

INTELLIGENT 791

Chapter 791 - 791: Meeting Her Juniors.

"By the way, I heard the news about a spa has bribed one of your managers, Yu Qi." Mei Lilli remembered reading the news about that.

She paid attention to the news since the Qi Qi Skincare brand belonged to Yu Qi, her friend. After using Qi Qi skincare, her complexion became better. So, she had changed her product skincare to Qi Qi Skincare.

"It has been settled. Don't worry about that." Yu Qi smiled. "How about we having fun for tonight after having dinner together?"

"That is a good idea. I want to drink at Rose Night club." So Pang Lim supported the idea.

Yu Qi remembered Rose Night Club. The owner, Mr. Black gave his help while she encountered a problem with a man named Young Master Han. He sent Mr. Yan to her aide.

"Okay. Let's have dinner together and after that, we will go to Rose Night Club." Yu Qi confirmed the time. "I want to go to my shooting club later to see my juniors."

"Yeah. I also have promised my junior to see her." Song Ha Ting clapped her hand once.

"Okay... Okay... Let's meet later." So Pang Lim was excited that she seemed to shout a little louder making others looked at them.

Mei Lilli felt a little embarrassed when others looked at them, hit So Pang Lim's back.

"Ouch! Why are you hitting me?" So Pang Lim asked with a questionable face.

"Can you lower your voice? It is embarrassing." Mei Lilli said to So Pang Lim.

"When I am looking at you two, I feel like I have been watching drama between mother and rebellious daughter." Yun Xiao chuckled.

"If she is my daughter, I will hit her even harder." Mei Lilli rolled her eyes.

"You are a cruel mother." So Pang Lim also rolled her eyes at Mei Lilli.

Then everyone laughed together.

.....

Yu Qi walked into the shooting club area. They were some of the club members that being practised in the shooting ground. She walked around. Then, someone approached her.

"Senior Tang?" He called.

"Yes?" Yu Qi tilted her head. She did not know this student. Probably a first year student.

"It is really Senior Tang." The first year student became excited. He began to shout to his friends. "Guys, Senior Tang is here. Senior Tang is here."

Yu Qi was dumbfounded as she watched the student shouted like that. Then people started gathering around Yu Qi asking questions to Yu Qi. If the questions were in the range of Yu Qi could answer the question, she would answer.

"Sister Yu Qi." A girl shouted excitedly.

Yu Qi turned around and saw Zhu Xiao Ling running toward her. She was smiling. Everyone was stunned as they looked at the smile.

"I hear about you becoming the Captain of Shooting Club. Congratulation." Yu Qi said to Zhu Xiao Ling.

"Actually, it is because of our club members that want me to be the Captain. Since I have accepted the role, I will act like one." Zhu Xiao Ling explained.

"Good." Yu Qi nodded.

"By the way, why are you here, Sister Yu Qi?" Zhu Xiao Ling asked Yu Qi since she did not know why Yu Qi was here today. She seemed to forget that the graduation day was nearby.

"Captain Zhu, Senior Tang must have come for graduation day." One of the members answered the question.

"Oh, I forget about that." Zhu Xiao Ling was surprised. "Is it the day after tomorrow?"

"Yeah." Yu Qi nodded.

"I will go and see you on that day." Zhu Xiao Ling said.

"How about your sister? Is she also graduating this year?" Yu Qi asked.

"Yes. However, it has been scheduled for the next month. By the way, she has already entered the military compound as a soldier." Zhu Xiao Ling gave information about her sister, Zhu Lao Lin.

"I see." Yu Qi nodded.

"Senior Tang, since you are already here, can you show us your ability? I really want to see the queen of shooting competition." A first year member asked Yu Qi politely.

"Sure, why not?" It was her junior in the shooting club. She could satisfy his request.

.....

After having dinner with her friends, as they planned, they went to Rose Night Club. Since it just passed 9 p.m., the people in the club were not that many. Yu Qi already made the reservation so that, they could enter directly.

The club entrance had two guards controlled the entrance. So, the minor had no chance to enter since the guard would ask for your identity card.

Yu Qi was surprised when she first time saw this rule. Usually, a night club would not bother about that so much. If the minor had money to spend in the night club, the night club did not mind having them inside.

Yu Qi gave her identity card to the guard. When the guard saw the name on the identity card, they asked her politely.

"Miss Tang, how many are your friends?" The guard asked.

"Six people including me." Yu Qi answered.

"Then, you and your friends can directly enter the club." The guard gestured Yu Qi and her friends to enter the club.

They entered the club.

"They don't have to check our identity card?" So Pang Lim asked.

She had come multiple times here. Each time she came, the guard would definitely check her identity card. Even though her friend already made the reservation.

Chapter 792 - 792: Visiting Rose Night Club Again

"I don't know." Yu Qi made a gesture that she also did not know anything.

"Don't think about an insignificant thing too much." Mei Lilli felt that matter was not worth thinking about. n.)O7elb1n

"Okay... Okay..." So Pang Lim gave up thinking about that matter.

They headed to the reservation room. Entering the room, they immediately ordered some drinks and snacks. So Pang Lim saw some drinks with weird colour so she wanted to try to order them.

"Look, there are some drinks in beautiful colour. Let's order and try them." So Pang Lim said.

"Don't order them if you don't know what it contains. It may have dangerous substances." Mei Lilli stopped So Pang Lim. "I really doubt your identity as a medical student."

"I study about human skin. Not in those substances." So Pang Lim rebuked.

"Usually those beautiful drinks have a high concentration of alcohol. One sip and you are down. It targets women to drink since it has a beautiful colour that usually women will like to choose." Yu Qi explained.

"Erk... That dangerous? Okay... I will not order those drinks." So Pang Lim shook her head.

The room had a lot of games. It even had a karaoke set. Mei Lilli liked to sing. She immediately grabbed the microphone and chose the song that she wanted to sing.

