

## INTELLIGENT 881

### Chapter 881 - 881: Mesmerizing

Yu Qi then knocked on the door. Hearing someone knocking on the door, Chui Mei Fung's attention turned from the papers to the door. She was surprised to see who was at the door.

"Miss Yu Qi?" Chui Mei Fung stood up.??

"Seeing my employee working so hard on her work, I am very assured." Yu Qi leaned on the door while crossing her arms.

"Long time no sees, Miss Yu Qi." Chui Mei Fung said.

"I am fine, Sister Mei Fung. How about you, Sister Mei Fung?" Yu Qi asked back.

"I am fine, Miss Yu Qi. The business is also going well." Chui Mei Fung nodded.

"I can see it." Yu Qi smiled.

Before entering the ryokan, she was passing by the parking lot. Well, it was fully packed. Some of them needed to park their cars outside the parking lot.

"I think we need to enlarge the parking spot." Yu Qi suddenly thought about that.

"Yeah, Miss Yu Qi. I am also thinking about it since our customer ls have increased." Chui Mei Fung was also thinking about the same thing.

"Hmm... You can handle it. Just give the detailed budget. I know you can do it, right?" Yu Qi tilted her head.

"Of course." Chui Mei Fung nodded.

"Ah!!!"

A scream could be heard. Yu Qi flinched. She quickly stood up and ran out. Chui Mei Fung followed behind. The scream came from the place where the laundry would be done.

Then out of a sudden, Yu Qi heard Shino shouted for help through telepathy.

'Master... Master... Help me... They are going to kill me.' Shino shouted while crying.

Yu Qi arrived at the place and saw that Shino was about to become mincemeat. He could not go anywhere because he was trapped in something. An employee who held the broom was about to hit Shino.

Yu Qi quickly stopped the employee by grabbing the broom which was only one inch away from Shino's head.

"What!" The employee was surprised when all of a sudden, someone grabbed the broom.

"Have you calm down?" Yu Qi said the employee.

The employee was mesmerized by Yu Qi's face and automatically nodded. Then, she realized that the person in front of her was a woman.

"And you come here." Yu Qi moved something that trapped Shino.

Shino climbed up to Yu Qi's shoulder.

The employee looked at the situation and understood that the animal belonged to this woman.

"It is yours, right? Even though our hotel allows the customers to bring their pets but you can't let them roam freely. Other customers will be uncomfortable. "

The employees behind her were shocked. They knew the woman. She was their big boss. The employee who reminded Yu Qi was a new employee. That was why she did not know Yu Qi.

One of them pulled her.

"Miss Yu Qi, she is just a new one here. Please don't mind her." They apologized to Yu Qi.

"Wait, what are you doing?" The employee said.

Then one of her friends whispered to her. "She is our big boss, the owner of this hotel, Miss Yu Qi."

The employee immediately became pale after hearing that. She then quickly bowed her head down and apologized to Yu Qi.

"Miss Yu Qi, I am sorry. I did not know who you are. I am truly sorry. I did not mean to kill the animal. I just want to chase it out." She bowed her head over and over again.

"Stop." Yu Qi grabbed her shoulder. "You don't have to apologize like this. However, you should look at the situation more carefully. This one has been trapped, he can not run away. If I have not grabbed the broom, you would probably get him killed."

The employee was stunned and nodded. "I am sorry again. I will be careful next time." n)(Q..v-  
e(/l))&/)1-.n

"Good luck on your job." Yu Qi smiled.

Once again, the employee looked dazing off as she saw the smile on Yu Qi's face.

Chui Mei Fung watched the situation felt that Yu Qi was a seductress. Not only men, but even women were also falling for her. The evidence was in front of her eyes.

Yu Qi left the place.

"Is it your new pet?" Chui Mei Fung asked. She never saw the ferret around Yu Qi.

"Well, yeah. It is cute, right?" Yu Qi smiled.

"It is. Where do you get it?" Chui Mei Fung asked?

"Well, it is a coincidence that I find him. He wants to steal some food but get caught. After offering some food to him, he did not want to leave. So, I have kept it." Yu Qi said. Half true, half false.

"I see." Chui Mei Fung said.

"Oh, my room is empty, right?" Yu Qi remembered that she wanted to spend some time, relaxing in the onsen.

"Yeah. No one can use the room. Do you want to stay here tonight?" Chui Mei Fung kept the room from the customer.

"Yeah. I do." Yu Qi nodded.

"Then, I will ask someone to prepare it." Right now, Chui Mei Fung was in the 'lady mode' who was taking care of her customers.

"Okay. I will take a walk for now." Yu Qi said.

"As you wish, my lady." Chui Mei Fung bowed.

Yu Qi walked towards the garden. Sensing there was no one around, she took the chance to speak with Shino.

"What are you doing just now, Shino?" Yu Qi asked.

Shino who resting on Yu Qi's shoulder stood up. He became nervous.

"Where is Aoi?" Another question came from Yu Qi.

## **Chapter 882 - 882: Bai Family And Monkeys Are Not Allow To Be Here**

"Yeah. We decided to play hide and seek. Aoi is the 'it'. Never thought that I will be caught by someone." Shino spoke the truth.

Yu Qi sighed. "Then, Aoi, come out." She said.??

Aoi came out of behind the plants. He was grinning nervously. "Master, sorry. We just want to play."

"I understand." Aoi's tail went down.

Yu Qi squat down. She patted Aoi's head. "I just don't want you to get hurt, understand? You too, Shino." She also patted Shino's head.

"Yes, Master." Two of them answered.

