

INTELLIGENT 761

Chapter 761 - 761: Baby Ye Nai

"This man, I have hired him." Grandpa Tang said to Yu Qi.

"Oh! Why is that?" Yu Qi asked?

"I need a strong man to help me." Grandpa Tang said.

"Okay... Okay... I understand." Yu Qi said, did not want to ask anymore Grandpa Tang.

Grandpa Tang drank the drink and stood up. He told Yu Qi that he needed to get some rest.

"Sister Chu Xiao." Yu Qi called Hang Chu Xiao.

"Yes, Young Miss." Hang Chu Xiao moved closer to Yu Qi.

"I just want to ask something." Yu Qi looked at the outside. "That man, Pei Xian, does he has? a good character?"

Hang Chu Xiao was surprised to hear the question. However, she recovered herself and answered Yu Qi with a clear answer.

"Yes, Young Miss." Hang Chu Xiao answered firmly.

"I see. Then, I will believe in your words." Yu Qi smiled.

Since Yu Qi would not stay here for a long time, she was worried about them. Song Nan and her grandfather were not strong. Han Chu Xiao was a girl. If this man inhabited non- good intentions to them, they could not do anything.

"I want to speak with him." Yu Qi stood up. She headed to the place where Pei Xian currently did his job.

Pei Xian realized that someone approached him. He lifted up his face and saw a young woman followed by Han Chu Xiao. He guessed this young woman must be the 'Young Miss' that Han Chu Xiao always mentioned.

"You must be Brother Pei Xian, right?" Yu Qi asked.

"Yes, Young Miss." Since Pei Xian did not know her name, he just followed Hang Chu Xiao and called her 'Young Miss'.

"Nice to see you. I hope you will take care of my grandpa, Uncle Song Nan, and Sister Chu Xiao. if you do have any intention that can harm them, you will be facing me. I hope you understand." Yu Qi threatened Pei Xian while smiling.

Pei Xian was stunned. Then he was smiling. This young miss must love the people that she mentioned.

"Don't worry, Young Miss. I will not harm them and protect him from the danger." Pei Xian vowed.

.....

"Lan Sun, can you help auntie to take care of Ye Nai? I want to help Sister Weiwei to cook lunch." Shi Yuan asked Ping Lan Sun to take care of her son, Chang Ye Nai.

"Okay, Auntie Shi Yuan." Ping Lan Sun nodded.

Ping Lan Sun closed her book. She stood up and went to see Chang Ye Nai. Chang Ye Nai currently was just laying on his bed. He was just a seven month old baby.

"You must be bored, right? Come. I will take you out and feel the fresh air." Ping Lan Sun lifted the baby up.

It was not the first time she carried the baby. She had been taking care of him several times to help Shi Yuan. She walked outside.

Outside the mansion, she saw several kids played around the yard. A kid saw her with Chang Ye Nai shouted to his friends.

"Sister Lan Sun comes out with Baby Ye Nai." He shouted.

Other kids stopped playing and came to them.

"Baby Ye Nai is so cute."

"When can I play with Baby Ye Nai?"

"Sister Lan Sun, when Baby Ye Nai can walk by his own?"

Chang Ye Nai was popular among the kids. He was the youngest among them.

"You can play with him soon together. Baby Ye Nai needs to learn to walk first." Ping Lan Sun explained to them even though she always heard the same questions over and over again.

Ping Lan Sun looked at the gate when she heard someone opened the gate. She was stunned as she watched the person approached her with her dog.

"Ahh!!! Sister Yu Qi is here with her dog." A kid shouted excitedly.

He then led several kids to chase the dog. Aoi ran away as quickly as he could when he saw several kids wanted to chase him. He actually forgot that this was that place. He looked at his master. His master did not even look at her. So, he needed to run away.

"Another new baby?" Yu Qi asked Ping Lan Sun.

"Sister Yu Qi." Ping Lan Sun was happy to see Yu Qi again. She remembered that Yu Qi asked about Chang Ye Nai. "No. This is Chang Ye Nai, son of Uncle Kang An and Auntie Shi Yuan."

Yu Qi looked at Chang Ye Nai. The baby was indeed had similar look to Shi Yuan. She remembered that Shi Yuan was pregnant before. This baby must be the one from that time.

"What is his name that you say before?" Yu Qi asked.

"It is Chang Ye Nai. We call him Baby Ye Nai." Ping Lan Sun said.

"Ye Nai? Hmm... It is indeed a good name." Yu Qi nodded. "By the way, where are others?"

"Grandpa Chang is behind doing some gardening. Uncle Kang An goes to work and Auntie Shi Yuan helps Sister Weiwei to cook lunch." Ping Lan Sun explained.

"I see. So, you are taking care of Baby Ye Nai and others, right? Good girl." Yu Qi patted Ping Lan Sun's head.

Ping Lan Sun was smiling when Yu Qi praised her.

"I will go and see Auntie Shi Yuan." Yu Qi said.

"Okay. Sister Yu Qi." Ping Lan Sun nodded.

Chapter 762 - 762: The Owner Is A Young Girl

Yu Qi walked into the mansion heading to the kitchen.

"Who are you?"

Yu Qi heard the question. She turned to the person. She saw a woman slightly older than her blocking the entrance of the kitchen.

"Do you hear me? I am asking you a question. Who are you and how do you enter this mansion?" The woman asked again when she saw Yu Qi did not answer her question.

"Huh?" Shi Yuan looked over as she heard Qian Weiwei talked to someone. "Hah! Yu Qi. You have come here."

Shi Yuan grabbed Yu Qi's hand.

"Auntie Shi Yuan. It has been a while." Yu Qi greeted Shi Yuan.

"Yeah. How are you?" Shi Yuan asked.

"I am fine." Yu Qi nodded. "I have already seen your baby. He is lovely."

Shi Yuan's smile became widened as she heard Yu Qi praised her son.

"Ye Nai is indeed a lovely baby. It is very easy to take care of him." Shi Yuan added.

"Excuse me, Sister Shi Yuan. Who is this?" Qian Weiwei asked, interrupting the conversation.

"Oh, I have forgotten to introduce her to you." Shi Yuan looked at Qian Weiwei. "Weiwei, this is Tang Yu Qi, the owner of this mansion. Yu Qi, this is Qian Weiwei, the part-time helper." Shi Yuan introduced them to each other.

