Chapter 891 - 891: Long Hui Came

The employees who wanted to return home after the day of work were stunned as they saw their boss was at the entrance. They wondered why their boss was still here.

They knew that their boss usually came to the greenhouse by walking here. Most of them were also coming to work on foot. Some of them were using bicycles and motorcycles. Only a few of them were having the car.

"Miss Yu Qi, why are you still here?" A brave employee came to Yu Qi and asked.

"Oh, I am waiting for someone." Yu Qi said.

"I see." The employee nodded.

"You can go home now. Good work for today." Yu Qi smiled as she waved to her employees.

"Who is Miss Yu Qi waiting for?"

"Ho ho ho... Let me tell you. It must be her boyfriend."

"What? Boyfriend? Miss Yu Qi has a boyfriend."

"You are new here. Old workers like me already know that our Miss Yu Qi has a handsome boyfriend."

"Really?"

"Of course. Miss Yu Qi's boyfriend also comes to visit Miss Yu Qi when she is here."

"Why does he come now? I have never seen him before."

"It is because Miss Yu Qi's boyfriend is a soldier."

"I see."

"Speaking of the devil, here he comes."

A car came over. The employees made a way for the car to pass through. It stopped exactly in front of Yu Qi. The handsome man came out of the car.

"He is Miss Yu Qi's boyfriend."

"How handsome."

"What a nice body."

"Of course, he has a nice body. He is a soldier."

The employees who never saw Long Hui before could not help but stood to take a few looks at Long Hui.

"Have you been waiting for a long time?" Long Hui asked Yu Qi.

"Nope." Yu Qi smiled. "How are you? Good?"

"Yeah. I am fine." Long Hui pulled Yu Qi into the car.

They left the greenhouse. n).o.-v-(e--~~l~~-.B-)l)-n

"Were you on a mission?" Yu Qi asked.

"Yeah. I have just come back." Long Hui did not hide anything about his job.

"You are not injured, right?" Yu Qi was concerned if Long Hui was injured. In that case, he should rest.

"Not really. Just small wounds." Long Hui did not think that injuries were worse since he still could stand up.

"Really?" Yu Qi asked in a worried tone.

"Of course." Long Hui nodded.

"Hmmm... I will inspect your body later." Yu Qi said.

"Oh, I will be happy to offer my body for your inspection, my beloved." Long Hui grinned.

Hearing the teasing tone of Long Hui's voice, Yu Qi blushed. She was thinking something naughty in broad daylight. Feeling embarrassed, she put the blame on Long Hui.

"Where are we going?" Yu Qi asked.

Yu Qi could see that car was moving on the road which indicated that they would leave Shiwa Town.

"Well, I want to have a date with you. So, I will bring you out." Long Hui smiled.

"Are we not returning home tonight?" Yu Qi asked.

"Of course... not. How can I let you go home since I am here?" Long Hui grinned as he said the sentence.

In that sentence, it felt like Long Hui was an evil man who kidnapped the girl and forced her to be together with him on the night.

"You... Sigh... I need to inform my Grandpa in case he will be worried." Yu Qi looked at Long Hui and took out her phone to call her Grandpa.

Yu Qi: "Grandpa..."

Grandpa Tang: "Hmm..."

Yu Qi: "I am calling you to inform you that I will not be coming home tonight. I am going out with Brother Hui."

Grandpa Tang: "Yeah. I know. That brat has already called me."

Yu Qi: "Huh? Has he already called you? When?"

Yu Qi also turned at Long Hui who was currently driving.

Grandpa Tang: "An hour ago. He has told me that he will go to take you out and not return home tonight. That brat... Yu Qi, you need to take care. Don't give away to that brat."

Yu Qi: "Okay, Grandpa. You too, don't stay out at night to take the herbs. Rest early."

Both of them said goodbye and ended the call.

"I have never thought that you have already called Grandpa." Yu Qi said.

"I have told him that I miss my fiancée and want to stay with her tonight." Long Hui grinned.

"Have you said that?" Yu Qi was shocked. No wonder, Grandpa Tang gave a reminder like that to her.

"Well, that is the truth, right?" Long Hui made an innocent look.

Yu Qi sighed. "I know that but..."

"Okay... Okay... I understand I will not do it again." Long Hui admitted his mistake.

"By the way, where are we going?" Yu Qi was still in the dark about this.

"You will know soon." Long Hui did not want to tell her right now. He wanted to surprise her.

"Okay... Okay... I will be a good girl and wait for it." Yu Qi gave up asking about that. "Tell me about your last mission, then."

Long Hui told everything to Yu Qi. The mission was where they needed to go and rescue some of their military officers who had been kidnapped in M Country. They were ordered to stay over and handle some matters at M Country.

On their way back to the Binhai Nation, they had been ambushed by some force. Their aim was General Zhu's granddaughter who was also one of the military officers.

Chapter 892 - 892: Aurora Date Part One

"Everyone is safe, then?" Yu Qi asked.

"Yeah. Everyone is safe. However, some of them were injured due to the torture." Long Hui answered.

"What? Had they been tortured too?" Yu Qi flinched.

"Yeah." Long Hui nodded.

"How about the female military officers? Had they been tortured too?" Yu Qi asked feeling worried.

They tortured. A woman might not stand it.

"No worries. They are okay. It seems the other side has a soft feeling towards women. So, they did not torture badly." Long Hui said.

"You say, their aim was General Zhu's granddaughter, right?" Yu Qi asked.

"Yeah. It seems they wanted to use his granddaughter to make him obey their demands. Now that way could not be used anymore." Long Hui explained.

"I see." Yu Qi felt relieved.

.....

"We have arrived." Long Hui suddenly said that.

Yu Qi was feeling drowsy just now, immediately sobered up. They came out of the car.

