

INVINCIBLE 3041

Chapter 3041: Mysterious Stone (I)

“Twenty billion!”

Just as Jin Xiaoxiao revealed a triumphant smile, confident that the origin qi was something in her pocket, a voice sounded.

The venue fell into a pin-drop silence!

A beat later, eyes zoomed towards Huang Xiaolong because the person who had spoken just now was none other than Huang Xiaolong!

The smile on Jin Xiaoxiao’s face stiffened while Fan Luo looked at Huang Xiaolong in astonishment. Stone Ancestor, who had yielded the origin qi to Jin Xiaoxiao, was just as astonished.

“You’re deliberately going against this Princess?!” Jin Xiaoxiao’s words came through gritted teeth, chilling to the bones as she stared fixedly at Huang Xiaolong. Her gaze sent chills down many experts’ spines. This was the Golden Fox Princess, the existence standing above almost everyone in the Golden Fox Heavenly Cave. The creeds that had offended Jin Xiaoxiao in the past had all become history in the long passage of time.

It was clear to everyone that Jin Xiaoxiao was really infuriated.

Nine Vision Young Patriarch Li Dongjun’s mouth curved into a sneer as he looked in Huang Xiaolong’s direction. This punk really couldn’t die fast enough. He actually snatched the Lightning Flame Pill the Golden Fox princess wanted earlier, and now, he’s once again stepping on the Golden Fox Princess’ bottom line, competing for the origin qi!

After this fiasco today, it’s the end for Leiyu Creed!

Li Dongjun was naturally happy to see this result.

Huang Xiaolong didn’t give Jin Xiaoxiao a look but his voice rang clear, “You overestimate yourself. Why would I need to go against a little girl like you deliberately?”

Everyone was speechless with shock once again.

Li Dongjun chuckled inwardly. Bravo, he has the guts to call the Golden Fox Princess a little girl in public?

A Primal Ancestor calls the Golden Fox Princess a little girl?! Don’t forget that the Golden Fox Princess is an expert on the Extermination List. Who does this brat think he is? What gives him the capital to call the princess a little girl?

As expected, Huang Xiaolong’s rude remarks that ignored her status as he called her little girl, turned Jin Xiaoxiao’s face cold. “You are courting death! You’d better get on your knees and beg me to pardon your crime, or else, not only you will die, but everyone connected to you and the Leiyu Creed would have to die with you!”

Streaks of lightning sizzled in Leiyu's eyes at Jin Xiaoxiao's threat, "Little girl, I will crush you to death right in this place, and then summon your old ancestor over to collect your corpse!"

Mouths were agape as Leiyu became the center of attention. Stone Ancestor shook his head, smiling wryly. In the Origin Holy World, no one would dare to say that they would crush the Golden Fox Princess to death, then summon her old ancestor to collect her corpse. Not even him.

Jin Xiaoxiao's anger exploded like a burst dam, and the golden fox robe on her emitted blinding rays as she screamed, "Everyone hear my order, kill them, kill all of them for me!"

Exactly at this juncture, the beautiful auctioneer's crisp voice sounded, "Everyone, please don't forget, this is the Mystical Pavilion that we're in!"

All movements came to a halt.

Hesitation and unwillingness flashed across Jin Xiaoxiao's face, but she sat down in the end.

She decided that by the time the auction ended, the several commanders at the Golden Fox Mansion would have arrived, and that would be the time to take action!

"This Lord bids twenty billion, is there anyone with a higher bid? If there's no one else, this source of origin qi would go to this Lord." The beautiful auctioneer spoke and indicated toward Huang Xiaolong.

Almost everyone was looking at Jin Xiaoxiao one way or another.

This made Jin Xiaoxiao's expression even more unsightly.

Although she was the Golden Fox Princess, and could easily throw out tens of thousands, they were talking about twenty billion dao coins right now!

This was not a sum she could take out as she pleased. Moreover, twenty billion dao coins had far exceeded the value of that genesis qi source.

So, Jin Xiaoxiao chose silence.

The more clammed up she was on the surface, the stronger her anger burned in her chest with a vigorous burning fire. With her status and identity as the Golden Fox Princess, she was repeatedly taunted, blasphemed, and tainted by an unknown small character.

"The origin qi goes to this Lord," the auctioneer knocked on the final price and announced the result.

Many experts exchanged glances as they had never imagined this result.

Then again, many more were gloating inwardly.

"This brat is so rich! First, he spent nine billion, and now, it's twenty billion. That's twenty-nine billion dao coins. Heavens, even the Cangming Creed wouldn't be able to take out this sum of dao coins!"

"What's so great about having money because he's playing with fire to oppose the Golden Fox Princess!"

"Not necessarily. Since he dares to oppose the Golden Fox Princess, he should have a big backing!"

“What backing? An expert on the Extermination List? In that case, it must be someone that ranks higher than the Golden Fox Princess?? Hehe!”

