

INTELLIGENT 871

Chapter 871 - 871: Grandpa Mu's Arrival

"Oh, that is Old Master Feng Mo and his granddaughter."

"I have heard that Old Master Tang is a best friend of Old Master Feng."

There were a lot of people who were talking when they had arrived. So, it was quite loud.

Feng Yue looked around. She did not see Yu Qi around yet. 'She must be getting ready.' She thought.

Then Feng Yue spotted Su Xiao greeting the guests.

"Grandpa, I want to find Yu Qi." Feng Yue said.

"Do you know how to find her?" Grandpa Feng asked.

"I will ask Auntie Su Xiao. She is over there." Feng Yue pointed at one direction.

Grandpa Feng looked over. He nodded. However, before Feng Yue left, he advised her.

"Don't disturb your friend too much." Grandpa Feng said.

"I know."

That was what Grandpa Feng heard before watching his granddaughter went to his best friend daughter in law.

He looked around. A lot of people had come. He knew some of them since some of them were businessmen.

However, he knew that they were probably the girl's business partners. He was very impressed with that girl. That girl had a great business mindset.

At first, he actually felt a pity that she was telling him that she was going to be a doctor. However, he was surprised that she could manage both of the careers pretty well.

.....

Grandpa Mu and Grandpa Sang walked together. Not far behind them, there were a group of bodyguards who were watching them. They were not too many. Just three of them. And they were not like typical bodyguards who were wearing black suits.

Grandpa Mu asked them not to wear those kinds of clothes around here. People might misunderstand.

They arrived yesterday. Yu Qi personally picked up them from the airport. Grandpa Mu, of course, was happy to see his granddaughter.

She had already booked the rooms much earlier for her grandfather and Grandpa Sang. She also invited Grandpa Sang. She also did not forget about Grandpa Su and Su Fan since they were also her business partners. However, they could not attend due to a personal matter.

"You can standby outside." Grandpa Mu said to his bodyguards.

The bodyguards nodded and scattered around. Grandpa Mu and Grandpa Sang brought out the invitation card that Yu Qi just gave yesterday.

There were some people at the door guarding the entrance for the party. Seeing the invitation card with the two old men, the people nodded and allowed them to enter the party.

"I can tell that Tang Family loves Yu Qi very much." Grandpa Sang commented when he saw the party.

Grandpa Mu did not say anything. From what Yu Qi had told him, he knew that the Tang Family really loved the girl. He was indeed regretting what he had done in the past. If he did not chase his eldest son back then, he would be the one who would be the host of this party. He sighed in his heart.

But everything was in the past. Now, he had found his granddaughter and her life was already good. Even though he was a little bit upset but he could not force Yu Qi since he had no right.

"Mr Mu... Never thought to see you here." It was Grandpa Feng who greeted Grandpa Mu. "How..."

"It is my granddaughter's engagement party. How can I am not attending it?" Grandpa Mu smiled.

"What?" Grandpa Feng stumbled. His face showed a shocking expression. "You mean..."

"She is my biological granddaughter. I have just found out." Grandpa Mu said.

He dared to unravel the secret because he knew that Grandpa Feng would not go around and tell about that. He had already investigated that Grandpa Feng was the one who supported and helped his granddaughter when she was about to set up her company. Not to mention that Grandpa Feng's granddaughter was his granddaughter's best friend.

Grandpa Feng looked stunned for a moment and then he started to laugh.

"No wonder this girl has such a brilliant business mindset. She must have inherited those skills from you." Grandpa Feng praised Yu Qi while laughing.

Grandpa Mu felt proud. It was a different feeling when people praised Yu Qi. It was not the same as others praised his other grandchildren. It was a daughter from his most beloved son, after all.

"It is her own skill. Since she has not grown up with me." Grandpa Mu said with a little bit of sadness lingering in his tone.

Grandpa Feng immediately stopped laughing. He felt he had stepped on the landmine.

"Nevertheless, the girl is currently happy. Don't show your unhappy face to her." Grandpa Sang who kept silent the whole time and just heard the two men talking spoke.

"Yeah. I know. I am happy about Yu Qi right now."

"Yeah. Don't worry about Yu Qi. She is in good hands. I know Hui. Hui is a good man. Even though he looks cold from outside, he loves Yu Qi so much. He will take good care of Yu Qi." Grandpa Feng gave some assurance to Grandpa Mu.

Grandpa Mu did not worry much about that. He had investigated all about Yu Qi and the people around her. Even though some of the information about Yu Qi seemed to be hidden, overall he knew pretty much about Yu Qi and the people around her. Especially Long Hui.

Chapter 872 - 872: Alert

Grandpa Feng looked at Grandpa Mu. He had never expected that Yu Qi was the granddaughter of No. 1 Businessman of Fanghai Nation.

There must be some serious reasons why Yu Qi ended up at the orphanage far away from Fanghai Nation.

Mu Guang Qi was a businessman and had a big empire. Meaning he was bound to have many enemies.

From what he knew, Yu Qi was left in front of the orphanage. She must have been kidnapped by someone.

"Ahem..."

The sound echoed around the venue. Everyone stopped talking and looked at the stage. They knew that the official party was about to start.

"Thank you for coming. This party is to celebrate the only princess of our Tang Family engagement's with the promising man from Long Family." Tang Jung Wen took the place as the host.

Yu Qi was resting in the room. The engagement party was about to start. The closer it was, Yu Qi became so nervous.

She was excited but at the same time, very nervous. It was not the same feeling as she got engaged with Bai Shu Jin in her previous life.

It was probably because she did not love Bai Shu Jin. At that time, she did not care much about the engagement party and let others take care of it.

It seemed like Fung Meng Xuan was feeling a lot excited about Yu Qi's engagement party at that time. Those two probably had started to date each other at that time. Only she did not notice it. What a fool.

Then, she heard someone opening the door. She narrowed her eyes. 'Who has come here?' She had already told her aunties that she did not want to be disturbed until the time came.

