

INTELLIGENT 861

Chapter 861 - 861: Using Her Full Strength

Yu Qi entered her space for a moment.

"Master." Three little cuties came and greeted her.

"Shino, I need your help." Yu Qi asked.

"Okay." Without any explanation from Yu Qi, Shino agreed.

Yu Qi grabbed Shino and got out. Shino was curious about this.

"What can I help you,? Master?" Shino asked.

"Shino, do you remember my boyfriend?" Yu Qi asked.

"Yes, Master." Shino nodded.

"I want you to go to him and watch him." Yu Qi said.

"Okay." Shino nodded. He quickly disappeared.

Yu Qi sat on the seat, fasten her seatbelt. She wanted to use the new skill that she knew.

...

"I can see from Shino's eye." Yu Qi exclaimed.

"What?"

"I see it myself. Oh, it is the point of view from Shino's eyes." Yu Qi nodded.

"Master," Aoi called her.

"Oh, sorry." Yu Qi was immersed in this skill.

"As I tell you, I can see through Shino's view." Yu Qi stated again.

"It must be Shino's unique skill." Bo Ya assumed.

"What do you mean, Bo Ya?" Yu Qi asked.

"Blood contract can activate the skill of the beast." Bo Ya explained.

"Then, what is my skill?" Aoi asked.

"It should be smell tracking. Remember that when Master asked you to find that man, you could still find him even though he was far away from you,? right?" Bo Ya asked.

"Yeah. I remember it." Aoi nodded.

"That is your unique skill and Shino's unique skill to share his view to Master. Allowing Master to see things from his perspective." Bo Ya explained.

Clap... Clap... Clap...

Yu Qi,? Aoi and Shino were clapping together.

"What is it?" Bo Ya asked.

"Bo Ya is so smart." Yu Qi patted his head.

"Yeah. Bo Ya is very smart." Aoi nodded.

"Bo Ya,? you are so great," Shino added.

Bo Ya became embarrassing when they suddenly praising him. His face became red. Yu Qi saw it and lifted him up.

"Bo Ya, you are so cute." Yu Qi hugged Bo Ya.

"It is not fair. I want Master to hug me too." Aoi protested.

"Okay... Okay... Come... I will hug you. Shino, you too." Yu Qi was smiling as she watched her three little cuties.

.....

Shino started using his skill allowing his master to see from his eyes. Yu Qi could see that Shino entered the c.o.c.kpit room. Then she saw Long Hui worked together with the pilot.

"Sir, the fuel tank is leaking." The first pilot said as he saw the tank was emptying so quickly.

Long Hui frowned as he heard another problem arose.

"How long will it last longer?" Long Hui asked.

"Probably in twenty minutes." The first pilot answered.

"Increase the speed. We need to get above the ocean quickly." Long Hui ordered.

"Yes,? sir." The first pilot nodded. He understood that.

They were quickly trying to get the plane as low as they could to decrease the impact. But still, they were at a high altitude when the engine suddenly died.

"Everyone,? prepare for the impact." The first pilot announced it.

The falling was very fast. Even Yu Qi could feel the gravity.

Bang!!!

The plane fell into the ocean. It was a big impact. Luckily Yu Qi fastened her seatbelt, otherwise, it would be terrible.

Yu Qi opened her seatbelt and stood up. She quickly ran to the c.o.c.kpit. She wanted to check Long Hui.

Well,? Long Hui was thinking the same too. He was relieved that his beloved Qi Qi did not seem to be injured or anything.

"Shino, come to me." Yu Qi called Shino.

Shino ran to Yu Qi. She quickly put him back into her space.

"Let's get out from the plane. It would be dangerous if the plane sink." Long Hui said.

"Everyone, please wear the life jackets." Yu Qi said.

She did not want them to drown after escaping the plane. The crew quickly brought the life jackets to everyone.

The first pilot tried to open the door using the automatic button but it would not work anymore. The window also could not be used to escape since it was too small. The other men tried to kick the door open but still not working.

"Step aside." Yu Qi suddenly said.

Everyone was wondering what this girl wanted to do. However, everyone stepped aside as they saw Long Hui behind the girl.

Yu Qi thought it was the best time to utilize her full strength. She never thought that she would be using her full strength here.

She approached the door. She took a deep breath. She opened her eyes. Then she opened her eyes sharp. With that, she kicked the door.

The door straight unplugged from its place. It even had shaped in the middle of it.

Everyone was shocked seeing this. How strong was this girl that she could unplug the door from its place just like that? The men were looking more shocked since they had already tried to kick the door and still the door did not move.

"Everyone, let's go out." Yu Qi's voice made everyone realized that they were still in a dangerous situation.

The water already flew in. They swam to get out of the plane. Everyone swam to the surface. They were very lucky to get out of the plane safely.

Chapter 862 - 862: Went To Spirit Room

"Secure the area. Recover the plane and investigate the matter." Long Hui ordered the people from the military.

"Yes, Sir." Major Captain Yuan was in charge of the nearby military compound answered.

Actually, he was surprised to see Long Hui here. Well, to be honest, he could not believe that the order came from the 'Long Hui' himself. He thought someone was using the 'Long Hui's name.

He came here to see who was very brave enough to use that name. Turned out, that person was Long Hui himself.

He quickly recomposed himself. Long Hui quickly told him about the situation. From Long Hui explanation, it should be a man-made accident.

Long Hui was telling so since the first pilot told him that the crew already made the inspection of the plane. Everything was good and normal. Nothing was wronged before they took off.

'The problem occurred after they took off. It must be someone's plan. Whose were they targetting? What was their purpose? Whatever the reason, he would not let them go since they had already endangered everyone lives especially his beloved Qi Qi's life.

Yu Qi was also thinking about that. Not like she was not noticing that there were few people who were following and observing her. However, she did not want to react because they seemed to follow her when she was around other people. That made them difficult to settle because she was afraid that they would do anything like taking the hostage.