"Well, then, let's go to our room. We will stay over for tonight." Yu Qi said.

So, she walked towards the room. When she was about to pass the corner, she heard someone arguing. It was coming from the registration section.

Yu Qi took a look at them. It was her employee and a customer. They were arguing about something. The woman was speaking in a loud voice. Thankfully that the rooms were far from the registration section. So, the other customers would not hear this.

"Madam, we are full for tonight. The rooms are not available." The employee said.

"What? No room left. Impossible. It's just a hotel in the jungle. Who is coming to stay here?" The woman said.

The employee and Yu Qi were thinking the same thing. 'Then, why have you come and want to stay here?'

"Gu Wen, I have told you. To book the room first." Her friend, Sang Fu Yu said.

"Yeah. If we have booked the room first. None of this will happen." Another friend, Nie Cai Bu sighed.

"You better prepare the room for us. Otherwise, you can wait for your hotel to be closed down." Bai Gu Wen spoke arrogantly.

"Madam, that..." The employee was panicked.

"I come from Bai Family. Shutting down your hotel is nothing other than a play." Bai Gu Wen continued.

Yu Qi narrowed her eyes. No wonder she found that the arrogant woman was a little bit familiar. She came from Bai Family.

Bai Gu Wen. The youngest sister of Bai Xia Fang. In other words, she was Bai Shu Jin's aunt. She was around 40 years old. She had married but married to someone that she thought was lower than herself and her family. So, she did not have much respect for her husband. n()Ove1BIn

'Want to close down my hotel?' Yu Qi smirked. She then stepped out.

"Bai Family, huh?" Yu Qi sneered.

The employee saw Yu Qi and felt relieved. She knew Yu Qi. Yu Qi was her knight. She did not need to face this woman anymore.

"What?" Bai Gu Wen looked at Yu Qi.

While crossing her arms, Yu Qi said. "Do you think your Bai Family can cover all the sky?" She did not want to be arrogant but in front of this woman, she needed to.

"What?" It was the first time where her threat did not work.

"I am not afraid to fight with your Bai Family. You can try." Yu Qi smirked.

"You... You... You..." Bai Gu Wen was stumbling in her words. She could not think about anything.

"Since you don't have anything to say, just get out. Bai Family and monkeys are not allowed here." Yu Qi said to Bai Gu Wen. Then she turned over to Bai Gu Wen's friends, Nie Cai Bu and Sang Fu Yu. "You can come but remember to call for booking, okay?"

"Oh, okay." Nie Cai Bu nodded. 'So, she just does not like Bai Family? What is the bad blood between her and Bai Family?' She was curious but she knew it was not a good time to talk about this.

"What are you waiting for? Do you need my help to throw you out?" Yu Qi said since she still could see that Bai Gu Wen still standing there.

After being embarrassed like that, Bai Gu Wen walked out. "I will remember you."

Yu Qi just watched them left coldly.

"Thank you for helping me, Miss Yu Qi." The employee bowed down while saying her thank.

"It is nothing. Good that you have not followed her demand. Remember if you can't handle it, call your supervisor." Yu Qi reminded her.

"Yes, Miss Yu Qi." The employee nodded firmly.

"Oh, one more thing, remember. Bai Family is not welcome here. If you have them coming to stay here, reject them. Even if they offer a big money." Yu Qi said.

"Huh?" The employee was curious.

"That can't do. I need to put the rule in our regulation book. Hmm... I will hold the meeting tomorrow... Hmm, yes... That's right." Yu Qi held her chin while nodding her head.

The employee was curious. It seemed that her big boss was talking alone.

"Oh, sorry. I am talking alone." Yu Qi realized that she was talking to herself when Shino reminded her.

"You can continue our job. I am leaving."

"Yes, Miss Yu Qi." The employee bowed.

Yu Qi went to her room. She wanted to relax in the onsen. She did not need to leave her room to enjoy the onsen since her room had a small onsen. It was only fit for one person.

Since there was no one around, she opened her clothes and wore a thin yukata. When she was about to enter the room, she took out the yukata and entered the onsen.

It was an open-roof onsen. She could see the sky and hear the sounds of the surrounding. Her room was far away from the normal rooms. So, she would not hear sounds from other rooms.

### **Chapter 883 - 883: Quan De Bei And Quan Hou Chi**

Yu Qi looked up at the sky.? Tonight, the sky looked at the beautiful sky filled with stars. Even though it was not a full moon, a half-moon was also good.

The temperature of the water was very good. Warming up her body. She could not help but sigh.??

Then, her thoughts wandered around. She seemed to remember something. It was related to the onsen and enough to make her feel embarrassed.

Yeah... Yu Qi remembered the day when she was m.a.k.i.n.g. .l.o.v.e with Long Hui in the onsen. She then let her head sank in the water to make her forget it.

Meanwhile at the military compound, in Long Hui's office, Long Hui appeared to stop for a moment.

Ren Qian Yi and other military officers noticed something about Long Hui. So, the other military officers asked Ren Qian Yo to ask Long Hui.

"Colonel Long, what's wrong?" Ren Qian Yi used Long Hui's rank. Of course, he needed to use it. They were in the military compound and Long Hui was his superior.

"Nothing. I just feel that someone is missing me." Long Hui smiled gently.

Ren Qian Yi and other military officers were stunned. They knew only one person could make Long Hui looked like a human. And that was Long Hui's fiancée, Yu Qi.

However, it was for only a moment. Long Hui turned back to the normal him.

"After memorizing the map, let's prepare for the mission. We will leave on 20:00." Long Hui ordered.

