Chapter 671 - 671: The Next Department

"How is the situation in the theatre?" Min Gu Su asked when the two of them returned to the meeting room.

The meeting room had been their room for the first year residents as their workplace because the hospital did not prepare any room for them. However, Ji Suk Ye did not stay there together with them. She usually spent her time on the room given by her uncle.

"It was a good lesson." Ah Kean said.

"That's right." Yu Qi agreed with Ah Kean.

"I want to join too." Min Gu Su expressed his envy. He was a quiet person but very passion for chasing the knowledge.

"Don't worry. You will get the chance later." Ah Kean patted Min Gu Su's shoulder.

....

One month would come to end. So the time Yu Qi in the pediatric department would come to end too. For the next month, Yu Qi and other four first year residents that together with her in the pediatric department would go to the orthopaedics department.

Ji Suk Ye, as usual, did not mix together with the three of them. Yu Qi also did not mind about her. It felt okay since Ji Suk Ye did not care about that.

The three of them went to report to Doctor Lai. Doctor Lai was a little bit, strict doctor. He had been informed that there would be four first year residents that would come to report to him. But right now, only three of them were here.

"Well, then, I'm Doctor Lai. In charge of you for this month." Doctor Lai looked at each of them. "Where is another one?" Doctor Lai asked.

Three of them looked at each other did not know what to say. They had no idea where? Ji Suk Ye had gone.

"Answer me." Doctor Lai slapped the table. There was a loud sound.

"We don't know, Doctor Lai." The three of them answered at the same time.

"Don't know?" Doctor Lai was angry. "Don't you know that surgery could not start with an anaesthetic?"

"We know, Doctor Lai." Ah Kean answered.

"Then, you should know the team needs to be complete. Remember that." Doctor Lai said again. "I will forgive you since it is your first day here."

"I'm sorry that I'm late." Ji Suk Ye walked thorough them like a diva.

Doctor Lai turned to Ji Suk Ye, the latecomer. He looked up and down at Ji Suk Ye. He frowned. He looked at the three first year residents in front of him.

"This is your another member?" He questioned.

"That's right, Doctor Lai." The three of them answered while nodding.

Doctor Lai narrowed his eyes. This was the first time he saw a first year resident like her. It really opened his eyes.

"Hello, Doctor Lai." Ji Suk Ye smiled while greeting Doctor Lai.

"This is what do you wear as a doctor?" Doctor Lai threw a question to Ji Suk Ye.

Ji Suk Ye was confused. "Eh?"

"Are you deaf? I'm asking is this how do you dress as a doctor?" Doctor Lai let his voice louder. He thought that Ji Suk Ye did not hear it on the first time, he asked the question.

"I have heard. Well, I have just worn this since it is my first day in the orthopaedics department." Ji Suk Ye looked down.

"I want you to go to change your clothes right now." Doctor Lai ordered Ji Suk Ye.

"But..." Ji Suk Ye wanted to protest.

"Right now!!!" Doctor Lai shouted angrily to Ji Suk Ye.

Ji Suk Ye became scared. She immediately went to follow Doctor Lai's order.

"Humph!!! Does she think it is a runway or what?" Doctor Lai still mumbled about Ji Suk Ye.

"So, what do you understand about orthopaedic?" Doctor Lai wanted to know what level of understanding that these three first year residents had about orthopaedic.

"Orthopedics is a medical speciality that focuses on the diagnosis, correction, prevention, and treatment of patients with skeletal deformities - disorders of the bones, joints, muscles, ligaments, tendons, nerves and skin. These elements make up the musculoskeletal system." Ah Kean answered with full detail.

"So, what is the common surgery for orthopaedics?" Doctor Lai looked at Min Gu Su expecting Min Gu Su to answer this question.

"There is a lot of common surgery for orthopaedics. Some of them are arthroscopy which used to treat problems occurring inside the joint using an arthroscope. Bone fracture repair... It needs to be performed when broken pieces of bone are repositioned using metal plates, screws or pins.

Soft tissue repair, for torn ligaments and tendons. Joint replacement, in which a damaged joint is replaced with a prosthesis. Spine fusion, during which the spinal bones (vertebrae) are joined together..." Min Gu Su wanted to explain more but stopped by Doctor Lai.

Lastly, Doctor Lai's eyes laid on Yu Qi. "Tell me what is the difference between orthopaedic surgeons and orthopaedic specialists?"

"As Doctor Ah explained before orthopaedic surgeons are doctors who specialize in the musculoskeletal system - the bones, joints, ligaments, tendons, and muscles. All of the orthopaedic surgeons are orthopaedic specialists.

However, not all orthopaedic specialists are orthopaedic surgeons. It is because the orthopaedic specialist is qualified to assess, diagnose, and treat your orthopaedic ailment using non-invasive treatments." Yu Qi answered.

Doctor Lai nodded. The three of them had done their homework. However, when he was thinking about another one, his anger was boiling.

Speaking of the witch, Ji Suk Ye returned with normal attire. This time, Doctor Lai did not have any comment on her outfit.

"What do you understand about orthopaedic?" Doctor Lai looked at Ji Suk Ye.

"Eh, you are asking me?" Ji Suk Ye pointed her finger to her face.

"Yes. Answer me." Doctor Lai said.

"Why do I need to answer that? You can ask them first." Ji Suk Ye wanted to avoid.

"I have already asked them. Just answer my question." Doctor Lai said in a harsh tone.

"Erkk... Hmmm... Orthopaedic is a doctor... who treats people's bones, I guess..." Ji Suk Ye was not confident about her answer.

"You should study more." Doctor Lai threw a dirty look at Ji Suk Ye. He wondered how she managed to be a doctor with that attitude.

"Like the rule in the previous department, this will be the same. The difference is the patients. I will assign some of the patients under your care. If you are not sure about something, please ask other doctors about that. They will assist you. Understand?" Doctor Lai asked.

"Yes, Doctor Lai." The four of them answered.

"Good." Doctor Lai went ahead assigning the patients under the first year residents.

Chapter 672 - 672: Hiking

It was a day off. It was very hard for an internship student to get a day off. But Doctor Lai insisted on this matter. He did not want them to collide during checking the patients.

Of course, they would not get the same day. They would rotate one person per week. The happiest person was Ji Suk Ye. She had already longed to get a day off.

