Chapter 991 - 991: Long Hui Meet Xia Zi Qie

"Not much left. That bastard, he likes to ask for it." Grandpa Tang whined.

Yu Qi laughed. She knew whom Grandpa Tang had just mentioned. It must be Grandpa Feng.

"Don't worry. I have already made another batch. I will give it to you later." Yu Qi said.

"Great... Great..." Grandpa Tang was happy since he had his medical wine.

"I am probably going to visit my biological family at Fanghai Nation later." Yu Qi informed.

"I see. You can bring that brat too." Grandpa Tang said.

Yu Qi knew who was Grandpa Tang referring to as 'that brat'. She also wanted to introduce Long Hui to Dian Family.

They stayed in the garden until Grandpa Tang stopped drinking.

...

Long Hui returned to Long Ancestral House at Ryugong City. An old butler greeted Long Hui.

"Welcome home, Young Master Hui." The old Butler, Butler Ryung Guang greeted his young master.

"Long time no see. It has been a while since I come home." Long Hui nodded to Butler Ryung Guang. "Is my grandfather home?"

"No, Master Long went somewhere. He did not tell me." Butler Ryung Guang informed.

"Never mind. Tell me when the dinner is ready. I will go to the gym." Long Hui said.

Even though he was in the break, he would not neglect his training. Of course, it was for his beloved Qi Qi. She did not say anything, however, her stare meant something else.

He caught her multiple times staring at his body, especially, his eight pack abdomen. Whenever he caught her, she would definitely look away and pretend that she did not look at him.

He returned here because it had been a long time since he returned home. His grandfather also mentioned it before. Feng Yue was staying here because it was close to her workplace. Their grandfather did not feel lonely since Feng Yue was here too.

"Brother Hui..." Feng Yue tilted her head beside the door and called Long Hui's name.

"Hmm..." Long Hui responded.

"Are you still training even though you are having a break?" Feng Yue shook her head.

"Your future cousin in law likes my eight pack." Long Hui patted his eight packs.

"Oh, really?" Feng Yue rolled her eyes. "By the way, since you are here, I want to invite my boyfriend for dinner."

"Your boyfriend?" Long Hui looked suspiciously at Feng Yue.

"Hey, why are you looking at me like that? You don't believe that I have a boyfriend, right?" Feng Yue asked. "Yu Qi has already met my boyfriend. And she supports my relationship. Grandfather too."

"Sure. Invite him. I want to see him too." Long Hui felt that he needed to see and determine whether that man was suitable for his cousin.

"Don't scare him. He is just a normal guy." Feng Yue gave a warning look.

Long Hui did not reply and continued exercising.

.....

Xia Zi Qie was nervous, knowing that he would meet Long Hui. It looked like he was going to meet Grandpa Long for a second time.

He was very nervous when he went to meet Grandpa Long for the first time. Who was not scared to meet the Great General like Grandpa Long?

However, because of Feng Yue, he braved himself for all the possibilities. If Grandpa Long did not like him, he would strike and please him in order to be with Feng Yue.

It went smooth at first. But after Feng Yue left them alone, Grandpa Long started to ask aggressive questions to him. He managed to calm down and asked all of the questions nicely.

Grandpa Long explained that he was worried that his only granddaughter would be going through the same thing that her mother went through. He did not want that to happen anymore.

Xia Zi Qie knew about Feng Family. Feng Yue's father married another woman, right after his wife died and even brought his hidden daughter together with them.

To be worse, the daughter was only one month younger than Feng Yue. Feng Yue also suffered a lot when she stayed with her father. Because of that, Feng Yue went to live with her paternal grandfather. And often spent her time at her maternal grandfather's house.

Xia Zi Qie promised that he would take care of Feng Yue for the rest of his life.

Long Hui was probably the same as Grandpa Long. He did not want his younger cousin to suffer too. Thinking about that, he took a deep breath before exiting his car.

"Zi Qie, come in." Feng Yue invited Xia Zi Qie in.

"Okay. Here, have some fruits. I have bought them just now." Xia Zi Qie gave the plastic bag to Feng Yue.

"Mangoes... I like it. Thank you." Feng Yue smiled.

Both of them went straight to the dining room. Grandpa Long and Long Hui were already sitting at the table.

"General Long, Colonel Long." Xia Zi Qie immediately greeted both of them like a soldier. He could not help but to greet them like that.

Even after Grandpa Long told Xia Zi Qie to call him 'Grandfather'.

Grandpa Long just chuckled. "I have already retired."

Xia Zi Qie coughed several times. He knew it.

"Zi Qie, you have already met my grandfather. This is my older cousin. I think you also know his name." Feng Yue introduced them.

"Of course, I know it. Who does not know about Long Hui?" Xia Zi Qie handed out his hand to shake hands with Long Hui. "Nice to meet you, Colonel Long."

"Hmm..." Long Hui shook his hand with Xia Zi Qie.

Chapter 992 - 992: Rethink Your Marriage

Long Hui looked at Xia Zi Qie from head to toe as he accessed Xia Zi Qie.

"Brother Hui." Feng Yue called Long Hui.

"Are you practising something?" Long Hui suddenly asked.

"Well... Jeet Kune Do." Xia Zi Qie felt confident when he mentioned it in front of Long Hui.

"Hmm... It is good then." Long Hui nodded, acknowledging him.

Dinner ended without any problem. Grandpa Long wanted to talk to Long Hui. So, he called Long Hui to his study room.

"How are you?" Grandpa Long asked.

"I am fine. Why have you called me here?" Long Hui asked.

If he got his vacation, he rather was going to Yu Qi's place. He missed her so much. Thank goodness that he was planning to go to Fanghai Nation with Yu Qi two days later.

"When are you going to take Yu Qi to the ancestral house?" Grandpa Long asked back.

"Don't worry about that. Soon or later, she would come here." Long Hui said.

They were busy with their work. So, if they had time to spend and their days off collided, they wanted to spend time together.

"Does she know about your side-work?" Grandpa Long asked.

