the man. The women were waiting for the man to take action for the brave woman. However, they were bounded to be disappointed when they saw the man was smiling as he welcomed the girl into his military jeep. His face was looking very gentle. The women were dumbfounded.

The person that he had been waiting for had already arrived. Long Hui immediately entered the jeep and left. The destination? Of course, Yu Qi's house. To be specific, Yu Qi's space.

Aoi was laying on his bed. Hearing his master's footsteps, he was happy knowing that his master had already returned home.

However, the happiness was only for a moment. He noticed the other footsteps did not belong to his master. After getting the smell, he knew who he was. That man! The man who wanted his master's attention. Wicked man.

He still welcomed his master's return by greeting his master as his master opened the door.

"Master, welcome home." Aoi was happy.

"I'm home." Yu Qi replied.

As for Long Hui, Aoi directly ignored the man. Long Hui did not mind at all. Yu Qi did not say anything. She just let it be like that. She did not want to force anyone to like anyone. A forced relationship would not hold so long. n)(OvE1B1n

"Let's go inside my space. We can have dinner in." Yu Qi said.

"Yeah." Long Hui nodded. It was his aim too.

Aoi nodded several times. When he entered the space he would have a friend who also disliked the man.

Bo Ya hugged Yu Qi after his master appeared. However, his eyes caught a man standing behind his master.

'Aoi, how come this man is here?' Bo Ya used his telepathy to ask Aoi.

'How do I suppose to know about it?' Aoi replied.

'This man must want to rob Master's time from us. A bad man.' Bo Ya complained.

'Yeah. Bad man.' Aoi also followed Bo Ya as both of them glared to Long Hui.

"Qi Qi, I think they are scolding me. How can they scold me?" Long Hui commented to Yu Qi while smirking at both of them. He felt that he wanted to play with the boy and the dog.

Both the boy and the dog were startled. They slowly turned to Yu Qi. They could see that their master was watching them. They immediately turned and looked at another direction and played dumb.

After that, they gave a glare to Long Hui. Long Hui put an arrogant face to both of them. In their heads, Long Hui was already being labelled as White Lotus Bitch by them.

At first, Aoi did not understand what White Lotus Bastard term meant. Well, 'bastard' was for a man. 'Bitch' was for a girl. After Bo Ya taught him and used Fung Meng Xuan as an example, Aoi finally understood that.

Yu Qi chuckled. Aoi and Bo Ya must have forgotten that she also could hear their conversation just now. She heard how they scolded Long Hui.

"Well, Brother Hui, you can go and clean up first. Aoi and Bo Ya, go and pick some vegetables and herbs. I will prepare some food for us." Yu Qi ended the thing.

Bo Ya and Aoi heard that their master wanted to cook already forgot about the whole thing. In their mind, his master's food was the top priority. Others were unimportant things.

Both of them quickly disappeared and went as their master ordered them to. Long Hui still did not leave Yu Qi's side.

"Don't you feel tired?" Long Hui worried about Yu Qi.

"Don't worry. Cooking is not tiring at all." Yu Qi smiled. "I have trained my body before." Yu Qi patted her chest proudly. The fruit of the training showed.

"That's right. We need to train your body so that we can do night exercise more, right?" Long Hui teased Yu Qi.

Yu Qi was blushing when Long Hui had mentioned about the night exercise. She understood what Long Hui had meant by that.

"Humph! You, go and clean up." Yu Qi wanted to stop blushing, so, she pouted and told Long Hui to go and clean up now.

Long Hui knew that his beloved Qi Qi was embarrassed. So, he stopped. He knew if he teased his beloved Qi Qi more, she would explode. Well, he would explode too. He would like to take her in his arm and would do some exercise. Well, of course, the night exercise. So, he left with a laugh.

Yu Qi tried to calm down. Even though Long Hui always teased her, she still felt embarrassed with that. She could not get used to Long Hui's tease. Yeah, really! She could not get used to them. Even with a million times.

After she calmed down, she went to the kitchen to prepare the food. Her two little cuties had returned with a basket of vegetables and herbs. She already decided what she wanted to cook.

She was humming as she was cooking. Her two little cuties also followed her humming. The kitchen, right now, was filled with their humming song.

