

INTELLIGENT 841

Chapter 841 - 841: Wei Family

After meeting with the woman and her father, the airport announced the arrival of the flight that Yu Qi had been waiting for. Yu Qi immediately went to the arrival gate to wait for Long Hui.

Walking out the arrival gate, Long Hui had just brought his small bag since he knew that it was not necessary since everything he needed was already in his beloved Qi Qi's space.

As always, many eyes especially women's took a glance at the handsome man. Not to mention, there were women who were throwing seducing looks at Long Hui.

Long Hui ignored all of that. And his eyes were searching for his beloved Qi Qi. She told him that she was already waiting for him. Once he found what he had been searching for, he fastened his steps to reach the girl.

"Qi Qi..." Long Hui hugged Yu Qi.

The women who were looking at Long Hui left with a disappointed expression on their faces since they saw that there was no chance for them. The girl that the Long Hui had hugged was above them.

"How are you?" Yu Qi asked after Long Hui released her from his hug.

"Doing fine. Just missing you a lot." Long Hui liked to be clingy with his beloved Qi Qi.

"I miss you too." Yu Qi smiled. She liked Long Hui been like this with her.

"Since it is lunch hour, let's go to a restaurant and dine in." Yu Qi suggested.

"Okay." Long Hui agreed with that. He did not eat anything on the plane.

They went to a private restaurant. Long Hui seemed to know Capital City well. He knew there was a restaurant here. Looking at the interior design, Yu Qi knew that it was a private restaurant.

The restaurant did not have an open area. Only the private rooms. Usually, one person would sit opposite each other. However, Long Hui straightly took a seat beside Yu Qi.

"Why don't you sit in front of me?" Yu Qi asked.

"I just want to sit beside you. Can't I?" Long Hui attacked Yu Qi with a 'puppy lost' expression.

"Never mind. Just sit beside me." Yu Qi gave up after one fight.

Long Hui grinned. The waitress came inside after being called. She was surprised to see such a good looking couple.

"Here is our menu." The waitress gave the menu book to Long Hui.

"Choose for me." Long Hui pushed the menu book to Yu Qi.

Yu Qi went through the menu book. After a few looks, Yu Qi chose the food based on Long Hui's favourite.

"I think that's all." Yu Qi said to the waitress.

The waitress had already noted down their order. "Please wait for some moments for the food to be prepared. Thank you." She bowed and left the room.

"By the way, where is your dog?" Long Hui asked as he looked around. That dog always like been around his beloved Qi Qi. So he was a little curious when he did not see him around her.

"He is in the space. They have a new friend." Yu Qi laughed.

"New friend?" Long Hui asked.

"Hmm... I will introduce him to you later." Yu Qi nodded.

"Him?" Long Hui narrowed his eyes.

Yu Qi chuckled. She knew that he was about to make a jar of vinegar. His focus was on the word 'him'.

"Yeah. He is a male ferret." Yu Qi explained.

"Male ferret? That small animal?" Long Hui looked at Yu Qi with an embarrassed look on his face.

"Yeah." Yu Qi was laughing as she looked at the expression on Long Hui's face.

"You dare to play with me? Wait for tonight, it is my turn to play with you." Long Hui whispered at Yu Qi's ear in a lingering tone.

Yu Qi glared at Long Hui. 'He dares seduces me at a place like this.' Long Hui smiled as he felt winning over his beloved Qi Qi.

Yu Qi adjusted her tone by faking a cough. She then asked about Long Hui's aim coming to Capital City.

"Why are you here? Don't tell me just because I am here, you have come here."

"Well..." Long Hui scratched his face.

It was indeed the truth. However, at the same time, he did has a reason for coming to Capital City.

"Well, what?" Yu Qi glanced at Long Hui.

"It is about my mother's family." Long Hui said.

It was for sure that Long Hui never mention anything about his parent or his mother's family. She just knew about his paternal family,? not his maternal family.

Yu Qi was not so sure why Long Hui did not talk much about his parent nor his maternal family.

"What about them?" Yu Qi asked.

"Well, their family is based in Capital City. It is Wei Family." Long Hui said.

Yu Qi thought about Capital City. Wei Family... Wei Family. "Wait,? don't tell me it was 'that Wei Family'?" Yu Qi turned to Long Hui asking for a confirmation.

Long Hui slowly nodded. "As you have thought. It is that 'Wei Family'."

"Your mother is from Wei Family. Wow." Yu Qi was indeed very surprised by this news.

Even in her past life, she did not know about this. She knew that both Long Hui's father and mother, died in an accident when doing their duty as a soldier.

Yeah, Long Hui's mother, Wei Rong Hue, was also a soldier. She was an excellent soldier too. She was the only woman that held Senior Colonel rank at that time.

Chapter 842 - 842: His Maternal Grandmother

Long Hui's mother was one level rank below his father. As Yu Qi thought just now, she did not expect that Long Hui's mother comes from that Wei Family since Wei Family was a literature family at the beginning.

Wei Family could be found on the records of the Jin Dynasty. The record was almost hundreds of years. They held many positions in the court. They also produced a lot of talents in many fields. However, they disliked violence. So, joining the military and becoming a soldier was a big NO.

"How did your mother join the military?" Yu Qi asked.

"So, you do know about Wei Family." Long Hui smiled.

"Yeah. I have read about Wei Family in my past life but I did not know that your mother comes from Wei Family." Yu Qi explained.

"Oh, you have read about Wei Family. Then, do you read about me in your past life, hmm?" Long Hui wanted to know.

"Well... I do have read about you." Yu Qi faked a cough.

"Oh, how was I in your past life?" Long Hui asked. He was curious about himself in Yu Qi's past life.

Yu Qi did read little about Long Hui in her past life but nothing much. Long Hui was indeed an outstanding soldier. However, she never saw the picture of him. That was why she did not know that Long Hui was a handsome man back then.

"Why? Have I married someone else?" Long Hui was uncomfortable thinking about that possibility. The thought of being with another woman was not a good thought.

"No. You did not." Yu Qi answered quickly.