Yu Qi looked around. She saw the resort. It was the resort nearby the beach. She could hear the sound of the waves crashing on the shore.

"This..." Yu Qi looked at Long Hui.

"We are having a date here." Long Hui said. He then pulled Yu Qi's hand entered the resort.

Long Hui handled the registration to check in the hotel. It seemed that he had already booked for the room since the receptionist immediately gave the key to Long Hui as soon he said his name.

"You have prepared for this?" Yu Qi asked.

"Yeah." Long Hui nodded.

They followed the bellboy to their room. The room was facing the beach. They came inside the room.

"If you have told me earlier, I can prepare some clothes." Yu Qi said.

"My dear, are you forgetting about your space?" Long Hui patted her head.

"Oh, I forgot. We can just take our clothes from my space." Yu Qi suddenly remembered about it.

Long Hui's clothes were also in Yu Qi's space. He had shamelessly put his own clothes ever since he knew about her space.

"Let's go in and take our clothes and come out back." Long Hui suggested.

"Okay." Yu Qi nodded.

Both of them went in and took the clothes. Shino and Aoi wanted to come out too but this time Yu Qi did not let them out.

Long Hui was happy hearing Yu Qi would not bring her pets out. He wanted to be alone with his beloved Qi Qi.

"You must be hungry. Let's go and eat dinner." Long Hui invited Yu Qi after they changed their clothes.

"Sure. I am also a little bit hungry." Yu Qi rubbed her stomach.

"Okay. We can not make your stomach hungry." Long Hui also placed his hand on Yu Qi's place.

"You... If people see this scene, they may think that I am pregnant." Yu Qi made a joke.

"I will like to see you pregnant. But I guess it is not the time yet." Long Hui smiled.

They walked to the restaurant. It was an open-air restaurant. So, they were breezing with fresh sea air. There were not many people around except for some couples who were also enjoying the dinner.

Both of them took their seats at one of the tables. The waiter came with the menu book. The waiter waited for Yu Qi and Long Hui to choose the menu.

They looked through the menu and could not decide it. So, Yu Qi decided to ask the waiter about the restaurant signature dish. The waiter was happily telling the couple about that. n(-07E1BIn

"Miss, since you have come here, you need to taste our braised abalone with mushroom. I bet you will never taste it anywhere else." The waiter began to promote the dish.

He also introduced the second signature dish which was fishball noodles. He told them even though the name might look simple. But everyone who tasted the noodles before praised the uniqueness of the dish.

After 10 minutes, Yu Qi decided to order two dishes that the waiter promoted just now and another dish, seafood birdnest. The waiter quickly jotted down the order.

While waiting for the food to come, they talked to each other. Long Hui teased Yu Qi playfully. Then someone, well, not someone but two people came to their table.

"Hi." A woman suddenly talked to them.

Long Hui looked at Yu Qi. Using his eyes, he signalled Yu Qi whether she knew this woman. Understood what Long Hui tried to ask, Yu Qi shook her head.

"Is there something?" Yu Qi asked.

"Oh, nothing. I have never seen you around. First time coming here?" The woman continued to ask but her eyes were mostly at the handsome Long Hui.

As always, in these kinds of situations, Long Hui kept his silence. His eyes did not wander anywhere except for his beloved Qi Qi.

"Yes." Yu Qi answered in short.

"That's great. Why don't we hang out together? I have already spent quite some time at this place. So, I know a few good places to go." The woman suggested.

"No need." Yu Qi rejected without thinking about that once.

"But..." The woman wanted to say something.

"Miss, we want to spend time alone together. No need for other people around. As for the place, we can find out later about it." Yu Qi cut her off.

Seeing the girl did not agree, she then tried to ask the handsome man. "Mister, why don't..." But, her words had been cut off once again.

Chapter 893 - 893: Aurora Date Part Two

"There is no need for that. Can you leave us alone?" This time, Long Hui was the one who was cut her off.

The woman flinched as her smile became bitter. "Oh, okay. By the way, my name is Xie Xiao Wu. This is my friend, Jung Bo Han." The woman still wanted to talk to them.

"I wonder why do you come here? We are not familiar with each other." Yu Qi tilted her head. Then, she continued the sentence. "Do you want some attention from my boyfriend?" It was a harmless tone but the meaning behind the sentence was sharp.

"Of... Of course not!" The woman denied it.

"Then, let me ask you for the second time, please leave us alone." This time, Yu Qi looked straight into the woman's eyes with a cold look. She also released the murderous aura.

The woman stumbled backwards and fell onto the ground before the man behind her caught her. The woman looked at Yu Qi with a terrified look.

She wanted to say something to the handsome man. So, she turned around to see the handsome man. But the handsome man was also watching her using the same cold look.

The woman could not stand the pressure. She immediately passed out. The man panicked.

"Yuzuriha." The man called the woman's name.

'Yuzuriha? It is an unusual name for people in Binhai Nation.' Yu Qi thought.

Everyone in the restaurant looked over. They were shocked to see a woman suddenly faint like that. The staff restaurant also came to inquiry about the incident.

"You should bring your girlfriend to the hospital. She must be sick if she faints like this." Yu Qi suggested.

Hearing that, the man lifted up the woman and ran away from the place.

"Humph! Dare to approach my man. Such a weak woman." Yu Qi sneered.

Long Hui was smiling. "My beloved Qi Qi is jealous. I am happy."

"Happy? Why?" Yu Qi was confused.

"Jealousy means you care about me." Long Hui lifted up his eyebrows while leaning over to the table.

It made him look so sexy right now. Yu Qi shook her head. She dared to think like that at a place like this.

The waiters came and broke the ambiguous atmosphere with the dishes in their hands.

"Here is your order. Please enjoy your food." The waiter said and left the table.

"Let's eat then." Long Hui said.