Chapter 665 - 665: Come To Stay

"So, where is she right now?" Qin Xia asked.

The secretary, Min Liang, nodded. "She is at Guanying City, Mr. Qin."

Lately, Min Liang had a new job. That was to keep a girl in the track. He needed to know where the girl was. His boss usually liked to know about the girl.

It had been almost about eight years since he had started to work for Qin Xia. He had seen a lot of women who wanted to get in the bed of his boss. Some of the women came from the shareholders. They thought that they could control his boss through this method.

However, his boss looked uninterested in the woman. He almost thought that his boss was gay.

And also, his boss had a weird hobby before this. His boss would like to disappear from time to time. His boss would inform him that he wanted to take a break and did not come to work. Two days, one month, the longest time that his boss disappeared was three months.

He almost cried as he tried to call his boss. His boss did not answer his call. He remembered that he gave his boss about one thousand missed calls. Finally, his boss answered his call and he almost cried.

His boss came back. He remembered that his boss mumbling something. Something like 'I finally meet her...' or something like 'She has finally returned.' He could not understand what his boss kept mumbling about.

However, things became clear to him when his boss told him to investigate a young girl... Yeah, a young girl with the name Tang Yu Qi. From what he knew that she was a normal person. So, he got his fruit from the investigation.

His boss told him to go deeper. He was shocked as he read about the girl's past. The most shocking past was she, at a young age, already has her empire even though it is nothing to compare with his boss. But, the business could still be expanded.

Upon further investigated, he got the information that the girl was in a relationship with a military genius in centuries. He sighed. He was pitying his boss.

A girl that his boss was interested to belonged to someone else. With this, he thought his boss would give up but his boss did not mind that the girl belonged to someone else and kept updating about the girl. n)(Ov&ℓB1n

"Min Liang... Min Liang... MIN LIANG!!!"

A voice made his mind to come in the track. His boss was watching him with a sharp glare.

"What are you daydreaming about?" Qin Xia asked.

"I apologize, Mr Qin." Min Liang bowed.

"I'm asking you, what is she doing there?" Qin Xia was curious about that.

"She has just started her internship at Guanying General Hospital." Min Liang told his boss.

"Internship? Why does she go there instead of choosing Tang Private Hospital?" Qin Xia wondered.

As for that question, Min Liang also did not have the answer. He was also wondering the same question. If she applied for Tang Private Hospital, she would definitely get the place for her internship.

Qin Xia started to laugh. "It's just like her. Of course, she does not like the easy way. After all time, she has not changed at all." He nodded as he understood Yu Qi.

She would like to do the hard way in order to obtain recognition. She wanted to show that she was not kind of a genius but she was also a hardworking one. He nodded several times thinking of the old times.

As for Min Liang, he still could not understand that reason. However, he would not ask his boss.

"How long she will be there?" Qin Xia asked again.

"One year. To be exactly nine months 2 weeks left." Min Liang quickly answered.

Qin Xia was silent. "We do have work there, right?" He asked for the confirmation.

"Yes, Mr Qin. We have construction work there. Building a shopping mall and a hotel there." Min Liang confirmed that.

"I see." Qin Xia rubbed his chin. "I have already decided to supervise the work personally."

"There is no need for you to personally supervise the work, sir." Min Liang said.

However, Min Liang stopped talking as he received a sharp glare from his boss. 'Boss, you can just tell me that you want to go and spend the time with Miss Tang. No one will stop you.' Min Liang sighed.

He rather let this happened. This was much better than when his boss would just disappear and he could not get hold of his boss unless his boss willingly called him.

He could give a direct answer if someone asked him about his boss's location.

"Find a house for me. It is better if the location is near to Yu Qi's house." Qin Xia gave his order.

"Finding a house? How long will you stay there, Mr. Qin?" Well, Min Liang would just follow his boss's order.

"It depends." Qin Xia still did not decide how long he would stay there. He would decide later about that.

Min Liang knew that his boss had already made his decision. No one could change his decision.

"I will find a house for you, right now." Min Liang bowed and went out.

Qin Xia quickly did his work since he was preparing to leave his headquarters. Well, not like he would not do any work when he was staying at Guanying City later. He would still do the work however he did not like to be disturbed by the shareholders.