"Oh..." Long Hui looked at Yu Qi with a meaningful glance. "That's good. Otherwise, someone will be jealous."

"I am not." Yu Qi rolled her eyes.

Indeed Long Hui was still single in her past life regardless of his grandfather told him to marry. Like in this lifetime, many women aimed the title of Mrs Long but Long Hui did not pay any attention to those women.

"Okay... Okay... I will not talk about it anymore. Back to the earlier matter, my mother comes from the Wei family. Her mother,? my maternal grandmother wanted her to be a virtuous woman who would have skills in literature and music. But she disliked it.

Among her daughters, my mother was the most rebellious one. She did a lot of extreme activities behind her mother. After she reached 19 years,? despite my maternal grandmother's order to go to university,? she entered the military secretly. After 6 months, her family finally knew about that matter." Long Hui began his story.

"Your mother is awesome." Yu Qi commented.

"I agree that she was brave enough to disobey my maternal grandmother." Long Hui chuckled.

The story was stopped for a moment when the earlier waitress came in, and brought the food and served them.

"Please enjoy, Sir, Miss." The waitress bowed and went out.

"Eat." Long Hui said.

"But I want to hear the story first." Yu Qi pouted.

"I will tell you along. Eat." Long Hui moved his head signalling Yu Qi to eat.

"Okay." Yu Qi lifted up the food and eat.

Long Hui did not lie to her. He did continue the story.

"After her family knew about that,? of course, they were furious, especially my maternal grandmother. She wanted my mother to quit being a soldier. My mother did not listen to her words. She turned to my father who was in the same squad as her. Using my grandpa's name,? their request had been denied."

"What happened next?" Yu Qi was excited to hear the story.

"Since then, their relationship became distanced. Until my mother gave birth to me. My maternal grandmother wanted to take care of me since both of my parents were busy with their duties. I became their bridge. I grew up in the Wei Family. Received their education.

But still,? it is in my blood. One summer when I was eight years old, I spent my time with my grandpa. I have become interested in guns and soldiers. So, I began to spend my time in the Long Family instead.

I told my maternal grandmother my d.e.s.i.r.e to become a soldier. Like in my mother's case,? she refused to let me become a soldier. But, she could not stop me. It is my life. No one can stop me to do whatever I want."

"Why did your maternal grandmother hate soldiers so much?" Yu Qi was a little confused about that.

"I did ask her once. She told me that being a soldier was a violent job and they killed people." Long Hui explained.

"But it is necessary to do it. Soldiers do it to protect our nation." Yu Qi frowned.

"I don't know that. But I have called her last time to tell her that I will be getting engaged with someone. She has told me to bring you to meet her. Since you are already here, I have thought to bring you to meet her tonight." Long Hui said.

"Wait! What? Tonight?" Yu Qi was shocked.

"Yeah." Long Hui nodded. n-.Ove**Lb**In

"Why do you just tell me now?" Yu Qi asked.

"Don't worry much about them. Just be yourself." Long Hui patted his beloved Qi Qi's head.

"But we can not go empty-handed." Yu Qi sighed.

Long Hui indeed did not think much about that. That thought never crossed his mind.

"Tell me more about your maternal family. We need to prepare some gifts for them." Yu Qi looked at Long Hui with an expected look.

Long Hui chuckled. His beloved Qi Qi was indeed cute. He ended up telling everything that he knew about the Wei Family.

Chapter 843 - 843: Childhood Sweetheart

"Sister Yuan,? they are still not here yet. It is almost the time." Wei Su Kee complained.

"They may be stuck in traffic." Chi Yuan just smiled.

"They will be here soon. As for someone, why is she here? She is not related to our family." Wei Ding Ye was crossing her hands while looking at Chi Yuan.

Wei Ding Ye was also from Wei Family's younger generation. She was Wei Su Kee third cousin. Two years older than Wei Su Kee.

Chi Yuan gritted her teeth before smiling at Wei Ding Ye. "Grandma has asked me to come over. So, I have come." It was true that their grandmother invited her over for tonight's dinner.

"Yeah. Grandma has invited Sister Yuan. If you do have something to say about it,? go and talk to Grandma." Wei Su Kee attacked Wei Ding Ye back.

"I just want to advise you. You can't force the thing to go your way." Wei Ding Ye left while smirking at Chi Yuan.

Chi Yuan once again gritted her teeth. This time,? she also clenched her fists.

"Sister Yuan,? don't mind her. She is just jealous of your beauty." Wei Su Kee comforted Chi Yuan.

"Thank you, Su Kee." Chi Yuan turned to Wei Su Kee and smiled.

"Let's go to the living room. We can wait for them there." Wei Su Kee suggested.

"Okay." Chi Yuan nodded.

When they arrived at the living room, some of the Wei Family were already there, conversed with each other. Grandma Wei looked at Chi Yuan.

"Xiao Yuan, come and sit beside me." Grandma Wei called Chi Yuan.

Chi Yuan smiled and walked towards Grandma Wei. Grandma Wei really liked Chi Yuan. Chi Yuan was the granddaughter of her best friend. She had already died twelve years ago. Since Chi Yuan was a kid, she already met with Chi Yuan multiple times.

When her best friend died, Grandma Wei was feeling pity for Chi Yuan. Because of that, she began to treat Chi Yuan as her own granddaughter.

"That unfilial grandson is still not here yet?" Grandma Wei asked her maid.

Before the maid answered the question, someone came and told them that the person that they were waiting for already arrived.

Someone led the guest inside. A handsome man with his companion entered the living room. Everyone had a various reactions when seeing the couple.

"Grandfather, grandmother. Uncles, Aunties, It has been a long time." Long Hui bowed and greeted both elders.

Long Hui pulled Yu Qi and sat on the empty spot.

"Hmm... Welcome home. How are you?" Grandpa Wei asked his grandson.

"Everything is okay." Long Hui answered short. It seemed he also behaved like this in Wei Family.

"How is Great General Long?" Grandpa Wei asked about Long Fei Yi.

