Chapter 821 - 821: Hang Out With Su Xiao

The guard opened the gate to his young miss. He had been informed by his second young master that the young miss would return that day.

"Thank you." Yu Qi thanked the guard while passing the gate.

"Welcome home, Young Miss." The guard smiled as he greeted the girl.

Yu Qi returned to Tang Main Residence. She was called by her Auntie Ming Yue to return home. When she asked the reason, Auntie Ming Yue just said that they missed her.

Thinking that she also missed them, she returned home. Parked her car, she entered the house. The maid saw her and greeted her.

"Welcome home, Young Miss, Aoi." The maids said. They did not forget to greet Aoi too that followed beside Yu Qi.

"Thanks. By the way, where are my aunties?" Yu Qi asked.

"First Madam and Second Madam have gone out. They may return in the evening." The maid informed Yu Qi.

"I see. I will go to my room. Call me when dinner is ready." Yu Qi said.

"Okay, Young Miss." The maid nodded.

"Woof." 'Master, I am hungry.' Aoi looked at Yu Qi.

"Oh, give Aoi something to eat too. He is hungry." Yu Qi smiled.

"Yes, Young Miss!!" The maid said excitedly.

Well, she was a dog lover. Seeing the cute dog in front of her, she was fighting her urge to pat the dog since it was Young Miss's dog.

Aoi could feel the maid's excitement. He gulped. 'Master, this maid is crazy.'

'Just follow her and you will get the food.' Yu Qi chuckled. She looked at Aoi before heading to her room.

Aoi hesitated to follow the maid. 'Just follow her first. When you get the food, let her pat you once and run.' Aoi made a plan in his head.

The maid seemed to watch Aoi and saw the Aoi was nodding about something. She felt Aoi was very cute. She wanted to pat Aoi but she knew that Aoi did not like someone patted his head. But when he was eating, he did not care much about someone patting his head. That was what the maid aimed to do.

Yu Qi had been dragged by Su Xiao after breakfast. Su Xiao wanted to hang out with Yu Qi.

When Yu Qi asked why Ming Yue did not follow them too, Su Xiao told her that Ming Yue had some work that needed to be completed by that day.

Su Xiao brought Yu Qi to the shopping mall. Su Xiao also asked her whether she brought back her dresses or not. Yu Qi shook her head telling Su Xiao that she did not bring any dresses.

Hearing about that, Su Xiao told Yu Qi that she needed to buy some dresses.

"Auntie Su Xiao, why do we need to buy dresses?" Yu Qi asked, confused about this.

"We have some events to attend. You as the granddaughter of your grandpa needs to show your face." Su Xiao said.

"Oh, I see. Then I will follow Auntie Su Xiao." Yu Qi nodded.

Both of them entered a boutique that was selling evening dresses. Yu Qi looked at the brand.

'Trisque.' It was the brand's name. It was a famous brand. Yu Qi knew the brand since Feng Yue liked to talk about this brand.

"Welcome to Trisque. May I have your name, Madam, Miss?" The store helper welcomed Su Xiao and Yu Qi with a smile.

"My surname is Tang. I have booked a space to review the dresses today. By the way, this is my niece. The dresses will be reviewed by her." Su Xiao said.

"Wait a minute, Madam Tang, Miss Tang. Let me double confirm it first." The store helper said politely.

Usually, when the customer booked a space to review the dresses, the customers were coming from a rich family. The store helpers became extremely politely when she heard the women said that. It was not like she was not politely at all initially, but her manager did remind her to be extra polite dealing with this kind of customers.

"People are always lying to others to make them look better. You can see from their clothes." Sarcasm could be heard from behind where Yu Qi and Su Xiao was standing.

Yu Qi and Su Xiao turned around to see the person that made the sarcasm. It was two middle aged women behind them.

The middle aged women wearing good clothes showing their status. Everyone could see from their clothes, that looked expensive.

"Are you talking about us?" Su Xiao narrowed her eyes.

"Well, if you think so." One of the women chuckled.

"Madam Guo, please don't look down on people like them. They must be upstart. Well, people just begin to get rich." Cheng Zin Wan chuckled, saying the words to her friends, Guo Kung Yu.

Su Xiao did not respond to them. She looked at them. She did not recognize them. When she was thinking about it, she remembered that Ming Yue told her that there were two new members in their community.

Their community consisted of the middle aged woman like Su Xiao and Ming Yue who lived in FINN City. In another word, it was the place where they were gathered and talking among them.

Ming Yue went to see them. But Su Xiao did not since she was feeling unwell on that day. These two women must be them.

Chapter 822 - 822: Elegant

"Madam Tang, I have already confirmed your reservation. Please follow me." The store helper smiled at Su Xiao and Yu Qi.

"What? Only one Madam Tang is in this city? How dare you to disguise as Madam Tang?" Cheng Zin Wan tried to stop Su Xiao and Yu Qi.

Yu Qi felt that she could not hold back anymore. "Are you an idiot?"

Cheng Zin Wan and Guo Kung Yu were dumbfounded.

"Why do you think only one had that surname? Back to my question again, Are you an idiot?" Yu Qi repeated the question again.

Su Xiao chuckled. 'Her niece was very great. Even in her anger mode, she was still elegant.' Su Xiao admired her niece like a fangirl.

"You are so rude, Little Bitch." Guo Kung Yu pointed her finger at Yu Qi. Then, she turned to Su Xiao. "Like mother, like daughter."

Hearing that, Yu Qi narrowed her eyes. Without her realizing, her hand slapped the face who had insulted Su Xiao. Everyone was shocked seeing the scene. Yu Qi acted like normal, brought out her handkerchief and wiping her hand that she just used to slap Guo Kung Yu.

"You! You!" Cheng Zin Wan went to support her friend and glared at Guo Kung Yu.

"What? Do you want to taste my slap like her?" Yu Qi relief. "First, we don't disturb the two of you. We don't even know each other. As for the reservation, startup or not, we do have money. So, mind your own business. Second, you have insulted my aunty. That's why I have slapped you." Yu Qi already looked at both of them like they were the prey.