Seeing Mei Lilli chose the familiar song, Yun Xiao grabbed another microphone and went duet with Mei Lilli. Both of them had a nice voice and the song was very good.

They took turns singing. Yu Qi just watched them singing.

"Yu Qi, can you accompany me to the toilet?" Song Ha Ting asked Yu Qi.

"Okay." Yu Qi nodded.

It was better for Song Ha Ting if Yu Qi accompanied her. Anything could happen to a weak woman like Song Ha Ting in this place. After doing her business, both of them returned to their room.

Yu Qi was looking at her phone reading the message from Ming Xuehai regarding Harmony Orphanage. So, she did not pay much attention to the surrounding. She just followed Song Ha Ting. She heard that Song Ha Ting opened the door.

However, Song Ha Ting did not enter and stopped in front of the door. Yu Qi bumped into her back. Yu Qi did not have time to ask Song Ha Ting. She heard an unknown man's voice.

"Oh, two beauty come and has delivered themselves to us." An unfamiliar man's voice stroked Yu Qi's hearing.

Yu Qi lifted up her head and looked in front of her. Song Ha Ting opened the wrong door. She glanced inside the room. There were several men accompanied by several women.

Yu Qi could see that the women were hired by those men since their clothes were very revealed. She did not want to make trouble. So, she quickly pulled Song Ha Ting's hand and wanted to get out.

But one man quickly stood up and got in front of them, stopping them from stepping outside. Yu Qi narrowed her eyes looking at the man.

"Beauty, let's drink together." The man wanted to touch Yu Qi's face.

Yu Qi's face smoothly moved her face aside avoiding the man's hand from touching her face.

"We have entered the wrong room. We are sorry. I hope you can step aside so that we can get out." Yu Qi said to the man.

"It is destiny for you to come to this room. Come and drink with us." The man did not give and invited Yu Qi and Song Ha Ting to drink with them.

Yu Qi glared coldly at the man. "You better let us go since I have asked you nicely."

"Oh, you are so fierce. I am scared." The man clearly did not have any intention to let the beauties go.

Yu Qi pulled Song Ha Ting behind her back to protect her. The people inside the room just sat on their seat and watched the show silently.

The man came forward and wanted to grabbed Yu Qi's hand. Instead of grabbing the beauty's hand, his body frozen. Only his face could make a little movement and could speak.

"What happen to my body?" The man spoke in a panic.

"Don't worry. Nothing happen to you. The effect will be neutralized in fifteen minutes. However, if you force yourself to move, the damage will be severed." Yu Qi said blankly.

"What?" The man's face expression was shocked.

Yu Qi stepped approaching the man and pulled out the needles that she had thrown at the man. When the man saw this, his eyes became widened. He did not see when the beauty threw the needles to him. And the most terrific part, the needles struck at the point that she wanted them to be.

Even the onlookers in the room were very shocked seeing this scene. Really, like the man, they did not really know when the beauty threw the needles to their friend.

"I think I can leave right now. If someone wants to become like him, feel free to block me." Yu Qi glanced at the man's friends.

None of them moved to block Yu Qi and Song Ha Ting. They did not want to be like their friend.

"Oh, like I say before, your friend can move in fifteen minutes. So let him be. Otherwise, he will be injured." Yu Qi managed to turn and gave the advise to them before leaving the room with Song Ha Ting.

Chapter 793 - 793: Dream Girl

"Is that okay to do something like that?" Song Ha Ting asked. She was a little bit afraid with what happened just now.

"Don't worry. He will be fine." Yu Qi just smiled.

Both of them returned to their room. Right now, Yu Qi was the one who led them into the right room. When they entered the room, only Ding Na An was there.

"Where are the others?" Yu Qi asked.

"They have gone to dance. Both of you have gone to the toilet, right? Why have you taken so long?" Ding Na An asked them back.

"We have encountered a problem just now. But it have been solved." Yu Qi explained. She did not go any detail of what happened just now.

Song Ha Ting also did not want to talk about it. All after, it was her fault entering the wrong room and getting Yu Qi involved in that matter.

"Are they with Yun Xiao?" Yu Qi asked about Mei Lilli and So Pang Lim.

"Yeah." Ding Na An nodded.

"Having a man with them is good." Yu Qi nodded.

.....

"I can move again." The man that had been stuck by Yu Qi's needles gained his body movement again.

"Yian He, I think you better go and check with the doctor in case something bad happens to your body." Lian Guan, one of Yian He's friend gave the advise.

"That woman, if I see her again..." Yian He could not continue the sentence.

"You what? I don't think you should provoke her. She is not a normal girl. She seems to be proficient in what she was doing to you just now. I think if you disturb her again, you will die. You see her ability just now."? Wang Den Ang, another friend of Yian He said to Yian He.

Yian He gulped. Indeed. That girl was not simple. Provoking her would not doing any good for him.

Then someone entered the room. All eyes directly looking at the door to see who coming. It was their friends, Bai Shu Jin.

"Shu Jin, you are here." Yian He greeted Bai Shu Jin.

They were Bai Shu Jin's childhood friends. Their parents were either had a businesses family too or had a high position in the political career.

Bai Shu Jin frowned as he entered the room and saw women in the room as well. He thought it was just a gathering among themselves.

"What is this?" Bai Shu Jin asked.

"What? A party of course." Yian He grinned.

"With those women?" Bai Shu Jin's dislike pointed to the women that sat beside his friends.

"Chill brother. What party without women..." Yian He played stupid. Not like he did not know that Bai Shu Jin disliked women when they planned to drink together.

"I am going." Bai Shu Jin turned around to get out of the room.

"Wait. Fine." Yian He gave up. "You girls, time to go. We will meet again." He ordered the girls to get out.

Some of them were reluctant to leave. They even made flirtous eyes contact with Bai Shu Jin. Of course, Bai Shu Jin ignored them. Then, the girls left the room leaving only men inside the room.

"Shu Jin, you really have no fun." Yian He commented.

"If you want to accompany by those girls, I will leave." Bai Shu Jin said.

