### Chapter 921 - 921: Copy Of My Sister.

All of Dian Family members gathered at the old mansion after getting a call from Grandpa Ray. The current head of the Dian Family, Dian Kun Ze asked everyone to come to the old mansion leaving all the current work that they were doing.

"How could this be?" Dian Kun Ze asked Grandpa Ray.

"Head Master, Master has confirmed it himself about it." Grandpa Ray said.

Dian Kun Ze could not believe that his mighty father had been poisoned a long time ago. He was also being told that the poison made him endure so much pain.

"How can Father endure such pain by himself?" Shu Wen, wife of Dian Kun Ze sighed in sadness.

"From what I have heard, it is a lost poison. No one knows about it. It is a coincidence that Miss Tang has noticed it when she has treated Old Master from getting a stroke." Grandpa Ray explained.

"How can we believe an outsider? What if she is the one who has poisoned Great-grandfather?" Dian Ren Qin made an assumption. He was the second son of Dian Jung Qi.

"Sister Yu Qi is not someone like that." Dian Qi Qi said as she glared at Dian Ren Qin.

"Okay... okay... Xiao Qi, don't be angry." Dian Ren Qin smiled at Dian Qi Qi.

Dian Qi Qi ignored Dian Ren Qin.

"Father, I think we need to let her treat Grandfather." Dian Jung Qi said.

"Yeah. Grandfather has been enduring the pain for almost 80 years. It is a tiny hope but still, I really want Grandfather to get better." Dian Ling Shi added.

"Where is the girl?" Dian Kun Ze asked.

"She is resting in the guest room. Do you need to meet her first, Head Master?" Grandpa Ray asked.

"Yes. I want to see her." Dian Kun Ze said.

"Okay. I will go and get her." Grandpa Ray called someone to call Yu Qi.

"Grandpa, don't be angry at Sister Yu Qi. She is a good person. If not for Sister Yu Qi, Great-Grandfather might in danger yesterday." Dian Qi Qi begged Dian Kun Ze.

Dian Kun Ze sighed. His granddaughter already knew to defend people. He wondered what that girl gave his granddaughter.

"By the way, is it true what you have mentioned to me about yesterday's matter?" Dian Kun Ze changed the topic to Dian Jung Qi and Dian Ling Shi.

"Yes, Father." Dian Jung Qi said.

"Do you think she has another motive?" Dian Kun Ze asked.

"I don't know." Dian Jung Qi said.

Then, Dian Kun Ze was stunned as he saw the girl who had very similar to his younger sister's face entered the living room. Even Shu Wen was shocked after seeing the girl. She knew that her husband had a younger sister. She had even talked to the younger sister several times before the younger sister had run away from home.

"Sister Yu Qi." Dian Qi Qi waved her hand at Yu Qi.

Yu Qi smiled. Then she felt the pressure that wanted to crush her. It came from all of the men inside this living room. But Yu Qi was not a normal girl. She stood up properly.

"Yi Yi?" Dian Kun Ze could not believe his eyes. The girl was exactly a copy of his sister.

"I have heard that you want to meet me." Yu Qi looked at the middle-aged man.

She knew it was probably Great-Grandpa Dian's son due to the similarity of the face between him and Great-Grandpa Dian.

"What is your name?" Dian Kun Ze asked.

"My name is Tang Yu Qi." Yu Qi wore a faint smile on her lips.

"You have said my father has been poisoned, right?" Dian Kun Ze said.

"Yeah." Yu Qi nodded confidently.

"How can you notice that poison? What if you are the one who has poisoned Old Master Dian?" One of the people there asked.

"Who are you?" Yu Qi asked.

"I am Quan Zi, a doctor whom the first young master Dian has invited." Quan Zi said in a proud tone.

"Oh, have you diagnosed Old Master Dian before?" Yu Qi asked.

"Of course I have." Quan Zi said again.

"Then, how can you not notice poison? It makes me wonder about your skills." Yu Qi smirked.

It made Quan Zi dumbfounded. Then he realised that this girl was mocking him. "You... It must be you who has poisoned Old Master Dian."

"Doctor Quan, Old Master Dian has personally admitted that someone else is the one who has poisoned him. Are you saying that Old Master is lying?" Grandpa Ray asked while narrowing his eyes.

"Well... It is not what I mean... Old Master Dian is already old. So, his memory is probably not so good." Quan Zi replied timidly.

"Are you saying that Old Master Dian has dementia?" Grandpa Ray asked again.

"No... no..." Quan Zi shook his head.

"Quan Zi, just step back." Dian Zin Fang ordered Quan Zi.

Yu Qi looked at Dian Zin Fang for a second and turned back to Dian Kun Ze. n-(Orel bIn

"I have the ability to treat Old Master Dian. I don't mind all of you watching me treating Old Master Dian. But I hope that someone will not disturb me during the treatment or else the worse outcome can happen." Yu Qi said it straightly.

Dian Kun Ze was silent for a few moments. He looked straight at Yu Qi.

"Okay. I hope you can save my father." Dian Kun Ze said.

Yu Qi smiled a little bit. "Oh, before that, can I use your phone? I need to call my Grandpa to tell him that I will not be returning until tomorrow afternoon in case he is looking for me." She asked Grandpa Ray.

"Sister Yu Qi, Let's go. I will show you the way." Dian Qi Qi grabbed Yu Qi's arm.

### **Chapter 922 - 922: Almost Out Of Energy**

"Great-Grandpa Dian." Yu Qi called Great-Grandpa Dian.

"You are here. The treatment will start right now?" Great-Grandpa Dian asked with a smile.

"Yeah. Are you ready?" Yu Qi's turn to ask.

"Yeah. I am ready. I am excited to get a release from the years of pain." Great-Grandpa Dian nodded.

"But are you sure you will be alright with all the people here? Can you focus later?"

"If someone does not disturb my treatment, you and I should be okay." Yu Qi confidently about that.

Yu Qi then turned to the people. "As I have said before, don't disturb my treatment. The treatment will be painful for Great-Grandpa Dian but it is the process." She gave the warning not to disturb her several times before she was afraid that someone would be disturbed them during the treatment and resulting in a worse outcome.

