

## INTELLIGENT 81

### Chapter 81: Double Meaning

Yu Qi did not say anything. She wanted to see what kind of plan this old man wanted to use against her.

"Outsider, you say? Who is an outsider? She is my granddaughter. And you, who do you think are? Calling my beloved granddaughter an outsider? To me, you are the outsider. Just because you were married to Tang Hong Lan, you think you are my family? You are a Ling and I'm a Tang. We are not related to each other." Grandpa Tang gave Ling Man many air punches on his face.

"If Yu Qi wants to poison me, she would do a long time ago. She would not be so stupid doing it right now." Grandpa Tang added.

Yu Qi smiled when she heard about Grandpa Tang absolute trust to her. He never doubted her even once.

Ling Man felt embarrassed. He did not he thought he would stay in this party anymore. Without saying anything, Ling Man left silently. Making fist on his hand, he would make sure Tang Family would pay for this humiliation.

The party continued. Feng Yue stood beside Yu Qi talked to each other. They standing at the corner. In the middle of their conversation, suddenly they heard some noise among the young ladies. They turned around to see the cause of it.

Long Hui. He was the cause. He was standing near his grandfather all the time. He gave a cold face. He also did not talk to anyone else after exchanging words with Tang Family.

Now he left his grandfather side and walked to someone. The young ladies excited when the handsome bachelor coming toward them. The excitement became embarrassing when they saw he just walking passed them.

Long Hui just walked until he reached his destination. His destination? Of course, Yu Qi. Feng Yue was grinning when she looked at Yu Qi's reaction. The slight red appeared on Yu Qi's face.

"Ho Ho Ho..." Feng Yue made sounds. "Yu Qi, I need to go to the toilet." Feng Yue ran away from that place without waiting for Yu Qi to answer her.

Yu Qi flustered when she watched Feng Yue just ran away. She knew Feng Yue just making excuse to left. Not like she truly wanted to go to the toilet.

Long Hui stopped in front of Yu Qi. He smiled to Yu Qi.

"Long time no see." Long Hui said to Yu Qi.

"Yeah. How are you?" Yu Qi politely asked him.

"As usual. By the way, you look stunning tonight." Long Hui dropped the bomb on Yu Qi head.

Yu Qi blushed and hang down her head. She received so many praises about her tonight look. However, when Long Hui was the who praising her, she felt shy.

"Thank you." She managed to thank him despite her shyness.

"How about your study? Is it okay?" Long Hui continued to talk to her.

It was a long time since he met her. He could not let this chance passed just like that. He did not have many chances to meet her. So, he must cherish this chance.

"It was okay. I had finished my final exam. Now just waiting for the result." Yu Qi answered.

"Final exam? Meaning you going to finish high school?"

"Yes."

"Great. You will become an adult then."

Long Hui was happy when she said she would finish high school. Because he could woo her more openly. Other people would give a weird look when he courting a high schooler.

Yu Qi seemed to feel there was a double meaning when he said something like that. But she did not want to inquire about that.

While the two of them inversed in the conversation, the guests were dumbfounded when watching them including the Tang Family except for Grandpa Tang who rolling his eyes looking toward Long Hui currently in the middle of wooing Yu Qi.

It was because of Long Hui. He was known as a un-approachable person. Not to mention his smile. Tonight, they saw the different versions of Long Hui.

Many of the young ladies wanted Long Hui's attention were silently crying when seeing the scene in front of them. The handsome Major was already taken.

"Su Xiao, do you think what I'm thinking right now?" Ming Yue asked while grinning to Su Xiao.

"Yes. I do thinking the same thing." Su Xiao replied.

Yes, they were thinking about the topic that talked a few days ago about Yu Qi boyfriend. Now they did not need to wonder anymore. That blushed look on Yu Qi's face gave them the answer that they wanted.

"No wonder Little Sis does not stun with my look. Turned out, she already saw someone so handsome beyond my face. I'm happy for her." Tang Han Lee smiled.

"Humph! I'm more handsome than him." Tang Jin Wei retorted felt annoying.

"I bet you are blind then." Tang Qin Hao replied lazily to Tang Jin Wei while slurping his drink.

"You!" Tang Jin Wei explored in anger.

The Tang Family laughed when hearing the bickering between the brothers. However, they still watching the flirting between the young man and woman.

## **Chapter 82: Do You Want Revenge?**

Yu Qi was back to the town. Ming Yue and Su Xiao wanted her to stay in the Tang House but the idea was rejected by Grandpa Tang. Grandpa Tang hated stayed in FIN City. That why he moved to the countryside. He was from the town. The Godly Herbs was inherited to him by his master. Godly Herbs was the backbone of Tang Hospital. Without it, Tang Hospital would not stand right now.

Yu Qi also wanted to go back to the town. She still had the uncompleted matters. The town was more convenience to her. Whenever she wanted to bring something out of her space, the best place was the mountain to her to use it as an excuse.

This morning, she went to the land that she had brought near the lake together with Aoi. She wanted to see the progress of the works. The workers already started the construction works on her mansion and the greenhouse same time as the hotel. The greenhouse was 80% completed.

She could not wait to see the complete greenhouse as she wanted to plant many kinds of plants in that greenhouse. She wanted to test whether the seed from her space would give her the same outcome as in her space.

She went to the lake. The color of the water in the lake here was very clear. It was not polluted yet. She walked close to the lake. The air was so nice.

'Master, there is someone there.' Aoi called informing her.

'Where?'

'There.'

Yu Qi turned to the direction that Aoi showed. Yeah, there was someone stood up near the lake. More likely, she wanted to jump inside the lake. Her guess happened to be true.

That person jumped into the lake. Yu Qi quickly ran to that place and jumped into the lake. She swan to that person. That person was already unconscious. She pulled that person onto the ground.