"Okay... Okay..." Yian He said to Bai Shu Jin.

"Yian He, remember. You just frozen because of one woman." Lian Guan reminded Yian He.

"Erk... I just forget. Don't remind me." Yian He was displeased with that incident.

"What happen?" Bai Shu Jin inquired.

"Before you come inside, there are two chicks come into our room. I thought they were hired girls. Turned out they were not. They wanted to go out but this idiot..." Wang De Ang pointed to Yian He before continuing his story. "He stopped them asking them to join us. One of the girls got angry and did something to him."

"Something what?" Bai Shu Jin asked.

"We actually don't know. But Yian He's body was frozen for fifteen minutes. He could not move his body at all. The girl approached Yian He and pulled the needles. We were very shocked because we did not even know when the girl put the needles on Yian He. Crazy, right?" Lian Guan continued Wang De Ang's story.

"Oh, interesting." Bai Shu Jin also felt amazing toward the girl.

"If I know the girl..." Yian He said again.

"You know the girl and what? You might be frozen again by that girl." Lian Guan laughed.

Lian Guan was the one who pulled trick when Yian He in the freeze mode just now. He pulled Yian He's hair, he pinched Yian He's cheek and many pranks that he did just now.

"But seriously that girl was indeed a beauty." Yian He grinned.

Bai Shu Jin did not pay much attention to the beauty mentioned by Yian He.

"Shu Jin, you must thinking that your dream girl is much better right?" Wang De Ang looked at Bai Shu Jin.

Bai Shu Jin did not deny it. Indeed compered to that person, he felt she was the most beautiful girl.

"What? You already got the girlfriend, Shu Jin?" Yian He asked with interest.

It was a first time he heard about this. Even Lian Guan became interested with the news.

"No... I don't have a girlfriend." Bai Shu Jin shook his head.

"But the thing about your dream girl is true, right?" Wang De Ang asked.

Chapter 794 - 794: Am I Going To Be Killed By Him?

"Where do you heard about that?" Bai Shu Jin turned and lifted up his eyebrows to Wang De Ang.

"He... He... He... I have my spies around you." Wang De Ang joked.

"Is she beautiful?" Yian He could not help to ask that question.

Lian Guan knocked Yian He's head.

"Ouch! Why are you hitting me?" Yian He held his head.

"But I have heard that she has rejected you." Wang De Ang raised his eyebrows.

"What? There is a woman dares to reject you?" Yian He was shocked.

Lian Guan also reacted that same way. Of course, it was shocking news. A woman rejected such a handsome and rich man like Bai Shu Jin.

"She already has a boyfriend at the moment. That is why she has rejected me." Bai Shu Jin made an excuse to make him felt better.

"Is her boyfriend more handsome or rich than you? That should not make sense she reject you just because she already has a boyfriend." Yian He said.

"Well, I don't know about that. But I still want to try again in the future." Bai Shu Jin gave a faint smile.

"That girl must be beautiful since our Shu Jin can not forget her. Okay... Okay... Don't be sad, Shu Jin. For today, let's drink." Yian He filled a glass with the drink and gave it to Bai Shu Jin.

.....

"I can't believe that we are going to graduate soon." So Pang Lim said.

They already returned to the room after having fun on the dance stage. So Pang Lim already in a drunk state.

"But... I still don't have a boyfriend." So Pang Lim sighed.

"Why do you want to have a boyfriend so much?" Mei Lilli asked.

She already heard multiple times that So Pang Lim wanted a boyfriend. She was curious why So Pang Lim wanted to get a boyfriend so desperately.

"My aunties always brag about their daughters who have gotten wonderful boyfriends. Then they will be asking me when will I get a boyfriend? My ears hurt when ever they ask me that question." So Pang Lim explained while crying. Then, she poured another drink.

"Enough. Don't drink anymore. You will be sick." Yu Qi prevented So Pang Lim from drinking too much. "I think it is time for us to leave."

"No, I will not leave. I want to drink and dance more." So Pang Lim cried even more.

Putting her hand on her forehead, Mei Lilli sighed. "Pang Lim, we will leave you here."

"No~~~ Don't leave me." So Pang Lim shouted.

"Then, stand up and let's go." Mei Lilli sternly ordered So Pang Lim.

"Okay~~~." So Pang Lim obeyed followed Mei Lilli's order.

Song Ha Ting was getting closer to Ding Na An and whispered to Ding Na An. "Lilli is like a mother to Pang Lim."

"Indeed." Ding Na An chuckled.

Mei Lilli and Ding Na An helped So Pang Lim to walk while Yun Xiao and Yu Qi went to settle the bills. Coincidentally when they were about to leave, they came across with Bai Shu Jin and his friends. However, Yian He was the one who reacted first when seeing Yu Qi.

"You are the girl from earlier" Yian He shouted to Yu Qi.

Yu Qi turned around and saw Bai Shu Jin and the men that she just met before. Seeing Bai Shu Jin here, Yu Qi clicked her tongue.

"Tsk." It was not too loud or too slow but everyone there could heard that since the payment area usually did not have many people.

"Miss Tang, long time no see." Bai Shu Jin greeted Yu Qi with smile on his lips.

Wang De Ang's eyes flashed some excitement. Bai Shu Jin usually acting aloof and cold to women. This time, he greeted this woman first. Was this woman the rumoured woman?

"Oh, hello Mr. Bai." Yu Qi greeted Bai Shu Jin and then turned around to leave.

Bai Shu Jin wanted to stop Yu Qi and talk with her more but seeing the expression on Yu Qi's face, he cancelled the idea. It had been a long time since he saw her. She looked better.

"Shu Jin, you know her?" Yian He asked.

"She is from the same university as me." Bai Shu Jin said.

"You know what? She is the woman that make my body stop moving for a few moments. I wonder what she has done to me." Yian He told the earlier incident.

"To tell you, she is a doctor to be and granddaughter of the legendary doctor." Bai Shu Jin told his friends about Yu Qi's identity.