"Miss, thank you." A woman from the crew came and thanked Yu Qi.

"Huh?" Yu Qi did not understand why was she thanked her.

"Because of you, we can get out safely from the plane because it sinks to the bottom of the sea." The woman said.

"Oh..." Well, she did not think much when she decided to kick the door. Her only focus was to save Long Hui.

"Yeah, Miss Tang, thank you." People who in the plane just now, came and thanked her.

Yu Qi just nodded and smiled.

Long Hui came to Yu Qi's side after settling his duty.

"Are you okay?" Long Hui asked.

"Yeah. I have already asked the military to take control of the situation. The military will investigate this matter properly." Long Hui said.

"I see." Yu Qi nodded. "Then, where are we staying tonight?"

It was already 8 o'clock in the night. They needed some rest.

"We are staying at the nearby military compound for tonight." Long Hui said.

Even though it was not guarantee safe but still, it was much safer than staying at the hotel.

"Sure. I don't mind." Yu Qi knew the reason why Long Hui decided so.

.....

Yu Qi looked at the sky. She could not sleep. Long Hui was not around after dinner. He probably went to ask about the investigation regarding the plane.

She was worried about what if the enemy attacked her family. She needed to confirm. She entered the space and directly went to Spirit Room. It had been a long time since she used the room.

The three little cuties also followed her from behind.

Yu Qi made a wish that she wanted to see Grandpa Tang right now. The monitor quickly showed Grandpa Tang right now. She was more worried about Grandpa Tang since he stayed at Shiwa Town.

She was worried because not many people were around Grandpa Tang. If the enemy wanted to make a move, they would probably make a move to Grandpa Tang since he was an easy target right now.

When she saw Grandpa Tang sitting and taking care of the herbs, Yu Qi was relieved. Her grandpa was safe.

Since she was here, it was a good time to take a look at other people too. Grandpa Mu. The monitor screen changed its view.

Grandpa Mu was currently sleeping. Nothing was wrong with that.

She ended up watching all of her family. They were fine.

Wei Zhu Feng. She almost forgot about him. She was still far from getting the clue about the white powder itself. The white powder was good if they used it in a good way.

She had already noticed there was an English person in the room. He was smiling as he saw the situation. Yu Qi did not know this person.

Probably a clue leads to the white powder. He needed to be investigated. Yu Qi saved his picture. She would search for him in the database later.

"Master, I think that man has returned and looking for you right now." Bo Ya suddenly said.

"Oh," Yu Qi remembered that she was asking Bo Ya to take a look in the room outside the space in case Long Hui returned. She would get out as soon as possible.

"I need to go now." Yu Qi said as she left the Spirit Room and the pagoda.

"Brother Hui." Yu Qi called Long Hui when she saw Long Hui was still looking for her.

"Qi Qi..." Long Hui hugged his beloved Qi Qi.

The hug became tight. Long Hui was worried when he returned and did not see her in the room.

"I just come out from my space. I am sorry to make you worry about me." Yu Qi also hugged Long Hui.

"Please don't go missing like this again." Long Hui said.

"Okay." Yu Qi nodded like a good girl.

Chapter 863 - 863: Still Alive

"I heard that yesterday a high ranking officer had come to our military compound."

"Who?"

"It is Colonel Long."

"What? That 'Colonel Long'?"

"Yeah."

"How do you know?"

"I heard from Captain Si Hong. There was an accident yesterday, a plane landed in the sea. Colonel Long was in that plane."

"What? That meant someone plotted to kill our 'Colonel Long'?"

"I don't know about it. However, he was not alone."

"Huh?"

"He was together with his girlfriend."

"The rumour is true? He does have a girlfriend!"

"Yeah, I also heard that they are going to get engaged with each other."

"Sigh... Our Colonel Long..."

"Shhh...."

The friend elbowed her friend to make her shut up her mouth. Her friend turned to her making to scold her but she was silent when she looked at the cafe door.

They could see Long Hui walking into the cafe with a woman. They were shocked when they saw Long Hui and to be honest, they also were shocked when they saw the woman. She was a beautiful woman.

"Is that our Colonel Long's girlfriend?"

"It seems so."

"No wonder Colonel Long who has been cold to other women will be caught by her."

Both Yu Qi and Long Hui walked to get their breakfast.

"What do you want to eat?" Yu Qi asked while looking at the food which was being served.

She did not expect that Long Hui would answer like this.

"You." Long Hui answered while grinning.

Yu Qi stopped for a minute and looked at Long Hui. "Don't play around and choose the menu."

Like an obedient child, Long Hui said, "Yes, Mrs Long." While grinning.

After choosing the food, they sat at the empty table. They ate peacefully, sometimes, Long Hui would tease Yu Qi.

"What do you think about yesterday's incident?" Yu Qi began to speak with a serious tone.

"Someone is aiming for me or you." Long Hui gave his opinion. "The timing of the engine to explode, it is mostly done by the timer explosion. It is almost impossible to say the engine has a problem at the beginning."

"Why? It has the probability to happen." Yu Qi asked.

"It is but the engineer will not let the private plane fly if he detects some problem in the engine since this private plane is usually used for important people." Long Hui said.

"Oh, important people? Like who?" Yu Qi wondered.

"Like our president." Long Hui said.

Yu Qi was stunned as she blinked her eyes several times. "Are you serious?"

"Yeah." Long Hui nodded. "But don't worry. This plane is not the one where we had made love before. That is a different plane."

"..."

Yu Qi was speechless as Long Hui reminded her about their lovemaking when she went to Fanghai Nation with him previously.

Then, at the same time, their phones were ringing.

On Yu Qi's phone, it showed Lin Ming Shu's name who was calling her. Meanwhile, on Long Hui's phone, it showed Liang Mo Han's name.

"They probably have seen the news. Let's answer them." Long Hui said.

"Okay." Yu Qi nodded.

Yu Qi then answered the call.

Lin Ming Shu: "Hello. Is this Yu Qi?"