She looked at her watch. 'It is not the time yet.' She stayed alert. Since the bombing incident, she became very careful with her surroundings. The reason she was involved in everything when decorating the venue was that she had gone to check all the possible threats they might get.

They still did not know who was the target of the bombing incident. It could be her or Long Hui or both of them. She could not let anything bad happen here since they were a lot of people who had come to the party. And the most important thing, her beloved family and friends were there.

The head popped in. Her eyebrow raised up. 'It is...'

"Yu Qi!!!"

It was Feng Yue who decided to meet Yu Qi first. So, she went to ask Su Xiao. Su Xiao immediately told her about Yu Qi.

Yu Qi was relieved that it was only Feng Yue.

"What are you doing here?" Yu Qi asked.

"What am I doing here... Of course, to see you." Feng Yue said. "Yu Qi, you look so gorgeous tonight."

"Thank you." Yu Qi smiled.

"Yu Qi, I have heard about the incident from my grandfather." Feng Yue was shocked when she heard about the bombing incident. She knew it was not a normal incident. She knew that from the document that was given to Grandpa Long. "You are okay, right?"

"Yeah... Don't worry too much. It was just a normal malfunction in the engine which had lead to the explosion." Yu Qi thought that Feng Yue did not know about the truth. So, she just said as the news had told.

"Normal... They had used bombs. This is what you say normal?" Feng Yue shouted.

Luckily only two of them were in the room. Otherwise, people would be shocked when they heard the word 'bomb'.

"Calm down. Calm down." Yu Qi was surprised that Feng Yue knew about the truth. "You know?"

"Yeah. If I don't read the report, I would believe the news." Feng Yue said.

It was one of the reasons why Feng Yue wanted to see Yu Qi. She wanted to meet Yu Qi earlier as soon as she knew about the news but things were not going her way.

Her stepmother liked to make things hard for her. It was even worst than her father believed her stepmother. Luckily, her grandfather, Grandpa Feng believed her.

"Sigh... We still don't know the culprit. Brother Hui has told me that he will be investigating more." Yu Qi said.

"Okay. Fine with the bad news." Feng Yue said. "How are you feeling right now?"

"Quite nervous." Yu Qi honestly admitted that.

"I have heard that Brother Hui has already brought you to meet Wei Family. Have you meet the arrogant girl?" Feng Yue was in her gossip mode.

"Arrogant girl? Who... Oh..." Yu Qi somehow knew who Feng Yue wanted to mention.

"You know who am I talking about right?" Feng Yue raised her eyebrows multiple times.

"Chi Yuan?" Yu Qi tested.

"That's right." Feng Yue nodded. "It is the rumour not long ago in the Capital City that saying Chi Yuan is Brother Hui's future wife."

"Oh..." Yu Qi narrowed her eyes.

"Wei Family has not denied it. And Grandma Wei kind of liked it. She always tells that she wants Chi Yuan to be part of Wei family." Feng Yue said.

"Yeah. I can tell that." Yu Qi remembered Grandma Wei's attitude towards Chi Yuan.

"Others are younger than Chi Yuan. So, it is not suitable for them to marry Chi Yuan. So, Grandma Wei placed the burden on Brother Hui. She even said that Brother Hui will not get a girlfriend in his bad mood. So, Chi Yuan does not need to worry about that. But unexpectedly, you have appeared and their dreams have been crushed. I wish to see their faces when they knew that Brother Hui got a girlfriend." Feng Yue laughed.

Chapter 873 - 873: Engagement Party Part One

Long Hui escorted Yu Qi into the hall. Everyone looked at them. People who did not know Yu Qi were stunned when they saw Yu Qi. They had never thought that the woman who would be Long Hui's fiancée was this beautiful.

Long Hui and Yu Qi went up to the stage as Tang Family and Grandpa Long were waiting for them. Long Hui took the microphone.

"Thank you for coming to our engagement party." Long Hui said. And he was finished.

Yu Qi chuckled. She knew that he was a man of little words.

However, some of the guests who read the situation had different views. They thought Long Hui was being forced to get engaged with Yu Qi.

Long Hui and Yu Qi went around to greet the guests. They had received a lot of congratulations from the guests.

Long Hui's brothers also came to the party. Huang Lan Guan came, of course, with his wife, Lin Ming Shu. Liang Mo Han came with his female companion. Meanwhile, both Ren Qian Yi and Fang Mo Li came alone. Feng Yue was talking together with them when they arrived at the group.

"Yu Qi without makeup is fresh but with makeup looks gorgeous." Lin Ming Shu praised Yu Qi.

"Thank you, Sister Ming Shu." Yu Qi smiled.

"Second Sister in law... Can you help me?" Liang Mo Han asked.

"Help? About what?" Yu Qi tilted her head.

Liang Mo Han shook the woman's hand that held his hand and placed both of his hands in the begging position. The woman frowned. But others did not pay any attention to her except for Lin Ming Shu.

"Can you beg Second Brother to let me go? I don't want to go to Afrika anymore." Liang Mo Han begged Yu Qi.

Yu Qi was stunned at the moment. Then she remembered that the day where they were in the nightclub.

"Second sister in law, please... Look at my skin. It is dry. The weather there is very bad. My value is dropping." Liang Mo Han patted his face.

"Then, you can use Qi Qi Skincare moisturiser." Yu Qi could promote her product here.

"Second Sister in law... It is not the time to promote your brand. " Liang Mo Han cried.

Others who were listening to the conversation were laughing. Only Liang Mo Han's female companion had her smile stiffened.

"Okay... Okay... But please stop calling me my second sister in law. Call me Yu Qi." Yu Qi said.

Like a dog, Liang Mo Han called Yu Qi with her name. "Yu Qi, please..." He begged so much.

Yu Qi turned to Long Hui who was standing silently beside her.

"End his punishment, okay?" Yu Qi smiled at Long Hui.

"Hmm... Okay." Long Hui automatically agreed.