"What? Legendary doctor? You mean..." Yian He was surprised.

"Only one person is worthy to be called 'legendary doctor' which is Doctor Tang Jiang Man. No wonder... No wonder..." Lian Guan nodded several times.

"I have heard that the granddaughter of Doctor Tang is dating that 'Long Hui'." Lian Guan said.

Hearing this, Yian He almost jumped due to shock. "Are ... Are... You sure about that?"

"Yeah." Lian Guan nodded.

"Am I going to get killed by him?" Gulp. Yian He was shaking.

He had seen Long Hui before. He was indeed handsome but he also looked murderous. He wondered if that was how a soldier supposed to look like.

"Relax, buddy. I don't think Miss Tang will tell Mr. Long about that. But if she does tell Mr. Long, I will lift up a candle and pray for you." Lian Guan laughed.

"You bastard." Yian He shouted angrily to Lian Guan.

Wang De Ang was still silent and observed Bai Shu Jin. He already turned to 'normal' Bai Shu Jin. If he was not quickly enough just now, he might missed that expression.

Chapter 795 - 795: Graduation Day (Part One)

Wang De Ang approached Bai Shu Jin.

"Is that girl the one who has rejected you?" Wang De Ang asked in a low voice.

Bai Shu Jin did not answer immediately. He turned and looked at Wang De Ang.

"Yes." After a few seconds, he answered and nodded.

"No wonder she has rejected you." Wang De Ang chuckled.

"She is still not married yet." Bai Shu Jin made a comment.

"So, you want to snatch her from that 'Long Hui'?" Wang De Ang glanced at Bai Shu Jin.

"The best man wins." Bai Shu Jin walked leaving the place.

....

Yu Qi was getting ready for the graduation ceremony which was in two hours. The graduation day had been held for about two days. The faculty that showed the best result would be up onto the stage earlier.

Medical Faculty had won first place showing the best result among other faculties. So, the student from her faculty would go on the stage first.

Yu Qi felt her clothes were already fine. She went out from the hotel room that she had booked for the graduation day. Outside her room, there were several people waiting for her to get out of the room.

They were her family, namely, Grandpa Tang, Ming Yue, Tang Jung Wen, Su Xiao, Tang Han Lee and Tang Jin Wei. They came yesterday. Tang Jang Qin and Tang Qin Hao could not leave their jobs due to the scheduled surgeries that they had.

"Yu Qi, you look beautiful today." Ming Yue praised Yu Qi.

"Thank you, auntie. You are beautiful too, today." Yu Qi praised Ming Yue.

"Of course, since we are going to take a picture together later." Ming Yue grinned.

"Mum, you were not so much on my graduation day." Tang Jin Wei commented.

"Yu Qi is a girl. There is the difference." Ming Yue glanced at Tang Jin Wei.

"Mum, it is you who has given birth to me as a man." Tang Jin Wei said.

"Yeah. I really want a girl that time." Ming Yue replied.

"Mum, you really hurt my feelings." Listening to Ming Yue's reply, Tang Jin Wei acted like he was hurting so much as he placed his hand on his c.h.e.s.t.

"You can change your occupation, from a doctor to an actor." Yu Qi laughed.

"You little, dare to laugh." Tang Jin Wei glanced to Yu Qi.

"Okay... Okay... Enough. Let's go to Yu Qi's university. We are going to be late." Grandpa Tang stopped the bickering.

"Yes, Sir."

Both Yu Qi and Tang Jin Wei saluted Grandpa Tang. Others who look at them chuckled.

They were going to Yu Qi's university using two different cars. Both Ming Yue and Su Xiao wanted to ride with Yu Qi. So, they ride Yu Qi's car with Grandpa Tang. Tang Han Lee, Tang Jin Wei and Tang Jung Wen rode another car.

Since it was graduation day, they had some difficulties finding parking. After 10 minutes of searching for the parking, they found two empty parking. They quickly went to the hall where the ceremony took place.

The receptionists of the event recognized Grandpa Tang. They had been told by the upper that a VVIP would come for his granddaughter's graduation day. They also had been given a picture of him for that he would not be missing out when he came to the hall.

"Doctor Tang, welcome to our university. We would like to invite you to sit at our VVIP section." A girl came and welcomed Grandpa Tang.

"No need for that. I will sit with my family." Grandpa Tang pointed to his family behind him.

A girl was hesitant. It was the upper's order to bring this VVIP to sit there.

"But..." She wanted to say more however someone was interrupting the conversation.

"Okay, Sir. Let me bring you to your seat. As for your graduation, she would have to go to her arranged seat." Another girl came to save the day.

"Okay. Lead the way." Grandpa Tang nodded.

"Everyone, I will go to my seat now." Yu Qi excused herself.

The students already had their arranged seats in order to smooth the ceremony.

"Don't worry, Little Sis. I will take a good picture of you when you go up the stage." Tang Jin Wei replied.

"Really?" Yu Qi doubted that.

"Little Sis, I know you will doubt about me. But with this, you will get a beautiful of you later." Tang Jin Wei patted the big bag that he brought along.

"What is this?" Yu Qi asked.

"A camera. High definition one." Tang Jin Wei grinned.

"Do you spend your money to buy this camera?" Yu Qi knew it was not cheap.

"No... No... No... I just borrow someone's else. I even learn how to use it." Tang Jin Wei bragged about that, wanting someone to praise him.

Everyone looked at him speechless.

"Okay. I will leave the matter to you. Make sure you take a beautiful one." Yu Qi grinned. She then looked at her family. "I will leave first. See you later."

"Okay, Yu Qi." Ming Yue smiled.

Yu Qi left to her arranged seat. While her family members had been taken to another place. The place where they given the seat had closer view to the stage since it was near to the stage.

"Doctor Tang, you and your family can sit here." The girl that led the way invited them to sit.

Chapter 796 - 796: Graduation Day (Part Two)

"Thank you." Grandpa Tang nodded.