"My grandfather has already retired. So he is not a Great General anymore. However, he has become busy since he is about to receive his granddaughter in law." There was a curve on the end of Long Hui's lips.

Members of the Wei Family were stunned to see it. Long Hui did not usually smile. So, it was very rare to see Long Hui's smile.

"Oh, really? I assume the girl beside you is the one right?" Grandpa Wei turned to look at Yu Qi who was still silent from the beginning.

Knowing it was her turn to introduce herself, Yu Qi bowed respectfully to them. "Hello everyone. My name is Tang Yu Qi. Brother Hui's future wife."

"You are really beautiful." Grandpa Wei said.

"Thank you, Grandpa Wei." Yu Qi smiled. *novel/In*

"Humph!!! Just having a beautiful face is useless." Grandma Wei interpreted.

Some of Wei Family members frowned while some of them secretly smirked.

"Grandmother,? if you don't like me coming here with my girlfriend,? you should tell me so. We will return and will not waste our time here." Long Hui directly talked to Grandma Wei like that.

"Hui... You should not talk to Grandma like that. She is your grandmother." Chi Yuan rebuked Long Hui.

"And who are you?" Long Hui's question made Chi Yuan speechless.

Chi Yuan never thought that Long Hui would not remember her at all. She had grown up together with him.

"Pfft." Someone who could not hold her laugh, ended up making some sounds. Wei Ding Ye steady apologized. "I am sorry."

Her mother glared at her angrily. She looked away from her mother. Honestly, she did not do anything wrong.

"Brother Hui,? she is your childhood sweetheart. How can you forget her?" Wei Su Kee interrupted.

Wei Su Kee did not want Chi Yuan to be sad.

"And who are you too?" Once again, Long Hui's question made someone speechless.

"Pfft.."Wei Ding Ye could not her laugh again.

"I come here just to introduce my woman to you. Whether you like it or not, it is not my concern." Long Hui said arrogantly.

"You...!" Grandma Wei felt angry with this grandson of her.

This grandson really liked to go against her order. Like his mother. She did not expect her first daughter to go against her order and secretly join the military. And now her daughter's son was doing the same thing.

"It has been a while since Hui returns to our house. Let's not fight on a trivial matter." Grandpa Wei said. Then he told the maid. "Prepare the food now."

The maid went to serve the food on the dining table. So,? they went to the dining room. Everyone took their own seat. Grandma Wei asked Chi Yuan to sit beside her.

No one seemed to mind it since they knew that Grandma Wei liked Chi Yuan so much.

Chapter 844 - 844: Annoyed

Chi Yuan proudly took a seat beside Grandma Wei. She turned to look at Yu Qi to show off. But she ended up gritted her teeth when seeing both Yu Qi and Long Hui did not pay attention to them.

Wei Ding Ye who saw the scene smirked. 'This Chi Yuan will lose her face someday.' She turned to her right. Then seeing her brother with an indecipherable expression on his face.

"Brother,? what happened with you?" Wei Ding Ye asked her brother.

Her brother was Wei Su Zien. Well, he was very shocked seeing the girl that he interested in, currently together with his cousin. He really did not expect that.

"Nothing." Wei Su Zien shook his head and turned his head to the food. He ate silently.

"By the way, Miss Tang, who is your family?" Grandma Wei asked.

"I had been adopted to Tang Family about five years ago." Yu Qi answered normally.

"Adopted?" Wei Su Kee turned to Yu Qi. "You are an orphan?"

"Yes, is there something wrong with that?" Yu Qi did not feel anything about her orphan status.

"Nothing." Wei Su Kee shook her head and looked down after getting a sharp glare from Long Hui.

Her cousin did not change at all. If the glare could kill, his glare already killed her many times before.

"So, you did not know your origin?" Grandma Wei snorted.

"Is there something matter?" Yu Qi looked at Grandma Wei.

"How can you marry my grandson with that identity?" Grandma Wei glared at Yu Qi.

"Who is going to be my wife is my own matter. You don't have the right to stop if I want to marry her." Long Hui defended his beloved Qi Qi.

"Unfilial grandson." Grandma Wei became angry when seeing his grandson protected that wench like that.

"Grandma, don't be too angry. It is not good for your health." Chi Yuan rubbed Grandma Wei's back.

Long Hui wanted to retort but Yu Qi grabbed his hand. He turned to his beloved Qi Qi seeing her shaking her head. Because of that, Long Hui became silent and started picking the dish, putting the dish into his beloved Qi Qi's bowl.

"What? You don't have your own hand to pick the dish?" Grandma Wei started to attack Yu Qi again.

First and second, Yu Qi could hold back. But after being attacked multiple times, Yu Qi became annoyed about that. Yu Qi slowly turned to Grandma Wei and return a look at her.

"What is that look?" Grandma Wei asked in angry.

"Mrs Wei, it is Brother Hui's doing to pick up the dish and putting them into the bowl. If you are so jealous about that, you can ask Grandpa Wei to do the same thing to you." Yu Qi smiled as she replied that to Grandma Wei.

"What?" Grandma Wei's face became so red.

Wei Ding Ye could not hold back her laugh and laugh for a short time. She stopped when her mother pinched her arm. However, she still laughing in her heart. Her cousin's future wife was very brave, replied to Grandma Wei like that.

Usually, no one could speak like that with her grandmother except for her cousin,? Long Hui. Now his cousin's future in law was adding to the number. Well,? not like she was afraid to speak like that to her grandmother but received the nagging from her mother afterwards was more painful than ever. So, she restrained herself to talk like that to her grandmother.

Long Hui was putting a pampered face when seeing at his beloved Qi Qi. He still picked the dish and putting into Yu Qi's bowl.

"Eat more. You are so thin." Long Hui said to Yu Qi in a doting tone.

"I am not thin." Yu Qi pouted however she still picked the dish that Long Hui put in her dish and ate them.

"Really? I need to clarify them later. On the bed." In the last sentence, Long Hui whispered to her ear slowly making Yu Qi gulped.