Chapter 666 - 666: Cook For Her

Long Hui woke up and saw his beloved Qi Qi was still sleeping deeply. Her face while she was sleeping indeed seduced him. Making him wanted to attack her while she was sleeping.

He quickly held back that feeling. He would not be so inconsiderate as to attack her while she slept. She must be so tired after they did the night exercise.

He got out of the bed and cleaned up first. He took a look at his watch. It showed it was just 6 a.m outside. So, it was morning already.

Since she was still sleeping, he could make some breakfast for her. He got out of the room and saw the boy and the dog were waiting in front of the room.

"Eh, where is our master?" Bo Ya asked while frowning when he only saw the man had come out from the room. His master did not come out.

"Your master is still sleeping. She is tired." Long Hui said.

"It must be your work tiring my master, right?" Bo Ya questioned the man.

Long Hui faked the cough. Well, he could not deny that. To avoid the question, he asked another question to both of them. "What do you want to eat?"

"What? Why do you ask us?" Aoi asked back?

"Don't tell me that you want to cook?" Bo Ya narrowed his eyes. He could not believe that this man in front of him could cook.

To answer all of the boy and the dog's question, he nodded. "Yeah. I will cook it. I know how to cook."

"Is the food cooked by you, suitable for being eating?" Bo Ya tilted his head.

"Of course, just... I don't think it will be as delicious as your master's." Long Hui said. n)(Ov&lB1n

"Of course, the food that my master food's is very delicious." Bo Ya put a proud face.

"That's right. My master is the best cook." Aoi also followed Bo Ya put on a proud expression on his face.

"I know but I will be the cook for this morning. Your master needs some rest. Waking up her for cooking will not a good idea, right?" Long Hui used his beloved Qi Qi. He knew that both of them loved their master very much and would not want their master to be tired.

Bo Ya turned to Aoi. "I think we can let this man cook since the Master is still sleeping. We can not let the Master to be so tired."

"Yeah. That's right." Aoi nodded agreeing with Bo Ya.

To be the truth, Yu Qi did not feel cooking would tire her at all since she loved to cook. The things that made her very tired was making love with Long Hui. That man had so much energy for that matter.

The three of them had an agreement to let Long Hui cooked for their breakfast. Long Hui went to the kitchen to cook. He decided to make some rice porridge with meat and pancake with eggs.

Long Hui asked Bo Ya and Aoi to get some veggies from their garden. Even though both of them were displeased in helping Long Hui but for the sake of their master, they went to the garden and did what Long Hui had asked for.

Not long after that, the dish was ready to eat. The rice porridge and pancake's smell had occupied the air. It smelled so delicious. The two cuties gulped their saliva when they smelled the delicious aroma. It made them felt hungry.

"What a surprise!" There was a voice at the kitchen's door.

Three of them turned to look at the door and found out that Yu Qi had already woken up.

Bo Ya: "Master."

Aoi: "Master."

Long Hui: Qi Qi."

Yu Qi smiled and greeted them. "Good morning."

"Good morning." Three voices replied to her greeting.

Yu Qi looked at the food on the tables. "You have cooked, this?" She looked at Long Hui.

"Yeah." Long Hui nodded.

"We are helping too." Bo Ya and Aoi wanted some credit. They did not want Long Hui to have all the credit.

Long Hui just let them to say that. Yu Qi chuckled.

"It looks delicious." Yu Qi commented.

"Let's eat then." Long Hui said.

Long Hui gave a portion of the rice porridge and pancake to Yu Qi. Usually, Yu Qi served Long Hui. This morning, Long Hui served Yu Qi. Yu Qi opened her mouth to eat food. Long Hui looked at Yu Qi with the eyes of expectation.

"Delicious." Yu Qi nodded.

"Really?" Long Hui asked.

"Yeah. I don't think that you can cook." Yu Qi said.

"Well, I know to cook some simple dishes." Long Hui was happy seeing his beloved Qi Qi ate the food that he cooked. He bet what was Yu Qi's feeling when she ate his food.

"My little cuties, is the food delicious?" Yu Qi asked her two little cuties who were also currently eating.