"I will leave first. You can tell us if you have something that you need." The girl said before leaving. n--

"Sister Mei, is it alright for him to sit at that place? We have been ordered to get him to sit at the VVIP section." The girl that greeted Grandpa Tang first asked her colleagues.

"You can see that he wants to sit with his family. If we force him to sit at the VVIP section, he might feel offended. I know we need to follow the orders but we also need to be flexible, understand?" The girl that with name 'Sister Mei' advised her colleagues.

"I see. I have learnt my lesson." The girl nodded.

"Grandpa is really famous." Tang Jin Wei commented.

"This is nothing." Grandpa Tang raised his chin.

"Wow, Grandpa, you look so arrogant like this." Tang Jin Wei glanced to Grandpa Tang.

"You can enjoy privilege like this if you are in my place as well." Grandpa Tang said.

"No, thank. I am already enjoying my life." Tang Jin Wei rejected straightforward.

.....

Yu Qi arrived at her arranged seat. Beside her was Ding Na An. Her other friends sat five seats away, not far from her. She saw them and greeted them by waving her hand to them.

"Morning Yu Qi." Ding Na An said to Yu Qi.

"Hmm... Morning. Only the two of us are? separate from them." Yu Qi chuckled.

"Yeah. Do you already remember your speech?" Ding Na An asked.

The top students needed to prepare a speech to represent other students. Since Yu Qi was the top student in her faculty, she had that responsibility.

"Yeah. I have already remembered it. Don't worry." Yu Qi said.

The ceremony began with MC talked. The MC introduced some of the VVIP that came to celebrate the graduation day with the students. That included her grandfather.

When MC introduced Grandpa Tang, the camera zoomed in Grandpa Tang's face. It showed on the big screen. Grandpa Tang maintained a cool image.

Yu Qi almost laughed as she saw her grandfather played a cool image on the screen since his real image was the opposite of it.

"Doctor Tang is really amazing. It is my first time seeing him."

"Look at the three men beside Doctor Tang. Is that his sons?"

"I think the older one is his son and the younger ones are his grandsons."

"That's right. The two handsome men is his grandson. They are? also a doctor that specialist in their own field."

"And to think, we are in the same year as Doctor Tang's granddaughter makes me proud of myself."

"Yeah."

The students talked among them.

The event continued with the Chancellor of the Starlight University's speech. Then the audience had been entertained with the show made by the current students.

After that, the event continued with the representing the students that had been successful graduated onto the stage by calling their names one by one.

Since Yu Qi was the top student of her batch, her name had been called first. Hearing her name been called, she stood up, fix her robe and stepped onto the stage.

On the right of her corner eyes, she could see her family smiling while clapping their hands. On the other side, her brother, Tang Jin Wei moved closer to the stage to take her pictures with that high definition camera that he mentioned just now.

The one who would be give the award was the Chancellor himself.

"Congratulations for your graduation. I have been followed your progress and achievements, Miss Tang." The Chancellor congratulated Yu Qi.

"Thank you, Mr. Sun." Yu Qi smiled.

While, they had been talking among them, the MC was talking about Yu Qi's achievement to the audience.

"As expected Little Sis." Tang Han Lee was very impressed with his sister's achievement.

"I pick up a gem." Grandpa Tang clapped his hands loudly.

The MC called another students to come up to the stage which was Ding Na An that had similar result with Yu Qi, only lower two points from Yu Qi.

The other student's names had been calling one by one. The students of the Medical Faculty that had been successful graduated for this year was 100%. Not one left or forcibly extended their study.

Now it was time for Yu Qi to represent her speech. She once again had been invited to go up onto the stage. She had been given the microphone.

"Good morning to Our Chancellor, Mr Sun, the vice Chancellor, Mrs Wei, the VVIP, VIP, our professors and lecturers, my fellow friends who have graduated with me today and lastly to the audience. It is my honour to receive a chance to present a speech here.

To tell you the truth, I have never imagined that I will be standing here with a title 'doctor to be'. Either in my life before, I imagine I will be going to be a doctor.

But everything change. It is when I meet my grandfather. At that time, I was just a teenager who happened? going to the mountain to find some herbs. And I find a precious ginseng. So, I went to a herbs shop to sell that ginseng.

That was when I met my grandfather for the first time. He took me as his disciple. When he heard about my hard life, he adopted me as her granddaughter. At that time, I still don't know who he was. I thought that he was just a regular old doctor."

Yu Qi smiled and looked straight at Grandpa Tang.

Chapter 797 - 797: Ding Family

Then Yu Qi continued her speech again.

"I was particularly surprised when I knew his true identity. I do feel that I was not worthy of being his granddaughter. Because I don't want him to regret taking me as his granddaughter, I worked so much and the hard work began to show its effect.

That I passed my college's entrance exam with a flying colors. I chose Starlight University for further study. I chose this university because I know its reputation for producing doctors.

I learnt a lot at this university. I also got a lot of good friends. I managed to do something for the public through this university. The university helped me a lot.

I hope if you have child that will further study, please consider Starlight University too. I think that's all that I want to talk about. Thank you."

Yu Qi stepped backwards and bowed gracefully.

Not long after Yu Qi ended her speech, everyone clapped their hands. Yu Qi returned to her seat. After that, the ceremony for the Medical Faculty ended. The ceremony for another faculty would be started for another 30 minutes.

Yu Qi went out together with her friends.

"It is finally over." Mei Lilli was happy.

"Yeah." Song Ha Ting said. "Oh, I need to go. My parents are over there. See you later. Don't forget that we still have another plan for this evening." She spotted her parents and waved her hand to her friends.

Her friends nodded. Mei Lilli, So Pang Lim and Yun Xiao had left since their parents had already gone out of the hall. Only Ding Na An and Yu Qi were still together. Their families were still inside the hall. n--

After 10 minutes of waiting, Yu Qi finally saw her family getting out of the hall. Tang Han Lee noticed that his girlfriend was together with her little sister.