Yu Qi: "Yes, Sister Ming Shu."

Lin Ming Shu: "Are you okay? Is Hui okay? My husband has gotten the news saying a plane fell in the sea and recognized that it was the plane which the two of you had used."

Yu Qi: "We are okay. We and others had managed to get out before the plane sank into the bottom of the sea."

Lin Ming Shu: "Thank goddess, you are safe."

Yu Qi smiled.

Yu Qi: "Thank you, Sister Ming Shu. We are okay."

Lin Ming Shu: "What happened? How did it suddenly fell in the sea?"

Yu Qi: "Well, we still don't know about this. They are still investigated that."

Lin Ming Shu: "Never mind about that. The most important thing is that both of you have survived."

Yu Qi: "Yeah."

Lin Ming Shu: "Since I already know that you are okay, I will call you again later."

Yu Qi: "Okay. Bye Sister Ming Shu."

Meanwhile, on Long Hui's...

Liang Mo Han: "Is this Second Brother?"

Long Hui: "What do you want?"

Liang Mo Han: "I know. The second Brother will not die yet."

Long Hui: "..."

Liang Mo Han: "What has happened?"

Long Hui: "It is clear that someone wants to kill us."

Liang Mo Han: "Is that person crazy?"

Long Hui: "Probably. I have already begun the investigation."

Liang Mo Han: "Okay. I will try to dig some information."

Long Hui: "Okay."

Liang Mo Han: "By the way, Second Brother, can you send a message in our group chat telling you are okay?"

Long Hui: "Why bother? First Brother will know since his wife has already called Qi Qi. Fifth Brother will know when he will use his skill. As for Fourth Brother, he will eventually know about it."

Liang Mo Han: "..."

Long Hui: "Then,? bye."

Long Hui immediately ended the call without waiting for a response from Liang Mo Han.

"Done?" Yu Qi asked.

"Yeah." Long Hui nodded. "He just wants to confirm that I am still alive."

"Same as Sister Ming Shu. First Brother recognized the plane and became worried. So, she called." Yu Qi said.

"Hmm... Let's return to FINN city using the road." Long Hui said.

"Rental car?" Yu Qi asked.

"No. A military car." Long Hui said.

"Okay." Yu Qi nodded. She did not mind.

"We will depart at 12 o'clock. You can rest before that." Long Hui told Yu Qi.

"No. I will follow you. You want to investigate the incident, right?" Yu Qi smiled. Of course, she would not let it go.

Long Hui sighed. Having an intelligent girlfriend might be stressful since she wanted to come along too. She would not take a 'no' for an answer.

"Okay." Long Hui could only agree with her.

Chapter 864 - 864: Her Safety

Yu Qi joined Long Hui to go onshore. The military managed to pull out the plane body from the sea. The plane was placed in an empty space.

The body was still perfectly attached. The only part of the body that was damaged was where the exploded engine was located. They had already collected the door.

When they passed some soldiers, Yu Qi heard that they were talking about the door.

"Do you see the door?"

"Yeah. It had a leg print on it."

"In order to make it happen, a lot of force was applied to it. It is unbelievable."

"As expected of our Colonel Long. He is so strong."

"No. It was not him."

"What are you saying? If it is not him, then who?"

"According to the survivor, it was a woman. To be exact, it was Colonel Long's girlfriend."

"What? That is impossible."

"That is not impossible. It must be true. If not, how could Colonel Long be interested in a normal girl?"

"F.u.c.k!! That is crazy. Even men don't have that kind of strength."

"Colonel Long!"

One of the soldiers shouted Long Hui's name and saluted Long Hui. Others followed his lead. Long Hui saluted back.

"Where is Major Captain Yuan?" Long Hui asked.

"He is over there." One of the soldiers pointed in one direction.

Long Hui nodded then he walked away with Yu Qi. $n-/o)-v)(\epsilon())1)-b(-l/-n$

"A goddess."

"Yeah. A goddess."

"A goddess with a monster's strength."

"Colonel Long's girlfriend is so beautiful."

Long Hui smirked. He heard that. "A goddess with a monster's strength."

"What? You don't like it?" Yu Qi asked aloof.

"Nope. I like it. How can the woman who I like will be a normal one?" Long Hui smirked again.

They arrived at Major Captain Yuan's place. He was together with several people discussing something.

"How's the investigation?" Long Hui asked.

Everyone heard Long Hui's voice turned to Long Hui and saluted him. Long Hui accepted their salute.

"We have discovered that there are two bombs used in the plane's body. One is at the second engine like Colonel Long's suspected. The second is at the fuel tank." Major Captain Yuan told his discoveries.

"Second bomb? But we have only heard one explosion." Yu Qi said.

Major Captain Yuan looked at Long Hui and saw Long Hui nodding.

"The amount of explosion used on these bombs were different. The one that at the engine used a big amount of explosion. It can be assumed that they used a big amount of explosions because they want to destroy the engine and let the fire spread. The second bomb used a small explosion since they just wanted to make a hole in the tank. That is why only one explosion could be heard." Major Captain Yuan explained.

The culprit was so sinister. He wanted to give no hope to the people in the flight by not destroying it once and all. Having one of the engines, the plane still could fly but without the fuel, the engine would not work.

"The crew of plane inspected the plane and told it was fine when they had to take off. Meaning, someone had installed the bomb after the inspection. Have you already looked at the CCTV where the plane had been inspected?" Yu Qi asked again.

"Yes. After the inspection, no suspicious person entered the plane." Major Captain Yuan explained.

Yu Qi was silent for a moment while looking down. Then she looked up.

"Watch the CCTV carefully. Calculate the inspection team members carefully. That person was probably from the inspection team." Yu Qi ordered.

"You mean?" Major Captain Yuan looked at Yu Qi.

"Yes. They had probably disguised as the inspection team and sneaked in along with the inspection team. They just had that time to install the bomb." Yu Qi explained.