That person was a woman. She quickly performed CPR to the woman. 30 seconds later, the woman regained her conscious. She weakly opened her eyes.

"Why are you save me?" That woman did not look at Yu Qi. She just stared at the sky.

"Then let me ask you? Why do you want to suicide? Do you think when you commit suicide, that person would be sad? The answer is no." Yu Qi said while stabilizing her breath.

The woman keeps quiet. Yu Qi recognized this woman. She was Chui Mei Fung. From her past life, this person was married to an ungrateful man. She supported that man in finance until he became successful. Then, that man found another woman, confiscated her remaining money and divorced her without giving her any money with an excuse, she was having an affair with another man.

Yu Qi heard by her committed suicide but Yu Qi did not know how she did it. Now she knew it. Considering this situation, she had been divorced by that scum man already. She may not have any reason to live anymore. So, she wanted to suicide here. She was only 29 years old.

"How you know about that?" Chui Mei Fung asked.

"Who does not know this? Everyone knew it." Yu Qi answered.

Chui Mei Fung bites her lips. Everyone knew her story. She had been called slut by others that did not know the true story. Even this girl in front of her knew about that.

"If you knew it, why did help me? You should let me die instead."

"I think with my brain, analysis the situation. Not with my ear and gossip." Yu Qi threw an insult to others.

Chui Mei Fung chuckled. She looked at the girl. This is Yu Qi, an orphan. This girl also had her story. Chui Mei Fung heard about this girl. This girl stood up against her adopted family.

"Do you want to make a deal with me?" Yu Qi suddenly asked that question. She had a nice idea for Chui Mei Fung.

"What kind of deal?" Chui Mei Fung could not help to curious about this girl.

"Let talk later. Can you walk?" Yu Qi stood up cleaning the sand on her wet clothes. She was getting cold.

"Yes." Chui Mei Fung also stood up.

"Let go. Aoi, we are going home. Come." Yu Qi called Aoi who was playing around.

Aoi quickly followed his master.

-----

"Grandfather, can this person stay with us for a while?" Yu Qi asked her grandfather permission first.

Grandpa Tang shocked when he saw both of them wet the whole body.

"Just take a shower first. You will get sick if you stay in those wet clothes any longer. Chu Xiao, show this lady to a guest room." Grandpa Tang waves his hand.

"I will talk it later, grandfather." Yu Qi smiled at Grandpa Tang.

"Humph! If you don't want to talk, I will make you talk." Grandpa Tang smirked.

"Okay." Yu Qi and Aoi went to their room.

While Chui Mei Fung followed the Hang Chu Xiao to a room.

After the two of them took a shower and changed their clothes, Yu Qi asked Chui Mei Fung went to the dining room. Grandpa Tang, Hang Chu Xiao and also Song Nan were there. Yu Qi sat, followed by Chui Mei Fung.

They ate dinner. The dinner was over. Now, Grandpa Tang sat waiting for the explanation. However, Yu Qi was not talking.

"Yu Qi dear, explain to me." Grandpa Tang was impatient.

"She wants to die and I saved her." Yu Qi explained.

Grandpa Tang's lip was twitching. Is this girl spend time so much with Tang Qin Hao? Why she did not explain properly?

"Explain more detail."

"She was betrayed by his ex-husband. She wants to kill herself by drowning into the lake. I saw it. So I saved her."

"Then?"

"I want to make some deal with her. So, I brought her here."

Yu Qi turned to the silent Chui Mei Fung. Chui Mei Fung unconsciously sat straight when she saw Yu Qi eyes looked at her seriously. She wondered what kind of deal this girl wanted to make with her?

"Do you want revenge?"

### **Chapter 83: First Employee**

"Do you want revenge?"

Yu Qi's question shocked Chui Mei Fung. Revenge? She did not even think about that before. When Yu Qi mentioned about revenge, her body shivered with hatred. She hated the man who took her money. She hated the woman who seduced that scum man. Yes! She wanted revenge. She wanted to see those people kneeled in front of her.

"Yes. I want revenge." Chui Mei Fung stated firmly.

"Then, I will help you. But first, you have followed my instructions. Can you?" Yu Qi smiled.

"Yes. I will follow your order."

"You see, I have built the hotel. Japanese type called Ryokan. It's on the progress. Within 2 years later, I assumed it will be completed. To run, I have to find the employee who can help manage my Ryokan. So, would you like to be my first employee?"

"But I don't know to manage that Japanese hotel."

"For that, I will send you to Japan to learn to manage the Ryokan. You will learn all of it."

Chui Mei Fung was in deep thinking. In order to get her revenge, she has to leave this country. She felt troubling about that. However, when the scum man and the seducer faces appeared in her mind, she thought it was a cheap price to get revenge on them. She made her decision.

"I'm willing to do anything." Chui Mei Fung stated.

"Great. I will make the contract first. Grandfather, can she..." She did not manage to finish the sentence, Grandpa Tang spoke first.

"Yeah, yeah, yeah. I permit it."

"So, you heard him. You can stay here until the day you go to Japan."

-----

Yu Qi made the contract with the help of Mr. Chu. This contract could be used in the court legally. If Chui Mei Fung breaks this contract, Yu Qi can sue her.

She asked Old Man Feng to help her arranged the Chui Mei Fung's matter. She wanted to arrange Chui Mei Fung to one traditional ryokan at Japan for two years. She estimated the construction of her ryokan would be completed in 2 years. Not to mention after construction, there is a lot of work to fully complete and open to the public.

She went back to her home after a day spending her time out managing the matter regarding Chui Mei Fung. She bumped onto her bed. 'So tired.' Aoi climbed her bed and licked her hand.

Yu Qi patted his head. "Aoi, you are so cute." She mumbling while her eyes were half-closed.