"Oh, nice to meet you." Yu Qi nodded to Qian Weiwei.

"Huh?" Qian Weiwei looked like she could not believe this. "This mansion belongs to her?"

"Yes. She is a kind person, who has lend this mansion to us while our house was in the trouble." Shi Yuan explained.

Qian Weiwei looked like someone that just eating a sour fruit and tried to smile. "Oh... I... I see."

Yu Qi felt something was wrong with this person.

"I think I need to return home. I will call you later, Sister Shi Yuan." Qian Weiwei could not wait to leave the place.

"Huh? It's still early." Shi Yuan said.

"I suddenly remember something that I need to do at home. I am sorry." Qian Weiwei opened the apron that she was wearing like now.

"Oh, okay." Shi Yuan could not stop Qian Weiwei from leaving.

Qian Weiwei quickly left the mansion. She usually greeted the kids as she left the mansion but today, she did not say anything to anyone. She just left like that.

Qian Weiwei did not want to come to this place anymore. This was the last time that she would come there. The reason she came working part-time there just to meet Chang Kang An.

She thought that Chang Kang An was the real owner of that mansion. She thought Chang Kang An was a kind person that liked to help homeless children and allowed them to stay at his mansion.

She also thought that Chang Kang An was a rich person that just wanted to feel the suffering of the poor people and went to work for experiencing the feeling.

She never thought that Chang Kang An himself came from a poor family. She felt disgusting as she remembered giving a seducing look at Chang Kang An. She would never come to this mansion ever again.

Yu Qi silently watched the woman walked away and left the mansion. Shi Yuan seemed did not notice the intention of that woman. She would let it over. If she did not know then fine. Yu Qi would not tell her.

"How long has she been working here?" Yu Qi asked.

"I think it has been two months. She is a good cook." Shi Yuan praised.

"I see." Yu Qi nodded.

"Oh, look at the time. My husband will come home soon for lunch. I need to set up the table. Yu Qi, how about having lunch together with the kids? They will be happy to have you too." Shi Yuan invited Yu Qi.

"Sure. Why not?" Yu Qi did not reject the invitation. "Let me help you setting the table."

"Oh, thank you." Shi Yuan said.

Then, a few moments later, Chang Kang An returned home. He was surprised to see Yu Qi. Chang Yu Qian just came from the garden behind the mansion also surprised to see Yu Qi over there.

"Miss Yu Qi, you are here. It has been a while since I see you." Chang Yu Qian said to Yu Qi as he saw Yu Qi. He could not bring himself to casually called Yu Qi like his father and his wife.

"Yeah. I just return to Shiwa Town yesterday." Yu Qi said.

"Where do you go?" Chang Yu Qian asked.

"I went for an internship about one year at Guanying City." Yu Qi informed them.

"I see." Chang Yu Qian nodded.

"By the way, where does Uncle Kang An work?" Yu Qi turned to Chang Kang An.

"I am working at the greenhouse over there." Chang Kang An explained.

"Oh, is working there okay?" Yu Qi asked.

"Yeah. It is good." Chang Kang An nodded. "I never thought that they would accept me. By the way, I have never seen the owner. They said the owner is a young girl."

"Usually the big boss rarely comes to the place. What is weird about that?" Chang Yu Qian replied.

"I guess so. She has a lot of employees to take care of the greenhouse." Chang Kang An nodded.

Then, a cry could be heard. Chang Yu Qian and Chang Kang An who just sat on the chair stood up and rushed to the cry. When they arrived there, Shi Yuan just calmed down the baby.

"What happens?" Chang Kang An asked worriedly to Shi Yuan.

Shi Yuan laughed. "He just wants to turn over. But does not succeed. So, he cried." Shi Yuan explained.

Chang Yu Qian laughed as he teased his grandson. "You cry because of that? Okay. Don't worry. You can do it in the future."

Chang Kang An took a relief breath. He thought something happened to his son.

Yu Qi looked over the family. The baby was the third generation in the family and they were waiting for him for a long time. Yu Qi smiled.

Chapter 763 - 763: Taking The Pictures Of Saisei Ryokan

Han Chu Xiao was blinking over and over again. Her brain was working very slow at the moment. She was currently at Saisei Ryokan Hotel.

Han Chu Xiao was being pulled by her Young Miss here. She was left in a room as she was told by her Young Miss that she could go and enjoy the onsen.

After Yu Qi returned home, she told her grandfather that she wanted to go to Saisei Ryokan Hotel. Old Master Tang just nodded. So, she invited Han Chu Xiao too. They would stay over the night.

Actually, it was not the first time Han Chu Xiao came to this place. She came several times. Sometimes she was running a request for her Young Miss. Sometimes, Old Master Tang and her Young Miss just told her to enjoy the onsen like today.

Han Chu Xiao changed her clothes to yukata. Her Young Miss was nowhere to be found. Following her Young Miss's order, she went to enjoy the onsen. She liked it very much. She felt her body relaxed as she slipped into it.

Not long after that, Yu Qi already came in.

"Enjoy yourself?" Yu Qi asked Han Chu Xiao.

"Yes." Han Chu Xiao nodded.

It was the beginning of the week. There were not many people who came and stayed over.

Before coming into the onsen, Yu Qi went to see Chui Mei Fung. Chui Mei Fung looked younger and beautiful. Somehow, those who worked here looked like that. Younger, beautiful. They improved their skin complexion.

"Miss Yu Qi." Chui Mei Fung greeted her happily.

"Sister Mei Fung." Yu Qi greeted her back.

"You look even beautiful, Miss Yu Qi." Chui Mei Fung praised Yu Qi.

"Don't tell me that. You also look younger." Yu Qi said to Chui Mei Fung.

"I also notice it. It was probably because of the onsen, Miss Yu Qi." Chui Mei Fung smiled. Who was not happy if her skin improved? Not to mention if that woman slowly reached 30 years old.

Yu Qi laughed. Her onsen indeed had some good stuff.

"How is the business?" Yu Qi asked seriously.

Sensing her boss's tone, Chui Mei Fung became serious. "The business is good, Miss Yu Qi. The customers have increased over this year."

"I see." Yu Qi nodded.