"Yes, sir." Everyone saluted.

...

Bai Gu Wen returned home angrily. It was the first time that she had received treatment like this. She slammed the door very hard.

Her husband, Quan De Bei, who was currently sitting in the living room, watching the television, was shocked when hearing the sound. He turned around and saw his wife looking very angry.

"What's wrong with you?" Quan De Bei asked.

"I have thought you are supposed to go spend the night at the hot spring hotel for a few nights. Then why do you come home?"

Hearing that reminded Bai Gu Wen about the incident. She became irritated again.

"Shut up will you!" Bai Gu Wen shouted at her husband.

Quan De Bei was silent when seeing his wife who became angry again. He was always used to this treatment. He did not want to annoy his wife anymore. Because the words that would come out from his wife's mouth would be very bad to be heard.

"That bitch. She has dared to chase me out." Bai Gu Wen said angrily.

Seeing Quan De Bei did not respond to her, Bai Gu Wen turned at her husband. "Why don't you respond to me?"

"Well..." Quan De Bei did not know what to say.

"Talking to you is always like talking to an idiot man." Bai Gu Wen said.

Quan De Bei flinched. He did not know what happened to her. When he was asking her, she told him to keep quiet. Then, when she expressed her anguish, he did not know what to say since he did not know what happened to her. If he said something wrong, she would be angry. He just could be silent.

Bai Gu Wen stood up. "Talking to you is useless. You will not be doing anything. Better to tell my sister in law about this."

Bai Gu Wen left the living room and went to the bedroom leaving Quan De Bei alone. He sighed. Actually, he was tired of his wife's attitude.

He stayed with her because of his daughter, Quan Hou Chi. She was turned sixteen years old this year. He did not want his daughter to live without a complete family. He also did not want his daughter to make a difficult choice at such a young age.

Well, even though Bai Gu Wen did not pay much attention to the family but still, it was better to have a complete family.

Quan Hou Chi came out from her room. She saw her father who was sitting alone in the living room. She could tell that her father had just finished getting a scolding by her mother.

Well, she knew that because she already heard the door being slammed very hard. Even on the second floor, she could hear it. Her mother came home while feeling irritated.

She sighed. She felt that this family would not be long before it broke. Just waiting for the time. At that time, she would definitely choose her father. Even if her father would not give her the wealth, it was enough for her. Because her mother did not really care much about her.

...

The meeting with her ryokan employees had just finished. Yu Qi made some improvements. She did not forget the thing that she wanted to insert in the ryokan regulations.

'Bai Family and Monkeys are not allowed here.'

Yesterday, Yu Qi made the list of the Bai Family members using her memories. The Bai Family had many family members. She just wrote what she remembered only. She did not want her employees to stop other customers from coming to the ryokan just because they had the surname 'Bai'.

Chui Mei Fung asked Yu Qi about that matter. Yu Qi told her that they were her enemies.

Chui Mei Fung was a little bit surprised to hear it. She never thought that Yu Qi would have enemies. Then when she thought about Yu Qi's life before this, she seemed to understand that Yu Qi was so a normal girl who had people that she hated and loved.

#### **Chapter 884 - 884: Sacrificed His Love.**

Someone poured the 'dirty water' on Saisei Ryokan. Saisei Ryokan suddenly got many bad reviews on the website making the business went slow for a little bit.

Some of them that already booking for the reservation, cancelled their reservation. They did not care much about the amount of money that had been deposited.??

Chui Mei Fung reported to Yu Qi about the matter. Yu Qi already found out away before Chui Mei Fung reported to her because she was always checking the ryokan's website.

Since she always asked Han Baise to make the website for her companies, she always checked the websites. Turned it was good practice since she spotted the issue.

Someone wanted to make trouble to her hotel. And it was pretty obvious that who was the mastermind.

She could think about one person only. Bai Gu Wen. She was probably thinking to ruin the hotel's reputation. So that, the hotel could be bankrupt.

"Please don't worry about this matter. Just relax. Leave the matter to me. I will handle it personally." Yu Qi told Chui Mei Fung.

"Is it okay?" Chui Mei Fung asked.

"Don't worry. I will handle it. Just operate as usual." Yu Qi assured Chui Mei Fung.

Since Yu Qi already said so, Chui Mei Fung would let Yu Qi handled the matter.

Yu Qi strolled the page where the reviews had been posted. They started to get bad reviews from the past one week ago. It was coincidentally the same time after she had chased Bai Gu Wen out from her hotel.

Even a low IQ person could guess who the culprit was. Yu Qi displayed a cold smile. She did not plan to pay much attention to Bai Gu Wen since she was not important to her. But since that woman wanted some attention from her, she would play with her.

She opened the secret chat that only she and Han Baise were in the group.

Snow: Shiro... Are you there?

Snow: Do you see the Saisei Ryokan website?

Shiro: Yeah. Do you want me to clean it up?

Snow: Let's wait for some time... Can you investigate Bai Gu Wen?

Shiro: Bai Gu Wen, who is it?

Snow: Youngest sister of Bai Xia Fang, head of Bai Cooperation. **no ve.1b(In**

Shiro: About what?

Snow: Well, more like her weakness.

Shiro: Okay. I can try. Then, can I play with her from time to time?

Snow: Well, up to you. I don't mind.

Yu Qi went to meet Song Tao. Song Tao wanted to meet with her. It seemed that Song Tao had made his decision.

"Miss Yu Qi, I want to make that business deal with you. However, I still want to work here." Song Tao said.

