Chapter 941 - 941: Candle Light Dinner.

They skated around. Yu Qi managed to skate alone. She was a fast learner. After Long Hui's coached her, she did it. She eventually could be compared with Long Hui.

Everyone on the ice skating ground took a look at the couple. They managed to do some excellent moves.

One of the onlookers was a coach in ice skating. He approached them and told them that he wanted to invite them to be ice skate athletes.

"Both of you are so talented in this. I hope you can consider my offer." The coach said..

"I am sorry. We don't have any intention to switch our career." Yu Qi said.

"May I know what is your career?" The coach asked. He could see that both of them looked young.

"I am a doctor and he is a soldier." Yu Qi said.

The coach was surprised to hear about their career. He thought that they were the artists in the entertainment world since they had good looking faces and nice bodies to begin with.

But a doctor and a soldier, both careers were promising careers. He would not say anything to force them to change their careers.

"It is unfortunate. You are very talented." The coach said disappointed.

After that, the coach left them.

Yu Qi chuckled. " Never thought we will be offered to be an ice skate athlete."

"I don't want you to be that." Long Hui said.

"Why?" Yu Qi asked.

"Since the clothes for this sport are a little bit...." Long Hui could not find a suitable word.

"Okay... okay... I understand. I will not let you produce the vinegar." Yu Qi laughed.

The clothes for ice skate sport for a woman were a little bit unrevealed. With Long Hui's producing the vinegar, he would never like that.

"You look very cool in the doctor's white coat." Long Hui said.

"I know. You are very handsome in your soldier uniform as well. It makes my heart beat widely." Yu Qi also praised Long Hui.

Of course, she also did not like Long Hui to get so much attention. She disliked the thought when many women looked at Long Hui.

After playing on the ice skate for another one hour, the couple left the place. The clock showed 7 pm already.

"It is already 7 pm." Long Hui said. "Want to have dinner?"

"Yeah. Let's go. But because of that, we need to change our clothes since the restaurant requires formal clothes." Yu Qi said.

So, they went back to the hotel and changed their clothes. Yu Qi was dressed in the white off-shoulder gown. There was a cut section on her left side from her thigh to her ankle that showed off her white pearl leg.

As for Long Hui, he wore a white tuxedo suit. The suit was purchased by Yu Qi while window shopping. When she looked at the suit, she immediately imagined Long Hui wearing the suit.

The imagination became reality when she saw Long Hui right now.

"It is worth it. You look so nice." Yu Qi praised with some lights on her eyes.

Long Hui also observed Yu Qi from the top to bottom. He felt satisfied to have this woman as his life partner.

"You too look fantastic. I wish to take you to the bed right now." Long Hui narrowed his eyes.

Yu Qi gulped. "No... No... No... We are going to the dinner right now."

Long Hui laughed. "Okay... Okay... I will wait after dinner." 'After that, you can not run away.'

Yu Qi seemed to know what Long Hui thought. However, she ignored it. They went to the restaurant which Yu Qi had already booked for their dinner.

They entered the restaurant. Yu Qi told the waiter that she had made the reservation. Upon hearing the name, the waiter led the couple to their reserved area.

It was a top area of the building where they could see 360 degrees of the scene of FINN City. The waiter showed them their table.

After sitting, the waiter lifted up the candles on the table. The candles made the place brighter and romantic.

"I will prepare for your food. Please wait for a moment." The waiter said and left the couple alone.

"You really put some much effort into this date." Long Hui said.

"Of course." Yu Qi said proudly.

Not long after that, the waiters came with the food.

"Today's menu is Tuscan Ribeye and chicken pasta with white creamy sauce. We will serve Browned Butter Almond Torte with Browned Butter Glaze and Sweetheart Sorbet Champagne Floats as your dessert later." The waiter explained about the menu.

"Thank you." Yu Qi said.

"Welcome, Miss." The waiter said.

"Before that, can you help me?" Yu Qi asked.

"Yes, Miss?" The waiter looked at Yu Qi.

"Can you take our picture?" Yu Qi handed her phone to the waiter.

The waiter took the phone. "As your wish, Miss."

So, the waiter took several photos of them. After being satisfied with the photos, Yu Qi thanked the waiter.

"If you finish your meal or need anything, please press the button here, we will come and serve you."
The waiter said before leaving.

"Thank you." Yu Qi smiled.

The waiters left. On their way, they had some time to talk.

"The woman is so beautiful. The man is lucky to have such a beautiful woman with him."

"That man is also good looking. Are they from the entertainment world?"

"I don't think so. If someone with that look becomes an artist, I will remember them."

Chapter 942 - 942: Successful Date

"You have really prepared this date thoroughly." Long Hui commented.

"Of course. I want? the best for our date." Yu Qi lifted her glass that contained red wine.

She ordered the 2009 Chateau Lafite Rothschild 'Carruades de Lafite' as the drink for their candlelight dinner. She knew that Long Hui would not be angry at her if she drink some tonight.

"Brother Hui, cheers." Yu Qi said.

Long Hui chuckled. He also lifted up his glass and tasted some.. Seeing his beloved Qi Qi seemed to enjoy drinking the red wine, he looked and said something.

"Don't drink too much. Eat dinner first." Long Hui said.

"Okay...." Yu Qi smiled.

Then, they started to eat the meal. It was indeed delicious. No wonder many customers came to this restaurant. After finishing the main course, they called the waiter to serve them the dessert.

The dessert came onto the table. Like other women, Yu Qi also like to eat dessert. When she saw Long Hui did not eat the dessert, she took a spoon of the dessert and wanted to feed Long Hui.

"Eat." Yu Qi acted like a domineering CEO who forced someone to eat.

"Are you sure you want me to eat it?" Long Hui narrowed his eyes.

Yu Qi gulped. 'That look is like a predator is eyeing his prey. Am I stepping into the trap? Well, not like I will get released from that trap. Let's go on!'

"Eat." Yu Qi moved the spoon again signalling Long Hui to eat.

"Sure." Long Hui opened his mouth to eat the dessert.