He took a piece of abalone and placed it into Yu Qi's plate. He signalled her to eat first. Yu Qi took the piece and eat it. Then she chews the meat, her eyes lifted up.

It seemed the waiter was not exaggerating it. It was simply delicious.

"Delicious." Yu Qi was happy to eat such delicious food.

She took a piece and also placed it into Long Hui's food too.

"Brother Hui, you should eat it too. It is very good." Yu Qi eagerly asked Long Hui.

Without waiting for anything, Long Hui eat. He nodded. He also agreed with his beloved Qi Qi.

"I will try to recreate the dish when we have time in the space." Yu Qi whispered to Long Hui. "I will try to suppress this."

They continued to eat. Yu Qi ate a lot tonight. Probably because she was with Long Hui, her appetite increased.

After finished the dishes, Yu Qi leaned over to the chair. She was satisfied with the food.

"You are like a cat." Long Hui chuckled.

"What?" Yu Qi looked at Long Hui.

"Want to sleep after eating." Long Hui said.

"I am not sleeping. Sleeping after eating might increase the weight." Yu Qi said.

"Well, I don't mind if you are a little fat." Long Hui said while smiling.

"Humph!" Yu Qi glared at Long Hui once. n((OvelIn

"Then, my full cat, let's walk along the beachside." Long Hui asked in a teasing tone.

"Sure." Yu Qi did not feel angry anymore.

After settling the bill, they went to take a walk at the beachside. The sound of waves was very calm. The breeze night was also good.

"Are you cold?" Long Hui asked.

"Nope. I am good." Yu Qi nodded. Thank goddess that Long Hui reminded her to wear a cardigan.

Long Hui pulled Yu Qi closer to his body. "Double protection."

Yu Qi chuckled. Well, she enjoyed the feeling. So, she did not reject the kind act. She even moved closer to Long Hui.

They walked until they saw a roof bench with the table completed with the campfire and facing the sea.

"Let's sit over there." Long Hui suggested.

"Sure." Yu Qi nodded.

After Yu Qi sat, Long Hui went to the campfire and lit up the fire. The fire brightened the area.

"Oh, you lit up the fire. Is it okay for us to use it?" Yu Qi asked. She was afraid that it was another people place before they came over.

"No need to worry about that." Long Hui said.

Yu Qi looked at Long Hui. It seemed that he had planned this over. She chuckled. Long Hui turned to her with a questionable look.

"Hmm... I just think it would be great if we have some drinks and snacks here. We can enjoy the campfire and the beach." Yu Qi said.

"Then, let me..."

Yu Qi held his hand. "Wait, I have a good idea." She smiled as she looked around. Seeing no one around, she disappeared from the place.

Long Hui was shocked but he remembered that she must have gone inside her space. He was relieved.

Chapter 894 - 894: Aurora Date Part Three

The next moment, she appeared again with some things in her hands. The drink and snacks that she had wanted before. Long Hui understood. She went inside to get those things.

Then, his eyes were on the drinks in her hand. "Beer?"

"Yeah." Yu Qi nodded.

"But you..."

"You are here though. You tell me that I can drink in your presence." Yu Qi pouted.

Long Hui sighed. "Okay..." He gave up.

"Don't worry. I will learn how to hold up." Yu Qi grinned.

She quickly opened the can and handed the can to Long Hui. Long Hui grabbed the can.

"When do you plan this?" Yu Qi leaned over on the table and supported her head with her hand while looking side at Long Hui.

Long Hui coughed. He seemed to want to cover his face. Yu Qi chuckled. It seemed that he had made an earlier plan about this.

"I like it." Yu Qi said.

Long Hui turned and looked at Yu Qi. His face displayed gentle emotion only for her. That was right. He planned everything today.

After the mission, he could not go immediately to see his beloved Qi Qi. There were some reports that he needed to handle it first. While handling his work, he also thought about her. He suddenly remembered something.

So, he asked Liang Mo Han to book a room at this hotel. He rushed to complete his work to get together with her.

"I like to spend my time with you no matter where we are." Yu Qi added.

"Me too." Long Hui leaned closer to Yu Qi and kissed her lips.

Then, like a rogue, he licked his own lips. "Why do I think your beer is very delicious, hmm?"

Yu Qi was speechless as she saw this. 'His skill is improving.' She covered her embarrassed face by turning her head to the other side while drinking the beer.

"Qi Qi, look up." Long Hui suddenly said that.

"Hmmm?" Yu Qi followed his instruction and looked up.

Her eyes widened. She was very surprised to see it. She was mesmerized by the sky. The dark sky had turned to green colour.

It was aurora sky. She could not believe to see this here. It was so beautiful. Yu Qi stood up and walked towards the beach. Long Hui also followed by pulling her closer to him.

"Do you like it, Qi Qi?" Long Hui asked whispering in Yu Qi's ear.

"It is so beautiful." Yu Qi said with sparkling eyes.

Long Hui looked at Yu Qi who was still looking up. He was very satisfied to see that his beloved Qi Qi liked it. It was worth finishing the reports as soon as possible.

Long Hui kissed Yu Qi's right cheek making Yu Qi turned around and look at him. Then, he took the chance when Yu Qi looked at him, to kiss her lips.

It was a long kiss. Long Hui placed his hand behind her head to feel her more. While Yu Qi was putting her hand behind Long Hui's neck as she was hugging him. After a few minutes, he released her. They could see the trace of their saliva as they moved away.

"Qi Qi, thank you for coming into my life." Long Hui knew that he was saying the sentence many times but he still wanted to say it over and over again.

"You too." Yu Qi smiled.

She had died once. However, she believed that she died once and was reborn to meet this man.

...

Yu Qi opened her eyes as she sensed the light came through the window. Her man was still sleeping while his arms hugging her. The corner of her lips subconsciously curved up as she observed the fine man.

