

Chapter 3074: Peak Late-Ninth Esteem Dao Venerable Realm

Seeing Lei Yu's action, Old Monster Flame and others also stepped out from the Leiyu Grand Formation, rushing into the death beasts tide.

Another ten days of killings passed.

Then, everyone noticed the endless death beasts tide had slowed down and were retreating, just like the receding tide at sunset, till not a death beast in tide.

Lei Yu did not chase after the receded death beasts tide, but looked solemnly at the far horizon for some time before going back into the Leiyu Grand Formation with Old Monster Flame and the rest.

But news soon spread from the Golden Fox Heavenly Cave that the Immemorial Heavenly Cave, and Luosheng Heavenly Cave had fallen into the hands of the death beasts army!

Even the Immemorial Heavenly Cave's and Luosheng Heavenly Cave's Lord Manors were reduced into ruins, both heavenly caves' several hundred million army became food in the mouth of death beasts.

Immemorial Dao Venerable and Luosheng Dao Venerable survived and fled from this catastrophe with merely several hundred experts.

.....

Another decade went by.

It was a clear day in the Leiyu Creed today, a sign of a good day.

Suddenly, the entire Lei Yu Creed space quaked momentarily, alarming Lei Yu, Old Monster Flame and the others.

"The death beasts are back?!"

In the hall, Zhou Hong's voice could be heard.

In the last few decades, the death beasts army had attacked the Leiyu Creed on and off more than a dozen times.

When everyone spread their dao souls to check out the situation, they did not find any clues of death beasts army's attack, yet the Leiyu Creed space quaked again, even stronger this time.

Each used their own method to find out what was happening but none of them could detect the source that caused these quakes.

"Everyone, don't fret, it's His Highness." While everyone was feeling slightly flustered because of the unknown, Lei Yu informed loudly.

Lei Yu barely finished his words, everyone saw a figure flew out from the depths of Leiyu Creed's forbidden land, who could this be but Huang Xiaolong?

Everyone was overjoyed, and hurried forward in salute, "Your Highness!"

Huang Xiaolong nodded at everyone and smiled, "Stand up."

When everyone got up on their feet, Huang Xiaolong looked at everyone and asked, "What happened?" it was hard not to notice everyone's tensed expressions, and the fact that the entire Leiyu Creed's grand formations were fully activated.

Lei Yu stepped forward and explained with a serious expression, "Your Highness, in the years you were in seclusion, the Death Beasts Peril Land's death beasts army had invaded the Origin Holy World, now, they have dominated one-fifth of the Origin Holy World's heavenly caves. The Luosheng Heavenly Cave and Immemorial Heavenly Cave were completely taken by the death beasts, these two heavenly caves' lord manors stepped to the ground!"

Lei Yu then recounted the things that happened during Huang Xiaolong's seclusion.

After listening to Lei Yu's report, even Huang Xiaolong was shocked and looked extremely solemn.

Merely in a hundred year, one-fifth of the Origin Holy World had fallen into the death beasts' hand!

Even the dozen of heavenly caves bordering the Heavens Burial Lands' had lost half of their territories to the death beasts army.

This matter, probably even the Destiny Race, and main Mystical Pavilion couldn't do?

Although the Mystical Pavilion was hailed as the most powerful force in the whole Huang Long World, its strength was scattered in various holy worlds, merely based on the number of its experts in the Origin Holy World, they were incapable of the same feat as the death beasts army.

How much manpower and resources does it take to occupy one-fifth of the Origin Holy World? How many experts?

Yet the death beasts did it.

"However, the death beasts have stopped expanding outwards in recent years," Lei Yu went on, "Instead, they had been strengthening their control of the territories they are occupying in the last few years, using the resources they found to strengthen and build new death beasts armies, as well as sending back resources they obtained from various heavenly caves back to the Death Beasts Peril Land."

Huang Xiaolong nodded.

It seems the death beasts had stopped expanding outwards because of manpower restraints.

But Huang Xiaolong was baffled about one thing, did the death beasts army invade the Origin Holy World merely for these so-called resources?

"Any idea what's the reason these death beasts suddenly invade the Origin Holy World?" Huang Xiaolong asked Lei Yu.

"According to Wind Cloud Old Man and Jin Hongyuan that brat, the death beasts' ten death beast kings suddenly allied and made such an order." Lei Yu answered.

At the Golden Flame Sandy Land, Wind Cloud Dao Venerable, Jin Hongyuan, and both forces' experts had all been branded by Huang Xiaolong's soul mark, therefore, Wind Cloud Dao Venerable and Jin Hongyuan were also Huang Xiaolong's subordinates.

"Ten death beast kings?" Huang Xiaolong had not expected something like that.

Lei Yu nodded and went on, "Yes, the Death Beast Peril Land's ten beast kings! The Death Beasts Peril Land's ten beast kings each possess terrifying strength. It is said, when the Destiny Race's patriarch entered the depths of Death Beasts Peril Land, he battled with one of the beast kings, and that beast king's strength is comparable to the Origin Holy World's World Master."

Huang Xiaolong's eyes narrowed solemnly.

"There are many different theories why these ten beast kings suddenly ordered to invade the Origin Holy World's various heavenly caves. Some claim the death beasts have always been multiplying, laying dormant, accumulating strength, and now, they have enough strength to take over the Origin Holy World. They are no longer willing to squat within the Death Beasts Peril Land!" Lei Yu said.

"Some said the Myriad Formation Devil stole an important treasure from the Death Beasts Peril Land, and killed one of the beast king's grandchild, provoking the ten beast kings' wrath, which brought about their invasion into the Origin Holy World!"

"But there is another theory that claims there would be a heaven-defying treasure being born in our Origin Holy World, hence the ten beast kings rushed in and invaded several heavenly caves because the leader of the ten beasts kings is on the edge of advancing, and requires a huge amount of resources." Lei Yu shook his head, "Even Wind Cloud Old Man and Jin Hongyuan that brat can't determine which is true."

Huang Xiaolong's eyes glimmered as he fell into contemplation.

Myriad Formation Devil was an expert ranked fourth on the Extermination List, wields perfection level absolute darkness power and absolute wind power. On top of that, his absolute earth power had reached the major completion level long ago. He was also entitled as the ancestor of formations, his knowledge and skills in formation was widely acknowledged by the whole Origin Holy World, he was undoubtedly the strongest expert in formation.

Therefore, there was a high chance Myriad Formation Devil snuck into the Death Beasts Peril Land, and stole the death beasts' treasure.

However, this was merely one of the reasons the death beasts invaded the Origin Holy World.

If the leader of the ten beast kings needs a huge amount of resources to break through, then this would definitely be a big magnitude breakthrough.

"What's the reaction from the Origin Holy World Master and Mystical Pavilion?" Huang Xiaolong asked after some time.

Lei Yu answered, "The World Manor's Origin Army had battled no less than ten times, each side has casualties. The World Manor has reached an understanding with various heavenly caves' lords. The

Origin Alliance is the result of that, and had managed to gain a foothold quickly. Probably, the Origin Alliance if one of the death beasts army has stopped expanding their territories in recent years.