"Okay. I promise you." Dian Kun Ze gave an assurance.

"Then, I will start the treatment. Grandpa Ray, prepare the warm water for Great-Grandpa Dian. He needs to eat the medicine." Yu Qi said.

Grandpa Ray without wasting any second quickly prepared the warm water and gave it to Great-Grandpa Dian.

"Here. Eat it first." Yu Qi gave the medicine to Great-Grandpa Dian.

It was a pill with a red colour. It looked like the pill was made from the blood with that colour.

Great-Grandpa Dian ate it without hesitation. Yu Qi then opened the bag that she brought. She brought out two sets of acupuncture needles because she really needed to use all of them.

"Grandpa Ray, open his shirt." Yu Qi said.

Already acting as Yu Qi's assistance, Grandpa Ray did what she asked.

Yu Qi took a breath before starting. Then she started giving the acupuncture to Great-Grandpa Dian. Great-Grandpa Dian clenched his teeth to endure the pain.

Everyone who watched the scene was astonished by the speed of the hand. They just saw the shadow of her hand moving around and then the needles had been placed on Great-Grandpa Dian's body.

After one hour of treatment, Great-Grandpa Dian could not hold the pain. He ended up coughed some blood. Everyone was shocked seeing this.

Yu Qi was very calm. She asked Grandpa Ray to wipe the blood.

"Hey, you. He has already coughed the blood and you still want to continue on doing the treatment. Do you want to kill him?" Quan Zi stepped up and said to Yu Qi.

"I have already told you that I don't want anyone to disturb me. Can you ask him to leave?" Yu Qi said as her hand was still doing its job.

"It is a bad signal where someone coughs up blood. You still dare to continue the treatment?" Quan Zi wanted to grab Yu Qi's hand.

But she was very stunned as he saw a needle stopped 5 cm right in front of his eyes.

"I am not a tolerant person when dealing with someone like you. If you don't want to step out of my way, I will make sure that you will lose your eyeball today." Yu Qi calmly withdrew her hand.

"Drag him out." Dian Kun Ze said to Henry.

Receiving the order, Henry pulled Quan Zi along. Quan Zi was screaming that he would not disturb the treatment again. But Dian Kun Ze ignored it. So, Quan Zi left the room. The atmosphere became normal again.

Right now, Great-Grandpa Dian's body was full of needles. Yu Qi stopped. Then, she stood up. She took a breath. It was her first time treating people using reiki. So, she was a little bit nervous about it.

She learned the method from the book that she found yesterday. The method was specifically for recovering the poison from the body using the acupuncture needles as the guide. She would use reiki to recover the poison from every inch of the body and gathered the poison at one part of the body and suck it out once at all.

It was simple but it required a lot of energy from the person who treated it. Not to mention the poison had stayed in Great-Grandpa Dian's body for almost 80 years.

Bo Ya taught her how to use the reiki. She did use it but only in her space. It was her first time using outside the space.

Everyone in the room looked at each other. They showed unbelievable expressions on their faces. Dian Kun Ze narrowed his eyes as he watched Yu Qi.

It was already 4 hours of treatment. Yu Qi was almost out of energy. She was very tired but still, the poison in the Great-Grandpa Dian's body had still not gathered at the place where she wanted to suck the poison out.

She was breathing hard. She could not stop mid-way this treatment. She would not let Great-Grandpa Dian suffered more from this poison.

'Master, if you continue, you will collapse.' Bo Ya spoke through telepathy.

'I can't stop here. I need to save him.' Yu Qi felt that she must not give up.

Her body was shaking even so her hand. Her face was very pale.

"Are you okay?" Dian Kun Ze could not help but ask the young girl.

"Yes." Yu Qi weakly nodded.

The longer the treatment, the stronger the pain that Great-Grandpa Dian would tolerate. She was trying to end the treatment as faster as possible but not all of her plans went correctly.

Great-Grandpa Dian had already fainted several times due to the pain. Right now, he was conscious and saw Yu Qi with her pale face.

### **Chapter 923 - 923: Three Cuties Helped Their Master**

"You can stop here." Great-Grandpa Dian said in a weak voice.

"No. I will not give up. I have already told you that I will cure your poison." Yu Qi shook her head.

'Master, I have a way to help you.' Bo Ya suddenly said it.

'What is it?' Yu Qi quickly asked.

'Bring out Shino and Aoi and let them support you.' Bo Ya suggested.

'Yes, Master. Let me help you.' Aoi said.

'I want to help Master too.' Shino also voiced his opinion.

'But to bring you out, I need to enter the space and bring them out. I can't leave here.' Yu Qi sighed.

'Then, let me borrow your authorised power of the space. I will let them out.' Bo Ya said.

'You can do that?' Yu Qi asked.

'Yes.' Bo Ya said confidently.

'Then I will leave it for you.' Yu Qi believed Bo Ya 100%.

Right after Yu Qi said that out of a sudden, Aoi and Shino appeared beside Yu Qi. Automatically, they support Yu Qi by giving Yu Qi energy.

Yu Qi looked better than before. The treatment continued.

People who stood behind Yu Qi were shocked to see the two animals which had suddenly appeared behind Yu Qi. They thought that the two animals were ghost animals.

However, Dian Kun Ze and both of his sons, Dian Jung Gi and Dian Ling Shi knew the identities of the animals. They thought that Yu Qi seemed from their world too. Not a normal person, as they thought before.

Around 6 am, the poison had already gathered at the suggested place. The place looked like a black bruise. Yu Qi took a scalpel. She then asked Grandpa Ray for a large bowl. She was going to suck out the poison. The moment Yu Qi was going to do so, Dian Kun Ze stopped her.

"Wait, are you going to suck out the poison using your mouth?" Dian Kun Ze asked.

"Yes." Yu Qi nodded.

"Your body might be poisoned too." Dian Kun Ze said.

Dian Kun Ze knew even though Yu Qi spit out the poison but still, it would be some trace of the poison left inside her mouth. She might get poisoned too.

Yu Qi smiled. "My body is immune to all the poisons."

Dian Kun Ze frowned. Even so, people would not take any chance for someone they barely knew. But this girl dared to take the risk to save his father.