Long Hui moved a little bit. He hugged Yu Qi even more tightly. Yu Qi ended up resting her head on Long Hui's chest. She could hear the sound of Long Hui's heartbeat.

"Let me sleep for five minutes." Long Hui said in a hoarse voice.

"Hmm..." Yu Qi could just agree since she could not move. *nObE-lb/In*

The five minutes were passed. Long Hui did what he told before. He woke up after five minutes.

"Will you like to go jogging together?" Yu Qi asked.

It was a good place for jogging along the beachside.

"Sure." Long Hui nodded.

Both of them refreshed themselves and changed into sport attires.

"Let's jog until that place and return back here." Yu Qi pointed towards a hill at end of the beach.

They started jogging together. Yu Qi managed to jog this morning because Long Hui did not do anything to her except kissing, touching cuddling, and well, licking...

He did not want Yu Qi to spend the morning on the bed today. So, he held back himself and used another method to satisfy both of them.

One hour later, they were back at the starting point. They decided to take a shower before going to have breakfast.

Well, Long Hui took Yu Qi together into the bathroom. And they were playing for a quickie one. After that, they finally managed to go to the restaurant.

The same waiter from yesterday night came and served the couple again. He delightfully suggested the menu to them. Under the waiter suggestion, they ordered two seafood congees, dim sum and pancake with eggs.

Yu Qi tasted the congee and felt that the chef here was very talented in his cooking. He could bring out the freshness of the seafood into the congee.

"This chef is very good." Yu Qi commented.

"Hmm..." Long Hui responded.

Chapter 895 - 895: Another Thing From The Space

"Excuse me, the two of you...."

Yu Qi sighed. 'Again'. Once again they were disturbed by someone during the meal. Yu Qi did not know what to say about this.

Long Hui looked at the person first. This time, it was a man.

"What is it?" Long Hui coldly asked the man.

"Here." The man placed a photo.

"Huh?" Yu Qi was confused.

She wanted to grab it first and took a look at the photo. But Long Hui was faster than her. He grabbed the picture and looked at the photo.

Long Hui was stunned as he looked at the photo. Yu Qi became more confused as she saw the photo in Long Hui's hand. So, she snatched the photo when Long Hui was stunned as he could not react to it.

Yu Qi was also surprised to see the photo. It was the picture of last night. In the picture, there was a pair of shadow-like humans who were kissing each other.

Yu Qi knew that the shadow-like humans were her and Long Hui.

"I am sorry to show up like this. I am actually a photographer. Because last night, I decided to take the picture of the aurora sky. Then, the lens captured the picture of you two kissing. Well, it was very beautiful. I printed one for you." The man explained the situation.

"Oh..." Yu Qi nodded. But she could admit the photo was taken well.

"Delete the copy." Long Hui said.

"Wait... Wait... I have another matter to say." The man panicked.

"What is it?" Long Hui said.

"Here..." The man placed another picture.

It was the picture after they were done kissing.

"Can I use this picture?" The man begged.

Long Hui and Yu Qi looked at each other.

"Well, I am actually entering a photography competition. I intend to use this picture. So I want to ask you." The man said while scratching his head.

Yu Qi and Long Hui looked at each other. The picture did not show their faces. So, they thought that it would be okay.

"Sure. You can use that picture. I hope you will win the competition." Yu Qi said.

"But the first picture, give me a copy from your memory card and delete it." Long Hui added.

"Sure... Sure... Sure... no problem." The man nodded enthusiastic. "I will send the picture on your phone number."

Long Hui exchanged the phone number with the man. Well, there was no way that he would allow an unknown man to exchange the phone number with his beloved Qi Qi. So, he did it.

The man sent the picture to Long Hui and deleted the copy on his side.

"Thank you very much." The man repeatedly thanked them for allowing him to use the picture.

Yu Qi kept staring at the picture. "He is really a good photographer."

"Yeah." Long Hui admitted that.

.....

Yu Qi asked the receptionist about the tourist attraction around the town. The receptionist told her about the aquarium nearby and also that there was a museum.

Since they had the whole day to be together, Yu Qi decided to go to the museum after breakfast and then the aquarium after the afternoon.

Long Hui also felt it was a great idea. Spending time with his beloved Qi Qi was great. *nOvE-lb/In*

So, they went to the museum. It was a quiet place. Since it was a weekday, not a holiday, not many people came to the museum.

After paying for the ticket, both of them entered the room. The town used to be the place where people around the world came to trade since it was a beach town. It was partially a historical town. So, there were a lot of artifacts displayed in the museum.

'Master, I can feel the space energy around you.' Bo Ya's voice popped out in Yu Qi's mind.

"Huh?" Yu Qi's step completely stopped.

Long Hui realised that his beloved Qi Qi stopped and turned to her. "What's wrong?" He asked.

"Wait. I am talking to Bo Ya." Yu Qi said and went quiet.

Long Hui understood and let her finished talking to Bo Ya.

'The thing from the space is around you, Master.' Bo Ya explained.

'Oh, like the last thing that we found?' Yu Qi asked.

'Probably, from the energy, I guess it must be a huge thing since the energy that I feel is very huge.' Bo Ya mentioned.

'So, do I need to take the thing back to the space?' Yu Qi asked.

'Let's see it first.' Bo Ya said.

'Okay.' Yu Qi nodded.

Long Hui saw that Yu Qi's eyes begin to focus again. "Done?"

"Yeah. Let's go and walk around." Yu Qi said.

So, they walked around. There were indeed a lot of artifacts. It seemed the things here were taking care of nicely. There were also descriptions of the artifacts.

"I feel like I am taking another history class here." Yu Qi commented.

"Do you like it?" Long Hui asked.

"Of course. It made me learn more about the past." Yu Qi said.