Once the dessert touched her bud tongue, the sweet flavour separated along his mouth. Well, not like he hate the flavour, but still the sweet taste was sickening.

"I know you dislike the sweet thing. I just want to prank you." Yu Qi laughed when seeing Long Hui's reaction. Then she added. "Don't worry. When we are in the space, I will make some dessert that will not so sweet for you."

"Even so, I will never let you go for tonight." Long Hui made a naughty remark.

Yu Qi coughed. 'This man... But somehow he looks fabulous tonight. I want to push him down.' Even she was shocked with her thoughts. When she was thinking about him, it was automatically turned to that direction.

Yu Qi clicked the button to call the waiter. The waiter came and asked what Yu Qi needed.

"Turn on the music. I want to dance with my partner." Yu Qi requested.

Not long after that, the music was on. Yu Qi stood up and went to Long Hui. She handed out her hand.

"May I have a dance with you?" Yu Qi asked with a smile.

"Sure, it is my pleasure." Long Hui reached out Yu Qi's hand.

So, they were dancing accompanied by the music and the night sky.

"Is it necessary for us to dance?" Long Hui asked while dancing.

"After eating, we need to exercise." Yu Qi said.

"Oh, really?" Long Hui's eyebrows lifted. Then, he leaned over to Yu Qi's ear and whispered something.

"We can exercise later on the bed..." He kissed Yu Qi's ear too.

It was the sensitive place for Yu Qi. Her ears turned red. She hid her face on Long Hui's chest. She heard that Long Hui was laughing.

Even so, they were dancing until the music came to complete stop. They sat again. Yu Qi drank the red wine again. She was feeling happy today.

"Do you like today's date?" Yu Qi asked Long Hui.

"Yeah." Long Hui nodded. Of course he liked it. Doing something with his beloved Qi Qi was very good.

"Even something out of nowhere disturbs us, but I can say that today's date is a complete success since you like it." Yu Qi smiled in satisfaction.

Long Hui was just smiling. He liked it not because of the plan but because of her.

"The date is not over yet. It will be continued when? we are back to our hotel room." With the look in Long Hui's eyes, he openly seduced Yu Qi.

....

Yu Qi woke up from her sleep. She felt her back was touching something. And there was a hand around her waist. She then remembered that she had spent her night with Long Hui. n)-O--v--E)/l.(b.-1-(n

Of course, after the candle light dinner, as soon as they entered her room in her space, Long Hui quickly made his attack. As Long Hui said before, they did a lot of exercises.

After a few rounds, she fainted. She looked down at her body. She was wearing a pajama, meaning Long Hui already cleaned her up. He always did it after she fainted.

She was feeling a little bit embarrassing when she thought Long Hui was cleaning her body even though they were already together for many times.

She turned around and facing Long Hui. Long Hui's eyebrows were frowning when Yu Qi moved just now. She caressed the eyebrows until they turned normal again.

She was staring at Long Hui for the next 15 minutes until Long Hui woke up. Feeling embarrassed when she thought Long Hui might catch her staring at him, she closed her eyes.

Then she heard the chuckle sound. Of course, it came from Long Hui.

"Why don't you continue staring at me? I don't mind." Long Hui said after chuckling.

Yu Qi slowly opened her eyes. "How did you know?"

"How can I not know since your hot glaze staring straight at me?" Long Hui touched Yu Qi's nose. "Have you forgotten that I am a soldier? I am sensitive to my surrounding."

"Okay... okay... Let's get up." Yu Qi threw the embarrassing moment aside and suggested them to get up.

Chapter 943 - 943: Big Brother Want To Get Engaged

"I want to sleep more." Long Hui sighed.

"It is already 5 am in the outside world. I need to go to work today and you also need to return to Shiwa Town." Yu Qi reminded Long Hui.

"Okay.... okay... I will get up.. Then, let's clean up together." Long Hui lifted up his eyebrows several times.

"No!" Yu Qi rejected it firmly. If she accepted that, she might not able to go to work today.

.....

"Oh, someone has just returned home this morning." Tang Jin Wei teased Yu Qi at the dining table.

Yu Qi rolled her eyes. She indeed returned home in the morning. It was 6 am. Grandpa Hang was surprised to see Yu Qi at the front door but he was just smiling without asking any question.

She was grateful to Grandpa Hang since he did not ask any questions but her brother, Tang Jin Wei did have a loose mouth.

"Shut up. It is not your first time spend the night outside. Not like you don't spend the night outside before." Ming Yue shot Tang Jin Wei on the spot.

Tang Jin Wei was aggrieved when he heard the words from his mother. Yu Qi was chuckled while sticking out her tongue at Tang Jin Wei. Tang Jin Wei rolled his eyes back to Yu Qi.

Then, Tang Han Lee came to the dining room. He took a seat beside Yu Qi.

"Morning, Big Brother." Yu Qi greeted her brother.

"Hmm... Good morning." Tang Han Lee replied.

He then greeted others in the room. "Mom, Dad, I have something to tell you."

So, all of the eyes looked at Tang Han Lee.

"What is it?" Tang Jung Wen asked. It was unusual for his oldest son to speak like this with them.

"As you know, I have a girlfriend. So, I would like to get engaged with her." Tang Han Lee announced the matter.

Yu Qi was surprised. She remembered that her brother's girlfriend was her friend, Ding Na An. She was currently working as a resident doctor for ophthalmology at Ophthalmology Specialist Centre in the neighbouring city.

She did contact her friends sometimes to ask for their news. She called Ding Na An three days ago. However, Ding Na An did not mention this.

Ming Yue's eyes lifted up as soon as she heard about the matter. It was the happiest news that she had been heard.

"Really?" She asked.

"Yeah. I am not joking about this." Tang Han Lee said.

"Good. Good." Ming Yue nodded while feeling happy.

"I just want to inform you about the matter. We will discuss this further." Tang Han Lee stated.

"Okay... okay..." Ming Yue did not care much about his attitude.

She had been worried about her sons' lives. Both of them should already get married. But none of them did. Her oldest son did not pay much attention to the women. On the other hand, her youngest son flirted with the women too much.

