Chapter 731 - 731: Little Sis, I'm sorry

"I'm back." Tang Jin Wei announced that he was home.

"Oh, welcome back." Su Xiao happened to be in the living room working on something, crocheting something.

"Auntie Su Xiao, where is my mum?" Tang Jin Wei asked while looking for his mother.

"Your mum has gone out with your dad. As for where they go, I don't know. They are probably going to return home now." Su Xiao answered while chuckling.

"I see. They have probably gone for a date. I will be going up first." Tang Jin Wei nodded.

Well, sometimes his parents liked to act like a young man and woman, going out and having fun with each other.

"Come down at dinner time." Su Xiao reminded.

"Okay, Auntie." Tang Jin Wei went up to his room.

Tang Jin Wei was very tired of driving for about 4 hours. He went to send his girlfriend first at her home. He wanted to take a nap when he looked at his bed but he wanted to refresh first. His body felt sticky and smelly.

Sleeping in this state was a no for him. He was a doctor. So, he was really concerned about the cleanliness. He would take a shower even though it was very late in the night if he returned home late.

Done showering, he laid on his bed wanted to take a nap until dinner time. He ended up after an extra one day at Guanying City because of the sleepiness.

Actually Tang Jin Wei wanted to return after meeting with Yu Qi, but after the incident happened, he lost his sleep. Worried about Tang Jin Wei going to be tired and not suitable for driving, Ke Su Su suggested that they could spend another one day at Guanying City. This time, Tang Jin Wei got enough sleep.

Tang Jin Wei had been disturbed by the knocking on his door. He woke up while yawning and opened the door.

Outside the room, there was a maid that came to inform him that it was already dinner time. Tang Jin Wei said thank up and asked the maid to tell his family that he would be going down after washing his face.

All the family members were there except for Tang Qin Hao, Grandpa Tang and Tang Jang Qin. Tang Jin Wei sat beside his big brother.

"How are your trip?" Ming Yue asked Tang Jin Wei.

"Nice." Tang Jin Wei nodded.

"How is it not nice? He has gone with his girlfriend." Tang Han Lee chuckled.

"When are you going to allow your girlfriend to meet us?" Ming Yue asked again.

"Sooner. She is not ready yet." Tang Jin Wei actually already wanted to bring Ke Su Su to meet his parent but she told him that she was not ready yet. He did not mind. He would be waiting for her to be ready.

"Okay... Okay... I will not ask any more about your girlfriend." Ming Yue sighed. "Then, how about Yu Qi? Do you meet with her?" Now the topic moved to Yu Qi.

"Don't worry too much. She will be fine." Tang Jung Wen interrupted.

"Humph! What fine? Getting a gunshot is fine?" Tang Jin Wei subconsciously said that aloud.

The first person who reacted to that was Tang Han Lee, the person beside Tang Jin Wei.

"What? Getting a gunshot?" Tang Han Lee asked Tang Jin Wei in a serious tone.

Tang Jin Wei gulped. His mouth said something that he should not say. He was avoiding everyone's eyes.

"Gunshot... Yeah, I was getting the gunshot when I was playing a game." Tang Jin Wei wanted to play it off.

However, the people in the dining room was still watching him with a sharp glare. He once again swallowed his saliva. 'Little Sis, I'm sorry that I can not protect your secret.' He cried in his heart.

He knew these people would not let him go until he told everything to them. His mother and auntie used the dirty method which is to prevent him to eat unless he told them everything.

He was so hungry because he did not eat anything on the road yesterday. So, he blurted everything that he knew.

"What? Yu Qi has been injured with the gunshot?" Ming Yue said while his eyes widened open.

"Yes." Tang Jin Wei nodded.

"Then, how is she right now?" Su Xiao asked in worry.

"She has already completely healed." Tang Jin Wei answered. Find authorized novels in , faster updates, better experience, Please click #’m-sorry_52304652191975074 for visiting.

"No. We need to see her in front of our eyes." Ming Yue clenched her hands.

"That's right. Sister, tomorrow morning, we will depart to Guanying City." Su Xiao nodded while looking at Ming Yue.

"But..." Tang Jin Wei wanted to say something.

"Shut up." Both of the women looked and said at Tang Jin Wei at the same time.

Tang Jin Wei shut up his month. After getting the information extracted from him, he had been allowed to eat.

"Dad..." Tang Han Lee called his father.

"Better to let them go to see your sister. It will be better to see her. They also will be relieved if they see your sister." Tang Jung Wen said. "However, be resistant not to tell your grandfather about this. You must know his love for Yu Qi. Who knows what will happen to your grandfather if he knows about this?"

Tang Han Lee sighed. "Okay. I understand."

"As for your mother and auntie, I will ask our driver to send them since we can not leave our job." Tang Jung Wen said.

Chapter 732 - 732: Mother's Love

"Auntie Ming Yue, Auntie Su Xia, what are you doing here?" Yu Qi was very surprised to see her aunties here.

Yu Qi came to the cafe when hearing that two middle aged women asked for her from a nurse.

Yu Qi could see from the far that the women that she fully knew, were having some drinks at the hospital's cafe. They just arrived at Guanying City. Since it was daylight, they figured that Yu Qi might still be working.

"Coming to see you. I miss you, my dear." Ming Yue was about to hug her tightly but when she remembered that the girl was injured before, she held back.

"My dear, you are still working?" Su Xiao also came to hug her and she was thinking the same thing as Ming Yue.

"Yes, I will be going to watch one minor surgery at two p.m." Yu Qi nodded.

"I see. Do you have the night shift today?" Ming Yue asked again.

"Nope." Yu Qi shook her head.

"Well then, we will go to your house and wait there." Ming Yue clapped her hands once.

"Sure. Here is the key." Yu Qi brought out the keys from her pocket. Coincidentally the key left behind in her pocket. She forgot to put it in the locker. "How do you want to go there?"