"Probably yes, probably no." Long Hui answered.

With Yu Qi's skills, she could find out about herself if she wanted. But assuming Yu Qi's personality, she would not be doing something like that. She would rather have Long Hui telling her the truth in person.

Long Family was indeed involved in the military but they were also involved in the business. However, they referred to being in the military and made someone stand up as a head figure.

The branch families did not know about that since Long Hui and Grandpa Long did not tell them about this matter. They did not want the branch families to rely on their power.

"Humph... She will be surprised." Grandpa Long said.

"She will not blink or anything. She does not care much about it." Long Hui chuckled.

"That's good. Meaning she is not a greedy one." Grandpa Long nodded.

"Is that all you want to say?" Long Hui asked while lifting his eyebrows.

"Of course not." Grandpa Long rolled his eyes.

"Then, what is it?" Long Hui asked.

"Someone came to see me two days ago." Grandpa Long started to talk in a serious tone.

Long Hui narrowed his eyes. "Someone? Who?"

"Zhu Guang He." Grandpa Long mentioned the name.

"Oh... what does he want?" Long Hui asked.

"He talked about you and his granddaughter." Grandpa Long suddenly smiled.

Long Hui tilted his head, waiting for his grandfather to continue talking. He was interested to hear that.

"He wanted me to rethink your marriage. He felt your current engagement is not suitable for you. Having a fiancée who was having the same job as you would? help you a lot." Grandpa Long said.

"So, he then promoting his own granddaughter... What a good end." Long Hui chuckled. "Then what were you reply?" He wanted to hear the answer that his grandfather told General Zhu.

"I laughed. And he seemed to take a wrong turn. He thought that I also thought that it was a good idea. So, he started to promote his granddaughter even more." Grandpa Long snorted. "I felt tired since he promoted his granddaughter for a quite long time. So, I stopped him by saying that he could go and talk to you himself. He became silent and thought about that for a while. Then he nodded. He said that he would talk to you later."

"Interesting." That was all that Long Hui replied.

"I am looking forward to it."

"You can go now. That's all I wanted to say." Grandpa Long waved his hand telling his own grandson to get lost from his room.

Long Hui went out and saw Feng Yue and Xia Zi Qie were talking in the living room. Feng Yue's eyes lifted up when she saw Long Hui walking out of Grandpa Long's study.

"What were you talking about?" Feng Yue asked Long Hui.

She was interested to know what Grandpa Long talked to Long Hui. Just now, she overheard their butler talk about someone who came to meet Grandpa Long. That person wanted to talk to Grandpa Long about Long Hui.

"Someone likes to stick his head in my matter." Long Hui narrowly smiled.

Feng Yue shivered as she saw that smile. That smile was a dangerous one. She better left the conversation.

"Cough... by the way, I read the news about Jiang Ke Ma. This style... It must be you, right?" Feng Yue asked.

She did not care much about Jiang Ke Ma. But some of her colleagues cried hard when reading about him. When she went to ask them about that, they just said, Jiang Ke Ma was not someone like that. She did not understand. So, she went to read about that man.

A lot happened to that man. This kind of style somehow looked like her brother's doing. It must be his way of preventing that man to go hunting Yu Qi.

"It is not me. It is Mo Han's doing." Long Hui pulled the name of Liang Mo Han easily.

Well, it was indeed Liang Mo Han's doing but it was under his order. Feng Yue rolled her eyes at Long Hui. 'It must be your order. Otherwise, Brother Mo Han would not do it.' Long Hui did not want to admit that.

Chapter 993 - 993: I Miss You

"When will you go to meet Yu Qi?" Feng Yue asked.

"We are going to Fanghai Nation on the next day." Long Hui told the plan.

"Wow, overseas trip. I am jealous." Feng Yue sighed.

"We can go next time. Where do you want to go?" Xia Zi Qie asked.

"Well, you promise?" Feng Yue's eyes became wide.

"My company is good. My assistant has told me to take a break too." Xia Zi Qie nodded.

"Okay. We will plan the trip soon." Feng Yue clapped her hands once.

Long Hui already left the couple and went to his room. It had been a long time since he stepped into this room. However, it stayed the same as the last left. He cleaned up before laying down on the bed.

He opened his phone. The picture of Yu Qi smiling while looking in front was his phone's background picture. Seeing this picture made him want to call his beloved Qi Qi.

Without thinking furthermore, his fingers had already moved and dialled Yu Qi's numbers. Not long after that, the call had been answered.

"Hello."

It was the voice that he had missed so much.

"Qi Qi..." Long Hui whispered.

"Hmm... what is it?" Yu Qi slowly asked.

"I miss you." Long Hui stated the reason.

He could hear that Yu Qi was chuckling on the other side.

"I miss you too. But the best part is we can meet tomorrow." Yu Qi was happy and excited about that.

"Yeah...." Long Hui said. "By the way, what are you doing right now? Have you already returned home? Or Are still at work?"

"I have a night shift tonight. So, I am at the hospital." Yu Qi informed.

"Then, have I disturbed your work?" Long Hui asked.

"No... I don't have any patient right now." Yu Qi said.

They talked for a while about their plan to Fanghai Nation. Until something happened. It was violet code. Violet code indicated that there was someone who had behaved violently in the hospital.

"I have to go. We will talk later." Yu Qi needed to hang up the phone like that.

She went out of the room and went to the registration counter. She then saw a bulky man with a knife. He swayed the knife towards the nurses in front of him.

"You bitch. You have killed my wife. Now you want to kill me too. Hell no!!!... I will never let you do it." The man shouted.

It seemed that he was under the influence of alcohol. Yu Qi stepped in front of the trembling nurses.

"Doctor Yu Qi..." The nurses were relieved to see Yu Qi here.

"Have you called the security?" Yu Qi asked.

"Yeah..." The nurses nodded.

"Oh... A doctor... A beautiful one... Come here and... accompany me... hiccup... If you satisfy me... I will ...hiccup... let you off..." The drunk man said.