'Master, the thing is nearby. Probably 10 meters from you.' Bo Ya noted.

'Oh.' Yu Qi looked around and there was a huge spear displayed. Yu Qi was surprised to see it.

'This one?' Yu Qi asked Bo Ya.

'Yeah.' Bo Ya answered.

"What is it? Why are you so drawn towards the spear?" Long Hui asked.

"Well, the thing is this spear came from my space." Yu Qi said.

Chapter 896 - 896: Cleanse The Evil Aura

"This comes from your space? How did it end up here?" Long Hui was also surprised and looked at the spear.

"I would not get it wrong. Bo Ya could feel the space energy coming from the spear." Yu Qi said.

"I see..." Long Hui nodded.

"Let's see what is written about the spear." Yu Qi looked at the description panel.

The spear came from Wang Dynasty around 100 years ago. It was used by a general from that dynasty with the surname Guan. It was discovered by a group of archaeologists some years ago from a tomb at the nearby old cemetery.

"This information is useless. We don't know how the spear got out from my space." Yu Qi said.

"Then, do you need to take it back?" Long Hui asked.

"Wait, let me ask Bo Ya." Yu Qi said.

However, Bo Ya already listened to their conversation. So, he immediately answered Yu Qi. 'Master, we need to take it back. Letting it here will lead to the destruction.'

'What do you mean by that?' Yu Qi was confused.

'Master, some people could feel the spirit energy and could be interested in this spear. They could fight to have this spear and the spear would lead them to mental disorder. They would also kill people.' Bo Ya mentioned.

'Really?' Yu Qi was shocked when she heard this.

'Yes. This spear is used to kill hundreds, maybe thousands of people. So, it wants to kill again. If we take it back to space, the evil aura would be cleansed.' Bo Ya said. He continued, 'Not all things from the space need to take back into the space, only things like this need to take back since it could ruin people.'

'I see.' Yu Qi nodded. She then turned to Long Hui.

"Done talking to Bo Ya?" Long Hui sensed it.

"Yeah. He says this spear needs to be taken back into the space because the aura needs to be cleansed. It has killed many people. So, it has developed an evil aura." Yu Qi explained to Long Hui.

"So, after it being cleansed, it could be taken out again?" Long Hui wanted confirmation.

'Yes. It might require some time for it to be fully cleansed.' Bo Ya answered.

"Yeah. According to Bo Ya, it needs some time for it to be fully cleansed." Yu Qi delivered what Bo Ya said to Long Hui.

"How long?" Long Hui said again.

"Not sure. It depends on the amount of the evil aura that needs to be cleansed." Yu Qi sighed.

"Hmmm... Let's go and see the curator first." Long Hui said as he suggested the idea.

Yu Qi nodded. Then, they went to see the curator of the museum. The curator named Mr Dang was confused when a couple who were visiting the museum wanted to meet him.

Mr Dang invited them into his room. He prepared some tea for them.

"Hi, my name is Dang Sun Qi. May I know why do you want to see me?" Dang Sun Qi asked.

"Hello, Mr Dang, I am Long Hui and this is my fiancée, Tang Yu Qi. We come to meet you because we want to ask you about the spear displayed at the corner." Long Hui introduced them and explained about their purpose of coming to meet him.

"Oh, that spear... Why about that?" Dang Sun Qi knew which item that Long Hui mentioned to him.

"We would like to own that spear." Yu Qi stated their purpose.

"That..." Dang Sun Qi could not answer it right now. "I need to discuss the director first."

"Sure. We will be waiting about that." Yu Qi nodded.

The curator called his director and talked a little bit about that. Then about 5 minutes later, the call ended.

"Our director will come later." Dang Sun Qi said.

15 minutes later, a man came and entered the room.

"Director Gui." Dang Sun Qi bowed.

Director Gui nodded. He looked at the couple.

"You say that you want to own the spear?" Director Gui asked.

"Yes. We want to own the spear." It was Yu Qi who answered him.

Director Gui was surprised to see the girl was doing the talking.

"May I know why do you want to own that?" Director Gui asked again.

"I feel attracted to the spear." Yu Qi said. She then asked, "What is the value of the spear right now?"

"It is about one million." Director Gui said.

"Then, I will pay two million." Yu Qi quickly said it.

Director Gui and Dang Sun Qi were stunned as they heard that. Two million... Gulp... This couple did not hesitate to pay for the spear.

"Miss... you...." Dang Sun Qi wanted to talk but still mumbling.

"Are you sure about that, Miss?" Director Gui asked.

"Yeah. I am pretty sure about that." Yu Qi nodded firmly. "If you want, I can prepare that cheque right now and you can go to the bank to cash out that. I will be waiting for it."

Yu Qi brought out the cheque book. Director Gui and Dang Sun Qi were surprised to see this. Not because of seeing the cheque but seeing it was the girl who wanted to settle the payment. They thought that it would be the man who would make the payment.

Director Gui took a long breath. He thought that it was a good deal. Selling the spear would generate money. The spear was not a popular item. He bought it and displayed it at the museum.

Chapter 897 - 897: Buying The Spear.

To be honest, the museum was facing a financial problem. They were struggling to take care of the museum. So, when Yu Qi offered a price that was much higher than the original value, Director Gui felt that the problem would be solved.

After placing the spear in the museum, they had numerous bad things happened in the museum as hearing someone crying in the night, someone crying, asking for help. Before the spear came into the museum, there was something like that happened too, but that was not so intense as this.

And the most troubling incident happened when the glass that protected the spear broke multiple times for no reason. After that, the spear was just displayed outside. They put the rope to prevent the visitors to come closer to the spear.

So, when someone like Yu Qi came wanting to buy the spear, they were happy to get rid of the spear.

"Okay, Miss. It is a deal." Director Gui nodded.