"Well, not as delicious as your cooking, Master." Bo Ya said.

"That's right. Master's cooking is the most delicious." Aoi commented.

Yu Qi laughed. "I know. I know. You will not admit it. You glutton."

The simple food could bring happiness if the food was cooked with love. They chatted while finishing their breakfast. Not long after that, they realized the plate was already empty.

They prepared to leave for work. Long Hui would send Yu Qi to work since he also had some matters at the hospital. He needed to check his subordinate's condition.

Chapter 667 - 667: Need Information About Her

They arrived and entered the hospital together.

"I think we are going in the opposite sides." Yu Qi said.

"Yeah. I will come and visit you next time." Long Hui nodded.

"I hope your subordinate will be okay. Then, I'm going first." Yu Qi turned and started to walk.

However, Long Hui reached and grabbed her hand making her to turn back to him. Long Hui smirked. He made a quick attack kissing her. "Please miss me a lot." He walked away from there.

Yu Qi was stunned. She then realized that she had been kissed in front of people. Everyone there was watching her. She quickly walked away from there and went to the paediatric department.

In the entrance of the paediatric department, Yu Qi met Ji Suk Ye. However, the latter only glared to her and left without saying anything.

"Doctor Tang, good morning." Nurse Shing Yu Ten greeted Yu Qi followed by other nurses.

"Good morning everyone." Yu Qi greeted them back.

"Doctor Tang, I will like to apologize to you." Suddenly one of the doctors came forward to Yu Qi.

Yu Qi blinked several times feeling confused with this sudden action. "Why do you want to apologize?"

"Actually, I have believed the rumour saying you have seduced Director Zheng in order to have an internship place. But after looking at your resume and result in university, I feel ashamed of myself. You have written many papers even you are still a student."

"How do you know about that?" Yu Qi asked.

"Actually the hospital's management has given out the notice saying you have entered the hospital through the right channel. They even let others to take a look at your resume." Nurse Shing Yu Ten said.

Yu Qi did have a plan to make the hospital to release her resume and result to the public. She never thought that they made their move clarifying the rumour using the same method.

"I see. It's okay." Yu Qi smiled.

Everyone that looked at the smile felt something. 'She does not have to do anything. That smile is a fatal attack.'

Yu Qi began to do her round. The last patient that she needed to check was Little Master Yi, Little San. Doctor Lan Cai Duan placed Little San under Yu Qi's care since the family had requested for it.

"Oh, Doctor Tang, you are here." Second Young Master Yi welcomed Yu Qi with a smile.

"This is not visiting time yet. Why are you here?" Yu Qi quickly checked Little San's condition.

"Well, I have sneaked in." Second Young Master Yi grinned.

"Oh, really? I will not say anything." Yu Qi said.

"Eh, you will not scold me?" Second Young Master Yi asked.

"If I ask you to leave right now, will you leave?" Yu Qi asked him without even looking at him since she was writing something in the file.

"Nope." Second Young Master Yi answered.

"See? There is no meaning even if I tell you to leave." Yu Qi said. Then she smiled at Little San. "Good boy. You are doing a job enduring the pain. You will be healthy soon." She rubbed Little San's head gently.

"Thank you, Doctor Tang." Little San smiled. He felt warm with Yu Qi's touch.

"Well, I will go first." Yu Qi bowed a little and went out.

"Doctor Tang, wait." Second Young Master also came out.

"Yes?" Yu Qi asked.

"Well..." Second Young Master scratched the back of his head. He was actually on the mission to get to know about Doctor Tang. It was his mother's order. To get know more information about Doctor Tang.

He sighed. Not like he would get married to her. It was his brother. When he told that to her mother, her mother told him that if she asked his brother, his brother would not get married at all. That was why she needed some information about Doctor Tang first.

"Second Young Master Yi..." Yu Qi called while waving her hand in front of his face but he did not respond at all. Looked like he was thinking about something important. She called him back.

Second Young Master was startled. "Sorry, Doctor Tang."

"It's alright. Are you okay?" Yu Qi asked.

"Yeah. I'm okay." Second Young Master Yi nodded.

"So, what do you want to talk with me?" Yu Qi was straight to the point.