The names on the Extermination List were no secret, and everyone knew that Huang Xiaolong and Leiyu were definitely not on the list.

Under these people’s evil snickers, Huang Xiaolong flicked his fingers, sending twenty billion dao coins to the stage. The rich sea of spiritual energy coming from the twenty billion dao coins jolted everyone spiritually.

Even the snickers stopped in the presence of the twenty billion dao coins. No one could remain unaffected before a pile of twenty billion dao coins, including the Obscuring Heaven Creed’s young patriarch Fan Luo, the most outstanding person amongst the younger generation in the Golden Fox Heavenly Cave. Even an expert on the Extermination List like Stone Ancestor couldn’t stop his heart from racing.

From every corner of the auction hall, there was a feverish light of greed.

An auction hall expert respectfully brought the source of origin qi to Huang Xiaolong. Huang Xiaolong accepted it and threw it into the Sun Moon Furnace without a second look. He would refine it after the auction.

“The finale item of our action this time is a very important treasure!” the auctioneer began with a brilliant smile as two experts carried a blood-red stone on to the auction stage.

This blood-red stone was as tall as an adult man, resembling a blood-red small hill. But the guests could see that it took a lot of effort for the two experts to carry it up to the stage. They had even used their cosmos energy, yet it was still taxing for them to take each step.

This discovery shocked many. What exactly is this blood-red stone, and why is it weighing so heavy?

Thus, many Dao Venerable experts tried to check the blood-red stone with their dao eyes, and various secret techniques, but no one could tell what this stone was exactly. Even Dragon Venerable Jian Huang, Dao Jianchou, Fan Luo, and Stone Ancestor were frowning in thought. Clearly, none of them could tell what could the blood-red stone be.

Only for Huang Xiaolong, when he saw the blood-red stone, his Huang Long Bloodline became rushed.

Huang Xiaolong was bewildered. This is?! Huang Xiaolong’s curiosity piqued, and he checked the blood-red stone with an aura from his Huang Long Bloodline.

“Our branch master found this mysterious stone in the Heavens Burial Lands!”

The auctioneer went on, “Although we can’t determine what it is exactly, according to our Mystical Pavilion’s assessors’ thousands of years of research, it is definitely a piece of a genesis stone!” The Pavilion Master she mentioned was naturally the pavilion’s branch master in Golden Fox Heavenly Cave.

“Genesis Stone!” The whole auction hall was in an uproar.

Items of creation era, no matter what they were, as long as they were slightly connected, they would be a supreme treasure.

“On top of that, there is a high chance that this genesis stone contains an unparalleled treasure within.” With the same smile, the auctioneer went on, “Maybe, there’s a genesis spirit inside, maybe genesis poisonous water, genesis lightning water, genesis magma, so on and so forth...”

She went on to give a long list of possibilities.

“What is the starting price for this piece of genesis stone?” the Stone Ancestor interjected impatiently.

The auctioneer’s smile widened, “Lord Stone Ancestor, our branch master is not planning to sell it. He said that those who want this genesis stone they can exchange it with other genesis items. Everyone can mention what they have, and our branch master will decide who to exchange it with.”

Chapter 3042: Mysterious Stone (II)

Exchange?

After hearing the condition from the beautiful auctioneer, Stone Ancestor, Jin Xiaoxiao, Fan Luo, Dragon Venerable Jian Huang, Dao Jianchou, and even Ren Fengyuan’s eyes lit up.

All of them were clearly interested in the mysterious stone, and even though the Mystical Pavilion had failed to find out what was inside the stone, what if there was really genesis lightning water, genesis poisonous water, or other treasures of this level?

One could imagine how heavy the mysterious stone was from watching the two First Esteem Dao Venerable experts struggle to carry it onto the stage. A common genesis stone couldn’t be this heavy, and therefore, there had to be some kind of treasure inside.

“I would assume the Mystical Pavilion has tried many ways to open this stone, right? But even the Mystical Pavilion failed to open it, how are we going to open it after buying it?” Dao Jianchou suddenly asked aloud.

The auctioneer smiled politely and spoke in her crisp voice, “Just because our Mystical Pavilion failed to open it doesn’t mean no one can open it, right? Who knows, there’s people amongst everyone here who might be able to do it? Of course, if you can’t open it after bringing it back, it is not the Mystical Pavilion’s business.”

The others smiled slyly at her answer.

But the auctioneer’s introduction was like an unscratchable itch in everyone’s heart, and they couldn’t help but be attracted to the mysterious stone.

“I have a genesis treasure, Blood Lotus!” Ren Fengyuan of Heaven Seizing Chamber of Commerce spoke as he took out a stalk of blood-colored lotus. The instant the blood-colored lotus appeared, it cast a blood-red glow onto the entire auction hall.

However, there was nothing evil about this blood-red glow. It was neither sinister or nefarious. Instead, it had a mesmerizing brilliant flow that was dream-like, surreal, and enrapturing.