Others were dumbfounded. Long Hui had easily agreed when it was Yu Qi who asked him.

"Brother Hui agrees so easily when comes to Yu Qi." Feng Yue sighed.

"Damn it. I should have asked my second sister in law from the beginning." Liang Mo Han called Yu Qi with the second sister in law name again. Well, it was because Long Hui looked pleased when he called Yu Qi that way.

Ren Qian Yi saw the opportunity. "Then, Yu Qi what about my punishment..."

"I think you should continue. It is good for you." Yu Qi cut him.

"Yu Qi, how could you be so biased like this?" Ren Qian Ye wanted to cry.

"Hmm... Let's see... Let's set a match later. If you can beat me in a match. I will help you." Yu Qi grinned.

"No..." It came from two people. Both of them were Lin Ming Shu and Huang Lan Guan.

"Fourth Brother, she is a girl. She may get hurt." Huang Lan Guan did not know much about Yu Qi. So, he was worried that she might get hurt.

"Yeah, Yu Qi is a girl. You are a soldier." Lin Ming Shu reminded Ren Qian Yi.

Ren Qian Yi was silent. 'Yeah. She is a girl... But she is not weak. How can a weak girl easily kill the kidnapper? How can weak girl torture the soldier who tried to r.a.p.e her? Weak? Of course not...' He shook his head.

"My fiancée can handle it." Long Hui suddenly said.

Then Yu Qi smiled as she set the match time. "Well, let's fight tomorrow." She knew that he had a day off tomorrow as Long Hui had already told her about that.

Ren Qian Yi suddenly felt that he did not want to fight her. She might be strong as Long Hui.

"Second sister in law... I think we should cancel it." Ren Qian Yi said.

"Nope." Yu Qi grinned.

"Brother Ren Yi, you should get ready to get the beating" Feng Yue smirked.

"Yu Qi is good at fighting?" Lin Ming Shu asked.

"Very good." Feng Yue nodded. "She is also good at gun shooting."

Lin Ming Shu and Huang Lan Guan were surprised to hear that. Well, indeed, the woman who could make Long Hui fell in love was not a normal woman.

"My fiancée is very good. I hope you can handle it." Long Hui said to Ren Qian Yi with a smile. A mocking smile.

"Don't forget about it, Brother Ren Yi." Yu Qi said.

"Okay..." Ren Qian Yi sighed. He could just let it past. Well, it was the same as getting the beating from Long Hui.

Chapter 874 - 874: Engagement Party Part Two

Yu Qi then spotted her friends. She told Long Hui's friends that she wanted to greet her friends.

Feng Yue followed her. So, she went to her friends. They were talking among them.

"Everyone..." Yu Qi said.

Song Ha Ting: "Yu Qi, you look beautiful."

Mei Lilli: "Congratulations. I am sure that your boyfriend is a lot happier."

Yun Xiao: "Congratulations."

Ding Na An: "Congratulations on your engagement."

So Pang Lim: "Yu Qi, you are so beautiful that I will like to make you mine."

Mei Lilli: "You dare to fight with her boyfriend?"

So Pang Lim was silent for a moment. "Not dare. I will probably get killed first."

They laughed especially Feng Yue.

"Don't let my cousin hear that. He is even jealous of a dog." Feng Yue said.

"Yu Qi, does your boyfriend's family treat you good?" So Pang Lim asked.

"If you mean by Grandpa Long, he is good to me. He has accepted me as his granddaughter in law." Yu Qi thought.

"What is the matter?" Feng Yue asked. It was also her family.

"I am just afraid that his family will think the same way as others." So Pang Lim said.

"Huh?" Yu Qi and Feng Yue were confused.

"What do you mean by that?" Feng Yue asked.

"We have heard others talking bad about Yu Qi just now. They said Long Family only accepted Yu Qi because they could not fight Long Hui. " Song Ha Ting said it all.

Everyone was silent for a moment.

"Ridiculous. My grandfather really likes Yu Qi." Feng Yue burst.

"Calm down." Yu Qi patted Feng Yue's back.

"But they...." Feng Yue could not finish her sentence.

"I know. Just let them talk." Yu Qi said to Feng Yue.

"Yeah. Others are not important." Mei Lilli followed up.

"By the way, thank you for coming to my engagement party." Yu Qi bowed.

"Of course we will come. You are our close friend." Yun Xiao said.

Then Yu Qi could see that Tang Han Lee walking towards their group. 'Big Brother probably wants to meet Na An.' She grinned while looking at Ding Na An.

Ding Na An sensed that Yu Qi was grinning at her. Then she heard the voice that she missed.

"Hi, everyone." Tang Han Lee said.

'That's why Yu Qi is grinning at me.' Ding Na An thought.

"May I borrow Na An for a moment?" Tang Han Lee asked.

"Of course you can. She's yours." So Pang Lim pushed Ding Na An toward Tang Han Lee.

"Thank you, everyone. Na An, should we?" Tang Han Lee asked.

"Sure." Ding Na An was sure that Tang Han Lee wanted to bring her to greet Ming Yue. She wanted to go and greet her but she was embarrassed. Thank goodness that Tang Han Lee was here.

"Sigh... Yu Qi, your big brother is sure a gentleman." So Pang Lim said.

"Hahaha... Thank you." Yu Qi laughed.

"Your third brother is here too?" Mei Lilli asked.

They knew that Tang Family had three young masters. The last one was called a genius in his specialist.

"Yeah. He is here." Yu Qi nodded.

Before Yu Qi came to the venue, Tang Brothers had come to her room and congratulated her. Tang Qin Hao was also there too. To be honest, she was surprised to see him. She thought he would be at the hospital doing his research.

"Where is he?" So Pang Lim asked.

Yu Qi looked around the venue. Then she saw Tang Qin Hao who was sitting at the corner while eating something. He was ignoring everything. She also could see that some of the young women who were watching Tang Qin Hao had an interest in him. Well, seriously she could say that Tang Qin Hao was also very good looking but he was immersed in his research too much.