Aoi only let her master patted his head until she satisfied. After a few minutes, her hand stopped. Aoi watched his master already in a deep sleep. He was really grateful to Yu Qi. She treated him so well. Not like humans in that place. He laid himself closer to Yu Qi and closed his eyes.

That night, after dinner, Yu Qi asked Chui Mei Fung to see her. She placed the contract in front of Chui Mei Fung.

"Read the contract. Do tell me which part you want to change. I will take a look at that. Take your time. Make sure to finish reading it by the next two days."

"Okay. Thank."

"Don't mention it. I already had my reason for doing this. I will go first." Yu Qi entered her room.

Locking her room, she entered her space with Aoi. Tonight, she wanted to study poison instead of medicine. Using the herbs, she wanted to create the poison.

She remembered in her previous life when that bitch and that bastard fiancée tortured her, they mentioned about poison. They told her that they gave her poison but the poison was not affecting her at all. Maybe because she once swallowed poison mushrooms.

At that time, she had been scolded by Madam Wang not to finish the chores, she was punished not eating for two days. She was very hungry when she stomped upon a beautiful mushroom. At the time, she was five years. A little stupid. She did not know a phrase, the more beautiful the things, the more poisoned it is.

She grabbed it and ate it. The taste was very sweet. Due to her hunger, she ate about five pieces of them. After a half of hour, she felt headache, want to vomit. Then she saw her hand became purple in color. She was very terrified. She wanted to run and she did not have any energy. She was laid there.

Fortunately, a villager found her and brought her to the hospital. She was put under observation for about 3 days. 3 days, she was undergoing the pain inside her five years old body. She suffered the pain alone without her guardian. At that time, she thought her mother and father had to take care of her younger siblings, so she did not complain much about it.

Maybe because that incident made her body immune with poison. She also had tried the poison that she made. And as a result, the poison was not affecting her at all.

## Chapter 84: Perfect Score Of All The Subjects

She walked in a daze to school. The result will be announced today. She felt tired and sleepy. Feng Yue helped her to walk in the right direction. If not, right now, maybe she already laid in the middle of the road.

"What are you doing yesterday?" Feng Yue held Yu Qi's hand.

Using another hand, Yu Qi closed her mouth when she was yawning.

"Just something." Yu Qi did not elaborate much.

The two of them walked into their classroom. Their classmates already here. Almost 2 months, they hadn't seen each other. So, they greeted each other.

"Hi, Yu Qi, Feng Yue." Their classmates greeted them.

"Owh, hi guys." Feng Yue answered.

"Why Yu Qi seemed sleepy today?"

"I don't know."

"Maybe she always wakes up late since we don't have to go to school anymore?"

"No. I always saw her running in the morning."

"Really? Wow."

The person who been discussed by others was sleeping with her head on the table. Feng Yue let her sleep. There was an hour before they all had to go to the school hall. They would be receiving their result of the exam and their graduation school high certificate.

Feng Yue woke up Yu Qi. Yu Qi got up and went to the ladies to wash her face. In the ladies, she saw the old enemy. Wang Fu Ya. Wang Fu Ya seemed slim a little bit. Yu Qi ignored Wang Fu Ya and casually washed her face.

"Yu Qi did you happy? After what you did to my family?" Wang Fu Ya faced her.

"I don't feel anything toward you guys." Yu Qi answered her coldly. Yes, she never felt anything toward Wang Family because they were un-significance to her.

"What?" Wang Fu Ya retorted angrily. "You had destroyed my family. After you throw my father into prison. My mum had to work day and night. I also had to work."

"So, what? If you don't have any ill intention to me, your family might okay. You guys brought yourself. Please don't blame me." Yu Qi replied in sarcasm.

"Yu Qi, what are you doing? We have to go to the school hall." Feng Yue nagging to Yu Qi while entering the ladies.

Feng Yue saw Wang Fu Ya. She just looked at her and turned to Yu Qi.

"Are you done? Let go." Feng Yue said ignoring Wang Fu Ya.

"Okay." Yu Qi finished up and followed Feng Yue out.

Wang Fu Ya who still inside the ladies grinding her teeth. She felt very angry. Yu Qi was just an orphan. Why she was very lucky? Why she the one who got everything? It should be her.

"What are you talking about with that white lotus?" Feng Yue asked in the way to the school hall.

"She told me that I destroyed her family happiness."

"Humph! She still has face blaming you after what she did."

"Let her be. She cannot do anything either. Just let her roaming around." Yu Qi smiled.

The school hall was full with the students. They took their arranged seat. A few minutes later, the graduation ceremony began. It began with the Principal talk. Mr. Principal seemed very excited to students view. Making the student wondering why Mr. Principal looks like that.

Then, the teachers began to announce the top ten in the final exam. The student's name had been called would up to the stages receiving their result. The name who been called received clapping from other.

Feng Yue's name had also been called. She was in fifth place. She went up took her result and returned to her seat.

"Look Yu Qi. My score was better than the last time. With this result, I sure can choose a better university. Thank you, Yu Qi."

"My dear, it was your hard work. I just helped you a little."

"For the first place, I will announce her name. Before this, I want to tell you about this result. This result was not only the first place in our school but it was the first place in the nation. It was a perfect score for all the subjects. Congratulations to Miss Yu Qi. Come up to the stage." Mr. Principal made the shocking announcement.

All the students were shocked by this. The first place in the nation. Perfect score for all the subjects meaning she got the all of her answers corrected without any single mistakes. No wonders Mr. Principal looked very excited. This news made their school famous.

Yu Qi walked up to the stages. Yu Qi was very calmed while received her result. Mr. Principal had admired this student. This student was very calmed while another student showed some of the joy on their face when receiving their results.

Then the presentation of the graduation certificate was begun. All the third year students had been called by their names to go up to the stage and took their graduation certificates.