"Sure. I also prefer that too. However, if your performance drops, I will have to replace you." Yu Qi said while drinking the tea that Song Tao prepared for her. "It is the new taste."

"Yeah. I have just completed it last night." Song Tao nodded.

"By the way, have you told Brother Tai about this?" Yu Qi asked.

"Yeah. Actually, he is the one who encouraged me to agree to do the deal with you. He says that Miss Yu Qi will not do a bad deal and my skill will also help Miss Yu Qi and I." Song Tao re-act what his brother said to him.

Yu Qi chuckled. "Indeed his style."

....

Bai Xia Fang read the document in his hands carefully. He had been trying to acquire the Qi Qi Brand but failed miserably. Each of his plans was being blocked by an unknown force.

That young woman was very good in business. It would be good if she could marry one of his sons. However, he heard that she had already been engaged with someone in the military.

Why did she not think of marrying someone who could help her manage the business with her? Bai Xia Fang felt it was a waste.

He married Bai Jian because she had her role. The family behind her and her ability was enough to make him sacrifice his love.

Not many knew that his eldest son was not his son with Bai Jian but his son with someone else. He brought his eldest son home after paying off that woman.

Bai Xia Fang told Bai Jian about that. At first, Bai Jian was angry. However, after being threatened by Bai Xia Fang, she just kept silent about it.

Bai Xia Fang narrowed his eyes. His son loved that young woman. Then, let him be a good father to his son and let his son get the woman he loved.

He immediately called his son. Bai Shu Jin went to his father's office.

"Yes, father. What do you want to discuss?" Bai Shu Jin asked.

"Do you want to get together with your love?" Bai Xia Fang asked his son.

Bai Shu Jin flinched as he heard the question from her father. "What is it, father?"

"I heard that the woman you love has gotten engaged to someone else." Bai Xia Fang smirked. "How pitiful. She is a good woman. You should be aggressive when confronting love with her. Otherwise, why will she be together with a soldier who can not be together with her all the time?"

Bai Shu Jin was silent. He could not fight back the sentence.

"Take some day off. Go and see that woman." Bai Xia Fang ordered.

"What?" Bai Shu Jin was confused.

"You should know her talent in the business. Pull that woman to your side." Bai Xia Fang said.

Bai Shu Jin finally knew his father's purpose. His father was not a nice person who felt love was important in his life. He had a good reason for that.

**Chapter 885 - 885: He Submits To Evil**

Yu Qi was dying to get the white powder. She wanted to get some more for her research. That white powder was good if it was put in the correct uses.

She finally managed to get the clue after monitoring Wei Zhu Feng for a long time. He went to meet someone. Yu Qi investigated that man and found out that he was from the black market.??

Why would someone from Tourism Ministry go to meet someone from the black market? He had no reason to do so unless it was not related to his career.

When she investigated furthermore, she found out that the man was indeed the one who supplied those white powder to Wei Zhu Feng.

Hmm... It seemed that she did not need Wei Zhu Feng anymore. She needed to finish him off. However, she wanted Wei Zhu Feng to feel the distress first.

Yu Qi ordered Han Baise to send an email to Wei Zhu Feng about his little secrets first. It began with Wei Hai Jing. People knew him as Wei Zhu Feng's nephew.

Wei Zhu Feng loved Wei Hai Jing more than he loved his daughter, Wei Xin Hin. But it was because Wei Hai Jing was actually his biological son.

Well, Yu Qi was also shocked when she found out this during her investigation. Wei Zhu Feng played with his sister in law when his brother was out of the station.

.....

Wei Zhu Feng was shocked when he received and read those emails. No one should know about this. Only he, his sister in law and his friend, who did the DNA test.

He immediately called his friend about this. His friend was only one of the directors in the hospital in Capital City.

"Why do you call me in the middle of the night, huh?" His friend, Gou Zhoxing answered the call.

"Do you tell anyone that Wei Hai Jing is my son?" Wei Zhu Feng was straight to the point.

"Huh??? Of course not. Am I stupid or what?" Gou Zhoxing felt angry when his friend called him in the middle of the night and accused him of something that he did not do.

"Then, why does someone knows about it?" Wei Zhu Feng felt distressed.

"What do you mean, someone knows about this?" Gou Zhoxing asked back.

"Today, I have received an email telling me that he knows my secrets. One of them is that Wei Hai Jing is my son. It also showed the result of the DNA test." Wei Zhu Feng told Gou Zhoxing.

"It is impossible. After telling you the result, I have already deleted your data from the system. It should not have anything about you." Gou Zhoxing said.

Wei Zhu Feng went silent. He did not think that his friend would lie to him since he also had some dirty secrets about Gou Zhoxing. His friend would not betray him because he could tell others about his friend's dirty secrets. His friend would not want that to happen.

"Zhu Feng, I think someone hacked the system and recover back your data. Don't you have the technical team? Let them check whether someone had been hacking into my hospital's system?" Gou Zhoxing suggested.

"Okay. I will do it. I just hope that it was not you who leaked that information. Otherwise, you will also not end well." Wei Zhu Feng gave some warnings.

"I know!" Gou Zhoxing said.

The call ended. That was right. Someone probably hacked and got that information. Then he sent the email to him. He still did not forget that they had been hacked by someone. It must be their work.

He made a phone call to his technical team to investigate more about the email.

"Honey, why don't you sleep already? It is already late. You can continue working tomorrow. Get some rest, will you?" Wei Zhu Feng's wife had woken up from her sleep and found out that her husband was still not asleep yet.

"Okay. I have just finished. I will sleep now." Wei Zhu Feng nodded.

....