Both of them made her worried so much about them. However, after Yu Qi joined the family, things started to change. His oldest son got his girlfriend and her youngest son stuck to one girl.

And today, her oldest son told them that he wanted to step forward on the relationship with the girl. It was indeed great news for her.

In the past, she even suspected that her oldest son was gay. Remembering the matter made her laugh.

"So, what about you?" Ming Yue turned to Tang Jin Wei.

"Huh?" Tang Jin Wei who had been quietly eating his breakfast was dumbfounded by his mother's question.

"Don't 'huh' me. When do you want to get married to your girlfriend?" Ming Yue asked.

"I want to enjoy our relationship first." Tang Jin Wei said.

"Tsk." Ming Yue clicked her tongue at Tang Jin Wei.

Tang Jin Wei was speechless. 'Why is my mother acting like this to me?' Just because his brother wanted to get engaged, she acted like this to him. He wanted to cry.

.....

Ding Na An told her mother about the matter that she wanted to get engaged with Tang Han Lee first. She did not want to get married right away since she had just started her career.

Her mother, Ding Qian Qin was happy to hear that. She was happy that after the incident Ding Na An could accept love from a man in her life.

Ding Qian Qin was afraid that her divorce from Ding Na An's father, Yi Lan made her daughter stayed away from the men like her first daughter, Ding Guan Ye who was currently working as a soldier.

Ding Guan Ye swore that she would never get married in this life. She was traumatised by what her father, Yi Lan, did to their family. To be worse, the mistress-became-wife came and insulted her mother and forced them to move away from the hometown while her so-called father just sat and did nothing to stop that woman.

Even her paternal grandparent ignored them because of their mother's family background. They wanted to get rich as soon as possible. So, they supported their son.

Because of that, Ding Guan Ye and Ding Na An changed their surname from Yi to Ding. They needed to move out to another city to begin a new life.

Of course, it was difficult. A single mother wanted to feed her two young daughters. However, she persevered. Now, she was happy to see her daughters being successful in their own careers.

Chapter 944 - 944: Meeting With Ding Na An's Family

Ding Qian Qin told Ding Na An to do what she wanted in her life. However, she was just afraid that the other family would look down on her daughter since they were a broken family.

Ding Na An assured that her boyfriend's family would never look down on her. She told her mother that they were a kind family who had adopted a girl into their family and treated the girl very nicely that made the girl felt that it was their biological family.

Ding Qian Qin knew about whom Ding Na An had mentioned. She had met the girl before. Yu Qi, her daughter's friend was the adopted sister of her daughter's boyfriend.

Ding Na An told her mother that Tang Family would come to meet with her mother to discuss the engagement.

....

It was the weekend. The time had come for Tang Family to meet with Ding Na An's family. Ding Na An and her mother lived in the neighbour city for two hours of driving.

Yu Qi wanted to follow them too but her work did not allow her. It was the same for Tang Jin Wei. Tang Jung Wen, Ming Yue and Su Xiao were going to meet the Ding Family.

To be surprised, Grandpa Tang also wanted to follow them. Ming Yue called him and told him that Tang Han Lee had already found his life partner. And they were going to meet the family.

On the next day, Grandpa Tang appeared in front of the house with Pei Xian. He told them that he as Tang Han Lee's grandfather, he wanted to be a part of the event.

Event? Of course, it was an event. The eldest grandson of Tang Jiang Man would be going to end his single life. It was good.

On the day, they went with two vehicles. One was Tang Han Lee's and another one was Tang Jung Wen. Tang Jung Wen was together with Ming Yue while others were in Tang Han Lee's car.

Before leaving, Tang Jin Wei asked why did Su Xiao did not get in Tang Jung Wen's car. Su Xiao said in the laugh that she did not want to eat the dog food.

They laughed when hearing the answer. Tang Jung Wen faked cough while Ming Yue just gave a faint smile.

....

"Na An, is everything okay?" Ding Qian Qin asked her daughter.

"Yes, mum... Don't worry. Everything is okay." Ding Na An answered.

Ding Qian Qin was worried about their preparation to welcome Tang Family. Of course, she would be worried. It was Tang Family. A family that had power in the medical world.

Not to mention that the legendary Doctor, himself was coming to their humble house. She was worried. What if when they came to their house and looked at them, they would disagree to let her daughter be together with Tang Han Lee? Her daughter would be sad.

"Mum, everything will be okay. Don't worry too much." Ding Na An tried to calm down her mother.

"But..." Ding Qian Qin sighed.

"Mum will not stop worrying." Ding Guan Ye came from her room.

She took a day leave for today. She wanted to be her younger sister's support. Actually, she did not believe that her younger sister would fall in love with someone.

She thought that her younger sister would be the same as her. She did not believe in men after witnessing her mother had been betrayed by a man.

However, if her younger sister had already made the decision, she would not stop her. She would support her too.

Ding Na An's phone was ringing. It displayed Tang Han Lee's name. She answered the call.

Tang Han Lee told her that they would arrive soon. Probably in 15 minutes. He wanted to inform her to make sure that she and her family did not get surprised too much about their arrival.

"They will arrive in 15 minutes." Ding Na An informed her mother and sister.

Ding Qian Qin became more unsettled. She began to walk around.

"Mum, calm down." Ding Guan Ye chuckled when seeing her mother like that.

"I know. But I can't." Ding Qian Qin said.

"Everything will be okay." Ding Guan Ye said.

"They are here." Ding Na An announced.

Ding Qian Qin just sat, stood up. She wanted to welcome them.

Outside the house, she saw two women came out of the different cars. Even though the women seemed to dress normally, Ding Qian Qin knew that it was an expensive outfit.

She also could see the women took care of their skin very well. Unlike her, she sighed.

"Na An, long time no see." Ming Yue grabbed Ding Na An's hands. It had been a long time since she met her future daughter in law.

"Welcome to my humble house, everyone." Ding Qian Qi said.