"Don't worry. We get our driver. He will send us there. And I still remember the place." Su Xiao said.

"Oh, okay." Yu Qi nodded. She did not think anything about why her aunties suddenly came to Guanying City. She did not expect that her brother already blurted everything to her aunties.

Opened the door, she could smell some fresh cooked food. She thought someone had broken into her house. Then she thought twice, she finally remembered that her aunties came to visit.

"Oh, you have returned. Do you want to eat or take a bath first?" Su Xiao came out from the kitchen together with Ming Yue.

"I will take a bath first." Yu Qi said.

"Okay then, after that, we are going to eat together." Ming Yue said.

Yu Qi went to her room. She took a quick shower. Before she wanted to leave the room, Aoi shouted telling her that he wanted to come outside.

So, she entered the space, grabbed Aoi and came outside. Then, she left the room together with Aoi.

"Oh, he is home. I have thought he is not here, playing outside since I find him, wants to feed him but he is not here. Come here. I will give food to you." Su Xiao looked down at Aoi.

Aoi's tail waved happily when he listened that there was some food to him.

Then, they were sitting around the table. Chatting and eating happily. Yu Qi asked why were her aunties here. Her aunties avoided answering the question.

They changed the place now after finishing dinner and cleaned up. They sat in the living room.

"Yu Qi, do you know that we love you so much?" Ming Yue began to speak.

Yu Qi was silent for a moment. Until she nodded.

"Then, why don't you tell us that you are injured?" Su Xiao said.

Yu Qi was stunned. 'Brother Jin Wei, you... Watch out when I see you again.'

Tang Jin Wei was working at that time sneezed several times.

"What has happened to me?"

"Probably you catch some cold, Doctor Tang." A nurse told him.

"Well, I don't want to worry all of you. I'm sorry." Yu Qi could not say anything more.

Ming Yue and Su Xiao sighed. They really loved this girl since they could not have a daughter anymore. Ming Yue grabbed Yu Qi's hand and held it tight. The same thing was done by Su Xiao with Yu Qi's other hand.

"I know it was not you want that happened. But if something like this happened again, I hope you can tell us about that." Ming Yue patted Yu Qi's hand.

In her past life, she never felt the mother love because of Wang Family. Even after she moved into Mu Family, she could not have the mother love. And her future mother in law in the past life seemed did not like her much.

However, in this lifetime, she was blessed with two mothers. That was something that she did not expect at all.

"I will." Yu Qi nodded. Her tears came out.

Ming Yue and Su Xiao knew how Yu Qi lived before, after hearing what their father in law told them about Yu Qi. That girl did not know how to interact with her family since the Wang Family treated her like a slave.

They were really happy when suddenly their father in law told them that he already adopted a granddaughter.

"Okay. Let's stop talking about sad things." Su Xiao clapped her hand once.

"I will like to hear about your love story, my dear." Su Xiao grinned.

Ming Yue also nodded. "That's right. Does Long Hui come here to see you?"

"Well, sometimes, when he does not have any mission." Yu Qi answered shyly.

"I have heard from Jin Wei that he was here during you were injured." Su Xiao mentioned that. "Was he here to visit you?"

"Well, he was here at that moment because of the mission. He needed to catch some people. And that people happened to be my kidnapper. So, yeah, I was taken care of by him during my injury."

"I think after you complete your internship. Tell him to come to our house to discuss about marriage." Ming Yue said.

Su Xiao also nodded.

Chapter 733 - 733: Announced The Winner.

The bidding for the World Class Resort was just in the corner. Yu Qi also signed the agreement between Guanying City's Mayor as the investor and would have about 15% of the share of the resort when it was finished and started the operation.

From what Yi Lishan told him, there was about ten company would be competing in the bidding. Some of them were someone that she knew. Mu Cooperation also would be competing for the bidding.

The bidder already submitted their proposal to Guanying City's office. Yu Qi also had been called for the selection day. Yu Qi took a day off from her work. Yi Lishan already called her and told her that Guanying City already chose a company based on prices submitted by the bidders.

When Yu Qi asked about that, Yi Lishan told her that the winner of the project was Qin Xia. Yu Qi suddenly thought about her past life. She somehow could not remember that person that won this bidding.

It was not Mu Cooperation or Bai Group. That was for sure. She remembered when she began to handle the things in Mu Cooperation, the resort had been started operating and gained its fame.

Bai Shui Jin mentioned to her about the Bai Group became the largest shareholder of the resort. Telling her that the resort was a good investment.

Is that company was Qin Xia's company? Was Qin Xia scammed by the Bai Group? No, she would not let that happen.

.....

The result was been announced to the people. Another investor was willing to throw the party to that matter. Yu Qi also had been invited.

Her invitation card was given by Yi Lishan to her personally. He came to the hospital to meet with Yu Qi. He had been informed that Yu Qi was in the operation room right now. He had to wait.

Yu Qi just came out of the operating room. She was going to the meeting room. A nurse told her that someone was coming to meet her. At the moment, she wondered about that person.

She checked her schedule. Supposedly there was no appointment at all. 'Well, let just meet the person.' She was kind of surprised to see Yi Lishan here.

"Yu Qi, here." Yi Lishan gave an envelope to Yu Qi.

"This...?" Yu Qi tilted her head. At the moment, she still did not know that they were having a party for the announcement of the winning bidder.

"A party for winning bidder. They will be announcing the winner at this party." Yi Lishan said.

"Oh, I see. So, it is a normal event." Yu Qi nodded.

She opened the envelope. The invitation card was inside it. Yu Qi read the invitation card. 'Tomorrow...'

"I will go if I get free time." Yu Qi put the invitation card back into the envelope.

"Okay. I will get going." Yi Lishan said and left Yu Qi.

.....