“As for the Mystical Pavilion, there hasn’t been any movement from them. The death beasts army did not besiege the various Mystical Pavilion’s branches.”

Huang Xiaolong nodded, it seems even the death beasts do not want to collide with a hegemon like the Mystical Pavilion.

“Your Highness, how is the harvest of your seclusion?” Lei Yu suddenly asked.

Others also looked at Huang Xiaolong with expectation.

Huang Xiaolong smiled with ease, “Not bad.”

In truth, the harvest was more than ‘not bad.’ After refining the Rebirth Purple Crystals, peak-grade Phoenix Fire Crystals, and Nine Flames Pills under the Parasol Tree, his power of nirvana has finally advanced to perfection level!

Not only that, his power of radiance that he barely touched the threshold of had achieved minor completion, his absolute lightning power had reached the peak of major completion, and power of blaze finally entered major completion.

And his cultivation realm had entered the peak late-Ninth Esteem Dao Venerable Realm.

The three small worlds inside him had grown bigger than the norm of the ultimate stage.

Due to the purification benefits from the pure soil, his three dao souls had become clearer, he could grasp the essence of things that he had not understood in the past.

Naturally, his perfection level Dao Body of Heaven and Earth had been tempered further.

Chapter 3075: Heading to the Origin Heavenly Cave

In summary, amongst Huang Xiaolong’s absolute powers, three of his absolute powers, his power of nirvana, absolute poison, and absolute frost had reached perfection level. Counting his peak major completion absolute lightning power, and major completion absolute blaze power, Huang Xiaolong could say confidently that he could teach the Origin Holy World Master like a grandson.

Even without exerting the power of Huang Long Bloodline, or three small worlds’ cosmos energy, he was capable of defeating the World Master merely based on his own physical power.

Three or four World Masters would be far from enough to be his opponents if he exerted the power of Huang Long Bloodline, his three small worlds’ cosmos energy, Huang Long Armor, and Huang Long Twin Blades.

Not to mention, he also wielded minor completion power of darkness, and minor completion power of radiance.

The only disappointment was that there was still no progress in his absolute wood power.

He had started comprehending the power of darkness and power of wood at about the same time, and now his absolute power of darkness had reached the minor completion stage, while he was still hovering outside the threshold of absolute wood power.

From the beginning until now, he had spent no less than a thousand years comprehending the absolute power of wood power.

'I wonder what's the progress of Wind Cloud Dao Venerable, Jin Hongyuan, Absolute Dao Lord, and others in collecting what I requested?' Huang Xiaolong wondered inwardly.

Before going into seclusion, Huang Xiaolong had exhorted Wind Cloud Dao Venerable, Jin Hongyuan, Absolute Dao Lord, and others to help him find the whereabouts of Liquid of Life, Dazzling Golden Stone, Green Wind Wings, and Profound Concentration Earth.

All these were genesis-level items.

The vitality in the Liquid of Life also contained the power of wood, and it was a great treasure to assist the comprehension power of wood.

The Dazzling Golden Stone was excellent in aiding the comprehension of absolute metal power, Green Wind Wings for the power of absolute wind, and Profound Concentration Earth corresponded to the power of earth.

Currently, Huang Xiaolong had comprehended seven elements, if he could comprehend these other four elements, it would add up to eleven out of the thirteen absolute powers, leaving only the power of time, and power of space.

Time and space had always been harder to comprehend than other elements. Thus Huang Xiaolong planned to first grasp the easier elements before coming in contact with the power of time and space.

There was a legend that said, when a cultivator could comprehend all thirteen elements, one would be able to transcend the world, and touch the border of Creation Realm to become an overlord of the universe!

Huang Xiaolong contacted Wind Cloud Dao Venerable, Jin Hongyuan, Absolute Dao Lord, the Golden Fox Mystical Pavilion Branch Master Mou Baicheng, as well as the Wild Maples Heaven Seizing Chamber of Commerce's Su Hong, and he received a prompt reply from all of them. Unfortunately, none of them had any good news for Huang Xiaolong. Although the five of them had used every available resource they could think of to find these items Huang Xiaolong wanted, they had come up with naught.

Huang Xiaolong subsequently contacted the World Manor's Xiao He, and Mystical Pavilion's Special Envoy Hailan, Devil Essence Holy Dragon Old Ancestor, Purple Giant, and Three Blades Yang.

Xiao He and Special Envoy Hailan's replies brought joy to Huang Xiaolong.

Xiao He was the Prince of Origin Xiao Yuncheng's younger cousin. Even though he was not as talented as Xiao Yuncheng, he was by no means average. He was already a peak late-Ninth Esteem Dao Venerable expert, and thus had a high status in the World Manor. Moreover, his father was the World Master's right-hand man, which made it convenient to get information.

According to Xiao He's message, there were Green Wind Wings and Profound Concentration Earth inside the World Master's treasury.

And Special Envoy Hailan's message mentioned that inside the Origin Mystical Branch, there was not only Liquid of Life, but also Dazzling Golden Stone, peak-grade Phoenix Fire Crystals, and also genesis lightning water!

The Mystical Pavilion had also many branches throughout the Origin Holy World, and amongst these many branches, the Origin Mystical Pavilion Branch at Origin Heavenly Cave was the strongest branch, only second to the main Mystical Pavilion. The Origin Mystical Pavilion branch master also held the highest authority among all branch masters.

"Great!" Huang Xiaolong laughed loudly, overtaken by joy. Who would've thought that there were so many treasures inside the Origin Mystical Pavilion Branch.

Lei Yu, Old Monster Flame, and the others were baffled by Huang Xiaolong's sudden good mood.

"Make preparations. We'll set off to the Origin Heavenly Cave in two days!" Huang Xiaolong ordered Lei Yu and the others.

Everyone was further confused by the order.

"Your Highness wants to go to the World Manor?" Lei Yu's eyes lit up as he asked.

Huang Xiaolong smiled. "En, we're going to the World Manor."

Some time had passed since he had first arrived at Origin Holy World, and Huang Xiaolong thought it was about time he took a look around the Origin Holy World and the World Manor.

Needless to say, there were countless heavenly creeds in the Origin Holy World, and the Origin Heavenly Cave stood above the rest in terms of strength and size. The Golden Fox Heavenly Cave was a top-tier heavenly cave in the Origin Holy World, but compared to the Origin Heavenly Cave, it was akin to comparing a melon to a watermelon. Inside the Origin Heavenly Cave, there were as many as one hundred and sixty-two creeds!

A hundred and sixty-two creeds was a shocking number in itself.

After all, in the Divine Tuo Holy World's Dragon Fish Heavenly Cave, there were merely a dozen of creeds within.

Then again, the Origin Heavenly Cave was more than ten times the size of the Dragon Fish Heavenly Cave, it was at least a hundred thousand times bigger!

In the next couple of days, Huang Xiaolong, Lei Yu, Old Monster Flame, and the rest of the fourteen people got busy with strengthening the Leiyu Grand Formation as well as sparring with absolute powers when they were free.

In order to strengthen the Leiyu Creed's grand formation, Huang Xiaolong added a total of thirty-eight pieces of top-level cosmos artifacts. Not even the World Manor's grand formation was this luxurious.