Director Gui requested himself to go and prepared the document telling that the spear was being purchased by Yu Qi. Not long after that, probably in 15 minutes later, he came back with the contract.

Director Gui gave the contract to Yu Qi for her to read it. Yu Qi read and felt satisfied with the content. So, Yu Qi immediately wrote the cheque and gave it to Director Gui.

Director Gui asked the Dang Sun Qi to get people to prepare the spear for Yu Qi.

"You can send the spear to..." Yu Qi turned to Long Hui and asked. "What is the hotel name?"

"Yunji Hotel." Long Hui answered.

Turned to Director Gui again, Yu Qi continued her sentence. "You can send it to room 21, Yunji Hotel."

"Okay." Director Gui nodded.

"So, we are done here. We will leave first." Yu Qi said.

"Yes, Miss Tang, Mr Long." Director Gui nodded.

The couple left. Dang Sun Qi came back. He had something to confirm with the couple. He looked for the couple.

"Director Gui, where are they?" Dang Sun Qi asked.

"Huh? They are already leaving." Director Gui said. "Why?"

"Director Gui, I think we just meet with Colonel Long and his fiancée." Dang Sun Qi said.

"Colonel Long? What?" Director Long was shocked. Of course, he knew it. The news was over the newspaper.

The grandson of the former great general Long had engaged with the granddaughter of the legendary Doctor Tang.

"It was them?" Director Gui blinked his eyes several times.

"Yes. Here is the picture of them." Dang Sun Qi showed the picture of Yu Qi and Long Hui in the newspaper.

"No wonder they want the spear." Director Gui said. "Wrap the spear nicely in the box before sending it to them."

"Yes, Director Gui." Dang Sun Qi nodded.

...

As for Yu Qi and Long Hui, they wanted to continue their date again. Since it was already afternoon, so, it was time for lunch. They were a lot of restaurants around them.

Yu Qi looked up on the Internet and searched about the restaurants around here. There was a restaurant which was getting so many visitors around the nation. n/0-(17))e(-l//b-/l--n

So, Yu Qi decided to go to that restaurant. If the restaurant was full, they would find another restaurant. However, luckily for them, the restaurant was not full. It was probably not the holiday time.? They entered the restaurant.

"Welcome." Someone shouted welcoming them.

The waiter led them to a table. After ordering the food, they began to talk about the spear again.

"You will store the spear again in your space?" Long Hui asked.

"Yeah. I guess so." Yu Qi nodded.

"How did the spear ended up into the General's hand? I am so curious about that." Long Hui said.

"According to Bo Ya, the space had the previous owner before end up into my hand. It probably gave by the previous owner to someone and that someone gave to the general. Or the previous owner gave it to the general. Well, who knows about that." Yu Qi shrugged her shoulder.

"Bo Ya did not know too?" He questioned.

"Nope. Bo Ya lost his memories regarding the previous owner. So, he did not know about that." Yu Qi remembered that Bo Ya told her before.

The food came after that. So, the spear ended over there. They tasted the food. It tasted very good. No wonder the restaurant got so many positive reviews about their food. The customer service was also good.

One hour later, they finished eating and resting. They left the restaurant and headed out to their second date place which was the aquarium.

Shihong Aquarium was the second largest aquarium in Binhai Nation. It contained about 1.2 million gallons of water. The aquarium consisted of about 33,000 living sea animals and about 500 of them were sharks.

The attraction of the aquarium was the underground tunnel. When people walked into the tunnel, they would feel that they were walking inside the sea itself while watching the sea animals swimming along.

There was also a show. The show would be held usually during the school holiday where parents mostly brought their child together to this aquarium. So, today, there was no show.

"I have never come to the aquarium before." Yu Qi said after they just bought the ticket.

It was the truth. She never came to the aquarium before even in her past life. Wang Family, of course never brought her anywhere even they went on vacation.

Chapter 898 - 898: Visiting The Aquarium

They would leave her alone at home by telling her that there was not enough money to take her along. She should give the chance to her younger siblings.

She was a naive older sister who loved her younger siblings, understood and stayed home while others went on a holiday. She did not know that the parents did not want to waste the money on her because she was not their biological child.

Then, after she returned to Mu Family, she did not have time to waste. She learned many things in order not to embarrass her grandfather. So, she did not go to these kinds of places.

"Me too. I have never come to these kinds of places." Long Hui said.

On Long Hui's side, of course, he also never came to the aquarium. He thought that it was a waste of time.

"Many of your first times belonged to me." Long Hui suddenly whispered to Yu Qi's right ear.

Yu Qi quickly turned to Long Hui. "What are you trying to say, hmm?" She glared at him with a slight faint blush on her face.

Long Hui laughed. He was happy to tease his beloved Qi Qi. "Well, it is the truth, right? You can't deny that." He grinned.

"Stop talking about it. Let's go in." Yu Qi ignored the talk and pulled Long Hui inside.

The place was not too crowded since there were not many people who come here today. Some of them were couples.

"Let's go and see the dolphins first." Yu Qi looked at the pamphlet, the person at the ticket counter gave to her early.

"As you wish." Long Hui just followed his beloved Qi Qi

The visitor could interact with the dolphins if they wanted. Of course, Yu Qi wanted to. She wanted to use the opportunity to interact with that intelligent creature.

The staff brought Yu Qi and Long Hui to a dolphin named Hoho. The staff explained about Hoho. It was a male. It was only 2 years old. Hoho came to this aquarium when the storm hit the area and brought Hoho together with it.

Hoho was separated from his mother when he was a baby. The aquarium took care of him and he ended up living here. That was what the staff told them.

Hoho was a cheerful dolphin. He liked to interact with humans who came here to play with them, especially the kids.