Blood Lotus!

Gazes turned hot as everyone’s eyes locked on the blood lotus in Ren Fengyuan’s hand.

This was a genuine genesis spiritual herb!

Moreover, blood lotus had many miraculous uses.

“I’m willing to use this Nine-Colored Reishi to exchange the mysterious stone.” Suddenly, a mysterious man clad in all black, seated in a corner of the auction hall, spoke and took out a ganoderma that exuded a prism of nine-colored lights. The nine-colored lights were clear and orderly, and every layer of light seemed to be a world in itself, nurturing many colorful elves inside.

“It’s actually the Nine-Colored Reishi!” Eyes shifted away from the Blood Lotus to the Nine-Colored Reishi.

The Nine-Colored Reishi was one of the Origin Holy World’s genesis level spiritual herbs, and it had always ranked in the top one hundred amongst the genesis level spiritual herbs.

No one could have thought that this mysterious person clad in black would be willing to use the Nine-Colored Reishi to exchange for the mysterious stone.

Jin Xiaoxiao, Fan Luo, Stone Ancestor, Dragon Venerable Jian Huang, Dao Jianchou, and the others looked surprised. Dragon Venerable Jian Huang and Dao Jianchou who intended to compete for the mysterious stone shook their heads and gave up on the thought. Although they had some genesis items in their possessions, they were far less in value compared to the Nine-Colored Reishi.

Jin Xiaoxiao and Fan Luo struggled inwardly.

Both of them could take out sky-opening items at the same level as the Nine-Colored Reishi, and they even had something better, but was it worth it to exchange them for the mysterious stone?

Both hesitated.

Even Stone Ancestor fell into silence.

Gazes flitted between Huang Xiaolong, Stone Ancestor, Jin Xiaoxiao, and Fan Luo. It went without saying that these four were the ones who could afford something valuable at the level of the Nine-Colored Reishi.

“I only have one Geocentric Bead!” Then, Jin Xiaoxiao’s voice sounded. She took out a yellowish bead. The yellowish bead’s yellow light immediately won over the Blood Lotus’ blood-red glow.

“Geocentric Bead, real, really? The Golden Fox Princess wants to use her Geocentric Bead to exchange that mysterious stone!” someone exclaimed in disbelief.

Geocentric Bead was another kind of genesis treasure, formed in the depths of the earth after countless years of accumulation. With the Geocentric Bead in one’s close proximity, one would be able to sense the earth’s energy. Although the earth’s energy was weaker than heaven and earth’s energy, it was one of the high-grade energy.

Moreover, the Geocentric Bead was not only useful in cultivation, but it could also enhance the wearer’s attack power. For example, with the Geocentric Bead in hand, Jin Xiaoxiao could borrow the earth’s power and suppressed an opponent of the same cultivation realm.

It was no secret the Golden Fox Manor possessed a Geocentric Bead, but no one had expected Jin Xiaoxiao to be willing to exchange it for the mysterious stone.

Fan Luo was astounded by Jin Xiaoxiao's action. He was still hesitating a moment ago, but seeing this, he decided to give up.

Stone Ancestor stared fixedly at the mysterious stone in silence the whole time, and his eyes shone from time to time as he was considering what he should take out to compete for the mysterious stone.

Though the Geocentric Bead was precious, he was confident he had a chance if he really wanted to compete.

He was still contemplating whether the mysterious stone was worth it. Unfortunately, his technique did not allow him to see through the stone's secret.

The auctioneer was in no hurry as well, and her beautiful eyes occasionally stopped on Huang Xiaolong and Stone Ancestor.

"I also have one genesis spiritual herb." Huang Xiaolong spoke unhurriedly and took out a small thistle before everyone's full attention.

The little thistle plant was constantly flickering, solid one second, and ethereal in the next second, like playing hide and seek with space, illusive and unpredictable.

Many didn't recognize this little thistle, and looked at their companions in confusion.

"An unknown grass you dug out from God knows where is also a genesis spiritual herb?" The Nine Vision Creed's Young Patriarch Li Dongjun snorted audibly.

But before he could say more, Stone Ancestor, Fan Luo, and Ren Fengyuan blurted out excitedly, almost at the same time, "Void Reincarnation Thistle!"

Others blanked for a second, and then shock rose to their faces and gazes on the little thistle in Huang Xiaolong's hand turned hot.

"It's actually the Void Reincarnation Thistle, one of the top ten genesis spiritual herbs!" an excited voice shrieked.

The mysterious man's Nine-Colored Reishi was one of the top one hundred genesis spiritual herbs, but next to the Void Reincarnation Thistle, the reishi was only a little better than medicine dregs!

There was no comparison between the two.

The Nine-Colored Reishi was rare, but one could still find it in some auctions as the finale item. On the other hand, the Void Reincarnation Thistle, one of the top ten genesis spiritual herbs, had appeared no more than ten times!