These thirty-eight top-level cosmos artifacts were connected with the Leiyu Creed's dao origin, and even if the death beasts army came attacking, they won't be able to shake the Leiyu Creed like they did before, unless the death beasts army's ten beast kings came personally.

Before the week passed, Huang Xiaolong's group set off to the Origin Heavenly Cave.

This time, Huang Xiaolong only brought Lei Yu, Old Monster Flame, and twelve other people with him. The thousand plus high-level Dao Venerables inside the Sun Moon Furnace were all left to protect Leiyu Creed, Ming Fu and the Tortoise Ancestor amongst them. Although these peak late-Ninth Esteem Dao Venerables were strong, they had not comprehended any absolute powers. Thus, to the current Huang Xiaolong, their roles had diminished significantly.

Huang Xiaolong would only keep those who wielded elements of absolute power by his side in the future.

Fueled by Old Monster Flame and the others' energy, the Purple Lightning Peak turned into a streak of purple light and disappeared in the horizon before everyone's sight.

"Would His Highness and Master be safe on this trip?" Zhou Hong muttered to himself.

"It won't be long before the whole Origin Holy World learns of His Highness' name!" Chen Ming said with certainty.

Although Wind Cloud Dao Venerable had voluntarily admitted defeat in his battle against Huang Xiaolong at the Heavens Burial Lands, word of it did not spread. Therefore, none of the other heavenly caves had heard of it.

Not long after the group left Leiyu Creed, Huang Xiaolong spotted a patrolling army of death beasts, and there were more than a hundred thousand of them.

Although the death beasts army had failed to completely take over the Golden Fox Heavenly Cave, in the current situation, one could run into a large group of death beasts at any time, and anywhere in the vast space.

These death beasts exuded dense death qi, but strangely, these death beasts were brimming with vitality from inside.

These death beasts swarmed towards Huang Xiaolong's group the moment they sensed them.

"These death beasts have amazing healing ability, and their anatomy is slightly different to most living creatures. Like the skull monsters, they are hard to kill," Lei Yu explained to Huang Xiaolong.

Huang Xiaolong and Lei Yu stood on top of the Purple Lightning Peak, looking at the death beasts coming at them, Huang Xiaolong ordered Old Monster Flame the rest to ram over them with the Purple Lightning Peak. All the death beasts in their path exploded from the impact.

Although death beasts were difficult to kill, they were fragile as silk against the Purple Lightning Peak.

Chapter 3076: The Death Beasts' Chief Commander

Several days later, when they were passing by the Golden Fox Heavenly Cave, Huang Xiaolong stayed for a day and took the time to deal with the death beasts army wandering in the vicinity.

Upon learning that Huang Xiaolong was heading to the Origin Heavenly Cave, Jin Hongyuan volunteered to accompany Huang Xiaolong on the trip, but Huang Xiaolong declined and told Jin Hongyuan to stay and protect the Golden Fox Heavenly Cave. With Jin Hongyuan around to protect the Golden Fox Heavenly Cave, he and the Leiyu Creed could assist one another in need.

However, before leaving the Golden Fox Manor, Huang Xiaolong and Lei Yu strengthened the Golden Fox Manor's defensive formations. At the same time, Huang Xiaolong told Jin Hongyuan that he could contact and cooperate with the Absolute Dao Lord.

After leaving the Golden Fox Heavenly Cave, Lei Yu asked, "Your Highness, the Luosheng Heavenly Cave is right ahead. It has already been dominated by death beasts, so maybe we should take a detour?"

"Detour? It's not necessary. We will directly cut across the Luosheng Heavenly Cave!" Huang Xiaolong stated nonchalantly.

If they were to make a detour, the route would be a lot longer. Not to mention that many heavenly caves had been occupied by the death beasts, and if he had to take a detour through every one of them, the amount of time he would need to reach the Origin Heavenly Cave would be several times longer.

With the word from Huang Xiaolong, the Purple Lightning Peak broke through the heavenly cave's resilient barriers and entered the Luosheng Heavenly Cave.

Everywhere they looked were death beasts, and in some of the places where a creed used to be, the death beasts were as many as the grains of sand on the beach.

"After this Luosheng Heavenly Cave became the death beasts' occupied area, it has completely turned into the death beasts' world. Creeds' experts that did not manage to escape all died in the mouths of these deaths. No one dares to enter the Luosheng Heavenly Cave anymore." Lei Yu updated Huang Xiaolong on the latest situation, "The death beasts' invasion had spread panic amongst the Origin Holy World's cultivators, and despite the World Manor trying to calm everyone down, there is chaos everywhere, and everyone is highly strung."

Huang Xiaolong nodded.

"Is the death beasts' marshal at the Luosheng Manor?" Huang Xiaolong asked.

The death beasts' marshal had a high status amongst the death beasts as an expert under the ten death beasts kings, and he only listened to the death beast king above them.

Lei Yu paused for a split second before answering, "Most likely at the Luosheng Manor. After these death beasts occupied the heavenly cave, the lord's manor became the death beasts' Commander Manors."

"Then, we'll head there directly," Huang Xiaolong ordered.

"The Luosheng Manor?" Lei Yu had not expected that, but he promptly complied, and excitement seeped into his voice, "Yes, Your Highness!"

He could already guess what Huang Xiaolong was planning to do by going to the Luosheng Manor.

Without delay, the Purple Lightning Peak sped through the herds of death beasts in the direction of the Luosheng Manor.

The closer they got to the Luosheng Manor, the herds of death beasts became bigger and stronger, and it was seemingly endless no matter how many of them were killed.

No experts dared to take a step into heavenly caves that were occupied by death beasts like the Luosheng Heavenly Cave, but Huang Xiaolong had not only entered, he was also directly headed to the lord manor!

The entire way, the Purple Lightning Peak rammed into countless death beasts, and even Dao Dao Venerable Realm death beasts exploded to their deaths if they happened to be in its path.

Despite the Purple Lightning Manor's size that rivaled a great continent, it was soon surrounded from all sides by endless waves of death beasts, but Huang Xiaolong ignored them and continued onwards to the Luosheng Manor at full speed.

At the same time, inside the Luosheng Manor...

The main seat that originally belonged to Luo Sheng Dao Venerable was now occupied by a giant gray Venom-Horned Serpent.

This Venom-Horned Serpent was born with nine pupils. Hence his name was Jiu Yan. He was one of the marshals of the death beasts and was currently the highest authority in Luosheng Heavenly Cave.

"Report, Chief Commander Jiu Yan. Human race experts have trespassed into our territory, and they are heading straight towards us."

While Chief Commander Jiu Yan was discussing matters with his subordinates, a death beast servant came in to report.

Chief Commander Jiu Yan and his subordinates were taken aback.

Human experts are coming towards the manor?!

After Luosheng Heavenly Cave had completely fallen under their control, this was the first time something like this had happened in the last several decades!

There were human race experts who trespassed into the territory in the past, but these people only had the guts to linger close to the barrier's boundary, and make a quick retreat once the death beasts army appeared. But now, this group of human experts were coming to the manor.

"The army outside failed to stop them?!" Chief Commander Jiu Yan asked the servant that came in to report.