The security team came in with three men. They frowned as they saw the man with the knife.

"Sir, please put the knife down." Someone from the security team said.

The drunk man turned to the source of the voice. He frowned as he saw the men.

"Just leave me alone. I am going to have fun with that beautiful doctor." The drunk man said while swaying the knife at the security team.

"We don't want to hurt you, Sir..." The security team said again.

The security team planned to slowly talk with him and make the other one restrict him from behind.

"Sir, please put down the knife." The security team started to talk again.

"Humph!!! Why should I listen to you?" The drunk man shouted angrily.

The man from the security team made a signal to restrict the man now. However, the plan backfired when the drunk man knew the plan. He stabbed the shoulder of one of the members of the security team.

"Ha... Ha... Ha..." The drunk man laughed. "I know you will do something like that." He laughed again.

The security team was frustrated when their plan did not work. They thought that they needed more men to take care of this drunk man. However, their eyes became wide as they saw Yu Qi approaching the drunk man.

"Doctor Yu Qi... Don't!" One of them shouted.

The drunk man was happy when seeing the beautiful doctor walking closer to him.

"Good. You are listening... hiccup... to me... Come here..." The drunk man nodded happily.

The security team knew the woman. It was their boss' daughter. If something happened to her, they did not know whether they could keep their work.

Yu Qi walked casually towards the drunk man. The drunk man wanted to pull the girl into his arms. But Yu Qi swiftly avoided and went behind him before chopping right in the back neck of the drunk man.

The force that she applied was enough to make the drunk man lose his consciousness. The drunk man fell to the ground. Everyone was bewildered when they saw this scene. A woman went straight and chopped a man and the man lost his consciousness immediately.

Yu Qi looked over the security team. She saw the name tag on their uniforms.

"Mr Jiang, Mr Sui, please lift up this man and put him on the empty bed in that room. Don't forget to handcuff him." Yu Qi gave the order. "Nurse Han, please call the police."

They were still dumbfounded due to the shocking scene. So, they did not move right now.

"Do you hear me?" Yu Qi asked.

Chapter 994 - 994: Tang Qin Hao Rushed Out

Hearing that, they began to do as Yu Qi ordered. Then Yu Qi quickly approached the injured security team member who had been stabbed by the drunk man.

"Can you walk?" Yu Qi asked the injured man.

"Yes. I can." The injured man nodded.

"Great. Come. I will treat your injury." Yu Qi said.

The injured man stood up. He hissed in pain as he moved.

"Can you really walk? Otherwise, I will ask someone to help you." Yu Qi asked in a worried tone.

"I can." The injured man said.

"Nurse Shin, help me." Yu Qi called the nurse.

"Yes, Doctor Yu Qi." Nurse Shin quickly followed Yu Qi's order.

Nurse Shin was grateful to Yu Qi. Yu Qi saved them. Otherwise, the consequences would be much worse.

Yu Qi treated the wound. The stab was deeper than she had thought. The wound took about 10 sews.

"Don't let the water touch the wound." Yu Qi said as she bandaged the wound.

"Thank you, Doctor Yu Qi." The man nodded.

Suddenly they heard the running steps, coming closer towards the room. Yu Qi looked at the door. The person was Tang Qin Hao. He entered and approached Yu Qi. He then looked intensely at Yu Qi.

"Are you hurt?" Tang Qin Hao asked.

Tang Qin Hao heard about the incident. However, what he heard was different from what had happened. What he heard was Yu Qi faced the drunk man, had been stabbed and was currently being treated.

"Yes." Yu Qi blinked in confusion.

"What about being stabbed?" Tang Qin Hao asked.

"Huh? No... it is not me. He was the one who had been stabbed by that drunk man." Yu Qi explained.

"Really? You don't lie, right?" Tang Qin Hao asked.

"Yes." Yu Qi nodded.

Tang Qin Hao was relieved when seeing nothing happened to his little sister.

The man knew Tang Qin Hao since he worked here for quite some time. He knew how Tang Qin Hao behaved. He never looked at Tang Qin Hao like this. Tang Qin Hao did not seem to care much about others including his patients. He even thought that Tang Qin Hao was probably a robot. But it showed some difference. Tang Qin Hao cared about his sister.

The man told Tang Qin Hao that Yu Qi had helped them in calming down the drunk man. Yu Qi remembered the drunk man. She wanted to see the man.

Before Yu Qi left, she gave some reminders to the man. "You can go home for tonight. Take a week leave. Avoid the water. And don't put much weight or stress on your left shoulder."

"Thank you, Doctor Yu Qi." The man nodded.

Both Yu Qi and Tang Qin Hao left the room and went to the room where the drunk man was being held. When they entered the room, they could see that the police had already arrived.

The police questioned what had happened. One of the nurses stood up and answered the question.

About 15 minutes before the drunk man acted aggressively, the nurses were just doing their work. Then the drunk man came over to them. At first, they did not notice that the man was drunk.

After standing closer, they could smell the alcohol. They still treated him with respect. However, the man suddenly started to talk in anger saying his wife had died because of them. Of course, they were confused. They did not even know the man.

The man started calling them bitches and other names. Seeing the situation was going out of control, one of the nurses hit the blue button that indicated the Violet Code.

Then Yu Qi and other doctors came. They tried to calm down the drunk man. Of course, the drunk man did not listen to others. He brought out his knife. The security team arrived. The drunk man stabbed one of the security team members. Then, Yu Qi came forward and took care of the drunk man. Swift and fast.

When the nurse entered Yu Qi's part, she seemed to be excited to tell the story. The police were confused about that. The police then asked which one was Doctor Yu Qi

Yu Qi stepped forward. The police were stunned as they saw the woman.

'Is she the one who takes care of the man?' That was lingering inside the police's mind.

One of the police coughed. He quickly asked the question. "Is what the nurse said the truth?"

"Yes, Sir." Yu Qi nodded.

"You should not do something like that. He had a knife. You might get injured." The police said.