Yu Qi was getting out of the car. The party was held at the Guanying City's hall. Yu Qi was dressed in a simple dress with a nude colour. For the makeup, she just put on the simple makeup. Not too striking. Find authorized novels in , faster updates, better experience, Please click #._52430712434903008 for visiting.

Yu Qi brought out the invitation card and showed it to the two men that guard the entrance of the hall where the party was held.

The party was just starting. Currently, there was a speech from Guanying City's Mayor. Yu Qi put a drink from the waiter and blended into the crowd.

"Now, we are going to announce the winner of this project." The host stated. "We would like to invite the Mayor again to congratulate the winner."

The Mayor went up to the stage.

"Okay. I will announce the winner." There was a black envelope in his hand. He opened the envelope and read the words on it. "The winner is Yue Cooperation. We invite Mr Qin, the president of the Yue Cooperation to the stage."

Yu Qi looked around and saw Qin Xia walked toward the stage. He looked, as usual handsome.

"Congratulation to Yue Cooperation for winning this project." The host said after Qin Xia was already on the stage.

Qin Xia shook his hand with the Mayor for a few moments. The camera was capturing the picture at the moment. The flash was coming from the cameras.

The Mayor exchanged some words to Qin Xia. Qin Xia only nodded with his cold face.

"You may enjoy the party." The host said.

Qin Xia went down. Min Liang, his secretary followed him from behind. At the moment, some people went to talk to Qin Xia. Probably congratulated him.

Yu Qi was surprised to hear the name of Qin Xia's company. She thought it would begin with 'Qin' but turned out, the name of the company was 'Yue'.

There was someone who was also shocked by what he saw. Bai Shu Jin did not expect to see Yu Qi at this party. He was attending this party together with his brother, Bai Yu but his brother was nowhere to be seen.

He wondered why was Yu Qi here. She did not participate in the bidding. So, he was curious. With a glass in his hand, he walked toward Yu Qi.

Yu Qi felt that she had been watched by someone. So, she looked around. Her eyes were catching the eyes that had been watching her.

Her eyes turned cold. She turned around, did not want to see him anymore. nove-11-1n

Chapter 734 - 734: Save The Child

Then, someone screamed. Everyone was looking at the source. It was a woman holding a kid in her hug. Yu Qi quickly approached them.

"I'm a doctor. Tell me what has happened?" Yu Qi said.

However, a middle aged woman beside the crying woman did not believe Yu Qi.

"Humph... A doctor? Just a little girl. Dare to say she is a doctor? Young girl,? you should never deceive others." The middle aged woman said.

Yu Qi ignored that middle aged woman. Her focus was still on the crying woman.

"Madam, can I take the pulse of the child?" Yu Qi asked.

"Everyone, this girl wants to deceive others by saying that she is a doctor." The middle aged woman said in a loud voice.

"Madam, the child needs to be treated as soon as possible." Yu Qi was trying to talk to the crying woman.

"You are really a doctor?" The crying woman asked.

"Yes." Yu Qi nodded firmly.

Seeing Yu Qi so confident, the crying woman began to believe Yu Qi. However, the middle aged woman still wanted to trouble Yu Qi.

"Look, she wants to kill the child." Once again, the middle aged woman shouted splitting the bullshit.

"Shut up!" There was an angry voice behind the middle aged woman. nove-11-1n

"What are you...." The middle aged woman wanted to retort back but she was shocked to see the person who had said something to her.

"She is a doctor. I know her." It was Madam Yi, wife of the mayor.

The people started to believe Yu Qi was a genuine doctor. Madam Yi confirmed it. The middle aged woman could not do anything any more.

Yu Qi took the pulse of the child. There was a violent reaction.

"What is he doing before this?" Yu Qi asked the mother.

"I think she is eating some cake. Here. It is that cake." The mother pointed to the cake on the table.

Yu Qi looked at the cake. She took the cake and tried to smell it. Nothing suspicious on the cake.

"I think she is having some reaction to an allergy. But I can not determine what allergy is. What I can do right now is to prevent the reaction. May I do some acupuncture on the child?" Yu Qi asked.

"Yes. Please." The mother said.

Yu Qi brought out the needle bag. She asked the mother to take off the clothes of the child. Then Yu Qi swiftly put the needles on the various place on the chest of the child. Her hands were very faster.

After a few, the child complexion showed a better result. Yu Qi took the needles from the child's body. The mother thanked Yu Qi.

"Thank you... Thank you..." The mother bowed.

"You should go to the hospital. I just hold back the reaction. Better go to the hospital to determine what is the cause of the allergy." Yu Qi shook her head, putting away these needles.

"Okay... I will go now. Thank you." The mother bowed to Yu Qi and took away his child.

The onlookers who were looking at the situation was stunned by Yu Qi's action. Her hand had swiftly used the needles on the child and were very impressed. They could not expect that such a young girl could know the acupuncture.

"Sister doctor!" A boy hugged Yu Qi's leg.

It was Little San. Yu Qi smiled and patted Little San's head.

"How are you?" Yu Qi asked.

"I'm fine." Little San said in a childish voice.

"Then, it's good." Yu Qi smiled. She then greeted Madam Yi. "Hello, Madam Yi."

"You can call me Auntie Yi." Madam Yi said while smiling at Yu Qi.

"Oh, okay." Yu Qi said.

"Have you see Lishan?" Madam Yi asked.

"No. He must be busy." Yu Qi shook her head.

They were talking for a while.

"That girl seems to be close to the? Mayor's wife."

"Yes. Madam Yi seems to like the girl."

"Is she her relative?"

"Or her future daughter in law?"

"That may be the truth."

The onlookers were discussing about Yu Qi's relationship with Madam Yi.

Then both of Madam Yi's son joined them.

"Oh, Doctor Tang, you came." Yi Liwei greeted Yu Qi.

"Well, Brother Lishan has invited me." Yu Qi said.