"Auntie Su Xiao, let's go in." Yu Qi turned to Su Xiao.

"Hmm... Let's go." Su Xiao nodded.

Before Yu Qi left, she threw a glare at both of the women again. They were paled.

"Sigh... Both of you... You must be new here right?" Another woman called and talked to Cheng Zin Wan and Guo Kung Yu.

"Yes..." Cheng Zin Wan managed to answer the question from the woman.

Cheng Zin Wan came to FINN City because of her husband. Her husband had been transferred here by Bai Group. Her husband was one of the directors in the planning department. So, her family was considered a rich family too.

It was the same as Guo Kung Yu. Her husband was also one of the directors in the finance department by Bai Group. Since the women used to see each other in the party, they became good friend.

They were so happy when knowing their husband had been transferred to the same city. They also registered as members in the community where only rich families could join.

"She is the Madam of Tang Family in FINN City." The woman informed Cheng Zin Wan and Guo Kung Yu.

"Tang Family?" Guo Kung Yu tried to remember which family was.

"Do you mean that Tang Family?" Cheng Zin Wan widened her eyes. She looked very surprised.

"Yeah." The woman nodded.

"Impossible. I have seen Madam from Tang Family. It was not the woman." Cheng Zin Wan denied that.

"It is probably you have just seen the First Madam, not the Second Madam. Tang Family has two madams. And that young girl who has slapped you just now is the beloved granddaughter of the Tang Family. She is their only princess. Old Master Tang dotes on her very much even though she is just an adopted one." The woman explained.

Hearing the things from the woman, Cheng Zin Wan and Guo Kung Yu turned pale again. They had offended the one that they should not offend. Even though their husbands were working for the Bai Group, they were no matched with Tang Family.

"I guess you better apologize to them after this." The woman said to Cheng Zin Wan and Guo Kung Yu.

Su Xiao and Yu Qi entered the room where they could review and try on the clothes without seeing others. Yu Qi was already used to this kind of shopping. $n-\sigma-(v((E)/I).b.-1)-n$

In her previous life, as the fiancée of Bai Shu Jin and granddaughter of the Mu Family, she always shopping like this. Well, not because she wanted but Fung Meng Xuan liked to shop like that.

Fung Meng Xuan liked to shop like that because she wanted privacy. That was what she said.

"Yu Qi, you look elegant just now." Su Xiao smiled.

"Elegant?" Yu Qi was confused. What did she do making Auntie Su Xiao commented like that?

"I need to learn from you. Need to appear beautiful and elegant even though we are angry." Su Xiao nodded.

Yu Qi laughed.

"By the way, do you know these two women just now?" Yu Qi asked.

"Well, they look like they came from rich families when they were looking down at us by telling us that we are startup family. I know every madam even we are in the same community. However, I have heard from Ming Yue that there were two new members recently. I don't manage to meet with them yet since I was feeling unwell when our last meeting. So, that is why they don't know me." Su Xiao explained.

"Oh, I see." Yu Qi nodded.

"But why do you snap just now?" Su Xiao saw that Yu Qi's aura changed just now and slapped Guo Kung Yu.

"She has insulted you, Auntie Su Xiao. She has called me a little bitch. I am still keeping my cool. But when she has added the sentence 'Like mother like daughter'. How can I just let it go?" Yu Qi said.

Su Xiao was happy to hear Yu Qi's thoughts. Yu Qi considered herself as Su Xiao's daughter.

Chapter 823 - 823: Trying On The Dress

Both Yu Qi and Su Xiao had already forgotten about the earlier chaos. They focused on the dresses in front of her. Su Xiao was happy seeing the beautiful dresses in front of her but it was different for Yu Qi.

Yu Qi was feeling dizzy seeing these beautiful dresses. And her Auntie Su Xiao right now wanted her to try at least two of those which Yu Qi liked.

Su Xiao told her that there would be two parties that Yu Qi needed to go with them so it was necessary to choose at least two dresses for those parties.

"Miss Tang, you can try anything that catches your attention." The store helper tried to help.

"Hmm..." Yu Qi could not avoid this. So, she would make her choice right now. "This one and that one." She pointed at the two dresses.

"Try them." Su Xiao said.

"Okay..." Yu Qi had been pushed to the fitting room with the two dresses.

"Miss Tang can put on the dress first. If you think you can't wear it, please tell me. I will help you put it on." The store helper said.

"Oh, thank you." Yu Qi nodded.

She entered the fitting room. She had chosen a long dark purple dress. The upper part of the dress resembled a qipao, however, the lower part of the dress had a layer of chiffon fabric on it.

Yu Qi did not have any problem wearing this dress.

"Yu Qi, do you wear it? Please come out. I want to see you." Su Xiao said.

Hearing that, Yu Qi who had already finished trying on the dress come out. Su Xiao and the store helper were stunned by what they had seen right now.

Yu Qi looked very stunning in the dress.

"Yu Qi, you look more beautiful in this dress." Su Xiao praised Yu Qi.

"Yeah, Miss Tang. I have never seen a person who looks so much beauty in our dresses. Even the actresses will not be able to beat you." The store helper also praised her too.

The store helper was saying the truth. She had been working in the store for almost five years. She had seen a lot of women put on the Trisque Dresses. They looked beautiful but not like Yu Qi who looked very fit in the dress.

"You are praising me too much." Yu Qi said.

"Miss Tang, may I take a picture of you? Don't worry. I will not use the picture for the promotion but just for my collection. Can I?" The store helper already brought out her phone and begged Yu Qi.

Well, Yu Qi indeed did not like much about being in the highlight.

"Will, you really not use the picture for the promotion?" Yu Qi asked.

"Yeah. I promise." The store helper nodded.

"Okay, then." Yu Qi agreed to have her picture taken.

The store helper was happy hearing Yu Qi had agreed with her request. She took pictures from different angles.

"The more I look at you, the more I feel you are suitable." The store helper praised Yu Qi again.

"Well, Yu Qi, go and try another dress." Su Xiao said.