Seeing Dian Kun Ze was stunned, Yu Qi cut the place using the scalpel. It was opened for a little bit. Yu Qi sucked out the poison. After a full mouth of poison, she spits out the poison into the bowl that she requested from Grandpa Ray.

People could see the colour of the poison. It was black. Yu Qi was doing it several times. Until the thing that she sucked out changed its colour to red, Yu Qi knew that the poison had successfully been sucked out.

Only one last step left. She just needed to take out the needles from Great-Grandpa Dian's body and it would be completed.

She took out the needles one by one. She was actually feeling uncomfortable inside her mouth. The poison and the blood, she could actually taste it.

Then, without Yu Qi said anything, Grandpa Dian gave a glass of water.

"Miss Tang, you can wash off your mouth." Grandpa Ray said respectfully to Yu Qi.

Yu Qi nodded. She gargled and spit out the water again. She was doing it several times until she felt her mouth did not taste the blood or the poison anymore.

"I have already taken out the poison. He just needs to rest and he will be okay." Yu Qi said to everyone in the room.

"Thank you, Miss Tang." Dian Kun Ze expressed his gratitude to Yu Qi.

"It..." Yu Qi could not finish her words. Her body was about to fall forward. Before it fell onto the ground, Dian Kun Ze grabbed Yu Qi.

Dian Kun Ze already saw that Yu Qi had lost her consciousness. He was panicked.

"Dian Shu Xian, check her condition." Dian Kun Ze ordered as he put Yu Qi on the sofa.

Dian Shu Xian was the third son of Dian Jung Gi. He was a doctor too. He checked Yu Qi. After checking her, he stated her condition to his grandfather.

"She is tired. So her body forced her into sleep. She will be okay after sleeping." Dian Shu Xian said.

"Really? Sister Yu Qi is going to be okay?" Dian Qi Qi asked.

Dian Shu Xian smiled and nodded while patting Dian Qi Qi's head. "Yeah. She will be okay."

Dian Qi Qi looked around. "Where did the animals go?"

Everyone also looked around. The two animals had already disappeared.

In the space

"Bo Ya, why have we suddenly enter the space? I want to accompany Master." Aoi asked Bo Ya when he realised that he was already inside the space.

"Yeah. I want to stay with Master too." Shino was crying.

"You can get out because Master has given her authority to me to let you out. Now Master is unconscious. So the power of authority that she has given me had been cancelled. That is why you are bounded back into the space." Bo Ya explained.

"Is Master okay?" Aoi asked in worried.

"Master is okay. She is just tired. She will be fine." Bo Ya assured both of them.

### **Chapter 924 - 924: What A Surprise**

Yu Qi did not show that she would wake up soon. She had been sleeping for the entire day. Even Great-Grandpa Dian already woke up.

He immediately asked for Yu Qi. He wanted to see Yu Qi. Grandpa Ray wanted to hold him up. However, Dian Kun Ze just told him that the girl was sleeping right now and he could meet her after she was had woken up.

Great-Grandpa Dian finally calmed down. He thought that the girl must be tired after treating him.

"Kun Ze, you have already seen her, right? What do you think? Is she related to us?" Great-Grandpa Dian asked his son. Only his son knew Dian Yi Yi.

"We will know by tomorrow. I have already done the DNA Test." Dian Kun Ze said.

"If she is not related by blood, I want to take her into our family." Great-Grandpa Dian expressed his thought.

"I know." Dian Kun Ze nodded. The girl was his father's saviour.

The girl did not hesitate to treat someone until she had collapsed. She was doing it to save his father. How could someone do something like that to some strangers? Is it because she was a doctor?

He did not know that answer.

....

Grandpa Tang called Yu Qi several times. The first time he called, Yu Qi did not answer, he thought she might be busy. But even after several times, his granddaughter still did not call him back, and not replied to his message, he started to get worried.

The last time he got the call telling him she wanted to do something. And nothing more. He talked to Grandpa Su and Su Fan about her. Su Fan seemed to know Dian Qi Qi. He already knew her contact number.

So Su Fan called the girl but still, it did not get through. Grandpa Tang decided to make a police report. But the police did not want to take the case seriously.

They even thought that the girl must have gone somewhere with a man and was having fun. They thought that she probably forgot to call him.

Grandpa Tang was furious when hearing the police say something like that. He needed help.

He then called someone. Someone who had power here. Yu Qi gave his contact number a long time ago. It was his first time contacting this person.

"Hello." Grandpa Tang said as the phone had been answered.

Grandpa Tang was calling Grandpa Mu to ask for help.

"Hello." Grandpa Mu answered.

He knew that the person was Yu Qi's adopted grandfather.

"I want to ask for help. It is about Yu Qi." Grandpa Tang had stated the truth.

"What is it?" Grandpa Mu asked.

"We are in Fanghai Nation for a few days. But right now, I have lost contact with Yu Qi. I don't want to disturb you but the police did not want to help me. So, I thickened my face to ask for help." Grandpa Tang explained.

"What? Is Yu Qi missing?" Grandpa Mu was shocked.

"I don't know yet. But it is true that I lost contact with her." Grandpa Tang sighed.

"Where are you, right now?" Grandpa Mu asked.

"Gongjin Police station." Grandpa Tang said.

"Okay. Wait. I will be there." Grandpa Mu said.

The call ended. Grandpa Mu closed his fail. He had already lost the desire to do the work. He needed to look for his granddaughter.

"Chairman Mu, where do we need to go?" His secretary asked.

"Gongjin Police Station." Grandpa Mu said.

The secretary was curious why his boss wanted to go to the police station but as a professional secretary, he did not ask anything and followed his boss's order. The secretary told the driver to go to Gongjin Police Station.

After half an hour, they arrived at the police station. Grandpa Mu entered the police station with his bodyguards. The police officers gulped as they saw the men entering the police station.

The men went to the old man whom they had ridiculed just now. They began to feel afraid.

Grandpa Mu and Grandpa Tang talked about the incident. Grandpa Mu nodded several times. He then looked at the police officers. He said something to the secretary. The secretary nodded. He went to the police officers.