When Yu Qi came to touch his head, he leaned over to make Yu Qi easier to touch his head. Then, he let out the sound like he was happy getting a pat.

"Haaa... He is so cute." Yu Qi said happily.

Long Hui looked at his beloved Qi Qi. He knew that she was soft to the cute creature. Just looked at the three cuties in her space.

"If I can bring him out, it will be great." Yu Qi said again.

"Your space only has a lake. Lake is not seawater. He can not live there." Long Hui pointed.

Yu Qi was laughing. "I am just kidding. Of course, I know about that." She was surprised that Long Hui reminded her about that.

She was just joking about that. The dolphin had to be taken care of. She did not have time to think about it. As for Aoi and Shino, they were not normal animals since they could think by themselves.

After spending time with Hoho, they went to another section which was the underway tunnel. The tunnel's light was dimmed blue.

The fishes seemed to swim around. Sometimes, there was a big fish swam over. It probably was a shark.

They walked slowly to enjoy watching the fish. There was a very odd-looking fish. So, Yu Qi pointed it out.

"Brother Hui, look at that fish." Yu Qi said.

Long Hui followed the direction which Yu Qi pointed to. He really saw an odd-looking fish.

"It has a middle-aged man face. It is so funny." Yu Qi laughed.

Long Hui also laughed. It was indeed hilarious having a middle-aged man face on a fish.

"I heard about this fish. But I have never thought that we will see it here." Yu Qi said after calming down after laughing so hard.

Long Hui was glad that he brought her here. She was very happy after coming here.

After walking around for about one hour, they went to the souvenir shop. They sold a lot of the merchandise. She was thinking of buying something for Feng Yue and her brothers.

She looked around to see what to buy. Then she had decided what to buy for Feng Yue and her brothers.

For Feng Yue, she bought a small mermaid key chain. As for Tang Han Lee, she chose a looking fish key chain. Then, she found the middle-aged man face fish that she saw earlier. So, she took it and bought it for Tang Jin Wei. As for her last brother, Tang Qin Hao, she chose the fish that was wearing a scholar hat key chain.

"Do you want to use something?" Yu Qi asked Long Hui.

"No." Long Hui shook his head.

"Hmm..." Yu Qi looked around.

Then she saw a pair of dolphins holding a love shape in the middle.

"Then, I will give this to you." Yu Qi showed the doll.

Long Hui smiled. "The dolphins are you and I?" He guessed.

"Yeah." Yu Qi grinned.

"Okay. I will accept it." Long Hui chuckled.

They took the things for the counter and made the payment.

Chapter 899 - 899: Put The Spear To The Weapon Room

When they came back to the hotel, the receptionist who received them yesterday, came and greeted them. The receptionist remembered these guests because of their outstanding appearances.

"Ms Tang, Mr Long. There is someone from the museum who has come and sent you something. The thing is inside that room." The receptionist pointed to the room.

"Oh, it must be that thing. I will get it." Yu Qi said.

The receptionist brought them to the room where the spear was kept.

"I will take it." Yu Qi said.

"Wait a minute, Ms Tang. I will call some men to help you to bring it into your room." The receptionist offered help.

"No need." Yu Qi said.

"But, the thing is so heavy...." The sentence stopped right when the receptionist could not believe herself seeing someone like Yu Qi managed to lift the box so easily.

"Qi Qi, let me help you." Long Hui offered his help.

"But it is not that heavy." Yu Qi said.

"As your man, it is my obligation to help my beloved." Long Hui said.

"Oh... okay..." Yu Qi let him helped her.

The receptionist once again could not believe her ears when hearing the woman said the thing was not heavy. When the thing came earlier, at least 4 men brought it in. Now the weak-looking woman said, it was not that heavy, she seemed puzzled about that.

"Miss, thank you for letting me know about this." Yu Qi thanked the receptionist.

"Nothing. It is my work." The receptionist said.

Actually, the receptionist was the niece of the curator, Dang Sun Qi. When her uncle came and delivered the item, she was the one who received it.

She did ask her uncle about the thing. But her uncle did not tell her. Her uncle just told her that that person brought something from their museum. That was all.

Yu Qi and Long Hui went up to their room. Entering the room, they went straight into the space. Bo Ya was already waiting for them as he received the word that they would bring the spear inside the space.

"Master..." Bo Ya greeted her.

"Bo Ya, what should we do with the spear now?" Yu Qi asked.

"Bring it into the pagoda and let it stay inside the weapon room. The evil aura would disappear. As so how long, I also don't know about that. But don't worry, Master, I will check it." Bo Ya gave the assurance.

So, they brought the spear and placed the spear together with other spears.

.....

Yu Qi cooked dinner in the space. Before they returned to their room, they spent some time going to the fresh market to buy some seafood for their dinner.

She tried to cook the same dishes for her three little cuties to eat since they were not there yesterday.

"Master, this dish is very delicious." Shino praised it.

"Yeah." Aoi gulped down his food.

"Hmm..." Bo Ya also agreed since his hand grabbed the food so fast.

Yu Qi laughed when seeing her three little cuties who liked her cooking.

"I have eaten the dish yesterday. Since it is so delicious, I want you guys to taste it too." Yu Qi smiled.

"Thank you, Master... Hmm... it is very good." Aoi said.

Then after the dinner, Yu Qi went to her room, still inside the space. And the shameless man also followed her too.

"Go and clean yourself." Yu Qi glared at Long Hui.

Long Hui made an abandoned puppy face.

"Otherwise, don't come into my room." Yu Qi said.

Long Hui stopped for a moment. He translated the sentence in a different way. Meaning, if he cleaned himself, he could come inside. He nodded.

"Okay, Qi Qi. I will go and clean myself." With that, Long Hui went to his own room.

Yu Qi smirked. So, she went into the bathroom and took a shower. She was out after a long time. Her body must be sweating.