"Oh, okay." Yu Qi nodded.

"Madam Tang, what is Miss Tang's work?" The store helper asked.

Well, she wanted to ask Yu Qi to be a model if Yu Qi was interested in it. She had good looks and a perfect body to be a model. She was sure if Yu Qi wanted to be a model, she would grab everyone's attention. Not only the local people but international people too.

"My niece is a doctor." Su Xiao was happily bragging about Yu Qi like Yu Qi was her daughter. She had already considered Yu Qi as her daughter.

"Oh, a doctor." The store helper was very surprised. She did not expect that such a beautiful person would be a doctor. However, when she imagined Yu Qi wearing the white doctor gown, somehow it felt suitable.

"Hmm... I can not zip the dress up." Yu Qi opened the fitting room door.

Yu Qi appeared in dark blue dresses. The dress was knee-long on the front but slightly longer at the back. The dress also showed off Yu Qi's white jade shoulder.

The store helper approached Yu Qi and helped her zipping the dress. Once again, both Su Xiao and the store helper were stunned by Yu Qi's beauty.

"My niece indeed looks beautiful... I am kind of jealous..." Su Xiao sighed.

"Auntie Su Xiao, you are still the most beautiful. Uncle Jang Qin still loves you so much." Yu Qi responded.

Su Xiao was blushing when she heard Yu Qi talking about her and her husband.

Yu Qi smiled seeing her aunty blushing like that.

"Can I take the picture again?" The store helper asked again about taking the pictures.

"Sure. You can take them." Yu Qi nodded. $n-\sigma-(\nu((E)/I).b.-1)-n$

The store helper once again became a photographer. She took a lot of pictures of Yu Qi. After satisfied with the pictures, she stopped.

"I have already chosen these two dresses, Auntie Su Xiao." Yu Qi said.

"You don't want to try others?" Su Xiao asked.

"Yeah, Miss Tang, you can try other dresses too." The store helper said with an excited tone since she wanted to see Yu Qi try the other dresses too.

"No. I don't want it." Yu Qi rejected the idea to try on other dresses.

She already felt tired trying on those two dresses. She preferred doing something else rather than going shopping like this.

The store helper could not help but feel disappointed.

"Oh, it is almost one hour. Our time will be ending soon." Su Xiao looked at her watch.

They only booked for an one-hour session.

"So, you want to buy these dresses?" The store helper asked for confirmation.

"Yes." Su Xiao nodded.

"I hope that Miss Tang will come again to try our dresses." The store helper said before Yu Qi and Su Xiao left.

"Okay. Thank you for your service." Su Xiao said.

Chapter 824 - 824: A Dream

Yu Qi returned home with Su Xiao when lunch. After getting the dresses, Su Xiao brought her to get some high heel. Yu Qi did not like to wear high heels but for some occasions, she might have to wear high heels.

Yu Qi's height was already higher than average girls in Binhai Nation. 1.7 meter. The average height for the girls in Binhai Nation was 1.65 meter. When she was wearing the heel high, she would look even taller.

After getting forced by her aunty, she ended up choosing two pairs of high heels that matched both of the earlier dresses that she had bought just now.

Then Su Xiao told her that they would go to the dry cleaner to clean the two dresses first. Since she would need one of the dress for tonight.

Yu Qi was surprised. She did not even know they would attend the event tonight. It was why Su Xiao had asked whether she had the dresses or not and quickly got some dresses.

Returning home, Su Xiao asked Yu Qi whether she wanted to eat lunch. Thinking of her mental state, she shook her head. She was tired. Physically and mentally.

When she was working, she also felt tired but not this kind of tiredness. When she was working she was tired but at the same time, she was satisfied.

Yu Qi returned to her room. She wanted to rest. After taking a bath, she climbed up her bed and slept. She already told Su Xiao to wake her up when the time arrived. Since there was an event tonight.

....

She ran and ran. It had been two days since she was running. However, people could not stop going after her.

They wanted her power. Her power could increase their power. She did not want that. She did not want to help them since she knew none of them. Why should she help them?

"Stop!!! You bitch!!!!" People already behind her.

She increased her speed. She took out a pill that could increase her speed. The gap between the people increased again.

Her power was a secret. She did not know how those people managed to know about her secret. Only a few people knew about her place.

Her senior brother was in closed-door cultivation. They might not come out soon. She needed to depend on herself. She needed to enter her space.

However, before she managed to enter her space, she suddenly could not move her body. Her movement had been restrained by some forces.

"We finally managed to catch you."

There were the people who emerged in front of her. It was another different people. Not the same as those who chasing her from behind.

She panicked. She tried to use her power but nothing happened.

"Don't bother using them. It would not work. My power is upper than yours." One of the men from the group said.

"What do you want from me?" She asked.

"Your power can help us." The man smiled.

"Bullshit. Where have you heard about that?" She wanted to lie.

"Don't lie. We have gotten that information from a reliable source." The man told her.

"A reliable source?" She frowned.

"Yes. She is usually around you." The man revealed a secret.

Her eyes went widened. 'Around me? Meaning people that I trust? Meaning she has betrayed me? Wait? She?'

"Oh, you seem to remember something." The man chuckled.

Only three women around her. Her aunty, and two of her best friends. Which one betrayed her?

"Don't need to think about it anymore. It is me." A girl appeared behind the man while smiling at her.

"Xuan... Why? Why do you betray me?" She asked with a shaking voice.

It was her best friend. She was growing up with her. Why was Xuan doing this thing?

"I hate you." Xuan girl answered the question.

"What?" She was shocked.

"Senior brothers only look at you. They did not care much about me. The most important thing, Senior Brother Wei likes you so much." Xuan Girl shouted. "I like him. I want to marry him but in his eyes only you are there. I hate that. I hate that so much."

She was speechless. Just of the jealousy, Xuan betrayed her.

"Just because of that?" She asked again.

"And I hate everything about you. Why do you look so much beautiful even though you do not care about that? I... I need to take care of my appearance to make me looks beautiful. Only to hear people compare me with you." Xuan girl glared at her.