"Miss Yu Qi, I think it is time for us to build our own website." Chui Mei Fung said.

"Yeah. I think that same way too." Yu Qi indeed thought that.

"Our customers usually called for booking. If we use the website, they can just book on the website. Foreign people also can come by just book on the website." Chui Mei Fung said.

That was right. There were not many foreign people that came to Saisei Ryokan Hotel. Those who came here knew from their friends that were from Binhai Nation. They also needed to ask their Binhai Nation's friend to book for them. It was very inconvenient.

"Take the pictures of this ryokan that you think beautiful to put on the website. Show them to me later. We will choose the best one." Yu Qi said to Chui Mei Fung.

"Yes, Miss Yu Qi." Chui Mei Fung nodded.

"By the way, I will spend the night here." Yu Qi informed her.

"Okay." Chui Mei Fung nodded once again.

"Young Miss, Young Miss!" Yu Qi felt someone called her, she opened her closed eyes.

"Young Miss, if you are tired, don't sleep here. It is dangerous." Han Chu Xiao told Yu Qi when she saw her Young Miss closed her eyes for quite some time.

"Okay. But I am not sleeping. I am thinking about something." Yu Qi explained.

"I have thought you are sleeping. I am just worried that you will slip down." Han Chu Xiao said.

"Thank you, Sister Chu Xiao." Yu Qi smiled. "But this is surely relaxing."

.....

In the evening, Chui Mei Fung called Yu Qi to come over. Yu Qi quickly went there. She straight headed to Chui Mei Fung's office.

In the large table, laying many photos of the ryokan. The photos displayed the beauty of this place.

"Who takes these pictures?" Yu Qi curiously asked.

"Why Miss Yu Qi? Is something wrong with these pictures?" Chui Mei Fung was nervous.

"No... No... No..." Yu Qi shook her head as she continued, "These pictures catch the beauty of this place that I want to show to others."

"Actually, it's me. I am taking these pictures." Chui Mei Fung confessed.

"Oh..." Yu Qi did not expect that. "I don't know that you have a nice talent here."

"I just learn it for quite some times." Chui Mei Fung said feeling a little bit shy.

"Okay, let's choose the good picture." Yu Qi said.

So, they spent about one hour choosing the pictures. After satisfied with all of the pictures, Yu Qi requested Chu Mei Fung to give her a soft copy of the pictures. She would compile the selected ones and gave them to Han Baise.

Yu Qi would ask him to make a standard website that allowed the people to viewed the hotel. She also would ask him to make a system to allow people to book the room from the website only.

"Miss Yu Qi, you will do it by yourself?" Chui Mei Fung asked.

"Nope. I will ask the expert one to do their job." Yu Qi grinned. "Before that, I also want to take pictures of our employees. Especially you, Sister Mei Fung. You will be on the front page of the website."

Chapter 764 - 764: Is My Cover Blow Out?

After getting all the pictures that she wanted, Yu Qi and Han Chu Xiao returned home. They saw Grandpa Tang was ordering Pei Xian to lift the pots and moved them to the back.

"Young Miss, I will go and do my work." Han Chu Xiao bowed.

"Okay." Yu Qi nodded.

Han Chu Xiao went to her work station. Yesterday, she had been pulled by her young miss just like that. Leaving her work just like that. And Grandpa Tang only nodded without saying anything seeing the scene.

Yu Qi went to see her grandfather.

"What are you doing, Grandpa?" Yu Qi asked when watching Grandpa Tang asked Pei Xian to move the pot.

"I have just bought these pots to grow a flower." Grandpa Tang said.

"Grow a flower?" Yu Qi turned to look at Grandpa Tang.

Grandpa Tang knew that his granddaughter watched with a weird look.

"Of course it is not a normal flower. When it blooms, it produces seeds. That seeds are the herbs that can be used for inflammation after being processed." Grandpa Tang explained.

"Oh, hycrosliy." Yu Qi mentioned the name of the flower.

She remembered reading about the flower before. It was a beautiful flower with a red pink colour.

"Yes. That flower." Grandpa Tang nodded.

"Where do you get its seeds?" Yu Qi asked.

"I ask someone to export it to me." Grandpa Tang grinned.

The flowers were not from Binhai Nation. It came from the south region. To be more specific, it came from Blue Island.

"Are you sure you can grow it up?" Yu Qi asked.

"That needs trials." Grandpa Tang would not say that he was confident since he did not know about that.

"Oh..." Yu Qi glanced at Pei Xian.

Pei Xian felt his back had been watched, turning and saw the girl was watching him with an unexplainable look. Then the girl left the place.

'Is she noticed something?' That was what Pei Xian thought. The girl seemed did not care much about him but somehow he felt he had been watched several times by the girl. He remembered the reminder given by the girl.

.....

Han Baise was currently playing the game noticed the upcoming file entered his private inbox. And he knew who was the sender. Then the message popped out.

Snow: "Have you opens the files?"

Shiro: "Not yet. What are the files about?"

Snow: "The pictures of a hotel."

Shiro: "Pictures of a hotel?"

Snow: "Yes, my hotel."

Han Baise opened the files. It was indeed the pictures of a hotel. It looked nice. She told him, it was her hotel. His current boss really involved in many sectors.

Shiro: "What do you want me to do with these pictures?"

Snow: "Make a website for it. Make some feature that people can book the room from the website. Show it to me first after you finished it."

Shiro: "Okay."

Han Baise just accepted the job. It was not hard work to do. His boss could do it but he thought that she was just too lazy to do this kind of work.

....

Pei Xian sat after doing the hard work. He was sweating hardly. His current boss, Old Master Tang really made him do the hard work.

It had been several months since he had been working here. Actually, he did not mean to ask to work here. He just could ask to work nearby this place as required.

However, he changed his mind because of the girl named Han Chu Xiao. As he said before, he was seriously attracted to Han Chu Xiao. He thought that it was a good thing since he could do the work as he required to and at the same time, working on his relationship.

"Here, drink this." Han Chu Xiao put a drink in front of him.

"Thank you, Chu Xiao." Pei Xian already called her by her first name.

"I will go first." Han Chu Xiao smiled and left Pei Xian alone.

Not long after Han Chu Xiao left, Pei Xian could see a girl walked toward him. He automatically stood up when the girl stopped in front of him.