It was not an exaggeration to say the Void Reincarnation Thistle was a priceless treasure.

A single genesis level pill needed a hundred kinds of genesis spiritual herbs, maybe even more, to refine. But just one Void Reincarnation Thistle had the same efficacy of a genesis level pill. Even more precious

was the Void Reincarnation's absolute space power as one had a chance to comprehend the power of absolute space from it.

The auctioneer was able to remain calm seeing the Nine-Colored Reishi. Her reaction was the same with the Geocentric Bead, but when the Void Reincarnation Thistle appeared, she was obviously thrilled.

Jin Xiaoxiao was astounded that Huang Xiaolong took out the Void Reincarnation Thistle, and there was a trace of complex emotions, including anger, and desire.

Her Geocentric Bead was precious, but it was not as valuable as Huang Xiaolong's Void Reincarnation Thistle.

"Who else would like to exchange this mysterious stone?" the auctioneer asked.

All eyes were on Stone Ancestor.

Stone Ancestor shook his head, indicating he had given up. He didn't have any genesis treasure in the top fifty, and even if he did, he wouldn't take it out to exchange for the mysterious stone. Huang Xiaolong was a fool in his eyes, and he pitied him in his heart.

Chapter 3043: It's Has Been A Long Time Since I Laughed This Happily

After seeing that there were no more people who wanted to exchange for the mysterious stone, the auctioneer reported the items offered for exchange by Ren Fengyuan, Jin Xiaoxiao, and Huang Xiaolong to the branch master. In the end, the branch master selected Huang Xiaolong's Void Reincarnation Thistle.

No one was surprised by this result. As long as one wasn't a fool, anyone would have chosen the Void Reincarnation Thistle. Thus, in the end, the mysterious stone fell into Huang Xiaolong's hands.

But when the auctioneer offered to have people carry the mysterious stone to Huang Xiaolong's place, Huang Xiaolong declined, "There is no need." With that said, with one hand, he grabbed the mysterious stone across the air and took it away.

This slight show of hand surprised many.

"Early Ninth Esteem Dao Venerable Realm! Close to peak early Ninth Esteem Dao Venerable Realm!" An expert exclaimed.

Hearing Huang Xiaolong was actually an early Ninth Esteem Dao Venerable expert genuinely surprised many. A small commotion swept through the guests. After all, no matter which top-tier creed or force they were in, a Ninth Esteem Dao Venerable expert held a high status. Though many were surprised, no one was shocked. They had witnessed Old Monster Flame's strength, and even the Seventh Esteem Dao Venerable, who had used Qiankun Palm, was slapped half to death by Old Monster Flame. Thus no one was really shocked that Huang Xiaolong was an early Ninth Esteem Dao Venerable.

"So, he's an early Ninth Esteem Dao Venerable..." Nine Vision Young Patriarch Li Dongjun snickered. "And here, I was thinking that he's some expert on the Extermination List."

The experts around Jin Xiaoxiao laughed meaningfully.

“Have Senior Commander Yu Wen and the rest arrived?” Jin Xiaoxiao turned her head and asked Commander Liu beside her.

“Replying to the Princess, Senior Commander Yu Wen’s group has just reached Xuan City.” Commander Liu answered promptly and added, “They are awaiting orders.”

Jin Xiaoxiao stared coldly in Huang Xiaolong’s direction. “Good, have them wait outside. Let Dao Jianchou have a go at them first, and if Dao Jianchou doesn’t make a move, we’ll take action.”

Dao Jianchou stood up at this time, and with a single step forward, he arrived in front of Huang Xiaolong’s terrace, staring at the great blade. Then he looked feverishly at Huang Xiaolong and stated the obvious, “The auction has ended.”

He was speaking about the challenge that was agreed upon earlier.

Huang Xiaolong smiled, looking at Dao Jianchou, who couldn’t wait to get started. Just as he was about to say something, the beautiful auctioneer appeared in front of Huang Xiaolong and politely said, “Lord, our branch master invites you over. He has something to discuss with you.”

Huang Xiaolong glanced at the several branch pavilion’s experts behind her, and chuckled softly, “It seems I can’t decline your branch master even if I wanted to.”

The Clandestine Golden Fox Branch Pavilion sent many experts, and all of them were Dao Venerable experts. Their purpose was obvious.

The auctioneer smiled sweetly. “Lord has misunderstood. The branch master sent them here to respectfully escort you.”

Huang Xiaolong merely chuckled, “I’m really honored.”

He stepped off the terrace and walked away with the Mystical Pavilion’s group, and as he was passing by Dao Jianchou, he said, “Wait for me outside, one hour.”

One hour was enough for him to deal with the Clandestine Golden Fox Branch Pavilion’s experts.

Dao Jianchou frowned, but after looking at the branch pavilion’s experts, he kept silent.

The auctioneer shook her head inwardly, she didn’t know whether this young man was pretending to be a fool, or really a fool? Does he really think he can come out an hour later?