Meanwhile in the chatbox

Shiro: I have already sent the email to him.

Snow: Good work.

Shiro: He is a minister, right?

Snow: Yeah.

Shiro: How can he commit the crime?

Snow: Well, he has submitted to evil.

Shiro: Even I am shocked with the list that you have given me.

Shiro: That's scary.

Snow: Are you confident that they will not find your IP address?

Shiro: Don't look down on me. Even though I am not as good as you but compared to other people outside there, I think I will not lose to someone else.

Snow: HO HO HO... We will see about that later. He has probably already asked his technical team to find you. By the way, how is the preparation for another thing that I ask you to do?

Shiro: Done. Waiting for your order.

Snow: Good. Just wait. I want to sleep already. Good night.

Shiro: Okay.

The conversation stopped there. Han Baise felt his life had been so exciting since ever he met with his current boss.

His boss taught him a lot when she had some free time. Even though he just met her once but he felt that she was his soulmate. Well, not in a romantic way. Even he knew that his boss already got her boyfriend and got engaged with that boyfriend.

#### **Chapter 886 - 886: Another Alternative.**

Yu Qi woke up feeling refreshed. She was getting ready for her morning routine. If she did not do it, she felt that her day was not complete.

She remembered how she had messed with Wei Zhu Feng yesterday. No wonder Wei Zhu Feng valued Wei Hai Jing too much. He was his son.??

Even though he already had a? daughter, he still preferred a son as the daughter would marry someone else and her child would follow her husband's surname, not his. So it was better to have a son.

As for the man from the black market, Yu Qi found out that his name was Mr Jack. She knew that was not his actual name. More like his alias in the black market.

He made a deal with Wei Zhu Feng because he wanted to get access to Binhai Nation's trade routes. What happened if Wei Zhu Feng got into trouble? Yu Qi believed that Mr Jack would leave Wei Zhu Feng and find another alternative.

She wanted to be his alternative and investigate the force behind him.

When she was running around the town, she was stopped by three men.

"Sister, long time no see."

Yu Qi looked at the man who called her 'sister'. It was Wang Yu Jin. *novel* **cb-1n**

"You look more beautiful." Wang Yu Jin said more.

"Yu Jin, this is your sister? Wow, gorgeous." Wang Yu Jin's friend said.

"You can't just claim kinship with me." Yu Qi smirked.

"Well, it will not change the fact that you have lived in our family. You are my sister." Wang Yu Jin smiled.

Wang Yu Jin heard after Yu Qi left their family, she had been adopted into a rich family. She probably had a lot of money right now. If he could get some in his hand, it would be nice.

"Please... I was not your sister right... More like a slave. But now not anymore." Yu Qi said.

"Well, it does not matter and sister, do you have some cash?" Wang Yu Jin was shamelessly asking Yu Qi for some money.

"Even if I have some cash with me, why will I give it to you? Am I stupid or what?" Yu Qi felt that Wang Yu Jin was an idiot.

"Sister, you better do as I say. Otherwise...."

"Otherwise what?" Yu Qi cut him.

"This place is a remote area, sister. No one can help you." Wang Yu Jin displayed a smile.

"Yu Jin, don't talk too much. Let's take her money. Before that, let me play with her first." Wang Yu Jin's friend said.

He rushed to grab Yu Qi. However before he managed to do so, he felt his body was flying back before falling on the ground.

Wang Yu Jin and his other friend were shocked to see the scene.

"You can try. Either get a bite from my dog or beating from me. Choose which one do you like?" Yu Qi pointed to Aoi who growling at Wang Yu Jin and his friends.

'How do dare they think of doing something to my master?' Aoi growled aggressively at the men.

Shino was sitting on Yu Qi's shoulder, understanding that the men in front of them were not good people. He was getting in the position to bite the enemy if they dared to do so.

Wang Yu Jin and his friend who still standing in front of Yu Qi began to stay in the position to fight Yu Qi.

"If you don't want to have your bones broken like him, you better stop thinking to attack me." Yu Qi was relaxed crossing her arms, looking confident.

Wang Yu Jin and his friend flinched as they heard that. Broken bone.

"Argh... argh... It is hurting. You bitch... How dare you..." Wang Yu Jin's friend who received the kick from Yu Qi g.r.o.a.n.e.d in pain.

Yu Qi picked up her phone and called the police.

"I want to make a report... Yeah, a group of men tried to attack me... Yeah... Right now, I am okay... But one of them is hurt, can you send an ambulance here... Yeah, my place... Well, I am at... bla bla bla... Yeah. Hope you can arrive here as soon as possible." Yu Qi said to the police.

Wang Yu Jin and his friends were dumbfounded by this. They could not think that Yu Qi would casually call the police and report them.

"How dare you call the police?" Wang Yu Jin pointed his finger at Yu Qi.

"So, what? You can wait for the police to come." Yu Qi sneered.

"Who is an idiot to wait for the police to come?" Wang Yu Jin said. He then turned to his friend. "Let's go and leave this place."

"Then, what about him?" His friend referred to the friend who was kicked by Yu Qi.

"Just leave him." Wang Yu Jin said.

"Oh, okay." His friend nodded.

Wang Yu Jin and his friend ran away leaving their friend. The friend who was laying down on the ground was feeling shocked as he saw his friends leave him there.

He then saw the woman was approaching him. He immediately became scared. What if this woman killed him?

"Your friends have abandoned you just like this. Are they really your friends?" Yu Qi asked.

He was silent.

"I have already called the ambulance. Just wait for them to come. Well, I will not apologise to you for kicking you." Yu Qi said.