Everyone who saw the interaction had a various reactions. But they had the same thought. 'This couple really knew to feed them with the dog food.'

Chi Yuan clenched her fist under the table seeing the scene in front of her. The scene she never thought that she would be seeing in her life.

Now when she saw Long Hui talked a lot to a woman, she felt bitter. Even after Long Hui entered the military, she secretly followed and updated the news about him.

She was proud of Long Hui's achievement. He was a promising soldier in his generation. Unlike Grandma Wei, she did not hate him to be a soldier. Sometimes, she tried to talk about Long Hui's achievements to Grandma Wei.

Until she heard the news about him dating someone. Of course, she already got the information about Yu Qi. She was just an orphan. How dare that woman tried to convert for her Long Hui? Somehow she forgot that she also an orphan.

Impossible. She tried to convince herself that Long Hui just wanted to play with that woman. Long Hui would eventually find another woman to be his wife. Yeah. A woman like her. A woman like her was suitable to Long Hui. But now the reality crushed her dream.

Chapter 845 - 845: Grandma Wei Faints

Yu Qi requested to go to the toilet. Wei Ding Ye offered to show her the path.

Thinking that the girl was not feeling hostile towards her unlike the other one, Yu Qi accepted the help.

"Cousin in law, my name is Wei Ding Ye." Wei Ding Ye introduced herself.

"I know." Yu Qi said.

"What? Do you already know me?" Wei Ding Ye was surprised.

"Well, Brother Hui has told me." Yu Qi smiled.

Long Hui told everything that he knew about Wei Family. Wei Ding Ye was the daughter of Long Hui's second uncle. She had a brother which was Wei Su Zien that Yu Qi got to know from Gu Ning.

Long Hui told her that Wei Ding Ye was a rebellious girl. She did not like to follow what Grandma Wei wanted her to follow. She sometimes retorted what Grandma Wei's say. However, she was quite obeyed her mother.

When Yu Qi observed Wei Ding Ye in the dining room, she knew that she was Wei Ding Ye.

"Oh,? Brother Hui has told you about Wei family. I have thought he has already forgotten about us." Wei Ding Ye said. "Actually I will like to hear the story of how you have met Brother Hui and how do you make him fall in love with you. But we do not have time right now."

"No problem. We can exchange the number. If you come to FINN City,? we can meet each other. By the way,? you can come to my engagement party two weeks later." Yu Qi said.

"Hmm... Sure. I will go." Wei Ding Ye nodded.

Meanwhile, in the living room,? everyone gathered back to the living room after dining.

"Hui,? you have already decided to tie with her?" Grandpa Wei asked again, taking advantage that Yu Qi was not there.

"Of course. What? Do you think I am playing with her?" Long Hui raised his eyebrow.

"She is an orphan." Grandma Wei said. She could not accept someone from unknown background married to her grandson.

"Grandmother,? you seem to forget that I am also an orphan." Long Hui stated the point. n))O**Ver**bln

"But she does not know her origin. What if her parents are crazy people,? what will you do?" Grandma Wei fought.

"No need for you to worry about that.? She has already recognized her biological family. Her biological family is a normal family.." Long Hui said lazily.

"Who is her real family?" Grandpa Wei asked.

"Well, I will not tell you. That does not matter to me. I just hope that she will be my wife sooner." Long Hui said.

"Hui, I am telling you that the girl is not suitable for you." Grandma Wei did not give up. She wanted Long Hui to end the relationship with Yu Qi.

"Then, tell me. Who is suitable for me?" Long Hui asked his grandmother.

"Of course,? Xiao Yuan here. She is very suitable for you. She will be a good wife. She will listen to you." Grandma Wei promoted Chi Yuan that sitting beside her.

"Since she is an obedient person..." Long Hui paused for a moment.

Chi Yuan was participated to hear Long Hui next sentence.

"You can ask her to stand by your side. I don't need her." Long Hui's sentence crushed Chi Yuan to reality. Her shyly smile just now changed to an awkward smile.

"Unfilial grandson." Grandma Wei shouted angrily to Long Hui.

Her anger made her blood rising. It made her wanted to collapse.

"Grandma!!!"

Everyone shouted when seeing Grandma Wei collapsed with this. Even Long Hui stood up with a worried look. Even he did not expect that his grandmother would faint like this.

"Step aside. Give her a room to breathe." There was a loud voice that gave the order.

Everyone saw Yu Qi.

"Don't you hear me?" Yu Qi's face making everyone moved,? giving some space.

Yu Qi stepped forward,? approached Grandma Wei. She brought out something from her pocket. Well,? in reality, she just pulled that from her space. It was her acupuncture needles bag.

"What are you trying to do?" Chi Yuan asked angrily whens seeing Yu Qi pulled out a long silver needle.

"Do you still want to save her?" Yu Qi glared at Chi Yuan sharply.

Seeing Chi Yuan was stunned,? Yu Qi ignored her. Using her needles, she stabbed at several acupuncture points. Grandma Wei's blood pressure was increasing. Because of that, she was about to get a stroke and even worse a heart attack.

"Call the doctor." Yu Qi said.

Wei Su Zien quickly grabbed his phone and called their family doctor to come to their house. Luckily for them that their family doctor lived not far from their house.

When the doctor came, he was shocked to see Grandma Wei covered by the needles.

"You have brought the medicine, right?" Yu Qi asked.

"Yes." The doctor was bluffed with the scene. However, he got on his knee and gave an injection to Grandma Wei. Seeing Grandma Wei already breathed normally, Yu Qi slowly pulled out the needles from Grandma Wei.

"Is this your work?" The doctor asked with a shocked face.

Hearing the doctor's tone seemed to be angry,? Chi Yuan started to attack Yu Qi.

"Doctor Guan, she has done it. What has happened to Grandma? Is she hurting Grandma? Miss Tang, even Grandma doesn't like you, you can't do that." Chi Yuan said in an advising tone but she actually accused Yu Qi of doing something to Grandma Wei.

Chapter 846 - 846: Giving The Gift

Everyone looked at Chi Yuan. She should not say something like that. Everyone knew that Yu Qi was trying to help Grandma Wei.