"Oh, I see... Wait... What? Brother Lishan?" Yi Liwei looked at Yu Qi and Yi Lishan. He was greatly surprised by this. "You guys, when has this happened?"

Madam Yi also looked very surprised but she was happy with this improvement.

"It has been a while." Yi Lishan said.

"Why don't you tell me?" Yi Liwei asked.

"Tell you what?" Yi Lishan was annoyed with his brother.

"That you are already close to each other." Yi Liwei said. He never thought that his brother would be so fast.

"We are just friends." Yi Lishan rolled his eyes at Yi Liwei.

"Yeah. I already have a boyfriend." Yu Qi was being honest.

"Eh!!! Boyfriend? I have thought you are single." Yi Liwei was slightly disappointed.

"Nope. I do have a boyfriend. But he is not usually around." Yu Qi explained.

"Not around?" Yi Liwei was confused.

"Yu Qi..." Someone called Yu Qi's name.

Everyone looked at the voice. It was Qin Xia, the winner of the bid. They were surprised to know that Yu Qi and Qin Xia knew each other.

"Brother Xia." Yu Qi smiled as she greeted Qin Xia.

Yi Liwei looked at Yu Qi and asked. "Is this man your boyfriend?"

"No." Yu Qi shook her head. "My boyfriend is a soldier. That is why he is not around."

"Yu Qi is like my sister." Qin Xia said.

"Yeah." Yu Qi nodded.

Chapter 735 - 735: Vice President of Hundai Magazine

The middle aged woman that wanted to discredit Yu Qi quietly left the place when seeing Madam Yi supported the girl. As for the reason why she attacked Yu Qi, she was jealous.

When that girl appeared, her husband looked at the girl with such expression. She knew that her husband was attracted to the girl. That was why she wanted to make trouble for that girl.

But when Madam Yi appeared and helped the girl, she left quietly. Madam Yi was known as a protective person to the people that she liked.

The middle aged woman knew that Madam Yi liked that girl. She was afraid that Madam Yi would do something. She left the venue. She wanted to go to the toilet.

However, she did not expect that something would happen to her right after she left the venue.

.....

"Done?" Qin Xia asked Min Liang.

"Yes, Mr. Qin. All done." Min Liang nodded.

"Good. I want to greet Yu Qi." Qin Xia started to walk in Yu Qi's direction.

Min Liang just followed his boss. Another one would face horrible things tonight.

They were watching someone who had made some problem for Yu Qi while Yu Qi wanted to save the child. That middle aged woman mocked Yu Qi several times.

Min Liang could see that his boss' aura since he already worked for a long time with his boss. He already could read his boss's mood. Mocking Miss Tang in front of his boss was a big no. It was like telling his boss that she wanted to die.

So, her death had been decided. To be honest, he was not a good person. Having a boss like Qin Xia, really taught him that way. He silently followed his boss from behind.

"Yu Qi..." Qin Xia called Yu Qi.

"Brother Xia..." Yu Qi was smiling as she greeted Qin Xia.

"Is this man your boyfriend?" The man beside Yu Qi asked Yu Qi.

"No."

Qin Xia saw that Yu Qi shook her head before continuing to speak.

"My boyfriend is a soldier. That is why he is not around."

"Yu Qi is like my sister." Qin Xia added.

"Yeah."

Qin Xia looked at Yu Qi with brotherly love. This was the part that Min Liang could not understand. His boss usually liked to disappear for a while. Sometimes, one week. Sometimes, one month. The longest time that he disappeared was three months. It was the last time he had disappeared.

Even since that, he had never disappeared again. He began to investigate a girl. It was Tang Yu Qi. It was an impressive girl. Built her business empire at a young age, it was not something that a girl would do. On top of that, she was also a brilliant doctor.

When he received the order, asking to investigate the girl. Only one thought was in his mind that his boss wanted to kill this girl. For what reason, he did not know. But after giving the report to his boss, for the first time, he saw that his boss was smiling. Not an evil smile but just a normal smile.

After that, he treated Yu Qi as his future lady boss. Even though he knew that Yu Qi already had her boyfriend. However, his boss just treated Yu Qi like a younger sister. Min Liang sighed. He really could not understand his boss.

...

Yu Qi had been called to assist a surgeon. It was not something that first year resident would do. But the head of the pediatric department approved it. Yu Qi was happy since her skill had been acknowledged.

Yu Qi came out from the surgery room. Taking off the gown and cleaning up. The patient today was suffering from leukaemia. So, bone marrow from her older sister had been taken and transplanted in the child's body. The older sister was not too old. She was only 13 years old. But because of her love for her younger sister, she willingly sacrificed for his younger sister.

Yu Qi really admired that older sister. She was growing up as a slave for a family. Her so-called sisters and brother treated her as a slave and mocked her.

"Miss...You are really a doctor."

Yu Qi was surprised when she was suddenly been greeted like that. She looked upward and saw the mother of the kid that she had been given the acupuncture at the party yesterday.

"Oh, it is you. About how your child? Is she okay now?" Yu Qi asked.

"Yes. She has a peanut allergy. Yesterday the cupcake that she ate contain some amount of peanut. Thank goodness, you were there. The doctor that treated her praised you for giving the acupuncture.? Otherwise, she could lose her life." The mother said.

"Come here and say thank you to this sister for saving you." The mother brought her child in front of Yu Qi.

The girl looked very shy as she appeared in front of Yu Qi. "Thank... you... sister." The girl said shyly.

Yu Qi made a gentle smile as she patted the girl's head. "It is good since you are already fine. But make sure don't eat food that has peanut, okay." Yu Qi reminded the girl.

The girl nodded.

"Here." The mother gave a card to Yu Qi.

"This?" Yu Qi looked at the card. 'Shu Jian Fan. Vice President of Hundai Magazine?' She thought about that for a while. And remembered that it was a magazine for women. It featured many things such as celebrity, makeup and so on.