"He is over there." Yu Qi pointed in one direction.

"Gulp... Your third brother has also been targeted too." Mei Lilli commented as she also saw the group of women.

"Well, yeah. My big brother and second brother are already not available anymore." Yu Qi said.

Tang Jin Wei was currently talking to his girlfriend.

Yu Qi's eyes caught someone.

"Guys, I need to go and greet someone." Yu Qi said.

"Sure." Mei Lilli said.

"Just go." So Pang Lim said.

"Grandfather... Brother Xia." Yu Qi called their names.

"Yu Qi..." Qin Xia smiled.

"Yu Qi..." Grandpa Mu patted Yu Qi's head.

"I am glad that you can come." Yu Qi said.

"Of course, I will come." Qin Xia said to Yu Qi. "Congratulations."

"Thank you, Brother Xia." Yu Qi thanked him.

"I have never thought that Mr Qin knows Yu Qi." Grandpa Mu said.

"We have met a long time ago." Yeah, indeed, it was a long time ago.

"Grandfather, he is like a brother to me." Yu Qi said.

Grandpa Mu observed Qin Xia's reaction when Yu Qi said that. He was surprised that Qin Xia did not react much about that. Either he was indeed thinking like that or he was very good at pretending, well he did not know about that.

"By the way, Brother Xia, I know that you already know him. But to tell you, he is my biological grandfather." Yu Qi introduced Grandpa Mu to Qin Xia.

"I see. You have met your family." Qin Xia said.

Chapter 875 - 875: Engagement Party Part Three

"Yeah." Yu Qi nodded happily.

Grandpa Mu could see that Qin Xia really acted like a brother to Yu Qi. He thought that Qin Xia liked Yu Qi romantically. Sigh, young people...

Meanwhile, at Long Hui's group.

"Hey, who is Yu Qi talking to?" Ren Qian Yi looked over.

"Look like an old man wants to introduce Yu Qi to his grandson. Second brother, you have to be careful. Your fiancée is about to get snatch." Liang Mo Han said. He wanted to see Long Hui's angry reaction.

"Idiot. That is my fiancée's biological grandfather." Long Hui glanced over.

"What? She has found her biological family? Then is she going to leave the Tang Family?" Liang Mo Han said.

"I don't know about that. It is her decision. I don't care much about it as long as she is with me." Long Hui said. Indeed, he had never minded it. Mu family or Tang Family. In the end, she would be his Mrs Long.

"By the way, that man is Qin Xia." Huang Lan Guan knew Qin Xia.

"Wait, what?" Liang Mo Han said.

He looked over for the second time. Before this, he did not pay attention to the man's face. When he focused on the face, that man was indeed Qin Xia. He was surprised to know that Yu Qi also knew Qin Xia.

"Second brother, your fiancée's connection surprises me." Liang Mo Han said.

"Second Brother, don't you feel worried about them?" Liang Mo Han asked.

"I believe in Qi Qi. She will not betray me." Long Hui said proudly.

"Mo Han, I will leave to the ladies for a moment." Liang Mo Han's female companion said.

"Sure." Liang Mo Han nodded.

When she was entering the ladies, a group of three girls also entered the ladies too. They were talking about the engagement party.

"Why does Colonel Long want to marry an orphan?" One of them talked.

"You know..."

"She is probably good in bed."

They laughed.

"She should marry someone like Miss Chi Yuan. She is suitable for Colonel Long. Old Madam Wei prefers Miss Chi Yuan. I so much." One of them continued to talk.

"Speaking about Wei Family, only Old Master Wei has come, right? Old Madam Wei does not come. Meaning that woman has not gotten the blessing of Old Madam Wei."

"Hmph!!! She is backed off."

Then, one of the cubicles had been opened very loud. A girl who was inside the cubicles came out and washed her hand. She then turned to the group.

"What do you say about Yu Qi, huh? The woman who came out from the cubicles just now asked.

"Huh, who is Yu Qi?"

"I think it is Colonel Long's fiancée name." One of them whispered to the one who had been asking.

"Humph!!! Why should I need to know that name? Who is the hell of you, then?" The first girl asked with an arrogant tone.

"Brother Hui can be with whoever he wants to. It is not your matter to get involved too. And who am I? I am his cousin, Feng Yue. Even I can not be involved with Brother Hui's matter. Not to mention strangers like you." Feng Yue sneered.

"You... You..." The girls were angry that they could not say anything apart from the word you.

Feng Yue looked around and saw the female companion who just watched from the beginning. Feng Yue ignored her and walked towards the exit. Before she left, she still had time to give the three girls a warning.

"Mind of your business. Otherwise, it will be lost forever." Feng Yue said.

One of the girls wanted to rebuke and her friends stopped her.

"Enough. Don't talk back. She is Feng Yue. Granddaughter of Feng Mo. Fight with her, your family's business will be gone." Her friend said.

"Yeah. It is not worth it." Another friend said.

....

"How long will you stay here, Grandfather?" Yu Qi asked Grandpa Mu.

"Probably for 4 days." Grandpa Mu said.

"I see..." Yu Qi nodded.

"By the way, Yu Qi, can you arrange a meeting with your adopted family?" Grandpa Mu asked.

"Huh?" Yu Qi tilted her head.

"I want to meet your adopted family to thank them for taking good care of my granddaughter." Grandpa Mu said.

Since he was here and had some free time, it was good to meet Yu Qi's current family. If not for them, he could not meet his granddaughter.

"Okay. I will talk to them later. I will inform you." Yu Qi nodded.

"Grandpa Mu... Thank you for coming to our engagement party." Long Hui came over and greeted Grandpa Mu.

"Just call me grandfather. I see you as my grandson." Grandpa Mu said.

"Okay, grandfather." Long Hui nodded.

"I want to borrow Yu Qi and bring her to greet my maternal grandfather." Long Hui said.

"Sure. She is all yours." Grandpa Mu nodded.