"Are you free tonight?" Second Young Master Yi asked. Even he was stunned with his own question.

"Second Young Master Yi, are you asking me to go out with you?" Yu Qi tilted her head.

"Well, yeah. Can you call me with my name but my title?" Second Young Master Yi asked.

"Then, what is your name? I don't know about that." To think about that, Yu Qi really did not know his name.

"Let me introduce my name. My name is Yi Liwei, second son of Yi Family. Please call me Liwei." Yi Liwei introduced his name. n)(OvE1B1n

"Okay, Liwei." Yu Qi nodded.

Yi Liwei was surprised that she would call his name straight forward.

The watch on Yu Qi's hand was ringing which indicated the time. She needed to hurry up as she had another meeting with Doctor Lan Cai Duan.

"Liwei, sorry. I need to go first. I have a meeting." Yu Qi ran away leaving Yi Liwei who did not react.

Right after Yu Qi disappeared from his sight, he remembered that he still had a mission to do. "I still need to do what Mum has asked for. Well, I will?try it tomorrow."

Chapter 668 - 668: Investigation's Result

Ming Xuehai: "So, do you have any time to meet me?"

Yu Qi: "I have an hour break."

Ming Xuehai: "Okay. I will meet you tomorrow at the hospital."

Yu Qi: "Okay. Wait for me at the hospital cafe at one p.m."

That was what Ming Xuehai messaged her last night. It must be important things since Ming Xuehai himself came to report to her. She already made a notice that if something that did not need much attention from her, they could decide among themselves.

She had already finished doing her round and checked some patients documents. She asked Ming Xuehai to wait for her at the cafe because she did not have her phone with her at the moment. She left her phone in the locker room.

Some of the devices in the hospital had some resistance to the mobile phone. She was afraid her phone would disturb that device. Ming Xuehai would not be able to call her right now. The clock showed the time was already one p.m. Yu Qi put down her document and went to the cafe. At the entrance, Yu Qi already saw Ming Xuehai.

She could see some of the female nurses and doctors looking at Ming Xuehai. Yu Qi acknowledged that Ming Xuehai was very good looking but not as much as Long Hui.

She walked to Ming Xuehai. "Brother Xuehai." She greeted Yu Qi.

"Miss Yu Qi." Ming Xuehai called Yu Qi's name.

Yu Qi sighed. She had already told Ming Xuehai several times that he could call her 'Yu Qi' instead of 'Miss Yu Qi' but Ming Xuehai just smiled and kept calling her with 'Miss'.

Since the time was short, Ming Xuehai started to the purpose of this meeting. He brought some papers and placed them in front of Yu Qi.

"This is..." Yu Qi took the papers and read them. She frowned as she read the paper. "So, this is what you have gotten after two months of investigating the matter?"

"Yes. It is more complicated. If not for Baise, I may be in their hands." Ming Xuehai nodded.

"You mean?" Yu Qi did want to discover about this matter but she did not want them to be hurt in the process which was why she wanted them to be extremely careful.

"Some people from their side know that we are investigating them. I have been almost getting caught. However, Baise has covered all of my traces." Ming Xuehai explained.

Yu Qi sighed feeling relief. "If things get dangerous, retreat. That's going the same as for your subordinates."

"So, it is true that some people from the government has given the lands to outsiders." Yu Qi concluded from what she read.

"Yes. It is a sin. They can be sent to jail for lifetimes." Ming Xuehai stated.

There was a law in the Binhai nation that stated that the land could not belong to other than Binhai's people themselves. Otherwise as Ming Xuehai had said before, they could be sent to jail for a lifetime. It was not worth it.

"But they are clever. Instead of changing the name of the owner of the land, they are renting it out to outsiders." Ming Xuehai said.

"Renting it out? Meaning it is not a crime then." Yu Qi thought that it was hard for Grandpa Chang to get back the land.

"Not really. It depends on who and what they aim to do with that land." Ming Xuehai smiled.

"Oh, I see." Yu Qi nodded.

"In order to get the land back, we have to investigate who and what they are going to do with the land. I have already gotten the wind about them." Ming Xuehai told Yu Qi about the next plan.

"Can I know who is the one that grabbed the land from Grandpa Chang's hand?" Yu Qi wanted to know.