She looked at his face. "You are still young? Have you finished your school?"

"No." He answered.

"Your name?"

"Zho Xiang."

#### **Chapter 887 - 887: Picture**

"Do you think you can continue living your life like that?" Yu Qi stared straight into his eyes.

"..."??

"Do you think your parents will be happy about you living your life right this?"

"They don't care about me. They will be happy if I stay away from them."

"So you want to destroy your life like this?"

"..."

The ambulance and the police arrived at the scene. The ambulance took Zho Xiang for treatment. Before Zho Xiang left, Yu Qi talked to him once again.

"After you recovered from this and? you want to change your life, you can find me." Yu Qi placed her card into Zho Xiang's hand

Zho Xiang looked at the card. It contained her name and her phone number.

.....

"How is the result?" Wei Zhu Feng came earlier to his other office. Not the one in the ministry.

He wanted to know the result as soon as possible. He could not get a good rest because he was dreaming that everything was exposed to the public making him lose everything.

"Sir, we still trying to find it." The leader of the technical team said afraid it would angering his boss.

"Not yet! What are you doing?" Wei Zhu Feng's anger exploded.

The men were silent. They could not help to think that they were useless. Well, actually not. They were good talents that Wei Zhu Feng could find. However, as others said, there would be others who were much better.

"Sir, we are facing a very talented hacker. Your enemy must have used a foreign hacker. Not many are as good as this one, Sir." The leader said to Wei Zhu Feng.

"So?" Wei Zhu Feng looked at the leader.

"Sir, how about we ask someone from Red Alliance?" The leader suggested.

"Do you mean the hacker organization?" Wei Zhu Feng asked.

Wei Zhu Feng knew a little bit about Red Alliance since it was famous in the black market. It was a group of hackers who came together as an organization. People could hire them if they had a big amount of money since the fee to hire people from Red Alliance was not cheap.

Wei Zhu Feng was silent for a while. Using Red Alliance's service might help him. But when he thought about the money that he needed to pay them, he wanted to cry.

Then, when he thought about the email, his body became cold. If the secret came out, he definitely would lose his position. Even the wealth that he got would be investigated. No... No... He could not let it happen.

"Try to contact them." Wei Zhu Feng made the decision.

"Yes, Sir." The leader nodded. He then quickly contacted Red Alliance to make the deal.

...

Bai Gu Wen was shocked when she received an email from an unknown sender. She was about to sleep when she received the email. She opened the email. There was a picture attached to it.

"What has happened?" Quan De Bei asked.

"It's nothing. My friend pranked me. She sent me a picture of the ghost. I was shocked and screamed. You can sleep." Bai Gu Wen explained.

"Oh, okay." Quan De Bei believed her and went to sleep.

Of course, Bai Gu Wen was lying to her husband. It was not the truth. She grabbed her phone back. She looked at the email.

It was a picture of her together with a man in the bed. And the man was not her husband. She remembered the picture. This man was the first man with whom she had cheated.

Four years ago, she went to a nightclub. Her husband was busy working that night. While her daughter had gone to sleep at her friend's house.

She was bored. So, she put on a dress and makeup. At that time, she was in her 30's. And also, she always went to the parlour to maintain the youthfulness on her face.

She then braced herself and drove to the nightclub. It had been a long time since the last time she went to the nightclub after she had married Quan De Bei.

She was feeling excited at that time. She went crazy, drinking and dancing. She forgot her status as a wife and a mother. She was having fun alone until someone came and wanted to dance with her.

She was dancing together with him. The man touched her body several times while dancing. She did not mind much about it.

Tired of dancing, she went to her table and the man followed her. From there, she got to know that his name was Ze Cui Wang. He was younger one year than her. And he was already married.

He came to release the stress. He said that he was stressed because of his wife who liked to demand everything. He told everything about his married life.

Bai Gu Wen also told him that she also married and came to the nightclub because her husband and daughter were not at home. She was feeling lonely.

Ze Cui Wang said that he was shocked when she told him that she was married and had a daughter because her face was telling something else.

#### **Chapter 888 - 888: Have different Aim**

Bai Gu Wen was proud when the man praised her looks. Her husband did not say anything else.

They drank a lot at that time. Of course, they ended up drunk. Since the mind had been influenced by alcohol, they did not think straight.??

They went to a hotel beside the nightclub. Entering the room, Ze Cui Wang kissed Bai Gu Wen aggressively. Bai Gu Wen also responded to the kiss. After that.. everyone knew about that.

The next day, Bai Gu Wen woke up feeling shocked as she saw an unknown man laying beside her. Then, she was stunned as she remembered what had happened last night.

Ze Cui Wang woke up too. He was smiling when he saw the woman he met last night was still here. They talked for a moment. Wanting to make yesterday's matter a secret while planning to meet again.

So, they exchanged the contact number. With that, the forbidden relationship began.

Ze Cui Wang felt excited when thinking that he was sleeping with someone's wife. Bai Gu Wen also thought the same. So, they ended up together before breaking up after one year.

During the time, Bai Gu Wen did take many pictures together with Ze Cui Wang. She stored the pictures privately. So, no one should be able to get the pictures.

The picture that she received from the unknown sender was one of them. How could someone get the picture? She was shaking, feeling afraid of what would happen next.

'This sender probably wants some money from me, right? Yeah... He will... He will send another email to ask for money. I will give him the money as soon as he deletes the pictures.' Bai Gu Wen thoughts as she calmed down herself. She just needed to wait. There would be a second email asking about the money.