Grandpa Mu asked Grandpa Tang to follow him. They went into an office. Grandpa Mu spoke something to someone. After Grandpa Mu finished, he asked Grandpa Tang to wait in another room. One hour after that, the same person who was talking to Grandpa Mu entered the room.

"We have found the last trace of her number. It was last seen at a place near Suci Mountain." The man said.

"Are you sure?" Grandpa Mu frowned.

"Yes, Sir." The man nodded.

He thought it was very easy to track a young girl's number. But it did not expect it would be so difficult since they needed to describe the number before getting to know its location.

Whoever used this method was a genius. He wanted to see the person.

"What?" Grandpa Tang asked as he saw the frown on Grandpa Mu's face.

"That place is actually a restricted place. No one can go there unless they have permission to go there." Grandpa Mu said.

"Then, has Yu Qi been caught by that person? Who is he?" Grandpa Tang asked in a panic.

"The identity of the owner is still unknown. But I will try to ask someone if he knows about it." Grandpa Mu sighed.

Grandpa Mu took his phone and dialled a number. After one ring, the person answered.

"Mu Guang Qi, what a surprise." A man was happy to receive a call from Grandpa Mu.

## **Chapter 925 - 925: Men With Guns**

"Mu Guang Qi, what a surprise."

Grandpa Mu called his friend, who was the current President of Fanghai Nation, Fang Min Wei. Fang Min Wei probably knew about the restricted place.

"I need your help." Grandpa Mu said.

"Oh, do you need my help?" Fang Min Wei smiled.

"Don't worry. It is not for free." Grandpa Mu said.

"Okay. Tell me, what do you want me to help you with?" Fang Min Wei smiled.

"Tell me who lives at Suci Mountain." Grandpa Mu went straight forward.

Fang Min Wei went silent. Then his voice turned into a serious tone.

"Why do you want to know about it?" Fang Min Wei asked.

"My granddaughter is missing. The last place where she was seen was at that mountain. So, I want to request permission to enter the mountain to find my granddaughter." Grandpa Mu said.

Fang Min Wei went silent again. He was thinking that the girl was probably being caught by the people who lived at that place. He sighed.

"I can tell you but I think you need to be prepare." Fang Min Wei said.

"What do you mean by that?" Grandpa Mu frowned.

"It is owned by Dian Family. It is a family with long-established history. The family's history exists for about 500 years ago. Well, you can go to Suci Mountain. You can see there will be some guards guarding the entrance of the mountain. That is all I can tell you." Fang Min Wei said.

"Thank you." Grandpa Mu nodded.

"I get the information. You, call 50... no 100 people from our place. We are going to Suci Mountain." Grandpa Mu said to the secretary.

The secretary nodded. 'From Chairman Mu's face, they probably going to war. How exciting.'

"Let's go." Grandpa Mu said to Grandpa Tang.

"Why do you need so many men to go to that mountain?" Grandpa Tang said.

"That Fang told me to be prepared. But he doesn't say, prepare for what. So, I have decided to bring the men together with us." Grandpa Mu explained.

Grandpa Mu thought about it. If his granddaughter lost her life there, he would not hesitate to destroy Suci Mountain. He just found his precious granddaughter. To lose her like this, he could not accept that.

.....

"Butler Ray, something has happened." Someone came and ran to report something to Grandpa Ray.

"What is it?" Grandpa Ray who currently talked to another servant frowned.

"There are people at the entrance gate. They want to enter our place." The man reported.

"What?" Grandpa Ray went to the CCTV room to see the situation at the entrance gate.

It seemed the truth. He could see many people with full equipment standing outside their entrance gate. He was wondering what was about to happen next.

He then quickly reported to Dian Kun Ze who stayed behind looking for his father.

"What? They want to trespass?" Dian Kun Ze also frowned.

Even the president himself did not dare to do such a thing.

"I will go and see them." Dian Kun Ze stood and went to the entrance gate

The guards who guarding the entrance gate were relieved to see their master came out. Even though they were strong, fighting 100 men completed with guns and equipment would be suicide for them.

"May I ask what is going on here?" Dian Kun Ze narrowed his eyes as he saw the men with guns.

He then saw the men in front of the other men. One with an office's suit and another one with casual attire. It seemed they were the leaders of the men.

"I want to enter the mountain." Grandpa Tang said. "My granddaughter has been last seen here."

"Your granddaughter?" Dian Kun Ze was silent for a moment and he remembered the girl who treated his father. Then he asked. "Is that girl's name, Tang Yu Qi?"

"Where is she?" Grandpa Tang asked.

"What have you done to her?" Grandpa Mu asked.

Both of them shouted the question at the same time. Dian Kun Ze sighed.

"Then, I will like to invite you two into our house. But just the two of you." Dian Kun Ze said to both of them.

Grandpa Mu and Grandpa Tang were looking at each other. They nodded and agreed to follow Dian Kun Ze.

"You stay here. I will be back soon." Grandpa Mu said to the commander of his men.

"Yes, Sir." The commander nodded.

Dian Kun Ze brought them to the room where Yu Qi was sleeping. The moment Grandpa Tang and Grandpa Mu saw their granddaughter, they ran to her side.

Grandpa Tang quickly took Yu Qi's pulse.

"What have you done to her?" Grandpa Mu asked with an angry tone.

"Sir, please calm down. We could not do anything to her. She is our saviour." Grandpa Ray said.

Author Note: I will call Dian Kun Ze with the name Grandpa Dian from now on.

"She is just sleeping. But I can tell that she is very tired." Grandpa Tang was relieved to know that nothing bad had happened to his granddaughter.

"She has treated and cured my father of the poison last night. The treatment had just been completed in the morning. That is why she is sleeping right now." Grandpa Dian explained.

"Oh, she did say something about treating someone." Grandpa Tang remembered his conversation with his granddaughter.

"Well, let's talk outside." Grandpa Dian said to both of them. "Ray, bring some tea and refreshment to the living room."

"Yes, Sir." Grandpa Ray nodded receiving the order.

### **Chapter 926 - 926: They Met**

The three old men looked at each other.

"What is your relationship with Yu Qi?" Grandpa Dian asked.

"What does it matter to you?" Grandpa Tang asked back.

"Well, she is related to our family." Grandpa Dian revealed the truth.