Ming Yue looked at the woman behind her future daughter in law. 'This might be her mother.' That was what she thought when seeing the woman.

"You must be Na An's mother." Ming Yue greeted Ding Qian Qi very friendly.

"Yes. Oh, please... Come in." Ding Qian Qi invited them to enter her house.

Everyone entered the house and sat in the living room.

"Sorry... My house is not big enough." Ding Qian Qi said.

"No... No... No... It is good to have the house." Ming Yue said.

Ming Yue meant it. Before she got married into Tang Family, she was nothing. She was despised by others.

Chapter 945 - 945: Faint

"Oh, let me introduce myself and others first." Ming Yue said.

"My name is Ming Yue, Tang Han Lee's mother. This is my husband, Tang Jung Wen and Tang Han Lee's grandfather, Tang Jiang Man, and my sister in law, Su Xiao."

Ming Yue introduced everyone on her side.

"I am Ding Na An's mother, Ding Qian Qin and this is Ding Guan Ye, Ding Na An's sister." Ding Qian Qin said normally without nervous.

Ding Guan Ye looked at her mother with a surprised look. She thought that her mother would stumble in her words.

"We come here to meet your family and get to know each other.." Tang Jiang Man made the conversation. "Our family does not care much about the background. Just enough if the girl is good and Han Lee loves the girl."

Ding Na An smiled faintly with a blush on both of her cheeks. Tang Han Lee coughed several times.

"That's right. I just hope that my son is happy." Ming Yue added.

"It is the same as mine. I am a divorcee. But I don't want my daughters to be on the same path as mine. I hope that they can be together with their partners until the end." Ding Qian Qin said.

"Auntie, don't worry. I will be faithful to Na An." Tang Han Lee interrupted the conversation while looking straight at Ding Na An.

"Yeah. If he cheats on you, don't hesitate to tell us. I will disown him." Ming Yue said to Ding Na An.

"Thank you, auntie." Ding Na An said with a shy smile.

"Don't call me auntie anymore. Call me mum." Ming Yue said. She was excited to receive a daughter in law.

"Since it is the case, let's decide the date that they want to get engaged." Grandpa Tang said.

.....

Su Xiao spent their time in the garden. She was trimming the plant that she grew. It had already produced beautiful flowers. She was really excited.

However when thinking about her son, she sighed. She admitted that her son was a weird one. But he was a good doctor whom many people respected. It made her feel proud.

Suddenly she became dizzy. Her vision became blurry. She held her head with one hand while the other tried to grab something to support her body.

However, the dizziness became something that she could not handle anymore. Eventually, she fainted at that spot.

One maid came to inform Su Xiao of something but she found her, lying unconscious on the ground. The maid was shocked. She screamed for help. Grandpa Hang who was nearby came to see the situation.

Grandpa Hang was surprised but he could not panic. He asked the maid to call the ambulance and informed Ming Yue about this.

The maid went to call the ambulance and after that, she informed Ming Yue. Ming Yue put everything away and rushed to the scene.

"What is happening here?" Ming Yue arrived at the scene and saw that Su Xiao was unconscious.

"I have checked her condition and found nothing. But I don't dare to lift her up because I am afraid that the wound is invisible." Grandpa Hang informed the situation.

"Have you called the ambulance?" Ming Yue asked.

"Yes." Grandpa Hang nodded.

Ming Yue went to the pipe and took some water. She wiped Su Xiao's face with the water.

Feeling something on her face, Su Xiao slowly opened her eyes.

"Ming Yue, what..." Su Xiao felt very weak.

"You fainted. We are going to the hospital. Can you stand up?" Ming Yue asked.

Su Xiao tried to stand up but failed. She did not know why her body felt so weak.

"Then, we need to wait for the ambulance to come." Ming Yue said to Su Xiao. Then she turned to Grandpa Hang. "Have they not arrived yet?"

"I will go and see." Grandpa Hang went away.

"What are you doing just now?" Ming Yue said to Su Xiao.

"I was trimming the flowers and felt dizzy at some point." Su Xiao explained.

Ming Yue was silent after hearing Su Xiao's explanation.

"Ming Yue, what do you think will happen to me?" Su Xiao asked in a tone of panic.

"Nothing will happen to you. We are going to the hospital. I believe that our family can handle it." Ming Yue said to assure Su Xiao.

Not long after that the ambulance arrived and took Su Xiao. Ming Yue also followed them. After 15 minutes of driving, they arrived at the Tang Private Hospital.

Su Xiao had been checked by the doctor. She had been asked a few questions by the doctor such as 'What do you feeling right now?' , 'Have you been feeling dizzy for some time?'

Su Xiao mentioned to the doctor that she indeed felt dizzy sometimes but it was nothing compared to today.

The doctor nodded. She then asked Su Xiao sensitive questions like, 'when was the last time you having sex with your husband.'

Su Xiao answered it. She was a little bit embarrassed hearing the question from the doctor. But the doctor probably asked with the purpose.

Meanwhile, Ming Yue went to the counter.

"Can I know where is doctor Tang Jang Qin right now?" Ming Yue asked.

"Doctor Tang Jang Qin? Oh, you have an appointment with him?" The nurse asked.

"No. I like to inform him that his wife is here." Ming Yue asked.

"Oh, you are Doctor Tang Jang Qin's wife." The nurse was surprised.

"Yue er, what are you doing here?"

Ming Yue knew the voice. She went straight into her husband's arm. The nurse became more shocked. 'That woman just called herself 'Doctor Tang Jang Qin's wife' but now hugged Doctor Tang Jung Wen.'

"Husband, Su Xiao has fainted. The doctor is currently checking on her." Ming Yue informed her husband.

"What?" Tang Jung Wen was shocked.

"You call Tang Jang Qin's right now, tell him that his wife is here." Tang Jung Wen ordered the nurse.

The nurse nodded.

Chapter 946 - 946: Confirm Something

The nurse called Tang Jang Qin's office. Fortunately, Tang Jang Qin had just finished his session with his patient and was quite free at the moment.