She looked at Xuan as she did not know who this girl was before.

....

"Master..." Aoi called Yu Qi.

Aoi was sitting beside her while looking worried.

"You are here..." Yu Qi patted Aoi's head. $n-\sigma-(\nu((E)/l).b.-1)-n$

"Master, what do you dream just now?" Aoi asked.

"Why are you asking that?" Yu Qi tilted her head.

"I was laying beside you. Then you made some sounds in your sleep. When I looked at you, you keep frowning." Aoi explained.

"Really?"

"Yeah." Aoi nodded.

Yu Qi tried to remember her dream just now. But nothing appeared in her mind.

"I don't remember. Probably I am just too tired. That is why I have behaved like that in my sleep." Yu Qi made some conclusions.

Chapter 825 - 825: The Exciting Event (Part One)

Ming Yue came to Yu Qi's room and knocked on her door. Yu Qi actually was surprised to see her aunty coming into her room. Usually, she would just ask a maid to do so.

"Auntie Ming Yue, what are you doing here?" Yu Qi asked.

Ming Yue entered the room with the dresses that she just brought today. 'What already cleaned? How fast.' Yu Qi thought when she saw the dresses.

"Your Auntie Su Xiao has already informed you that we are having a party right?" Ming Yue asked.

"Eh, are we the one who is holding a party? Are we not going to someone else's party?" Yu Qi was shocked. She thought that they would be going to someone's party.

"No... Sigh... No worries. I will help you dress up." Ming Yue was relieved that she came to deliver the dresses earlier. Otherwise, today party would be ruined.

"Auntie Ming Yue, I can do it myself." Yu Qi said.

"No... No... No..." Ming Yue shook her head. "You need to look beautiful tonight. I will do your makeup and hairstyle. Have you taken the bath?" She asked.

"Not yet." Yu Qi answered.

"Then, go and take a quick shower. I will be waiting for you here. Quick, go." Ming Yue ordered Yu Qi like a mother.

Feeling confused, Yu Qi still went to the bathroom to take a quick shower. 15 minutes later, she stepped out from the bathroom seeing Ming Yue was still there, sitting on the bed, waiting for her.

"Which one do you prefer to wear tonight?" Ming Yue asked Yu Qi to choose tonight's dress.

Yu Qi's eyes moved to the dresses. She was making a choice. Since it was just a home party, she thought it was okay to wear the dark blue dress.

"Hmm... The blue one." Yu Qi chose.

"Okay. Wear it first. I will come back later. I forget to bring my make-up kit. Oh, yeah. Do you have any accessories to match the dress?" Ming Yue asked.

"Hmm... I think no... But, is it necessary?" Yu Qi asked back.

"Of course, it is necessary. You need to look beautiful tonight." Ming Yue pressed the topic.

"Oh, okay." Yu Qi nodded.

She did not think much about Ming Yue's behaviour. Since both of her aunts always liked to dress her up.

Yu Qi put on the dress. 5 minute later, Ming Yue came with a maid. They were stunned as they saw Yu Qi on the dress upon entering the room.

"My dear, you look gorgeous." Ming Yue praised Yu Qi. "No wonder Su Xiao was excited when she told me about this." ~~love~~ In

"Yeah. Young Miss indeed looking very beautiful." The maid nodded, acknowledging Ming Yue's praise.

"Yu Qi, you will be more beautiful with my touch." Ming Yue grinned.

She could not wait to do makeup on Yu Qi.

"My dear, don't worry. I have a certificate in doing makeup." Ming Yue said.

"Oh." Yu Qi was surprised. She did not know about that.

"I am truly satisfied with my work today." Ming Yue nodded. "Adding those earring and choker makes your neck look more? beautiful."

Yu Qi touched the choker.

"Your Auntie Su Xiao make a great decision buying the choker." Ming Yue nodded.

Ming Yue looked at her watch. "It is about time to start. Let's go."

"Auntie Ming Yue, you don't want to change your clothes first?" Yu Qi asked.

"No need for that. That main character for tonight is you." Ming Yue grinned.

Yu Qi felt weird about that. However, she did not ask more. She just followed Ming Yue. The mood of the mansion seemed weird too. Every maid that they passed giving an exciting look to Yu Qi.

"When is the party, Auntie Ming Yue?" Yu Qi asked.

"Well, it is in the garden." Ming Yue smiled.

"Oh my, you look stunning, Little Sis." Tang Jin Wei said. "If you are not my little sis, I would like to be your man."

"What are you saying? She is your sister." Ming Yue gave a warning glare to Tang Jin Wei.

"You are stupid, are you?" Tang Lee Man also there.

"I am just kidding, Mum." Tang Jin Wei grinned.

They arrived at the garden. The garden was full of beautiful flowers. Su Xiao's favourite flower was the rose. So, there were many types of rose. Red rose, blue rose, even green rose also there.

The garden looked extremely beautiful tonight with some arrangement and lighting. However, no one was there. Now Yu Qi became more confused. They told her that there would be a party tonight but no one was there.

"Yu Qi, walk there." Su Xiao appeared. She asked Yu Qi to walk to the pavilion over there.

Without asking anymore, Yu Qi walked there. She looked around. The scene was very beautiful.

While she was looking around, a handsome man came toward her. She was very very very surprised seeing the man. And he looked more breathtaking than ever. He was wearing a black suit.

Step... Step... Step... The man arrived in front of her. He was smiling at her.

"Qi Qi..." Long Hui called her name.

Yu Qi was snapped back into reality. She was totally mesmerised with Long Hui just now.

"My beloved Qi Qi looks very beautiful today. I can not move my eyes from you." Long Hui grabbed Yu Qi's hand.

Chapter 826 - 826: The Exciting Event (Part Two)

"Brother Hui..." Yu Qi greeted him.

She missed him so much.

"You have planned this, haven't you?" Yu Qi asked.

"Yeah. Aunties are helping me too." Long Hui revealed everything. "Do you like it?"

"Yeah. I like it very much." Yu Qi nodded.