"Here." Ming Xuehai pointed to the paper.

Yu Qi looked at it. "Wei Zhu Feng." The name that she knew. It was him.

"So, he is the one who has taken the land." Yu Qi sighed.

"Yes. Do you know him?" Ming Xuehai asked.

"I have met him once at the party. He is the Minister of Tourism." Yu Qi said.

"So, maybe he is renting out the land for promoting the tourism of our nation?" Ming Xuehai assumed.

"I don't think so. Brother Xuehai, proceed to the next plan. Find out who are the people that are renting out the land and where they come from? But proceed with extreme caution. Pull back if you feel danger."

"Yes, Miss Yu Qi." Ming Xuehai nodded.

"Ask Baise for help." Yu Qi added.

"I understand." Ming Xuehai nodded again.

Yu Qi looked at her watch. Ten more minutes before her break would finish.

"Oh, my break is about to end. I need to go first." Yu Qi stood up. "See you again, Brother Xuehai."

"You too. But remember to eat more. I think you have lost weight too much." Ming Xuehai commented.

Yu Qi stunned. She did not think she was losing any weight at all. But both of the men commented the same thing. Yeah, Long Hui had already said the same thing about her body. Right after they were about to sleep after their lovemaking.

That was why Long Hui making her eat so much in the morning. Long Hui persuaded her to eat a lot at that time.

"Am I losing the weight too much?" Yu Qi asked that question to Ming Xuehai.

"Yeah. If someone knows you before will tell you the same." Ming Xuehai nodded.

"Okay. I will try to eat some more... Thank you, Brother Xuehai. Oh, no... My break is over. I'm going now. Bye." Yu Qi walked faster heading to the workplace.

Chapter 669 - 669: Nice Move, Little San

When Yu Qi returned to the paediatric department, she was greeted by Nurse Shin Yu Ten.

"Doctor Tang, tell me who is the man you have just met now?" Nurse Shin Yu Ten smirked while raising her brows.

"Eh... He is..." Yu Qi could not answer that. What identity should she use for Ming Xuehai? She could not just tell that he was her lawyer. That would raise another question.

"She has too many men at the beginning. What a loose woman." Ji Suk Ye was there too and just said what she wanted to say.

"And what that suppose to do with you? Mind your own matters, will you?" Yu Qi glared at Ji Suk Ye.

Ji Suk Ye remembered yesterday's incident and kept her mouth tight. She then walked away from that place.

"Well, then, Doctor Tang. Which one is your true boyfriend?" Nurse Shing Yu Ten was on a different topic.

"Huh?" Yu Qi looked at Nurse Shing Yu Ten. 'Why is she so persistent with this?'

"Yesterday's man or today's man, which one is your true boyfriend?" Nurse Shing Yu Ten repeated the question.

The nurses who were there also looking at Yu Qi while waiting for an answer.

"Yesterday's man." Yu Qi answered.

"See, I have told you before. He is Doctor Tang's boyfriend. That domineering man suits Doctor Tang."

"But today's man is nice too. His character is an older brother type. His caring is nice too."

"Yesterday's man is matched to Doctor Tang. No doubt about that."

"That... I also agreed with that."

"What are they talking about?" Yu Qi was confused so she asked Nurse Shing Yu Ten about this.

"Well, they are betting which one is your true boyfriend. Doctor Tang, you are really famous." Nurse Shing Yu Ten said.

Yu Qi was speechless. That can be used for betting?

"Enough. Go to work." Senior Nurse Gong put the end of this.

.....

Yi Liwei came every day to the hospital. His little brother was still in the hospital. Since Yu Qi was in charge of his brother, they met a lot each other.

Today, his big brother, First Young Master Yi was also here. Oh, Yi Liwei had already told her about his big brother's name. It was Yi Lishan.

"Hello there." Yi Lishan greeted Yu Qi.

"Hello." Yu Qi replied.

Yi Liwei was behind them looking flustered with his big brother. Yi Lishan had already been told by their mother about Yu Qi. Their mother told Yi Lishan that she was interested in taking Yu Qi as her daughter in law. However, Yi Lishan just looked indifferent about that topic.