"Oh, is that your girlfriend, Big Brother?" Tang Jin Wei teased Tang Han Lee.

"Yeah." Tang Han Lee admitted without getting embarrassed.

"Owh, my future daughter in law is graduating together with Yu Qi. Why don't you remind me about that, Han Lee?" Ming Yue smacked Tang Han Lee's back.

"I have thought you already know since she is Yu Qi's friend." Tang Han Lee defended himself.

Tang Jin Wei just laughed seeing his brother getting scolded by their mother. Ming Yue approached Ding Na An and grabbed Ding Na An's hand intimately.

"Xiao An, I have forgotten that you are graduating together with Yu Qi. My son doesn't remind me at all about that. I am sorry." Ming Yue apologized.

"Auntie, you don't have to apologize. It's okay." Ding Na An said.

"Where is your family? They don't come?" Ming Yue asked while looking at the surrounding.

"They have come. My mother and my older sister." Ding Na An answered. "Oh, there they are standing there." She pointed to an middle aged woman and a masculine woman that walked together.

"Na Na." The middle aged woman called Ding Na An's name. "Congratulations, my daughter. You make me feel so much proud."

"Thanks, mum. You are my inspiration." Ding Na An hugged her mother.

Ding Qian Qin, Ding Na An's mother was very happy seeing her daughter going onto stage earlier. Ever since she had caught her husband cheating on her, her world was only for her daughters.

One became a soldier and another was going to be a doctor. It was the best moment of her life seeing his daughters getting success in their lives.

"You must be Xiao An's mother, right?" Ming Yue greeted Ding Qian Qin.

"Yes. You are?" Ding Qian Qin greeted Ming Yue and asked back.

"I am Ming Yue, mother of Tang Han Lee, your daughter's boyfriend." Ming Yue said with a smile while reached to grab Ding Qian Qi's hand.

"Oh, it is you. Nice to meet you." Ding Qian Qin also grabbed Ming Yue's hand.

Ding Qian Qin knew that Ding Na An already had a boyfriend. When Ding Na An told her about her boyfriend's identity, she was totally surprised. She was also a little bit worried about that.

Tang Han Lee was a man with fame. She wondered if he just wanted to play with her daughter. She already experienced the feeling of being cheated by a man. She did not want her daughter to experience the same thing.

After a while, Ding Qian Qin observed her daughter. Her daughter was genuinely happy with Tang Han Lee. She just hoped that her daughter's relationship would last forever.

"I think we can have a long time chatting after this." Ming Yue said.

"Everyone, we have booked photo sessions in 30 minutes. How about we going and chilled out there?" Yu Qi made a suggestion. Then she remembered something. "Oh, Grandpa still not come out yet?"

"It must be someone holding him back." Tang Jin Wei said. After all, their grandfather was a famous doctor that usually in secluded area.

....

"Doctor Tang, can you stay back? We have a lot of things to ask you about." One of the professors said to Grandpa Tang.

"No. Today is my beloved granddaughter and disciple's graduation day. I want to celebrate it with her." Grandpa Tang rejected it firmly.

If not because of his granddaughter's graduation day, he would not coming here. He rather stayed at his home taking care of the growing herbs.

"Then how about tomorrow?" Another suggested.

Grandpa Tang sighed. "I will come and see you tomorrow."

"Thank you, Doctor Tang." Everyone was happy because Grandpa Tang agreed to talk with them.

Chapter 798 - 798: Ding Na An's Bastard Father

"Look, Grandpa has already come out." Tang Jin Wei pointed to Grandpa Tang that just came out of the hall.

Grandpa Tang seemed to mumble something while he was walking towards them.

"Grandpa, why are you coming out so late?" Tang Jin Wei asked.

"That's why I don't want to come out in the public. People will ask me about something." Grandpa Tang rolled his eyes.

"Grandpa, you are so popular." Tang Jin Wei praised.

"You should be like me so that people will not come and look for me anymore." Grandpa Tang critiqued Tang Jin Wei.

Tang Jin Wei shook his head. "No, I don't want to."

"You brat..." Grandpa Tang pointed to Tang Jin Wei.

"Grandpa, we are going to take my graduation photo. Let's forget that matter, okay?" Yu Qi held Grandpa Tang's hand. "Let's go now, okay?"

Yu Qi was coaxing Grandpa Tang not to feel angry.

"Hmmm... Okay... Let's go." Grandpa Tang smiled immediately and walked away together with her granddaughter. Such expected granddaughter was grandfather's little jacket.

Yu Qi turned around and looked at Tang Jin Wei. She winked at Tang Jin Wei.

"Mum, am I really Grandpa's grandson?" Tang Jin Wei asked Ming Yue.

Ming Yue hit Tang Jin Wei's head. "What are you talking about? Let's go. I am excited to take pictures with Yu Qi and my future daughter in law."

Onlookers that knew Tang Family were dumbfounded to see Tang Family members bickering like that. They thought rich family like Tang Family would not behave like a normal family like that. And it seemed Yu Qi held the highest place on Grandpa Tang's even though she was just an adopted one.

Tang Family and Ding Family went to the room where the photo would be taken. Yu Qi booked two orders, one for her alone, another one with her family.

Yu Qi gave the receipt to the assistant photographer.

"Okay. You can wait for a moment." The assistant photographer said politely.

"Sure." Yu Qi nodded.

After a few moments, her name had been called. The first picture was her photo alone. After the photographer took a few photos, it was time for the family photo.

Yu Qi waved to her family to come over. When the Tang Family walked over, many people turned around to take a look at this family. Why? Since they had such a looking good people.

After arranged the people, the Tang Family's photo had been taken. Then it was settled.

"It will be nice if Jang Qin and Qin Hao are here too." Su Xiao was a little sad when remembering that her husband and her son were not in the photo.

"Don't be sad, Auntie Su Xiao. We will take a family photo together later." Yu Qi coaxed Su Xiao.