So, Long Hui brought Yu Qi to meet Grandpa Wei.

"Only my maternal grandfather is here. My maternal grandmother is not coming." Long Hui informed Yu Qi.

"I see. Never mind. She needs some time to accept me." Yu Qi smiled.

"But my cousins have come." Long Hui said.

"Which one?" Yu Qi asked.

"Wei Ding Ye, Wei Su Zien and Wei Su Kee." Long Hui said.

"Wei Su Kee has come too?" Yu Qi was surprised to hear the name.

Well, that girl supported Chi Yuan on the day they first met. She thought she would not come.

Chapter 876 - 876: The Party Ended

"Well, I don't know." Long Hui lifted his shoulder.

Well, he did not care much about them. They could come. If they did not come, he did not mind too. That was their freedom.

They spotted the Wei Family. Grandpa Wei was talking with Grandpa Long. Long Hui and Yu Qi approached them.

The one who spotted them first was Wei Ding Ye. She stood up from the place she had been sitting and grabbed Yu Qi's hand.

"Yu Qi, congratulations. You look super beautiful today." Wei Ding Ye said.

"Thank you for coming and your praise." Yu Qi nodded.

"I have also placed my present. Be sure to open it." Wei Ding Ye said.

"Hmm... Congratulations on your engagement." Wei Su Zien told Long Hui and Yu Qi.

"Gu Ning wants to come but she can not since she has another matter to settle. But she has given her present." This time, Wei Su Zien said to Yu Qi.

"Oh, it is okay. Please say thank you to her." Yu Qi nodded.

Wei Su Kee with an awkward tone congratulated Long Hui and Yu Qi. "Brother Hui, Yu Qi, congratulations."

"Hmm..." Long Hui nodded.

"Thank you..." Yu Qi said politely. It was her first time talking to him.

"Let's go and greet my maternal grandfather." Long Hui pulled Yu Qi.

Grandpa Wei noticed that someone was approaching him from behind and turned around.

"Grandfather..." Long Hui greeted Grandpa Wei.

"Grandpa Wei..." Yu Qi greeted him too.

"Oh, you two. Congratulations..." Grandpa Wei was smiling sincerely when he congratulated them, then displayed an awkward smile at the end before began to say something.

"You two. I am sorry that your grandma can not come to celebrate you due to her health." Grandpa Wei tried to explain it nicely.

However, Long Hui and Yu Qi knew the story behind it. Grandma Wei probably protested their relationship and did not want to attend the party. Both of them did not want to make anything difficult for Grandpa Wei. So, they just nodded.

"She should exercise more. Don't stay inside the house only." Grandpa Long who was silent before talked to Grandpa Wei.

"Look at me. I am still strong." Grandpa Long boasted about his body.

Yu Qi chuckled. Grandpa Long compared his body to Grandma Wei. What an unbelievable comparison.

.....

The party ended happily. Even though some of the guests said some inappropriate comments about the couple, but the couple ignored most of them.

Only Su Xiao and Ming Yue lost their temper once. One of the guests called Yu Qi a gold digger. If the guest called her behind them, it would be nicer but the guest directly said it in front of them while talking with Ming Yue and Su Xiao.

Ming Yue directly confronted the woman. Su Xiao did not say anything only stared coldly at the woman.

Su Xiao directly chased the woman out. Ming Yue also did the same thing. The woman became scared with the outburst.

Tang Jung Wen and Tang Jang Qin realised that both of their wives were angry and came to calm them down. As for the woman, Grandpa Tang directly got involved. She got chased out from the party.

The woman did not understand why both of the women from the Tang Family protected Yu Qi so much. She just came to the upper society. She heard that some of the guests were saying something bad about Yu Qi. So, she concluded some of it.

She thought that Yu Qi was an orphan and an illegitimate daughter of Grandpa Tang. That was why Grandpa Tang loved Yu Qi so much.

Ming Yue and Su Xiao were still angry with that woman. They did not know how the woman got an invitation card in her hands.

"Little Sis, they are still angry about yesterday's matter." Tang Jin Wei said to Yu Qi when she came down to the dining room.

"About what?" Yu Qi still did not know about the story.

Tang Jin Wei recited one by one what his mother had told him.

Yu Qi listened and nodded. "I see."

"Don't worry about that Yu Qi. You are our family." Ming Yue said.

"And don't believe what others gossip about. They probably just don't have anything better to do." Su Xiao said.

Even though they did not feel angry with Yu Qi but the tone was still there.

"I know aunties." Yu Qi nodded while smiling.

Then, one by one member of the Tang Family appeared in the dining room. They were having a light breakfast down except for Grandpa Tang. He ate the normal Chinese breakfast.

"Grandpa?" Yu Qi called.

"Hmm... What is it?" Grandpa Tang looked at Yu Qi.

"Do you have some time during lunch?" Yu Qi asked.

"Of course." Grandpa Tang was particularly free since he did not have anything to do. If he was at his house at Shiwa Town, he probably would take care of his herbs.

"Can you spend some time to meet with my biological grandfather?" Yu Qi stated her purpose.

"Sure, why not? We had a talk for a moment yesterday before getting interrupted by someone." Grandpa Tang said.

Chapter 877 - 877: I Will Protect My Granddaughter.

"Hmm... Let's invite him to our house. We can have lunch together." Ming Yue said.

"Yeah. That's a great idea." Grandpa Tang also liked the idea.

"What are you guys going to do? Not going to work? You are going to be late." Ming Yue said while looking at her husband and her sons.

"I have a day off today." Tang Han Lee said while drinking his tea.

"What? You have a day off. I want that too." Tang Jin Wei looked at his brother with a jealous face.

"Then you can take the day off too?" Ming Yue suggested.

"No, I can't. I have a patient waiting for me today." Tang Jin Wei said. nOVE)l{1n

"Yeah. Go to see your patient." Grandpa Tang said.

Tang Jin Wei gulped. The emperor had given the order. He needed to listen to him. Otherwise, not two hours... one hour of the lecture was enough for him to suffer.