Bai Gu Wen ended up waiting for another email for the whole night. She could not even sleep. She waited and waited but she did not receive anything.

Quan De Bei was surprised to see his wife who was awake at this time. Usually, she would not wake up at this time and would wake up at 10 am. He wanted to greet his wife but seeing the bad mood on his wife's face made him cancel the thought. He quickly refreshed himself and got ready for his work.

When Quan De Bei was about to get out, Bai Gu Wen also stood up and followed him. Quan De Bei could not help but ask her.

"Do you have a plan on going out today?" Quan De Bei asked when they were about to enter the dining room.

"No." Bai Gu Wen said.

The maids were surprised when they saw the madam came down together with the master. They quickly asked the chef to prepare food for the madam's portion. Usually, they would just have to prepare breakfast for the master and young miss only because the madam did not wake up at this time.

Quan Hou Chi was also surprised to see her mother together eating breakfast together with them today. She did not say anything other than greeting her mother. She then started eating and made small talk with her father.

Bai Gu Wen was eating but she seriously did not feel the taste of the food because she was so worried about the email. She was still waiting for the email demanding the money for the picture.

"Mom... I will go to school first." Quan Hou Chi said to her mother. Her mother did not respond to her. She sighed.

Quan De Bei saw his daughter had been ignored by her mother, patting his daughter's head. Quan Hou Chi looked at her father and gave a weak smile.

"Let's go. You will be late for school." Quan De Bei said to his daughter.

Quan Hou Chi nodded. Both father and daughter left the dining room and headed out.

After a few moments, Bai Gu Wen realised that she was alone in the dining room. 'Where are they?' She looked around. 'They' was referred to her husband and daughter. They were here just now.

She then turned to the maid who currently cleaned up the Quan De Bei's plate and asked. "Where are my husband and daughter?"

"They have already left, Madam." The maid answered carefully.

"What? They have left without telling me. Humph!" Bai Gu Wen banged the table.

The maids were looking at each other. They were thinking about the same thing. 'They already told you but you ignored them. Now you are angry at them. Has she gone crazy or what?'

But of course, the maids could not tell their madam about their thoughts. Otherwise, they would be fired from this job.

Bai Gu Wen felt that she already did not have the appetite to eat anymore. Grabbing her phone, she left the dining room and went to her room.

If they did not demand the money meaning they had another aim. She was afraid of this type of thing. If their aim was the money, she could just give the money to them since money was not a problem to her.

Waiting around would not solve the problem. She thought she could try contacting the sender. So, she tried to reply to the email back. But it said that she could not reply or send even a new email to the sender.

She was angry. Then, she shouted angrily. The maids heard the scream and were shocked. They looked at each other.

### **Chapter 889 - 889: Helping Han Baise.**

The situation was different for Wei Zhu Feng. The leader of the technical department managed to call someone from the Red Alliance after pulling many strings on his side.

A man from Red Alliance responded to the leader's call. When the leader explained the situation to him, he directly called the price of his service. It was 2 million.??

The leader was shocked when he heard the price. He knew the price was very high but he did not expect that it would be so expensive. This person was indeed from Red Alliance since they dared to demand such a big amount of money.

He could not make the decision. He needed to tell Wei Zhu Feng and wait for his decision.

Of course, Wei Zhu Feng also had the same reaction. Too expensive. But when he thought about the secrets that were about to expose, he thought the price was lesser important than that.

After considering many things, Wei Zhu Feng made the decision. He decided to get the expert's hand to settle the matter. The man from the Red Alliance did a live-stream of his work to the leader's computer so that people could see he was working.

.....

Han Baise flinched as he felt that he could not fight head to head with this new person. It seemed that Wei Zhu Feng found someone else to trace him since it was a different style from the way this person attacked him.

Using his one hand, Han Baise immediately dialled his boss's number to report about this while another hand was trying to counter the attack. After putting on the loudspeaker mode, he put the phone on the table and once again, using both of his hands to do the works.

"Hello, what's wrong?" Yu Qi answered the call.

"I have been attacked. This person is very powerful. I don't think that I can win the battle." Han Baise said.

"Wait a minute." Yu Qi went to her office at the greenhouse. It was coincident that she was at the greenhouse at the moment.

Luckily, her computer was on standby mode. So, it was not so long that her computer was ready. She put down the phone and started working to help Han Baise.

...

The person from Red Alliance, Hong Gu Ming was surprised when suddenly being attacked by a different person. This time, it was a stronger opponent.

He stopped attacked the previous one and started to fight with the new. He ended up using his full speed while fighting with this person.

But what he got was a black screen and the bloody words saying 'You lose'. He was shocked. He did not expect to lose this earlier.

'This person is more expert than me.' That was what he thought. He did not expect that there was someone so powerful outside Red Alliance. This strength probably could be compared to the head of Red Alliance.

"As you can see, I have already lost. You can contact other people from Red Alliance or others. However, don't expect the price will be the same." Hong Gu Mi said on his live stream. Then he ended the live stream.

Wei Zhu Feng started to believe his friend's words from the hospital. Someone hacked the hospital system and recovered the data as his friend had predicted.

Someone wanted him to fall down from his current position. But who? His hater from the political world? He could not think of anything.

He had a few enemies. But to pinpoint the culprit would be so difficult because he did have any evidence. Attacking his enemies would alert them.

Hong Gu Mi did not care about what would happen to Wei Zhu Feng. He needed to report to his leader about this powerful hacker. So that, that person could be invited to Red Alliance.

"What? Are you sure about that?" The leader of the Red Alliance, which was Hong Gu Mi's uncle, Hong Qua Sei asked.