"I still have something to do though." Long Hui said.

"What? You are leaving right now?" Yu Qi could not help to feel sad. She still wanted to be with him tonight.

"No..." Long Hui reached out for something in his pocket. Kneeled down on one leg while looking up to his beloved Qi Qi.

Yu Qi was surprised to see this situation. Her brain could not process anything right now.

"Qi Qi, my life lit up when I have met you. Before this, I have never felt that I will meet a woman like you. On our first meeting, my eyes have seemed to follow you around. My heart has always been filled with joy ever since I have met you, you are my dream that has come true, I have never thought that I will meet a wonderful girl like you.

You make everything beautiful when you are around, every moment I have spent with you is like I'm in paradise on earth, I want to live closer to your heart for the rest of our life, I want you to be my wife and the lovely mother for our children to be, my sweet love, will you marry me?" Long Hui opened the small box and offered the ring inside the box to Yu Qi.

Long Hui's speech was so romantic. She was speechless. She did not expect to be proposed tonight.

"Qi Qi..." Long Hui called Yu Qi.

He saw Yu Qi was looking very shocked. 'Does she hate being proposed like this?'

"Yes. Let me be your wife and the lovely mother for our children to be." It was clear. Yu Qi smiled. n/-O-
/p((E-(L/(b)1((n

Listening to Yu Qi, Long Hui put on the ring onto Yu Qi's finger. He stood up and kissed his beloved Qi Qi.

"My dear, thank you for accepting my proposal. I will not let you down." Long Hui hugged while whispering in Yu Qi's ear.

Then, they could hear the cheers around him. Looked like they got an audience. Ming Yue, Su Xiao, Tang Han Lee and Tang Jin Wei were there. Tang Jin Wei was holding the camera recording what was in front of him.

The maids had already watched it. They let out the excited shouts seeing their young miss being proposed to by her boyfriend. What an exciting event. They suited each other.

"It is a very sweet proposal."

"Our young miss actually does not know there will be a proposal tonight."

"Really?"

"Yeah. Both of our madams have hidden the event."

"Kya!!! That is very exciting..."

"Okay...The event has already ended. Let's go and continue to work." Bulter Huang dismissed all the maids that watched the event.

"Let's have dinner." Tang Jin Wei called the couple to enter.

"You can talk more tonight." Ming Yue gave an ambiguous look to the couple.

Yu Qi and Long Hui looked at each other while smiled shyly hearing Ming Yue's words.

At the dining table, only Ming Yue, Su Xiao, Tang Jin Wei, Tang Han Lee and the couple were there. Both of Yu Qi's uncles had the night shift as well as Tang Qin Hao.

"Mum, when did you plan this?" Tang Jin Wei asked while they were eating.

"Hehehe... A week ago. Xiao Hui came and asked for our advice, right, Su Xiao?" Ming Yue excitedly revealed the plan while looking at Su Xiao.

"Yeah. It was very funny." Su Xiao nodded.

Tang Han Lee and Tang Jin Wei looked at each other. Their mother and auntie used people's love as their entertainment.

"You have recorded everything, right?" Ming Yue asked her son.

"Yeah. I have gotten everything in the camera." Tang Jin Wei nodded.

"Okay." Tang Jin Wei made a signal 'okay' with his fingers.

"By the way, Xiao Hui, tomorrow, your grandfather will be coming here, right?" Ming Yue turned to Long Hui.

"Yes." Long Hui answered in one word.

"Then, we need to do some preparation." Ming Yue clapped her hand.

"Your grandfather wants to come tomorrow?" Yu Qi tilted her head.

"Yes." Long Hui nodded.

"But why?"

"To discuss our marriage." Long Hui mentioned it like it was a normal thing.

"What? Marriage?" Yu Qi was shocked.

"Of course. You have already agreed to marry me. So, we need to proceed to the next stage." Long Hui explained.

"I see. Does my grandpa know about this?" Yu Qi asked.

"I have already discussed with him. He knows." Long Hui nodded.

"Wait. Does the secret thing that you have been talking about with my Grandpa is this matter?" Yu Qi remembered that Long Hui seemed to talk in riddles with her grandpa.

"Indeed." Long Hui nodded again.

"You have kept a secret like this from me..." Yu Qi looked at Long Hui while pouting her cheeks.

Long Hui smiled. Using his finger, he touched her pouting cheek.

"Don't touch my cheek." Yu Qi turned her head around.

"I? am sorry, okay? I will not do it again." Long Hui smiled while coaxing his beloved Qi Qi.

"Hmph!" Yu Qi ignored Long Hui.

"Oh.... "

Both Ming Yue and Su Xiao looked at them with smiles on their faces. Yu Qi had actually forgotten that she was not alone with Long Hui. Her aunties and her brother were there too.

Chapter 827 - 827: Waiting For The Grandpa's Arrival

Realizing that she was not alone, Yu Qi faked a cough as she glared at Long Hui. Long Hui just raised his eyebrow.

Ming Yue and Su Xiao were giggling when they saw the interaction between both of them.

Tang Jin Wei shook his head. His mother and aunt had already become fangirls of this couple. Nothing could stop them from worshipping the couple.

The dinner ended. They went their separate ways. Tang Brothers returned to their rooms while Ming Yue and Su Xiao had something to do.

Yu Qi and Long Hui were left alone. So, having nothing to do, they went to the garden where Long Hui proposed to Yu Qi just now.

"Brother Hui, when have you planned all these things?" Yu Qi asked while sitting beside Long Hui.

Long Hui was currently holding his beloved Qi Qi's hand, he looked up, facing his beloved Qi Qi.

"Before your graduation." Long Hui smiled.

"Oh..." Yu Qi was surprised. She did not know he already planned all of this a long time ago.

"Do you like it? The proposal?" Long Hui asked her opinion about the proposal that he had just done.

"Hmm... I love it." Yu Qi shyly admitted it.

"I have asked your aunts to help me. The place, the arrangement." Long Hui explained. Then he looked nervous. "But the speech, I have written it myself. It is from my heart."