Even though she begged her uncle, but still her day off had not been approved. So when Doctor Lai gave his permission, she was the one wanted to be first to take the day off. However, the work of the person that took a day off would be divided to other first year residents.

Of course, the other first year residents did not argue with her. They would just let her be the first.

So, the second week was Yu Qi's turn. Actually, Yu Qi did not mind if the two other first year residents wanted to be the second, but both of them insisted Yu Qi be the second.

So, it was Yu Qi's day off. Yu Qi decided to go hiking. The mountain that Yu Qi wanted to hike was a famous place for people to go hiking. On the weekend, a lot of people went there for hiking. It was also a good place to release stress.

Yu Qi packed everything that she might need for the hiking. Of course, there would be some food packed. It was enough for Yu Qi and not to forget, her little cuties. Well, not little anymore. Aoi seemed to grow up.

They went to the rumoured mountain. The mountain's name was Luyan Mountain. It was a rain forest mountain. The mountain was not so high. The hiker could summit the mountain in four to five hours.

In this mountain, there was a limestone cave that also one of the attractions along with the unique flora and fauna that this mountain had.

However, there was no need to worry about if the hikers were feeling tired. There was some resting place located along the hiking path.

Yu Qi parked her car at the parking lot at bottom of the mountain. Aoi jumped out from the car as Yu Qi opened the door for him.

'Master, I love the air here.' Aoi shouted to Yu Qi.

'Yeah. I know. I love it too.' Yu Qi said to Aoi.

Yu Qi felt the air here was the same as the air on the mountain at Shiwa Town that she used to climb when she was younger.

'Aoi, come here.' Yu Qi called Aoi.

'What is it, Master?' Aoi came over.

'Here.' Yu Qi showed the small bag that Aoi could bring on his back.

'Is this for me to wear it?' Aoi asked.

'That's right. It contains a water bottle and bread for you.' Yu Qi explained.

'Owh okay.' Aoi nodded.

'Don't worry about food. I bring enough food for you to eat.' Yu Qi said as she pointed to her backpack.

Aoi laughed. 'I love you, Master.'

'So, before starting, we need to stretch our body first.' Yu Qi said and started to stretch her body.

After ten minutes of stretching, Yu Qi was fully prepared to begin hiking the mountain. It was not a weekend but weekday. So, there just some people were here. However, she did not know if there was someone already up there.

Yu Qi started to climb the path. Aoi was in front of Yu Qi looking around. Yu Qi was also looking around. Well, she was not looking for anything but she was looking around whether she could see any new herbs that she could bring in her space.

"Mum, the dog is very cute. I want it."

Yu Qi could hear a voice from a little girl.

"You can't have it. It belongs to someone else. Look, he is carrying a backpack." Later, there was a voice of women.

"But..." The girl seemed to cry.

Yu Qi ignored them and continued her way. Then she heard the girl cried aloud. She turned around and saw a girl fell on the ground. There was a wound on her knee. She quickly approached the girl.

"What has happened to her?" Yu Qi asked the two a.d.u.l.ts beside the girl. She could assume that they were the parents of this little girl.

"She has fallen over." The mother said.

Yu Qi looked at the wound. She immediately brought out the first aid. Her hands quickly moved and she treated the wound. She banded the wound nicely.

"Does it hurt now?" Yu Qi asked the little girl.

"No." The little girl smiled.

"Great. Don't cry anymore. You are cute when you smile. I will let you pat my dog." Yu Qi rubbed the little girl's head.

"Really?" The girl smiled more widely.

"Aoi, come here for a moment." Yu Qi called Aoi.

'Master, you want to sacrifice me again?' Aoi asked annoyingly.

'Just for a moment, let the girl pat you.' Yu Qi just smiled at Aoi.

'I want a reward.' Aoi said.

'Okay. I will reward you later.' Yu Qi agreed.

Aoi approached Yu Qi and the little girl. He was letting the girl pat his body.

"Thank you, miss." The father thanked Yu Qi.

"That's right. Thank you, miss." The mother also thanked Yu Qi.

"It is a small matter. Oh, here." Yu Qi took something from her backpack and gave to the couple. "Here. Put on this cream after the wound has healed. It will not leave any scar then."

"I think we don't need that." The father wanted to reject.

"Just take it. It is nothing." Yu Qi put the cream in the mother's hand. "Okay. I will go first. Aoi, let's go."

Hearing his master calling for him, Aoi quickly followed his master.

"What a nice girl." The father said.

"Yeah. But to be surprised, she has been fully prepared for hiking. She even brings the first aid box with her." The mother mentioned it.

The mother looked at the cream given by the girl. She was shocked when she looked at the cream.

"Oh, my!!!" The mother shouted.

"What?" The father turned to his wife, startled with her shout.

"Look at this." The mother showed the cream to the father. "This cream is from Qi Qi brand. The current popular skincare brand. Not only the product of this brand is good but the price is also expensive. Not to mention about this scar cream. It is the most expensive product in its line."

"So?" The father did still not understand what the mother wanted to tell him. n./O/-v)-e)-l-(l(.1-)n

"That girl has just casually given us the expensive cream to us. Just who is that girl?" The mother was still shocked.

"To me, she is just a nice girl who has helped our daughter, that's all." The father said to the mother. His meaning was he did not want to think anymore about this matter.

"Oh, okay." The mother understood.

Chapter 673 - 673: Perform A Emergency Treatment Part One

Yu Qi had been walking for about two hours. She had reached at the first checkpoint. There were two other checkpoints for the visitors to reach the top.

Yu Qi could see there was a group of people not far from her. Since her hearing was good, she could hear what they had been talking among them.

"What should we do?"

"Su Yan, Su Yan, woke up."

"Her neck is swollen."

"Is she okay?"

"She does not die, right?"

"Su Yan, Su Yan, woke up."

The conversation was very weird. Yu Qi decided to approach the group.

"What has happened?" Yu Qi asked the people.

"Our friend has suddenly collided." One of them answered.

"What!!! Let me through." Yu Qi shouted.

The people were shocked and made a path for Yu Qi to let her through. A girl was currently being held by someone. Yu Qi quickly took a look at the girl.

"What is she doing?"

"Well, I don't know."

"Call the ambulance right now." Yu Qi said to the people.