"Young Miss." Pei Xian greeted Yu Qi respectfully.

Yu Qi sat down. "Just sit down." Yu Qi invited Pei Xian to sit on the chair in front of him.

"Yes, Young Miss." Pei Xian obediently sat down.

"I just want you to tell me what is the reason you have come here." Yu Qi went straight to the point.

Pei Xian flinched. 'Has my cover blow out?'

Yu Qi was watching Pei Xian's expression. She could see that he was flinching as she asked him the question.

"Just tell me otherwise I will ask my grandfather to fire you." Yu Qi gave a little threat.

"I am Major Pei Xian from the military." Pei Xian introduced himself.

Yu Qi raised her eyebrows. 'What the heck is he doing here if he is from the military?'

"I am here to protect Doctor Tang Jiang Man." Pei Xian explained his purpose here.

"Protect my grandpa?" Yu Qi asked again.

"Yes." Pei Xian nodded.

"From what?" Yu Qi asked again.

"Doctor Tang Jiang Man is a national human treasure for our nation. It is normal that he needs to be protected." Pei Xian said.

"I know that but does it mean you have to stay here?" Yu Qi knew that her grandfather was an important person to the nation but the previous person did not even come and stay at their house. So, it made Yu Qi wondered about that.

Chapter 765 - 765: Enough Evidence

When Pei Xian heard the question, his face became slightly red. Yu Qi caught that.

"You?" Yu Qi pointed to Pei Xian.

"Young Miss, I hope you give me chance to pursue Chu Xiao." Pei Xian bowed to Yu Qi.

Yu Qi was blinking several time before she managed to make a sound.

"What?" Yu Qi was very surprised.

"I really like Chu Xiao, Young Miss." Pei Xian said again confessed his feeling toward Hang Chu Xiao.

"You come to work here mostly because of Sister Chu Xiao?" Yu Qi asked.

"Well... Actually, protecting Doctor Tang Jiang Man does not require me to stay close like this. But..." Pei Xian could not finish his sentence.

"You stay here because of Sister Chu Xiao?" Yu Qi repeated her question.

"Yes." Pei Xian slowly nodded.

Yu Qi was silent for a few moment. Pei Xian was nervous to wait for Yu Qi's reply. Yu Qi's reply would determine whether he could stay here or not.

"I see. You can stay here as you want." Yu Qi gave the permission.

"Thank you, Young Miss." Pei Xian bowed deeply to Yu Qi.

"No need to bow to me." Yu Qi asked him to stand straight.

"Young Miss..." Pei Xian called Yu Qi.

"What?" Yu Qi looked at Pei Xian.

"I hope that Young Miss does not tell Chu Xiao about my feelings right now. I will tell her later." Pei Xian requested.

"I know. I will not do anything about that." Yu Qi nodded, smiling and left the place.

Yu Qi saw Grandpa Tang was hiding beside the wall. Grandpa Tang startled as he saw Yu Qi in front of him. He faked a cough.

"What are you doing here?" Yu Qi asked the obvious question.

"I just walk here." Grandpa Tang lied.

"You already know him, right?" Yu Qi looked at Grandpa Tang with the narrowed eyes.

Grandpa Tang sighed. "Yes. I know he is the soldier that needs to protect me." He straight forwardly said that. However he added with a surprised tone. "But I don't know he come here because of Chu Xiao."

"Me too." Yu Qi also surprised by Pei Xian's confession.

"I guess Ji Chang will not worry anymore." Grandpa Tang nodded several times.

"Worry? What is he worried about?" Yu Qi asked.

"To get his only granddaughter married." Grandpa Tang answered.

"Owh..." Yu Qi also nodding.

"What about you? When do you want to get married? Ask Long Hui that brat come to formally discuss about your engagement first if you don't want to get married yet." Grandpa Tang looked at Yu Qi.

"Okay... I will talk with him later." Yu Qi left the place after waving her hand to Grandpa Tang.

"That girl..." Grandpa Tang sighed.

...

After a long investigation, Ming Xuehai got the lead of the one who was behind Chang Yu Qian's case. Tiang Shui Nan was a Director of Public Relation Office in Sun City where the actual Harmony Orphanage was.

He also was a distant relative of Wei Zhu Feng, the Minister of Tourism. Using power of Wei Zhu Feng, he wanted to take the place in the rude way.

However, Wei Zhu Feng reminded Tiang Shui Nan to give the compensation to the owner of the place. Tiang Shui Nan followed the order by offering some amount of money.

But the amount would not be enough to Harmony Orphanage to find another place. It is not included food and other necessities things that were needed by the children. That was why Chang Yu Qian rejected to move to another place and rejected the money at the first place.

It seemed Tiang Shui Nan did not want to give up. So, it made the things harder to the Harmony Orphanage. Chang Kang An lost his stable job because of this case. The fresh groceries suppliers did not want to sell their products to Harmony Orphanage.

"So, you have already collected enough evidences to submit this case to the court?" Yu Qi asked Ming Xuehai.

They were currently discussing the matter at Godly Herbs Shop. Well, not in the shop actually, but at the gazebo. Song Nan and Pei Xian was not far from their place.

"Yes. Thanks to Shiro. He has helped me in getting the evidence." Ming Xuehai. "His power abuse is known to everyone but everyone seems to close their eyes about the matter due to Wei Zhu Feng."

"He is taking bribes too." Yu Qi read the evidence's file.

"Yes. He owns several properties but his salary is not enough to buy them." Ming Xuehai nodded.

"So, his family is doing money laundering." Yu Qi chuckled.

"To be more specific, his son." Ming Xuehai explained.

Yu Qi opened another file about his son, Tiang Ji Wan.

"So, their idea to open the hotel on Harmony Orphanage is..."

"Yes. To cover their money laundering activity." Ming Xuehai continued.

"Okay. You can proceed." Yu Qi was satisfied with the evidences.

"Yes, Miss Yu Qi." Ming Xuehai nodded.

"You need to be careful after you submit this case. Their people may want to do something to you." Yu Qi worried by Ming Xuehai's safety.

"Yes. I will pay more attention on that matter." Ming Xuehai assured Yu Qi.

"As for now, you can take day off starting from today." Yu Qi ordered.

"Day off? Why?" Ming Xuehai was blinking like a fool.