"No... No... No... I mean it is amazing work. Miss Tang's acupuncture is very brilliant. It has helped Old Madam Wei breathes and stopped Old Madam Wei from getting a stroke and a heart attack. With her first aid, Old Madam Wei can hold on until getting the injection from me." Doctor Guan said.

"What?" Grandpa Wei was shocked when listening to Doctor Guan's explanation.

"Yes. Her increased blood pressure has triggered it. However, Miss Tang's acupuncture skill has saved Old Madam Wei." Doctor Guan nodded.

"Thank you, Miss Tang." Grandpa Wei said. "Someone bring my wife to the room. Let her rest properly."

"I will bring mother inside, father." Wei Ji Nan, Long Hui's second uncle said.

"Hmm..." Grandpa Wei nodded.

Grandpa Wei turned to Yu Qi and saying thank you to her. Yu Qi was just smiled.

"It is nothing. It is my job as a doctor." Yu Qi shook her head.

"Oh, Miss Tang, are you a doctor too?" Doctor Guan asked.

"Well, to be exact, I am a doctor to be. I have just finished my study." Yu Qi explained.

"Oh, how about come and work at Sinang Hospital? You can be my apprentice." Doctor Guan invited.

"Actually, I have already been hired by another hospital." Yu Qi said.

"Which hospital? Sinang Hospital is good." Doctor Guan promoted his workplace.

"Well, it is Tang Private Hospital." Yu Qi stated the hospital.

Yu Qi could see Doctor Guan's expression changed from wonder to shock.

"You mean the hospital that Doctor Tang Jiang Man has founded?" Doctor Guan asked excitedly.

"Yeah." Yu Qi nodded.

"No wonder. You must be very good to be hired into that hospital." Doctor Guan nodded several times.

"Huh?" Yu Qi tilted her head.

Seeing Yu Qi seemed did not understand what he meant by that, he said. "Only the best doctor can be hired into that hospital."

"Oh..." Yu Qi nodded.

"Well, it is already late. I need to return home. If something happens to Old Madam Wei again, feel free to call me." Doctor Guan excused himself.

After seeing Doctor Guan left the house, Long Hui approached his grandfather.

"Grandfather, I am sorry for making grandmother like this." Long Hui apologized. He did not mean to make his grandmother fainted like that.

"Never mind. It is not your fault." Grandpa Wei sighed.

"Brother Hui, let's go and take the gift." Yu Qi whispered to Long Hui.

"Okay." Long Hui nodded. "Grandfather, we will go out for a moment to take something."

Yu Qi and Long Hui went to their car and took a box from the car. Yu Qi wanted to help Long Hui to the box too but Long Hui refused. *nove.l&/In*

"I can bring it. You should depend more on me. I am very strong. You know that." Long Hui winked to Yu Qi.

"You. Saying something like that." Yu Qi glared.

"What? I have just stated the truth. Oh, my beloved Qi Qi must be thinking something else." Long Hui grinned.

Yu Qi could not reply since they already entered the house.

"What is this?" Grandpa Wei asked.

"It is her gift to all of you since it is her first meeting with you." Long Hui said.

"What? You mean all of us?" Wei Ding Ye asked.

"Yeah. It is a small gift from me. Forgive me if it is something that you don't like. I have already written your name on your gift." Yu Qi said while smiling.

Without feeling anything, Wei Ding Ye came forward and brought out the gift from the box. As Yu Qi said, she already wrote the name on the gift. Wei Ding Ye ended up distributing the gift to their family members.? Everyone got one. Except for Chi Yuan.

"Oh, someone does not get the present." Wei Ding Ye said.

"What? Who? Brother Hui has already informed me of the number of people in the family. It is impossible to get it wrong." Yu Qi asked panicking.

"It is our who Sister Yuan has not gotten the gift." Wei Ding Ye said.

"She is not our family member." Long Hui dropped the bomb.

Chi Yuan was very upset hearing Long Hui saying something like that. She was sure that Yu Qi was one who has influenced Long Hui to say something like that. Yu Qi was doing this to show her that she was nothing. Humph! She would not give up.

"It is okay. I am not interested in her gift. I will go and see Grandma before leaving." Chi Yuan said and left the living room.

Wei Su Kee looked between Chi Yuan and Yu Qi. She was feeling complicated. She did not expect to see the girl who has helped her recently, was actually his cousin's girlfriend. Judging from Yu Qi's actions on that day and just now that she helped her grandmother without hesitation, Wei Su Kee felt that Yu Qi was a good person.

Wei Su Kee told herself that she would be upset if his cousin ended up marrying a bimbo but Yu Qi was a good person. Sigh... She felt that Chi Yuan would not have a chance to be her cousin in law.

"Wow, it is the full set of Qi Qi Skincare. Owh, I really want to buy this face mask but it always out of stock." Wei Ding Ye already opened the gift.

"Ding Ye." Her mother glared at Wei Ding Ye.

Wei Ding Ye gulped. Then she just grinned.

"You can order online. The factory will directly send them to you." Yu Qi had time to promote her product.

Chapter 847 - 847: Refused To Stay Over

Seeing Wei Ding Ye opened the gift in front of Yu Qi,? they also took a look at their gifts. Some of them received the branded bags,? shoes and Qi Qi Skincare products. There were some of them that received an accessory.

Yu Qi chose the item according to the preference that Long Hui told her. So, she did not know whether she got the right thing to give them.

"Wow, Father, is that inkstone which is made from the black jade?" Wei Ji Nan asked his father when he saw his father touched the black thing.

"Yeah." Grandpa Wei smiled.

Actually, he was very surprised to see the gift. He did not expect that Long Hui's future wife would give him a black jade inkstone. She had really put some effort by thinking which things would suit their interest.

He could see that his family members liked the gifts so much because it suited their interests. Like him, he really likes the inkstone. And this inkstone that he had just received was the rarest inkstone ever.

