

## INTELLIGENT 901

### Chapter 901 - 901: Wei Hai Jin's Deal

"It is all over the news. His crimes and including the news about your son who is not your biological son but your nephew." Gi Fan said.

"What?" Wei Zhu Ang became more shocked after hearing it. "Okay. I am going to check it."

"Okay." Gi Fan said.

Wei Zhu Ang ended the call. He quickly checked the news. His eyes widened as he read the news. 'How can this matter be released to the public?' He did not know that he was selling their nation's secret to others. However, he knew about another crime which was a kidnapping and selling the girls.

He also read about the news where they were telling the public that his current son was not his biological son. It was like telling the whole world that he was given a green hat by his own younger brother. Thinking about it, made him furious again.

The latest update about this news was a picture where his younger brother was being escorted by the police officer to the police station. He felt a little bit better after seeing this.

....

Ling Zhu Yao read the news feeling irritated with this. She never thought Wei Zhu Feng would be caught just like that. She thought that her life could be secured with Wei Family but it seemed that she had to leave them.

Ling Zhu Yao sighed. It was a pity. Then, her phone was ringing. She looked over and saw Wei Hai Jin's name appear on her screen.

She was thinking about whether she should pick up the phone or not. After a few seconds, she decided to pick up the call.

Ling Zhu Yao: "Hello."

Wei Hai Jin: "Zhu Yao, do you see the news?"

Ling Zhu Yao: "Yes."

Wei Hai Jin: "What do you think we should do about that?"

Ling Zhu Yao: "About what?"

Ling Zhu Yao smirked. She actually knew what Wei Hai Jin meant.

Wei Hai Jin: "Don't play fool about this. We are partners in crime with my uncle."

Ling Zhu Yao: "Hai Jin, what do you mean by that? Everything is done by you and your uncle. Ops, it is not your uncle. It is your biological father."

Wei Hai Jin: "You..."

Wei Hai Jin knew that she did not want to get involved with them anymore. How dare she? He would never let her walk cleanly just like that.

Wei Hai Jin: "Don't forget you have also received the money before."

Ling Zhu Yao: "The money does not come from your uncle, ops your father but rather from you. I can deny the possibility of the crime since your father has no direct connection with me. As for the money, I can tell them that you have given me the money as a gift. Drugging the girls, kidnapping them, and selling them, everything is done by you and your uncle. Ops your father."

Wei Hai Jin could hear Ling Zhu Yao's laughter on the other side. 'That bitch.' He smirked. He swore that he would drag her down together with her.

Wei Hai Jin: "They will investigate about that. Especially the girls from the university that you have kidnapped."

Ling Zhu Yao: "Yeah. Yeah... Yeah... We have done everything together but in the end, I can avoid the punishment." n(-D)/o-/ε/.L-(b--l.-n

Ling Zhu Yao laughed and ended the call.

Wei Hai Jin looked at his phone after the call ended. He smirked as he clicked the button save on his phone. 'You Ling Zhu Yao, bitch, just wait for it.'

....

Since the crime done by Wei Zhu Feng were exposed to the public, the special investigation team was formed by the police to investigate Wei Zhu Feng's crime.

The public put pressure by demanding the government to give them an explanation since one of the ministers committed such crimes like that.? Because of that, the government put so much effort to investigate the case.

During the time, many people were arrested to help in investigating the case. Among the people arrested, Wei Hai Jin was one of them. His mother, Heng Gou Mi was shocked and cried as she knew that Wei Hai Jin got arrested.

While his father, Wei Zhu Ang had a complicated feeling when he heard the news. It was not his son but after 22 years of taking care of him and thought that Wei Hai Jin was his son for 22 years, he was a little bit worried about him.

Wei Hai Jin knew that he would go to jail for his crimes. But he had made a deal with the police to help him lower the punishment for him if he helped in solving the case.

The police accepted the deal. So, Wei Hai Jin exposed everything that he knew about the case. The kidnapping girls case was the one which Wei Hai Jin was directly involved with.

He told the police everything. How they selected the girls, the ways to kidnap them, and lastly sell them. The police were shivering as they heard about the details of the kidnapping plan.

Lastly, Wei Hai Jin also told about Ling Zhu Yao's involvement in the kidnapping case. The girls that they kidnapped were the ones that Ling Zhu Yao hated during her university times.

Ling Zhu Yao knew how to act nicely in front of others. So, not many people knew her true face. She became friends with the girls who they wanted to kidnap, so that, it was easy to trick the girls.

Wei Hai Jin told the police that he had a phone recording of his conversation with Ling Zhu Yao.

### **Chapter 902 - 902: Want To Meet Grandpa Tang**

Because of that recording, the police went to arrest Ling Zhu Yao. Ling Zhu Yao remained calm as she knew that this was going to happen.

However, her parents, Ling Wang, the father and Song Zi, the mother were shocked and worried as they saw the police came to their house to arrest their beloved daughter.

Her grandfather, Ling Man also became worried when hearing his granddaughter was about to get arrested by the police. Ling Zhu Yao assured her parents and grandfather that she would be okay.

She told them that the police was arresting them because she just had a relationship with Wei Hai Jin. The police probably wanted to ask her some questions.

Hearing that, her parents and grandfather were relieved a little bit. Ling Zhu Yao gave her full cooperation to the police. However, she did not know that the police arrested her because of the kidnapping case.

Hearing this, Ling Zhu Yao denied everything. And asked for a lawyer. The police allowed her to get her lawyer.

At the moment when her family knew about that, they were very shocked. The police explained the crime that she had done to her family. But they did not believe the police and told them that their daughter was innocent.

Since the police had some leads for the kidnapping case that happened at Hanwen University thanks to Wei Jin Hai's cooperation, the police did a full investigation about it.