Yi Liwei sighed. He thought that their mother must give up about the idea of taking Yu Qi as her daughter in law.

"Little San can return home today." Yu Qi looked at the file.

"He can return home today, can't he?" Yi Liwei asked.

"Yeah. He is healing so nicely. So, he can return home already." Yu Qi looked at Yi Liwei, confused. 'He doesn't like his little brother return home?'

"I can return home already?" Little San asked with a small voice.

"Yeah. You already healthy." Yu Qi said.

"So, I can't see you anymore?" Little San asked again.

"Well, yeah..." Yu Qi nodded.

"But I want to see you every day." Little San was sad since he could not see Yu Qi anymore.

"You can see me but not as a patient." Yu Qi patted Little San's head.

"Really? I can meet you even if I return home?" Little San's eyes were sparkling.

"Yeah. If I'm not busy, we can meet each other." Yu Qi said.

"It is a promise." Little San held out his hand wanted to make a pinky promise.

"Okay. I promise that I will meet you if I'm not busy." Yu Qi made a pinky promise with Little San.

Yi Liwei looked at Little San. 'Nice move, Little San.' This way, Yu Qi would also meet with their big brother. He needed to tell their mother about this.

"I will go and process Little San's check out." Yi Liwei took this opportunity to let Yu Qi and Yi Lishan alone. Well, Little San was there too but Yi Liwei would just leave him out.

"I will go with you." Yi Lishan said.

"No need, Big Brother. You can accompany Little San here." Yi Liwei rejected the offer. Without waiting for any reply from his big brother, Yi Liwei left the room swiftly.

So, Yi Lishan was left with Yu Qi and Little San. Little San was feeling tired. So, he fell asleep. That made only Yu Qi and Yi Lishan alone.

Yu Qi thought that she could leave since her round had already finished. She looked at Yi Lishan.

"First Young Master Yi, I think I will leave first since everything is okay now." Yu Qi said.

"Brother Lishan." Yi Lishan said.

"Huh?" Yu Qi tilted her head.

"Call me Brother Lishan." Yi Lishan said it again.

"Oh, okay, Brother Lishan." Yu Qi followed that.

"Thank you for saving my little brother." Yi Lishan took this opportunity to thank Yu Qi.

If not for Yu Qi interrupting on that day, his little brother might lose his life. So, he would like to thank her for that day.

"It is my job. No need to thank me." Yu Qi said. "Well, I will leave first."

This time, Yi Lishan did not stop Yu Qi from leaving.

Chapter 670 - 670: Surgery

Doctor Lan Cai Duan asked two of the first year residents to shadow Professor Guan in a surgery to remove the tumour in a ten year old girl. She had been suffering for about one year. So it was her turn.

Children with brain or spinal cord tumours required special care because their brains and bodies were still developing. The treatment would depend on many factors including the location of the brain or spinal cord tumour, whether it is benign or malignant, the child's age and general health, the parents' preferences regarding treatment options or the risks associated with a particular treatment.

Professor Guan was a pediatric neurosurgeon who specialized in brain and spinal cord tumours in children. Yu Qi was happy to get this chance to see Professor Guan got in action.

Doctor Lan Cai Duan was Professor Guan's assistant in this surgery. As Doctor Lan Cai Duan requested two of the first year resident, one was Yu Qi, another one was Ah Kean.

Ji Suk Ye was very angry when she knew about this. She went to see Doctor Lan Cai Duan about this. She wanted to protest the choice. Doctor Lan Cai Duan said that it was Professor Guan's choice to choose Yu Qi and Ah Kean.

Since her protest to Doctor Lan Cai Duan was not successful, she went to her uncle in the top management to make Professor Guan to change his choice. However, her uncle immediately rejected.

Her uncle did not dare to mess with Professor Guan. He was a strong headed man. Because of that, Ji Suk Ye just could glare at Yu Qi and Ah Kean angrily.

The day arrived. They followed the procedures that needed to be done to enter the surgery theatre. Cleaning the hands, wearing the surgery gown, wearing the gloves and a face mask.

Senior Nurse Gong read the detail of the patient loud enough to be heard by everything in the surgery theatre. It had to be done in order to make sure the everything was correct.