Yu Qi chuckled. "The speech is very nice. I like it so much." She landed her head on Long Hui's shoulder. "I have never thought that you will deliver such a wonderful speech."

"I am having all my first times with you." Long Hui replied while giving Yu Qi an ambiguous look. His hand which was wrapped in Yu Qi's waist tightened.

Yu Qi was feeling shy. Her mind thought about something pervert. 'It is Brother Hui's fault by saying something like that.'

....

"You are still here?" That was what Tang Jin Wei asked when he first saw Long Hui in the dining room for breakfast.

"What are you trying to say, Jin Wei?" Ming Yue glared at Tang Jin Wei.

Afraid that he would provoke his mother's anger, Tang Jin Wei put on his smiling face. "Mum, I am just surprised to see him so early in the morning. That is why I am asking." He rephrased the sentence nicely.

"It was already late for him to return yesterday. So, he spent his night here. By the way, like I said yesterday, the Great General Long would be coming today." Ming Yue explained.

"So, Grandpa is also returning home too?" Tang Han Lee asked.

"Yeah. Your grandpa has already called me and informed me that he will be coming to discuss his beloved granddaughter's marriage. He does not want to miss anything of it." Ming Yue nodded.

"I have scheduled surgery in the morning at 10 am. Otherwise, I will join you too." Tang Jin Wei sighed.

"No need for you to join us." Ming Yue rolled her eyes.

"Mum, you are so cruel." Tang Jin Wei was feeling hurt.

"Brother, eat this." Yu Qi put some fried rice into Tang Jin Wei's bowl.

"Little Sis..." Tang Jin Wei felt touched.

"So that you can go to the hospital early." Yu Qi continued her sentence.

"You also don't want me to be here, do you?" Tang Jin Wei looked at Yu Qi with a sad expression. Like an abandoned dog. n.-o((v-/e(.l-.B(.1.)n

"Brother Jin Wei, you need to eat since you will need this energy for the surgery. You need to go to the hospital early for preparation. It is not because I don't want you around." Yu Qi explained the meaning behind her sentence.

"Oh... Yeah." Tang Jin Wei changed his mood very quickly. "That's right, Little Sis. I need to eat and go to the hospital early for the preparation." He began to eat his breakfast after doing a lot of drama that morning.

Ming Yue, Su Xiao and Tang Han Lee looked at each other with a meaningful look. They had a smile pasted on their faces.

"By the way, what time is the great general Long be arriving?" Su Xiao asked.

They also needed to do some preparations.

"My grandpa has told me that he will be here by 12 pm." Long Hui remembered the message given by his grandfather yesterday before he had gone to sleep.

"Father may be arriving soon." Ming Yue informed that Grandpa Tang would also arrive soon.

"Does your grandfather have any kind of allergy?" Yu Qi asked.

"Yeah since we need to prepare lunch for him. It will be a disaster if something like that happens." Ming Yue also wanted to know.

"Nope. He does not have any kind of allergy." Long Hui said.

....

Pei Xian drives the car while Huang Chu Xiao sat beside him. Grandpa Tang was reading a book in the back seat.

They had been in the car earlier in the morning. Grandpa Tang said that he needed to return to Tang Main Residence because he had an important thing to discuss with someone. That someone would meet him there.

Huang Chu Xiao bet that the important thing must be related to their young miss. Otherwise, Grandpa Tang would not be so eager to return to Tang Main Residence.

Pei Xian was actually feeling tensed because he would be meeting with Huang Chu Xiao's grandfather. He was the head butler who managed the Tang Main Residence.

But he knew that he would be meeting with him soon or later. That would not change his heart to marry Huang Chu Xiao.

Chapter 828 - 828: Grandpa Long's Arrival

"Chu Xiao, do you know what is the important thing that Old Master Tang wants to discuss here?" Pei Xian asked after they arrived at the Tang Main Residence.

Yeah, they had arrived at the Tang Main Residence.

Grandpa Tang had already entered the house leaving Huang Chu Xiao and Pei Xian to handle the luggage that they had brought here.

"Hmm... It must be related to Young Miss. Old Master is usually excited about two things, Young Miss and the herbs. The herbs are not here. Meaning it is Young Miss's matter." Huang Chu Xiao made a guess.

"Oh..." Pei Xian nodded.

"You are back." An old voice greeted them.

"Grandpa!" Huang Chu Xiao greeted Old Butler Huang and hugged him.

"Hmm... Thank you for taking good care of Old Master Tang." Old Butler Huang said.

"You are a new person, right?" Old Butler Huang turned his eyes to Pei Xian. He had never seen this person before.

"Yeah, sir. My name is Pei Xian." Pei Xian nervously introduced himself.

"Hmm... Just tell the others to handle the luggage. Both of you enter and take a rest since it must have been a long journey and you have also departed so early in the morning." Old Butler Han said.

"Yes, Sir." Pei Xian nodded.

Huang Chu Xiao secretly laughed at Pei Xian. Her boyfriend was too tensed. She did not want to introduce him to her grandfather now since it was not an appropriate time for doing that.

Grandpa Tang who had entered the house earlier than them met Yu Qi and Long Hui who were sitting together in the living room.

Seeing Grandpa Tang, Yu Qi greeted Grandpa Tang excitedly. "Grandpa, you are here."

Long Hui who was behind Yu Qi also stood up and greeted Grandpa Tang.

"Hmm... By the way, what is this man doing so earlier here?" Grandpa Tang asked. He thought that Long Hui would come together with Grandpa Long.

"I have spent the night here yesterday." Long Hui casually said that.

"Huh?" Grandpa Tang glared at Long Hui.

"Father, you have already arrived." Ming Yue saw Grandpa Tang and came to greet him.

"Hmm... Is it true that this brat has spent the night here yesterday?" Grandpa Tang asked Ming Yue.

"Oh, yes. He had to do something here yesterday. Since it was already too late to return, I asked him to stay over." Ming Yue said saving the situation.

"I see." Since it was his daughter in law's decision, Grandpa Tang would let the matter go.