"Yes, the trespassers are rushing in on a giant flying mountain peak, and it is simply terrifying, even Dao Venerable Realm beast generals exploded after being hit by the mountain peak," The death beast servant answered with apprehension.

“Giant peak flying ship?” Chief Commander Jiu Yan was surprised, and wondered out loud, “Could it be a top-level cosmos artifact?”

“Could the other side be someone on the Extermination List?” one of the death beasts commanders blurted out.

Chief Commander Jiu Yan let out a harsh snicker, “So what if the other side is someone on the Extermination List. If he dares to come, death is the only outcome!” His nine pupils shone with bloodthirsty gleams as he continued, “We’ve been in the Luosheng Heavenly Cave for so long, and I have yet to kill an expert on the Extermination List, so this is a good opportunity to do so!”

Death qi soared from his body towards the sky, and his momentum did not lose out to an Extermination List expert like Jin Hongyuan!

“Come out with me to kill these human race experts and grab their top-level flying ship!” Chief Commander Jiu Yan roared, and then turned into a streak of light that sped out of the manor.

His subordinates swiftly followed him.

As Chief Commander Jiu Yan and a group of death beasts commanders rushed towards Huang Xiaolong, a great army of death beasts were right after them. This death beasts army was directly under Chief Commander Jiu Yan’s command, and it was an army of elites. Any one death beast in this army could fight a hundred experts alone. Not to mention, Chief Commander Jiu Yan had personally trained them to form dao formations to further enhance their strengths by borrowing grand dao’s power, making them many times more powerful than the majority of the human race’s heavenly caves’ armies.

Before long, Chief Commander Jiu Yan, and other commanders under him saw the said giant purple peak that cut a path across the sea of death beasts.

Despite their shock, there was something else in the gleaming eyes of these death beasts’ commanders when they laid their eyes on the purple mountain peak.

“It’s definitely a top-level cosmos artifact and above!” Chief Commander Jiu Yan’s eyes shone with burning greed as they fixed on the Purple Lightning Peak and exclaimed, “A wonderful treasure, ah. Everyone, focus a hundred and twenty percent as no one can be allowed to escape!”

For a top-level cosmos artifact flying ship, even a chief commander like him couldn’t help but be tempted.

“Form grand dao formation!” Jiu Yan then roared his order.

The elite army behind him scattered and moved into positions without missing a beat. Grand dao energy poured down from the void, roiling around them and expanding out. Soon, the death beasts army’s grand formation power had enveloped the space around the Purple Lightning Peak.

The Purple Lightning Peak’s speed was visibly affected by the power of the death beast army’s grand dao formation.

Seeing this, Chief Commander Jiu Yna sneered. In the next second, he reverted to his true body in a sway, swinging his gargantuan tail at Huang Xiaolong and Lei Yu. The winds howled as his tail moved, creating a terrifying hurricane that spun towards the Purple Lightning Peak from the sides.

Chapter 3077: Over A Dozen Death Beast Commanders

Looking at the death beasts chief commander's gargantuan serpent tail sweeping towards them, Huang Xiaolong didn't order Lei Yu or anyone else to deal with him. Instead, he reached out with his right hand and grabbed at the hurricane with his bare hands.

In the distance, the death beasts' commanders were inwardly startled after seeing that Huang Xiaolong planned to capture the hurricane with his bare hands. This hurricane was condensed from their Chief Commander Jiu Yan's perfection level absolute wind power, and it went without saying that the destructive force was indescribable.

"This human is courting death!" One of the death beasts senior commanders sneered sarcastically, "He thinks his bare hand is stronger than a cosmos artifact, does he?"

In this split second, the hurricane had collided with Huang Xiaolong's right hand, sending sparks flying everywhere. But it merely caused sparks to fly and Huang Xiaolong's palm extended forward unimpeded through the hurricane, and he grabbed onto Chief Commander Jiu Yan's tail.

In the next second, Huang Xiaolong slightly shook his arm, and every gust of wind dissipated.

Death beasts' Chief Commander Jiu Yan was both astonished and incensed. Energy surged violently from his body as he attempted to break free from Huang Xiaolong's grip. However, Huang Xiaolong's right hand didn't move an inch.

The death beasts army of several hundred millions was stunned by this sight. Chief Commander Jiu Yan's ten thousand zhang long true body that resembled a chaos mountain in space was glimmering in and out intensely while Huang Xiaolong's comparatively thin arm that looked like it could be crushed into pieces with one punch was steady and firm.

"Kill them all!" Chief Commander Jiu Yan bellowed furiously at the army of elite death beasts.

The death beasts army finally reacted, and threw themselves at Huang Xiaolong. Lei Yu snarled and soundwaves galloped across space and turned into a tempestuous windstorm as space wrinkled into folds due to the pressures from the soundwaves.

Huang Xiaolong's left palm struck out.

The surrounding death beasts army saw icy blue frost drifting down from above, turning their environment into a world of ice and frost.

A world of ice that was lit up with bolts of lightning.

Ice blue frost glimmering with lightning, zapped through the sound waves, and penetrated into the death beasts army's grand dao formation, freezing even the vast space.

Batches after batches of death beasts army were frozen into ice sculptures.

Even those death beast's generals, commanders, and senior commanders fled in panic like headless flies.

As Huang Xiaolong's cultivation realm and strength had increased in these years, his control over the power of absolute frost had grown more sophisticated.

Absolute frost power combined with absolute lightning power possessed a greater penetrative power, and it also enabled the icefrost to drift faster, literally fast as lightning.

Chief Commander Jiu Yan watched his subordinates and elite army being frozen in batches, and fear began to creep into his eyes as he looked at Huang Xiaolong despite his raging fury.

"You're a human expert on the Extermination List, are you?" Jiu Yan growled angrily.

Huang Xiaolong shook his head. "I am not an expert on the Extermination List."

He wasn't an expert on the Extermination List, that was the honest truth.

The names on the Extermination List were refreshed every one hundred million years, and there were still several million years until the next refresh happened. Therefore, Huang Xiaolong's name had not made it into the list as of yet.

The death beasts' Chief Commander Jiu Yan stood stiffly when he heard that Huang Xiaolong wasn't an expert on the Extermination List. Many possibilities had flashed across his mind during this time, but not one of them included Huang Xiaolong not being an Extermination List expert.

Jiu Yan's temper flared. "I admit that you're strong, but opposing the death beasts of Death Beasts Peril Land is not a wise choice, and your actions will only accelerate your death!"

"Even the Mystical Pavilion doesn't dare to attack the Death Beasts Peril Land!"

Huang Xiaolong was unperturbed, "The Mystical Pavilion is the Mystical Pavilion," with that said, his right hand moved slightly, and absolute frost power directly sealed Jiu Yan in ice. Then, the dragon of creation appeared behind Huang Xiaolong, and the creation mark's brightness enshrouded a large scope of space, bringing the death beasts' Chief Commander Jiu Yan, the commanders and senior commanders serving under him under Huang Xiaolong's control.

.....

A month later, under the 'escort' of the death beasts' Chief Commander Jiu Yan, commanders, and senior commanders, Huang Xiaolong, Lei Yu and the rest of the group smoothly passed through Luosheng Heavenly Cave.