Yu Qi who was sleepy since this morning sleeping on the Feng Yue's shoulder. When Feng Yue felt some kind of burden on the shoulder, she turned around and saw Yu Qi in a deep sleep until her name had been called.

After the ceremony was finished, some of the teachers wanted to meet Yu Qi. Since this was the final day she was a student in this high school, she went to see the teachers. Some of the questions thrown by the teachers was about her choice of the university.

"Has you make your choice which university you want to go?"

"Yes. I want to study at Starlight University."

"Why you choose that university? You should choose the number one university, Hanwei University. With your result, you might get the offer from them."

"I want to study medical course. Starlight University provides better facilities when come to medical."

"I see. You want to be a doctor. Yeah, that Starlight University is the better choice when come to the medical."

"Hmm...Teachers, can I go now?"

"Yeah...Yeah...You can go now."

Yu Qi took a breath after step out from the staff room. She walked to her classroom.

"Guys, Yu Qi is here. Let's take a class photo." One of the students set up his camera and called all his classmates.

Feng Yue pulled Yu Qi to the group. They took two shoots. One a formal picture, another one freestyle picture.

"I will print it out for everyone two days later, okay."

## **Chapter 85: Her Choice**

Chui Mei Fung already sent to Japan for two years. As stated in the contract, she will stay in Japan to learn all about the ryokan. It's done already.

A lot of offer letters came to Godly Herbs. It was addressed to Yu Qi. A lot of universities wanted to pull her to enroll in their universities. She was the first place in the nation, after all.

Grandpa Tang came helping Yu Qi slotting the offer letters. He wanted to ask Yu Qi about her choice.

"Did you choose the university that you want to enroll?" Grandpa Tang wanted to know. Of course, if he thought her choice was not good enough, he would persuade her to change for the better one.

"Yes, Starlight University." She answered.

Grandpa nodded several times. "Starlight University? Good. Very good. What's the course that you want to take?"

"Of course, it's a medical course."

"Hahaha... Good. As expected my granddaughter and disciple." Grandpa Tang already happy when he heard that she wanted to take a medical course.

"I already replied to the offer letter from Starlight University. I already wrote my own condition if they wanted to enroll me at their university." She smiled slyly.

"Do you want me to help you? I know the medical dean." Grandpa Tang offered his help.

"Hehehe...No need, grandfather. I want to use my own power. I know the university would be agreed with my conditions." She refused his help. This matter was still in her grasp. There was no need for her grandfather to help her.

Well, if Starlight University did not agree with her conditions, they might lose something. After all, she was a hot item right now. All the university wanted to fish her.

"Yeah, my granddaughter is very clever." Grandpa Tang sang praise to Yu Qi.

Yu Qi only could smile hopelessly. Grandpa Tang really doted her more than his own grandsons.

"Are you done? Let go. The lesson is starting." Grandpa Tang entered the master-disciple mood.

"Yes, master!"

-----

Starlight University replied to her conditions by letter. While reading the letter, she was smiling. She was happy because Starlight University was agreed with her conditions.

She decided to share this new to Feng Yue. So, she took a trip to Feng House. Aoi also tagged her.

Like a déjà vu, she saw Feng Yue was in the middle of training. Long Hui silently watched his cousin trained. When Feng Yue lifted her face and saw Yu Qi, her face showed delighted look. Well, most likely her face changing from despair to delighted.

"Yu Qi come." Feng Yue shouted and approached Yu Qi.

While grabbing Yu Qi's hand, she whispered in a low voice. "Thank you. You have saved your best friend."

Yu Qi laughed. She understood the meaning of Feng Yue's word. She was her lifesaver from the Demon King, Long Hui.

From the moment Yu Qi entered her view, Long Hui's eyes did not run from Yu Qi. His face maintained the poker face however his eyes betrayed that. He secretly happy when Yu Qi came to Feng House.

"Yu Qi, wait here. I want to take a shower. My body stink." Feng Yue already ran away from her.

Sigh... Yu Qi only could look at Feng Yue's back as she ran away quickly. She saved Feng Yue from the tiger den. Now the tiger turned to the lion and she was entering his den.

"Hi." Long Hui approached Yu Qi and greeted his beloved.

"Hi." Yu Qi nodded acknowledging his presence.

"How are you?" Long Hui started having a small conversation.

"I'm okay. How's about you?"

This little question made Long Hui happy a little bit. His beloved tried to converse with him more. How could he be not happy with it?

"I'm all fine. I heard about your result. Perfect score. That was simply amazing." He was praising his beloved.

"Thank."

"So, are you already decide which university you want to further study?" He wanted to help his beloved by putting some nice word on her behalf to the university that she wanted to enter.

"Yes. I already make my choice."

"Which university?"

"Starlight University."

Long Hui's eyes narrowed a few second. Hearing the university name really helped him. Not many knew that Starlight University was associated with the military. He could use these advantages to woo Yu Qi easier.

Yu Qi did not manage to catch that because she was too shy to look at Long Hui's face for a long time. Her eyes only laid on his face a few seconds and then looked away.

"It is a good university. Did you choose it because of its facilities?" Long Hui asked knowing the reason Yu Qi choose Starlight University

"Yes. I selected the Medical Course. This Starlight University has the best facilities for the medical course." She was a little excited when came to the reason why she wanted to enter Starlight University.

Long Hui smiled. He guessed it's right. His beloved was interested in medicine influenced by Grandpa Tang would choose Starlight University because of its facilities. Of course, Starlight University has the best facilities for medical because the Military sponsored it.

## **Chapter 86: Officially Cut Off The Tie**

Grandpa Tang asked his driver to stop the car in front of a house. He looked at the house intensely. He had to settle this matter quickly for the sake of his beloved granddaughter.

Without waiting any minutes, he got out of the car. He knocked on the door. Later, there was someone came and opened the door. Grandpa Tang maintained his serious look.