"I have heard from Brother Yu Hi, that, you, Brother Xuehai, does not take a day off during these six months. Weekday, you will handle our company matters. Weekend, you will investigate this case. When do you rest, Brother Xuehai?" Yu Qi sighed.

"Take minimum four days off. You can spend your time with your sister. This is an order." Yu Qi did not give any chance for Ming Xuehai to reject.

"Okay." Ming Xuehai reluctantly accepted that order.

Chapter 766 - 766: Confess In Front Of Grandpa Feng

Feng Yue returned to Shiwa Town after completing the internship. She just completed her internship two days before. After settling the matter there, she was thinking where should she go. She did not want to return to the Main Feng Residence.

Her stepmother was there. And not to mention her father. They did not like him. So, what was the point of returning there? She could enjoy her life without them at Shiwa Town.

Her grandfather seemed to love to stay at this town. Only if there was an important business that required his presence, he would go there.

As for Feng Yue, she still did not decide what she was going to do after graduation. At first, she did want to use her knowledge that she got from the university to improve the business. But when she thought about that, why should she do that? To make these idiots richer than now?

Humph! She would not do that. Her grandfather told her to follow her instinct. Her father could use his beloved daughter to do so. But she doubted about that.

Her grandfather told her that Yu Qi was also at Shiwa Town since Yu Qi had visited her grandfather. She was excited to see her best friend.

However, something happened before she wanted to return to Shiwa Town. Xia Zi Qi's was smiling in front of her house.

"Hi." Xia Zi Qi's greeted Feng Yue.

"What are you doing here?" Feng Yue blinked in confusion.

"You leaving this place?" Xia Zi Qie asked.

"Yeah. I will return to my village." Feng Yue nodded.

"Where is it?" Xia Zi Qie asked again.

"Well, it is Shiwa Town." Feng Yue gave the answer straight away.

"Oh, okay." Xia Zi Qie said.

Feng Yue became more confused with Xia Zi Qie's answer. So, she asked. "Okay? What?"

"I am coming with you." Xia Zi Qie casually said as they were talking about the weather.

"Huh? Why are you coming too?" Feng Yue frowned.

"Well, I just want to see how the Shiwa Town looks like." Xia Zi Qie grinned.

"Then, you can go by yourself." Feng Yue replied.

"But, I don't know the way." Xia Zi Qie made a sad face.

"You can ask others." Feng Yue said later.

"The 'others' is you. Let me ride with you." Xia Zi Qie begged.

Feng Yue was silent for a few moments. After considering certain thing, Feng Yue nodded.

Xia Zi Qie was smiling in victory. Like he was just winning a good lottery. Xia Zi Qie was driving. Without Feng Yue noticed, her eyes were kind of staring at Xia Zi Qie.

Xia Zi Qie noticed that Feng Yue was staring at him, he gave a little smile. Then he coughed.

After that, Feng Yue realized that she was staring at Xia Zi Qie, she turned over and looked outside the window.

"You can stare more. I don't mind though." Xia Zi Qie joked.

"I'm not staring at you but observing you drive. This is my car that you are driving. I am afraid that something will happen." Feng Yue gave a reason. Well, what's a stupid question.

"Then, you should observe more." Xia Zi Qie did not want to run from the topic.

"I think your driving is quite okay. So, I will not observe you anymore." Feng Yue replied back.

Xia Zi Qie chuckled. "Don't worry. I will drive carefully. It is my future wife's car." He smiled.

"Who is your future wife? And how do you want to get back after sending me to Shiwa Town?" Feng Yue rebuked. However, she felt her heart was beating faster as soon as she heard the words.

"Don't worry. I can call someone to take me back." Xia Zi Qie said.

...

They arrived at Feng Yue's house. It was a normal bungalow. It was just far from the main road. Feng Yue got out from the car.

"Grandpa!!!" Feng Yue shouted for her grandfather.

Grandpa Feng came out from the house and saw his grandfather. She hugged her grandfather.

"You are here." Grandpa Feng also hugged her.

However, Grandpa Feng's eyes were looking behind Feng Yue. He could see a man got out from the car. And he believed it was Feng Yue's own car.

Xia Zi Qie noticed the eyes were looking at him. He smiled as he nodded to the man that Feng Yue called 'Grandpa'. He approached Grandpa Feng and Feng Yue. Feng Yue seemed to realize that she was not alone with Grandpa Feng. There was one additional person here too.

Xia Zi Qie looked calm outside but he was very shocked inside. He actually assumed that Feng Yue was from a normal family. He thought Grandpa Feng was a normal old man.? He never thought Grandpa Feng was Feng Mong, the Chairman of Feng Cooperation.

"Hello, Mr Feng. I am Xia Zi Qie." Xia Zi Qie bowed as he introduced himself.

"How do you know my granddaughter?" Grandpa Feng asked.

"I was having the internship with her too." Xia Zi Qie explained.

"Oh. You are sending my granddaughter back?" Grandpa Feng asked again.

"Yeah." Xia Zi Qie fixed his posture. "Mr Feng, I want to date your granddaughter as I want to take her as my future wife."

Feng Yue was shocked as she heard the confession. She never thought that Xia Zi Qie would confess his feeling in front of Grandpa Feng.

Chapter 767 - 767: Another Genius...

"What are you talking about? Stop joking, will you?" Feng Yue glared at Xia Zi Qie.

Xia Zi Qie ignored her. He looked straight at Grandpa Feng. He swallowed his saliva waiting for the response from Grandpa Feng.

Grandpa Feng slowly smiling. "Let's go in first." Grandpa Feng invited Xia Zi Qie inside.

"Grandpa?" Feng Yue looked at Grandpa Feng.

Grandpa Feng ignored Feng Yue. Entering the house with Xia Zi Qie. Seeing this scene, Feng Yue clenched her teeth. The maid served them the drink.

Feng Yue pouted as she looked at her grandpa and Xia Zi Qie.

"So, you have known her about one year ago?" Grandpa Feng inquired.

"Yes." Xia Zi Qie nodded.

"So, what do you think about her when you first know her?" Grandpa Feng asked again.

Even though Xia Zi Qie was nervous facing Grandpa Feng, he answered it firmly. "She is very calm, clever and can do her job nicely."