"Yeah. Ever since Yu Qi come to our family, we have not taken a family photo with her. We should do one later." Tang Han Lee also agreed with that.

Then Ming Yue went to take a photo with her future daughter in law. She pulled Tang Han Lee together.

Ding Na An felt very shy when facing photo together. Her sister, Ding Guan Ye, even though did not like men, she was particularly happy when her younger sister was in love with such a man as Tang Han Lee.

However, she, herself could not imagine herself together with a man. She had lost her faith in men because of her bastard father. Her younger sister might not be affected by her bastard father since he left when her younger sister was a baby but she had already grown up at this moment.

She could understand what her bastard father had done. She would never forgive her bastard father since he destroyed her mother's life.

When everyone was happy taking the photo together, a man came over. Ding Guan Ye's face totally changed. Her face showed absolute anger.

It was her bastard father, Yi Ang Peng. Of course, he would be here since his daughter, Yi Ren Shiang also graduated today.

"Qian Qin." Yi Ang Pen called Ding Qian Qin.

Ding Guan Ye stepped in front of Ding Qian Qin and protected her from Yi Ang Pen. Ding Qian Qin was smiling when seeing her daughter's attitude. Her daughter was big enough to protect her. But it was not necessary anymore.

Ding Qian Qin patted Ding Guan Ye's shoulder. Ding Guan Ye turned around and looked at her mother. Her mother gave an assurance look to her.

Yi Ang Pen looked over at both of his daughters. The daughters that he left after divorcing Ding Qian Qin.

"What do you want by coming here?" Ding Qian Qin asked.

"I just come to congratulate my daughter." Yi Ang Pen looked at Ding Na An.

"I am not your daughter." Ding Na An directly said to Yi Ang Pen. She did not have any good feelings towards a father who just cheated on her mother and divorced her mother just for his mistress.

"Yeah. I think you have gotten the wrong person. Your daughter is not here." Ding Guan Ye added supporting her younger sister.

She also knew that Yi Ang Pen's daughter also studied at this university too but in different faculty. Her younger sister met with Yi Ren Shiang multiple times.

"That's right, Mr Yi. You should go accompany your wife and daughter. Otherwise, I will be called as a mistress by your wife. I don't want to be called like that by your wife even though she used to be a mistress." Ding Qian Qin shot Yi Ang Ren with her words. n/-σ)/V-(e(/l/-b)-l//n

Chapter 799 - 799: He Comes

Yi Ang Pen's face changed after hearing the sentence from Ding Qian Qin. He came to see his daughter to improve his relationship with his daughter.

Actually Yi Ang Pen was surprised to see his former wife here.? He wondered what she was doing here until he saw Ding Na An. She had the same face as Ding Qian Qin. Meaning it was her daughter. Her daughter had already grown up. If he did not saw her today, he did not remember that he had this daughter.

Yi Ang Pen remembered when he was divorcing Ding Qian Qin, Ding Qian Qin had just given birth to a daughter. He was not paying any attention to the baby since his lover had also given birth to a daughter too.

He saw that his daughter was close to the famous Tang Family. It seemed that his daughter was in the relationship with the eldest young master of Tang Family. If he could use that, his status would be much higher than now.

He wanted to call his daughter but he did not know what her name was. He became awkward.

"Everyone, let's go and have lunch together." Yu Qi said.

"Yeah. We can know each other better." Yi Ang Pen shamelessly wanted to join too.

"Mr. Yi, I think your daughter, Yi Ren Shiang's ceremony will start soon. And we are not familiar to you. So we will not have any kind of relationship with you after this." Ming Yue already concluded that this man was not a good person when Ding Qian Qin said that he had a mistress when he was Ding Qian Qin's husband.

"But I am her father." Yi Ang Pen pointed at Ding Na An.

"Sorry, Sir. You are not my father. My surname is Ding while your surname is Yi." Ding Na An would never acknowledge the man in front of her as her father after what had happened to her mother.

When she was young, she had asked her older sister about her father. Why did they not have a father while others have? Her older sister explained everything to her. After that, she had already erased the existence of a father in her life. It would be fine even though she did not have a father.

"You!" Yi Ang Pen felt angry. He then turned and looked at Ding Qian Qin. "You have told her to hate me, right?"

"Mr. Yi, my mother doesn't have to say anything. I am already grown up and have my own thoughts. I can think." Ding Na An rebuked.

"Yeah. And we are not stupid. You are not in my sister's life for so many years. Who do you want to fool, huh?" Ding Guan Ye joined in.

"You two..." Yi Ang Pen was speechless that he had been bombed by his two daughters.

"Mr. Yi, I think you can leave now since you are not welcome here." Tang Jung Wen finally made a voice. Yi Ang Pen could not reject when Tang Jung Wen spoke. He left reluctantly.

"I am speechless when meeting such a shamelessly man like him." Su Xiao rolled her eyes when seeing that man's back.

"I am sorry, you have to witness such an embarrassing situation." Ding Qian Qin apologized.

"Don't apologize. It is not your fault." Ming Yue said to Ding Qian Qin.

"Yeah, Mother. It is not your fault." Ding Guan Ye was afraid that her mother would think much about that.

"Stop thinking about it. Let's go and have lunch together." Yu Qi said.

"Yeah. Let's go." Grandpa Tang nodded.

Yu Qi wanted to walk away. But her eyes stopped at a man who walked towards her.

That man gave a smile to her. Everyone looked at him especially, women, as they melted when they saw that smile.

The man stopped in front of Yu Qi. He called Yu Qi's name intimately. "Qi Qi."

"Brother Hui." Yu Qi threw herself into Long Hui's arm. "I have never thought you will be here today."

"I am sorry, I am late." Long Hui caught his beloved Qi Qi.

"Humm... Humm..." Yu Qi shook her head. "I don't mind. I am just happy since you can come here."

"Ehemmm... Ehem..." Grandpa Tang made a few fake coughs.