"Yu Qi, is it okay to give me such a precious thing like this?" Grandpa Wei began to address Yu Qi with her first name.

"I am happy that Grandpa Wei likes the gift." Yu Qi smiled.

"But something like this can be given to your grandfather." Grandpa Wei said.

"My grandpa does not like something like this. He will only be happy if I give him the rarest seeds of herbs instead." Yu Qi chuckled when remembering Grandpa Tang.

"Oh..." Grandpa Wei knew which grandfather Yu Qi spoke about. It must be her current grandfather who had adopted her five years ago. Of course, he knew about Yu Qi. Because he did investigate her.

'What an impressive woman.' This was what he thought when reading the information.

"Grandpa Wei,? here is some drink that can benefit your health." Yu Qi gave some bottles to Grandpa Wei.

"This?" Grandpa Wei asked.

"This is something that I have created that can improve a person's health. You don't need to worry about it. My family also drinks it. Especially my grandpa, he really likes it. Owh, Grandpa Feng also likes it. He has told me his body felt stronger after drinking it for a while." Yu Qi gave an assurance.

"Grandpa Feng, you mean that Feng Mo?" Grandpa Wei asked.

"Yeah." Yu Qi nodded.

"You can ask Grandma Wei to drink it too but please don't tell that this drink is from me. I am afraid that she will not drink if she knows about that." Yu Qi told Grandpa Wei.

"Don't worry. I know about that. I guess you should do that too." Grandpa Wei looked at all his family members.

"Yes, Father."

"Yes, Grandpa."

The family members said.

Long Hui pulled Yu Qi to him. "Since everything is already settled, we will excuse ourselves."

"Why not the two of you spend the night here?" Wei Ding Ye's mother suggested.

"Yeah." Wei Ding Ye nodded. She also agreed if they could spend the night here. She could ask Yu Qi to sleep with her because she wanted to have a talk with her. That would be awesome.

"No need. We will go back to our hotel. Grandmother will be furious when seeing us tomorrow." Long Hui rejected and gave them an excuse.

Well,? actually,? the reason why he did not want to spend a night here was not because of his grandmother,? but Wei Ding Ye. Wei Ding Ye had the same eyes as Feng Yue when she wanted to covert his beloved Qi Qi.

If he stayed here,? he would not be able to be together with his beloved Qi Qi tonight. He was also angry when he spent his time together with Yu Qi, they were just talking about Wei Family. After that,? they prepared the gifts for the Wei Family.

And now, Wei Ding Ye could be coming for Yu Qi if they stayed here for a night. No,? he would not let that happened.

"It is okay if you don't want to." Grandpa Wei said. He was also thinking the same thing. "I also think your grandmother needs time to cool down. You can come back later."

"Okay." Long Hui nodded.

"I will visit you all again before returning to FINN City." Yu Qi said.

"Hmm... Be careful on the way." Grandpa Wei advised.

The couple finally left.

"They do match each other." n/(OVELbIn

"I have never thought that Xiao Hui will marry."

"Yeah. Never thought that he will find an amazing woman like her."

Uncles and aunties of Long Hui praised Long Hui's choice. Chi Yuan who had just came down from the upper floor where Grandma Wei's room was,? heard that.

Chi Yuan could not accept that. The only woman suited for Long Hui the most was her. She had talent in music. Piano, viola, flute and many soft instruments, she could master. She was suitable for him.

Even though she hated Long Hui's job right now, she would persuade Long Hui to quit being a soldier and he could start a business.

When she heard that woman was in Capital City, she thought that she could destroy her reputation first. Grandma Wei hated unchaste women. If Grandma Wei knew that the woman that Long Hui liked was a mistress, she would definitely reject that woman.

However, she got nothing from the old man she had hired. That old man ended up going to jail. Yeah, she was the one who had hired the old man in the restaurant this morning. She was not afraid of anyone since the old man would not be able to recognize her.

Chapter 848 - 848: Using The Young Age.

Long Hui was facing the small creature in front of him right now. Yeah, right now, he was in his beloved Qi Qi's space. And was facing the ferret about which she had been talking about. It was really a ferret.

Yu Qi was in the kitchen preparing the food for her three little cuties. Yeah, she already had three. Long Hui was also sitting nearby so he could watch his beloved Qi Qi.

"He is Master's boyfriend," Aoi said to Shino.

"Then, you are the one who makes Master cry," Shino said angrily.

"Oh, crying you say?" Long Hui grinned.

"What are you grinning about? Aoi has told me that Master cries whenever you are with her in the room." Shino gritted his teeth when seeing Long Hui still had some nerve to grin after hurting his master. Even though he was here not long ago, but he already liked his master. He did not want her to cry.

"That dog does not tell you what have I been doing with her?" Long Hui asked, still grinning.

"He does not need to tell me. Master was crying, shouting because you probably hurt Master. What else?" Shino said.

"Oh, you don't understand. Humans especially women liked to cry and shout, not only because she was hurting but..." Long Hui could not continue the words since he felt something hitting on his head.

"Don't teach him weird things." Yu Qi said in a blushing face.

Yeah, Yu Qi hit him on the head. He chuckled.

"But, Qi Qi, if I don't explain probably, he will not understand." Long Hui pretended to sigh.

"Shino, don't worry. He is not hurting me." Yu Qi said.

"But, Aoi says, you are always crying when you are with him in the room," Shino said innocently.

Yu Qi: "..."

Long Hui: "Hahaha."

Yu Qi was speechless while Long Hui was laughing. Yu Qi glared angrily at Long Hui. Long Hui understood and stopped laughing. He was waiting for Yu Qi to explain. He wondered what excuse that she would be using since she did not want to tell the truth.

"Shino, how long have you lived until now?" Yu Qi asked suddenly.

Long Hui was confused.

"As I can remember, one year." Shino thought about that.

"Oh, meaning, Shino is still young. I will tell you when you are older, okay? But don't worry, he is not hurting me. If you heard that I am crying when I am together with him in my room, just ignore that, okay?" Using Shino's young age, Yu Qi dodged the question.