Although she didn’t know why the branch master was looking for this young man, it was clear to all that the branch master wouldn’t allow him to leave the branch pavilion so easily.

Watching Huang Xiaolong’s group taken away by a group of branch pavilion’s experts, Jin Xiaoxiao sneered, “It looks like there are many people who want his life. I don’t have to worry at all.” She then ordered Commander Liu, “Pass my order to Zhou Hong, Tan Hua, and Sui Hengyi, and tell them to get over here to see me this instant!”

Commander Liu complied respectfully.

.....

A few minutes later, Huang Xiaolong arrived at the deepest part of the branch pavilion.

In front of Huang Xiaolong was the entrance of an independent space.

Huang Xiaolong was no stranger to this kind of independent space. The Mystical Dragon Fish Branch Pavilion Master Ceng Lei had invited him into this kind of independent space to refine pills.

Each branch pavilion had independent spaces like this.

“Lord, our branch master says he’s only meeting you alone, your subordinates can wait outside.”

At the entrance to the independent space, the auctioneer politely blocked Lei Yu, Old Monster Flame, and the others from entering.

Huang Xiaolong nodded at them, then followed the auctioneer inside.

Upon entering the independent space, Huang Xiaolong saw a middle-aged man standing in the air. His long, black hair, fluttered without wind, exuding a chilling coldness. It wasn’t that he deliberately targeted Huang Xiaolong as this coldness was related to the grand dao art he practiced.

The Mystical Golden Fox Branch Pavilion Master, Mou Baicheng was a late-Ninth Esteem Dao Venerable, and he had comprehended a trace of absolute frost power. Another person with amazing talent, and amazing combat prowess. Although he was a late-Ninth Esteem Dao Venerable, he could definitely put up a good fight against characters like Dragon Venerable Jian Huang, and Dao Jianchou.

“This is our branch master.” The auctioneer stopped a hundred meters away from Mou Baicheng and introduced to Huang Xiaolong, and then, she respectfully reported to Mou Baicheng, “Branch Master, I have brought him here.”

Mou Baicheng did not turn around to face Huang Xiaolong, and spoke directly, “Early Ninth Esteem Dao Venerable? Your strength is not weak, and you possess astonishing wealth. You spent more than twenty billion dao coins without blinking an eye, and you even possessed a rare treasure like the Void Reincarnation Thistle.”

After seeing that Mou Baicheng had invited him here, but was refusing to even face him while talking to him made Huang Xiaolong almost laughed out loud. He purely found it funny. He hadn’t merely come to Xuan City for the Phoenix Fire Crystal, but Mou Baicheng was also one of his goals. However, before he went looking for Mou Baicheng, Mou Baicheng had come knocking at his door, and it looked like his spending and Void Reincarnation Thistle had attracted Mou Baicheng’s ‘interest.’

Mou Baicheng finally turned to face Huang Xiaolong after not getting a response for a long time, and when he turned, he was stunned to discover Huang Xiaolong was looking at him with the eyes of a predator.

“Mou baicheng, this space is... not bad.” Huang Xiaolong looked around and commented, “Fighting inside here won’t alert other people in Xuan City.”

Mou Baicheng felt speechless.

A strange thought flashed across his mind as he looked at Huang Xiaolong and he smiled sheepishly as he asked, “You won’t be thinking of attacking me, would you?”

“You’re right.” Huang Xiaolong went on, “In truth, before coming to Xuan City, you were one of my goals, and although your strength is only so-so, as a Mystical Branch Pavilion Master, you’re worthy of a slave position by my side.”

Mou Baicheng was stupefied. So was the auctioneer beside Huang Xiaolong. She looked at Huang Xiaolong with a pitying gaze. Regardless of Huang Xiaolong’s status, she could already see Huang Xiaolong’s miserable ending.

Mou Baicheng laughed heartily, and it was so loud that the space was shaking with his laughter, “Take me as your slave?”

He stared at Huang Xiaolong with a bright smile. “It has been a long time since I laughed so happily.”

Chapter 3044: Impatiently Waiting

Huang Xiaolong looked at Mo Baicheng’s bright smile, without any urgency to attack. He had already told Dao Jianchou that he would meet him in one hour, so there was ample time.

When Mou Baicheng stopped laughing, his gaze sharpened with gleams of coldness within, “I know you have an extraordinary identity and background, but today, I don’t care who you are, and you will die a miserable death!”

Huang Xiaolong clasped his hands at his back and goaded, “Just relying on an ant-like you?”

Ant!

The sharp beams of light shot out from Mou Baicheng’s eyes and straight at Huang Xiaolong. From afar, these two beams of light resembled great rivers in the galaxy. The beams were sharp as blades, slashing through space.

Boom!

The two beams of light hit Huang Xiaolong simultaneously.