"It is my job. You can give me a call if you need my help." Shu Jian Fan said.

"Oh, okay."

The mother and the child left.

Chapter 736 - 736: Feng Yue Come

The internship was only left for one month. After that, Yu Qi would be able to finish her internship program. It was the same for all the internship students at Guanying City Hospital.

As for Yu Qi, even though she was resting for about 10 days due to her injury, the hospital management decided to just calculate the days as she was working at the hospital since she was injured during the hospital's program.

The resort also began its construction. Nothing much changed for Qin Xia. Sometimes he invited Yu Qi for dinner. Sometimes he cooked himself. Yu Qi also doing the same thing.

Qi Qi skincare officially sold at its neighbour countries in collaborations with Xian Family Delivery Services Company. Xian family was also happy with the result. It became the official delivery services for Qi Qi Skincare in the nation too.

Su Yu Hi also just returned from Fanghai Nation. Her greenhouse there would finish. It is already in the final stage.

Grandpa Fan submitted the list of the herbs that was going to be planted in the greenhouse. Yu Qi took a look at the list. For now, she satisfied with the list.

Yu Qi was returning home. She was stunned as she saw the person in front of her door. The person was sitting.

"You are late." The person said with an annoyed tone.

Yu Qi could not react on time. The person stood up from the sitting and jumped onto Yu Qi. She excitedly hugged Yu Qi. That person was Feng Yue.

"Yu Qi, I miss you." Feng Yue said.

"What are you doing here?" Yu Qi asked.

"Come to see you." Feng Yue let Yu Qi go.

"Why don't you call me first?" Yu Qi sighed.

"What? You don't like me to come here?" Feng Yue frowned. She was sad to hear that question.

Yu Qi pinched Feng Yue's both cheek. She stretched Feng Yue's cheek.

"Whattt aaaree youuu doooing?" Feng Yue looked and sounded very silly.

"You should call me first. Fortunately, I am coming home early. What if I have a night shift for today? You will freeze outside here." Yu Qi scolded Feng Yue.

"Oh, is that how it works? You don't come home at 5 p.m?" Feng Yue asked.

"Of course not. It is not the same as working at the office. The hospital running 24 hours per day. None stop. So, we need to take turns working overnight." Yu Qi explained.

"Oh, I'm sorry." Feng Yue immediately apologized.

"Never mind. Come in." Yu Qi opened the lock and invited Feng Yue in.

Feng Yue sat on the sofa.

"You can get something to drink by yourself. I'm going to take a quick shower." Yu Qi pointed to the refrigerator.

"Okay. I will comfortable myself." Feng Yue waved her hand.

Yu Qi entered her room. Once she was in the room, she entered the space, grabbed Aoi and brought him outside.

'Yue come. You can go outside or wait for me here.' Yu Qi said.

'I will wait for you.' Aoi laid lazily on the bed waiting for his master to finish showering.

Yu Qi did not take much time for her to finish. Not more or less from 10 minutes, she was finished wearing her clothes. Then she came out of the room with Aoi.

Feng Yue saw Aoi jumped down from the sofa and hugged Aoi. She patted and kissed him.

"Aoi, long time no see. You are getting bigger." Feng Yue said happily.

In the past couple of months, Yu Qi could see that Aoi was getting bigger.

'Master, help me.' Aoi tried to get off Feng Yue but Yu Qi ignored it.

After satisfied kissing Aoi, Feng Yue finally let Aoi go. Aoi kept away from Feng Yue.

"Are you hungry?" Yu Qi asked.

"Yes." Feng Yue nodded.

"I will cook something simple." Yu Qi tied up her hair and wore the apron.

"I can help you." Feng Yue asked.

"No, just wait for me." Yu Qi pushed Feng Yue sitting down the chair.

Feng Yue ended watching Yu Qi cooked.

"You must be cooking for Brother Hui like this, right? He will be waiting like this, watching you cooking from behind?" Feng Yue grinned.

Yu Qi coughed.

"It is true then." Feng Yue noticed the cough. "I have never thought that Brother Hui will get a partner before me."

Yu Qi finished cooking and served the dish in front of Feng Yue. It was a simple Chinese fried rice.

"Here." Yu Qi said.

Feng Yue grabbed the spoon and ate.

"As usual, Yu Qi's cooking is so delicious." Feng Yue praised happily.

It was a satisfying feeling when you cooked for someone and that someone ate the food happily.

After eating, they were sitting in the living room. Yu Qi already prepared to sleep at the place since her bed was small. It would not be enough for two girls to sleep on it.

"So, let's talk about what has happened." Yu Qi suddenly said to Feng Yue.

Feng Yue was stunned as she heard Yu Qi telling her that.

"As expected Yu Qi. I can not hide from you." Feng Yue made a smile.

"Your vibe is very unusual. I can feel that. You need a friend to talk about it." Yu Qi patted Feng Yue's head.

She did need to share it with someone. She also wanted Yu Qi to give her opinion on the matter.

Chapter 737 - 737: Feng Yue's Story Part One

Feng Yue went to her internship at one of the branch companies of Feng Cooperation. Grandpa Feng did ask her to work at the headquarter of Feng Cooperation but she rejected firmly.

Feng Yue requested that her identity as one of the heiresses of Feng Cooperation was best to be kept a secret. She did not want people to talk about it. She would prove herself to others using her own ability, especially to her father.

Her father did not pay much attention to her when compared to her half-sister, Feng Ma Ri. She wanted to show to her father that she could not be compared with Feng Ma Ri.

As for Feng Ma Ri, despite entering the university in the same year as Feng Yue, she could not do her internship as Feng Yue because she did not have enough credit to do the internship. She had failed several subjects.