The police went to see the friends of the kidnapped victims. They interviewed them about the victims. They also asked whether the victim was a good friend of Ling Zhu Yao or not.

Mostly they had the same answer. They told the police that the victims were not particularly close to Ling Zhu Yao. Some of them directly answered that the victim was not Ling Zhu Yao's friend and hated Ling Zhu Yao.

They also told them that their friends, (the kidnapping victims), at first hated Ling Zhu Yao, and for some reason, Ling Zhu Yao approached the victims and apologised to the victims. They did not think much about that.

The police recorded all the statements. They needed to see the old evidence when the girls had been kidnapped. When they combined all the evidence, some of them pointed directly at Ling Zhu Yao and Wei Hai Jin.

The evidence was enough to make Ling Zhu Yao not able to get bail for herself.

When her family heard about this, they panicked. Song Ci was crying desperately and told the police that her daughter was not involved in the kidnapping case. Ling Wang supported his wife. He also expressed the same thought as his wife.

Ling Man was thinking about how to save his granddaughter. Ling Zhu Yao was his beloved granddaughter. Then, he thought about someone that probably could help his granddaughter out of this.

Ling Man told his son and his daughter in law that he needed to go and meet someone that could help them get Ling Zhu Yao out.

Ling Wang and Song Ci were slightly happy thinking that their father could do something to save their daughter.

Ling Man told them about the person. Ling Wang told his father and he wanted to follow his father too. Ling Man nodded. As for Song Ci, she could stay at home. Ling Man did not want his daughter in law to ruin everything since he knew his daughter in law's behaviour. n)-o-)v--ε)(ℓ/)b(-1/-n

Song Ci wanted to follow them too but her father in law sternly rejected her and told her directly to stay at home, she could not fight his father in law's words.

.....

"First Madam, someone has come over and wants to see Old Master Tang." Butler Hang came and reported to Ming Yue and Su Xiao, which they were currently looking after the flowers.

"Want to meet Father?" Ming Yue looked at Su Xiao.

"Yes." Butler Hang nodded.

Actually not many knew that the legendary Doctor, Tang Jiang Man was not at their Tang Main Residence. They thought that Old Master Tang did not like to come out and stayed at home.

They would never think that Old Master Tang would live in a small town, Shiwa Town. Only the close people to Tang Family knew about that fact.

"Let's go and see the guest." Ming Yue said to Su Xiao.

Su Xiao nodded. They walked to the living room where the guest waiting for them. Ming Yue recognised the people who came here.

"Old Master Ling and Mr Ling, what brings you here?" Ming Yue politely asked them.

"Can I talk to Jiang Man?" Ling Man asked. "I have something important to discuss."

"I am sorry to disappoint you. My father is not here." SU Xiao said.

"What?? Where has he gone?" Ling Wang suddenly said in a loud voice.

Ming Yue frowned. "Mr Ling, please conduct yourself properly. As for my father, I don't know about that."

"Wang," Ling Man reminded his son of behaviour.

"Yes, dad." Ling Wang closed his mouth.

"Then, can I meet with that adopted daughter?" Ling Man asked.

Ling Man still remembered that girl. She was the one who made their relationship with Tang Family worsened. He could not remember her name. So, he just could call her with that name.

"For what?" Ming Yue asked

"I want some help from her." Ling Man gritted his teeth. He could not believe that he was asking for some help from that girl.

"Sorry to disappoint you again, but she is also not here." Su Xiao answered.

### **Chapter 903 - 903: Extract The Information**

"You can not lie like that." Ling Wang said angrily.

"We are not telling a lie. She is indeed not here." Ming Yue pressed.

"She is following my father in law. She is his disciple." Ming Yue added.

"Can you tell me, where are they now? I seriously need to meet them." Ling Man begged.

"I am sorry. We can not tell you." Ming Yue rejected then.

Ling Man clenched his fist. He was holding up his anger.

"If that so, sorry for bothering you." Ling Man stood up and wanted to leave.

"Dad." Ling Wang wanted to protest but received the glare from his father, he kept his mouth close.

"We are leaving. Let's go." Ling Man asked Ling Wang to follow him.

The father and son left the house. They went inside the car.

"Dad, we need to see Old Master Tang and that girl save Zhu Yao. We can not just do nothing." Ling Wang said to his father.

"I know." Ling Man growled. Of course, he knew. He also wanted to save his granddaughter.

Ling Wang kept his mouth shut up when seeing his father like this. He knew that his father was extremely angry when he was like this.? Tang Family... Why could they not tell others where Old Master Tang and that girl were?

The accusation on Ling Zhu Yao was very heavy. If she was found guilty, she might end up in jail for many years. Even though she might get out at the end, at that point, everything would be hard for her to live.

She was just a young girl. She had a brilliant future when she got a job in Bai Group. Not many people as young as her could enter a large company like her. Right now, Ling Wang already got the notification that his daughter got fired from Bai Group.

"Look."

Ling Wang then heard his father's voice. He looked up and turned in the direction where his father told him to look. It was two women who came out of Tang Residence.

"What is this, Dad?" Ling Wang asked. He did not know what his father meant by pointing to the two women.

"We can use them. We can try to get the information from them." Ling Man said.

Ling Wang suddenly understood what his father meant by that. Ling Wang nodded. They started to follow those two women. Then they saw the two women went to separate ways.

"Dad, which one should we go for?" Ling Wang asked.

Ling Man did not immediately answer. He was thinking at the moment. Then, he made his decision.

"That one..." Ling Man pointed to the younger one.

"Should we go for both of them?" Ling Wang felt confused.

"No. We should aim for the younger. A woman like her probably needs more money." Ling Man told the reason.

"I see." Ling Wang understood.

Another person was a much older woman. They probably would have many difficulties in extracting the information from the old woman. So, the best choice was the younger woman.

They went to the younger woman. They stopped her. The woman looked warily at the men.