.....

Grandpa Mu and Grandpa Sang arrived at the Tang Main Residence. Grandpa Sang told Grandpa Mu to call Yu Qi to inform her.

On the first ring, the call had been answered.

"Have you arrived?" Yu Qi asked.

"We have arrived. There are guards here." Grandpa Mu said.

"Oh, you can inform him. He also knew that you are coming over. Just come inside. I am already waiting inside here." Yu Qi said.

"Okay." Grandpa Mu nodded and ended the call.

"How?" Grandpa Sang asked.

"She has told us to just inform the guard. He will let us in. She is waiting inside." Grandpa Mu asked his driver to inform the guard.

After the guard knew that the person was the one for whom their young Miss had been waiting, they let them pass easily.

"Even the guards respect Yu Qi so much." Grandpa Sang commented.

"Hmm..." Grandpa Mu could sense that the guards truly respected Yu Qi.

Meaning she really had been loved by everyone here. He was relieved. Beyond the gate, Grandpa Mu and Grandpa Sang could see Yu Qi who was standing together with Aoi.

"Grandfather... Grandpa Sang." Yu Qi greeted them.

Yu Qi asked the driver to park the car over there. Grandpa Mu and Grandpa Sang came out of the car. Yu Qi walked them into the house.

Tang Family members who were sitting and waiting for them in the living room were Grandpa Tang, Tang Han Lee, Ming Yue and Su Xiao. They greeted Grandpa Mu and Grandpa Sang.

"Thank you for agreeing to see me." Grandpa Mu said. "And thank you for taking good care of Yu Qi." This time, Grandpa Mu bowed deeply.

"I was ignorant about this child's existence. If she did not come to Fanghai Nation last year, I would probably be still in the dark." Grandpa Mu added.

"Sorry if you think that I am rude and may I ask you why don't you know about Yu Qi?" Grandpa Tang might sound rude but still, he asked because it was important.

He thought that Yu Qi might want to know about this but she could not ask her biological grandfather just like that.

"It is an embarrassing story to tell you... Actually, my son ran away from home because he wanted to marry his chosen bride but I don't approve of them being together." Grandpa Mu said. "Yu Qi probably was born after they ran away together."

"So..." Ming Yue widened her eyes. Only one possibility here. Yu Qi's biological parents died. As a result, Yu Qi was left at the orphanage.

"I see..." Grandpa Tang sighed.

Everyone was silent for a moment. Yu Qi was thinking another thing. Her parents ran away... She was left in front of the orphanage... The conversation between Mu Li Zei and his mother...

'Could it be a conspiracy?' Yu Qi frowned as she thought about that.

Tang Han Lee saw Yu Qi frowning. He then patted Yu Qi's head. Yu Qi immediately turned to Tang Han Lee.

"Don't think too much. Remember that you have a family here." Tang Han Lee thought that Yu Qi was sad as they talked about Yu Qi's biological parents.

"How do you notice that Yu Qi is your granddaughter?" Su Xiao asked Grandpa Mu.

"Actually, it is my friend here who has noticed Yu Qi first. He saw Yu Qi during the medical conference held at Fanghai Nation. He showed the picture of Yu Qi and also noticed that Yu Qi's face which 90% similar to my first wife.

However, I did not think much about that since I thought she was your biological granddaughter. Until my friend found out that she was adopted. He did a DNA test and found out that Yu Qi is my biological granddaughter."

Grandpa Mu told the story.

"The last thing, I want to ask you. Why don't you bring Yu Qi back to your family?" Grandpa Tang asked.

Others were shocked by Grandpa Tang.

"Grandfather..." Tang Han Lee looked at Grandpa Tang.

"Father..." Su Xiao and Ming Yue shouted in shock.

Grandpa Mu just smiled before he answered the question. "Of course I want to. But my family is not a safe place for Yu Qi. My other sons are fighting for my wealth. I don't want to put Yu Qi in danger. If they knew that there will be another heir, I don't know what will happen to Yu Qi? But if you want her to gain her identity back, I will swear to protect my granddaughter."

Yu Qi smiled when listening to her grandfather's speech.

Chapter 878 - 878: Sly

After the meeting with Grandpa Mu, Ming Yue and Su Xiao hugged Yu Qi. They also thanked Yu Qi for not leaving the Tang Family after finding her biological family. They did not want to lose the only girl in the family.

Yu Qi was joking by telling them that they would get their daughter in laws soon. Both of them told her that it was not the same. Yu Qi was Yu Qi. They were them. Even though they would get daughter in laws in the future, Yu Qi would still be number one in their hearts.

Yu Qi laughed and said that their sons would wonder if they were their sons or not. Her aunties said they could try wondering about it.

After dinner, Yu Qi returned to her room. She was thinking about something else. Shino and Aoi who followed her noticed their master's strangeness.

"Master, what are you thinking? Is there something wrong?" Shino asked.

"Well... Yeah... But it still needs more investigation." Her fingers rubbed her chain. Then, she nodded.

"Let's go to Spirit Room. I want to watch something."

.....

"Sir, I find out that your father has gone to Binhai Nation." A man reported to the man who sat in front of him.

"Binhai Nation..." Mu Li Zei narrowed his eyes. "Then, where did he go?"

"He went to the engagement party organised by the Tang Family." The man reported again.

"Tang Family... Is it Tang Yu Qi's engagement party?" Mu Li Zei asked.

"Yes. It was indeed Tang Yu Qi's engagement party. She got engaged to the Colonel Long Hui of Binhai Nation." The man nodded, confirming Mu Li Zei's guess.

Mu Li Zei placed his hands together, resting his chin against his hands while looking down. His father did not try to hide that he had gone to Binhai Nation. Otherwise, his men would not find his information.

Was his father not scared anymore if he found some connection between them? Where did they not have any relationship? Did his father like that young girl just because her face was similar to his late wife?

There were a lot of questions but no answer. Mu Li Zei sighed.