"Thank you, Sir. But if I did not do anything, others might get injured. He had already injured someone." Yu Qi added.

The police were stunned. It was true too. If Yu Qi did not succeed in making the drunk man lose consciousness, he might injure others too.

"Thank you, Doctor. We will now and take the drunk man to go to the police station." The police said.

So, the police took the man away.

The nurses surrounded Yu Qi in an instant. Yu Qi was shocked.

"Doctor Yu Qi, thank you for saving our lives. I was so scared when that drunk man pointed his knife towards me."

"Yeah. That's right. Doctor Yu Qi is our saviour."

The security team also thanked Yu Qi.

"Doctor Yu Qi, can you teach us the way you moved when you chopped his neck?"

"Right. It was so swift and smooth."

Chapter 995 - 995: Going To Fanghai Nation

They surrounded Yu Qi and talked a lot. They forgot about Tang Qin Hao who stood beside Yu Qi. Usually, the nurses would look at him with a shy look. But that night, he lost to Yu Qi.

"Doctor Tang." A nurse greeted him.

Now everyone turned to him. They greeted him. He just nodded. Everyone then went back to their positions.

"Do you need to go home?" Tang Qin Hao asked.

"No. I am fine. Brother Qin Hao, you should return. Get some rest." Yu Qi said.

"Okay." Tang Qin Hao nodded and left.

Yu Qi returned to the room. She sat and looked at her phone. The last message was from Long Hui. He was asking about what had happened since Yu Qi hung up the phone in hurry.

She did not want to call Long Hui since it was already late so, she just replied to the message. Telling there was some emergency at the hospital and he should not worry about that.

.....

Yu Qi waited for Long Hui to come to her house. Then they would go to the airport from here. She had just finished lunch and was currently sitting in Su Xiao's garden. Su Xiao was also there looking at the gardener that they hired for trimming.

"Auntie Su Xiao, how is the baby?" Yu Qi asked.

"The baby moves quite a lot." Su Xiao rubbed her stomach gently

The baby responded by kicking the area where Su Xiao rubbed.

"It's kicking me..." Su Xiao chuckled.

"Haven't you scanned the gender?" Yu Qi asked.

"No. I am not planning to do so. Whether it is a boy or a girl, it is still my baby. I will love it." Su Xiao said.

"That's right." Yu Qi nodded.

Butler Hang came and informed that Long Hui had arrived. Yu Qi went to her room and took the bag that she needed. She also grabbed the cage for her pets to enter the plane.

Both Aoi and Shino were excited to go on a trip with their master. Their master was even going to take the man that they did not like much along with them. Shino climbed and sat on Yu Qi's shoulder while Aoi just walked beside Yu Qi's leg.

When both of them saw Long Hui, they rolled their eyes at the man when their master was not looking at them. Long Hui saw that but he was just smiling.

"Brother Hui..." Yu Qi greeted him.

"Hmm... Are you ready?" Long Hui asked.

"Yeah." Yu Qi nodded.

Ming Yue, Su Xiao and Grandpa Tang came to see them off.

"Send my regards to your families over there." Grandpa Tang said.

"Okay... I will try to look for the herb seeds that you can plant here." Yu Qi smiled.

"Great." Grandpa Tang nodded happily.

"Take care." Ming Yue said.

So, they used the family car to go to the airport. They would use private jets to go to Fanghai Nation. So, Aoi and Shino did not have to be separate from Yu Qi when entering the plane. They just needed to be in the cage bag while entering the plane. n((0v**Elb**1n

Once the plane was above the sky, Yu Qi let them free. So, they were free walking around the plane except for the cockpit.

Yu Qi and Long Hui took their seats. The flight attendants came out and served them some snacks and drinks. Aoi and Shino also get some smacks. Having some snacks, they were eating them quietly.

After that, the flight attendants asked them whether they needed anything else, Long Hui and Yu Qi shook their heads. The flight attendants nodded. Before leaving, they told Long Hui and Yu Qi, if they needed something, they could call them.

Then the flight attendants left them alone. The flight attendants did not want to disturb their bosses. Once time ago, there was someone who was stupid enough to disturb their boss and ended up getting fired. She could not work as a flight attendant anymore. She had been blacklisted. So, the airline companies did not want to hire such people.

Aoi invited Shino to explore the plane. Yu Qi and Long Hui were sitting while relaxing.

"What exactly happened when you have suddenly ended the call last night?" Long Hui asked.

Even though his beloved Qi Qi told him that there was some emergency, Long Hui felt there was something else.

"Hmm? Oh... that..." Yu Qi remembered that. "A drunk man suddenly came to our hospital. He threatened the staff with a knife. Someone had been stabbed. So, I stopped him and called the police. That's all."

"Stab? Who? You?" Long Hui asked in worried.

"No. The security team member." Yu Qi shook her head. "I am fine."

Having a strong fiancée was worrying for Long Hui. He did not want her to be injured but he also did not want her to deal with something like that.

"Don't worry, Brother Hui. By the way, once we land, we are going to the Dian Family." Yu Qi changed the topic.

"Dian Family?" Long Hui asked.

Yu Qi remembered that she did not tell Long Hui about Dian Family. So, she explained everything to Long Hui about Dian Family. Long Hui did not expect that his beloved Qi Qi had found another biological family. He was happy for her.

Yu Qi also told him about the cultivation that Dian Family practised. Of course, Long Hui was interested in that.

Chapter 996 - 996: Making Love In Sky

Dian Family seemed to be very mysterious. They even knew about Aoi and Shino. They talked a lot about Dian Family.

However, after a while, Long Hui moved and sat beside Yu Qi. Yu Qi tilted her head when seeing Long Hui's movement.

"Why do you suddenly move beside me?" Yu Qi asked.

"Well, I just want to sit closer to you." Long Hui narrowed his eyes.

Yu Qi gulped. That look was the look when a predator watched its prey.

"We just met. So, I miss your touch. You don't even give me a kiss." Long Hui sounded sad in his voice but his eyes were not.