"But there is no line here to call an ambulance."

"Then go to the bottom of the mountain to call the ambulance." Yu Qi said. n.-0)(V)-e--l(.lb./1-)n

"Why should we do that?" A woman from the group rolled her eyes.

"Linda, you..." Other friends in the group were shocked when the woman said something like that.

"I will go down and try to call for help." A man ran leaving the group.

"You, let her lay down properly." Yu Qi ordered the man that held the unconscious girl.

"Yes!" The man followed the order.

"Hey, what are you trying to do? Who the heck are you?" The woman named Linda asked.

"Shut up." Yu Qi glared to Linda.

Linda stepped back as she saw the glare. Yu Qi did not glare at her for a long time. Yu Qi turned her attention back to the unconscious girl.

Yu Qi started to do basic life support. Yu Qi checked her airway. Her airway looked very swollen and looking red. As for her breathing, she was breathing very weak. She read the pulse of the girl.

Yu Qi concentrated to read the girl's pulse. There was pulse but somehow very weak.

"How is she before she has collided?" Yu Qi asked.

"She has been acting weird. She has coughed a lot and said she has been out of breath. We have thought it was normal as she may be tired after hiking." The man who held the girl before answered.

"Oh, I remember. Yesterday she had diarrhoea. Anyway, she had an upset stomach and a sore throat." One of the women said.

Yu Qi could hear the stridor sound. Stridor was the sound of the breath that came out hoarse. Yu Qi thought something might be stuck in the middle of this girl's throat.

"Could it have gotten lodged in her throat?" Yu Qi mumbled.

However, everyone, there could hear it.

"Oh, fish. I remember she eat some fish and she did swallow some fishbone and she told me that it hurt." Someone answered.

"And also she did eat some rotten meat." Another one gave the information.

'Rotten meat? Bacteria?' Yu Qi's eyes lifted up. 'Deep neck infection. She has an infection down her throat. This girl swallowed the fishbone and it ruptured her throat. Then she eats rotten meat, so the bacteria got into the rupture and caused the infection. So the infection obstructed the airway.'

Yu Qi already got the answer as to why the girl became like this.

But how to treat her? She would die soon if she did not get enough oxygen.

Yu Qi took a deep breath. She needed to do something quickly. She took her backpack. As her hand reached inside the bag, she closed her eyes.

She entered her space. She ran into the pagoda and went to the hospital floor. She grabbed the first aid that contained equipment that could help the girl.

Right now, she already could bring something out from her space without her whole body entered the space. Using her backpack as the cover, she brought out the first aid box.

Yu Qi opened the first aid box. People around her were already shocked seeing the first aid box since her first aid box was not usual as normal people would have. Ignoring others, Yu Qi wore the glove.

She took out two hypodermic syringes. One of them had been pulled the handle, so only the empty syringes without its pusher. Another one had been put some liquid into it.

"Hey, what are you trying to do?" The woman named Linda tried to step again.

"I'm trying to save her right now. Otherwise, she will have an respiratory arrest." Yu Qi explained.

Even though they did not understand what Yu Qi was trying to say but they somehow knew that the danger of those words.

"Should we wait for the ambulance?" Linda said again.

"If she does not receive the treatment right now, she will not survive even for one hour. Do you think the ambulance will be reaching the bottom of the mountain in one hour? And to have the paramedics reach here? She may die." Yu Qi shouted.

Yu Qi already ignored Linda. She would proceed to save the girl. 'The cricothyroid membrane. Below the thyroid cartilage and above the cricoid cartilage. 2cm at 45 degree angle.' Yu Qi recalled what she had read before.

This treatment was called Percutaneous Transtracheal Ventilation. The needle pushed into the skin. 'Check.' She quickly took the syringe without the pusher as she pulled another syringe leaving only the needle and she put on the empty syringe.

Chapter 674 - 674: Perform A Emergency Treatment Part Two

"Hey, you give me that tube first and the Ambu Bag to me." Yu Qi asked the nearest person which was the man beside her.

"This one?" The man asked.

"Yes. And the thing like a balloon too." Yu Qi said.

The man followed her order and passed the things to Yu Qi. The tube was called Endotracheal Tube. It was put into the empty syringe and another end of the tube had been put with the Ambu Bag.

Then she pumped the Ambu Bag. After a second she pumping the Ambu Bag, the girl began to breathe as the air could flow through her throat. Yu Qi took a relief breath as she saw the girl breathed.

"Look, she is breathing." One of her friends said.

"Thank goodness... Thank goodness..."

Everyone there was very happy to see that their friend was breathing.

"Thank goodness." The man beside the girl said. "Is she going to be okay?"

"To be honest, she still needs some treatment. This is only emergency treatment." Yu Qi explained.

"Miss, what happened to her actually?" The man asked.

"She has an infection inside her throat. So it is swollen and has blocked her airways due to which she has been having some problem to breathe. This treatment is only a temporary method to make she breathe." Yu Qi explained furthermore.

"So, we need an ambulance as soon as possible. Hey, has Alex come back?" The man asked their friends.

"Nope. I will go and check him." One of the men said and went down to the bottom of the mountain.

"Thank you, Miss.." The man beside the girl thanked and asked her name.

"My surname is Tang." Yu Qi introduced her name.

"Oh, I'm Lu Tangxiao and this girl is Xian Suyan. We all are from Hanwen University Hiking Club." Lu Tangxiao said.

"Hello." Yu Qi acknowledged them.

"By the way, Miss Tang, are you a doctor because you seemed to be very proficient handling the situation like this?" Lu Tangxiao asked.

"Well, I'm indeed a doctor but I'm currently doing the internship." Yu Qi answered honestly.

"What? Meaning you are a new doctor?" Lu Tangxiao was shocked.

"Tangxiao, she may endanger Suyan." Linda interrupted.

"Shut up!" Lu Tangxiao said to Linda. He was annoyed with Linda just now. Her friend was having a critical moment just now but she could throw some irresponsible remarks.

Linda was looked wronged at Lu Tangxiao. She did not expect him to say something like that to her.

"Even though she is the new doctor, I believe her. You should see how she has worked just yet." Lu Tangxiao said.

"That's right. She is very proficient in doing her job."

"Yeah. She is not a quack doctor."