If Long Hui heard her thought, he would say, that he did not mind at all about her sweating body.

Yu Qi was relaxing in the jacuzzi for about one hour before coming out. She just wore the yukata after coming out of the bathroom.

Then, she was surprised to see Long Hui was lying on her bed while watching her coming out of the bathroom.

"What are you doing here?" That question came out of her mouth.

"Why can't I be here? I have already cleaned myself. You say so just now." Long Hui shamelessly said that.

"You... sigh... Suit your taste." Yu Qi gave up. She might not get him to go out at this rate.

"I know Qi Qi will not mind about that." Long Hui successfully did not let himself being kicked out.

Yu Qi went and lied down beside Long Hui. Because of that, Long Hui pulled Yu Qi into his hug.

"Your hair smells so fresh." Long Hui commented as he kissed Yu Qi's hair.

"Of course, it will smell good? because I have just washed it." Yu Qi said.

"Then, what about here?" Right after Long Hui said that he directly kissed Yu Qi's lips.

It was a long kiss. Sensing Yu Qi already could not take it, Long Hui let her go.

"That place also smell and taste good." Long Hui made a comment.

"Yeah. It did taste good too." Yu Qi whispered in a very low tone.

Long Hui caught that. He then kissed Yu Qi again.

Chapter 900 - 900: Cheating On Him

The political world exploded with Wei Zhu Feng's news. The news where Wei Zhu Feng was arrested at his ministry office. Wei Zhu Feng wanted to resist the arrest but the police would not let him go.

The police brought out the arrest warrant. Wei Zhu Feng flinched as he saw the arrest warrant. He could not fight anymore. Others watched his boss getting escorted by the police and whispered among themselves.

The reporters somehow got the tips from someone about Wei Zhu Feng's arrest. So, they went to the Tourism Ministry Office and gathered in front of the office. Right after Wei Zhu Feng came out in handcuffs and was escorted by the police, the reporters rushed forward towards Wei Zhu Feng.

The police made the barrier to protect Wei Zhu Feng from the reporters. The reporters lifted up their microphones towards Wei Zhu Feng and started to ask questions.

"Mr Wei, did you sell the trade secret to other countries?"

"Mr Wei, where do you sell those girls?"

"Do you kidnap the girls?"

"How much the profits you get by selling the trade secret?"

"How much the profits do you get by selling those girls?"

"Is it true that your nephew is actually your son?"

"Does your brother knows about it?"

"What is your feeling, right now?"

The reporters kept asking Wei Zhu Feng the questions but Wei Zhu Feng kept his mouth shut up. The police escorted him safely to the police station. The reporters also followed them. Even though they could not get inside the police station. If something happened in this case, they would be the ones who knew it first.

.....

At another Wei Family House.

"What were you thinking when you were cheating on me with my younger brother?" Wei Zhu Ang asked his wife, Heng Gou Mi angrily.

Wei Zhu Ang was Wei Zhu Feng's older brother. Their relationship was very close. They depended on each other. Their family often had a gathering together. When Wei Zhu Ang got to know about the news, he was very shocked.

However, he did not believe the news blindly. Because he knew that sometimes, there were some people who wanted to destroy his younger brother's career using his hands.

He calmly asked the private detective to investigate the matter. During that time, he convinced himself that there was no way that his wife would cheat on him with his younger brother.

But his hope was crushed by the result, the private detective gave him today. His wife did meet up with his younger brother without his knowledge multiple times. The evidence showed that it was about 22 years ago when she had started cheating on him.

She was also cheating on him with other men as well. Even until now, she also kept younger men for her.

The most shocking news to him was that his son, well, the son that he thought was his blood was not his son. Wei Hai Jin was their cheating product. For many years, he seriously thought that Wei Hai Jin was their son but turned out it was not his after all.

Heng Gou Mi was looking down at the floor. She did not dare to directly stare at her husband's face right now. That thing happened 22 years ago. How did it get exposed out all of a sudden?

"Answer me!!!" Wei Zhu Ang shouted angrily as he heard nothing from his wife.

"Husband, please forgive me. It was a moment of heat. It was just one time." Heng Gou Mi said.

"Moment of heat? Only one time?" Wei Zhu Ang glared angrily at his wife. "Then, what is this?" He threw many pictures at his wife.

The pictures showed that Heng Gou Mi was meeting with Wei Zhu Feng many times because, in the pictures, they were wearing different clothes. The pictures showed that she also met with other men.

Heng Gou Mi became pale as she saw these pictures. She was trembling. Everything that she tried to hide was known by her husband.

"And right now, you are also keeping the young gigolo. You dare tell me that it is a moment of heat!!!" Wei Zhu Ang revealed her another dark secret.

Heng Gou Mi really did not have anything to say.

"Disgusting... I have never thought that I am living a dirty woman like you." Wei Zhu Ang showed a disgusted face to Heng Gou Mi.

"I will make you pay." Wei Zhu Ang said before leaving the living room.

Heng Gou Mi could not stop him. Her body had no strength anymore. She was finished.

Wei Zhu Ang left that woman as soon as possible because if he stayed any longer, he thought he might kill that woman.

'How dare she cheat on me? HOW DARE SHE!!!' He was screaming in his mind.

Then, he got a call from his friend. He did not want to answer a call right now. So, he just ignored it.

But the phone did not stop ringing. It was silent and ringing back. It happened several times. So, he answered the call.

"Zhu Ang, is it true what the news is saying?" It was his friend, Gi Fan.

"Huh? What is the news?" Wei Zhu Ang did not understand what his friend was trying to say.

"The news that your brother has been selling our nation's? secrets." Gi Fan said.

"WHAT?" Wei Zhu Ang was completely shocked about this. 'Selling the nation's secret?' He suddenly could not process anything.