From then on, every time Huang Xiaolong crossed a heavenly cave that was occupied by the death beasts, he would directly 'slaughter' his way to the lord's manor. Then, he would be escorted away respectfully by the death beast commanders.

As the Son of Creation with Huang Long Bloodline, the creation mark was effective on any living creature within the Huang Long World, thus it was just as effective in controlling these death beasts.

It was true unless they were not native of Huang Long World to begin with.

By the end of a year, Huang Xiaolong had more than ten death beasts' chief of commanders under his control.

“If those ten beast kings know that the commanders under them have become Your Highness’ slaves, they would vomit blood to death,” Lei Yu joked with Hunag Xiaolong.

“It’s merely ten or so death beast commanders.” Huang Xiaolong was very nonchalant about it.

The death beasts army had successfully wrestled one-fifth of Origin Holy World’s territories, and how many heavenly caves were encompassed within? And how many death beasts’ commanders? Therefore, this dozen of death beast commanders were smaller than the tip of an iceberg.

Needless to say, there were powerful and weaker death beasts commanders, and not everyone had strength rivaling existences on the Extermination List. The dozen of death beast commanders Huang Xiaolong controlled were considered as the better ones. Like Jiu Yan, he had the strength comparable to Jin Hongyuan who ranked in sixtieth place on the Extermination List.

Some of the death beast commanders that Huang Xiaolong now controlled were stronger than Jiu Yan, and they were comparable to an expert in the top thirty of the Extermination List!

Even the weakest one amongst them could almost be ranked into the Extermination List.

Of course, Huang Xiaolong did not control these death beast commanders just for the fun of it.

Huang Xiaolong’s main purpose going to the Origin Heavenly Cave was to get the Liquid of Life, Dazzling Golden Stone, peak-grade Phoenix Fire Crystals, and Genesis Lightning Water from the World Manor’s and Mystical Pavilion’s treasures!

However, Huang Xiaolong did not intend to act in person as he was going to leave the dirty work to the dozen of death beast commanders, having them attack the Mystical Pavilion! Although there were many experts stationed at the Origin Mystical Pavilion Branch, they would be hard pressed to block off the attacks from the death beasts army led by more than a dozen death beast commanders!

Huang Xiaolong also could borrow this opportunity to reduce the Mystical Pavilion’s manpower.

A year after Huang Xiaolong controlled a dozen of death beast commanders, his group finally arrived at the Origin Heavenly Cave.

Looking at the Origin Heavenly Cave’s vast and bright starry space, and feeling the spiritual energy that was that clearly richer than any other place, Huang Xiaolong’s eyes glimmered with excitement.

Lei Yu too sighed with admiration looking at the Origin Heavenly Cave’s prosperity. Although he had been to the Origin Heavenly Cave in the past, more than once at that, he still had a surreal feeling.

“Your Highness, where are we heading to now?” Lei Yu asked, “Directly to the World Manor?”

Huang Xiaolong pondered slightly and decided, “Go to the Wind Cloud Chamber of Commerce first.”

The Wind Cloud Chamber of Commerce was headquartered in the Origin Heavenly Cave.

In fact, not only the Wind Cloud Chamber of Commerce, but ninety percent of Origin Holy World’s super trading houses were all headquartered at the Origin Heavenly Cave.

“If Wind Cloud Old Man knows Your Highness is going to his place, he’ll be beside himself. I’ll tell Wind Cloud Old Man to come fetch us,” Lei Yu chuckled.

Chapter 3078: His Highness Is Here!

Upon listening to Lei Yu's suggestion that he would have Wind Cloud Dao Venerable pick them up, Huang Xiaolong smiled and agreed, "Alright, but Wind Cloud does not have to come personally. Just tell him to wait for us at the headquarters."

"Alright," Lei Yu grinned.

.....

Inside the Wind Cloud Chamber of Commerce's headquarters, Wind Cloud Dao Venerable was discussing matters with relevant experts of the Chamber of Commerce. With the death beasts army's invasion into Origin Holy World, the Wind Cloud Chamber of Commerce's operations were naturally affected. Many of their branches were attacked, resulting in a lot of losses.

Then again, the Wind Cloud Chamber of Commerce wasn't the only one facing this trouble. The Pengfei Chamber of Commerce, Ice Orchid Chamber of Commerce, and others were plagued by the death beasts' invasion as well.

Many Wind Cloud Dao Venerable experts took turns in reporting the situations of various branches. Wind Cloud Dao Venerable occasionally nodded his head with a solemn expression. Seated beside Wind Cloud Dao Venerable was a fair maiden with snow-white skin, exuding noble and elegant temperament from head to toe. She was the Wind Cloud Dao Venerable's daughter, his only daughter, Feng Yuxuan.

Only one could imagine how doted on and spoiled Feng Yuxuan was being Wind Cloud Dao Venerable's only daughter, and her status and identity in the entire Wind Cloud Chamber of Commerce was only second to her father.

Not to mention, Feng Yuxuan herself possessed an outstanding talent in cultivating, as well as amazing battle prowess that was not lower than Wind Cloud Dao Venerable's eldest disciple Xu Zheng. However, Xu Zheng had always kept a low-profile, which was why not many knew about him, on the other hand, Feng Yuxuan's name was as loud as a neon light, ranking in the top ten of Mystical List, in ninth place!

Ranking ninth amongst the entire Origin Holy World's prominent younger generation!

This was a testament of Feng Yuxuan's talent and strength.

Feng Yuxuan was also known by another title in the Origin Holy World as Princess Wind Rain. Combined with her delicate features, as well as having Wind Cloud Dao Venerable as her father, she was the dream lover in the eyes of Origin Holy World's genius male disciples.

Not to mention, Feng Yuxuan was one of Origin Holy World's latest generation of Five Great Beauties.

As the reports continued, Wind Cloud Dao Venerable's communication symbol shook. Wind Cloud Dao Venerable was perplexed and took out his communication symbol. He became all excited when he read the message within. "It's His Highness, His Highness is here!"

Feng Yuxuan was astonished, seeing her usually solemn and dignified father so excited that his face was flushed.

His Highness? Someone that her father would refer to in that manner could only be the Prince of Origin, Xiao Yuncheng.

Is Xiao Yuncheng coming here?

But, even if it's Xiao Yuncheng who is coming to the Wind Cloud Chamber of Commerce, her father needn't look so excited, right?

In the past, even when the World Master himself had come, her father wasn't half as excited as this.

During the big movement in the Heavens Burial Lands, Feng Yuxuan had not followed her father. Instead, she had stayed behind to handle the Wind Cloud Chamber of Commerce's affairs, and until this day, she was still unaware of what took place in the Golden Flame Sandy Land.

In the main hall, many experts were baffled by their President's excitement as he clamored about a certain 'Highness' had arrived.

However, there were also a large number of experts in the hall that looked as excited as Wind Cloud Dao Venerable, and these were the people who had gone with Wind Cloud Dao Venerable to Heavens Burial Land. No doubt, these experts had also become Huang Xiaolong's subordinates since then.