"Everyone, go." Major Captain Yuan ordered.

With that, they moved.

"Let's return." Long Hui said.

"But the investigation..." Yu Qi was reluctant to go home.

"Let them do their work. You have already helped them." Long Hui said.

"How about you? Do you still want to return with me?" Yu Qi asked.

"Yeah. I will send you home first and come back." Long Hui told Yu Qi his plan.

"Why don't you stay here and I will return alone?" Yu Qi did not want to trouble Long Hui. Since he needed to come back here, why don't he just stay and let her return alone? It was a good idea.

"No!" Long Hui firmly rejected the idea.

Of course, he would not agree with that. Leaving her and let her return alone, would be dangerous. Right after this incident. He felt better if he escorted her home.

"But..." Yu Qi wanted to say something.

"No but. It is final. I will send you home." Long Hui did not want to listen anymore.

Both of them were staring at each other. They were battling each other.

There were a few soldiers around that doing their jobs there. Among them, it was Major Captain Yuan. He felt that this girl was very brave to fight with Colonel Long. Even he was not so brave to stare directly at Colonel Long's eyes.

He also heard about the girl's strength. She had kicked the plane door to get out of the plane. Not even men in the plane could do it.

Yu Qi sighed. "Okay. Let's go together." She knew that Long Hui would never give up regarding her safety.

"Okay, then. Let's go, Qi Qi." Long Hui smiled.

Chapter 865 - 865: Watch Them Kissing...

"Yu Qi, welcome home." Ming Yue said when Yu Qi came home.

"I'm home." Yu Qi nodded. It was very good to come home.

"You have also come here." Ming Yue turned to Long Hui.

"Aunt Ming Yue." Long Hui greeted Ming Yue.

"Is your work at Capital City already settled?" Ming Yue asked Yu Qi.

"Yeah. It has been settled." Yu Qi nodded.

"Then, you can focus on your engagement party." Ming Yue clapped her hand. "Only one week is left. We can start decorating the venue. Since it is your engagement party, you can take a look. If you are not satisfied with the venue, we can design it again."

"Okay." Yu Qi was smiling while looking at Long Hui.

"Hmm... I think I'm going to go now." Long Hui looked at his watch.

"Return already? You can stay for dinner though." Ming Yue said.

"Maybe next time. I need to return as soon as possible." Long Hui politely rejected the invitation.

"Brother Hui has already taken his time to send me home, Auntie Ming Yue." Yu Qi said. She knew that Long Hui wanted to return to investigate more about the incident.

"Oh, it is a pity." Ming Yue said. She looked at the couple and understood. The couple probably wanted to say goodbye. "I will go in first."

"Brother Hui, be careful on your way. If that incident is aiming for you, knowing that you are still not dead, the culprit will try again." Yu Qi could not help to get worried about Long Hui.

"I know. You too. You need to pay attention whenever you go out." Long Hui also reminded Yu Qi.

Yu Qi looked at Long Hui and on her tiptoe, kissing Long Hui lightly and only for a second.

"That is not enough, Qi Qi." Long Hui pulled Yu Qi and kissed her deeply. His hand was placed behind Yu Qi's head to deepen the kiss.

They were kissing for two minutes. After that, Long Hui let Yu Qi go. Yu Qi looked at Long Hui with red cheeks.

"You are so delicious, Qi Qi." Long Hui licked his lips using his tongue. This look was very s.e.xy in Yu Qi's eyes.

"You can go now." Yu Qi chased Long Hui away.

"As you wish, my queen." Long Hui said while giving Yu Qi a flying kiss. Then he walked away.

Hearing the sentence, 'As you wish, my queen.', she remembered that night when she was drunk. Long Hui was indeed saying that sentence. Her embarrassment level increased. She was sure that her face was red at this moment.

Yu Qi took a deep breath to cold down her thoughts before entering the house.

However, when she was entering the house, she saw both of her aunties, well, to be honest, their heads were peering to look outside. Then, when Yu Qi saw them, they came out embarrassingly. Yu Qi realized that they might have seen her and Long Hui kissing. Her cheeks began to flush again.

"Aunties, you saw us..." Yu Qi could not finish the sentence.

Ming Yue and Su Xiao looked at each other. They were smiling. It was clear to Yu Qi that they did see her and Long Hui kissing.

"Xiao Hui is so romantic." Ming Yue said excitedly

"Yeah. He probably does not want to leave Yu Qi here but still can not help because of his duty. Sigh..." Su Xiao was also excited.

"I will go to the room first." Yu Qi wanted to run away from her aunties before they started to talk again.

Yu Qi went to her room and brought in her bag and the dog bag. Luckily she remembered to pull out both Aoi and Shino and put them in a dog bag before arriving home. The bag was large. So, it was fit for both Aoi and Shino to stay together inside the bag. Otherwise, Yu Qi would not think the reason if they

saw Aoi and Shino mysteriously appear at the house since they did not see Yu Qi bringing anything besides her bag.

"Come out, both of you." Yu Qi opened the dog bag.

Aoi and Shino came out. Aoi started to stretch his body. He must be uncomfortable sitting in the dog bag even though the bag was large.

Meanwhile, Shino started to look around. He was unfamiliar with this place since this was the first time he was here.

"Where are we, Master?" Shino asked.

"Shino, it is my room. We are at my house." Yu Qi explained.

"I see." Shino nodded.

"Master, I think we need to explain to Shino about the human world," Aoi said.

"Yeah. I think so too." Yu Qi nodded.

Yu Qi turned to the curious Shino that seemed to look around Yu Qi's room. It was a place which he had never seen before.

"Shino, can you listen to me right now? I have something to talk." Yu Qi said to Shino.

Shino then turned to his master. "What is it, Master?"

"The first rule is that you must follow me when you are outside the space and don't talk with anyone except me. Don't let people know that you can talk in human language." Yu Qi started to state the rules.

"Why is that?" Shino did not understand.