In order to do the internship, a student needed to have sufficient credit. It could be getting from the subjects. Not having enough credit could lead to expulsion but Feng Cho Kang paid some money to make Feng Ma Ri stay at the university.

Of course, she could be failing. In her mind, she was just thinking of having fun with her boyfriend. Her boyfriend was not a student there. It was an outsider.

Not many knew that Feng Yue and Feng Ma Ri came from one family. Feng Yue was studying diligently while another one did not care about her study.

Back to the internship, only the directors and manager knew her identity. Feng Yue was assigned to the planning department. Together with her, there was a man and woman who had been assigned there too.

The man name was Xia Zi Qie. The woman name was Bian Ma Ri. Yeah, it was the same name as her half-sister. Her eyes slightly narrowed as she heard that name. Of course, she hates the woman with that name before and now came another one.

As for Xia Zi Qie, he looked handsome. But growing up with Long Hui that had an outstanding appearance made Xia Zi Qie looked normal to her eyes.

It was normal at first. She did not have much interaction with Bian Ma Ri but she did spend much time discussing the work with Xia Zi Qie because Xia Zi Qie was good with his work.

As time passed, Xia Zi Qie and Feng Yue showed excellent work to the department as compared to Bian Ma Ri. However, others seemed to be closer to Bian Ma Ri since she liked to talk with anyone.? As for Feng Yue, she seemed to be arrogant as she only talked with them about the work.

Feng Yue was born with a golden spoon. She might be arrogant but not like she liked to show off. She just did not talk much with other people.

Then, she heard some rumour about her. The rumour about her sleeping with top management. She did not know where and how the rumour began to escalate.

She never met with the top management in the company. The only time she met with them was at the headquarters as the heiress of the company.

Bian Ma Ri liked to insult Feng Yue while talking to her friends and looking at Feng Yue. She even did not mind Feng Yue heard that.

"I heard someone from our planning department sleeps with the directors." Bian Ma Ri said when she and several women having their lunch at the pantry.

Bian Ma Ri could see that Feng Yue was about to enter the pantry. That was why she said in a loud voice. She wanted Feng Yue to hear about that.

"Yeah. I have heard that too. I wonder who she is." Another woman said.

"I hear it was a female intern from our department." Bian Ma Ri narrowed her eyes.

"There are only two female interns in our planning department."

"Yeah. You and that Feng Yue."

"That's right... It is not me." Bian Ma Ri shook her head firmly. Telling them that it was not definitely her.

"So, you are telling us that I am the girl who sleeps with the director?" Feng Yue entered and standing in front of them while crossing her arm looking up at the people that just being talking among them.

The women in that space were silent. Bian Ma Ri was also silent.

"What is this? You can talk more. I want to join it too." Feng Yue said.

They could feel that Feng Yue's voice was cold.

"We have just heard the rumour." A woman said.

"Miss Bian, you told them that it was a female intern from our planning department and you insisted that it is not you. Meaning you have accused me of being the one that sleeps around with the directors. Correct me if I am wrong." Feng Yue directly threw the question to Bian Ma Ri.

Bian Ma Ri could not say anything. She did not expect that Feng Yue would confront her like this.

"Why are you not answering me, huh?" Feng Yue asked Bian Ma Ri again.

Bian Ma Ri was still silent.

"I hope Miss Bian knows that sometimes the mouth can invite problem. So, make sure to use it properly. Otherwise, it will ruin you." Feng Yue finished the sentence.

Before leaving the pantry, she gave a cold look to each of the women around Bian Ma Ri as a reminder that they also should think about her words just now. Then she left.

Growing up with Long Hui, she did learn something from Long Hui. She could be as cold as Long Hui be. If the look could be killed, then this Bian Ma Ri might already be dead.

Chapter 738 - 738: Feng Yue's Story Part Two

Feng Yue already felt annoyed with the name. That woman still wanted to find trouble with her. She was not a soft person. Troubling her, she might troubling you back.

Eventually, the rumour die. And the days were back to normal.

As Xia Zi Qie, he directly told Feng Yue that he did not believe Feng Yue would do something like that since the work spoke for Feng Yue's ability. It was the moment that Feng Yue felt pleased with Xia Zi Qie.

Then, the planning department had been assigned to a big job. Everyone could give some ideas for the job. The interns also could join it. The most interesting idea would be used.

So, everyone in the department fought to prove themselves. The idea would be presented to the planning manager. On the day of the presentation, Bian Ma Ri wanted to present her idea before Feng Yue.

When Feng Yue saw the title, she knew that Bian Ma Ri was picking a fight with her. The title in Bian Ma Ri was the same as her. She could see the proud look given by Bian Ma Ri as she presented the idea to others.

Feng Yue already learned to control her anger. She wanted to become as Yu Qi that did not show any anger to the enemies but silently destroyed them.

Then, it was Feng Yue's turn to present her idea. When others saw Feng Yue's title, they were surprised to see the same title as Bian Ma Ri presented just now.

For those who were very close to Bian Ma Ri felt angry about this. One of them stood up and pointed to Feng Yue.

"Team leader San, this is Bian Ma Ri's idea. Feng Yue shamelessly stole Bian Ma Ri's idea." Bian Ma Ri's friend said to their team leader.

"Silent." Team leader San glared at Bian Ma Ri's friend.

Bian Ma Ri's friend sat back after Bian Ma Ri pulled her sleeve.

Team Leader San and others did not talk anything about the idea even though they knew it was the same idea. They were not stupid.

Something happened here. Someone shamelessly stole someone idea and used the idea as their own. It happened a lot in the industry.

Team Leader San and others planned to see whose this idea was by the presentation. They could evaluate it by the presentation. The person who owned the idea would understand more about their idea rather than the person who just presented the idea.

Feng Yue continued the presentation. As the presentation continued, Feng Yue explained a lot better about the idea that she wanted to present. On top of that, she gave more details about the idea.