When he got the call, he expected that there was another patient. Then after hearing that his wife was here and had been checked by the doctor, he rushed to the scene.

"Brother, Sister in Law, where is Su Xiao?" Tang Jang Qin asked in a panic.

Ming Yue informed him. He entered the doctor room..

The nurse was dumbfounded by this. She asked the senior nurse about this.

"That woman is Doctor Tang Jung Wen's Wife." The senior nurse pointed to Ming Yue. "Another woman who has being admitted is probably Doctor Tang Jang Qin's wife." She added.

The nurse nodded understanding about this. She was a new nurse. So, she had never met with both of the women.

The doctor who checked Su Xiao was surprised to see Tang Jang Qin banged in into her room.

"Su Xiao!" Tang Jang Qin called his wife.

"Qin?" Su Xiao was surprised to see her husband here.

"Jang Qin, what are you doing here?" The doctor asked.

"She is my wife." Tang Jang Qin said.

The doctor was surprised. When he looked at Su Xiao's face, he somehow called who the woman was. She was indeed Tang Jang Qin's wife.

"What happens to my wife?" Tang Jang Qin asked.

"Well, I think you should go to the gynaecology department to be sure." The doctor said.

"For what?" Tang Jang Qin was dumbfounded by this.

"Well, I suspect that your wife is pregnant." The doctor dropped a bomb.

"What????!!!"

Both Tang Jang Qin and Su Xiao were shocked. Tang Jang Qin quickly grabbed his wife's wrist and took her pulse. He was Tang Jiang Man's son. So, he knew how to read the pulse.

Tang Jang Qin's eyes lifted up. From his reading, the pulse indeed showed that his wife was pregnant.

"This..." Tang Jang Qin could not understand how to react.

"I suggest that you go and check with the gynaecology department to confirm it." The doctor said it again.

"Okay. Thank you, Ning Jia." Tang Jang Qin thanked his friend.

They came out of the doctor's room. Tang Jung Wen and Ming Yue were still waiting outside.

"What's the matter?" Ming Yue asked.? She was worried sick.

"We need to go to the gynaecology department to confirm something." Tang Jang Qin answered on Su Xiao's behalf.

.....

Not long after that, the news where Tang Doctor's wives came to the hospital spread. Yu Qi just came out of the surgery theatre also heard about it.

She then asked one of the nurses. The nurse said one of them was checked by the doctor. Yu Qi became more shocked by the news.

Since Tang Qin Hao's office was nearby, she went to inform Tang Qin Hao about it. Even though Tang Qin Hao was indifferent about anything else, he did feel that family was important to him.

They ran straight to the gynaecology department. On the way, they met with Tang Han Lee and Tang Jin Wei as well. Then, they saw Tang Jung Wen and Ming Yue.

"Dad, mum, what happen?" Tang Jin Wei asked.

"Auntie Ming Yue." Yu Qi went to Ming Yue's side.

"Your Auntie Su Xiao fainted at her flower garden." Ming Yue told them.

Tang Qin Hao flinched as he heard about this.

"So, what are they doing here?" Tang Jin Wei looked at the sign gynaecology department.

"Well..." Ming Yue did not have time to answer since Tang Jang Qin and Su Xiao came out.

Yu Qi: "Auntie."

Tang Jin Wei: "Auntie"

Tang Qin Hao: "Mum."

"Everyone is here." Tang Jang Qin was surprised to see all of their family members here.

"What happens?" Yu Qi asked.

"Well..." Su Xiao seemed to be hesitant to say it. *noVe(lb-1n*

"Su Xiao is pregnant.

"What!?"

"What?!?"

"What!?"

"What?!?"

"What!?"

"What?!?"

All of them were having the same reaction. When they arrived at the gynaecology department, they just suspected that Su Xiao was probably having a problem with her reproductive system. They did not expect to hear that she was pregnant.

"Congratulations, Auntie." Tang Jin Wei said.

"But is it okay for her to be pregnant at this age?" Ming Yue asked.

Su Xiao was already 45 years old. It was not an ideal age to get pregnant. There were a lot of complications when being pregnant at such an age.

"The baby is already 3 months old. It is not wise to do an abortion. It would lead the worse case to Su Xiao's body. So, we have decided to keep it." Tang Jang Qin explained.

"I see." Tang Jung Wen nodded.

"Indeed, the abortion can affect Auntie's body." Tang Han Lee said.

Everyone was a doctor here except Ming Yue and Su Xiao. They knew about the danger of abortion.

"We just need to take care of Auntie Su Xiao properly. It will be good for her." Yu Qi added.

"And we are getting a new cousin. And you, Qin Hao, will have a new sibling." Tang Jin Wei said laughing.

Tang Qin Hao approached his mother. "Mum." In his eyes, he was a little worried about her.

"Don't worry. I will take care of my body." Su Xiao assured Tang Qin Hao.

"Oh, we need to inform Father in law about this. He must be happy too about the news." Ming Yue said.

"Hey, don't you have work?" Su Xiao reminded them all.

They were silent.

"I forget that I have an incoming patient later. I need to go now." Tang Jin Wei sprinted over.

"Oh, I also have to check on the patient." Yu Qi said. She also ran away.

The family laughed at the scene.

Chapter 947 - 947: Steal Her Man

Grandpa Tang returned to the Main Residence after hearing that his daughter in law was pregnant. He brought all the herbs that he had been growing together with him.

It seemed that he had decided to stay over for a long time. Pei Xian and Hang Chu Xiao also followed him.

He decided to stay over because he wanted to take care of his pregnant daughter in law.

"I will stay to take care of her. You can go to work without feeling worried." Grandpa Tang said.

It was very good for Su Xiao for having Grandpa Tang take care of her. Everyone could be relieved when they went to work without feeling worried about Su Xiao.

Yu Qi informed Long Hui about the happy news. Yu Qi also asked when Long Hui would have an off day.

She wanted to go to the pottery place to go and take the pottery that they made last time. So, they made the appointment on the next month.

.....

The preparation of the engagement party had been made. To make it easier for Ding Family, the engagement party would be held in the city where Ding Family lived.