The person that came and opened the door for Grandpa Tang was surprised when looking at Grandpa Tang. That person quickly put a smile while greeting Grandpa Tang.

That person was Wang Ha Na. Yeah, the house that Grandpa Tang went was the Wang family house. He had something to do with this Wang Family. Otherwise, he would not step on this house. Even threw some glance to this house was not a worthy thing to do.

"I want to see your mother. Is she in?" Even though he was disgusted with this family, he would not be impolite to other people if the people were not angering him.

"Yes. My mother is inside. Grandpa Tang, please come in." Wang Ha Na wanted to impress Grandpa Tang with behaved like a good girl. She knew this old man's name before when she heard some of the aunties talking about him and Yu Qi.

"Don't call me, Grandpa Tang. I don't allow you to call me that, did I?" Grandpa Tang used his eyes to pressure Wang Ha Na.

Wang Ha Na quickly answered. "No, you did not."

"So, don't call me that. Where is your mother?" Grandpa Tang reached the living room and did not any single person there.

"Wait. I will call her." Wang Ha Na paused. "Mum, there is someone want to meet you." Wang Ha Na called her mother loudly.

"Just let him wait. That debtor wants me to pay his money. We don't have any money to pay him." Madam Wang answered loud enough to Grandpa Tang heard her.

Wang Ha Na was flustered when she heard her mother was answering that in such a manner. Without waiting any longer, she ran to her mother was.

"Mum, that person is not the debtor. He is the rich man that took pity on Yu Qi." Wang Ha Na explained to her mother.

Madam Wang shocked when Wang Ha Na told her. "Are you sure?"

"Yes, mum. I remembered him standing close to Yu Qi when police brought us to the police station before.

" Really? Call your sister quickly." Madam Wang wanted to see him with Wang Fu Ya. She seriously wanted to know why that rich old man came to her house. She bet it might concerning that bitch, Yu Qi. So, she wanted to meet him with Wang Fu Ya. Wang Fu Ya was a smart girl. She could help Madam Wang to deal with that old man.

"Mum." Wang Fu Ya called her mother.

"Let's go and meet that old man." Madam Wang pulled Wang Fu Ya's hand.

Actually, Wang Fu Ya was tired from her part-time job. She was working as a shop keeper. The job was very tiring because she needed to stand up all the time. Sometimes, she had to lift the stocks into the storeroom.

However, when she saw the rich old man with Yu Qi came to her house, her brain started to work on something.

"My honorable guest, what are your purpose coming to this humble house?" Madam Wang began to talk.

Grandpa Tang rolled his eyes. Is this woman sick? Is she think she was filming an ancient drama?

"I came here with one thing. Let's me be straightforward with you. Sign this agreement and you will get the money." Grandpa Tang did not want to waste his precious time being in this house. He put a fail in front of Wang Family.

Wang Fu Ya took the file and read it. In the document stated about the relationship of the Wang Family and Yu Qi. Yeah, even though Yu Qi cut off the tie from Wang Family, her name still registered as Wang member.

Yu Qi also knew this but she did not have time to deal with this matter. Also, Wang Family might not want to officially cut off this relationship. Yu Qi only can officially cut off the tie when she fully an adult. That would be her 18th birthday.

Grandpa Tang wanted to officially adopt Yu Qi as Tang member. So he went to the registration office to register Yu Qi. He could not do that because he did not have the approval from her guardian, Mr. Wang, and Mrs. Wang.

So, here he is. Sitting in front of Wang Family to get their approval. He felt so disgusted. To think this woman was Yu Qi's guardian.

"I want you to sign this agreement." Grandpa Tang said. "If you sign it, you will get the money."

Madam Wang's eyes were shined when Grandpa Tang said something about money. Wang Fu Ya was thinking. She did not want her mother to sign this agreement. If her mother signed the agreement, they would lose the benefit that they could get from Yu Qi. From what she could see, Yu Qi would become a money tree to Wang Family. She could get some money from Yu Qi if she played her card well.

Even though Yu Qi could officially cut off the tie from the Wang Family later, the outsider would view her as ungrateful children as she quickly wanted to get rid her adopted family after she became an adult. Well, only applied to the person who did not know the true situation. But Wang Fu Ya seemed wanted to use that.

"Don't ever think to play the trick." Grandpa Tang gave a warning when He saw Wang Fu Yea scheming face. "If you don't want to sign it later, I will make you sign and you have to pay the bloody price." Grandpa Tang threatened Wang Family.

The Wang Family member shivered when they heard Grandpa Tang said about the bloody price. So, something bad might happen to them if they did not sign the agreement now.

"I hope you make the right decision. Sign now and you will get the money right away."

"Where is the money?" Madam Wang asked. She wanted to see the money first before she signed it.

Grandpa Tang stood up and went out of the house walking to his car. He asked his driver to give the bag case and entered the house once again. He opened the bag case and showed to Wang Family.

Seeing a lot of money in front of her, Madam Wang agreed to sign the agreement. She quickly signed without saying more.

Grandpa Tang took the document and leave that house quickly.

## **Chapter 87: New Room**

Grandpa Tang asked Yu Qi to return to Tang House at FIN City. Grandpa Tang seemed excited than before. Usually, he did not want to return to Tang House. His reason was there was someone would be nagging at him. This time, he ignored that and happily wanted to return to Tang House.

Yu Qi wanted to ask something to Grandpa Tang. However, Grandpa Tang seemed did not want to answer her question. She gave up. This time, Sister Hang Chu Xiao also followed them. Only Uncle Song Nan was left there. Grandpa Tang also wanted Song Nan to follow them but Song Nan declined. His reason, the herb and the garden needed to take care of by someone.