"President, the Jueying Branch...?" One of the Wind Cloud Chamber of Commerce's experts was about to report the situation of Jueying Branch when Wind Cloud Dao Venerable cut him off with a wave of his hand. "We'll discuss about Jueying Branch's matters later." He then got to his feet and issued an order, "Order the people below to prepare everything accordingly to welcome His Highness!"

Experts, who were ignorant of Huang Xiaolong's existence, felt even more confused.

"Father, is it the Prince of Origin Xiao Yuncheng who is coming here?" Feng Yuxuan asked Wind Cloud Dao Venerable to satisfy her curiosity.

Wind Cloud Dao Venerable opened his mouth but no words would come. A moment later, he shook his head and explained, "I cannot disclose anything about His Highness, but you will know when His Highness arrives later."

This answer genuinely stupefied Feng Yuxuan and other Wind Cloud Chamber of Commerce's experts who didn't know about Huang Xiaolong.

What is there that cannot be disclosed? This intrigued Feng Yuxuan even more. Although her father did deny it outright, she could tell that this person was not Xiao Yuncheng, so then came the next question...

If it is not Xiao Yuncheng, who can it be? The Mystical Pavilion's Son of Mystic?

But the Son of Mystic had never shown himself in front of other Origin Holy World's experts, so it was impossible for the Son of Mystic to show up at the Wind Cloud Chamber of Commerce in a grand manner. Not to mention, there wasn't any close association between the Wind Cloud Chamber of Commerce and Mystical Pavilion.

The Wind Cloud Chamber of Commerce Headquarters was in a flurry from top to bottom with one word from Wind Cloud Dao Venerable. The whole headquarters was brightly decorated, and in the air above

the headquarters, gemstones sparkled like stars in the night sky. Starlight rippled from the sky, and rich spiritual energy filled the headquarters area.

Feng Yuxuan was dumbfounded, as these gemstones were all genesis-level treasures. Expensive did not describe the value of these gemstones that were usually kept in the deepest part of the treasury. Now, they were taken out to decorate the sky?! Just to welcome someone she has never seen before?!

“Father, is this necessary to go this far?” Feng Yuxuan asked hesitantly, pointing at the sparkling gemstones in the sky.

But Wind Cloud Dao Venerable answered her with utmost seriousness and certainty, “It is necessary!”

Feng Yuxuan was completely at a loss for words.

“When His Highness arrives, you must be respectful towards His Highness, and you must not show an ounce of disrespect. Otherwise, you will be punished according to the chamber’s rules, do you understand?” Wind Cloud Dao Venerable stressed to his daughter with a grim expression.

Feng Yuxuan pouted, obviously, feeling slightly disgruntled, “I got it.”

However, she didn’t believe that her father would really punish her according to the chamber’s rules, as she knew very well how much her father doted on her.

It was an undisputed fact that Wind Cloud Dao Venerable doted on his daughter to no limit.

.....

A month came and went.

A purple-colored lightning mountain peak stopped in the air.

“The Wind Cloud Chamber of Commerce Headquarters is right ahead.” Lei Yu pointed out to Huang Xiaolong. He had been to the Wind Cloud Chamber of Commerce Headquarters in the past. He had called out Wind Cloud Dao Venerable and started fighting there and then.

The memories of yesteryears felt as if they were yesterday.

Huang Xiaolong nodded, and put away the Purple Lightning Peak, and then hopped onto Lei Yu’s back. The group flew towards the Wind Cloud Chamber of Commerce’s headquarters.

Huang Xiaolong popped a Buddha Demon Pill into his mouth and the pill melted instantly. It’s energy filled every corner of his body.

Though his cultivation had reached the peak late of Ninth Esteem Dao Venerable Realm, genesis-level pills like the Buddha Demon Pill were still effective in tempering his three small worlds’ cosmos energy, making his cosmos energy purer. Moreover, the Buddha Demon Pill contained the power of darkness, which also helped in his comprehension towards the power of darkness.

‘It looks like I have to replenish my supply of genesis-level pills,’ Huang Xiaolong thought to himself as he digested the Demon Buddha Pill into his mouth.

In the one year's journey to reach Origin Heavenly Cave, he had swallowed one genesis-level pill every few days, and his supply had dwindled down significantly.

Huang Xiaolong believed that there had to be a lot of these pills inside the Mystical Pavilion Branch in the Origin Heavenly Cave.

With that thought in mind, Huang Xiaolong decided to have the death beasts commanders gather their armies as soon as possible to attack the Mystical Pavilion Branch.

As Huang Xiaolong made his plans, an eye-catching group of experts were flying towards them, led by Wind Cloud Dao Venerable in front, to welcome Huang Xiaolong.

Feng Yuxuan was right behind Wind Cloud Dao Venerable. Her charming eyes were fixed on the youngster riding on the three-headed beast while thinking, 'Is this the Highness father wanted to welcome?'

Chapter 3079: Mysterious Highness

Feng Yuxuan's delicate willow brows creased slightly, as she couldn't see anything extraordinary about the youngster at all, other than being a little bit more good looking and possessing a better bearing. In her opinion, all creeds' young patriarchs or heavenly caves' young masters had similar qualities, and at first impression, the Prince of Origin Xiao Yuncheng would throw Huang Xiaolong in the dust.

The Prince of Origin Xiao Yuncheng would be accompanied by a genesis beast wherever he went, enshrouded by heaven and earth manifestation, and auspicious halos.

Moreover, some time back, Xiao Yuncheng had managed to comprehend the power of absolute blaze in the Golden Flame Sandy Land. In short, Xiao Yuncheng now wielded three kinds of energies such as the power of absolute wind, earth, and blaze. Inwardly, Feng Yuxuan highly doubted this young man in front of her had the same level of talent or higher.

"Wind Cloud brings the Wind Cloud Chamber of Commerce experts to welcome Your Highness. Your Highness' arrival makes me feel honored, and shines glory to the Wind Cloud Chamber of Commerce!" Wind Cloud Dao Venerable took a few quick steps forward, and bowed in salute as he spoke.

Wind Cloud Dao Venerable bowed at a straight ninety degrees angle. Whereas those experts, who were with Wind Cloud Dao Venerable at the Heavens Burial Land, were all on their knees as they saluted Huang Xiaolong.

These series of actions dumbfounded Feng Yuxuan and other Wind Cloud Chamber of Commerce experts.

Her father and the others wouldn't behave in this manner even if the person they were welcoming was Xiao Yuncheng!

But Feng Yuxuan really could not figure out which young man in the Origin Holy World could make her father lower himself to this extent.

Huang Xiaolong's gaze swept over the Wind Cloud Chamber of Commerce experts and stopped on Feng Yuxuan's face. As he saw her charming features, he guessed that she was Feng Yuxuan, Wind Cloud Dao Venerable's daughter, without any introduction.

Wind Cloud Dao Venerable noticed Huang Xiaolong's gaze and saw that not only his daughter was not kneeling in salute, but she was also glaring eye to eye with Huang Xiaolong. Thus, he snapped, "On your knees and pay your respects to His Highness!"

Feng Yuxuan was taken aback by her father's sharp tone and gaze. She had never received such a gaze from her father, and a feeling of being wronged rose in her heart.