Ming Yue helped with the preparations. She booked a hall at a 5 stars Hotel there. Ding Qian Qin wanted to reject to make the party bigger.

But Ming Yue insisted.? She wanted to show to the people that she would have a good daughter in law.

She had sent the invitation cards to the people. She told Ding Qian Qin to invite people from her side too. Ding Qian Qin was feeling troubled since she did not know many people.

Everyone that she knew in the past had cut their ties as soon as she had divorced. She only had a few friends here. They did not mind having a divorcee as their friends while others were looked at her like she was a dirty thing.

The news somehow traveled to the Yi Family's ear. Yi Su Lan heard about the engagement party. He did not know that his daughter would be able to catch such a good man.

At this moment, he felt that his daughter would be useful for him. His company had currently developed some device for the medical world. It would be honor to get the support from Tang Private Hospital. He was thinking of some plans.

While Yi Su Lan was quite happy with this, his daughter was not. Yi Ren Shiang broke everything in her room when she got the news that Tang Han Lee was getting engaged. Not to just anyone but the person whom she hated the most.

"DING NA AN!!!" Yi Ren Shiang screamed like a crazy person. "How can a person like you get to be with my idol?"

Her mother, Yi Dangjin heard the scream and quickly ran over to her daughter's room. She opened the room and saw the mess that her daughter had just made.

"My dear, what are you doing?" Yi Dangjin asked in shock.

"Mum, that bitch took my man." Yi Ren Shiang screamed and cried at the same times.

"What?" Because of the cry, Yi Dangjin could not catch her words.

"I said that the bitch stole my man." Yi Ren Shiang said once again.

"Who?" Yi Dangjin asked.

"Ding Na An!!!" Yi Ren Shiang punched her pillow. She was imagining that she was punching Ding Na An.

Yi Dangjin's eyes went bigger since she heard the word, 'Ding'. "You mean that 'Ding' bitch?"

"Hell, yeah. Ding Na An had stolen my man, Mum. How could I process this?" Yi Ren Shiang cried again.

'Ding Na An, it must be that bitch's daughter.' The bitch whom she thought was Ding Qian Qin, her husband's ex-wife. She had never heard about her again after that bitch had been chased out from her hometown.

Now, that bitch's daughter dare to steal her daughter's man. How dare she!!!

"My dear, don't get so angry about this. You need to think the plan to take back your man from that little bitch." Yeah, since her mother was the bitch, Yi Dangjin thought that it was the correct way to call that girl, little bitch.

"I can get your father to be mine. You will get your man back. So, please don't be like this and get hurt." Yi Dangjin patted her daughter's head.

"But, Mum, what should I do? They are about to get engaged." Yi Ren Shiang calmed down a little bit.

"They are just getting engaged. Not like they are married yet. If they are already married, so what about it? You just need to take it back by force." Yi Dangjin encouraged Yi Ren Shiang to be positive.

She was not lying. She got today's place just because she was persistent on making Yi Su Lan hers. To her advantage, she had a good backing unlike Ding Qian Qin.

Right now, her daughter had the same advantage. She was sure that the man whom her daughter fancied would be happy to receive the girl who was suitable for him. Unlike a daughter that just came from a single mother, not to mention a divorcee.

Yi Dangjin did not know who was the man that her daughter fancied was. She just made the assumption that the man was a normal man that came from an average family.

"So, tell me who is the man?" Yi Dangjin asked.

"Tang Han Lee. He is a doctor." Yi Ren Shiang said shyly.

Chapter 948 - 948: Uninvited Guest

Yi Ren Shiang remembered the first time she met with Tang Han Lee. She was about to fall on the ground at the shopping mall. Suddenly someone pulled and protected her from the fall and saved her from being embarrassed there.

When she looked up, she saw a handsome man. She immediately fell in love with the man who saved her. When she investigated more about the doctor, she found out that he was a doctor at Tang Private Hospital.

"Oh, his name is Tang Han Lee... A doctor... What a promising career! What? Tang Han Lee? Where does he come from?" Yi Danjin seemed to remember something..

"FINN City." Yi Ren Shiang said.

"What? Is it Tang Family who is famous in the medical world?" Yi Dangjin grabbed her daughter's shoulders.

"I think so. All men in the family are indeed doctors." Yi Ren Shiang thought about it.

Yi Dangjin's eyes were gleaming as she confirmed the identity of the man. He was very indeed suitable for her daughter. As for the engagement, he was just getting engaged, not like he had married. Well, even if he was married, so what? She could snatch Ding Qian Qin's husband. In the end, she won the game.

....

The guests came into the hall which was being used for the engagement party. Tang Jung Wen and Ming Yue as well as Ding Qian Qin greeted the guests at the entrance.

The guests consisted of Tang Han Lee's friends, his colleagues, Tang Family's friends, and Ding Na An's friends. Yun Xiao, Song Ha Ting, So Pang Lim and Mei Lilli had also arrived in the engagement party.

"Tang Family sure has another good news this year."

"Tang Han Lee's partner is also a doctor."

"I heard that she comes from a broken family. A single mother who has raised the two daughters."

"Eldest Young Master Tang should search for a better woman."

"My daughter is a lot better."

The group of women discussed among themselves.

"What if she comes from a broken family? She is not one the fault here."

"Yeah. Tang Family does not have any requirement about the women who can enter the family. It is enough for her to be a good woman and being loved by my big brother."

The women who had been talking about Ding Na An were shocked. They saw two women behind them. They knew one of them, which was Yu Qi.

"If your daughter is better, why has my sister become his choice? Hmmph!!!" The one who had been saying this was Ding Guan Ye.

She was accompanying her sister's friends for some talk and heard the conversation among the women. Yeah, she was indeed angry. However, she did not want to make a scene here. It was one of the most important events in her sister's life. She did not want to ruin it.

"Miss Tang, please forgive us." A woman bowed and apologized to Yu Qi.

"I hope you will not talk about this anymore." Yu Qi narrowed her eyes while eyeing the group.