Yu Qi informed Feng Yue about her leave to FIN City. Feng Yue also wanted to follow but Old Man Feng gave her a condition if she wanted to go. The condition was she must stay at Main House of Feng Family which mean the house that her father and her other siblings live there. Hearing that condition, she refused. She prefers to stay alone in this town rather in that house.

Three hours in driving, they arrived at FIN City. This time, they went straight to the Tang House. Steward Hang Ji Chang had been informed by his granddaughter about their arrival. He already waited in front of the main entrance.

"Welcome back, Master, Miss Yu Qi, and my granddaughter." Steward Hang Ji Chang held back his joy when he saw his granddaughter came back with Grandpa Tang and Yu Qi.

"No need to attend me. You two, just go and spend time together." Grandpa Tang waves his hand to two of them.

Steward Hang Ji Chang bowed to Grandpa Tang. "Thank you, Master."

The two of them left.

Grandpa Tang and Yu Qi heard someone running toward them. Well, not someone. But two of them. Ming Yue and Su Xiao already in front of them catching their breath.

"Father, Yu Qi welcome home." Ming Yue said.

"Welcome home." Su Xiao also followed greeted them.

"Long time no see Auntie Ming Yue, Auntie Su Xiao." Yu Qi greeted politely to two of them.

Ming Yue and Su Xiao did not wait anymore. They hugged the girl beside Grandpa Tang intimately. Grandpa Tang sighed when seeing this scene. He already knew the affection that his two daughters in law felt to Yu Qi.

"You two. Let the girl rest first, will you?" Grandpa Tang spoke when he saw Yu Qi being sandwiched by his daughters in law.

Ming Yue and Su Xiao felt unwilling to let get the girl eventually released the girl their hugging after hearing their father in law spoke.

"We can talk later, okay aunties." Yu Qi smiled.

"Okay, my dear. Rest first. We already decorate your room. Let go and see it." The two women pulled Yu Qi's hand to her new room.

The room was well decorated. Their taste matched with her taste.

"I know you do not like the pink color in your room. So we did not put any of the pink colors." Ming Yue spoke.

"Thank you, aunties." Yeah, to be honest, the pink color was not her favorite.

Ming Yue and Su Xiao left the room.

Yu Qi knew the pink color refers to the feminine side of the woman. But for her, she did not need pink. In her past life, that bitch really likes the pink color. She always forced Yu Qi to buy something in pink color. Then she will be thick skin and borrowed that thing without having any thought to return it back.

While Yu Qi seemed to lose in her memory, Aoi walked around the room to take a look. He saw a dog bed. He likes it but he would not sure if he would use it or not. Because he likes to sleep with his master on her bed. His master would hug him and it was very warm and he likes it.

'Master.' Aoi called his master.

Yu Qi woke up from her memories when she heard Aoi called for her.

"What is it?"

'Can I sleep with you on the bed tonight?'

"Sure, you can. Let's sleep together with me like always. But why you suddenly ask permission like that?"

'This.' Aoi walked to the dog bed and showed it to Yu Qi.

Yu Qi saw it and laughed. "You can use during your nap time."

'That's a nice idea, Master.'

Yu Qi smiled when Aoi tried his new bed.

## **Chapter 88: Tang Yu Qi**

Yu Qi sat between Ming Yue and Su Xiao in the dining table waiting for Grandpa Tang for dinner. Only Grandpa Tang was not here yet. All Tang Family member except Grandpa Tang and the weird genius, Tang Qin Hao was not here.

Grandpa Tang asked all the Tang Family member to gather for the dinner because he had something to say to all of them. Tang Qin Hao ignored his grandfather request with the excuse, he had surgery to perform tonight. When Grandpa Tang checked the schedule with Tang Han Lee, it appeared it was true that he had surgery tonight.

"I heard about your result, Yu Qi. Perfect score for all the subjects. Not many can achieve that. Congratulations." Tang Jung Wen said to Yu Qi.

"Thank you, Uncle Jung Wen." Yu Qi smiled. It must be Grandpa Tang who spread the news about that.

"Really, Yu Qi. You are so clever." Ming Yue praised.

"Another genius appears in our family. It's something to be proud." Tang Jang Qin spoke.

"You know, Little Sis, the first genius was me." Tang Jin Wei spoke with proud.

"Yeah...Yeah...Genius in the flirting girl." Tang Han Lee interrupted.

"Right...Right...What the heck?" Tang Jin Wei realized that his brother was making a joke about him.

Yu Qi and others laughed. This scene was continued until Grandpa Tang reached the dining room. He took a seat.

"Before we eat, I have something to tell you." Grandpa Tang began to speak. "Yu Qi dear, you are official a Tang family member, Tang Yu Qi. This is my gift for your successful exam and your entry to Starlight University."

Yu Qi was dumbfounded with what she just heard. She did not react at all to what she just heard. She just sitting there and blinking her eyes.

"Welcome to the family, Tang Yu Qi." Tang Jung Wen lifted his cup and making a toast to Yu Qi.

Yu Qi had done processing what Grandpa Tang said. "Grandfather, how did you do it? I mean without consent from that family..."

"I went to see that family and got approval. At first, they seemed did not want to give their approval. But with some threats, they signed it. So it settled. And you are Tang Yu Qi."

"Thank you, Grandfather." Her tears came out.

Ming Yue wipe her eyes. "My dear, you are our family now. I will take care of you."

"Thank you, everyone." Yu Qi said thank once again.

"Okay, let eat." Grandpa Tang said.

They ate with a very happy mood. Ming Yue and Su Xiao put a lot of food in Yu Qi's bowl. Tang Jin Wei complained that his mother never acted like this when she was with him.

Tang Jin Wei, "Mum, you never put food in my bowl like that."

Ming Yue, " Because you are not a girl."

Tang Jin Wei, "What?"

Ming Yue, "I really like a girl."

Tang Jin Wei, "I'm your son."