"Who are you and what do you want?" The woman, Su Jian, asked in a scared tone.

"We want to make a deal with you." Ling Man directly said that.

"A deal? What deal?" Su Jian did not understand. She did not have anything.

"You are the maid from Tang Residence, right?" Ling Man asked.

Su Jian was flustered. "Yes, but what's about that?"

"I am an old friend of your old master, Tang Jiang Man. I just want to ask you about his whereabouts." Ling Man smiled like a good old man.

Su Jian thought that it was the truth that this old man in front of her was Old Master Tang's friend since not many dared to call Old Master Tang's full name.

"You should go and ask his family." Su Jian told them.

"Please help us. My relative is sick and needs help from Old Master Tang. But Old Master Tang's family does not want to tell us where he is right now. Please miss... Can you tell us? We can give you some money... 1000... no... I can give you 5000." Ling Wang made a story. Well, he was not technically lying. They really needed his help.

Su Jian's eyes wavered when she heard that they wanted to give her money if she told them about Old Master Tang. 5000 was not a small amount of money. It was the amount about 4 months of working. She could buy many things with that amount of money.

Ling Man and Ling Wang were smiling at each other. This woman would fall into their trap. 5000 was a small amount of money for their family. A little sacrifice for Ling Zhu Yao was nothing. Ling Zhu Yao was the most important for them.

"But... if someone knows about this...I will be..." Su Jian hesitated.

"Don't worry about that. We will not tell anyone about this matter. You can feel assured about this."

Su Jian looked around. Then, she nodded. The money would be hers.

"Please transfer the money to this account." Su Jian showed her account number.

Ling Man signalled his son to make the transaction. Ling Wang quickly made the transaction.

The 'ting' sound could be heard from Su Jian's phone. It was the notification sound where there was money transferred to her account bank. She looked at the notification and saw 5000 really inside her account number

#### **Chapter 904 - 904: You Want To Find A Doctor, Then Go To The Hospital**

"Old Master Tang lives at Shiwa Town." Su Jian told the two men.

"Shiwa Town?" Ling Man felt weird.

"Why will he live in a remote town like that?" Ling Wang also felt weird about that.

"Are you lying to me?" Ling Man asked Su Jian.

"Of course not. Old Master Tang indeed lives there. He has found Young Miss there too." Su Jian said.

The 'young miss' that she referred to was Yu Qi.

Ling Man was thinking. He seemed to remember about Yu Qi was from a remote village. He did not know that she was from Shiwa Town. He felt that Su Jian was telling the truth.

"Thank you, Miss Su. I really appreciate your help." Ling Wang said to Su Jian.

"Okay. I will go first." Su Jian bowed and left them.

However, Su Jian did not know that she was been watched by someone. That 'someone' left the place where she had been hiding as well when Su Jian left both men.

....

"What? She has met them?" Ming Yue frowned as she heard the maid's report.

Actually, the one who saw Su Jian talking to Ling Family was the one who walked with her earlier, the older one. She was working with Tang Family since a young age. So, she was very loyal to the Tang family.

She knew the Ling Family. She also knew that Ling Family wanted to see Old Master Tang and their young miss but the madams refused to let Ling Family meet them. When she saw Su Jian was talking to Ling Family, she felt that this matter needed to report to the madam.

"What should we do, First Madam?" Bulter Hang who also listened to them asked Ming Yue.

"Uncle Hang, please call your granddaughter at Shiwa Town to tell her about the matter. Ask her to inform us if the Ling Family go there to find Father and Yu Qi." Ming Yue gave an order.

"What about the maid to reveal the location?" The maid asked.

"Hmm... As for her, let's wait until we get the confirmation from Chu Xiao. If she has really revealed our information to the outsiders, we will not tolerate this kind of behaviour. She will immediately be fired from her work." Ming Yue narrowed her eyes.

"Yes, First Madam." Butler Hang and the maid nodded.

.....

Since they already got the information about Old Master Tang whereabouts, Ling Man and Ling Wang decided to go to Shiwa Town the next day. Song Ci wanted to follow them as well but Ling Man did not allow her. He told her that it was better for her to stay home.

So, they went to Shiwa Town. Arrived at Shiwa Town, they realised that they did not know where to find Old Master Tang here.

"Dad, let's ask people around. Old Master Tang is a famous doctor. People probably know him." Ling Wang said to his father.

"Yeah." Ling Man also agreed with that idea.

So, they went to the market where the place boomed with the people. Ling Wang and Ling Man entered the market. With their clothes, people knew that these men came from rich families.

Ling Wang looked around at the people. He was smiling but his eyes showed a disgusting look toward those people. He approached a middle-aged woman who was also looking at him.

"Excuse me, do you know where can I find Doctor Tang?" Ling Wang asked.

The middle-aged woman was taken back. She never thought that the man would approach her and talk to her. But they asked about Doctor Tang. Who was Doctor Tang?

"Sir, if you want to find a doctor, you should go to the hospital but here. Here is the market." One of the men around heard the question and answered on the middle-aged woman behalf.

Then they were laughing. It was a correct answer. 'You want to find a doctor, then go to the hospital. You can not find a doctor in the market unless they come to buy things.'

Ling Wang and Ling Man's faces changed. They felt that they were mocked by someone.

"We are looking for the legendary Doctor Tang Jiang Man's house. Not a normal doctor." Ling Wang gritted his teeth while explaining to those ignorant people.

People around showed confused faces. They did not know who these men wanted to meet.

Then someone else approached them. "Oh, I know Doctor Tang."

Ling Man and Ling Wang looked at the person. 'Finally...' They were relieved that someone knew Old Master Tang.

"Can you show us his house?" Ling Man asked.

"Okay, sure. It is on the way to my house too." The person said.