Their friends seemed to be convinced by Lu Tangxiao. What a charisma person, Yu Qi thought.

"The paramedics has arrived." The person that went down to call for help came back and shouted.

"Thank goodness. The help is finally here." Yu Qi relieved. n.-O)(V)-e--l(.b./1-)n

"What is the matter?" The paramedic asked.

"This girl is having a deep neck infection. She needs to go to the hospital immediately." Yu Qi explained the current situation.

"Doctor Tang?" The paramedics was shocked to see Yu Qi here.

"You know me?" Yu Qi looked at the paramedic. "We can talk later. Right now, we need to transfer the patient as fast as we can."

"Yes, Doctor Tang." The paramedics began their work.

"We need to be careful in climbing down while transferring the patient." Yu Qi said.

"Yes, Doctor Tang." The paramedic nodded.

'Aoi, can you stay here for a while? I will come back later.' Yu Qi said to Aoi through telepathy.

'Well, even you don't come to take me back, I can find my way back to you, Master.' Aoi chuckled.

'Don't worry. I still have to come back since my car is here too.' Yu Qi also chuckled.

She knew about that since they were bounded in the blood contract. He could easily find her and she could easily find him. She actually wanted to take Aoi and bring him in her space but she did not have time for that.

"I will follow you guys from behind. You guys can go first." Lu Tangxiao said.

"Okay." His friends nodded.

Lu Tangxiao wanted to go following them too but when he looked at the things that Yu Qi left, he asked his friends to leave first. He wanted to clean up and return the things to Yu Qi.

Linda who saw Lu Tangxiao had stayed, she also decided to stay back too. She approached Lu Tangxiao who was currently busy in cleaning up and storing Yu Qi's things inside the first aid box that Yu Qi brought.

"Tangxiao, I have something to tell you," Linda said.

"What is this? Tell me quickly." Lu Tangxiao did not even look at Linda and was still working.

Linda was hurt when Lu Tangxiao did not even look at her. However, she ignored the pain. This was the first time she was alone together with Lu Tangxiao. She would use this chance nicely.

"There is something that I really want to tell you, Tangxiao. I... li... like you..." Linda gathered all the courage that she had to tell her feeling to Lu Tangxiao.

She was waiting for Lu Tangxiao to respond to her confession. However, she waited for long enough but she did not hear anything from Lu Tangxiao. She opened her eyes and looked at Lu Tangxiao.

Lu Tangxiao looked very surprised like he did not expect that Linda would confess to him. But his expression changed back to normal.

"I'm sorry. You should know that I like someone else." Lu Tangxiao left and brought Yu Qi's things together with him.

Aoi saw the person brought his master's things and followed him. 'Good, Master does not need to climb back here to take the things.'

Linda was standing lifeless there.

Chapter 675 - 675: Been Called

As for Yu Qi had already arrived at the Guanying General Hospital. The ambulance stopped right in front of the emergency entrance. They came out. As they pushed the patient in, a doctor rushed to their side.

"This way..." The doctor said. "What is she having?"

"A deep neck infection." Yu Qi answered. "I have already administrated the first aid treatment right before the respiratory arrest. Oxygen saturation's above 90%." She continued.

"Prepare for the intubation." The doctor said to the nearby nurse.

Using the c-mac laryngoscope, the doctor viewed the throat. Yu Qi already could see the condition of the patient.

"Okay. We will take over the case from here. Good job in administrating the first aid." The doctor said before continued doing his job.

Yu Qi came out from the emergency room. She was suddenly surrounded by the girl's friends.

"Miss, how is Suyan?" One of the friends asked.

"We need to wait for the doctor. He is currently treating her." Yu Qi said.

Yu Qi went to sit on the bench not far from the girl's friends. So, she heard the conversation between them.

"Don't worry. She will be fine."

"Yeah. Oh, where is Tangxiao?"

"He has told us to go first. He will follow us later."

Not long after that, Lu Tangxiao arrived.

"How's Suyan?" Lu Tangxiao asked.

"The doctor is treating her right now. We need to wait." His friend said.

"I see." Lu Tangxiao nodded.

Lu Tangxiao saw Yu Qi sitting not far from them. He approached her.

"Miss Tang, thank you." Lu Tangxiao said once more.

"It is my job." Yu Qi waved her hand telling him that she did not mind.

"By the way, I have already packed the things that you have left in the forest. Actually, I want to bring it here but your dog has stopped me." Lu Tangxiao said.

He recalled back the scene. He reached the bottom of the mountain. As he wanted to bring the things into his car, he was stopped by a dog.

He remembered when Yu Qi came to them to save his friend, he noticed the dog was also there.

"Your owner is Miss Tang?" Lu Tangxiao asked.

The dog turned to walk from him and stopped at a car.

"Does this car belong to Miss Tang?" Lu Tangxiao asked again.

Of course, the dog did not answer him but it lifted its right paw and touched the car. Lu Tangxiao understood its action.

"Okay. Do you want to wait here, right? I will leave it here." Lu Tangxiao put Yu Qi's things there.

"Woof." The dog barked once to him like it was the sign that it thanked him.

"Oh, you have meet him?" The question from Yu Qi made Lu Tangxiao returned to reality.

"Yes. It has already come down and is waiting for you at your car. It is a very clever dog." Lu Tangxiao praised Aoi.

"Thank you. I think I will leave first." Yu Qi said.

"Are you going to return back to the mountain?" Lu Tangxiao asked.

"Yeah. I think I will go back and return home, I guess." Yu Qi nodded.

"But, how do you going to go back? You come here with the ambulance." One of his friends said.

"Oh." Yu Qi just realized that.

"Miss Tang, let me send you back." The friend offered his help just before Lu Tangxiao wanted to offer his help. He then said to Lu Tangxiao. "You stay here?and wait for Suyan."

"Thank you." Yu Qi accepted help.

.....

Yu Qi returned to work for the next day. To her surprise, she was called to a conference room right after she had finished doing her round.

Ji Suk Ye smirked as she said. "I guess, you have done something wrong. That is why you have been called."

Yu Qi ignored Ji Suk Ye. Even though the two other first year residents did not say anything but there was a worried expression on their faces.

"I will go first." Yu Qi went to the conference room.