"Jin, you can change your gender if you want to." Tang Han Lee also join the conversation.

Tang Jin Wei, "I see...What the heck? Are you crazy?"

Yu Qi laughed when she was hearing a remark from Tang Han Lee.

"Have you already selected your university?" Ignoring his brother, Tang Han Lee inquiries about Yu Qi's plan after this.

"Yes, Starlight University." Yu Qi answered.

"Owh, that was our alma mater." Tang Jin Wei said.

"Really? Wow. So, you are my senior."

"I assumed you must select that university because of their medical course, right?" Tang Han Lee made a guess.

"Yes." Yu Qi smiled innocently.

"She is my disciple. Of course, she will take a medical course." Grandpa Tang proudly said it.

"Yeah...Yeah...Yeah..." Tang Jin Wei gave up to win about his grandfather.

He had to use to see his grandfather doting on his new little sister. His mother and Auntie Su Xiao also affected by that too.

"Yu Qi, remember, from now on, you are Tang Yu Qi. If you in the trouble, just use us as your backing." Tang Jung Wen said.

"Thank you, Uncle Jung Wen. I promise will not embarrass our family." Yu Qi made a vow.

"Don't become tense. Just be yourself." Tang Jang Qin gave advice.

"How long you will stay here?" Tang Han Lee asked Grandpa Tang.

"Maybe 3 later, I will go back." Grandpa Tang answered.

"Great, we can hang out together with Yu Qi. Last time, she followed father to the hospital. We don't have a chance to going hang out with Yu Qi." Ming Yue said.

"Yeah. So tomorrow, Yu Qi will be with us." Su Xiao.

"It depends on Yu Qi." Grandpa Tang said casually.

"Okay, Aunties. We will hang out together tomorrow.

"You should just permanently stay here." Tang Han Lee began to talk seriously. He added, "You are already old."

Grandpa Tang, "Hey, I'm still young, you know."

Tang Han Lee sighed. His grandfather always likes this. "It is not good to stay working. I know when you stayed there, you don't take resting so seriously. Bla...bla...bla..."

The long waiting lecture from Tang Han Lee began. At the start, Grandpa Tang fought back but after a few words from Tang Han Lee, Grandpa Tang just sat there accepted his lecture. Others were familiar with this scene. Others quietly left the scene.

Tang Jin Wei also pulled his little sister ran from that place. If he got caught, he would also suffer together with Grandpa Tang. The best solution quickly ran from that place.

Yu Qi secretly laughed when she saw Grandpa Tang was been forced to hear Tang Han Lee's nagging. She remembered when Feng Yue said about Tang Han Lee's nagging.

"Brother Jin, is he always like that?" Yu Qi asked.

"Yes, the moment he started lecturing someone, just ran away. Otherwise, you will be the next victim." Tang Jin Wei answered that question seriously without any joking.

Yu Qi thought that was funny.

### **Chapter 89: Hang Out**

As planned, Ming Yue, Su Xiao, and Yu Qi went outside to hang out. The driver drove them to a mall. The two aunties wanted to buy some clothes for Yu Qi.

They dragged Yu Qi into a boutique. The clothes in the boutique were very beautiful. They already made the plan to let Yu Qi tried many clothes. They sat onto the sofa that prepared for the guest after selecting the clothes for Yu Qi to try.

Yu Qi was looking down at the clothes that her aunties wanted her to try. She wanted to cry right now. 'Can I run away now?' She thought about ran away. But she had to think about her aunties first. They just wanted to spend their time with her. It would be rude for her to run away like that. After a second thought, she just gave up. Entering the fitting room, she changed her clothes.

Meanwhile, Ming Yue and Su Xiao were chatting while waiting for Yu Qi. They could not wait to see Yu Qi on the clothes that they choose just now.

"Auntie Ming Yue, Auntie Su Xiao, nice to meet you here." A girl came and greeted two of them.

Ming Yu and Su Xiao turned to the voice direction. A delicate girl appeared to their eyes. Behind her, there were two other girls. They were just smiling faintly to Ming Yue and Su Xiao.

"Are you also want to buy clothes today?" A girl asked.

"Sorry, I don't remember you." Ming Yue politely said that.

The girl's face changed a little bit. A few seconds later, she went back to smile. "Auntie, I'm Ling Zhu Yao. Granddaughter of Ling Man." She explained.

"Owh, I see. That's you. Sorry for not recognizing you." Ming Yue apologized.

"It's okay. Behind me, this is my friends, Su Heng, and Baili Huang." She introduced her friends to them.

"Hello, there." Ming Yue greeted them.

"Hello." The girls greeted.

"So, are you buying clothes too?" Ling Zhu Yao smiled sweetly to Ming Yue and Su Xiao.

"Sort of." Ming Yue replied shortly.

Only Ming Yue just talked with Ling Zhu Yao. Su Xiao did not pay any attention to them. Su Xiao really did not like to talk with someone that she does not know and does not wish to know. In the Tang Family, she was the one who firmly acted like this. She did not sweet talk to other madams.

Ling Zhu Yao felt trouble when Ming Yue did not speak more than that. She wanted to enter the Tang Family as Tang Han Lee or Tang Jin Wei wife so she had to be nice to Ming Yue since Ming Yue is the mother of two of the men. However, seeing Ming Yue seemed did not wish to talk with her, troubling her.

The fitting door in front of them was opened. Yu Qi stepped out of the room. She was wearing the scarlet qipao. The contrast color between the qipao and her skin tone making her look stunning. Ming Yue and Su Xiao got up from their seats and approached Yu Qi.

"Oh, my dear, you are so beautiful." Su Xiao threw praise to Yu Qi.

"Agree with you, Su Xiao. This qipao really suited you." Ming Yue also smiled to Yu Qi.