Ming Yue turned over to Yu Qi and Long Hui and winked at them. Yu Qi understood the meaning and chuckled.

"The Great General Long will be arriving at 12 pm. Since there is some time left, Father, you should rest first." Ming Yue advised.

"Yeah. I need the energy to confront Long Fei Yi later. I need some rest." Grandpa Tang nodded agreeing with Ming Yue's advice.

"Your room has been cleaned, Father. You can go to the room now." Ming Yue said.

"Okay." Grandpa Tang walked from there leaving a glare to Long Hui.

After not seeing her grandpa, Yu Qi burst into laughter. "Auntie Ming Yue handles Grandpa nicely."

"I have known him for a long time. I know where to strike." Ming Yue also laughing. "Okay, I need to go to do something."

...

Grandpa Long had already arrived at Tang Main Residence. He had been escorted by two maids to the living room.

When he stepped into the living room, he could see his grandson sitting beside his girlfriend. He also could see Grandpa Tang, his two daughter in-laws and surprisingly his two sons as well.

"Welcome Great General Long." Ming Yue smiled welcoming Grandpa Long.

"No need to call me like that. You can call me Uncle Long. I have already retired." Grandpa Long said to Ming Yue.

"You can sit here, Uncle Long." Ming Yue pointed.

Grandpa Long sat right in front of Grandpa Tang.

"Jiang Man, long time no sees." Grandpa Long said.

"Yeah. I have never thought to see you like this." Grandpa Tang said.

"Your grandson is very good. Not long after I have found my granddaughter, he has already tried to poach her to his side." Grandpa Tang sneered.

"I have taught my grandson if he wants something, he needs to work hard. For this situation, I have praised him for his good work, finding a good granddaughter in law for me." Grandpa Long smirked.

The situation tensed. However, the maid arrived with some tea and snacks which broke the mood.

"Uncle Long, here. This tea is special since Yu Qi has made it and added some herbs inside it." Ming Yue promoted the tea.

"Owh, I will like to drink it." Grandpa Long said. He tried it. "Hmm... Delicious."

"If Grandpa Long wants, I will give some of them to you later." Yu Qi smiled.

"Hmm..." Grandpa Long nodded. Granddaughter was indeed nice compared to grandson.

"By the way, we are here to discuss Yu Qi and Hui's marriage." Tang Jung Wen said.

"I will agree on anything." Grandpa Long did not have any disagreement. He also felt that Yu Qi would be with his grandsons no matter what would happen in the future.

"Better we ask the people themselves about what they need for their marriage." Tang Jang Qin looked at Long Hui and Yu Qi.

"We will like to get engaged first. Qi Qi has just graduated. I want her to enjoy the working environment first." Long Hui looked at his beloved Qi Qi.

He already considered many factors. His beloved Qi Qi liked to work.

Chapter 829 - 829: Planning For The Engagement Ceremony

"She wants to be a doctor. I will not allow anything to stop her from becoming a doctor. Not even our marriage." Long Hui grasped his beloved Qi Qi's hand.

"I also have no reason to reject that. Talent should be used in the right path." Grandpa Long also thought so.

He was not like those old men who thought that a woman should be lower than a man. He preferred them to be equal. That made the relationship much better.

His wife was a businesswoman. She had her own charm while working. Because of that charm, he had fallen in love with his wife. Same as Yu Qi, he was sure that his grandson had fallen in love with Yu Qi because of that.

Author's thought: 'Grandpa Long, your grandson fell in love with Yu Qi when he has first seen Yu Qi killing someone.'

"Of course, my granddaughter will be a doctor. She wants to be a surgeon." Grandpa Tang said. "If Long Brat steps in front of her dream, I will do anything to stop him."

"Then, it is decided. Yu Qi and Xiao Hui will be engaged first. The question is when." Su Xiao said.

"As soon as possible." Long Hui said.

"Hmm... How big the engagement ceremony will be?" Tang Jang Qin asked.

"Yeah. How many people do we want to invite?" Tang Jung Wen asked.

"Yeah. We need to confirm that." Grandpa Tang nodded.

"Of course, we need to invite many people. I want others to know that Yu Qi is my future granddaughter in law. So that other people will not have any design on her." Grandpa Long said.

Yu Qi was feeling embarrassed.

"That's right." Long Hui already agreed with his grandfather.

"I see. We need to hold it in a big hall then. I will take a look at the places. But when? I want the actual date to book the hall." Ming Yue asked the important thing.

"One month later." Long Hui broke the silence. "There will be a lot of work to do. We don't have a woman in our family to prepare them. So, I ask Aunties to do the part from my family too." Long Hui asked for Ming Yue and Su Xiao's help.

Both of them were stunned for a moment. Then they recovered.

"Don't worry about that, Xiao Hui. I will get it covered." Ming Yue nodded.

"Yeah. You just need to do your part. Others, you can leave everything to us." Su Xiao added.

Their boring life became exciting, starting from Yu Qi being adopted into the Tang Family. Yu Qi brought joy into their family. They would do anything to keep the joy.

They talked for one hour regarding the matter. After that, they had a late lunch.

....

"No wonder Old Master Tang seems excited when returning home today. It is about young Miss's marriage." Huang Chu Xiao said.

"Oh, that is good news." Pei Xian also felt that it was good news. His Colonel would be married soon.

"From what I have heard, they will be engaged first. Mr Long wants young miss to enjoy working first before becoming his wife." Huang Chu Xiao was also excited to hear the news.

She felt that Long Hui was a very thoughtful person. Her young miss was a businesswoman. She had many good things to achieve. If becoming a wife blocked that, she felt that it was a loss.

"Chu Xiao." Old Butler Han called her name.

Huang Chu Xiao turned and saw her grandfather. Pei Xian became tensed.

Actually, they were waiting for Old Butler Han. They wanted to tell something about them to Old Butler Han. Pei Xian suggested to Huang Chu Xiao that they should tell her grandfather that they were dating each other. n.-o((v-/e(.l-.B(.1.)n

Huang Chu Xiao was surprised when Pei Xian suggested that. Pei Xian told her that was necessary since they were dating with the thought of getting married in the future. Pei Xian also wanted Huang Chu Xiao to know that he was very serious about their relationship.