The surgery that needed to be done was enough and it was a right patient. It would be horrible if they were something wrong. After that, everyone introduced themselves.

It was Craniotomy Surgery. A craniotomy was a brain surgery that involved the temporary removal of bone from the skull to make repairs in the brain. It was highly intensive and came with certain risks, which made it was serious surgery.

The purpose of this surgery was to give access to a surgeon to the patient's head under the skull. A craniotomy can be performed for a variety of reasons, not only to remove brain tumours but to remove blood clots, fixed arteriovenous malformations (AVMs), repaired an aneurysm, drained brain abscesses, and to repair skull fractures and tears in the membrane lining.

However, for this surgery, a brain tumour needed to be removed from a ten-year-old girl.

Then the surgery started. The first step was for an anesthesiologist to administer anaesthesia and monitor the little girl's vitals throughout the procedure. Then, the nurse would shave the part of the head the surgeon would operate on.

To help locate the brain tumour, Professor Guan used MRI scans to guide them during a craniotomy surgery. This type of surgery was called a stereotactic or image-guided craniotomy. ~~no~~^{17E/1B}1n

Yu Qi could see that Professor Guan made an incision in the head to get access to the skull. Afterwards, he used a medical drill to burrow a hole in the skull and removed part of the bone to get access inside.

The flap would be saved to be put back later on or replaced with an artificial bone. The dura mater would be separated from the skull bone to access the brain inside. Dura mater was the brain's outermost membrane.

At this point, Professor Guan was looking for the tumour. It was a hard time since sometimes the tumour was hiding in the bad location and it was hard to be removed even though the surgeon knew the location.

After struggling for about one hour, the team succeeded to remove the tumour. Once completed, the surgeon sews the tissues together and reattaches the bone flap. Finally, the incision closed with sutures or staples and then bandaged.

The surgery was completed in three hours. After that, the little girl transferred to the ICU ward for monitoring and followed by a neurosurgical nursing unit. She needed to stay for a few days. The little girl required rehabilitation after the procedure, which included meeting with occupational therapists, physical therapists, and speech therapists, if necessary.

"Do you learn something from the surgery?" Professor Guan just stepped around from the cleaning room spotted Ah Kean and Yu Qi were standing outside the cleaning room.

Yu Qi and Ah Kean immediately stood straight facing Professor Guan.

"I have learnt a lot from this." Yu Qi answered.

"Me too." Ah Kean nodded.

"Then, how many types of craniotomy?" Professor Guan threw a random question to both of them.

Yu Qi: "Ten."

Ah Kean: "Ten."

"Name one of them." Professor Guan tested them again.

Yu Qi looked at Ah Kean. Ah Kean nodded asking Yu Qi to answer it first.

"Stereotactic craniotomy. This procedure used an MRI or CT scan allowing the surgeon to use imaging tests to create three-dimensional images of your brain. It allows them to distinguish between healthy and abnormal tissue.

Stereotactic techniques also help your surgeon find the best spot for a scalp incision. This makes it easier to make smaller cuts and perform minimally invasive procedures. Like today's surgery." Yu Qi answered perfectly.

After that, Ah Kean began answering the question. "Another type of craniotomy surgery is translabyrinthine craniotomy. The surgeon will cut your ear. They remove part of the mastoid bone and the semicircular canals, which help you balance.

It used to remove an acoustic neuroma, also called a vestibular schwannoma. An acoustic neuroma is a noncancerous tumour that forms on the nerve that connects your inner ear and brain. It causes hearing loss and balance issues.

Removing the semicircular canals results in hearing loss. However, the surgery decreases the risk of facial nerve damage."

Professor Guan nodded satisfied with both of the answers. "Excellent. You have done your homework before coming to this surgery theatre."

"Thank you, Professor Guan." Both Yu Qi and Ah Kean said.

"Okay. I will leave first." Professor Guan excused himself.

Yu Qi felt refreshed. It was an exciting surgery. She enjoyed learning it.

"I have learnt a lot today." Ah Kean said.

"Me too. I hope I can enter the surgery theatre again." Yu Qi said.

"Both of you need to follow up Si Si's condition for a few days, understand?" Doctor Lan Cai Duan gave his orders.

"Yes, Doctor Lan."