He was a normal residence who came from the city and worked at Shiwa Town. So, he heard a little bit about the legendary doctor Tang Jiang Man. He also saw the legendary doctor at his home arguing with his granddaughter about the herbs.

The person led the way bringing Ling Family men to the legendary doctor's house. It was not far since it was just beside the market that they went to just now.

"Here is his house." The person said and left after getting the thank you from Ling Man and Ling Wang.

Ling Man and Ling Wang looked at the shop in front of them. Yeah. It was a shop. Godly Herbs.

"Dad, why does Old Master Tang come and live here?" Ling Wang asked as he observed the place.

#### **Chapter 905 - 905: They Are Not Here**

"Who knows? Don't think too much about it. Let's go and meet with him. Zhu Yao is still waiting to come out." Ling Man said as they entered the shop.

They saw a man that seemed to be a shopkeeper. So they went to him and asked him.

"Hello there. Can we meet Doctor Tang Jiang Man?" Ling Man did not want to waste any time, so he directly asked him about Grandpa Tang.

"Wait here." The shopkeeper was Song Nan.

Song Nan had been told by Hang Chu Xiao if someone came to ask for Grandpa Tang, he should call her. Well, he knew that Grandpa Tang was not here. And he did not want to deal with these men.

Then Song Nan told Hang Chu Xiao. When he returned with Hang Chu Xiao, Ling Man and Ling Wang frowned.

"Who is she? She is not Doctor Tang." Ling Wang said.

Ling Man did not say anything yet. That man who showed this house to them probably mistaken this young doctor. Probably this girl just had the surname 'Tang'.

Ling Man was also looking at Hang Chu Xiao again. He seemed to remember meeting with this young woman but he could not remember where.

"Are you from Ling Family?" Hang Chu Xiao asked the two men.

The two men from the Ling Family were surprised. 'How does she know?'

Seeing the expression on their faces, it seemed true. As the first madam predicted, they really came here to meet Grandpa Tang. As a professional maid, she displayed a smile on her face and bowed.

"I am sorry to inform you that Old Master Tang is not around for the time being." Hang Chu Xiao said.

"What?" Ling Wang shouted.

Ling Man still observed the young woman. Then he remembered who this young woman was. She was similar to Hang Ji Chang, the butler of Tang Main Residence. This young woman must be his relative. Meaning they were in the right place.

"Miss, don't lie to us. We really need to meet Old Master Tang." Ling Man said and tried to observe Hang Chu Xiao's face to see her expression. Who knew she could be lying to them because Old Master Tang asked her to do so.

"I have not lied to you. It is true that Old Master Tang is not around." Hang Chu Xiao said with a straight face.

Ling Man clenched his fists.

"Then, let us meet with Miss Tang." Ling Man said again pressing their ways.

"I am sorry again. Miss Tang is also not around. She is following Old Master Tang." Hang Chu Xiao said.

"Then, can tell me where have they gone?" Ling Man asked.

"I am sorry to tell you but I don't know where they have gone." Hang Chu Xiao said.

"You are lying. They must be inside. Let me enter and find them." Ling Wang wanted to breakthrough.

However, before he could step inside, he was pushed by Hang Chu Xiao and fell back onto the ground. He growled in pain. Ling Man helped his son.

"I will not let anyone enter the house. I have already told you that Old Master Tang and Miss Yu Qi are not here. They have gone somewhere and I don't know where. Please don't make me work hard." Hang Chu Xiao said.

Well, she already could fight with some men because her young Miss taught her some defence skills. However, she might not be as strong as her young Miss but fighting with one man should be easy for her, not to mention, blocking someone's way.

And also her boyfriend, Peil Xian taught her too.

"We will leave." Ling Man said as he pulled his son out.

"Dad..." Ling Wang called his father.

"Let's wait first. I don't believe that Old Master Tang is not inside. That girl knows that we are from Ling Family. Meaning someone from his family already told him that we are looking for them." Ling Man explained.

Ling Wang also remembered about that. "Then what should we do now?" Ling Wang asked.

"We will wait. They need to come out from their house too." Ling Man said.

"Yeah." Ling Wang nodded.

They really needed to meet with Old Master Tang to help Ling Zhu Yao. Of course, it was not Old Master Tang who was going to help them since he did not have the power rather, it was Long Hui.

Long Hui probably could help them. So, that's why they wanted to meet Old Master. So that Old Master Tang could ask Yu Qi to ask Long Hui to help them.

Well, don't know why they thought as long as they asked Old Master Tang to help them, Old Master Tang would help them.

However, they would be disappointed because the people that they wanted to meet were really not here. They had gone somewhere else.

...

"Go and ask Su Jian to meet me." Ming Yue said to a maid.

She was sitting in the living room together with Su Xiao. Yesterday Su Xiao went out to do something. When she returned home, she heard the things from Ming Yue was also furious with that maid. How dare that maid to betray their trust?

Then Su Jian arrived. She could feel something was wrong when seeing the two women sitting in the living room watching her with a stern look. She was trembling as she walked closer to them.

## **Chapter 906 - 906: Fired**

"First Madam, Second Madam." Su Jian greeted them.

"Do you know why are you called here by us?" Ming Yue asked.

Su Jian shook her head. She really did not know about this.

"Who do you meet yesterday?" Ming Yue asked again.

Su Jian was silent as she thought about that. Then, her eyes widened as she seemed to have remembered. But how did they know about it?

"From your expression, you seem to remember whom you had met yesterday, right." Su Xiao said as she glared at Su Jian.

"Tell me. Who do you meet yesterday?" Ming Yue asked Su Jian again.

"I met two men. They were asking about Old Master Tang and Miss Yu Qi." Su Jian began to talk.

"Then, what do you tell them?" Ming Yue asked again.

"I... I..." Su Jian could not continue.

"I what? Say properly." Su Xiao smashed the table. Bang.

"I told them their whereabouts." Su Jian was shocked by the sound and started to say it right away.