"Then, how about now?" Grandpa Feng tested Xia Zi Qie.

Suddenly Xia Zi Qie looked at Feng Yue.

Feng Yue frowned. "What are you looking at?" She asked with angry tone.

Xia Zi Qie smiled. "She is cute right now." He answered honestly. He used to know the calm and mature Feng Yue. But seeing her shouted excitedly her grandfather, he felt she had a side cute too.

Grandpa Feng laughed. "Hahaha... She is cute.... Yeah... Yeah... What do you say your name before?"

"Xia Zi Qie, Mr. Feng." Xia Zi Qie introduced himself again.

"No need to call me Mr. Feng. Just call me Grandpa." Grandpa Feng looked up and down at Xia Zi Qie. He nodded as he was satisfied with Xia Zi Qie's appearance.

"Yes, Grandpa." Xia Zi Qie followed Grandpa Feng.

"Your surname is Xia? Are you from the Xia Family of Peqing City?" Grandpa Feng asked for confirmation.

"Yes. I am." Xia Zi Qie nodded. He never thought that Grandpa Feng would recognize his family.

His family also had a company at Peqing City. It was long established company. The company was founded by his great grandfather. It had its name in the industry.

"So, you must be the second son, right?" Grandpa Feng asked.

"Yeah." Xia Zi Qie nodded. Indeed, he had an older brother who was currently in charge of their family's company.

"What is your next plan after graduating? Working at your family's company?" Grandpa Feng wanted to know.

"Nope. I have my own business. The company under my own name. I have established it, 5 years ago" Since it was Grandpa Feng, Xia Zi Qie let him knew everything.

Grandpa Feng's eyes shined. It was another genius appeared in front of his eyes. This boy had the same age as his granddaughter but he already had the business under his name. Impressive. He was the same as that girl, Yu Qi.

"If you have a company, why don't you go and internship there?" Feng Yue asked.

"Well, I want to improve my knowledge, that's all." If he worked at his own company, it would not be so challenging. He wanted to push his own limit.

Xia Zi Qie knew that Feng Yue was also the same type as him. She would not go to the Feng's side branch. She could ask her grandfather to give her a place of the internship. But Feng Yue did not do it.

"What kind of business that you are doing?" Grandpa Feng asked again.

"Frozen food. The brand is Wamly." Xia Zi Qie smiled.

"Oh, that brand. I know it. That is yours?" Feng Yue also interrupted the conversation. She knew the brand. She also eat them too.

"Yeah." Xia Zi Qie turned to Feng Yue and answered her with smile face.

Xia Zi Qie looked outside the house and realized that he should get going. His man already waited his call since he was around.

Grandpa Feng was pleased with Xia Zi Qie. "Since the day is about to turn dark, how about you stay here? You can return tomorrow."

"Grandpa?" Feng Yue was shocked with Grandpa Feng.

"But..." Xia Zi Qie wanted to reject.

"Don't worry. Just stay here." Grandpa Feng said. "There is no hotel in this town."

"Grandpa, there is a hotel here. Yu Qi's ryokan." Feng Yue informed her grandfather.

"Oh, I forget about that. You can go with Zi Qie." Grandpa Feng clapped his hands.

"What?" Feng Yue was shocked with his grandfather's suggestion. She did not expect that his grandfather would be like this.

What Grandpa Feng had meant by that actually did not have a dirty meaning. He just meant that Feng Yue and Xia Zi Qie could enjoy the onsen together but separately.

"Ryokan?" Xia Zi Qie was unfamiliar with the term. Is that a hotel?

"Yes. Ryokan. It is a Japanese Traditional Hotel that has hot spring. That hot spring has a lot of benefits. You should try it." Grandpa Feng promoted Yu Qi's hotel.

Well, it was not like he was lying. He was telling the truth, though. He was the regular there. He would go once per week to slip into that hot spring. The staff knew him already.

"When Grandpa Feng tells that, I feel like I want to go and see the place. Miss Feng, can you accompany me there?" Xia Zi Qie asked Feng Yue with manner.

"Just go and accompany Zi Qie." Grandpa Feng said.

Xia Zi Qie looked at her with an abandoned puppy.

"Okay... Okay... Let's go now." Feng Yue agreed.

Chapter 768 - 768: VVIP Card

"But let me call Yu Qi and ask if they have empty rooms for us?" Without waiting the answer from both of her grandfather and Xia Zi Qie, she brought out her phone and called Yu Qi directly.

She was waiting about 10 seconds and her call got answered from Yu Qi.

"Hello, Dear..." Feng Yue answered.

"Oh, Yue. What's up?" Yu Qi said.

"I want to ask whether your ryokan has empty rooms right now?" Feng Yue asked straight to the point.

"Well, I think so. I have just returned from checking the ryokan. It is not a holiday time. So, I guess there are empty rooms right." Yu Qi explained. "By the way, you can show the VVIP card that I have given to you last time. They will give you the best room. That is for sure."

"VVIP Card?" Feng Yue thought for a moment. "Oh, I remember. That black white card, right?"

"Yes." Yu Qi confirmed it.

"Thank you. Let's meet up later." Feng Yue said.

"Yeah." Yu Qi also agreed.

"Bye."

"Bye, dear..."

The call ended. Feng Yue turned back.

"Let's go. They get the empty rooms." Feng Yue said.

"Okay." Xia Zi Qie nodded.

"You can get one room. I don't mind." Grandpa Feng said as he grinned.

"Grandpa!!!" Feng Yue glared to Grandpa Feng.

....

"Give us two room." Feng Yue smiled to the receptionist at the front desk while showing the black white card.

The receptionist's eyes went wide as she saw the black white card. She never saw the card right in front of her eyes. She only saw this in the guide book of becoming the employee of this hotel.

She remembered that having this card meaning they had a close relationship with the owner since the black white card was only given to that group. Only twenty black white cards existed right now. Having this card meaning everything in this ryokan would not be charged. In other words, free.

"Yes, Miss. Wait a moment. May I have your identity card?" The receptionist asked respectfully.

"Here." Feng Yue placed her card.

After been registered, the receptionist gave two key. "He will lead you to your rooms." The receptionist pointed to a man that waiting for them.

"Welcome to Saisei Ryokan. Let me bring your bags." The man bowed as he welcomed them.