"That's because there is someone around." Yu Qi said. She clearly avoided looking at Long Hui's eyes.

"But there is no one around here now." Long Hui replied.

"But.. That..." Yu Qi could not find an excuse anymore.

"Since there is no one around... I can kiss you right..." Long Hui leaned over closer to Yu Qi's ear and whispered to her.

"What? Wait!" Yu Qi turned her head around to look at Long Hui.

However, her lips collided with Long Hui's lips since Long Hui still did not move away when he was whispering to her just now. Yu Qi was stunned. Her eyes were trembling.

"Qi Qi, you have started it first. So, you can't blame me for it."

Right after Long Hui finished the sentence, he leaned over and kissed Yu Qi hard. He pulled and played with Yu Qi's tongue using his tongue. Yu Qi ended up moaning.

"Qi Qi, can we do it?" Long Hui asked for her permission.

"But we can't do it here. Someone will come." Yu Qi said.

"Don't worry. I am not planning to do it here. Have you forgotten that we have a room over there?" Long Hui pointed in one direction.

Yu Qi blushed. She really forgot about that. It was not like this time was the first time. They had done it here, in that room.

Long Hui smiled. He lifted Yu Qi up and went to that room. Once they were in that room, Long Hui put Yu Qi down and helped her with her clothes. Long Hui was skillfully disrobing Yu Qi leaving her with only one piece of clothes at the bottom.

Yu Qi's white mountains proudly stood in front of Long Hui's eyes. Without waiting any longer, Long Hui kissed one and grabbed another one. He kissed, bit and played with the nipple. While he kneaded another one.

"Ah... Don't..." Yu Qi could not help but to moan.

She tried to hold back, biting her own hand.

When Long Hui saw this, he pulled Yu Qi's hand.

"Don't hold back. Let it go."

Long Hui kissed the nipple again. Next, his hand was going down slowly, tracking Yu Qi's skin. Everything that Long Hui touched, Yu Qi felt very hot. Long Hui's hand reached at the destination. His hand snuck into Yu Qi's underwear.

He felt that Yu Qi was very wet down there. He could not hold back anymore. He threw her own clothes.

He then pulled Yu Qi's underwear to the side. Positioning his little brother at Yu Qi's secret place. He pushed it entering Yu Qi's secret place.

"Ah... Ah..." Yu Qi shouted.

"Argh..." Long Hui growled. "Qi Qi, it is so tight." He commented.

"Don't... Ah... say a thing... Ah... like that..." Yu Qi felt embarrassed when Long Hui commented like that.

Long Hui moved in and out. Yu Qi also tried to move matching Long Hui's rhythm. Both of them began to sweat. Then, Long Hui suddenly pulled his little brother out of Yu Qi's secret place. Yu Qi felt confused.

Long Hui pulled Yu Qi to stand up. He then brought Yu Qi to the window. Put Yu Qi facing the window, he stood behind Yu Qi. Long Hui wanted to enter her from behind.

"Ah... Ah...." Yu Qi shouted excitedly.

"This way, you can feel me entering deeper, right?" Long Hui whispered.

"Hmmm.... yeah... deeper..." Yu Qi responded.

"It is my pleasure." Long Hui pushed deeper.

"Look outside..." Long Hui whispered again. "It feels like we are making love on the clouds, right?" n./O/-
p-.e..l-)b//1)/n

Yu Qi opened her eyes and saw her outside the window. When her eyes looked at the clouds, Long Hui growled. Long Hui could feel that Yu Qi's inside had tightened. Yu Qi felt extremely stimulated thinking that they were making love on the clouds. Long Hui started to move very fast.

"I am going to come... I am going to come..." Yu Qi said.

"Me too." Long Hui replied.

"AHHHH!!!!" Yu Qi screamed loudly as she climaxed.

Long Hui also climaxed at the same time. He released the milky white inside Yu Qi. Yu Qi almost fell because her legs lost strength. Long Hui grabbed and held her body. They moved to the bed and lay down. Both of them were catching up their breath.

Long Hui kissed Yu Qi lightly. "Feeling good?"

"Hmm...." That was Yu Qi could respond. Of course, it felt great.

"I am feeling good too. Thank you, Qi Qi." Long Hui kissed her again.

Long Hui wanted to make love again but he was afraid that Yu Qi would walk weirdly later. He did not want others to imagine things about his fiancée. So, he would hold back for now. He still had time to make love with her after they would land at Fanghai Nation.

Chapter 997 - 997: Want To Covert My Man?

"Let's take a bath now." Long Hui cuddled Yu Qi after a while.

"Hmm... Okay." Yu Qi nodded.

Both of them went to the bathroom. Long Hui cleaned Yu Qi's body like he cleaned a treasure. Yu Qi let her body be served like that. Long Hui held back himself to make love again afraid that Yu Qi would be too tired to leave the plane later.

They had changed their clothes and left the room. When they were going out, they saw Shino and Aoi waiting outside in front of the door.

"What are you guys doing?" Yu Qi ended speaking as normal, not in telepathy mode.

Aoi knew they were outside, not in the space, answered Yu Qi through telepathy. 'We are waiting for you, Master. We are hungry.'

Yu Qi remembered that was time for them to eat. 'So, I forget. I will ask the flight attendants to give something to you. Endure it a little bit. When we arrive at Fanghai, I will give something delicious to you guys, okay?'

'Okay.' Both of them answered at the same time.

....

They arrived at the resort that they booked. This time, they chose to stay at the resort because it was closer to the mountain that Dian Family stayed. Shino also seemed to like the forest around the resort.

Shino told Yu Qi that he wanted to take a walk in the forest. Yu Qi allowed him to go and play as long as he would take care of himself. Aoi also wanted to go too.

Yu Qi told them that they could go after eating. Of course, they would wait for the food. They were gluttons at the beginning.

After eating, both Shino and Aoi ran towards the forest. Since it was already late in the evening, almost dawn, Yu Qi and Long Hui planned to take a rest for a moment before going out to the town.