Still, she lowered her head and curtsied to Huang Xiaolong, "Yuxuan greets His Highness." She was adamant not to kneel.

Wind Cloud Dao Venerable was about to chide Feng Yuxuan again, but was stopped by Huang Xiaolong, "It's fine."

Only then did Wind Cloud Dao Venerable let the matter slide.

Other Wind Cloud Chamber of Commerce experts didn't dare to disrespect Huang Xiaolong after that little episode. Although they still had not figured out Huang Xiaolong's identity, how dare they act anything but respectful when their President bowed ninety-degrees to this young man.

After Huang Xiaolong had Wind Cloud Dao Venerable and the others stand up, the group proceeded to the Wind Cloud Chamber of Commerce Headquarters.

"Your Highness must be tired from the long journey here, so subordinate this has already ordered people to prepare a light feast," Wind Cloud Dao Venerable said respectfully as he followed one step behind Huang Xiaolong, "Does Your Highness feel like...?"

"Alright!" Huang Xiaolong smiled as he agreed, "This is an opportunity for me to recognize some of the Wind Cloud Chamber of Commerce's faces."

Wind Cloud Dao Venerable smiled and said, "They would be honored," before leading the way to the feast.

As they moved to the hall where the feast was prepared, Huang Xiaolong looked at the numerous gemstones hung in the space above the headquarters. "Actually, you didn't need to do this. It's too dazzling."

"Yes, Your Highness. Subordinate will have people withdraw these things immediately!" Wind Cloud Dao Venerable swiftly replied, and then made a quick order to withdraw all the gemstones in high air.

These gemstones were hung up with several days of effort with one word from Wind Cloud Dao Venerable, and now, with a word from Huang Xiaolong, Wind Cloud Dao Venerable did not hesitate to have them withdrawn. This rendered many Wind Cloud Chamber of Commerce's experts exchanging speechless glances. It was especially so for Feng Yuxuan. To top it off, her father referring to himself as 'subordinate' stung her nerves every time he used the word.

She really couldn't understand why her father would submit to this young man, and her father had not mentioned this at all. Watching her father's humble demeanor in front of the young man, Feng Yuxuan even doubted if this person was really her father.

At the same time, inside the Heaven Seizing Chamber of Commerce Headquarters.

Zhou Shu was listening to reports from his subordinate about important events that had taken place recently in the Origin Holy World.

“Lord, there is one strange thing that subordinate isn’t sure if it should be reported,” such a sentence came from the subordinate, Wang Yuanhai, suddenly.

Zhou Shu stated casually, “Tell me.”

“Subordinate received news that the Wind Cloud Dao Venerable used many genesis level treasures inside their treasuries to decorate the Wind Cloud Chamber of Commerce, seemingly to welcome an unknown Highness,” said Wang Yuanhao.

“Oh, there’s something like this?” Zhou Shu showed a hint of surprise when he heard that. “Highness? Is the Prince of Origin, His Highness Xiao Yuncheng, visiting the Wind Cloud Chamber of Commerce?”

“Probably not.” Wang Yuanhao went on, “According to the Wind Cloud Chamber of Commerce experts, when Wind Cloud Dao Venerable learned that His Highness is coming, he was ecstatic. He wasn't the only one being so, as his subordinate Chen Yueqin and many others looked just as excited. Moreover, Wind Cloud Dao Venerable ordered for a feast of the highest etiquette to welcome this Highness.”

“I’ve also heard about this, and I’ve heard that this so-called Highness reached the Wind Cloud Chamber of Commerce today. Wind Cloud Dao Venerable is probably hosting a feast in his honor right now,” another Heaven Seizing Chamber of Commerce expert, Wen Zeming, chimed in.

Wang Yuanhai and Wen Zeming were Zhou Shu’s right-hand men.

“If it isn’t His Highness Xiao Yuncheng, who is worth this degree of grand welcoming from Wind Cloud Dao Venerable?” Zhou Shu was genuinely piqued, “Send the people below to inquire who that person is and report back to me as soon as possible.”

The Heaven Seizing Chamber of Commerce and Wind Cloud Chamber of Commerce were competitors in the Origin Holy World. Thus Zhou Shu was very curious and slightly baffled about this mysterious ‘Highness’ who was so valued by the Wind Cloud Chamber of Commerce.

Zhou Shu wasn’t the only one curious, and in truth, many experts had gotten the same news, and all of them were equally curious and had sent people to investigate Huang Xiaolong’s identity.

Before long, Wang Yuanhai reported the result of the investigation to Zhou Shu, and Zhou Shu was stunned when he heard it was an unknown youngster.

“Lord, is there a possibility that Wind Cloud Dao Venerable is putting on an act?” Wen Zeming voiced his suspicion, indicating that Huang Xiaolong was someone Wind Cloud Dao Venerable had hired to put on a show.

Zhou Shu shook his head. “No! Is Wind Cloud Dao Venerable someone who plays that kind of joke?” He thought for a moment, and then said, “Put this matter aside for now. Have you found out where the Myriad Formation Devil is?”

“We’re still looking,” Wang Yuanhai said, shaking his head. “We can only determine that the Myriad Formation Devil is in the Origin Heavenly Cave, but his exact location is difficult to pinpoint!”

“Lord, did Myriad Formation Devil really steal the supreme treasure from the Death Beasts Peril Land?” Wen Zeming couldn’t help asking.

Zhou Shu looked at the two and nodded, “Yes, but what treasure it is remains to be determined. So, the human race experts are all looking for Myriad Formation Devil high and low, and even the death beasts are searching for him.”

“At this moment, the death beasts aren’t aware that the Myriad Formation Devil is hiding in the Origin Heavenly Cave, but if they hear of it, perhaps, the beast kings would descend personally to attack the Origin Heavenly Cave!” Zhou Shu sighed. “The Origin Heavenly Cave is only safe for now!”

It won’t be long before the death beasts’ kings find out that Myriad Formation Devil is hiding in the Origin Heavenly Cave.

Wang Yuanhai and Wen Zeming’s faces ashen.

Chapter 3080: Ice Orchid Banquet

It wasn’t strange that Wang Yuanhai and Wen Zeming’s faces worsened when they heard that the death beasts were going to attack Origin Heavenly Cave in the end. By now, they had seen the horror of these death beasts. Honestly, at this point, anyone would ashen at the mention of these death beasts. If one of the beast kings were to personally lead an attack on the Origin Heavenly Cave, there could only be one tragic ending.

Despite the Origin Heavenly Cave having the World Master, and being guarded by the great Origin Army, more than a handful of super creeds, powerful chamber of commerce, and genesis races, it was hard to say if the Origin Heavenly Cave could fend off the death beasts!

“Lord, should we move the headquarters out of the Origin Heavenly Cave?” Wen Zeming asked without a second of hesitation.

Zhou Shu shook his head when he heard that. “This headquarters has stood for a long time. How can it be moved so simply? Moreover, if we flee before a fight, how will other creeds, chambers of commerce, and the World Master see us?”

“Even if a death beast king really comes, our Origin Heavenly Cave’s human race experts might not necessarily be worse than them,” Zhou Shu pointed out unhurriedly.

One-third of the human race’s Extermination List’s top ten experts were in the Origin Heavenly Cave.