After Yu Qi fainted, Grandpa Dian asked Dian Shu Xian to do the DNA Test between Yu Qi and his father. When Dian Shu Xian explained the result, the result stated Yu Qi was from their family.

Meaning, she was indeed the granddaughter of his sister, Dian Yi Yi. Remembering his sister, he sighed. His sister disliked getting restricted by someone. The reason she ran away was because their father wanted her to get married to someone that she did not know.

She was a carefree person. Hearing the news, she decided to run away. And their father was furious. He banned Grandpa Dian to find Dian Yi Yi.

"What? How can that happen?" Grandpa Mu frowned.

"Dian Yi Yi is my biological sister. She ran away a long time ago." Grandpa Dian explained.

"Yi Yi is your sister? She has never told me that she had a family. She even told me that she was an orphan." Grandpa Mu was surprised.

Grandpa Dian observed Grandpa Mu. 'So, this is the man whom my sister got married to.' He recognised the man as the most powerful businessman in Fanghai Nation.

But he thought his wife was a different person. She came from the Kang Family.

"Yi Yi is your wife? But I think your wife is another person." Grandpa Dian asked.

"Yi Yi died right after she gave birth to my son. One year after that, I got married to another person to take care of my son." Grandpa Mu was still sad about his beloved wife's death.

"I heard from Yu Qi that her father also ran away from home. It must be in his blood." Grandpa Dian chuckled.

The atmosphere turned slightly better. Grandpa Dian then turned towards Grandpa Tang.

"You must be her adopted grandfather." Grandpa Dian said. He then stood up and bowed to Grandpa Tang. "Thank you for taking care of Yu Qi. We really appreciated that."

"She is my beloved granddaughter. I am happy to take care of her." Grandpa Tang said proudly.

Even though that girl was not related to him by blood but still he was very happy that the girl accepted him as her grandfather. Even after she found her biological grandfather.

"It is better if she returns to our family and recognizes her ancestor." Grandpa Dian suddenly said that.

The atmosphere turned hostile. Both of the old men glared at Grandpa Dian. Grandpa Ray panicked. He sighed. He knew that was the reason why Grandpa Dian wanted Yu Qi to return to their family. But he should not say something like that to both men.

"Mr Dian, you should listen to Yu Qi's thoughts first." Grandpa Mu said.

To be honest, Grandpa Mu wanted Yu Qi to use their surname 'Mu' but things did not allow her to do so.

"I am also thinking the same way. Yu Qi is already an adult. She has her own thinking." Grandpa Tang also agreed with Grandpa Mu.

Then someone came to the living room.

"Old Master." Grandpa Ray greeted Great-Grandpa Dian.

"Which one married to my Yi Yi?" It was the first question that he asked when seeing Grandpa Mu, and Grandpa Tang.

Everyone was dumbfounded. Then Grandpa Mu slowly answered the question.

"Dian Yi Yi is my wife." Grandpa Mu said.

"Was she happy before she died?" Great-Grandpa Dian asked again.

"She was happy while she was alive." Grandpa Mu nodded.

"If she was happy, then it was worth it." Great-Grandpa Dian smiled sadly.

Everyone was silent. Great-Grandpa Dian probably missed his daughter very much.

Then all the members of the Dian Family came to the living room. They saw two unknown people here and greeted them politely.

"Grandpa Tang, you are here." Dian Qi Qi smiled at Grandpa Tang.

"Yeah." Grandpa Tang nodded.

"I am sorry that Sister Yu Qi has become like that because of my family." Dian Qi Qi felt guilty somehow. If she did not bring Sister Yu Qi here, these might not happen.

"Don't blame yourself. I am actually proud of her. She did everything she could to save people. That is a doctor's instinct." Grandpa Tang said.

"Hello, Dr Tang Jiang Man. I am Dian Shu Xian. It is an honour to meet you." Dian Shu Xian greeted Grandpa Tang.

To a doctor like him, Grandpa Tang was like a god to him. To meet him here was indeed a good thing for him.

"I am also a doctor. Second-year resident." Dian Shu Xian added.

"I see. Yu Qi has just finished her studies at the university. She will be starting her housemen ship later." Grandpa Tang said it proudly.

"You are the one who has adopted Yu Qi." Great-Grandpa Dian said as he heard the conversation.

He knew that Yu Qi had so much love from Grandpa Tang from Grandpa Tang's tone. It sounded like a grandfather bragging about his granddaughter.

Grandpa Dian looked over at the window. The sky had already turned dark.

"You can stay over for a night. Yu Qi will probably wake up after some time." Grandpa Dian suggested.

Grandpa Tang accepted it. He wanted to look after his granddaughter. It was the second time she fell into this situation. Even though it was nothing serious, he was worried.

Grandpa Mu also nodded. However, he had to make a phone call to his secretary and his men who were waiting at the entrance of the gate. Grandpa Ray brought him to a room and used the phone in that room.

#### **Chapter 927 - 927: He Is My Fiancee**

"Senior Brother Qin, look. I am successful in making a divine artifact." Yue ran in, entering her first senior brother's courtyard.

Her senior brother, Senior Brother Qin was relaxing while enjoying his tea under the sakura tree. He turned to the voice and smiling at the girl who ran toward him.

"Slow down. You will fall down if you run like that." Senior Brother Qin said with a soft voice.

"Don't worry. I am fine." Yue said. "But, Senior Brother Qin, look at this."

She showed something in her hand. It was a hand fan. Senior Brother Qin looked at the fan. He narrowed his eyes as he saw the fan.

"Have you made it?" Senior Brother Qin asked.

"Yeah. Am I a genius?" Yue put on the arrogant look on her face.

Senior Brother Qin smiled. "My junior sister is indeed a genius. Master will be thrilled with your achievement."

"Right. I know." Yue smiled.

"But..."

"Hmm...But what, Senior Brother Qin?" Yue tilted her head.

"Don't tell anyone else." Senior Brother Qin added.

"Why?" Yue was confused. Why did she could not tell anyone about her achievement?

"Do you want people to kidnap you?" Senior Brother Qin asked back.

"No! Of course not!" Yue shook her head faster.