Ling Zhu Yao felt angry when seeing the two women treated that girl so nicely while they were ignoring her. She wanted to know this girl. If this girl was close to the Ming Yue, she could use that girl as her card. So, she approached them with a smile.

"Auntie Ming Yue, Auntie Su Xiao, may I know this girl is?" Ling Zhu Yao interrupted them.

Ming Yue turned to her. "This is our niece." She did not want Yu Qi to be friends with this girl, so she did not introduce Yu Qi properly to Ling Zhu Yao.

Ming Yue knew Ling Zhu Yao's character. Ling Zhu Yao only wanted to be friends with something that can give her benefit. Ming Yue did not want Yu Qi been used by someone like that.

Yu Qi looked at that girl talking to Ming Yue. She did not wish to talk to that girl. That girl was smiling but her eyes not. Ming Yue put distance between her and that girl. While Su Xiao totally ignored her. So, from what she could conclude, her aunties did not like this girl.

Ling Zhu Yao was embarrassed. Ming Yue just told her that. 'Niece?' Suddenly she remembered what happened on Master Tang's birthday. Her grandfather told her that Master Tang had brought back an unknown girl from the village to Tang House and acknowledged her as his granddaughter. This might be that granddaughter.

Ling Zhu Yao felt hated to this girl. This girl just ruined her opportunity to become the favorite granddaughter of Master Tang. Looking at this scene, Ming Yue like this girl. Ming Yue probably had an intention for this girl to become her daughter in law. Maybe if this girl becomes her daughter in law, Ling Zhu Yao knew Ming Yue will like this girl the most, even if she managed to become Ming Yue's daughter in law.

## **Chapter 90: Terrified**

When Yu Qi been praised by her aunties, she caught that Ling Zhu Yao was glaring at her. She did not remember this girl or had any contact with her. 'So why is she angry with me?' The question pops up in her mind. Ming Yue and Su Xiao pushed her back into the fitting room and asked her to try another one.

Ling Zhu Yao bites her lips hard. She was so jealous seeing Ming Yue doted that wild girl very much. She wondered why Ming Yue did not like her. She was beautiful, intelligent even came from a good background. While that wild girl, even though she might look beautiful, she bet that wild girl was stupid and came from an unknown background. If Ming Yue heard about her thoughts, she might give an earful lecture to Ling Zhu Yao.

Yu Qi tried so many clothes. In the end, Ming Yue and Su Xiao decide to buy 10 pieces of clothes from what Yu Qi had tried. Yu Qi wanted to reject but her two aunts insisted.

Felt uncomfortable, she told them she wanted to go to ladies for a moment. They told her that they will wait for her in this shop since they wanted to select other outfits for her. She sighed.

She walked around looking. She spotted the signboard toilet. She entered the ladies. After finished her business, she faced the mirror in the ladies. Then, she heard other people entered the ladies too. The people who entered the ladies were the three girls that she saw while tried the clothes.

Ling Zhu Yao narrowed her eyes when she saw the wild girl before. She seemed alone here without Ming Yue and Su Xiao. She was smiling. She wanted to teach some lesson to this bumpkin country.

"Hey, you. Stop." Ling Zhu Yao blocked Yu Qi when she saw Yu Qi wanted to step out from here.

Yu Qi stopped her walk. "Is this something matter?" Even though she knew that this girl did not have any good intention to her, she still talked nicely.

"Who are you?" Ling Zhu Yao arrogantly asked Yu Qi.

"Did your parent does not teach you basic manner? Want to know someone's name, you should tell yours." Yu Qi casually said.

"You! Huh, since you want to know my name, I should tell you. I'm Ling Zhu Yao. Relative of Tang Family. I had a blood relationship with the Tang Family. Not someone like you. Just know to suck up another family. So tell me your name. I really want to know the name of someone that shameless climb up in another family." Ling Zhu Yao still in her arrogant tone.

"And why should I tell you?"

"Just now you said I should tell my name since I want to know your name."

"So, if I tell you to drink water from the toilet bowl, you will drink it?"

"What? Why should I do something disgusting like that?" Ling Zhu Yao became mad. 'This girl just twisted my words.'

Ling Zhou Yao whispered something to her friend, Su Heng. She instructed her to lock the toilet door. Ling Zhu Yao smiled evilly. She was planning to make Yu Qi do what she just said before. Drink water from the toilet bowl. Su Heng and Baili Huang approached Yu Qi.

"Hold her. We will teach this bumpkin country so she will not be arrogant after this." Ling Zhu Yao said.

Yu Qi smiled looking at the two girls move closer to her. Since these girls could not do any harms to her, she would show some mercy to them. The moment Su Heng and Baili Huang wanted to touch her, she hit their acupuncture points to paralyze them for 10 minutes.

The two girls suddenly fell onto the ground shocked Ling Zhu Yao. She did not see what Yu Qi had done to them.

"What had you done to my friends?" She screamed asking Yu Qi that question.

"I had done nothing to them. They are the one who wanted to sit on the toilet floor like that." She said nicely and paused for a moment. Then, the next time she opened her mouth to speak, she spoke sound nicely but with a killing aura.

"Will you let me out? My auntie kind of waiting for me. I don't want them to wait too long."

Ling Zhu Yao shivered when Yu Qi watched her like that. She really thought she will die if she did not give a way to Yu Qi. Yu Qi spoke sound nice but her expression was very terrified Ling Zhu Yao.

"No, forgive me." Ling Zhu Yao spoke with her shaking voice.

"Thank you, Ms. Ling." Yu Qi walked away freely.

Yu Qi did not plan to do anything to Ling Zhu Yao. She just wanted to scare Ling Zhu Yao.

Ling Zhu Yao felt terrified to her bone. Her leg gave up. Then she felt the skirt that she was wearing right now was wet. She was pissed on her skirt. She was embarrassed because she wetted her own skirt.

"I will make you pay, bumpkin country."