When they were outside, the town seemed to be very lively. Looked like there was a celebration going on. The place was full of small stalls that sold food and other things too.

Since they did not have anything to do, they decided to take a look. It was a festival. Yu Qi stopped at one of the stalls and asked about this.

"Oh... It is Gunyun Festival. We celebrate for a god mountain take care of the mountain. Well, that is an old belief. Even so, we still celebrate it. You must be a tourist, right?" The person asked.

"Yeah." Yu Qi nodded.

"If you have some time, you can visit our temple near the mountain. They have a powerful fortune-teller. You can have him read your fortune." The person advised.

"I see... Thank you... Can you give me two sticks of that?" Yu Qi ordered some of the meat that was stuck into the stick.

"Sure... Sure... Our meat is very delicious..." The person started to promote their food.

Yu Qi paid for the meat. She gave one to Long Hui. "Here."

Long Hui took it and stared at it.

"It is delicious." Yu Qi took a bit.

Looking at Yu Qi, Long Hui also took a bit. "Hmm..." He acknowledged.

"I think I can try to duplicate the recipe." Yu Qi said while finishing the whole stick.

Both of them were good looking. So, there were a lot of people who took a look at them. Well, they did not care much if they only took a look at them. What they disliked when someone disturbed the good time.

"Hey, you are handsome. Come with me." A girl stood in the way and pointed to Long Hui.

Long Hui frowned and narrowed his eyes. Yu Qi looked at the girl. Behind her, there were two bodyguards.

"Hey, are you listening to me? You have to come with me." The girl demanded again.

Long Hui did not move at all. The girl became angry. She ordered her bodyguards to bring Long Hui. But the bodyguards could not even touch him, they had been kicked 20 meters away. Thank goodness, there was no one on the way.

The girl looked horrified when looking at the scene. The one who kicked her bodyguards was not Long Hui, but the woman beside him.

"My man, who are you to covert him?" Yu Qi looked down at the girl.

Everyone who watched the scene discussed it.

"A girl bullies a girl, I guess."

"Of course not. That girl has taken a liking to someone's boyfriend and asked her bodyguards to take the man away. So, the girl has protected just her boyfriend by kicking the bodyguards away."

"That's good."

"Humph... What's so good about that man? Look, he even has his girlfriend protects him. Is he a man?"

"I think he is probably a gigolo."

"What a pity."

"He is such a handsome man."

"Why do that girl have to be with such a man like him? She should be with someone like me."

Long Hui did not care much about what others wanted to say but he could not ignore the last one that he heard. He turned and glared coldly at the man. His murderous aura was leaking.

The man stepped back and fell to the ground. He was so scared that his leg gave off. 'This man is dangerous.'

Yu Qi glanced at Long Hui. She was wondering why Long Hui was suddenly angry. She paid her attention to the girl. So, she did not know what had been discussed by the onlookers.

Chapter 998 - 998: She Is The Owner Of This Greenhouse.

"Don't you dare do something to me? I will definitely make you suffer." The girl said while trembling. Well, she was still scared of this woman.

"Well... Well...Well... I will be waiting." Yu Qi smiled.

The girl ran away, behind her bodyguards also followed. The bodyguards seemed to suffer serious injury. They got up and followed their young miss.

"Beauty does invite disaster." Yu Qi commented while looking at Long Hui's face. ~~nove~~13-In

"Well... This is the beauty that you like to hold at night." Long Hui grinned.

"It seems she is probably from a powerful background. Since she has two bodyguards following her." Yu Qi ignored the sentence and thought about the earlier girl.

"Don't worry about it. Just enjoy our vacation, okay." Long Hui did not care much about that.

If someone dared to disturb them, he would make sure that they regret the decision.

.....

Li Hua stomped into her brother's room, Li Huo while crying. Li Huo frowned as he saw his younger sister crying like that.

"What happened to you?" Li Huo asked.

"Someone has bullied me." Li Hua said in between crying.

"Bully you?" Li Huo felt that it was impossible since they were in the mortal world. No one should be strong enough to deal with their family's bodyguards. "Where are your bodyguards?"

"Young Master Huo... We are sorry." The bodyguards apologized for their non-exist mistake.

"Brother, you need to kill her. She has bullied me." Li Hua was still crying about the injustice that she went through. She forgot as for what reason she had been in this situation.

"I will handle it. You, go and rest first." Li Huo felt a headache after hearing his younger sister cry. So he asked her to leave the matter to him.

"Promise me. Make sure to kill that bitch." Li Hua said.

"Yeah... Yeah... You can rest first." Li Huo nodded.

Li Hua left the room eventually. Li Huo turned back to the bodyguards, expecting the full details of what had happened.

"Tell me in full detail." Li Huo ordered.

The bodyguards explained that their young miss took a fancy to a handsome man. When Li Huo heard that, he frowned as he thought, in this mortal world, there was someone who could beat their bodyguards. He expected that man came from the same world as them.

However, the bodyguards denied it. They told him that the man was protected by a beautiful woman. She was the one who had beaten up them. That handsome man had been protected by that beautiful woman. The bodyguards gritted their teeth as they held the pain that they felt in their ribs.

Li Huo was dumbfounded when he heard this. He really did not expect that outcome. He became more interested in this matter.

"Shuxing, go and investigate the woman." Li Huo ordered his right hand man.

"Yes, Young Master." Wen Shuxing nodded.

.....

Yu Qi brought Long Hui and her little cuties, Shino and Aoi out of her space. They were spending their night in the space since it had more time. Shino and Aoi decided to go and play in the forest again.

Yu Qi reminded them to be careful and stay away from danger. Shino and Aoi left after eating breakfast. As for Yu Qi and Long Hui, they decided to go to settle the business first before going to Dian Family.

So, Yu Qi went to the greenhouse. The greenhouse here also used the same security system. If someone wanted to enter, as for the workers, they would have the access card while for the visitors, they needed to leave their identity card.