"If people knew that you have already succeeded in making the divine artifact, they will probably want you to make one for them. You are in constant danger." Senior Brother Qin explained.

"Oh... I see... Okay." Yue followed his senior brother's words. "But, I should tell Master, right?" She asked.

"Hmm... Master would be happy to hear your achievement." Senior Brother Qin nodded.

"Oh, I will give this to Master." Yue waved the fan. "I will try to make one for Senior Brother Qin later."

With that, Yue left the place happily.

....

Yu Qi opened her eyes and accessed everything around her. It was an unfamiliar place. She tried to sit. Then, she saw someone was sitting on the chair beside her bed while holding her hand.

When she looked more, she realized it was Dian Qi Qi who was currently holding her hand. She was sleeping. She looked around again and saw the window. It was already dark outside.

She was probably in a room in the mansion. She remembered that she had fainted after treating Great-Grandpa Dian.

'I have been sleeping for a long time.' Yu Qi held her head using her other hand. The movement had Dian Qi Qi woke up from her sleep.

"Hmm... Sister Yu Qi!" Then, Dian Qi Qi stood up from the chair and hugged Yu Qi. She started to cry. "Thank goodness. You are fine."

Yu Qi was dumbfounded as she heard this. What made Dian Qi Qi think that she was not okay?

Then, the door was opened by someone. She could see everyone had entered the room and surrounded her bed. She was blinking her eyes as she thought of something.

"Grandpa? Grandfather? What are you two doing here?" Yu Qi was surprised to see Grandpa Mu and Grandpa Tang here.

Grandpa Tang checked Yu Qi's pulse. "Hmm...It seems you are finally okay."

"Wait. I have just slept for a while. Why are you guys act like this?" Yu Qi was confused.

"Sister Yu Qi, you did not sleep for a while but 3 days." Dian Qi Qi said.

"What? 3 days? How's that possible?" Yu Qi was shocked to hear this news.

"It is not a lie. You are indeed sleeping for about 4 days." Grandpa Mu added.

"We are relieved that you have finally woken up. Otherwise, Father might blame himself." Grandpa Dian said.

"How is Great-Grandpa Dian? Is he okay after that?" Yu Qi asked about Great-Grandpa Dian's condition.

"He already woke up after two hours of the treatment. You don't need to worry about him." Grandpa Dian gave the update about Great-Grandpa Dian.

"I am sorry for making everyone worried about me." Yu Qi apologized to everyone.

"No need to apologize." Grandpa Mu patted Yu Qi's head.

And out of a sudden, Yu Qi's stomach made some cute sound requesting some food. Everyone was silent for a moment and then laughed. Yu Qi was so embarrassed about this.

"Sleeping for 3 days straight, your stomach is upset." Grandpa Tang said.

"Ray, prepare for a light meal for Yu Qi." Grandpa Dian said to Grandpa Ray.

"Yes, sir. I will go right away." Grandpa Ray nodded and left the room.

"Grandpa, have you told our family?" Yu Qi asked Grandpa Tang.

"Of course I have. They should know about your condition. They have asked when we will return. So, I need to explain to them about you. If not for their work, I bet they will fly here." Grandpa Tang said.

"What about Pei Xian?" Yu Qi asked again.

"I have ordered him to stand by at the hotel." Grandpa Tang said.

"Does he know about me?"

"Yes." Grandpa Tang nodded.

"Oh no. Then, Brother Hui will also know about me." Yu Qi sighed.

If something happened to her when she was with Grandpa Tang and Pei Xian, Long Hui would know about her immediately. The reason why he was still not here, meaning he was on the mission. She was hoping that Long Hui's mission would be long until they returned to Binhai. So, he did not have to come to Fanghai Nation.

"Who is Brother Hui?" Dian Qi Qi asked.

"He is my fiancée." Yu Qi said.

"What? Do you already have a fiancée?" Grandpa Dian was surprised.

"Yes." Yu Qi nodded.

### **Chapter 928 - 928: Dian's Youngest Generation.**

That night after she had revealed the fact of having a fiancée, Grandpa Dian wanted to talk more about it. Unfortunately, the food had arrived. So, the conversation stopped at that time.

Since it was already too late, everyone had gone to take some rest. Yu Qi immediately entered the space. Once she was in the space, three of her little cuties came and hugged her as they cried.

It seemed that they were worried a lot after not getting in touch when she fell unconscious. It took a while before they calmed down.

Yu Qi thanked them a lot for helping her with the treatment of Great-Grandpa Dian. She owed them a lot especially Bo Ya who told her about the method. She cooked a feast for them.

After the meal, Shino and Aoi were running around the lake while Yu Qi and Bo Ya were sitting together watching Shino and Aoi.

Then, that time, Bo Ya told Yu Qi about something interesting. When Shino and Aoi had suddenly appeared beside Yu Qi, people in the room were slightly surprised but did not care much about it.

Bo Ya who paid attention to all of the people in the room caught Grandpa Dian exchanging looks with his two sons. It seemed that Shino and Aoi appearance at that time meant something to them.

As for what, Bo Ya told Yu Qi that he did not know much. Yu Qi was listening to Bo Ya and thinking about the possibility.

One possibility was that Dian Family was not a normal family. They could use the aura to make someone afraid of them. They could try to use Yu Qi.

Another possibility was that some people in Dian Family knew about her space's existence. That was why they were not surprised when Aoi and Shino suddenly appeared in front of them.

"Sister Yu Qi, good morning."

Yu Qi was greeted by Dian Qi Qi. Dian Qi Qi was still wearing gothic lolita clothes. She really wondered how much effort that Dian Qi Qi needed to put on the clothes every day.

"Good morning." Yu Qi nodded while smiling.

She could see there were a few young men walking behind Dian Qi Qi. She saw them once but did not know their names.

Dian Qi Qi realised that Yu Qi was looking at her cousins.

"Oh, Sister Yu Qi, let me introduce you to my brothers." Dian Qi Qi said.

"This is my first cousin, Dian Zin Fang, my second cousin, Dian Ren Qin and my third cousin, Dian Shu Xian. All of them are older than me. I am not sure if they are older than you or not." Dian Qi Qi pointed to her cousins one by one.