"Do you know what wrong did you do?" Ming Yue asked.

Su Jian was silent. She really did not know. She did not think that she did anything wrong. She just told them about Old Master Tang and Miss Yu Qi's whereabouts. Nothing more.

They wanted Old Master Tang's help to treat someone. Old Master Tang was a doctor as well as Miss Yu Qi. There should not be anything wrong with that.

After thinking about that, Su Jian answered. "I told them about Old Master Tang and Miss Yu Qi's whereabouts because they needed Old Master Tang and Miss Yu Qi to help them to treat someone. It is nothing wrong with that." She bravely answered them. It was because she thought she was right.

"Stupid. If they really want to treat someone, they should go to the hospital." Su Xiao retorted that.

"They already came and saw me asking about my father and Yu Qi. But I did not tell them about that. Because they really did not need my father and Yu Qi to treat someone." Ming Yue said. She then sighed. "That is not the point. The point is you have told them about my father and Yu Qi. That is your wrong. The contract already stated that when you are working here, you must not tell outsiders about the house. Do you remember it?"

Su Jian began to get pale. She remembered reading that clause.

"You do remember it." Su Xiao saw Su Jian's reaction. "Do you remember what happens if you break that?"

Su Jian quickly knelt and bowed. "Please forgive me, First Madam, Second Madam."

"I forgive you but there is no place for you in this house from now on." Ming Yue stated the verdict. n)-o-  
-r--e(-I-)B-(I/-n

"First Madam... please have mercy." Su Jian begged again.

"Me firing you does not mean you are going to die. You can find another work." Ming Yue said.

Su Jian was crying. Of course, she could find another work. But it could be difficult for her to get work like this. She needed to think about the rent fee. Not to mention the utility fees like electricity and water.

Here she did not need to work about the house rent. They provided room enough for her to sleep at the night. The salary was also good.

.....

The flight touched down at 10 a.m. Yu Qi and Grandpa Tang were in the first-class seat prepared to leave. Yeah... They were right now at FangHai Nation.

Yu Qi asked Grandpa Tang to join her to come to Fanghai Nation to see her greenhouse. Grandpa Tang as a herbs maniac would really like to come together to see her greenhouse. It was his first coming to see his granddaughter's greenhouse here.

"Let's go."

They were also ready to go out.

"Miss Yu Qi, let me carry your luggage." Pei Xian said as he saw Yu Qi's luggage.

"No need. You should bring my grandfather's luggage. That should be enough." Yu Qi said.

Pei Xian was his grandfather's bodyguard given by Long Hui. So, that's why he had to follow them too here at Fanghai Nation.

"Yes, Miss Yu Qi." Pei Xian nodded as he followed Yu Qi's order.

After getting off the plane, they went to take a taxi and went to the hotel first. She already booked the hotel for three of them.

"Miss Yu Qi, you should book a normal single room for me." Pei Xian said as he heard that she booked three premium rooms, and one was for him.

Well, he was the bodyguard. It was not worth it.

"No need to think much about it. Just take it." Yu Qi pushed the key room into Pei Xian's hand.

Pei Xian looked at the key room with a complicated feeling. When he started working as the bodyguard for Grandpa Tang, he received a lot of benefits.

He received double salaries. One from Long Hui, one more from Yu Qi. He did confront Yu Qi about this, telling her that he was working for Long Hui. So there was no need for Yu Qi to give the money to him. But Yu Qi insisted on giving the money to him. On top of that, he also got a girlfriend. It was a blessing for him.

Miss Yu Qi also joked to him that he should save the money for his wedding with Hang Chu Xiao. Well, it was the truth though. He already saved the money for their wedding and thinking to buy a house for his future family.

## **Chapter 907 - 907: Betray Their Trust**

"I have made my decision. You can leave the house by tomorrow." Ming Yue said.

Ming Yue needed to be decisive about this because she needed to show the other workers who worked there about the consequences of breaking the rules here. Other workers would think twice about this.

"What is happening here?" Tang Han Lee just returned from work came through this.

Su Jian saw the first young master. She went in front of him and grabbed his leg and begged him not to fire her. She knew that the first young master was very kind. He might ask his mother to forgive her and let her stay.

Tang Han Lee did not know the story, frowned as he saw Su Jian acting like this. He looked at his mother and auntie, requesting an explanation.

"Someone come and pull her away." Su Xiao said.

Then two maids came and pulled Su Jian from Tang Han Lee's leg. Tang Han Lee went to sit and heard the story from his mother.

As he heard the explanation, his eyes began to glare sharply at Su Jian. He felt his mother did the correct thing.

"Since this is the case, I think my mother has done the right thing. We should not let you stay because you have already betrayed us." Tang Han Lee said to Su Jian.

Su Jian could not believe her ears. The kind first young master said something like that.

Tang Han Lee was a kind person but if someone did something bad towards his family, he would think about his family first. And this woman had already betrayed his family's trust. How could they let someone like her work here anymore?

Su Jian was dumbfounded. Because of just the 5000 that she received, she lost her job. She regretted accepting the money from these two men.

The incident where Su Jian got fired spread to all the employees who worked at Tang Main Residence. The ones who knew about the matter told others that Su Jian did something that betrayed Tang's trust. That was why she got fired.

The employees understood something. Their employers did not hesitate to fire them if they did something that betrayed their trust. From now on, they would be very careful that they would not do something like this and got fired like that.

...

Then, a call came through from Grandpa Tang's phone. It was from the Tang Main Residence. They usually did not call if there was nothing important.

"Hello." Grandpa Tang answered.

"Finally, it went through. Father, where are you? I have been trying to call you since yesterday but can not get through. I am also trying to call Yu Qi but still does not get through. Chu Xiao has told me that you are going somewhere with Yu Qi." Ming Yue said on the other side.