The immediate space around Huang Xiaolong shattered to pieces, and black holes appeared, flickering in and out. But Huang Xiaolong was not reduced to pieces like Mou Baicheng had expected, and he stood there like an indomitable towering peak, no matter how the two energy beams attacked!

The two energy beams felt like a soft drizzle of rain when falling on Huang Xiaolong’s body. Who has ever seen a soft drizzle washing people away?

Mou Baicheng was astonished that Huang Xiaolong had managed to maintain his footing. The auctioneer’s eyes widened in shock, as she knew very well that the attack just now was the branch master’s most powerful grand dao art, the energy of light. Many experts at the same level as the branch master would suffer heavy injuries when hit by the energy beams, but this young man was unscathed!

Mou Baicheng’s eyes narrowed, and he began taking Huang Xiaolong a bit seriously. Then again, just a bit because so far, he had only used fifty percent of his strength.

“It looks like I’ve underestimated you,” Mou Baicheng said icily. “But don’t be complacent because I merely used half of my strength right now.”

Huang Xiaolong smiled indifferently. "In that case, I'll give you another chance to attack. This is your last chance, and I hope you will go all out to use your most powerful attack."

Mou Baicheng's face darkened as he saw Huang Xiaolong standing with his hands behind his back, scrutinizing him, and the momentum of a late-Ninth Esteem Dao Venerable was fully released. Cosmos energy came howling out under his urging, like a tsunami hitting this independent space, causing cracks all over.

"Cold Beams!"

"Sky Freeze!"

Mou Baicheng spat out slowly as he raised his palms. Not knowing what he did, his body floated forward, arriving in front of Huang Xiaolong almost instantaneously, and his palms slapped against Huang Xiaolong's chest.

His palms exerted force as terrifying frost turned into cold beams and went through Huang Xiaolong's chest. When Mou Baicheng attacked, it gave others an illusion that the world was frozen still.

Pulses of cold beams resembled maggots. After hitting Huang Xiaolong's chest, the coldness clung to Huang Xiaolong's robe and body, wrapping around him layer after layer, covering Huang Xiaolong entirely in frigid ice.

Mou Baicheng stopped and sneered, seeing that Huang Xiaolong was trapped in his world of frigid ice.

"Congratulations, Branch Master!" The auctioneer stepped forward and showed a sweet smile to Mou Baicheng.

Mou Baicheng nodded, and commented, "This brat was careless, otherwise, it would have taken a bit more effort to deal with him."

Right at this time, a loud crack came from the world of frigid ice trapping Huang Xiaolong. The crack multiplied rapidly, spreading everywhere, and more than half of the ice surface had cracked in a split second.

Mou Baicheng's face tightened as he pushed forward with his palms again. Cold beams of light rushed into the world of frigid ice, but no matter how much energy he sent in, he was unable to stop the cracks.

Bang!

The world of frigid ice fragmented to smithereens.

Huang Xiaolong was once again in front of Mou Baicheng and the female auctioneer.

Given no time to think, Mou Baicheng attacked again, the cold light circulating around his palms were glaring bright, but Huang Xiaolong merely flicked his fingers at Mou Baicheng. Mou Baicheng ashened. In others' eyes, Huang Xiaolong had merely flicked his fingers. It was ordinary, and there was no momentum at all, but in Mou Baicheng's eyes, the surrounding heaven and earth energy had condensed between Huang Xiaolong's fingers.

He didn't have time to dodge and was hit squarely by Huang Xiaolong's finger force. The moment it hit Mou Baicheng, the invisible energy ball exploded.

Dong! Mou Baicheng crashed into the distance and rolled to the deepest corner of the space. Blood was flowing from his mouth and chest.

The auctioneer was rooted to the spot with a dumbfounded expression on her face. Her face was drained of blood as she looked fearfully at Huang Xiaolong.

"I gather your status in the Mystical Pavilion is not low," Huang Xiaolong asked, wearing a casual smile on his face, "What's your name?"

She answered as if someone was clutching at her neck, "I am the Mystical Golden Fox Branch Pavilion's alchemist." She stopped there.

"Oh," Huang Xiaolong had not expected that. A pill refiner?

Every Mystical Pavilion's branch was equipped with an alchemist, and those capable of holding that position were highly skilled in pill refining.

Then again, this female was no simple alchemist, and she had to have another identity in the Mystical Pavilion.

During this brief conversation, Mou Baicheng had climbed from the ground. With his face warped with fury and astonishment, he glared at Huang Xiaolong and demanded, "Who are you?"

Huang Xiaolong did not answer, but he circulated his Huang Long Bloodline, and a golden dragon appeared behind him. The independent space immediately seemed small with the giant golden dragon in it.

"The dragon of creation!" Mou Baicheng shrieked as he looked at Huang Xiaolong fearfully and could no longer keep his composure. "You are the Son of Creation?!"

The auctioneer was agape, and her eyes stared dazedly at the dragon of creation.