"It is obvious that she is younger than us, right, Shu Xian?" Dian Ren Qin said to Dian Shu Xian while putting his hand over Dian Shu Xian's shoulder.

"Yeah. She looks younger than us." Dian Shu Xian nodded.

"You can call me Brother Zin Fang." Dian Zin Fang said.

"Oh, okay." Yu Qi nodded.

"By the way, both of them are a pair of twins." Dian Qi Qi explained.

"Wait, Qi Qi, why do you tell her this?" Dian Ren Qin said.

Yu Qi was surprised to hear that both of them were twins. They looked very different from each other.

"We are indeed twins." Dian Shu Xian said.

"I see." Yu Qi said.

"And I also have other two brothers. Dian Cheng Shi and Dian Mo Shi. They are also twins but with the same faces. They have some work to do. So, they can not come back." Dian Qi Qi said.

Dian Qi Qi was the youngest one here and the only girl in the youngest generation of the Dian Family. Seeing her behave so lovely like this, the family probably doted and pampered her so much. She smiled unconsciously.

The men looked at her and were stunned. They never saw her smiling like this.

Dian Zin Fang had heard his grandfather, his father and his uncle discussing her. Turned out that the girl was a part of their family. No wonder she was so strong when they first met her.

He had done something to Yu Qi on their first meeting. He had thought that she was a bad influence on Dian Qi Qi. So, he wanted to scare her. However, the latter smiled and looked straight at his grandfather making him impressed with her.

No wonder she was not afraid. She was one of them. Since she was one of them, he vowed to protect her too.

"Let's go. Breakfast will be ready soon." Dian Shu Xian reminded them.

They went to the dining room. The elders were already there except Great-Grandpa Dian.. Yu Qi saw Grandpa Tang and Grandpa Mu. Since there was an empty seat between both of them, Yu Qi took the seat.

"Good morning everyone." Yu Qi said.

The elders replied to Yu Qi. Then, they were talking among themselves, waiting for Great-Grandpa Dian to come.

Then, Great-Grandpa Dian appeared with Henry who was loyally following him from behind. They greeted Great-Grandpa Dian.

Then the breakfast began. They ate happily.

"It would be better if Cheng Shi and Mo Shi are here too." Grandma Shu said and sighed.

"Mother, not like that you don't know them." Wang Xiang, wife of Dian Ling Shi sighed. Even she as their mother hardly met with her sons.

"After breakfast, I want to announce something." Grandpa Dian suddenly said.

## **Chapter 929 - 929: She Is Also My Direct Descendent**

Then after having breakfast, they gathered again in the living room. Yu Qi was a little bit confused when she, Grandpa Tang and Grandpa Mu had also been called to listen to the announcement.

If the announcement was about their family, then why would they also be called too?

Great-Grandpa Dian was also here too. He was smiling at Yu Qi. He stood up and looked at his family.

"The reason why we are here to announce something which is important to our family." Great-Grandpa Dian began to speak. He called Yu Qi. "Yu Qi, come here."

Yu Qi just listened to him and approached him.

"As you know, I had been poisoned. However, she is the one who managed to detect the poison and successfully cure me of the poison. But this is not what I am going to tell you." Great-Grandpa Dian looked at Yu Qi.

"But to announce that she is also my direct descendent."

Some of them were shocked and some of them were calm as they also knew about it.

"Great-Grandpa Dian, you should investigate more. It may be a coincidence that I have the same face as your daughter." Yu Qi said.

"No, you are indeed my great-granddaughter. He has also checked through DNA Test." Great-Grandpa Dian pointed to his son.

Grandpa Dian nodded.

"How is she related to you, Great-Grandfather?" Dian Ren Qin was suspicious about Yu Qi in the first place.

"I have a daughter. But she ran away from home. She met someone and got married to him. Yu Qi is her granddaughter. And has a very similar face to my daughter. How can I not recognize her?" Great-Grandpa Dian's eyes were tearing up while looking at Yu Qi.

.....

Now, Yu Qi was in the room where Great-Grandpa Dian, Grandpa Dian, Dian Ling Shi and Dian Jung Gi were present.

Yu Qi was called again by Grandpa Dian to follow him. He told her that he needed to speak about something to Yu Qi.

"What is it?" Yu Qi could not stand the silence.

"Do you know about the cultivation world?" Grandpa Dian asked.

"Huh? Cultivation world?" Yu Qi blinked her eyes several times. She was not familiar with this term.

"You don't know anything about the cultivation world, do you?" Grandpa Dian asked again.

Yu Qi shook her head. She indeed knew nothing about it.

'What? Cultivation world? What is it?'

Grandpa Dian and his sons looked at each other.

"Then, tell me about the animals which suddenly appeared during the treatment." Grandpa Dian changed the topic.

Yu Qi's lips twitched. Of course, they would not let go of that topic.

They were silent as they were waiting for Yu Qi's answer.

"You are probably mistaken." Yu Qi wanted to avoid the topic.

"Everyone saw them appearing out of nowhere." Dian Jung Gi said.

"Yeah. They were a dog and a ferret. Right?" Dian Ling Shi added.

"Yu Qi, I know that you have another power. You also have two spiritual animals that have a blood contract with you." Grandpa Dian said.

Yu Qi reacted with the words, 'blood contract'. He was right. But how did he knew about the blood contract? Yu Qi put her guard on. Even though they were her family, but she barely knew them.

"Yu Qi, I know about the blood contract because I also have one spirit animal." Grandpa Dian revealed something.

Suddenly a small snake climbed up Grandpa Dian's leg and was now resting on Grandpa Dian's shoulder while its eyes appeared to look straight at Yu Qi. Yu Qi was shocked.

"This..." Yu Qi looked at that small snake too.

"It is my spiritual animal." Grandpa Dian rubbed the snake's head. "Even though he looks small right now, his actual size is much bigger than this."

"Well, thousand times bigger than this." Dian Ling Shi said.

"And also poisonous too." Dian Jung Gi added.

The snake climbed down and stopped at Yu Qi's feet while looking up at Yu Qi. Grandpa Dian was surprised by his spiritual animal approaching someone.