.....

In the quiet and tranquil deep night...

Huang Xiaolong stood in the center yard of the Wind Cloud Chamber of Commerce’s main building, and Lei Yu, Wind Cloud Dao Venerable, Old Monster Flame, and other experts stood behind him.

“Is Xiao Tianqi at the World Manor?” Hunag Xiaolong asked Wind Cloud Dao Venerable.

Xiao Tianqi was the Origin Holy World Master’s given name.

Wind Cloud Dao Venerable shook his head as he answered, "It is said that the World Master left the Origin Holy World some time back. No one is clear where he went. Some say that he went to the Death Beasts Peril Land, while some claim that the World Master entered the Heavens Burial Lands. There are also a few that say that the World Master has gone to the Origin Lands."

The Origin Lands were as famous as the Death Beasts Peril Land and Heavens Burial Lands, and it was one of the dangerous places of Origin Holy World.

It was said that the Origin Lands was the oldest place in the Origin Holy World, and it had existed before the Origin Holy World had come to be.

"The Origin Lands," Huang Xiaolong repeated under his breath. Legend has it that all origin qi in the Huang Long World originated from the Origin Lands.

Once in a blue moon, the Mystical Pavilion would auction a few strands of origin qi that were obtained by their experts through expeditions into the Origin Lands.

Further to this myth, some believed that the Origin Holy World's number one genesis treasure, the Tree of Origin was in the Origin Lands.

These kinds of rumors might not have been completely baseless. A large part of origin qi was found in the Land of origin. Hence, there was a very high chance that the Tree of Origin was indeed in the Origin Lands.

Still, this remained an unproven conjecture as no one had seen the Tree of Origin from the beginning of the world until now.

"Who's managing the World Manor's affairs now?" Huang Xiaolong asked.

Wind Cloud Dao Venerable answered respectfully, "The smaller matters are handled by the Prince of Origin, His Highness Xiao Yuncheng, but the more important matters are overseen by Yang Yuyuan."

Huang Xiaolong nodded. Yang Yuyuan was an existence in the top twenty ranks of the Extermination List. He ranked sixteenth and was the strongest of Xiao Tianqi's subordinates, and he was the person on whom Xiao Tianqi relied the most. Ninety percent of the Origin Army was under Yang Yuyuan's command, and in the World Manor, Yang Yuyuan's authority was only second to World Master Xiao Tianqi. Giving Yang Yuyuan command of ninety percent of the Origin Army was a statement of how much Xiao Tianqi trusted Yang Yuyuan.

"The World Manor's treasury, can Yang Yuyuan access it?" Huang Xiaolong suddenly asked.

He had traveled so far to the Origin Heavenly Cave for the Mystical Pavilion Branch's Liquid of Life, Genesis Lightning Water, Dazzling Golden Stone, peak-grade Phoenix Fire Crystal, and also the Green Wind Wings and Profound Concentrated Earth inside the World Manor's treasury.

Wind Cloud Dao Venerable was too stunned to react for a moment, then shook his head and said, "The World Manor's treasury is guarded by ten great experts. Only the person holding the World Master's token or the World Master himself can open the treasury. The World Master has always carried his token on him."

Huang Xiaolong's brows furrowed as he listened, thinking inwardly, 'Do I have to wait until Xiao Tianqi returns?'

Huang Xiaolong also asked about the situations of other chambers of commerce and creeds located in the Origin Heavenly Cave.

A while later, Wind Cloud Dao Venerable took his leave.

"Your Highness, are we going to the World Manor tomorrow?" Lei Yu asked. "With Xiao Tianqi absent, we can break into the treasury and take away the Greed Wind Wings and Profound Concentrate Earth."

Huang Xiaolong shook his head, "We'll talk about it later."

He wasn't afraid of Xiao Tianqi but it was unnecessary to cause a grudge just to get his hands on the Green Wind Wings and Profound Concentrate Earth When Xiao Tianqi returned. Instead, he could make a transaction with Xiao Tianqi with other items.

"Tomorrow, we'll go to the Ice Orchid Chamber of Commerce," Huang Xiaolong stated.

According to Wind Cloud Dao Venerable, the Ice Orchid Chamber of Commerce's treasury could have the Liquid of Life, and Dazzling Golden Stone, and the amount of Liquid of Life was probably not little. Still, this was merely Wind Cloud Dao Venerable's estimation, not a hundred percent certainty.

Even so, Huang Xiaolong decided to take a look at the Ice Orchid Chamber of Commerce. Not to mention, the Ice Orchid Chamber of Commerce's Ice Orchid Pill was renowned throughout the Origin Holy World, being one of the top ten genesis level pills, and he had long wanted to replenish his stock of genesis pills.

The night passed peacefully.

Early the next day, Huang Xiaolong, Lei Yu, Old Monster Flame, and the others left Wind Cloud Chamber of Commerce Headquarters, and headed to the Ice Orchid Chamber of Commerce.

The Ice Orchid Chamber of Commerce's location was not far away. Based on the speed of Huang Xiaolong's group, it would only take five or six days for them to reach there.

"Young Lady, that Highness has already left," Not long after Huang Xiaolong left, a maid went to report to Feng Yuxuan.

"He left?" Feng Yuxuan had not expected that Huang Xiaolong would leave after only staying one night at the Wind Cloud Chamber of Commerce.

"Do you know where he's going?" Feng Yuxuan asked her maid.

"I've heard they are headed to the Ice Orchid Chamber of Commerce Headquarters," the maid answered. Huang Xiaolong had mentioned his destination to Wind Cloud Dao Venerable before departing, deliberately not hiding his whereabouts. Therefore, the maid had easily found out after some simple inquiring.

"What is he doing at the Ice Orchid Chamber of Commerce?" Feng Yuxuan's brows creased in confusion.

"Is he going to attend the Ice Orchid Banquet?" The maid made a guess.

Every ten thousand years, the Ice Orchid Chamber of Commerce would hold an event called the Ice Orchid Banquet, and top experts were invited as guests. Of course, those that were not invited also could join the merriment as long as one had entered Dao Venerable Realm. The coming Ice Orchid Banquet was only a few days away.

The Ice Orchid Banquet was a major event for the Ice Orchid Chamber of Commerce, and in every banquet, the President would appear. Hence, there were many experts who were willing to attend the banquet.

“Ice Orchid Banquet...” Feng Yuxuan’s eyes glimmered and she abruptly rose from her seat, “Go prepare, we’re going there as well!”

“Young Lady, you want to go?” The maid was surprised. The Ice Orchid Banquet had taken place many times and her young lady had been invited every time, but her young lady had never once attended the event.

.....

Five days later, Huang Xiaolong, Lei Yu, and the others arrived at the Ice Orchid City where the Ice Orchid Chamber of Commerce Headquarters was located.

“This Ice Orchid City is really pretty,” Huang Xiaolong commented as he looked at the Ice Orchid City that seemed to be carved out of a large piece of ice jade, sighing in admiration.

Lei Yu nodded in agreement, “Binglan that old woman is prettier still.” He was talking about the Ice Orchid Chamber of Commerce’s president, and so rarely, there was a lecherous expression on Lei Yu’s face.