When she entered the conference room, her eyes were greeted by, probably ten to fifteen middle aged men that wore the white gown. She assumed that they all were doctors in Guanying General Hospital.

"Is that her?"

"I guess so."

"I have never thought its her."

"Has she been in the scandal with Director Zheng last time?"

"Yeah, but it is just a rumour."

Yu Qi coughed. All the doctors were silent at once.

"Sir, may I know why I have been called here?" Yu Qi bravely asked all of the people there.

"Doctor Tang, I'm sorry to scare you. I'm Doctor Bai, an anesthesiologist doctor and also head of Anaesthesia Department." One of the doctors introduced his man.

"Hello there." Yu Qi bowed little.

"Doctor Tang, you have administrated first aid to a woman yesterday right?" Doctor Bai asked.

"Yes." Yu Qi nodded. "Is there something wrong with her?"

"No... No... No... She is recovering." Doctor Bai denied that.

"Oh, okay." Yu Qi still did not relax.

They called her. There must be something.

"Doctor Tang, can you explain to me how the situation was when you have seen the girl yesterday?" Doctor Bai asked.

"Hmm... Okay... When I found her yesterday, she was unconscious and being held by a man. So, I asked him to put her down. I began to do Basic Life Support. Checking her breathing, airway and her pulse. I also could see the red around her neck and her temperature was slightly warm." Yu Qi began to explain.

Chapter 676 - 676: Become Famous Again.

She continued again. "I began to inquire about her condition. After getting information from her friends, I made my diagnosis. She was having a deep neck infection. Her throat swollen, blocking her airway."

"I see." The doctors nodded and mumbled among them.

"I was thinking to do cricothyroidotomy. But I did not have the equipment to do it. So, I thought another method." Yu Qi said.

"So, that is the method that you have thought?" Doctor Bai was looking very shocked.

"Yes." Yu Qi innocently nodded.

"Amazing."

"I have never thought that endotracheal tube could use like that."

"This is the first time I am seeing the first aid treatment like that."

"I think it is a good first aid treatment that we need to learn."

Yu Qi was dumbfounded facing this current situation. She was blinking several times. n.-O)(V)-e--l(.b./1-)n

"Doctor Tang, we have actually never seen this kind of treatment before. That is why we are excited when we have discovered this." Doctor Bai said.

"Oh..." Yu Qi said.

"Doctor Tang, we have a request for you." Doctor Bai suddenly said in a formal tone.

"Yes?" Yu Qi looked at Doctor Bai.

"Can you teach us the method that has used yesterday?" Doctor Bai requested.

"Oh, okay." Yu Qi did not mind.

Doctor Bai and other doctors heard this and smiled at each other.

"We will arrange a day for you to teach the method. Other doctors that want to join can join too." Doctor Bai told Yu Qi about the arrangement that he wanted to do.

"I think I should just teach the method to you and you can teach other doctors." Yu Qi thought it was a suitable way.

"No. You should teach them directly. You know the method. If questions raised, you can answer right away." Doctor Bai said.

Yu Qi thought for a moment. "Well, if you insisted."

.....

For the next day, Yu Qi became the trainer for the session after doing her morning round. The session was held for one hour for the next five days. If the doctor was free, they could join the session.

Yu Qi thought that it would empty on the first day since usually, none one wanted a first year resident to teach them. However, she was mistaken. Her session was full. There were a lot of questions which had been asked in the session.

Yu Qi asked one of the participants. Why were the doctors coming for the session? He told her that Doctor Bai spoke greatly about her method and they should learn it. Doctor Bai was one of the anesthesiologist doctors who had great influence in this hospital, so they believed in him. That was why they came and learned the method from her.

Min Gu Su and Ah Kean also joined the session. They were so impressed with the method that Yu Qi taught. Like Doctor Bai, Min Gu Su would also never think that endotracheal tube could be used like that.

As for Ji Suk Ye, she did not bother to join it. At first, she was happy when she knew that Yu Qi had been summoned by other doctors. She thought that Yu Qi would get punished for something but who knew that she had been praised and even given the opportunity of giving the lectures to other doctors.

Yu Qi began to be famous again. This time was for a better reason unlike before. Other first year residents in other departments started to look for her and asked about the medical treatment.

Of course, Yu Qi was not stingy about her knowledge. If she knew about the question that people asked her, she would answer it. Otherwise, she just told them to go to someone that had more knowledge about it.

It was a normal day for Yu Qi. She just finished her work for today. So, she returned home in the evening. When she returned home, she saw that someone had just moved into the house beside her.

She did not pay much attention to them. However, someone called her when she was about to open the door, someone called her name.

"Yu Qi."

Yu Qi knew that voice. She turned around and saw a familiar face. "Brother Xia." She was surprised to see him here.

"How are you?" Qin Xia approached closer to Yu Qi.

"Hmm... I'm fine. How about you? Oh, what are you doing here?" Yu Qi threw questions to Qin Xia.

Qin Xia smirked when he had been asked those questions. He looked at the people who were moving the furniture into the next house. "As you can see."

"You mean you are the one who has moved in?" Yu Qi asked.

"Yeah." Qin Xia nodded.

"Eh? Why? Wait for a second. Where is your previous house?" To think about, Yu Qi never knew where Qin Xia's house was.

Before this, they just met coincidentally somewhere. Well, it was a coincidence for Yu Qi but not for Qin Xia. He had arranged it and made the situation like they were meeting coincidentally.

"Do you have dinner yet?" Qin Xia asked.

"Not yet." Yu Qi answered. It was the truth since she usually cooks at home for her dinner unless she needed to stay for on call duty.

"Well then, do you mind if I invite you for dinner tonight?" Qin Xia invited Yu Qi.

Min Liang who stood not far behind his boss opened his eyes widely. He was immediately cheering for his boss. 'Go for it, Boss... Go for it, Boss...'

"Why not? Let's go." Yu Qi agreed.

'Nice!' Min Liang smiled happily like Yu Qi was agreeing to have dinner with him. Well, he was just happy for his boss.

"Complete the work. I want them to be completed when I'm returning." Qin Xia gave the order to Min Liang.

"Yes, Mr Qin." Min Liang nodded. 'He wants to abandon me.'

Qin Xia glared sharply to Min Liang. Min Liang gulped. He bowed and left them.