"Continue to watch my father." Mu Li Zei ordered.

"Yes, sir." The man nodded.

"You can go now." Mu Li Zei waved his hand.

....

"You are very sly." Grandpa Sang commented.

"What?" Grandpa Mu looking at Grandpa Sang as he did not understand what Grandpa Sang was talking about.

"You can distract your son by making him doubt himself by boldly approaching your granddaughter." Grandpa Sang chuckled.

"He believes that Yu Qi is my granddaughter. But he does not have any evidence. And he has tried to find the evidence." Grandpa Mu stated the reason.

Grandpa Sang sighed. "Your family will dislike it if they know that you have another granddaughter."

"Hmm... She is my granddaughter. I want her to be my side. But I know that may be impossible."

Grandpa Mu looked up at the sky. "She already has a loving family here. And if I want to bring her to live with me, she will not agree. Her love is here. I will not separate them. I don't want the tragedy to happen again." Grandpa Mu said.

Grandpa Sang knew that Grandpa Mu was talking about, where he chased his son out of the house because his son wanted to get married to some unknown woman. Grandpa Mu still could not let that matter go.

...

Yu Qi returned to Shiwa Town. She followed her grandfather since Grandpa Tang also wanted to go home. He said that he missed his herbs.

Yu Qi took the chance to check on her employees. Even though she believed that her employees but still, she thought it was good to see her employees and check on them.

Grandpa Mu always advised her in her past life by telling her that she needed to be a good boss to the employees. The employees would do their appropriately if their employers took good care of them.

"Master, have you lived here before?" Shino asked.

"Yeah. As I remember, it is my hometown." Yu Qi nodded.

"It is peaceful here," Shino said.

"It is because this place has still not developed yet." Yu Qi looked around. "Only my greenhouse is here. Look over there. That is my greenhouse." She pointed in one direction.

Not far from their place, they could see the greenhouse. Then, Yu Qi noticed something. There was a group of men with black suits standing in front of the entrance blocking the entrance.

"I want to go in." A young man with an arrogant tone said to the guards who do their duty.

"Today is not a visiting day, sir. Please leave." The guards stood firm, did not let the man in.

The greenhouse held one day of visiting for the people who wanted to enjoy the greenhouse here every month. It was suggested by Song Tai. People could learn more about many things. Yu Qi felt the suggestion was very good. So, she approved it. When they promoted the things, there were a lot of people who were interested in the greenhouse. n)-0veLbIn

"You probably want some beating to allow me in." The man signalled his men.

"What are you doing?" Yu Qi asked.

The man turned to look at Yu Qi. His eyes lifted up as he saw the woman.

Chapter 879 - 879: Deal With Song Tao

"Miss, you must have come here to experience farming, right?" The young man smiled at Yu Qi.

"No." Yu Qi answered and walked passing him.

"What is happening here?" Yu Qi asked the guards.

The guards knew Yu Qi. She was their boss. So, one of them answered her respectfully.

"Miss Tang, he wants to enter the greenhouse by force after we have stopped him." The guard answered.

Yu Qi narrowed her eyes and turned to the young man.

"What do you want to do?" Yu Qi asked the man.

"Oh, you know the guards already?" The young man seemed to be happy

"Yes. So what?" Yu Qi waited for the answer.

"Well, I just want to know what is inside here since it is so famous." The young man grinned. "By the way, Miss... My name is Jue Xian Fei. You can call me Xian Fei or honey."

Hearing that, Yu Qi rolled her eyes. Even she did not call Long Hui 'honey', how could she call other men 'honey' so casually?

"Since you are interested to see what is inside, just wait for the visiting day. You can enter the greenhouse without getting blocked at the entrance. Don't disturb other people who do their jobs." Yu Qi turned to enter the greenhouse.

"Wait! Then why can you enter?" Jue Xian Fei asked.

"Of course she can enter anytime. She is the owner of the greenhouse." The guards blocked Jue Xian Fei while answering it.

Jue Xian Fei was stunned. 'She is the owner? But she is so young.' Well, he was happy to get this information. He finally had something to report to his father.

Ignorant about the young man thoughts, Yu Qi proceeded to enter the greenhouse. The employees who knew her greeted her.

Yu Qi smiled and nodded to the people who greeted them by nodding a little bit.

Yu Qi went to her office. Before she entered her office, she went to Song Tao's office. Song Tao usually did not like to close his room. So, Yu Qi could see that he was currently working on the paperwork.

To get Song Tao's attention, Yu Qi knocked on the door. Hearing that someone knocking on his door.

"Miss Yu Qi?" Song Tao was surprised to see his big boss here.

"Brother Tao, long time no sees. How are you?" Yu Qi said.

"Yeah. Indeed a long time. I am good. How about you? Oh, congratulations on your engagement." Song Tao stood up and quickly making some tea for Yu Qi.

"I am fine. Thank you..." Yu Qi took a taste of Song Tao's tea.

Then, her eyes lifted up as her hand placed on her mouth. This tea was very good. And she was sure that she never taste the tea outside.

"What is this?" Yu Qi asked.

"Oh, it is my tea that I have made. I have used some herbs to make the tea. How is the taste?" Song Tao asked nervously.

"Good. Very good. It is a good tea." Yu Qi praised it.

"Thank you, Miss Yu Qi. It is not just to quench your thirst but also good for your health since it is made from herbs." Song Tao was happy that his big boss liked his tea.

"Brother Tao, want to partner with me?" Yu Qi asked.

Song Tao was confused. "Partner with Miss Yu Qi? What do you meaning by that?"

"You can sell your tea to others too." Yu Qi said.

"You mean I can do business using this tea?" Song Tao asked.

"Yeah. If you are scared to do on a large scale, you can start on a small scale first." Yu Qi suggested.

Song Tao was indeed feeling excited about this. But when he thinking about his position here, he was worried.

"If I am in charge of the tea business, how about my position here?" Song Tao asked.