"Yeah. Thank you, Miss Tang."

The woman bowed and left the place.

"Hmph... It is the same as your engagement party... The women have also said that you are not suitable for Colonel Long." Song Ha Ting gritted her teeth. "Now they are speaking about Na An."

"They are talking like that to make themselves feel better." Yu Qi said.

Then, they heard some commotion at the entrance. They went there to see. A lot of people also came closer to see what had happened.

"Why can I not come here?" A middle-aged man questioned Ding Na An. "I am her father."

With that sentence, people came to know that he was Ding Na An's father. Beside him, there were a middle-aged woman and a young woman.

How could Ding Qian Qin forget about them? They came here probably wanted to ruin the party.

"Mr. Yi, your surname is different than my daughter's surname. But have you forgotten that you have already completely cut the ties with my daughters after the divorce?" Ding Qian Qin reminded him in front of others. She did not want her daughters to be tied with this man again.

Ding Guan Ye stepped beside her mother. She shielded her mother behind her. She looked sharply at the uninvited guests.

Yi Su Lan smiled as he saw Ding Guan Ye. "Ye-er, you are here too. Can you tell your mother that Father just wants to join the engagement party?"

"Father... Hmph! What a joke! You are not my father." Ding Guan Ye sneered at Yi Su Lan.

"Ye-er..." Yi Su Lan showed a pain expression.

"Ye-er, don't be like this. Your father is regretting the decision." The middle-aged woman beside Yi Su Lan talked. Of course, it was Yi Dangjin.

"If he is regretting the decision back then, why is the so-called mistress who has become the wife, present here?" Ding Guan Ye sneered at Yi Dangjin. She did not even filter her words.

With that sentence, Yi Dangjin became the attention of these people. Even Yi Ren Shiang received the same attention.

"The young woman beside her must be their daughter, right? It seems she looks like the same age as Eldest Young Master Tang's fiancée, right?"

"Hmph... That means he had been cheating on his wife back then..."

"I heard he abandoned his daughters for the sake of his mistress."

"Yi family also involves in the medical industries right?"

"Yeah, they were in the pharmacy."

"They probably want to extend their hands into Tang Family since his daughter is Eldest Young Master's fiancée."

"Shameless."

Chapter 949 - 949: The Heirloom

"No... It is not like that." Yi Dangjin wanted to correct their minds.

"No... my mother is not someone like that." Yi Ren Shiang also tried to talk.

Yi Ren Shiang did not want Tang Family to misunderstand her. She would be entering Tang Family soon or later. She needed to say something to improve her mother's image..

If Tang Family knew what had she been thinking, they would roll their eyes.

"Please leave now." Ming Yue started to talk.

"Wait... She is my daughter. I have the right to be here too." Yi Su Lan did not want to leave. How could he leave when many business opportunities were here?

"Don't embarrass yourself here. If you don't leave, I will call the security to bring you out." Tang Jung Wen did not want this to be extended longer.

"But..." Yi Su Lan wanted to say something.

"Security, come here and take these people out. Don't let them wander around." Ming Yue ordered the security, ignoring Yi Su Lan who was about to say something.

She was disgusted with them. She would never dissociate with the man who cheated on his wife and the woman who dared snatch someone's husband and feeling proud about that.

The security escorted the three of them outside. They did not want to leave but after being pulled by the security, they left.

"Are you okay, Mum?" Ding Guan Ye asked her mother.

"I am okay." Ding Qian Qin held her daughter's hand. She sighed. "How dare that man comes here?"

"Mum, let's forget about that man. Today is Na An's event. Don't let that shameless man ruin it." Ding Guan Ye smiled.

"You can bring your mother to rest inside. Most of the guests already arrived. The party will be starting soon." Ming Yue said to Ding Guan Ye.

"That's right." Tang Jung Wen also supported the idea.

Ding Guan Ye nodded and brought her mother inside.

After that, the party began. Tang Han Lee looked very handsome in his black tuxedo. Beside him was Ding Na An with a long red dress. The dress looked gorgeous on Ding Na An's body.

Ding Na An was the one who dislike to wear dress. So, once she put on the dress, her look totally different than before.

They smiled each other as they walked onto the stage. Others looked at the couple stunningly since both of them matched each other.

Grandpa Tang began to speak. He acknowledged Ding Na An as his grandson's fiancée. He was indeed satisfied with Tang Han Lee's choice. What to think about? The girl was the friend of his granddaughter, Yu Qi. So, she was good. Her granddaughter was really good to determine a person's character.

Tang Han Lee opened a case. He brought out something. They was gasped in shock. It was imperial jade bracelet. It was the heirloom of Tang Family.

The ancestor of Tang Family bought a imperial jade and crafted it to become the bracelet. The bracelet used to propose the woman that he loved.

Since it was 200 years old, the imperial jade bracelet price was magnificent. As it was hand down to Ming Yue on her wedding, it had not being seen for many years.

"This...?" Ding Na An looked at the imperial jade.

"Our family heirloom. It is passed down to the first daughter in law in Tang Family." Tang Han Lee put on the imperial jade bracelet on Ding Na An's wrist.

"Is it still early?" Ding Na An whispered.

"Nope. It is about time. With this, you can not run anymore." Tang Han Lee replied by whispering too.

Ding Na An blushed.

After that, they were getting down from the stage and entertained the guests who came and celebrated them. After greeting almost all of the guests, Ding Na An requested to go to their friends. Tang Han Lee nodded.

Ding Na An walked to her friends.

"Na An, congratulations." Song Ha Ting congratulated Ding Na An.

"Thank you." Ding Na An nodded and smiled.

"Congratulations and you look gorgeous today." Mei Lilli also said that.

"Congratulation Na An. You look indeed beautiful. Seeing this make me also...." So Pang Lim could not continue her sentence.

"Wanting to get a boyfriend too." Mei Lilli added.

"What? How do you know? Wait? How dare you steal my words?" So Pang Lim turned to Mei Lilli.

"Well, I can predict that." Mei Lilli smirked.

Everyone was laughing.