Yu Qi and Long Hui had been held back by the security people who guarded the entrance. They had never seen Yu Qi and Long Hui before. So, the security team thought they were new visitors who came to see the greenhouse as the place had gained some popularity among people.

"Oh, wait." Yu Qi looked at her bag and found the two access cards.

Su Fan gave her the access cards. She requested about 3 access cards. One for her, one for Grandpa Tang, and another one for Long Hui.

The security team was surprised to see the access cards in Yu Qi's hand. The access cards were divided into several levels. Low, medium and high. The access cards in Yu Qi's hand were a high level since it was in black colour.

The security team became alert. They needed to be careful. They were afraid that the access card had been stolen.

"Miss, may I know what is your name?" One of the security team asked politely.

"My name is Tang Yu Qi." Yu Qi said.

Yu Qi scanned the access card. The name that appeared on the screen was her name. The security team were surprised to see it.

"Miss Tang... Welcome." Su Fan had just come and saw Yu Qi, so he greeted her happily.

The security team greeted Su Fan. They knew Su Fan. "Mr Su."

"Oh, remember. She is the owner of this greenhouse. Treat her with respect." Su Fan introduced Yu Qi to others.

The security team instantly looked at the woman. They never thought that the owner of this greenhouse was a young woman.

"It seems you have forgotten about me." Long Hui pulled Yu Qi to his side.

Su Fan froze when he saw Long Hui. He was scared of this devil. 'Look, even now, he looks at me as he wants to kill me.'

Chapter 999 - 999: Meet That Crazy Girl Again.

Long Hui looked at Su Fan. Su Fan felt shivered.

"Don't scare him like that. He is my subordinate." Yu Qi pulled Long Hui's fingers.

"I am just staring at him. That's all." Long Hui made a pouting face.

"Okay... I believe you." Yu Qi nodded.

Su Fan felt full since this couple gave him a lot of dog food. It made him want to have a girlfriend like hee. This couple acted as there was no one around here.

"Miss Tang..." Su Fan tried to interrupt the couple.

Yu Qi remembered that Su Fan was around here.

"Oh, sorry." Yu Qi smiled shyly. She faked a cough. "Let me see the herbs and their seeds."

Her purpose in coming to the greenhouse was to take a look at new species of herbs.

"Okay... Follow." Su Fan asked Yu Qi to follow him.

Long Hui let Yu Qi do her work. He stared at both of them who were talking about the herbs that Yu Qi was interested in.

Su Fan kept his distance because he could feel Long Hui staring at him. Yu Qi wanted to keep the seeds to try to grow them at Binhai Nation.

"Okay. I will return on the last day while I am here." Yu Qi said.

"How long you will stay here?" Su Fan asked.

"About one week." Yu Qi said.

"Oh... Okay." Su Fan nodded.

"Okay... Brother Hui... I have finished my matter here." Yu Qi approached Long Hui.

"Okay. What do you want to do later?" Long Hui asked.

"Hmm... Let's go to Auntie Ye's restaurant for lunch." Yu Qi said to Long Hui.

"Sure." Long Hui nodded.

They drove to Ye Bai Qian's restaurant. After one hour later, they arrived at Ye Bai Qian's restaurant. It was a peak hour. Luckily, they managed to squeeze a table here.

"I miss Auntie Ye's cooking." Yu Qi hummed.

They ordered food. After waiting for 15 minutes, the food arrived. The food was very delicious.

"Auntie Ye's cooking is unchanging." Yu Qi commented. "The business is a boom."

Since there were many customers waiting for the table, they decided to leave and would come back later to meet with Ye Bai Qian. When they were about to leave, they heard Yu Qi's name being called by someone.

"Yu Qi..." Someone also hugged Yu Qi from behind.

Long Hui frowned while looking at the person who hugged Yu Qi.

"Yu Qi, you are here. I miss you." That person said.

"Qi Qi." Yu Qi called the name.

"Qi Qi?" Long Hui asked. It was similar to Yu Qi.

"Yeah. This is Dian Qi Qi and Dian Ren Qi from the Dian Family that I have mentioned before." Yu Qi told Long Hui.

It was Dian Qi Qi who hugged Yu Qi. They were having lunch at Ye Bai Qian's restaurant. They were just sitting not far from Yu Qi's table.

"Are you here having lunch too?" Yu Qi asked.

"Yes. I don't know you are here too. Otherwise, we can eat together." Dian Qi Qi said.

She was very happy to meet Yu Qi. It had been a long time since she met Yu Qi. Long Hui pulled Yu Qi away from Dian Qi Qi's side. Yu Qi was stunned as well as Dian Qi Qi.

"Who are you to pull Sister Yu Qi like that?" Dian Qi Qi asked angrily.

"Qi Qi... He is my fiance, Long Hui." Yu Qi introduced Long Hui to Dian Qi Qi.

"Is he your fiance, Sister Yu Qi?" Dian Qi Qi looked at Long Hui up and down.

"Yes. He is wonderful, right?" Yu Qi showed off about Long Hui.

Long Hui felt that his anger had melted down. His beloved Qi Qi was showing off proudly about him.

Dian Qi Qi and Dian Ren Qi were stunned. They laughed. They felt Yu Qi was cute.

"WHAT? YOU! WHAT ARE YOU DOING HERE?" Another one screamed at them.

Everyone turned around and saw a woman together with a man accompanied by other four men behind them.

"Brother... It's them. She is the one who has bullied me yesterday." It was Li Hua, the same girl whom Long Hui and Yu Qi met yesterday.

"Li Hua?" It was Dian Qi Qi the one who asked.

Li Hua noticed other people besides the madwoman and her man. She was shocked when she saw them.

"Dian Qi Qi?" Li Hua frowned.

"Dian Ren Qi?" Li Huo also noticed Dian Ren Qi.

"Do you guys know each other?" Yu Qi asked Dian Qi Qi.

"Pretty much." Dian Qi Qi said. "How do you know them though?"

"This woman wants to snatch my fiance. She asked her bodyguards to take my fiance away forcibly. So, they ended up getting beaten up by me." Yu Qi explained.