The Creation Dragon's might filled the entire space. Suddenly, two beams of light shot out from its eyes, entering Mou Baicheng and the auctioneer's body. Both fell under Huang Xiaolong's control.

As Huang Xiaolong's strength improved, it became increasingly easier for him to brand others with the creation mark. Having controlled over the two, Huang Xiaolong asked the auctioneer's identity. To his surprise, the auctioneer's master was actually the main Mystical Pavilion's alchemist!

Unfortunately, though this woman was the main Mystical Pavilion's alchemist's disciple, she had no idea where the main pavilion was.

Huang Xiaolong subsequently helped Mou Baicheng recover with the power of nirvana, and had him order all Golden Fox Branch Pavilion's Dao Venerable to enter this space.

All this happened in less than an hour, Huang Xiaolong had every Dao Venerable of the branch pavilion under his control.

Huang Xiaolong then asked Mou Baicheng about the mysterious stone, as well as Lei Yu's missing eldest disciple.

It was close to what Huang Xiaolong and Lei Yu had deduced. At that time, Mou Baicheng and the Nine Vision Creed Patriarch had swallowed the treasury between them. The Nine Vision Creed Patriarch had attacked Lei Yu's eldest disciple, and Lei Yu's eldest disciple had ended up trapped inside a restriction on the depths of the treasury.

"In other words, Yang Chang that kid might still be alive." Lei Yu was overjoyed hearing this news.

Yang Chang was his eldest disciple.

Huang Xiaolong nodded smilingly. "Wait till we've annihilated the Nine Vision Creed, and Devil Curse Creed, we'll make a trip to the Heavens Burial Lands!"

Naturally, he wouldn't leave out the Panhu Creed and Devil Blade Creed.

"Let's go out as Dao Jianchou must be impatiently waiting for us." Huang Xiaolong grinned, and left the independent space on Lei Yu's back.

As expected, when they came out, Dao Jianchou was pacing back and forth around the great blade, looking extremely impatient.

Chapter 3045: Determine the Outcome With One Move

Dao Jianchou was pacing back and forth anxiously when he suddenly spotted Huang Xiaolong's figure. He was stunned for a moment. In the distance, Jin Xiaoxiao, Li Dongjun, and others were also surprised to see Huang Xiaolong come out so soon and unscathed.

"Branch Master Mou Baicheng let him off so easily?" Jin Xiaoxiao's brows wrinkled in suspicion.

"Maybe that kid used some kind of treasure to convince Branch Master Mou Baicheng to spare him?" Li Dongjun contemplated.

Jin Xiaoxiao doubted. Is it like that?

While Jin Xiaoxiao, Li Dongjun, and others were thinking of a reason, Dao Jianchou approached Huang Xiaolong in large strides with a beaming face. "Very good! You did not disappoint me. You said one hour, and you really came out in an hour."

Huang Xiaolong was tickled by Dao Jianchou's anxious face, so he laughed and said, "Shall we start now?"

Dao Jianchou was surprised, then his smile widened. "Start now! Before that, I want to add one condition."

"Oh," Huang Xiaolong wasn't really surprised, and as expected, Dao Jianchou went on, "If you lose, everything on you belongs to me, including all the things you bought at the auction."

In the distance, Li Dongjun's face sank hearing that. "This Dao Jianchou's really got a big appetite."

In the auction, Huang Xiaolong had spent more than twenty billion dao coins, and the amount on him naturally exceeded that sum. Counting the items Huang Xiaolong had purchased, Huang Xiaolong himself was a mobile treasury. It would be a lie to say Li Dongjun, Yu Dong, and others weren't tempted, but now, Dao Jianchou is planning to swallow everything alone?

"Princess," Yu Dong turned to Jin Xiaoxiao.

Jin Xiaoxiao was unnaturally calm. "There is no need to hurry. Even if Dao Jianchou got everything on that young man's body, he won't be able to walk away. Do you think the Stone Ancestor has left?"

Huang Xiaolong even had a Void Reincarnation Thistle, and the temptation was too big, that even an expert on the Extermination List like Stone Ancestor won't be able to leave so simply.

Realization dawned on Li Dongjun, Yu Dong, and the others, and Li Dongjun chuckled, "You shouldn't show off your wealth, but that brat grabbed all the limelight in the auction. Now, he's going to pay for it with his life!"

Huang Xiaolong laughed when he heard Dao Jianchou wanted everything on his body, "Sure, as long as you defeat me, you can take away anything on me. I have many genesis level pills and also many peak-grade cosmos artifacts."

Genesis level pills!

Peak-grade cosmos artifacts!

He has many!

Upon hearing Huang Xiaolong admit with his own mouth, it shocked many people, including Stone Ancestor that was watching from a hidden place.

Dao Jianchou looked at Huang Xiaolong in surprise, and beamed. "Are you joking?"

He really didn't believe that Huang Xiaolong had so many treasures on him, that he would even reveal it in public.