Then the presentation ended. Bian Ma Ri's face already turned pale. She could not process this current situation.

She remembered that she just took this slide presentation two days ago after she saw Feng Yue finished editing it. She studied the slide presentation very hard and tried to understand what Feng Yue's idea was.

After that, she did not see Feng Yue editing the slide presentation again. So, she expected that Feng Yue would use this slide presentation. What she could not expect that Feng Yue's slide presentation was slightly different and more details on it.

The presentation was going on after Feng Yue finished her turn. About one hour later, the presentation was ended. The team leader and the planning manager told them that they would announce which ideas they would choose.

However, Feng Yue and Bian Ma Ri had been called by the team leader and the planning manager to the planning manager's room. Both of them went as they ordered to.

As they walked to the planning manager's room, Bian Ma Ri said something to Feng Yue.

"Feng Yue, you are sly." Bian Ma Ri clenched both of her fists.

"Thank you." Feng Yue smiled cunningly. "You are still a good one. Stealing someone's idea and presenting it first. It is a great idea. But unfortunately, I am well prepared."

"You!!!" Bian Ma Ri was so mad till the vein on her neck could be seen.? Find authorized novels in , faster updates, better experience, Please click #’s-story-part-two_52464814475246337 for visiting.

They already arrived in front of the planning manager. Feng Yue knocked on the door. Bian Ma Ri was still angry. They could hear someone's voice asking them to enter the door. So, both of them entered. Team leader San was also there too. noVe-lb(1n

"So, tell me the truth." The planning manager asked.

"That idea is mine." Bian Ma Ri desperately claimed it.

Feng Yue was still silent.

"What do you think, Miss Feng?" The planning manager then turned to Feng Yue.

"I have something to show the Planning Manager." Feng Yue placed a memory card on the planning manager.

"What is this?" The planning manager m.

"The proof showing that Bian Ma Ri has stolen my idea." Feng Yue said.

"Planning Manager, don't believe her. She is lying. How could she had what so called video?" Bian Ma Ri said wanted to frame Feng of Yue.

Regardless what Bian Ma Ri said, they watched the video inside the memory card eventually. In the video, after searching a certain time, showing a particular person casually walked to Feng Yue's desk and opened Feng Yue's computer. After a while, she left.

"It does not show that I am stealing your idea." Bian Ma Ri said after watching the video.

The video only showed her stopped by at Feng Yue table, touched Feng Yue's computer and left. Nothing else.

Chapter 739 - 739: Feng Yue's Story Part Three

Bian Ma Ri seemed to be less afraid since nothing showed concrete evidence that she took anything on the video.

"Is that so? Then, Planning Manager, please open another video on the file." Feng Yue asked the planning manager.

The planning manager did as Feng Yue asked him. They searched the time frame and watched the video. This time, the video showed from another point of view. It directly showed the computer screen.

Everyone could see what Bian Ma Ri was doing at the moment. She seemed to find something on Feng Yue's computer. Then the screen showed the one file with the name 'Slide Presentation.'

Bian Ma Ri immediately opened the file. After confirming it was the file that she wanted to, she copied the file into her own Pendrive. Then, as nothing happened, she shut down the computer and walked away from Feng Yue's table.

Bian Ma Ri was stunned as her face turned to pale. She looked at Feng Yue like she was looking at a ghost.

"You... why do you have so many cameras at your table?" Bian Ma Ri asked in horror.

"Well... To guard my work from getting stolen by someone." Feng Yue smiled.

Others were speechless. Even they did not guard like her even though they held much higher positions in the company.

"So, what now?" Feng Yue asked.

"We can not tolerate this kind of behaviour. Miss Feng, Miss Bian, you can leave first." The planning manager said.

Feng Yue did not wait anymore. She straight walked out of the room. Bian Ma Ri saw Feng Yue leaving, she also leaving too. Outside the room, Bian Ma Ri called Feng Yue.

"Miss Feng, wait." Bian Ma Ri said.

"What?" Feng Yue stopped and turned to look at Bian Ma Ri.

"Can you forgive me? I did not mean anything bad at all." Bian Ma Ri wanted to apologize now.

She knew that she would be punished. It was better to apologize to Feng Yue first and made Feng Yue spoke for her later.

"Dio not mean anything bad? Yeah. I am stupid if I believe in you." Feng Yue snorted.

Bian Ma Ri's friends saw this scene and came to support Bian Ma Ri.

"Feng Yue, Ma Ri already apologize to you, why can you let it go?" One of Bian Ma Ri's friend glared at Feng Yue.

"You really want Ma Ri to feel bad right?" Another one spoke.

"Whether she feels bad or not? I don't give a damn about it." Feng Yue smirked. She looked at Bian Ma Ri that appeared weak in her friend's arms. "I can't wait to see the decision made by our planning manager." After that, she walked away from there.

Two days later, the planning manager called Feng Yue and Bian Ma Ri. The planning manager must be planned to tell them what decision that the company had made.

Bian Ma Ri seemed confident, not the last time Feng Yue saw her. Feng Yue sighed. This confident must be related to the decision. Feng Yue really underestimated Bian Ma Ri so much.

The planning manager's face was not so good. Well, Feng Yue could understand.

"Miss Feng, our management hope that you can forgive Miss Bian if it was not anything to lose from your side." The planning manager said as he looked apologetically at Feng Yue.

Bian Ma Ri smiled proudly at Feng Yue. She wanted to see Feng Yue argue with that.

"Okay." Feng Yue nodded.

The planning manager smiled touching as he heard Feng Yue agreed to drop the matter.

"Okay, then. Go back to your work." The planning manager did not want to waste time on this matter anymore.

Both Feng Yue and Bian Ma Ri went out.

"Feng Yue, you can't do anything to me anymore." Bian Ma Ri said proudly.