Li Hua trembled as she remembered about yesterday's matter. However, when she thought that her brother was here, she became brave again.

"It is his fortune since I have taken a liking to him." Li Hua said.

"Li Hua, I have never known that you are this stupid." Dian Qi Qi said.

"Li Huo... you should take care of your sister. Don't let her come running around and cause trouble. Don't think since it is outside, you can use your power." Dian Ren Qi reminded Li Huo.

Of course, they knew each other. Dian Family and Li Family had come from the same place.

Li Huo never thought that he would see Dian Family members. The ones who had beaten up their family's bodyguards were also there. It seemed they knew Dian Family.

Chapter 1000 - 1000: Meeting Great-Grandpa Dian Again

"Do dare to covert Sister Yu Qi's fiance? Do you really want to die?" Dian Qi Qi snorted at Li Hua.

"You!!!" Li Hua pointed her finger at Dian Qi Qi.

"How many men have you ruined before this?" Yu Qi asked.

"None of your business." Li Hua retorted.

"Yeah... I really don't care about it. Yesterday, you were targeting my fiance, right? You better let go of the thought. Otherwise, you will never know where you will die." Yu Qi warned Li Hua as she glared at Li Hua sharply.

Sensing the murderous aura, Li Hua hid behind her brother. Li Huo coughed.

"I am sorry on the behalf of my sister." Li Huo said.

Yu Qi did not respond to him. She turned to Dian Qi Qi.

"Is Great-Grandpa home?" Yu Qi asked.

"He is. After recovering, he is doing well." Dian Qi Qi answered happily. "Why? Do you want to go and visit Great-Grandpa?"

"Yeah. I want to see him and introduce my fiance to him." Yu Qi said.

"Okay. Let's go." Dian Qi Qi pulled Yu Qi's arm into her arms.

Long Hui was displeased seeing his beloved Qi Qi getting pulled by someone else. He pulled Yu Qi back closer to him. Dian Qi Qi was stunned as she saw Yu Qi getting pulled by him.

"What are you doing?" Yu Qi asked Long Hui.

"Don't get so close to others." Long Hui commented with a blank expression on his face.

"What?" Dian Qi Qi was dumbfounded.

"Qi Qi, looks like Yu Qi's fiancee does not like as you cuddle with Yu Qi." Dian Ren Qi grinned.

Dian Ren Qi never knew that Yu Qi's fiance was a jealous type. He even disliked any woman touching his fiance.

"We are women though." Dian Qi Qi said with an unbelievable face.

"Humph..." Long Hui ignored her.

"Dian Ren Qi, is this woman related to your family?" Li Huo asked. He noticed that Yu Qi had been calling Old Master Dian so intimately, 'Great-Grandpa'.

"It has nothing to do with you." Dian Ren Qi said. "Let's go."

The four of them left the restaurant. Long Hui was still guarding Yu Qi against Dian Qi Qi. Dian Qi Qi was so angry that she could not walk together with Yu Qi. This man, she really disliked him.

"Brother, why do you not take revenge for me?" Li Hua asked her brother in an angry voice after the four of them left.

"Do you think I will survive if I have attacked them, right now? You have seen that Dian Ren Qi and Dian Qi Qi. They are strong as me. Not to mention the woman who has beaten up our bodyguards. Do you want me to be killed?" Li Huo glared at Li Hua.

"But..." Li Hua wanted to retort.

"You better behave. Don't stir trouble when we are here." Li Huo reminded Li Hua.

He was a little regretting bringing his sister here.

...

The four of them arrived at the Dian ancestral house. They passed the checkpoint very easily. The guards were very respectful to Yu Qi. This surprised her very much. Actually, it was Great-Grandpa Dian's order to treat Yu Qi respectfully.

When they arrived at the entrance, they were greeted by Grandpa Ray. The guards also told him that Young Miss Yu Qi had come. He immediately stopped his work and went to the entrance to welcome them.

"Welcome home, Young Miss Yu Qi." Grandpa Ray greeted Yu Qi after he greeted Dian Qi Qi and Dian Ren Qi. He looked so delighted when Yu Qi came here.

He became respectful to Yu Qi after seeing Yu Qi risk her life just to save Great-Grandpa Dian. He did not expect that Yu Qi would do something like that.

'My Master must be happy when he knows his great-granddaughter, Yu Qi has come and is visiting him.' Then his eyes stopped at the unfamiliar face.

"This is...." Grandpa Ray asked.

"Oh, this man is my fiancé, Long Hui." Yu Qi introduced Long Hui to Grandpa Ray.

"Oh... welcome." Grandpa Ray welcomed Long Hui. He did hear from his master that Yu Qi had been engaged to someone.

"Grandpa Ray, where is Great-Grandpa?" Yu Qi asked.

"Old Master is outside in the garden. He is practising with Henry." Grandpa Ray said.

"Practising?" Yu Qi tilted her head.

"After Young Miss Yu Qi has treated Old Master, he has recovered his strength. So, he likes to battle with someone. Henry is the victim." Grandpa Ray explained.

"I am surprised when seeing Great-Grandpa fight like that. But after several times, I believe that he is already fine." Dian Qi Qi added.

They arrived at the garden where Great-Grandpa Dian was. They could see that Great-Grandpa Dian fought well with Henry. If Yu Qi did not know him before, she would never think that he was the same person. 'Well... he does look fine.'

Great-Grandpa Dian sensed some people had approached the garden. He turned to see the people. His eyes were lifted up when seeing Yu Qi. He stopped fighting with Henry and immediately approached Yu Qi. Arriving before Yu Qi, he pulled Yu Qi into his arms.

Yu Qi did not have any time to respond. So she ended up being hugged by Great-Grandpa Dian.

"Great-Grandpa..." Yu Qi also hugged him too.

"Yu Qi, it has been a while." Great-Grandpa Dian said after releasing Yu Qi.

"Yeah. Great-Grandpa, you look much better right now." Yu Qi smiled.

It showed that the treatment was successful.