Chapter 677 - 677: Dinner With Qin Xia

They went to the hotel where Yu Qi had stayed before her house was finished the renovation. They already had a restaurant in the hotel.

They walked into the restaurant. The manager came personally welcomed them. Qin Xia requested a private room for them. It seemed Qin Xia's status in the hotel was very high since the manager was very respectful to Qin Xia.

They ordered the food and was waiting for the food to come. The waiter came and put a bottle of wine. The waiter started to pour it into the glass and served the customers.

"What is Brother Xia doing here?" Yu Qi started the conversation.

"For work. My company has decided to open the shopping mall in this Guanying City." Qin Xia played with the glass that contained the red wine.

"I see... Oh, I have forgotten to tell you that I don't drink." Yu Qi looked at the wine.

"Never mind. Don't drink if you don't want to. I will not force you." Qin Xia just smiled.

"Back to the topic. Do you say you want to build a shopping mall?" Yu Qi asked the previous topic.

"Yeah. We are already in the progress. One year from now. There will be a shopping mall here." Qin Xia nodded.

"Oh, I smell some money." Yu Qi grinned. "Have you decide which shop you will like to put in the shopping?"

"Yu Qi wants to do some business with me?" Qin Xia drunk his wine.

"Of course. I know you already know that I own some businesses." Yu Qi knew that Qin Xia already investigated about her.

"Yeah. I don't mind if you want to set up your shop in the shopping mall. However, you will need to follow the procedure that my company has set. If you win the place, it is yours." Qin Xia was a fair person.

"Okay. I will prepare a proposal for it." Yu Qi nodded. She was happy since she got an opportunity for her business.

The food came. They ate them.

"Delicious. This crab is delicious." Yu Qi commented while happily eating them.

"You still like to eat crab." Qin Xia mumbled.

However, Yu Qi could hear that. "What are you saying, Brother Xia?"

"Oh, nothing." Qin Xia realized that he had said something unconsciously.

Yu Qi just let it go. The dinner was awesome since the food was good. Yu Qi excused herself to go to the ladies. When Yu Qi had finished her doing at the ladies, she walked back to go to the room where they were having dinner.

In order to go to the room, Yu Qi needed to walk through the public area in the restaurant. When she was about to step in the corridor that led her to the room, she was stopped by someone.

"My beauty, come with me. I can give everything that you want." It was a drunken man.

"Stay away from me." Yu Qi stepped back.

However, the drunken man wanted to grab Yu Qi's hand. Yu Qi did not want to make a scene here. Otherwise, this drunken man already died in her hand.

"Tang Yu Qi, what a surprise seeing you here." Someone greeted her while mocking her. Well, it was Ji Suk Ye. She was with a middle aged man and woman.

"Who is this man? This is not your boyfriend whom I have seen before." Ji Suk Ye saw Yu Qi was together with a man.

"Doctor Ji mind your language. I don't know this man." Yu Qi said.

"If you are not with him, why are you here together with him?" Ji Suk Ye smirked.

"Who is this?" A middle aged woman with Ji Suk Ye asked.

"Auntie, it is the girl whom I have told you before, Doctor Tang." Ji Suk Ye told the middle aged woman.

"Oh, you are that rumoured girl. I can tell." The middle aged woman said.

The middle aged man did not say anything however the stare was telling otherwise. He was looking at Yu Qi with a lewd and l.u.s.tful stare.

The drunken man still did not give up wanted to pull Yu Qi into his hug. "Come to me. I will treat you."

"Doctor Tang, he is calling for you. Just admit that you know each other. Are you afraid that I will tell your boyfriend? Don't worry, I'm the type that doesn't like to involve with others so I will not tell your boyfriend." Ji Suk Ye said in a loud voice making people nearby took a look at them.

"Does she catch someone cheating?"

"I think so."

"What a loose woman."

People whispered among them. Yu Qi that had a good hearing heard everything that people whispering. She knew that Ji Suk Ye aimed to ruin her reputation. She sighed.

"I'm telling you for the last time. I don't know this man. Or do you want me to admit in pressure that I know this man? Do you send this man to trouble me for me to break up with my boyfriend since you want to be with my boyfriend?" Yu Qi reversed the thing.

"You!!!" Ji Suk Ye was angry.

"I know the girl likes you using your face to seduce people. I bet you have come here with a man, right?" The middle aged woman suddenly said. n.-OvεlβIn

Yu Qi was already aware that this middle aged couple was Ji Suk Ye's auntie and uncle. Which meant that this middle aged man was the one in the top management that Ji Suk Ye always mentioned to them.

Chapter 678 - 678: Ban Them

"I have come here with a friend. Madam, please watch your language." Yu Qi warned the middle aged woman.

"What can you do to me, huh? Just a poor girl wants to threaten me." The middle aged woman sneered. She remembered that Ji Suk Ye told her that this girl in front of her just came from a humble background.

"She can't but I can." A deep voice interrupted them.

All of them turned to that voice. The voice belonged to a handsome man. He was staring sharply to others making everyone felt the pressure.

"What are you doing here?" Yu Qi asked.

"You have gone for a long time. So, I have come out to find you. And see an interesting thing." Qin Xia patted Yu Qi's head.

Then he turned to Ji Suk Ye and the middle aged couple. "Call your manager right now." He talked to the nearby waiter.

Yu Qi was blinking several times. When Qin Xia patted her head just now, she felt something familiar about it. She was sure that Qin Xia never pats her head before. She was wondering why was she feeling like this.

"Huh? Okay. Okay." The waiter nodded and ran away.

"See, you have already seduced another man." The middle aged woman pointed to Qin Xia.

Ji Suk Ye was shocked to see this man. This man did not lose to Yu Qi's boyfriend. She clenched her fists. 'How can she get to know all the handsome man? This is not fair.' She glared at Yu Qi.

Qin Xia and Yu Qi just kept silent when hearing the words from the middle aged woman.

Not long after that, the manager arrived at the scene. He was particularly shocked when he saw Qin Xia here. 'Who is the one who has annoyed the devil?'

"Mr Qin, what has happened here?" The manager asked respectfully to Qin Xia.

Ji Suk Ye and the middle aged couple were dumbfounded as they saw the manager acted respectfully to the man. They had come to this hotel, this restaurant several times before. So, they knew the manager here would not act like this.