"Oh, we are at Fanghai Nation right now. We have something to do here. Is there something wrong over there?" Grandpa Tang asked.

"Well, the men from Ling Family came and wanted to meet you and Yu Qi. Probably because of the kidnapping case involving the girl, Ling Zhu Yao." Ming Yue said.

"What? Kidnapping case?" Grandpa Tang was surprised to hear the news.

"Yeah. She has involved the kidnapping case with Wei Zhu Feng." Ming Yue explained.

"Oh, I heard about Wei Zhu Feng. But I don't know about that girl. How did she get involved with him?" Grandpa Tang asked.

"I heard from someone that Wei Zhu Feng's nephew is her boyfriend." Ming Yue guessed about that.

"Humph! Thank goodness, my grandsons don't end up with her." Grandpa Tang rolled his eyes. "Then, why are they looking for me and Yu Qi?"

"I guess, they want to ask rather Xiao Hui because of his power. They could not go and look for Xiao Hui directly. So, they wanted to ask for his help through Yu Qi." Ming Yue made the assumption.

"Humph!!! I will not let Yu Qi involve with them." Grandpa Tang said as he was irritated with them.

"Don't worry about the things here. You can enjoy your trip over there." Ming Yue said to her father in law.

Their call ended. Tang Jung Wen who was beside Ming Yue in the bed looked at his wife and asked about his father.

"Where is he?" Tang Jung Wen knew that his father went somewhere but did not know where.

"He went to Fanghai Nation with Yu Qi. Probably for the herbs." Ming Yue answered.

"Is that so? If he is fine, then okay." Tang Jung Wen was relieved to hear the news about his father.

After his father retired from the medical world, he was engrossed with herbs research. Sometimes, he went to the mountain to get the herbs that he wanted. He did not mind that his father was doing something but he could not help to worry about his father's safety.

"Don't worry. Yu Qi is present with him. She will take care of her grandfather." Ming Yue said. "I also have something to tell you."

"Hmm... What is it?" Tang Jung Wen asked.

"I have fired one of our maids today." Ming Yue said.

"Oh... Why is that?" Tang Jung Wen first time heard about this.

Usually, Ming Yue would report to him if something unusual happened. So, she fired someone today.

"As I mention to Father just now, the Ling Family came and for Father and Yu Qi. Of course, Su Xiao and I didn't tell them. So, they went to bribe that maid, and she accepted it. I can't let her stay at our house anymore." Ming Yue explained.

"I see. Then, let it be." Tang Jung Wen knew that his wife made the decision after thinking about it. So, he believed in her.

### **Chapter 908 - 908: Meeting With Chef Ye**

Yu Qi went to the Ye Bai Qian's restaurant again. This time she was together with Grandpa Tang and Pei Xian. She told Grandpa Tang about the herbal cooking and he was excited to taste it.

As usual, even though the restaurant was in a secluded area, the restaurant was almost full. They needed to wait about 5 minutes before getting a table for them.

They quickly made the order. They ordered many kinds of food. Pei Xian also sat together with them. Before this, he was reluctant to sit with them because he thought of them as his employer.

But after spending time at Grandpa Tang's house, Grandpa Tang also told him to eat together. So, he began to sit together with Grandpa Tang and Hang Chu Xiao to eat together.

The food arrived after 15 minutes. They began to eat. The taste was amazing even though it was a herbal cook. Pei Xian was surprised about that.

"Delicious right?" Yu Qi asked Pei Xian after seeing his face.

"Yeah. It is." Pei Xian nodded.

"How do you know about this restaurant?" Grandpa Tang asked.

"Well, this restaurant is one of my business partners. They have purchased the herbs from my greenhouse here." Yu Qi told Grandpa Tang.

"I see. The chef must be talented to cook such a delicious meal." Grandpa Tang did enjoy the meal.

"Chef Ye has worked as a nutritionist before. So, she knows her stuff." Yu Qi nodded.

The peak hours were finally over. The customers started to leave one by one. Seeing this, Yu Qi decided to call the waitress.

"Yes, Miss. What do you want?" The waitress asked politely.

"May I know, is your Chef Ye busy right now? If she is not busy, can you call her over?" Yu Qi asked.

The waitress thought that this customer probably knew Ye Bai Qian. So, she nodded and left for the kitchen area.

After a few minutes, Ye Bai Qian with her Chef attire came out. Grandpa Tang and Pei Xian were surprised to see her. They thought the chef was a man.

"Miss Tang, nice to meet you again." Ye Bai Qian said.

"Yeah. How are you doing?" Yu Qi asked.

"I'm fine. Thank you for your help." Ye Bai Qian said appreciating what Yu Qi was doing for her.

Actually, after cooking at Yu Qi's party, her restaurant started to get in trouble day by day. The customers were complaining about the food taste, a fight broke in her group, sometimes, the ingredients order messed up and the worst part, the fire broke at her restaurant, luckily she noticed about the fire quickly. Otherwise, she would lose the restaurant.

The same things happened every time. So, Su Jin and Su Fan noticed that purchase of the herbs had decreased. So, Su Jin came to ask about the matter.

Ye Bai Qian told them the incidents that happened which led her to decrease the purchasing of the herbs. Su Fan heard from his grandfather and told them that the incidents were not coincident. It was man-made since it happened multiple times especially the fire.

Someone wanted to make trouble for Ye Bai Qian. So that she could close the restaurant forever. Su Fan asked whether she offended someone before.

The only one that Ye Bai Qian could think of was Su Yu Qing. Su Yu Qing thought that she wanted to be with Mu Li Zei again. However, she did not tell Su Fan. She just said that she did not know about it.

Su Fan ended up telling Yu Qi about that. Yu Qi knew that it was Su Yu Qing's work since, in her past life, Su Yu Qing also made trouble to Ye Bai Qian's restaurant using the same method.