"If you get caught being talking to other humans, they will take you away from Master. You will never see Master again. Do you want that to happen?" Aoi interrupted.

Chapter 866 - 866: Introduce Shino To Her Family

"NO!!! I don't want that." Shino quickly shook his head.

Yu Qi smiled. If that happened in the future, she would risk her life to save his little cuties. She would never let them suffer.

"But what if I want to talk to you in front of other humans, Master?" Shino asked.

'We can communicate using our telepathy connection just like this. I have used it with you before in the plane last time.' Yu Qi spoke to Shino using telepathy. Shino probably did not remember about it.

"Oh, your voice comes straight in my head." Shino was surprised. "Let me try it."

Shino was trying. 'Master, Master, can you hear me?'

'Yes. I can hear you.' Yu Qi smiled.

"Yeah, I can do it." Shino laughed.

"You can also communicate with Aoi and Bo Ya using this method. It can also be used even though we are very far away." Yu Qi explained.

"Okay. I will follow this rule." Shino nodded.

"The second rule is don't try to steal the food. If you are hungry, you can tell me straight away. I will give you the food. If you get caught while stealing the food, I will give you a punishment." Yu Qi said sternly.

"Punishment?" Shino tilted his head.

"You will get one week punishment in which you will not get any delicious food to eat." Yu Qi stated the punishment.

"What?" Shino was shocked. Even Aoi was alerted.

"You too, Aoi. Remember it." Yu Qi added Aoi too.

"I will not try to steal the food, Master." Shino declared.

"Me too... Me too." Aoi followed.

"Okay. I will go and take a bath first. After that, we will go down for dinner. And I will introduce Shino to others. So that, they will be familiar with Shino and don't mistake him as a wild animal." Yu Qi said.

"Yes, Master." Both of them nodded.

...

Yu Qi went together with Aoi and Shino. Aoi walked beside Yu Qi while Shino was resting on Yu Qi's shoulder.

When she was going down the stair, she met Tang Jin Wei that also want to go down too. He could stay at home tonight after spending two nights at the hospital because of the complicated surgeries.

"Oh, Little Sis, long time no sees." Tang Jin Wei was very happy after seeing his little sister.

When he was approaching Yu Qi, he noticed that something was moving on his little sister's shoulder.

"Little Sis, there is something on your shoulder." Tang Jin Wei pointed at Yu Qi's shoulder.

"Oh, this is my new pet, Shino." Yu Qi patted Shino's head.

Shino was happy that master patting her head.

'Shino, this is Master's second brother, Tang Jin Wei. He is a little bit crazy.' Aoi was giving another introduction to Shino.

Yu Qi almost burst out into laughter after hearing Aoi had told Shino those words. She glanced at Aoi.

Aoi grinning.

'I see. A little crazy. Noted.' Shino took a note.

"Little Sis, what are you thinking?" Tang Jin Wei was confused when his little sister suddenly went quiet.

"Oh, nothing." Yu Qi shook her head. Bringing their focus to Shino, Yu Qi said. "My new pet is cute, right?"

"Yeah. Very cute. Where do you get it?" Tang Jin Wei looked again at Shino and agreed with Yu Qi. 'It is indeed cute.'

"I have gone to take a look at the land which I have wanted to buy and found him laying down. He was hurt. So, I have healed him. I want to him to go back to his place but he stayed with me and did not want to go back. So, here we are." Yu Qi made a little lie.

'Eh, that is not how we meet.' Shino said. He was looking at Aoi, wanted some explanation.

'Master needs to make another story. No one knows about Master's space except for that human name Long Hui.' Aoi explained to Shino.

'I see.' Shino seemed to nod several times.

They arrived at the dining room. Ming Yue and Su Xiao were already sitting at their seats.

"Yu Qi, what is that? It is so cute." Su Xiao was the first person to notice something on Yu Qi's shoulder.

Ming Yue also looked at Yu Qi. Then she also saw the ferret.

"My new pet, Shino. He is a male." Yu Qi asked Shino to come to her hand.

Shino moved to Yu Qi's hand and made a cute movement.

That movement made Ming Yue and Su Xiao quickly fell in love with this little cute creature.

"Can I touch him, Yu Qi?" Su Xiao asked.

"Sure." Yu Qi put Shino into Su Xiao's palm.

Using another hand, Su Xiao patted Shino's head. "Waaa... He is so cute and soft."

"Let me touch it too." Ming Yue said. She also patted Shino's head.

Both of her aunties went wild with Shino. Seeing this, Aoi became jealous. He barked twice.

"Mum, Auntie, Aoi is jealous. He is telling you to pat his head too." Tang Jin Wei said.

"Oh, I have forgotten about Aoi." Ming Yue said. She bent down and patted Aoi's head.

The maids also looked at Shino and had the urges to touch that little cute creature but because of their status, they held back.

"What food does he eats, Yu Qi?" Su Xiao asked.

"Just give the same as Aoi." Yu Qi said.

"You prepare the food for the pets." Ming Yue ordered the nearby maid.

"Yes, first young madam." The maid obeyed the order and went to the kitchen to prepare the food for her young miss's pets.

Chapter 867 - 867: Invite To Her Engagement Party

"Are you satisfied with the venue?" Ming Yue asked.

Yu Qi looked around the venue. "Yeah. I think it is okay."

Getting words from Yu Qi, Ming Yue quickly asked the staff to decorate the venue. To be honest, Yu Qi did not know much about the hall decoration, so, she left it to her aunts to help her with that.

Of course, she also helped them. With her strength. Sometimes, there were some boxes and tables which needed to be moved. That was where Yu Qi's strength came to help.

"First Madam Tang, your niece is very strong." A staff praised Yu Qi.

Usually, when there was an event which would be held, there would be a lot of hard work such as the arrangement of the tables, decorating the stage and many more. Usually, the person who booked the venue left all the work to the staff to do it.