"Ban them from entering this hotel and this restaurant." Qin Xia ordered the manager.

"Yes, Mr. Qin." The manager obeyed the order.

"Who are you to ban us?" The middle aged woman shouted angrily.

"He is the owner." The manager answered on behalf of Qin Xia.

"What??? He... Is... The... Owner?" The middle aged woman paled.

The middle aged man also became pale. Ji Suk Ye also shocked. 'This man is the owner?'

"And also check this man. Ban him. If he also has any companions, ban them too." Qin Xia said in such a domineering tone while pointing to the drunken man that just knock out over there.

"What a reverse plot. That girl really doesn't know that drunken man."

"Yeah. Meaning another girl wants to ruin the girl's reputation."

"Probably. She is jealous of that girl."

"That is why people say that the woman's jealousy is dangerous."

"What are you waiting for? Please leave. Otherwise, don't blame us to be rude." The manager said to Ji Suk Ye and the middle aged couple.

Ji Suk Ye already felt embarrassed with this quickly left the place followed by her auntie and uncle.

Qin Xia and Yu Qi already returned to their room.

"I'm sorry for making you experience this, in my restaurant Qin Xia said in the regretful tone.

"Brother Xia, no need to apologize to me. It is not your fault." Yu Qi quickly stopped Qin Xia.

"But..." Qin Xia wanted to argue more.

"Even not here, that woman just want to ruin my reputation. So, as I have said, no need for you to feel guilty about that." Yu Qi smiled again.

"Okay." Qin Xia nodded.

"By the way, if you have time, can we have another dinner together again?" Qin Xia asked carefully.

"Sure. Why not?" Yu Qi agreed.

While in the space...

Bo Ya was watching the outside world using Yu Qi's eyes.

"What do you think that man will do if he knows that the Master is having dinner with another man?" Bo Ya asked Aoi that just beside him laying around.

"I bet he will be mad," Aoi replied.

"Yeah. I think so too." Bo Ya nodded after giving a few thought.

"Humph!!! That man... If he is getting angry with our master, I will support our master." Aoi stood up.

"That man is pretty scary when he is mad. Can you handle it?" Bo Ya raised his eyebrow.

Aoi imagined about Long Hui's face. He shivered. 'That man is indeed a scary man.' However, for the sake of his master, he would stand up against that scary man.

"I will preserve it." Aoi nodded.

"Great. If he makes a move on our master here, I will stand together with you. If that happens outside, I need to count on you about this matter." Bo Ya also nodded.

The two of them did not realize that their beloved master was already behind them when they were so grossed in their conversation.

Yu Qi could catch some of their conversations. It seemed they were talking about her and that scary man was Long Hui. They seemed to protect her from Long Hui in case Long Hui was jealous.

Yu Qi laughed. Then her two little cuties realized that their master was already in.

"Master." Both of them were lingering around them.

"Are you hungry?" Yu Qi asked.

"Yes!!!" Both of them answered at the same time excited.

"Okay. I will cook something for you." Yu Qi saidThe two little cuties were happy as they helped Yu Qi prepared the ingredients.

Chapter 679 - 679: Kneel Down Or Kowtow To You?

The next day, Yu Qi went to the hospital as usual. When she just about to start her morning round, the nurse informed her that after her morning round, Ji Tein Lei, wanted to see her in his office room.

Yeah, Ji Tein Lei was Ji Suk Ye's uncle. The uncle that Ji Suk Ye always boasted about. He probably wanted to talk about the last night incident.

Yu Qi thanked the nurse that passed the message. Then she went to do her morning round. After about two hours, she finally finished her duty. Then she went to the meeting room to re-arrange the notes that she wrote during the morning round.

Ah Kean and Min Gu Su were there too. She greeted them and took her seat and started doing her work.

However, her work was stopped when someone opened the door roughly and the door made a sound. Three of them in the meeting room that just looking down at their work, lifted the face and took a look at the source of the sound.

In front of them, there was Ji Suk Ye with a trademark face, an angry face. She walked straight away to Yu Qi.

"What are you doing here?" Ji Suk Ye asked when she stopped in front of Yu Qi.

"Huh?" Yu Qi tilted her head, did not understand what Ji Suk Ye meant about that.

Ah Kean and Min Gu Su were already looking at each other. Actually, they thought it was ridiculous for Ji Suk Ye when she asked something that was totally obvious.

"Doing my work, of course." Yu Qi answered Ji Suk Ye as she thought Ji Suk Ye acted an idiot.

"Has someone passed you the message telling you that my uncle wants to meet you?" Ji Suk Ye said.

"I have." Yu Qi nodded.

"Then, why don't you go?" Ji Suk Ye questioned Yu Qi like a madman.

"I'm still haven't finish my morning round." Yu Qi sighed.

"Haven't finish yet? Then, why are you here?" The more Ji Suk Ye talked to Yu Qi, the more Ji Suk Ye felt angry. Not to mention, the last night incident.

"Doctor Ji, go through patient's files are the part of it. One more to go, then I will go to meet your uncle, okay." Yu Qi already ignored Ji Suk Ye and went through the last patient's files and wrote something. n.-0VetB1n

Ji Suk Ye clenched her fists. Seeing Yu Qi did not want to talk anymore, she stormed out from the meeting room. Without Ji Suk Ye in the meeting room, the peace was restored.

After fifteen minutes later, Yu Qi finished her work. She stood up and decided to go to Ji Tein Lei's room as per requested.

"Doctor Tang, will you go and see Mr. Ji?" Ah Kean asked.

He was quite worried about that. He was behind Yu Qi when the nurse passed the message. Ah Kean knew about Ji Tein Lei's behaviour. The other male doctors talked among themselves about Ji Tein Suk.

"No need to worry about me. I will be fine." Yu Qi just walked as she went to the Ji Tein Lei's office room.

Just outside Ji Tein Lei's room, Yu Qi saw there was a lady that currently taken care of her nails.

"Miss, I have been called by Mr. Ji, can I enter his room?" Yu Qi said politely.

The lady looked up and saw Yu Qi. She stopped doing that she currently doing and called Ji Tein Lei.

"Mr. Ji, there is a female doctor who wants to meet you." The lady asked.