"So, how long before you get married?" Song Ha Ting asked.

"Probably in 6 months." Ding Na An assumed all of the factors on preparing the wedding.

"And, how about you, Yu Qi?" Mei Lilli asked.

"Eh, I also need to answer that question?" Yu Qi surprised.

"Of course, among our friends, only both of you had been engaged with someone." So Pang Lim nodded several times.

"Hmm... not sure yet. Brother Hui is busy doing his mission." Yu Qi said.

"Hey, are you guys free after this party?" So Pang Lim asked with gleaming eyes.

"Why?" Yu Qi asked.

"Let's go and hang out together. It has been so long since we meet each other." So Pang Lim suggested.

"You just want to drink right?" Mei Lilli hit So Pang Lim's forehead.

"Ouch. That's hurt." So Pang Lim wiped her forehead. "It is once a while."

"Okay... okay... Guys?" Mei Lilli looked at her other friends.

"On!!!"

Everyone was deciding to follow So Pang Lim's suggestion.

Chapter 950 - 950: What? He Already Fainted?

"Here?" Yu Qi looked at the signboard of the nightclub where they had decided to enjoy.

"This club is better than other clubs." So Pang Lim said.

"Oh, someone really likes to go to the nightclub." Mei Lilli glanced at So Pang Lim.

"Well... It is great... Can meet other people.... Dance... And drinks..." The longer So Pang Lim explained, the lower her voice was.

The scene looked like a mother caught her daughter doing something bad.

Everyone chuckled as they watched So Pang Lim and Mei Lilli. Then they walked towards the entrance.

The guards who controlled the entrance looked at the people. As their eyes fell on Yu Qi's face, their demeanour changed.

"Welcome, Miss Tang." The guards bowed respectfully to Yu Qi.

Yu Qi was startled as well as dumbfounded with this treatment.

"Yu Qi, what's happening here?" So Pang Lim asked.

"Well, I also don't..." Yu Qi went silent. She seemed to remember something. "Oh!"

"What?" So Pang Lim asked.

"I know someone important. It is probably because of him." Yu Qi explained.

Liang Mo Han was the owner of this nightclub. He had probably informed other branches to treat her like this.

"Anyway, let's go in." Yu Qi said.

They chose one of the private rooms and ordered some drinks.

"Cheers for Ding Na An!!!" So Pang Lim lifted her drink.

Everyone followed her.

"Cheers!!!"

Not long after that, So Pang Lim seemed to be drunk. She had been drinking a lot. No wonder she was drunk.

"My love life... Why has my fated one still not appeared yet?" So Pang Lim mumbled.

"It begins." Mei Lilli said.

Everyone knew what Mei Lilli was talking about. She was working in the same city as So Pang Lim. So, they often hang out together. When they went out for drinking, So Pang Lim would talk about this.

"I want a man who cares about me." So Pang Lim shouted.

"Not a bastard who just wants to do a one-night stand." She added.

"Has someone asked you to have one night stand with him?" Yu Qi frowned.

"Yeah, Yu Qi... Men... are they just like that?" So Pang Lim sobbed.

"By the way, what is one night stand?" Song Ha Ting interrupted the conversation.

They were silent for a moment. The next thing that could be heard in the room was laughter. They forgot that Song Ha Ting was a naive girl.

"Our Ha Ting does not know about one night stand. Let me tell you about it." From crying to laughing, So Pang Lim leaned over to Song Ha Ting and whispered something into Song Ha Ting's ear.

"What?" Song Ha Ting shouted. "They are having sex even though they don't know each other?"

Yun Xiao who was currently drinking coughed as he choked when he heard Song Ha Ting's shout. He was the only male in the group. He was bounded to be embarrassed when hearing this topic.

"It is the adult world." So Pang Lim patted Song Ha Ting's back.

"Pang Lim, you can't do it. You need to be with someone you love to do it." Song Ha Ting seriously grabbed So Pang Lim's hand.

"Don't worry. I will not." So Pang Lim said drunkenly. "I want to go to the toilet."

She then stood up and walked staggeringly. Yu Qi also stood up. She was worried to let So Pang Lim go to the toilet alone.

"I will accompany her." Yu Qi said.

"Okay." Mei Lilli also agreed with that.

Both Yu Qi and So Pang Lim went out. The club was in the high and loud music.? Since they did not know where the toilet was, Yu Qi asked the person at the bar counter.

After getting the direction, they went to the toilet. So Pang Lim vomited everything that she had been drinking earlier. After she washed her mouth and walked out of the toilet, Yu Qi gave a bottle to her.

"What is this?" So Pang Lim gained some of her consciousness.

"Some medicine. It is good for sobering." Yu Qi said.

So Pang Lim took the bottle and drank it without hesitation. Well, she believed that the medicine would not bring any harm. She believed in Yu Qi.

"The taste is not bad." So Pang Lim said.

She had indeed sobered up. The medicine was incredible. As expected of the herbs Master.

"Next time don't drink too much. It is bad for your body. You are a doctor as well. You should understand." Yu Qi nagged to So Pang Lim.

"Okay. I will restrain myself next time." So Pang Lim grinned.

"Don't restrain yourself. Come and drink with us. You will feel heaven afterwards."

The girls heard someone say the sentence. They turned around and saw several men grinning and watching them like a delicious meat which was being served on the table.

"This again...." Yu Qi sighed. How many times had this happened to her?

So Pang Lim was scared of the men. She moved closer to Yu Qi.

"Yu Qi, what should we do?" So Pang Lim asked in whisper.

"Don't worry. It will be over soon." Yu Qi said in smile.

"My dear, come." One of the drunken men wanted to grab So Pang Lim.

Yu Qi pulled So Pang Lim back and gave a kick straight on the men's stomach.

"Ahh!" The man flew back about 10 meter before falling on the ground. "You bitch..." Due to the pain, he fainted.

"What? Has he already fainted? I have pretty much held back my strength." Yu Qi said. "How weak."

So Pang Lim wanted to laugh at the moment but she successfully held it back. However, her lips could not help but twitch.