So, the staff appreciated Yu Qi's help very much. She helped them a lot. At first, they could not believe their eyes when the small girl as Yu Qi could lift the heavy box by herself. And she did it flawlessly as the box had nothing in it.

So, for several days, Yu Qi was busy preparing for her engagement party. The outfit for the party was already settled. The purple long dress that her auntie brought for her that day was still unused. So, it could be used on that good day.

....

Yu Qi sent some invitations to her close friends. Her university friend such as So Pang Lim, Song Ha Ting, Mei Lilli, Yun Xiao, Ding Na An, Zhu Xiao Ling and several of the club members whom she closed to.

Yu Qi had a group chat with them. So she just sent an invitation message in the chat group.

In her chat group with So Pang Lim, Song Ha Ting, Mei Lilli, Yun Xiao and Ding Na An, as soon as she sent the chat. The group immediately became lively.

So Pang Lim: Oh, Yu Qi, you are getting engaged with your hot boyfriend?

Mei Lilli: Of course she is, you idiot. Who do you think, she will get engaged if not with him? By the way, Yu Qi, congratulations.

So Pang Lim: Hehehe... I am just kidding. Yu Qi, congratulations.

Song Ha Ting: Wow... Congratulations, Yu Qi. I will attend your party.

Ding Na An: Congratulations, Yu Qi.

Yun Xiao: Yu Qi, congratulations.

Yu Qi also did not forget to invite Feng Yue. As for Feng Yue, she directly called her and invited her.

"I have thought you have already forgotten about me." Feng Yue sulked on the phone when Yu Qi called her to invite her to the party.

"You know what, you are the first people whom I have invited personally like this, okay." Yu Qi replied.

"You have not lied to me, have you?" Feng Yue asked.

"Of course, I don't have any benefit to lie to you." Yu Qi said.

"Okay. I will request the leave to attend the party." Feng Yue grinned.

"Oh, don't forget to tell Grandpa Feng too." Yu Qi said. She never forgot about Grandpa Feng, the first person who saw her potential as a businesswoman in this life.

"Okay."

The call ended.

As for her business partners, she asked Su Yu Hi to send them invitation cards.

The next person whom she wanted to invite personally was Qin Xia. Yu Qi called him. On first ring, the call had already been answered by Qin Xia.

At the moment, Qin Xia was currently having his meeting with his employees. The employees were surprised to see Qin Xia answering the call. Usually, Qin Xia would ignore the incoming calls while they were in the meeting. But this time, he answered it right away.

Min Liang immediately knew whose call it was. The call was probably from Yu Qi. Not everyone could make Qin Xia like this.

"Yeah, Yu Qi, what is the matter?" Qin Xia asked in a gentle voice.

All of his employees in front of him right now were shocked. It was the first time they heard Qin Xia with his soft expression and a gentle voice, they could not believe themselves.

Min Liang sighed while looking at the people. Some of the people looked at Min Liang, seemed to look for an explanation. How could he tell them about Yu Qi? His boss would probably kill him for that. He still wanted to live.

"Do you have time on Thursday next week?" Yu Qi asked.

She needed to ask Qin Xia about his schedule first. Since Qin Xia was a busy person. If he had another matter to do, he could not join her party. She did not know why she was very particular with Qin Xia.

"No. I'm free next week." Qin Xia said.

Min Liang's eyes became widened. 'Free??? Boss, why do you lie like that? You have to travel to the U.S next week. Our schedule is packed.'

Meanwhile hearing that Qin Xia was free, Yu Qi was happy.

"Brother Xia, I would like to invite you to my engagement party. Can you attend it?" Yu Qi asked in expectancy.

"Engagement party? You will be getting engaged to that Long man?" Qin Xia asked.

"Yeah. I hope that you can attend too." Yu Qi said.

"Sure. When and where? I will definitely attend it." Qin Xia gave his answer.

Yu Qi told him the venue and the date.

"Thank you, Brother Xia, because you can come to my party." Yu Qi said.

"You are my 'junior sister'. I should attend it." Qin Xia said.

The call ended after that. Qin Xia returned to his normal expression.

"Continue the meeting." Qin Xia said to his employees.

Chapter 868 - 868: Preparation Before the Engagement Party Part One

"How is the investigation going?" Long Hui asked Major Captain Yuan.

"Colonel Long... Indeed, as Miss Tang has said, two additional men have followed the staff who had inspected the plane." Major Captain Yuan showed the list of names of the staff.

They went to the monitor where the CCTV video was being played.

"We have watched the video multiple times and found these two are suspicious." Major Captain Yuan pointed and circled the two men that he found suspicious.

Long Hui narrowed his eyes when he looked at the two suspicious men. "Have you gotten their information?"

"Unfortunately, no, Sir. There is no information about these two men. Apparently, they were wearing masks. The mask was very close to the human skin." Major Captain Yuan explained.

Long Hui did not want to give up. "How about the fragments of the bomb?"

"We have already investigated them and found nothing. No fingerprint or anything. And we found out that the bomb is custom made." Major Captain Yuan read the report that they had done.

Long Hui sighed. "So, the clues stopped there."

Major Captain Yuan and others around Long Hui could feel the tension in the atmosphere.

"Continue to investigate. The public needs some news about this. Make a report, as we have already found the reason and close the case on the surface." Long Hui said.

Major Captain Yuan took a deep breath after hearing the words from Long Hui. Indeed, the public needed to be informed about this. Some of the reporters had also been spotted lingering in the area. They needed to be distracted by concluding the incident.

And the culprit behind the incident also would be happy since they thought no one could find their tracks. It would be a lot of space for the military to investigate the incident.

....

Yu Qi returned home after jogging in the morning. Aoi and Shino were happy since they could walk around the neighbourhood. She returned home and walked into the dining room for breakfast.

In the dining room, all the members except Tang Qin Hao were there. Yu Qi greeted them.

"Good morning everyone."

"Good morning." They replied.

Aoi followed the maid with Shino resting on his back to the kitchen. The maid would give them the food.