"Oh, I see. I will wait until then." Shino nodded.

"Let's go over there. I have finished cooking and am about to serve." Yu Qi led Shino away.

Long Hui saw that Yu Qi had left. He then laughed. His beloved Qi Qi really knew how to dodge the question by using the young age. He never thought that it would work on the animal.

Seeing Yu Qi serving Bo Ya and others made him think about having children with Yu Qi. Two of them should be enough. One son and one daughter. The son should be the older one so that he could protect his younger sister.

"What are you thinking with the serious face?" Yu Qi appeared in front of Long Hui after letting her little cuties eat on their own.

"Thinking our future children." Long Hui wanted to see his beloved Qi Qi's reaction.

As he expected, his beloved Qi Qi blushed hard.

"Why are you thinking?" Yu Qi asked to hide her embarrassing thinking.

"It just appears in my mind when I saw you being with Bo Ya. 'Oh, she could be a lovely mother for my children.' That is what I thought just now." Long Hui said.

"Do you like children?" Yu Qi asked.

"It will be a lie if I tell you that I like them. But if they are our children, I will love and protect them as a proper father." Long Hui had been honest.

Before meeting Yu Qi, he really did not like the children. He grew up in the Wei family. So, he was bound to meet other children. He hated to spend his time with his cousins.

Yu Qi grabbed Long Hui's hand and smiled. "I know that you will be a great father to our children."

"Oh, can we have children right now?" Long Hui tested.

Yu Qi gulped. Seeing this, Long Hui smiled. While he was sitting and Yu Qi was standing in front of him, his arm went around Yu Qi's waist. He was hugging her.

"Don't worry. I will not force you. I will wait for you to be ready. I am also not ready to share your attention with someone else." Long Hui said while hugging Yu Qi.

Yu Qi felt warmth. Long Hui was really considering her.

...

"Mr Qin, I have already moved the men in the dungeon. They still don't want to say something. Do you want to meet them?"

Qin Xia was facing the window when his subordinate came in and reported something. He narrowed his eyes.

"You haven't tortured them enough?" Qin Xia turned and looked at his subordinate.

"We have already tortured them, Mr Qin. But they have a strong mind." The subordinate did not raise his head while answering the question.

"I will go and meet them. I need to ask them why they were keeping an eye on her ." Qin Xia showed his cold smile.

Chapter 849 - 849: Endless Torture

In the basement where the sunlight did not come through, there were several humans who had been tied with the chain on the wall. Their faces were stained with their own blood.

Apparently, the leader was still able to glare at the man who was sitting comfortably on the chair in front of him.

"I guess,? your body is strongest among these men." Qin Xia sneered.

"You must be the boss." The man smiled while narrowing his eyes.

"Tell me. Why are you following her?" Qin Xia asked.

The man smirked. "Since you are so great, why don't you find out yourself?" He tried to spit on Qin Xia,? however, it did not reach Qin Xia at all.

Qin Xia signalled his men. Then the room was filled with the screams of that man. Qin Xia's men knew that their boss did not want to kill these men. So, they lowered the amount of pain that they had made the man suffered.

The man's comrades seemed to be shaking after their comrade being tortured like that.

"If you don't want to suffer anymore and die quickly, feel free to give the information about the order." Qin Xia offered.

"We just have to obey the order." Someone chose to speak up.

"Shut up! Ahhh...." The man who was being tortured just now,? shouted at his comrade telling them not to spit anything.

"Tell more." Qin Xia turned to the man who had decided to speak up after asking his men to cover the other man's mouth with something.

"We have one order... Which states we need to follow the girl 24 hours per day. And report to someone." The man hissed in the pain.

"Report to whom?" Qin Xia asked.

"We don't know. Usually, he is the one who makes the report." The man pointed to the man whose mouth had been covered.

"I have thought so." Qin Xia narrowed his eyes. "So, what is your wish?"

The man wanted to say something. However, Qin Xia cut him off. *noVe(LB)/In*

"Don't dare to ask for release. I will not let you out. Either stay here being tortured or die without pain." Qin Xia asked the man to choose from these two choices only.

The man did not answer right now. He was thinking.

"You only have two minutes. If you don't make the choice after two minutes, you will be tortured right away." Qin Xia continued again.

The man widened his eyes. No... No... No... He did not want to be tortured anymore. Better died quickly.

"I will choose to die. Please kill me." The man asked.

"Okay. Do it." Qin Xia ordered his man.

His man grabbed a long sword and cut off the head of the man. The head was rolling down and stopped at the man's comrade side.

"Torture them again. If they are about to die, heal them. If you see they do not care about dying anymore,? torture them again. You should learn what is the meaning of endless torture. After getting the significant information, tell me." Qin Xia left after giving the order.

He would not let others harmed her again. Even if he became a devil in order to protect her,? he would be one.

...

"Signing the doc.u.ment?" Long Hui asked.

"Yeah. I have an appointment today to sign the agreement. I have purchased a land in here." Yu Qi grinned.

"Where? I will accompany you." Long Hui said.

"Don't you need to visit your grandmother?" Yu Qi glanced at Long Hui.

"We will visit her before we return to FINN City." Long Hui said.

"Okay." Yu Qi just nodded. She did not want to force Long Hui as he was doing to the same thing to her.

"We have arrived." Yu Qi said.

In front of them, there was a huge building. They stepped inside. The receptionist saw Long Hui and immediately displayed a sweet smile.

"Welcome, sir. What can I do for you?" The receptionist asked Long Hui.

Feeling indifferent about that, Yu Qi answered. "I have an appointment with Mr Wang."

Turned to answer Yu Qi, the receptionist's face changed 180 degrees, from smiling to frowning. "Not everyone can meet with Mr Wang."

"I have already said that I have an appointment with Mr Wang. Can you please check it first?" Yu Qi still spoke in a soft tone.

"I have already..." The receptionist wanted to continue, however, someone came and greeted Long Hui.

"Hui, what a surprise." Chi Yuan greeted Long Hui. "What are you doing here?"