She only knew about that after Ye Bai Qian's restaurant completely closed. She knew from one of the staff that she closed the restaurant. The staff told everything about that to Yu Qi.

The staff knew about that because the last day when Ye Bai Qian already decided to close the restaurant, Su Yu Qing came and told everything that she was the one who forced Ye Bai Qian to close the restaurant.

Telling Ye Bai Qian, it was Ye Bai Qian's consequence for seducing her husband in front of everyone.

Because of that, Yu Qi knew that these kinds of methods were Su Yu Qing's idea in order to force Ye Bai Qian to close the restaurant.

Yu Qi immediately called Su Yu Qing directly. She did not want her to make trouble to Ye Bai Qian anymore. Otherwise, she could forget the treatment that she wanted for her daughter. n--o.-v(-e-.l.(b/-l)-n

Su Yu Qing was angry about this but she could not do anything for the sake of her daughter. And other than that, Mu Li Zei had also confronted her. He was angry at Su Yu Qing for making trouble for Ye Bai Qian.

Mu Li Zei knew about that because Grandpa Mu told him that he should take care of his wife. That's all. He knew that his father did not tell him nonsense. So, he investigated what Su Yu Qing had done lately. It was how he knew about the matter.

Mu Li Zei came forward to apologise to Ye Bai Qian. Ye Bai Qian was a person who did not like the trouble. Since it was already the past, she intended to forget about that.

Finally, the matter settled down. After that, Ye Bai Qian's purchase of the herbs became stable again. The incidents did not happen anymore.

## **Chapter 909 - 909: Gothic Lolita**

"How is the food today?" Ye Bai Qian asked.

"As always, very delicious." Yu Qi gave a thumbs up to Ye Bai Qian. "Oh, before I forget, let me introduce them. This is my grandfather, Tang Jiang Man, and our bodyguard, Pei Xian."

Yu Qi introduced them to Ye Bai Qian. They nodded to Ye Bai Qian as Yu Qi stated their names. Ye Bai Qian also nodded to them.

But Ye Bai Qian suddenly turned and looked at Grandpa Tang intensely. She tried to remember something.

"May I know, are you the legendary Doctor, Tang Jiang Man?" Ye Bai Qian wanted the confirmation.

"Well, I am not sure about the legendary Doctor but I am indeed Doctor Tang Jiang Man." Grandpa Tang felt a little embarrassed.

"Oh, nice to meet you, Doctor Tang. It is an honour to meet you." Ye Bai Qian was excited to meet Grandpa Tang. She was a fan of Grandpa Tang since she was working as a nutritionist.

"Thank you." Grandpa Tang nodded.

They chatted a little bit. Before someone came and called Ye Bai Qian's name. Hearing the voice, Ye Bai Qian's face changed her expression. She frowned as she turned around.

Yu Qi also took a look at the voice owner. She also frowned as she saw the owner.

"What are you doing here?" Ye Bai Qian asked.

"I am just..." The owner of the voice was Mu Li Zei. n--o.-v(-e-.l.(b/-l)-n

"Mr Mu, I have already told you before. I am someone who dislikes trouble. If your wife knows you have come here and look for me, what do you think she will do to me?" Ye Bai Qian cut him off.

"I am...." Mu Li Zei wanted to say something.

"Nice to meet you again, Mr Mu." Yu Qi cut him off.

Mu Li Zei was surprised to see Yu Qi here.

"Mr Mu, please think about your wife." Yu Qi did not say more. She knew that he would understand it.

Mu Li Zei gritted his teeth. "I will leave." He left the restaurant.

"Does he always come here?" Yu Qi asked Ye Bai Qian.

"Yeah. Sometimes, usually, when he will come, I shall not come out of the kitchen." Ye Bai Qian said.

"Oh." Yu Qi nodded. Meaning, it was a coincidence that Mu Li Zei met with Ye Bai Qian. It was because of her calling Ye Bai Qian out.

.....

The next day, as promised, Yu Qi brought Grandpa Tang to her greenhouse. Su Jin was also in the greenhouse. The friends met.

"Jiang Man, long time no see." Su Jin greeted Grandpa Tang.

"Why do you look plump?" Grandpa Tang asked his friend.

"As always, your mouth is poisonous." Su Jin did not mind.

They started to talk about the herbs. They walked around the greenhouse. Su Jin showed the rare herbs that he grew in the greenhouse.

Yu Qi was left alone. So, she took a walk around the greenhouse. While she was walking alone, she heard Su Fan called her name.

"Yu Qi." Su Fan already called her name like a friend.

Yu Qi did not mind. She already assumed Su Fan as her friend. Su Fan knew his stuff managing the greenhouse for her. Only one thing that she did not like about Su Fan was his flirting with women.

He did flirt with her before but only got a sharp glare from her. Then he finally gave up flirting with her.

"Where is Grandpa Tang?" Su Fan asked.

"Well, he is together with Grandpa Su." Yu Qi said.

"Oh, when maniac meets the other maniac." Su Fan made the comment. "Your fiancée is not here, is he?"

"You want him to come, don't you?" Yu Qi asked.

"NO. It is better that he does not come. Otherwise, we can not talk like this." Su Fan shook his head.

"That's because you have flirted with me before." Yu Qi rebuked.

"Well, he is indeed a terrifying person to me." Su Fan trembled as he remembered Long Hui's eyes.

"SU FAN!!!! How dare are you flirt with another woman again?"

Both Yu Qi and Su Fan were shocked as they heard the scream. They turned to the voice source.

It was a petite girl. Well... She was just wearing gothic lolita attire.

"Your new girlfriend?" Yu Qi asked.

"Well..." Su Fan scratched his back neck.

They saw the gothic lolita walked and approached them. She stopped in front of them. Her eyes immediately inspected the girl beside Su Fan.