If Huang Xiaolong really has so many genesis level pills and peak-grade cosmos artifacts, experts from the entire Golden Fox Heavenly Cave would rush over here in a heartbeat. Even existences like the Golden Fox Dao Venerable wouldn't be able to suppress their greed, then who was mere Huang Xiaolong?

Huang Xiaolong's smile deepened at Dao Jianchou's question. He backed away on Lei Yu with the others, leaving a wide space for Dao Jianchou and Old Monster Flame.

Dao Jianchou looked at the Old Monster Flame with his blazing crimson hair, and then at the great blade. Suddenly, blade intent soared. All the experts on Qiongqi Sacred Land felt the shocking blade intent and battle intent.

Dao Jianchou's battle intent was fierce and vigorous, breaking through everything in its path, and it was unstoppable. It was as if he alone could destroy heaven and earth, incinerate a galaxial river.

“Let’s keep things simple and make things quick, and determine victory with one move!” Dao Jianchou laughed as he said to Old Monster Flame. He was proud, brazen, and he projected a domineering quality. In the next moment, he made his move. The great blade resting on his shoulder slashed out at Old Monster Flame, and the whole world lit up. It was Dao Jianchou’s blade rays that shot to the firmament, piercing everyone’s eyes.

This slash was domineering, violent, awe-inspiring, and robust, and at this moment, every experts’ blade hummed in excited resonance. Dao Jianchou’s blade intent had triggered a resonance with these blades.

In the same moment Dao Jianchou made his move, Old Monster Flame also moved. He closed the distance between them in a split second as if he was one of Dao Jianchou’s blade rays. However, Old Monster Flame’s speed was faster. He pointed forward with his finger, and it was akin to the condensation of ten thousand suns’ rays.

This simple point of his finger could incinerate a planet, melt the vast space, and pierce a hole through a sacred land like the Qiongqi Sacred Land!

Blade intent and finger intent dominated the horizon, and red blazing flames colored the sky, and blade rays criss-crossed in the air.

Dao Jianchou and Old Monster Flame brushed past each other, as if two strangers on the streets were suddenly swerving to avoid the other. Then, neither moved.

Everyone was awestruck.

In the next second, blade intent in the air disappeared, and the blade rays in the firmament shattered like glass.

Yet the blazing flames remained, spreading onward, burning the mountain ranges in the distance as if it would never stop.

“Why did they stop?” Li Dongjun frowned, seeing Dao Jianchou merely standing there.

Jian Xiaoxiao also found it strange, when she saw Dao Jianchou slowly turning to look at Old Monster Flame’s back with absolute terror. That’s right, terror. “You, extermination!”

Before he could say another word, a crimson-flame hole appeared in his forehead. This crimson-flame hole was a burning hole through Dao Jianchou’s head, turning Dao Jianchou’s head crimson like Old Monster Flame’s hair.

The flames made quick work of Dao Jianchou, incinerating him like a piece of paper.

Those who were baffled as to why Dao Jianchou had suddenly stopped in the middle of a battle stiffened on the spot, and then, shock and terror sunk in. It was an indescribable feeling of terror.

“Dao, Dao Jianchou, lost?!” a Cangming Creed’s disciple stuttered blankly.

“No, no, he, he was exterminated!” The one who answered him was a Cangming Creed’s high-level Dao Venerable expert.

Just like what Dao Jianchou had requested earlier, it was a quick battle, and the victory was determined with one move. And the outcome had indeed come out after one move, however, the one who was exterminated was Dao Jianchou!

Jin Xiaoxiao stared dazedly at the spot where Dao Jianchou was incinerated, and she was unable to recover for a long time. There were flames flowing on that spot, like glittering crystals, and they looked extremely beautiful.

The peak late-Ninth Esteem Dao Venerable Dao Jianchou with minor completion in dao intent had crushed many peak late-Ninth Esteem Dao Venerable experts with overwhelming strength. He had stood at the peak of Golden Fox Heavenly Cave and some neighboring heavenly caves for countless years. He was the person who had brought a headache to many creeds' patriarchs at the mention of his name, but he was exterminated with one finger!

Stone Ancestor's pupils needled and his heart tightened. In his mind, the scene of Old Monster Flame's single finger tap played repeatedly.

Old Monster Flame caught Dao Jianchou's dao soul and brought it to Huang Xiaolong. Huang Xiaolong held Dao Jianchou's dao soul and laughed softly, seeing the absolute horror on his face. "I told you that as long as you're capable, you can take away anything from my body. Pity that it seems like you don't have the strength to do so."

Don't have the strength!

This sentence greatly deterred those who coveted the good things on Huang Xiaolong's body.

Huang Xiaolong threw Dao Jianchou's dao soul into the Sun Moon Furnace, letting him stay with the other dao souls. Riding on Lei Yu, and with Old Monster Flame following behind them, Huang Xiaolong went towards Jin Xiaoxiao, and Li Dongjun's group.