"Four of you, remember to bring back Qin Hao tonight. Whatever it takes." Ming Yue said when they were eating.

"Yes." The men answered at the same time.

They could not protest the words from the queen.

"I have looked at his schedule. He doesn't have an appointment with the patient or surgery." Tang Jang Qin said.

"Good. It is a lifetime event for his sister. As for him, I am really worried about him." Su Xiao sighed.

"Don't worry too much. He knows what he is doing." Tang Jang Qin advised his wife.

Tang Qin Hao was his son. Of course, he was also worried about him. But still, he could not do much since his son had already grown up and had his own career.

"As for you, Yu Qi, we have a lot of things to prepare." Ming Yue said.

"A lot of things?" Yu Qi did not understand.

"Of course... A lot of things need to be prepared." Su Xiao smiled.

"Don't worry. Just leave it to us. You just need to follow our lead." Ming Yue also smiled.

Yu Qi: "..."

Tang Jin Wei looked at Yu Qi. "I hope you will survive until your party."

Yu Qi: "... " again.

"What are you talking about? Don't jinx your sister." Ming Yue glared at Tang Jin Wei.

Tang Jin Wei kept his mouth shut after that and ate quietly.

"As for Aoi and Shino, they will be staying home today." Su Xiao remembered about Yu Qi's pets since those two really like to follow their owner everywhere.

"Okay." Yu Qi nodded.

...

After following her aunties around, she understood what Tang Jin Wei meant by his statement this morning. It was seriously tiring for Yu Qi. She never thought that the engagement party preparation would be tiring too much. Not the preparation for the venue but for herself.

Both of her aunties had already booked a 'Bride Package' full body massage. The duration of the massage was five hours. Yeah, 5 freaking hours. Yu Qi felt she could do a lot of things within five hours.

Of course, they went to the History Spa for the massage. This time, Yung Ha Ren led the massage, massaging Yu Qi.

Yu Qi could tell the Yung Ha Ren technique was very very good. From the head, face, ear, neck... Well, the entire body had Yung Ha Ren's touch.

It was so good that Yu Qi managed to fall asleep several times. After a full body massage, her aunties pulled her to the sauna room to relax. Spending one hour in the sauna room, they were heading to the shower afterwards.

Yu Qi finished it first and was waiting for her aunties to come out.

While waiting for her aunties, she took some time to go through her emails. She could not manage to go through the email today because of her aunt's plan.

All the businesses under her name today had been closed. YQ Investment, YQ Greenhouse, Saisei Ryokan and Qiaosu Entertainment had one day off today. Even the stores which sold Qi Qi Skincare products had closed their store for today.

Chapter 869 - 869: Preparation Before The Engagement Party Part Two

Some of the employees had been asking why they had gotten a day off. The upper management just said that the owner had a special day to celebrate.

However, the employees who had already been informed that Yu Qi was the owner knew that Yu Qi had her engagement party tonight.

Her aunties took her when had come out from the shower. Then, she had been pulled to make-up and hairdressing. It would be much easier later. Her aunties even asked someone to send the dresses to the room where she would do her make up.

Since it was already lunchtime, they went to the nearby restaurant together with Yung Ha Ren to grab lunch. It was a quick lunch since her aunties told her that they were be going to do make-up and hair after lunch.

Yung Ha Ren returned to her spa while Yu Qi and her aunties went to the hotel where the party would be held. Her aunties told her that they would do the make-up in one of the hotel rooms.

Her aunties had booked the famous make-up artist for this engagement party. The make-up artist wanted to see the dress that Yu Qi was going to wear tonight to give her a better view of what kind of make-up was suitable which would increase Yu Qi's beauty at the same time.

Her aunties brought the picture where Yu Qi put on the dress before to the artist.

The make-up artist saw the picture and widened her eyes while praising Yu Qi's beauty. She already knew what kind of make-up was suitable for Yu Qi for the night.

So, Yu Qi sat in front of the mirror for hours. The make-up artist told her that usually, it would take about 3 hours to complete the whole make-up.

But because Yu Qi's skin was already enough good, it did not take a long time to apply the make-up. The make-up artist praised her many times for her healthy and beautiful skin. And she asked Yu Qi what kind of skincare products did she use.

Yu Qi took the opportunity to promote her Qi Qi Skincare. The make-up artist heard that about the skincare brand and acknowledged that many of the artists that she had worked with had switched to the brand. She would be switch to the brand too.

Then after the make-up, here came the hairdresser. The hairdresser was a man with a mistaken identity. He felt and addressed himself as a woman.

Like the make artist, he also asked which dress Yu Qi would wear. Once again, her aunties showed the picture.

While holding Yu Qi's hair, he nodded while his eyes were closed.

After a few moments, he opened his eyes and smiled while telling that he had already gotten the picture of the hairstyle which would be suitable for Yu Qi tonight.

While dolling up Yu Qi's hair, the man kept talking to her aunties with his feminine voice. On another side, Yu Qi almost fell asleep. Having someone playing with her hair was making her drowsy.

.....

"Qin Hao." Tang Jang Qin entered his son's room after knocking twice.

Tang Qin Hao was surprised to see his father here. His father rarely came to his office.

Tang Jang Qin was glad to see his son in good condition since he knew that Tang Qin Hao tended to forget about everything when it came to his research.

"What happens? Why are you here?" Tang Qin Hao asked.

"Your mother has asked you to come home tonight." Tang Jang Qin said.

"I am busy." Tang Qin Hao rejected to come home.

"It is your sister's engagement party tonight." Tang Jang Qin told him.

Tang Qin Hao lifted his head looking at his father with a surprised expression.

"She is going to be engaged tonight?" Tang Qin Hao asked with a surprised tone.

"Yeah." Tang Jang Qin nodded.

"With that Long Hui?" Tang Qin Hao asked.

Tang Jang Qin was surprised that Tang Qin Hao knew the man's name. He thought that Tang Qin Hao never cared about Yu Qi.