Hong Qua Sei was surprised to hear something like this from Hong Gu Mi. He needed to invite this person to Red Alliance. Having a powerful hacker would benefit the organization.

Hong Qua Sei knew that his nephew was a powerful hacker. Having lost to that person meant that person was more powerful than Hong Gu Mi.

"I will handle it." Hong Qua Sei said to Hong Gu Mi.

...

She checked Han Baise's computer and confirmed that nothing from that person was left. If some traces were left, it would be dangerous to Han Baise.

She asked Han Baise to improve his computer's defence. She gave a system that she created to Han Baise to study.

"Boss, I need to think that person is from Red Alliance." Han Baise said.

"Red Alliance?" Seriously, Yu Qi never heard something like that.

"It is an organization where skilful hackers gather and take jobs. They did not care about the jobs as soon as they received the money." Han Baise explained.

"Oh... I see. No matter if it is crime or not, that organization can accept any jobs, can't they?" Yu Qi understood.

"Yes." Han Baise nodded.

### **Chapter 890 - 890: Settle The Problem**

"By the way, it means that Wei Zhu Feng's team can not handle it anymore. He ended up contacting people outside. He must be afraid that his secrets would get exposed." Yu Qi narrowed her eyes.

Han Baise gulped when he saw his boss who was making that face. It meant something would happen later.??

"I think it is time for Wei Zhu Feng to step down from his position. We have already played enough with him." Yu Qi displayed a cold smile.

"Yes, boss." Han Baise also agreed with Yu Qi.

"Then, release the evidence about his crimes to his arch-enemy." Yu Qi ordered.

They had already investigated everything about Wei Zhu Feng. He was working in the political world. Having enemies was nothing unusual.

Wei Zhu Feng had a few enemies but the one who hated him the most was Zi Yang. They used to compete from the same position. Using some tricks, the position ended up in Wei Zhu Feng's hand making Zi Yang very angry.

Zi Yang knew that Wei Zhu Feng played some tricks but he did not have any evidence to prove that. So, if the secrets that Yu Qi and Han Baise had been gathering fell into Zi Yang's hands, Yu Qi and Han Baise were pretty much sure that Zi Yang would be happy.

"Send those evidence to Zi Yang. He will know what to do." Yu Qi ordered.

"Yes, boss." Han Baise nodded.

"For the time being, study the system that I have given you. Try to make another system using the code. That is your task right now." Yu Qi said.

"Okay, boss." Han Baise was actually excited to study about the system.

He just took a glance at the system and knew that the system was so impressive. He was glad that he followed his current boss right now.

So, he quickly completed his boss' order, sending the evidence to Zi Yang. While c.l.i.c.k.i.n.g the button 'send', he was saying goodbye to Wei Zhu Feng.

...

Saisei Ryokan started to recover after a while. Yu Qi improved the website system making only the guest that used to stay at Saisei Ryokan could write the review on the website.

The review would not show their full name rather their nickname which they needed to write before writing the review.

The review would show their nicknames and the date when they stayed over. The website protected the privacy of the guests who came and stayed at Saisei Ryokan.

It was the solution that she and Han Baise came out for Saisei Ryokan's problem.

Yu Qi asked Chui Mei Fung and other employees to call the previous guests and asked them to write a few words about Saisei Ryokan.

It must be an honest review. They were allowed to complain about something that they felt that Saisei Ryokan could improve.

A lot of the previous guests came forward and helped Saisei Ryokan. It was pretty sad if a good hotel as Saisei Ryokan shut down because of someone's bad words.

They could assume that there was someone who wanted Saisei Ryokan to shut down when they read the bad reviews.

After the website improved, Saisei Ryokan started to receive calls from the people who wanted to make the reservation to stay over at Saisei Ryokan. There were a lot of calls. The hotel ended up fully booked for the next 6 months.

Chui Mei Fung and other employees were impressed with the ways that their big boss used. It made them proud to be her employees.

Yu Qi received a call that made her very happy. Who else could make her so happy if not for Long Hui?

She had not received any news from him, the past two weeks. She knew that he must be going on the mission.

Long Hui asked where she was. She immediately told him that she was at Shiwa Town, at the greenhouse.

Long Hui received Yu Qi's position, starting the car, he left the military compound.

Ren Qian Yi watched his second brother leaving and sighed. 'He will not come back tonight. That's for sure.'

"Lieutenant Colonel Ren, where is Colonel Long?" A woman with military attire asked Ren Qian Yi.

"He has already taken a day off. I don't know where he has gone." Ren Qian Yi said.

"Oh, I see." The woman felt down as she could not get the answer.

"You should return home, report to General Zhu. He must be worried about you." Ren Qian Yi said.

"Yeah. I guess so." The woman nodded. She was Zhu Shanggun. The granddaughter of the current general, General Zhu Guang He. She was also a soldier with the rank 2nd lieutenant rank.

She went missing with a few soldiers while doing their mission. Turned out they had been held hostages to threaten General Zhu.

So, General Zhu ordered Long Hui and his team to lead the special rescue mission to save them. Others who were kidnapped had been tortured. Zhu Shanggun also got tortured by them but nothing as serious as those male soldiers got. It seemed the kidnapper was soft to women.

"I was thinking to see Colonel Long before leaving here." Zhu Shanggun said while sighing.

Ren Qian Yi acted like he did not hear that. He knew that Zhu Shanggun had feelings for Long Hui from the start.

'He will not waste his time meeting with you. He will rather go to his fiancée.' Ren Qian Yi sighed.