"Thank you." Xia Zi Qie said.

Xia Zi Qie looked around. It was indeed impressive hotel. He never went to this type of hotel. He had only seen once in the television.

"Does your friend own it?" Xia Zi Qie asked.

"Yeah." Feng Yue nodded proudly even though it was not her hotel.

"Her family must be impressive to let her become the owner of this beautiful hotel." Xia Zi Qie praised.

Feng Yue stopped walked and turned to look at Xia Zi Qie.

"Excuse me. She has build this hotel using her own effort. She is involved in everything. Not because of her family. You can ask my grandfather about that since he is also involved in the process." Feng Yue felt a little bit annoyed when Xia Zi Qie thought like that about Yu Qi.

She knew how many efforts that Yu Qi gave to build all of this.

"Really?" Xia Zi Qie began to wonder about Feng Yue's friend. From what Feng Yue said, her friend must be impressive person.

"Yes. She currently owns many companies." Feng Yue said it proudly.

"Many companies?" Right now, Xia Zi Qie felt he wanted to see this person.

"So, she must be studying business like us too. Where has she studied?" Xia Zi Qie asked again.

"Starlight University in Medical course."

"What? Medical course?" Xia Zi Qie was shocked.

"Yes. She wants to become a doctor." Feng Yue explained.

"..." Xia Zi Qie was stunned.

.....

Xia Zi Qie wanted to eat with Feng Yue. So, he shamelessly entered Feng Yue's room and asked the worker of the hotel to serve his food together with Feng Yue in her room.

Even though Feng Yue was angry with Xia Zi Qie, she was smiling and thanking the person that served the food.

Xia Zi Qie began to move this chopstick, taking the food and put it into Feng Yue's bowl.

Feng Yue wanted to be angry with Xia Zi Qie calmed down herself. The food must not be wasted. Especially the food from this hotel. The taste, she could not find at other places.

"Delicious..." Feng Yue seriously praised this.

Seeing this, Xia Zi Qie began to fill up Feng Yue's bowl. Feng Yue did not think seriously at the beginning noticed that Xia Zi Qie was not eating much aside putting the food on Feng Yue's bowl.

"You need to eat this too. It is so delicious." Feng Yue put the food on Xia Zi Qie's bowl too.

Xia Zi Qie's eyes lifted up. He ate that. It was indeed delicious but even more tasty as Feng Yue put it on his bowl. This time, Feng Yue also filled up his bowl. Xia Zi Qie started to eat.

"Delicious, right?" Feng Yue said.

"Yes. It is delicious. With you." The last sentence, Xia Zi Qie paused for a moment before saying that.

Feng Yue instantly became embarrassed with this situation.

"Just eat... Will you?" Feng Yue glared to Xia Zi Qie.

Xia Zi Qie did not saying anything after that. They ate the meal peacefully.

"I'm full." Feng Yue sighed happily as her stomach was already full.

Chapter 769 - 769: I Want Her To Be My Wife In The Future

"He is?" Yu Qi looked at the man who was sitting beside Feng Yue.

When she got the call from Feng Yue yesterday, she assumed that Feng Yue stayed at her ryokan. So, on the next morning, she went to her ryokan.

Wanted to meet and surprise Feng Yue. Instead of Feng Yue getting surprised, she was the one who got surprised when she saw Feng Yue was eating her breakfast with an unfamiliar man.

"Well, he is Xia Zi Qie. One of my friends whom I have met while doing my internship." Feng Yue mentioned his name. Looking at Xia Zi Qie then, she introduced Yu Qi to Xia Zi Qie. "She is Tang Yu Qi. The one from yesterday."

Yu Qi remembered that Xia Zi Qie was the one who gave Feng Yue love trouble. 'Oh, he is the one. Not bad.' Yu Qi evaluated Xia Zi Qie.

Xia Zi Qie also remembered that Feng Yue mentioned about her friend been the owner of this hotel. He did not expect that she would be so beautiful as Feng Yue.

"Hello, Mr Xia." Yu Qi bowed as she greeted Xia Zi Qie.

"Oh, hello." Xia Zi Qie replied. "You can call me, Zi Qie, Miss Tang, since you are Xiao Yue's friend."

"Okay. You also can call me, Yu Qi." Yu Qi glanced at Feng Yue as she made fun of Feng Yue when she heard Xia Zi Qie called Feng Yue, Xiao Yue.

"Xiao Yue?" Feng Yue turned and faced Xia Zi Qie.

"Hmmm... Xiao Yue. Your nickname." Xia Zi Qie nodded.

"When do I approve of you calling me, Xiao Yue?" Feng Yue asked.

"You don't but I just want to." Xia Zi Qie grinned.

Feng Yue was speechless. She glared angrily at Xia Zi Qie.

Yu Qi was watching them could not help to chuckle. Making Feng Yue turned in her direction and glared at Yu Qi too.

"Yu Qi, don't laugh." Feng Yue said.

Yu Qi smiled and said. "I am not laughing."

"You..." Feng Yue pouted. Ignoring these two people, she continued to eat breakfast.

"Don't be angry. I am just kidding." Yu Qi said.

"Yeah. Don't be angry. But I will not stop calling you, Xiao Yue." Xia Zi Qie's turn to talk.

"Up to you." Feng Yue was lazy to rebuke anymore.

"Yu Qi, I have heard from Xiao Yue that this is your hotel." Xia Zi Qie began to talk with Yu Qi.

He was curious about Yu Qi since Yu Qi was so young to be the owner. He wanted to meet Yu Qi and here was the chance.

"Yes." Yu Qi nodded.

"What makes you decide to open the hotel here?" Xia Zi Qie wanted to hear the reason.

"Shiwa Town is the mountain village. If you do not know, there is a waterfall nearby this hotel. Considering these two factors, I decided to open the hotel here. The customer who likes to do hiking can do the hiking. The? customer also can go and enjoy the waterfall." Yu Qi explained.

Well, that was not the only reason. She was reborn. She knew that Shiwa Town would be popular among the people that lived in the busy city. They wanted to enjoy nature. Shiwa Town would be the best place.

In the future, the government would value these kinds of town very much. They would be protecting nature and they would directly observe the construction around Shiwa Town. They wanted Shiwa Town would be the green place. Well, not only Shiwa Town. Several towns like Shiwa Town would be protected.