"Well, it depends on you. If you want to do both of them at the same time and can manage them very well, I am okay with it. However, if you think that you can't, you can focus on the tea business. As for this position, we can find another person to occupy the position." Yu Qi thought while nodding.

"Hmm... Miss Yu Qi, do you mind if I want to think about it first?" Song Tao asked.

"Sure. Take your time. I don't mind." Yu Qi said.

"Thank you, Miss Yu Qi." Song Tao smiled.

"Before that, Brother Tao, can I get some of the available tea in your hands? I want my grandpa to taste it too." Yu Qi asked shyly.

"Sure. I can give you a bottle. I will give it to you later before going home." Song Tao nodded.

....

"Are you sure that the owner is a young woman?" Jue Wang Que, Jue Xian Fei's father asked his son.

"Well, according to the guards, they indeed stated that the young woman is the owner of that greenhouse." Jue Xian Fei nodded. He leaned on the seat while chewing some cookies on the tablet.

"She is a beautiful girl." He recalled the woman's face. It was his taste. n/-Ovelb1n

"Then, do you get her name?" Jue Wang Que asked.

"Well, I just got her surname." Jue Xian Fei was still chewing the cookies.

Jue Wang Que became annoyed with his son. His son did not know that it was a serious matter. It determined the survival of their family. He knocked on the table angrily.

Chapter 880 - 880: He Did Not Dare

Jue Xian Fei was shocked when his father knocked the table so loud. He almost choked on the cookies which he was eating. He immediately grabbed a drink and drunk it.

"What's wrong with you, dad?" Jue Xian Fei asked.

"Can you be more serious?" Jue Wang Que asked back.

"Dad, if you were around that time, you would be proud of me. Since I tried to enter the greenhouse by force." Jue Xian Fei showed a proud face.

Jue Wang Que sighed. "Then, what is her surname? Don't tell me that you forget." He looked at his son fiercely.

"Don't look at me like that. How could my mum get together with you? Oh, by the way, her surname is Tang." Jue Xian Fei said.

Jue Wang Que ignored the previous statements of his son. He processed the last sentence.

"Her surname is Tang... Tang... Tang... Who... Is... It?" Jue Wang Que tried to think about it.

Then after several minutes, Jue Wang Que's eyes became widened. "It could not be..."

"What happened to you, dad?" Jue Xian Fei asked.

"That is not possible. Their family members are doctors. Even the adopted granddaughter is about to become a doctor." Jue Wang Que ignored his son and kept thinking about that.

Jue Wang Que remembered something. He stood up and grabbed the newspaper. He stopped at one section.

"Tell me. Is this woman whom you have to see in front of the greenhouse?" Jue Wang Que asked his son while pointing to the picture in the newspaper.

"Yeah. Eh, what is she doing here?" Jue Xian Fei immediately grabbed the newspaper and read it.

Jue Wang Que frowned after hearing the answer from his son. Then, it would be hard to proceed with the next plan. He needed to inform his boss first. He stood up and left his son there.

Jue Xian Fei ignored Jue Wang Que. He was interested to know about the news. Then he read the title. 'LONG FAMILY TIED THE KNOT WITH TANG FAMILY'.

Jue Xian Fei read again. After a while, he became heartbroken. He thought he could tackle the beautiful woman whom he saw. But she already belonged to another man.

And that man was Long Hui. Even he did not dare to snatch the woman who belonged to the youngest colonel in the country. If the man knew that he wanted to tackle his woman, he felt that he would be going to lose his head.

Author thought: That's right, man. Stop putting your life in danger.

Jue Xian Fei hoped that his father would not think to do something bad to this woman and her greenhouse.

....

Yu Qi passed the market to go to Saisei Ryokan. While she was passing through the market, she heard the aunties were talking about Wang Family.

"Did you heard about Wang Family?"

"Nope yet. What is it?"

"Their second daughter ran away from home. Only the only ones left are Shi Xen and her son. Her son...sigh... He is just a teenager but is addicted to gambling."

"Yeah. I have heard about that too. My sister is their neighbour. She heard sometimes when the son is angry, he hits his sister and mother for after not getting the money he has asked for."

"No wonder the second daughter ran away from home. Whose in the right mind would stay at the house like that?"

"That probably got their retribution. Since they treated a young kid as a slave."

"Yeah. To thinking about it, their family is falling after Yu Qi leave the house, right?"

"Yeah. Yu Qi has probably blocked the bad luck for the family. Then since Yu Qi left, the bad luck came again."

'Wang Ha Na left the home...' She wondered how would Wang Fu Ya and her father react after they get to know about this. And that Wang Yu Jin became a gambler. It must be inherited from his father.

Well, it was not her matter anymore.

Shino who sitting on Yu Qi's shoulder suddenly asked. "Where are we going, Master?"

"We are going to the ryokan." Yu Qi said.

"Ryokan? What is that?" It was a new word for Shino.

"Ryokan is the traditional Japanese hotel with the onsen. Oh, onsen means hot spring. It is good for relaxing the body and mind. And for our onsen, we put a special solution." Yu Qi explained to Shino.

"I see..." Shino nodded.

"You should taste the food over there. Sigh... It feels like heaven." Aoi interrupted the conversation.

"Food?" Shino's eyes lifted up excitedly.

"Yeah... It is very delicious." Aoi said.

Yu Qi chuckled as she heard the conversation between those two. They thought about the food all the time. She wondered if she feeds those two well.

She arrived at the Saisei Ryokan. As usual, she went towards the back door. One of the employees who did her work there was surprised to see the owner here.

"Miss Yu Qi!!!" The employee said.

"Sister Mei Fung, is she around?" Yu Qi asked.

"Yeah." The employee nodded.

"Thank you." Yu Qi said.

The employee was stunned for a second. The owner talked to her...

Yu Qi left and went straight to Chui Mei Fung's office. Chui Mei Fung left the door open. So, Yu Qi could see Chui Mei Fung working on her work. She looked very focused on her work.