Both of Yu Qi and Long Hui released each other from the hug. Long Hui maintained that stoic face while Yu Qi was blushing in red. She forgot that they were in public. She just very happy that Long Hui could show up on her graduation day.

"We will have lunch together. Xiao Hui, will you like to join us?" Ming Yue asked saving Yu Qi and Long Hui.

"Sure, Auntie." Long Hui agreed.

Long Hui grabbed Yu Qi's hand and held it. Yu Qi did not reject. She was actually happy about that.

Tang Han Lee saw that. He also acted the same way as Long Hui. He grabbed Ding Na An's hand and held it while walking together.

Ding Na An was very surprised. She was also blushing.

Ming Yue and Ding Qian Qin saw that. They were chuckling. Ming Yue felt her son had a good lesson from Long Hui. She also pulled her husband's hand and hugged it. Tang Jung Wen felt his wife's happiness. Ding Qian Qin was happy that Ding Na An could find her happiness.

Tang Jin Wei looked at the couples. He was very jealous right now. His girlfriend was not here. Otherwise he would not feel like this. After returning, he would be cuddle with his lover. That was for sure.

Chapter 800 - 800: The Promise.

The lunch was very enjoyable with two families celebrating the graduation of the two girls. Su Xiao, Ming Yue and Ding Qian Qin and Ding Guan Ye were talking with each other.

Grandpa Tang took a look at Ding Na An. He was very satisfied with Tang Han Lee's choice. She seemed to be a good girl since Yu Qi was her good friend. Meaning Ding Na An had a good character. His granddaughter would not be friends with someone that had a bad character. n-(σ-/v./e.(ℓ(-b-/l)-n

As for Yu Qi, of course, her attention was on Long Hui.? She never expected that Long Hui would come for her graduation day because she knew that he had a lot of work.

Leaving Tang Jung Wen and Tang Jin Wei alone.

"You don't tell me that you want to come." Yu Qi said to Long Hui.

"I just come back from a mission two days ago. After writing the report, I have rushed here for your graduation day. I don't want to miss your important day if I can attend it." Long Hui explained to Yu Qi.

"Do you feel tired?" Yu Qi was worried about his health.

"I am fine." Long Hui said.

She grabbed his wrist to read his pulse. After confirming that he was fine, but he was just a little tired. He needed sleep.

"After this lunch, take rest and sleep. You are lacking sleep." Yu Qi ordered.

"But... I want to be with you." Long Hui made a wronged face.

"You need to sleep. Besides I have a plan together with my friends this evening." Yu Qi did not forget that she had a plan with her friends.

"You want to leave me alone?" Long Hui felt more wronged.

"Brother Hui, I have made the plan with them first. If I have known that you will be coming, I will not plan it. Since I have already planned it, I need to keep my promise." Of course, she wanted to be with him but it would not be nice of her to cancel that plan since it might a last time that she and her? friends could gather like this.

She moved closer to Long Hui and whispered. "You will sleep in my space anyway. We still have longer time to be together. After you wake up, Bo Ya will inform me and I will bring you out."

Long Hui lifted up his eyebrows. It was indeed a good idea. Sleeping in his beloved Qi Qi's space was better compared to other place.

"Okay. I will listen to you. I will sleep later." Long Hui said obeying his beloved Qi Qi. "By the way, your speech before was good."

"Huh? You listen to it? When have you arrived here?" Yu Qi asked, confused.

"Actually, I have made Third Brother record the video of you receiving the scroll. He has also recorded your speech too." Long Hui grinned.

"He was here before? In the hall too?" Yu Qi was surprised.

"Yeah." Long Hui nodded.

"Why doesn't he come and meet me?" Yu Qi asked.

"Well, after the ceremony, he does want to meet with you but something has happened at his workplace. So, he has to leave first." Long Hui explained.

"I see. By the way, what is Third Brother's work?" Yu Qi did not know much about Liang Mo Han.

"He has a business here, I guess... I am not so sure about that. You can ask him later when you meet with him." Long Hui said.

"Yu Qi does not care about us when Xiao Hui is in front of her eyes." Ming Yue interrupted the conversation.

Yu Qi quickly turned to look at her aunties. She was scratching her face while smiling. "Of course not. You have been talking with others earlier. I don't want to disturb you."

"Really? Humph!" Grandpa Tang narrowed his eyes.

"Of course, Grandpa." Yu Qi was acting cute.

Grandpa Tang looked at Long Hui. "Yu Qi has already graduated. When will you fulfill your promise?"

"Two week from now, Grandpa Tang." Long Hui answered it firmly.

"Okay. I will be waiting for it." Grandpa Long nodded, satisfied with Long Hui's answer.

Yu Qi was confused with the conversation. She immediately asked them.

"Huh? What is it about?"

Grandpa Tang and Long Hui did not answer it. So, Yu Qi turned to Tang Jin Wei with questionable face.

"Little Sis, don't ask me. I also don't know about that." Tang Jin Wei shook his head.

Yu Qi began to ask others. However none of them knew about that either. What promise that Long Hui made to Grandpa Tang? What made it so secretive? She was curious about that but neither grandpa nor Long Hui answered her question after being asked multiple times.

"Fine. I will know about it later." Yu Qi gave up.

"By the way, Auntie Ming Yue, how about my friend over here?" Yu Qi changed the topic to Ding Na An.

"Of course, I like her. I can't wait for her to be my daughter in law." Ming Yue was happy.

Ding Na An as the main character in the topic was blushing red.

"I have thought that my first son will never marry. When he has told me that he has a girlfriend, I have thought that he is just lying to me."

"Why is that?" Ding Qian Qin asked.

"Since I have thought he is a gay." Ming Yue told the reason.

Tang Han Lee coughed several times. "Mum!!!"

"I have just thought about it since you don't seem to have any feelings towards women unlike your brother." Ming Yue said.

Tang Jin Wei and Yu Qi could not hold their laughs. "Pfttt.... Ha Ha Ha..."