"But why this kind of hotel? I hear this is kind of the traditional Japanese Hotel." Xia Zi Qie was curious about that.

"Well..."

"Well?" Xia Zi Qie could not wait to hear the reason.

"It is my preference. I like this kind of hotel." Yu Qi smiled.

"Oh..." Xia Zi Qie nodded several times.

Feng Yue laughed. Xia Zi Qie was probably thinking that there were some reasons behind this hotel. But Yu Qi just told him that it was her fond of this kind of hotel.

"Well, Yu Qi has more companies under her name besides this." Feng Yue said.

"What? More companies?" Xia Zi Qie looked at Yu Qi.

She was around his age. He was quite proud of his achievement. Having a company under his name. But the girl in front of him right now... More companies? Meaning not just one.

"Yes. Have you heard about Qi Qi Skincare Brand?" Feng Yue asked.

"Yes." Xia Zi Qie nodded. He knew that this was a skincare brand that just became popular during these years. He knew since her mother and grandmother also used the brand. They were very happy after using the skincare brand, they appeared younger than their true age.

"Yu Qi also has an entertainment company and investment company. Oh, before I forget, the greenhouse in this town also belongs to my Yu Qi." Feng Yue listed out Yu Qi's business.

Now Xia Zi Qie looked at Yu Qi like a monster. This girl was a monster. She was very young but had a lot of business under her name.

"Enough with this topic." Yu Qi was awkward talking about this. Yu Qi changed the topic. "By the way, Zi Qie?"

"What?" Xia Zi Qie asked.

"Are you serious about Yue?" Yu Qi asked in a serious tone.

This topic completely changed the vibe.

Xia Zi Qie looked at Feng Yue first and then turned to face Yu Qi. "Yes. I am serious about her. I want her to be my wife in the future."

Chapter 770 - 770: Kidnapped Into Private Plane

Su Yu Hi informed Yu Qi that the greenhouse at Fanghai Nation already completed. Grandpa Su wanted her to there for the moment to start the operation.

Yu Qi agreed to go. This time, she would be coming with Su Yu Hi. However, on the day they would fly to Fanghai Nation, something happened.

Yu Qi had been kidnapped. The culprit was Long Hui. Otherwise, the kidnapping was not be successful in the first place.

Long Hui had just returned from the mission. Then he got the news that his beloved Qi Qi was also in Shiwa Town. The next second, he knew that she was heading to Fanghai Nation.

Because of that, he quickly called Huang Lan Guan. Telling Huang Lan Guan that he needed to use the private plane. Well, it was technically his but it was under his first brother's name.

"I have never thought that my Brother Hui is proficient in kidnapping." Yu Qi chuckled.

They were currently in the private plane. Su Yu Hi was also together in the plane but he was sitting far away from those two people. He did not want to be awkward there. Those two people were very good in giving others the dog food. He did not want to eat the dog food.

"Of course. I am a professional kidnapper when kidnapping you." Long Hui replied.

Long Hui's hand were non stop touching Yu Qi's hand. 'My Qi Qi's hand is very soft.'

"Is this plane yours?" Yu Qi asked.

"Well, technically, yes but it is under First Brother's name." Long Hui said.

"Oh." Yu Qi nodded. "But why are you here?"

"I just come back from the mission. I get the news that you are in Shiwa Town but when I have arrived at Shiwa Military Compound, I get another news saying that you are going to Fanghai Nation. Since that is the case, I straight called First Brother to borrow the private plane." Long Hui just grinned to Yu Qi.

"What about your work?" Yu Qi asked.

"Don't worry. It is okay." Long Hui said in the meaningful way.

At the same time, in Shiwa Military Compound, Ren Qian Yi sneezed as he was writing the paperwork. It was supposed to be Long Hui's work but Long Hui told him to do it.

"Second Brother, you owe me a favor." Ren Qian Yi shouted.

Back to the plane

They were currently eating. Su Yu Hi did not join them because he was currently sleeping. The meal was quite okay for Yu Qi.

"I want to eat your cooking." Long Hui commented. His beloved Qi Qi was very skillful in her cooking. He missed her cooking.

"I will find the time to cook for you after we land, okay?" Yu Qi said.

"Okay." Long Hui was pleased since his beloved Qi Qi had promised him.

Well, if only two of them were here, Long Hui would ask Yu Qi to enter her space. Even though there was the bedrooms in this private plane, it was not totally safe to enter Yu Qi's space.

"I will go to the toilet first." Yu Qi said.

"I will accompany you." Long Hui wanted to follow Yu Qi.

"Sit down. No need for that." Yu Qi firmly told Long Hui.

Long Hui sat back as he heard the order.

Seeing Long Hui already sat down back, Yu Qi asked one of the flight attendants to show her the toilet.

Long Hui was left alone. Sitting as he looked out the window. He was looking like a Greek god, Apollo.

There were five flight attendants who were on the private plane. Four of them were females. When they saw this man, they were very happy even though it was sudden job.

"Do you think he will look at me?" One of the flight attendants asked her friends.

"Don't be stupid, Mei Ling. Don't you see his girlfriend just now?" Her friend said. She did not want Mei Ling to embarrass herself.

"That's right. His girlfriend is very beautiful. He will not look at you." Another one said agreed with the first friend.

"I am also beautiful. I am confident that he will look at me." Mei Ling said.

Mei Ling knew this man had a higher status even though it was the first time she saw this man onboard this private plan. The rich man sometimes would be bored with their current girl and wanted to taste another girl.

Seeing his girlfriend was away from him, Mei Ling felt it was a chance for her to get the man's attention. She made the decision to approach the man.

"Mei Ling, don't do stupid thing." Her friend warned.

"Yeah. You may lose your work. Even worse your life." Another friend also warned Mei Ling.

From what they could see that the man was a dangerous man even though he was a handsome man. Mei Ling was playing with her life if that was the truth.

"You are just scared. Don't worry. It will be easy." Mei Ling said.

Her friends frowned as they heard that. Yeah. It was not the first time Mei Ling did something like this. Mei Ling was indeed a beautiful girl. The men liked her appearance.

When she started to work as the first class flight attendant, she met a lot of rich men that wanted to have a taste of her. They would give many gifts to her to pursue her.