"Yeah, you are so good. I wonder what kind of price you have paid for it." Feng Yue responded.

"You!!!" Bian Ma Ri pointed her finger to Feng Yue.

Feng Yue left the place ignoring the angry Bian Ma Ri. This Bian Ma Ri was really similar to her half sister which made her wonder, was this woman Feng Ma Ri's clone or something like that.

Xia Zi Qie called Feng Yue to work on the idea together. The planning manager had chosen two ideas to be presented to the top management. It was Feng Yue and another worker's idea at the company.

So the planning department was divided by two. Half of the department went to Feng Yue's group. Another half joined the worker's idea.

Bian Ma Ri and her gang joined another group. While Xia Zi Qie joined Feng Yue. Feng Yue asked another senior worker to lead the group even though it was her idea since the senior worker had more experience than her.

Xia Zi Qie became closer to Feng Yue than before. Seeing this, Bian Ma Ri felt so jealous. One day, their department planned to have a gathering at a club. Find authorized novels in , faster updates, better experience, Please click #'s-story-part-three_52464820095602406 for visiting.

They had a fun drink with each other. However, Bian Ma Ri was planning something else. She paid someone to kidnap Feng Yue and planned to rape her as she wanted them to record the whole process. What a sick woman.

Feng Yue went to the ladies to refresh. So, she encountered a man. From what she saw from this man, she knew that he had a bad intention for her.

Chapter 740 - 740: Feng Yue's Story Part Four

Feng Yue wanted to pass the corridor quickly when her path had suddenly been blocked by other men. Feng Yue stepped back. Not far behind her, other men appeared beside the first man.

Now Feng Yue knew that they were working together and the most important thing, their target was her. Feng Yue frowned as she counted the number. It was about fifteen men.

If four to seven men, she might handle them but right now, it was beyond her capability. Only one thing that she could do right now.

Passed through the men in front of her and ran as possible she could. In this corridor, she just trapped. If she passed them, she could ask for another help.

"Little girl, you can see that you are trapped here. Give up and follow us. We are going to have fun with you." The man behind Feng Yue said.

Feng Yue could not think anymore. She rushed to one man and kicked him. With Long Hui training her, her power was not so weak. It did give some damage to the man as he pushed down on the ground.

So, the men started to attack her too. She defended herself. She just needed to pass through them and it would over. However, she was not so good as Yu Qi.

Suddenly, a shout could be heard.

"Feng Yue."

Feng Yue saw Xia Zi Qie and another man rushed to her side. Xia Zi Qie pulled Feng Yue and shielded her.

"You better stop. Otherwise, something miserable will happen to you tonight." Xia Zi Qie said.

Even though Feng Yue could not see his face, but she knew from his voice that he was very angry, right now.

The men that attacked Feng Yue looked at each other. They knew that this man that suddenly appeared was someone. They did not want to provoke someone like this and could lose their life.

"Brother, you can take the girl. We are leaving." The man left as he finished the sentence. His follower also followed him leaving the place.

"Are you okay?" Xia Zi Qie asked.

Feng Yue nodded.

"Can you walk?" Xia Zi Qie asked again.

"Yes." Feng Yue answered. "I want to return home right now. You can return to the room now." Feng Yue did not want to spend her time here anymore.

"Me too. I am tired." Xia Zi Qie said.

"Oh, I see." Feng Yue said.

So, both of them ditched their colleagues. Feng Yue came here with her colleague's car. So, she needed to take a taxi to return to the company to take back her car.

Xia Zi Qie looked at Feng Yue and said. "Wait here."

Feng Yue was confused with what Xia Zi Qie wanted to say. When she was about to ask about it, he already disappeared.

However, in only several minutes, Xia Zi Qie already returned to her with his car. He stopped in front of Feng Yue.

"Hop on." Xia Zi Qie said after lowering the passenger's mirror.

"Oh." Feng Yue understood the situation before. Xia Zi Qie must ask her to wait here first until he got his car. Well, she did not want to reject his kindness since she knew that it was difficult to get a taxi here.

"Thank you. You can send me back to the company. My car is there." Feng Yue thanked him.

"Okay." Xia Zi Qie nodded. "We are finally alone."

"What?" Feng Yue asked since she could hear that Xia Zi Qie said something but it was not clear.

"I say, we are finally alone." Xia Zi Qie repeated the sentence.

Feng Yue turned to Xia Zi Qie that currently looked straight in front. She kept her distance.

"Don't you dare do something to me! I will beat you up." Feng Yue started to feel regret coming along with this man.

But when she thought about it again, this man was alone. She thought that she could beat him again if he wanted to do something.

Then she could hear that Xia Zi Qie laughed. Right now, they were in the traffic light. It was red light right now. Xia Zi Qie turned to her.

"I will not do anything to you right now. But in the future..." Xia Zi Qie grinned.

Feng Yue confused.

"Feng Yue, I actually like you." Xia Zi Qie confessed his feeling.

The light turned to green. Xia Zi Qie started to press the pedal back.

"I have liked you from the moment I saw you. But I hold back my feeling. I thought it was just a hunch. It would be disappeared within time. But it keeps growing up." Xia Zi Qie paused for a moment and continued back. "I want to talk to you alone. But other people always around. So, I don't have any chance to talk to you. We are finally alone tonight. So..."

It was a traffic light again. Xia Zi Qie turned to look at Feng Yue again. He could see that Feng Yue was surprised with his sudden confession.

"I know you will be shocked by my confession. However, I will not force you to accept my feeling right now. But I hope you will think about that and accept my feeling. You don't need to feel pressure if you want to reject it. Take your time."

The destination arrived.

"We have arrived." Xia Zi Qie said.

"Oh, thank you." Feng Yue said and wanted to get out. But before she was getting out of the car, she turned to look at Xia Zi Qie and said. "Thank you for telling me about your feeling. I... will think... about that."