Before this, the snake never liked anyone. Even his direct grandchildren, the snake disliked them. But now the snake took the initiative to approach the girl.

"It is cute." The words came out from Yu Qi. Yu Qi squatted down and patted the snake too. The snake was a white snake. It made his skin shine brightly. She was fearless in patting the snake's head.

The snake seemed to be happy receiving the pat on his head.

The men in the room were stunned as they saw the scene. It was an unbelievable scene.

"What is its name?" The question was directed to Grandpa Dian.

"Winter." Grandpa Dian answered.

"Hmm... it is really suited for you. You look so magnificent with your looks." Yu Qi was still patting the snake's head.

"Yu Qi, you have inherited the power from our family." Great-Grandpa Dian said.

Yu Qi stood up and looked at Great-Grandpa Dian. 'Power...' Did he mean by her space?

"We are not normal. We are humans with power. A power that the science can not explain." Great-Grandpa Dian said. "I have lived this long because of the power. The cultivation power."

"Cultivation power?" Yu Qi tilted her head.

"When you have treated my father, you seemed to have used the power." Grandpa Dian said.

'Using my power during the treatment? That reiki?' Yu Qi was thinking. "Reiki?"

"Yeah. That's it. It has been a long time since this word has been used. Reiki is an old term to refer cultivation power." Great-Grandpa Dian nodded. He actually forgot about it.

### **Chapter 930 - 930: A Target**

"You know about 'reiki'?" Yu Qi asked.

"Our family is from cultivation world. A world where the people only respects the strong." Great-Grandpa Dian said.

"But don't be mistaken. We are not using magic. The cultivation power is used to strengthen your body to make the body stronger than the average human. And it can prolong life." Grandpa Dian added.

"Usually people from the cultivation world live at their place. It is a secluded area. But right the world is modern. Many people like our family live outside that place." Great-Grandpa Dian said.

"So, the people from the cultivation world may attack the other families?" Yu Qi asked.

"Why are you saying so?" Dian Ling Shi asked.

"This house is hidden inside the mountain. The layout can be confusing. And there are a lot of people guarding this house." Yu Qi smiled.

"Can you feel the people around here?" Grandpa Dian was surprised to hear that she could sense the people that he had arranged around the house to protect his father.

"Yes." Yu Qi nodded.

"Many people want to come to this house, not to attack us but to steal something from us." Grandpa Dian decided to tell her since she was one of his family members right now.

"I used to write a lot of cultivation methods in the past. So, a lot of people want the method." Great-Grandpa Dian showed one of the books to Yu Qi.

Yu Qi took a look at the book. It was an old Chinese book. She seemed to recognize the book. She had read the book before in the library inside her space.

Well, she could not say that. It would arise the suspicion. She did not want many people to know about her space right now.

"So, about your spiritual animals, where do you put them?" Grandpa Dian asked.

'Master, please give the authority to me to give Aoi and Shino out.' Bo Ya suddenly spoke.

'If I bring them out, they will know and ask about the space.' Yu Qi said.

'They will think that you just have an invisible storage.' Bo Ya said. 'Do you wear some accessories?' Bo Ya asked again.

'Yeah. The ring that Brother Hui has given me.' Yu Qi automatically remembered her Brother Hui.

'Great. Just pretend that the ring is the storage ring.' Bo Ya said. He was confident that it would be working.

"Then, I will call them out." Yu Qi said to everyone in the room.

She then called Aoi and Shino. Then a dog and ferret came out. Shino quickly climbed and rested on Yu Qi's shoulder and looked at everyone in wary.

"Having one spiritual animal is already rare but you have two here. Your power is very good." Great-Grandpa Dian praised Yu Qi as he looked at Aoi and Shino.

"The dog's name is Aoi and this ferret's name is Shino." Yu Qi told their names.

"You have an invisible storage?" Grandpa Dian asked in shock.

"Yeah." Yu Qi nodded.

"I see. No wonder." Grandpa Dian calmed down.

He was shocked and excited to see someone possess the invisible storage. It was unusual to see someone had one. Invisible storage could not be stolen but if a person used the invisible storage, that person would be a target. Because the invisible storage could be stolen if the person dead.

"But please be careful. Because of the storage, you may get killed." Dian Ling Shi said. He could not help but worry about the girl.

"Don't worry. I will be careful." Yu Qi just accepted the advice.

"Then, let's talk about your fiance." Grandpa Dian suddenly changed the topic.

"Do you have a fiance, Yu Qi?" Great-Grandpa Dian did not know about this.

"Yes." Yu Qi nodded.

"Did you choose him yourself or the adopted family has forced you to be his fiancée?" Grandpa Dian asked seriously.

"I love my fiance. My adopted family does not force me to do anything. They let me decide how to live my life." Yu Qi shook her head, denying the accusation.

"I see..." Grandpa Dian was relieved.

"Then, who are your fiance and his background?" Great-Grandpa Dian asked more.

Yu Qi ended up telling every single thing about Long Hui. Grandpa Dian seemed to know Long Hui. It was probably because Long Hui was a famous person. He was the future General of Binhai Nation, after all.

"Great-grandfather, have you met my grandfather?" Yu Qi asked.

"Hmm... during your sleep, we had a conversation." Great-Grandpa Dian nodded.

He went to talk to the man who got married to his daughter. They talked a lot together. Even though he was sad but he was happy that his daughter had led a happy life before her death.

Yu Qi went out after finishing talking with them. Outside the room, she was hugged by Dian Qi Qi.

"What's wrong?" Yu Qi asked.

"Sister Yu Qi, are you okay? You are not beaten up by them, right? If you are hurt, tell me. I will fight with them." Dian Qi Qi.

"Ha ha ha... Qi Qi, you always succeed in making me laugh." Besides Dian Qi Qi, Dian Ren Qin was also here. "Grandpa will hear it and discipline you."

Dian Qi Qi looked behind Yu Qi. She saw her grandfather was still talking inside.

"Shut up." Dian Qi Qi pouted and pulling Yu Qi from the place.

"Sister Yu Qi, I still can not believe that you are my family." Dian Qi Qi said.

"What? Don't you like it?" Yu Qi asked.

"Of course not. I like it so much." Dian Qi Qi smiled.