"Miss Chi, what a surprise too." Yu Qi greeted Chi Yuan when seeing Long Hui did not have any intention to reply to Chi Yuan.

Chi Yuan's smile face changed for a few seconds before returning back to normal. Yu Qi could see that Chi Yuan was hurt by Long Hui's action.

"What is your purpose for coming here?" Chi Yuan maintained her smile.

"Well, I have an appointment with Mr Wang. But this receptionist does not bother to check about it and telling me that 'not everyone can meet with Mr Wang.'" Yu Qi shifted their attention to the receptionist.

The receptionist was trembling. Turned out that they and Miss Chi Yuan knew each other. She was in trouble.

"What are you doing? You should do your job, check their appointment." Chi Yuan said to the receptionist.

"I am sorry, Miss Chi. I don't know that they are Miss Chi's friends." The receptionist apologized.

"Oh, it seems in order to ask the receptionist to take a look at the appointment list, they need to be your friend first." Yu Qi smirked.

Chapter 850 - 850: Sign The Agreement.

"I... Hmm... No... That is not what I have meant." The receptionist shook her head.

"Never mind about that. Can you check the appointment list, right?" Yu Qi waved her hand telling her that she did not care about that.

"Okay. I will check it right now." The receptionist quickly checked it for Yu Qi.

"Your meeting with Mr Wang at 10 a.m., right?" The receptionist asked for confirmation.

"Yeah." Yu Qi nodded.

"Wait a minute. I will inform Mr Wang's secretary telling her that you are also here." The receptionist treated Yu Qi with more respect right now.

"Okay." Yu Qi replied.

The receptionist quickly called Mr Wang's secretary and told Yu Qi's arrival. After a few minutes, the receptionist ended the call.

"Ms Tang, Mr Wang's secretary has told me that you can go up right now. I will call someone to guide you right now." The receptionist said.

"No need for that. I can guide Ms Tang." Chi Yuan offered herself to help.

Yu Qi looked at Chi Yuan while narrowing her eyes. She then smiled. "Sure, why not? Ms Chi, thank you in advance."

"Follow me." Chi Yuan said.

So, Chi Yuan led Yu Qi and Long Hui together up. They ride the lift.

"So, Msm Tang, what is the business you have with my uncle?" Chi Yuan was being friendly.

"I have bought land from him. So, today, I have come to sign the agreement with him." Yu Qi replied to her with a lazy voice.

"Oh, your family and Hui must be giving you a lot of money." Chi Yuan commented.

"Giving me money?" Yu Qi smirked. "I use my own money, the money I have earned myself."

"Oh, I am sorry. I have thought someone has given it to you to buy the land." Of course, Chi Yuan did not believe what Yu Qi was saying. Yu Qi was a girl who had just graduated from university. She did not have a job or source of income.

They arrived at the floor where Mr Wang's room was.

"Ms Chi, thank you for leading Mr Wang's guest here." A s.e.xy woman came and thanked Chi Yuan.

She then turned to the guests behind Chi Yuan. The first person that she saw was a handsome and tall man. Her eyes widened. She had never seen such a handsome man like him.

Ignoring the woman who stood beside Long Hui, the s.e.xy secretary smiled seductively at Long Hui while saying, "You must be the one who wants to meet our Mr Wang. Welcome. Let me lead you inside."

"Ms? Secretary, it is me who wants to sign the agreement with Mr Wang." Yu Qi interrupted her.

"What?" The s.e.xy secretary looked shocked.

"What? Don't Mr Wang tell you that Ms Tang will come?" Yu Qi tilted her head.

The s.e.xy secretary thought about that for a moment. Referring to her memory, Mr Wang indeed was telling her that a young woman would come to sign the agreement with him.

"Oh, I am sorry. I have made a mistake. Come, Mr Wang has been waiting for you." The s.e.xy secretary changed her tone. n--o--v--e/1/-B-)l--n

"Ms Chi, thank you for guiding us here." Yu Qi turned to Chi Yuan who was still standing over there.

"You will go and see my uncle, right? Hui must be alone here waiting for you to finish the deal. I will accompany him." That was what she was aiming for.

"No need for that. I will enter with her too." Long Hui rejected the idea.

"But..." Chi Yuan wanted to say something again but Long Hui's eyes made her closed her mouth.

The s.e.xy secretary looked at the situation with a smile. 'Looks like Ms Chi is also aiming for this young handsome man. Too bad.' She looked at another young woman. 'Ms? Chi has already lost in terms of appearance.'

Without considering Chi Yuan, Yu Qi walked away following the s.e.xy secretary with Long Hui following her from behind.

Chi Yuan clenched her fists. She took a deep breath. She calmed down herself. 'Calm down, Yuan. You have Grandma Wei's backup. That woman doesn't have anything.' She was still delusional because she thought having Grandma Wei's backup would make Long Hui hers. She did not realize yet that Long Hui would not listen to Grandma Wei anymore.

In the room, Mr Wang sat properly in front of Yu Qi. He did not dare to do anything since the cold eyes were silently watching him... Telling him that he would die if he wanted to do anything.

Of course, he recognized the man who was sitting beside the woman. Who did not know 'Long Hui', the promising young man in the military, the only grandson of the Great General Long Fei Yi? And now he was sitting in front of him guarding the woman silently.

He was very relieved when he thought about the last time he met this woman remembering that he did not do anything whatever that would ignite Long Hui's anger. If he continued what he wanted to do in the first place, he thought that he would probably have already died right now.

To think about, the woman also had a dangerous vibe, the same as Long Hui. What a matching couple.

"Mr? Wang?" Yu Qi tried to call Mr? Wang when she saw him daydreaming.

"Oh, I am sorry. I am thinking about something else just now." Mr Wang snapped back to reality.

"I have already read the terms in the agreement. Everything is okay. I can sign it right now." Yu Qi said. She had already read all. No hidden terms stated. Overall, she was satisfied.

"Okay, let's sign the agreement now." Mr Wang nodded.

He wanted this meeting to end quickly. So, that he could be released from the frightening stare coming from Long Hui.