While she was inspecting Yu Qi, she was unaware someone was transporting a plant beside her. The person who transported the plant also did not notice that this gothic lolita was in his way.

"Watch out."

So, when the person was about to collide with the gothic lolita, Yu Qi pulled her right now into her hug before Su Fan managed to do anything.

The gothic lolita was stunned as she had been pulled into a hug. She looked up and watched the girl's face. Somehow, she felt the girl's face was handsome.

"Wait." Yu Qi said to the person who transported.

The person stopped. He was surprised to see people in his way.

"Make sure that someone is helping you watch out the path if you can not see anything in front of you. You are about to collide with someone just now." Yu Qi said to that person.

"Oh. I am sorry. Sorry." The person apologised for that. He really did not notice that.

## **Chapter 910 - 910: Follow Yu Qi Around**

The gothic lolita finally understood that the girl just saved her from colliding with this person. She somehow felt the girl looked more handsome.

She felt the girl was very kind. Her thought was simple. The girl had saved her so the girl must be kind.

Yu Qi realised that the gothic lolita was still in her hug. She immediately released her.

"I am sorry for pulling you like that." Yu Qi apologized.

"No need. Thank... thank you for saving me." The gothic lolita shook her head and waved her hands. "My name is Dian Qi Qi. Can I know your name?" She asked in an embarrassing tone.

"I am Tang Yu Qi. Nice to meet you. Oh, for your information, I have nothing to do with Su Fan, except being his boss." Yu Qi introduced herself and quickly explained the relationship between Su Fan and her.

"Oh, I see. Sorry for the misunderstanding." Dian Qi Qi bowed as she apologized about it.

Yu Qi smiled. 'This girl is very cute.' She thought as she looked at Ding Qi Qi.

"Is he your boyfriend?" Yu Qi asked Dian Qi Qi while pointing to Su Fan.

"Yes." Dian Qi Qi nodded.

"What boyfriend? We have just gone out twice." Su Fan retorted Dian Qi Qi.

"You must have done something to make her believe that you are her boyfriend." Yu Qi narrowed her eyes at Su Fan.

"Boss... Why are you siding with this girl?" Su Fan made a hurtful expression.

"Humph! Not like I don't know your behaviour." Yu Qi rolled her eyes.

Su Fan felt something invisible slapped his face. His boss trusted someone else.

"You have said that I am cute. So, you want to be my boyfriend. That is why I have gone outside with you. Otherwise, why will I follow you out?" Dian Qi Qi said while looking at Su Fan.

Su Fan thought for a moment. Well, he indeed said something like that when he first saw Dian Qi Qi. He indeed felt that she was very cute but later he thought that she was too naive. Thinking about that, he felt he could not touch her. He knew that he was a casanova but still he was not a bastard.

"See... My guess is right." Yu Qi snorted at Su Fan.

"Sister Yu Qi, can I follow you around?" Dian Qi Qi asked shyly.

"Sure. But I am only here for a few days." Yu Qi said.

"What? You are just here for a few days? Then, where are you going after that?" Dian Qi Qi could not help to feel disappointed.

"I will return to Binhai Nation." Yu Qi said while smiling.

"Can you stay here?" Dian Qi Qi asked.

"Nope. My family is over there." Yu Qi said.

"Oh..." Dian Qi Qi sighed. She really liked this sister. She was kind to her and was very beautiful.

"But I can stay with you for a few days." Yu Qi patted Dian Qi Qi's head.

"Really? Can I follow you around?" Dian Qi Qi blinked excitedly.

"Yeah." Yu Qi nodded.

"Yes. Sister Yu Qi, let's exchange contact information." Dian Qi Qi brought out her handphone.

"Okay." Yu Qi nodded.

So, they exchanged the contact information. Su Fan was dumbfounded by this scene. How did they get along so naturally? Didn't she come looking for him? Then, why did she ignore him like this?

"Hmmm...." Su Fan wanted to say something but he had been glared sharply at by both of the women. He ended up silencing his mouth.

"I think we are done here, right?" Yu Qi asked Su Fan.

"Yes." Su Fan nodded.

"Xiao Qi, come. I will introduce you to my grandpa." Yu Qi pulled Dian Qi Qi over.

Su Fan was blinking like a fool man watching Yu Qi, pulling Dian Qi Qi like that. Why did he felt that he had been abandoned by his boss?

Yu Qi and Dian Qi Qi walked around to find Grandpa Tang. They found him talking with Su Jin while looking at a plant.

"Grandpa, Grandpa Su." Yu Qi called both old men who seemed to be immersed in talking.

"Owh, Yu Qi... And who is this?" Grandpa Tang was taken back when seeing the girl beside Yu Qi. Well, it was probably because of the weird outfit that the girl had been wearing. He had never seen something like that before.

"Grandpa, she is my new friend, Dian Qi Qi. Xiao Qi, this is my grandpa, Grandpa Tang and beside him, Grandpa Su." Yu Qi introduced the girl to them.

"Grandpa Tang, Grandpa Su." Dian Qi Qi greeted them politely.

Both of them immediately liked the girl even though her outfit was a little bit weird. The old generation liked a polite girl like her, adding to her cuteness.

"She is Su Fan's girlfriend apparently." Yu Qi added.

"What?" Su Jin was surprised.

"But he does not want me anymore." Dian Qi Qi said.

"What? Has he played with you? Wait until I discipline him." Su Jin sneered.

Yu Qi leaned over and whispered something to Dian Qi Qi. "He is Su Fan's grandfather."

Dian Qi Qi looked over and nodded. "Grandpa Su, don't get angry. You will be sick." She said to Grandpa Su.

"Before I forget, Grandpa, I need to go to Mu House." Yu Qi informed Grandpa Tang.

"For what?" Grandpa Tang frowned when he heard about Mu Family.

"I want to go to see my creation." Yu Qi grinned.