So, here they were.

"Grandpa, I have something to tell you." Han Chu Xiao began to talk.

"Hmm... What is it?" Old Butler Han asked.

"Grandpa, allow me to confess. I have been dating your granddaughter for quite some time." Pei Xian directly told Old Butler Han.

He learned it from Long Hui. 'Don't hesitate if you know that you want that thing.' That was Pei Xian's thought after receiving Long Hui's advice.

Huang Chu Xiao was surprised when Pei Xian directly told her grandfather. No turnover, it was a straight ball.

"What is your name?" Old Butler Han asked.

"Pei Xian." Pei Xian answered.

"Your age?"

"27 years old."

"Your occupation?"

"I am a soldier. Currently on the mission to protect the legendary doctor, Doctor Tang Jiang Man."

Pei Xian revealed everything. He did not want to lie about his job. It was not a bad job.

"You are a soldier?" Huang Chu Xiao was very shocked. She did not know that.

"Yeah." Pei Xian nodded. "Under the military's order, I have been assigned to protect Old Master Tang from danger."

"You have come to Tang House because of that?" Han Chu Xiao felt her heart became heavy.

"No. Erk... I mean yes. Actually, the mission does not require me to stay at Tang House. I just need to be around him. But because of you... I have decided to stay there." Pei Xian explained while scratching his back head.

Chapter 830 - 830: Going To Capital City

Hearing that, Huang Chu Xiao blushed.

Old Butler Han faked a cough seeing the couple seemed to have forgotten his presence.

Both of them felt embarrassed.

"So, Old Master knows about this?" Old Butler Han asked.

"Yes. Even Young Miss knows about this." Pei Xian nodded.

"You are dating my granddaughter with marriage in mind?"

"Yes, I am." Pei Xian confidently answered that.

"Hmm... I don't mind. I just want my granddaughter to be happy. That's all." Old Butler Huang sighed.

"Grandpa." Huang Chu Xiao hugged Old Butler Huang. "Thank you."

Old Butler Huang patted Huang Chu Xiao's head. He was actually feeling sorry for his granddaughter. He felt that she had this job because of him.

Actually, Huang Chu Xiao herself wanted to be a maid since she wanted to be useful to others. Tang Family had sheltered her since she was young. She wanted to repay that.

Grandpa Long and Long Hui finally departed from the Tang Main Residence. If not because of his duties in the military, he would not leave.

Su Xiao asked both Yu Qi and Long Hui to decide the colour theme that they wanted to use for the engagement ceremony. They decided to use the purple colour since Yu Qi thought about the deep purple diamond that Long Hui had given her.

Long Hui also thought about that. He wanted to see his beloved Qi Qi wore them. Since it was extravagant for casual wear, they were suitable to wear on those kinds of celebration.

....

Yu Qi was reading the book while listening to the music. She was on the way going to Capital City. Capital City was the main capital of the Binhai Nation. The development of Capital City was farther than other cities.

Yu Qi was going there to see the land over there. She wanted to buy lands to develop them into money. Since her flight had been delayed for one hour, she had been waiting since then.

Many people on the same flight were stuck and had been waiting for the flight to be taken off. So, the waiting area was a little bit full of people. Yu Qi did not care much about them as long as they did not disturb her.

"Miss...Miss..."

Yu Qi lifted her face up from the book when she noticed there was some movement in front of her. She pulled the earphone from her right ear.

"Yes?" Yu Qi asked.

"Miss... Can you give your seat to her?" A woman politely asked while pointing to a person behind her.

Yu Qi took a look at the person who was standing behind that woman. It was a woman which had an arrogant attitude.

Yu Qi recovered her eyes and said, "No." It was clear.

The arrogant woman heard that and pushed the other woman aside. She looked at Yu Qi in anger.

"Hey, my manager has already asked you in a polite way for you to give me the seat." The arrogant woman said.

"Min Ah, don't cause trouble like this? Let's go and some find another place, okay." The manager, Su Na Lim, pulled Qin Min Ah, afraid that she would cause trouble.

"She needs to give her seat up to me. I am already tired of standing. My legs are hurt." Qin Min Ah said to Su Na Lim.

Yu Qi narrowed her eyes. She seemed to remember hearing that name, Qin Min Ah. Then, she remembered that her name was on the list when they wanted to select a spokesperson for Qi Qi Skincare.

"Huh? What makes you so entitled?" Yu Qi closed her book.

"I am a popular artist. You should respect me and give me your seat." Qin Min Ah looked down at the girl that wearing the mask.

Yu Qi sighed. She stood up putting her book on her seat. Qin Min Ah was indeed a popular artist in the entertainment world. However, Yu Qi did not pay much attention to them.

Qin Min Ah was startled when Yu Qi suddenly stood up. She needed to look up to look at Yu Qi's face. 'Damn, she is taller than me even though she is not wearing high heels.' She gritted her teeth.

Yu Qi was indeed taller than Qin Min Ah. This time, Yu Qi looked down at Qin Min Ah.

Everyone nearby saw the situation. Some of them recognized Qin Min Ah as an artist. She was popular.

"Is that Qin Min Ah?"

"I think so."

"What is she doing?"

"I hear she was asking the girl to give the seat to her."

"So?"

"That girl does not want to give up her seat. So Qin Min Ah is angry."

"What? Who does she think she is? She is just an artist. She can't be like that."

Hearing people whispering, Qin Min Ah needed to change the situation.

"Sister, I am tired of standing since I just finished my work. Can you PLEASE give your seat to me?" Qin Min Ah said in a sweet voice.

"No." Yu Qi sat down back. "No need to use your sweet voice since both of us are girls. By the way, I don't know who you are." She added.

Qin Min Ah gritted her teeth and clenched her fists. 'This woman does not know me? I am a popular artist.'

Su Na Lim did not want the thing to become worse. She was trying to pull Qin Min Ah from the place.