Then, she became quiet for a few second. "Okay. I will ask her to enter quickly." The lady ended the call. "You may enter now." Right after she stopped talking, she returned to do what she stopped just now.

Yu Qi entered after hearing the voice telling her to enter the room. As she entered the room, her eyes were greeted by a faltering face and an annoyed face.

"Doctor Tang, it is a pleasure to meet you again." Ji Tein Lei said with a smile.

"Mr. Ji, just tell me what do you want from me?" Yu Qi did not want to waste any of her time here.

"Well, then, I will ask directly." Ji Tein Lei said. "Doctor Tang, can you talk to yesterday's man to lift up the ban that he has put on us?"

"No, that matter is out of my range." Yu Qi refused.

"Doctor Tang, you need to think. I can help you with the hospital's matter. It is not a losing deal for you." Ji Tein Lei wanted Yu Qi to consider more.?

"No need for that. I can handle it myself. Or you can leave the help for your niece. She really needs that." Yu Qi replied.

"You!!! My uncle has already lowered himself to you. Do you want him to kneel down and kowtow to you?" Ji Suk Ye's anger exploded when seeing Yu Qi did not give in to her uncle's request.

"To tell you, he can do whatever he wants. Kneel down or kowtow or whatever you want to do. I don't have a final word for this. If you want to reverse the ban, go and beg the man who has put the ban on you." Yu Qi smirked.

Ji Tein Lei's expression changed. It looked grim right now. "Are you not afraid that I will make trouble for your work later?" If flattering was not a good solution, he could change it to threaten.

"Are you sure you want to cause trouble with my work? You can try but don't blame me for the ruthlessness." Yu Qi just smiled however, her eyes did not.

She did not wait any longer and went out, leaving the two people in the room dumbfounded with that.

Chapter 680 - 680: Secure Your Marriage

"Uncle, what should we do?" Ji Suk Ye asked.

Ji Tein Lei did not answer as he was thinking about that. After they been chased out of the hotel, he sent someone to investigate the man that gave out the order.

Turned out that the man was a very powerful businessman in the nation, second to Feng Mo. He might replace Feng Mo, probably in a few years later.

Thinking that he had already offended someone with that made him felt a headache. He regretted about that. He did not think right yesterday. He thought it was a normal man since he was together with that girl.

Then suddenly he thought of a brilliant idea as he looked at his niece. His eyes lifted up and he smiled.

"Suk Ye, you need to help your uncle." Ji Tein Lei suddenly said to Ji Suk Ye.

Ji Suk Ye blinked. "Huh? What is it, uncle?"

"You need to help your uncle, at the same time, you can secure your marriage." The longer Ji Tein Lei thought about this idea, the better he thought about this idea.

"What are you talking about, uncle?" Ji Suk Ye felt interested to hear the rest.

"What do you think about last night's man?" Ji Tein Lei asked.

"Last night's man? You mean the man who has chased us out from the hotel?" Ji Suk Ye asked for the confirmation.

"Yes." Ji Tein Lei nodded.

Ji Suk Ye thought about last night's man. His appearance was very good. He was not losing to Yu Qi's boyfriend. "He is a good looking man and has a good background."

What Ji Suk Ye meant with a good background meaning he was a rich man.

Ji Tein Lei nodded several times. "Then, you should make him yours." He suggested the idea to Ji Suk Ye.

"You mean?" Ji Suk Ye's shined as she heard about this idea.

"Yes. Once you become his girlfriend, he will forgive us." Ji Tein Lei smiled.

Ji Suk Ye did not answer Ji Tein Lei. But she was thinking about how to make the man hers. She did not lose to Yu Qi in term of beauty. Well, of course, that was a lie. She was wearing makeup, a thick makeup.

"But uncle, I don't know anything about him." Ji Suk Ye expressed the problem. n--0V**elb**In

"Don't worry. I will provide the information about that man. You just need to focus on how to enhance yourself and how to make the man interested in you." Ji Tein Lei said.

"Okay, uncle. I will try my best." Ji Suk Ye nodded. She would not let go of this chance, the chance that could secure the good future of her life.

"What about Tang Yu Qi? I think we should teach her a lesson." Ji Suk Ye changed the topic.

Ji Tein Lei smiled evilly as he thought about that girl. "Don't worry about that girl. I will teach a good lesson for her. She should learn that it is not good to offend me."

"That's great, uncle. If you can make her lose her job, that would be nice. She seems to love her job so much." Ji Suk Ye gave some ideas to her uncle how to teach Yu Qi some lessons.

....

"Are you okay?" Ah Kean asked after seeing Yu Qi entered the meeting room.

"Yes, I'm okay." Yu Qi just returned from her meeting with Ji Tein Lei.

"That person does not make things hard for you?" Ah Kean asked expressing his concern.

"No." Yu Qi shook her head.

"Oh, okay." Ah Kean let go the topic as he changed to another topic. "By the way, Doctor Lai has come just now telling us that you and Doctor Min will be shadowing Professor Xian in a revision arthroplasty surgery."

"Really. It is great." Yu Qi was happy.

"Actually, Doctor Lai was a little bit angry when he did not see you in this meeting room. But after we told him that you have gone to see Mr Ji, he has calmed down." Ah Kean explained.

"Thank Doctor Ah, Doctor Min." Yu Qi said.

"No problem." Ah Kean waved his hand.

Min Gu Su did not say anything. He just nodded and continued doing his work.....

"Are you sure she is here?" A tall man was standing in the corner of the hospital.

"Of course. Our network information is correct." Another man nodded. "Smiley and Weirdo told that she is very observant with her surrounding. They have told me that they have almost been caught by her."

"Oh... She is a good seed then." A tall man said.

"Yeah. But convincing her may be a hard job."

"Just offer her some money. A girl like her may need some money to maintain her lifestyle." A tall man casually gave the idea.

His friend sighed. "Do you read the information about that girl?"

"Nope." A tall said.

"Idiot. You should read the information about this girl. She is not a normal girl that you think, okay." His friend was angry. "Give some money to her? She herself is worth millions. She may not accept some money since she already has a lot of money. Even if she does not have it herself, her current family can provide the money for her."

The tall man became quiet.

"A person that they get interested in will not be a normal person. She must be an abnormal person." His friend continued. "But that is not our job. We just need to observe her and report it to the higher ups."