"Yeah." Tang Jang Qin nodded.

"Okay, I will return." Tang Qin Hao answered.

"Okay, return home early." Tang Jang Qin said.

"Okay." Tang Qin Hao did not longer pay attention to his father, looking down at the paper.

Tang Jang Qin sighed. He did not know his son inherited this attitude from who. Obviously not him or his wife.

Tang Jang Qin came out from Tang Qin Hao's room. He was going back to his room. On his way, he encountered Tang Jin Wei.

"Uncle, have you told Qin Hao about tonight's party?" Tang Jin Wei asked.

"Yeah." Tang Jang Qin nodded. "He has said that he will return home tonight."

"Eh, really?" Tang Jin Wei was a little bit shocked.

"Yeah, after telling tonight's party is the engagement party between Yu Qi and Long Hui, he has agreed right away." Tang Jang Qin said.

"Oh, I have thought he will avoid it." Tang Jin Wei wondered.

"He probably has accepted Yu Qi as his little sister." Tang Jang Qin smiled.

"Thank goodness." Tang Jin Wei suddenly said that.

"Why?" Tang Jang Qin felt a little bit confused with that.

"I don't need to use anything to bring him back. The two queens will be angry if we can not bring him back." Tang Jin Wei was relieved.

Remembering this morning's breakfast, his wife and sister in law were indeed telling them to do anything in order to bring Tang Qin Hao back. He laughed.

Chapter 870 - 870: Bad Mouthing Her

"Wow, Tang Family has thrown such a luxurious party for an adopted daughter."

"Shush... Don't talk like that. People would hear."

"I want to be their adopted daughter too. See, those young masters from Tang Family make me want to grab them and put them in my bedroom."

"Yeah. Then your husband will kick you out from the room."

"But still, an adopted daughter can make all the family members bow to her... How impressive she is."

"I have heard that she was just used her beautiful face to get Old Master Tang to make him adopt her as his granddaughter."

"I bet Colonel Long has already been bewitched by her."

"I don't think it is true. She looks like a good girl."

"Humph! Using that face..."

So Pang Lim was behind those women who were talking bad about Yu Qi. She wanted to give her thoughts to those women. However, Mei Lilli grabbed her hand and shook her head.

"Don't make a scene here. It is Yu Qi's party. Yu Qi will be embarrassed if her friend makes a scene here." Mei Lilli gave a warning to So Pang Lim.

"But... They are talking bad about Yu Qi." So Pang Lim clenched her teeth.

"I know. I am also angry. But we can not do that. They are Tang Family's guests. Doing that will make Yu Qi's image bad." Mei Lilli said.

"Yeah. Just let them talk like that. They don't know who Yu Qi is." Yun Xiao looked calm as he grabbed a drink from the refresher table.

"I don't care about others. I just want to see Yu Qi in the dress. Yu Qi wears simple clothes. So, she must have dressed up for this occasion." Song Ha Ting was excited.

"Yeah. Stop thinking something unrelated to us." Ding Na An nodded.

It was the same thing in the university. People always judged Yu Qi like that. It is not a new thing.

So Pang Lim began to calm down after getting lectures from her friends.

"But still Tang Family is very impressive since they can invite a lot of people."

Women who were talking bad about Yu Qi were still talking about Tang Family.

"Old Master Tang is a very famous doctor even outside our nation. Some of them even seek Old Master Tang for some treatments. Unfortunately, he has already retired from the medical world."

"You mean, they have probably come to this party to give a face to Old Master Tang."

"Excuse me. I have come here to celebrate Miss Tang's party. Not because of Old Master Tang, okay." A woman interrupted those women's conversations.

Those women turned around and looked at the rude woman who dared to interrupt their conversation.

"Who are you?" One from the group asked.

However, someone from the same group looked at the woman and asked. "Madam, are you Madam Yi from Guanying City?"

"Oh, someone knows me?" Madam Yi smirked.

"Madam Yi, hello. Nice to meet you." The woman who spoke first to Madam Yi greeted Madam Yi respectfully.

"You think that Miss Tang is not worth it?" Madam Yi asked.

None of them answered.

"Miss Tang is Old Master Tang's disciple. She is a very promising doctor. I am sure that she will be as good or better than Old Master Tang." Madam Yi praised Yu Qi.

"Sister Yu Qi is a good doctor." Yi Sanyi said even though he was shy talking to strangers.

Madam Yi nodded agreeing with her son's words. Well, she was a little bit disappointed that Yu Qi could not be her daughter in law.

At first, she was very angry at her first son, Yi Lishan, because he did not take the chance to build a romantic relationship with Yu Qi. After thinking for a while, she knew that she was wrong.

It turned out that Yu Qi was already in a relationship long before she had met her son. Of course, she could not just break that relationship.

She could maintain a good relationship with Yu Qi. From her husband's and son's side, Yu Qi was also a businesswoman. She was very impressed with Yu Qi.

Sigh... She missed such a good daughter in law.

"What are you doing here?" Yi Lishan asked his mother.

"Well, I have heard someone is talking bad about Yu Qi. So, I have confronted them. Turn out they don't know much about Yu Qi but still dare to bad mouth Yu Qi. Humph! Since you don't like Yu Qi, then why are they here? Just don't come." Madam Yi did not filter her words and spoke in a volume that everyone who was talking about Yu Qi just now heard her clearly.

The women changed their expressions. They were feeling embarrassed at the moment. Of course, they needed to come. The party for which even the famous great general Long Fei Yi had come, how they could not come.

Yi Lishan sighed. His mother probably was angry after hearing someone talking bad about Yu Qi. Even he disliked hearing someone talking bad about Yu Qi because he had already regarded Yu Qi as his sister.

Then, sounds that people were talking about at the same time could be heard. Someone had arrived. The person that had a big influence.

It was Grandpa Feng with her granddaughter, Feng Yue. They both walked into the venue.
