Chapter 3391: Huang Xiaolong Is A Devil!

Even though he knew that the Myriad Treasures Dao Master was no longer present in the Myriad Buddha World, Huang Xiaolong decided to take a trip into the world.

There were countless Buddhist kingdoms in the Myriad Buddha World, and there were even several experts at the peak of the late-Ninth Level Immortal Emperor Realm.

Surprisingly, there wasn't a single expert at the Sage Realm.

The Maitreya Buddha was the strongest expert there, and there should be countless experts under him. There should be several Sage Realm experts too, but they didn't live in the Myriad Buddha World.

Huang Xiaolong took a trip around and searched for the Myriad Treasures Dao Master with his three dao souls. When he was sure that the person he was searching for wasn't around, he left.

When he emerged from the entrance of the Myriad Buddha World, he could see that the crowd had yet to disperse. He looked at Huang Xiaochun in the crowd and nodded slightly.

Huang Xiaochun stared at him with a terrified expression. He didn't know how to react.

With a single step, Huang Xiaolong disappeared into thin air.

Now that he was done with the Western Niuhe Continent, it was time to head over to the Goblin Mountain.

It didn't take long for the news of Huang Xiaolong's assault to spread. The fact that he kidnapped the Golden Brow Arhat shook the Western Niuhe Continent.

Moreover, the fact that Huang Xiaolong might be in the Sage Realm filled the ears of everyone in the west.

The part about him killing Yang Kai and kidnapping the Golden Brow Arhat seemed insignificant to the fact that he might be a Sage! The entire Immortal World trembled at the news.

“There’s no way Huang Xiaolong is already a Sage!”

“The Golden Brow Arhat is a Ninth Level Immortal Emperor! He was using the platform to do battle, and Huang Xiaolong shouldn’t have been able to do a thing to him if he hadn’t entered the Sage Realm! Not to mention the fact that he could abduct the Golden Brow Arhat without killing him!”

“Since the ancient war, Sages would hardly appear in the world... Moreover, no one heard anything about Huang Xiaolong becoming a Sage! That’s bullsh*t! Huang Xiaolong cannot be a Sage! Moreover, no one has ever heard of him!”

Everyone started throwing guesses around.

Huang Xiaolong could remain anonymous when he killed Yang Kai, but now that his cultivation base was suspected to be at the Sage Realm, countless superpowers started to look into his identity.

Another piece of news shook the world when they did. “Huang Xiaolong is an expert of the Heavenless Devil Race!”

Waves crashed against the peaceful shores of the Immortal World.

“What?! How can he be part of the Heavenless Devil Race?!”

“Yeah! He’s an Innate Devil Ancestor! He came to existence after the origin devil qi gained consciousness, and he’s said to be an expert only under the Heavenless Devil Ancestor!”

“For a devil to attain enlightenment, it’s no wonder he’s so strong! That explains his cruel methods and only devils like him would be able to kill a million heavenly troops without batting an eyelid!”

“But... Didn’t they say that he ascended from Earth? Why is he the Innate Devil Ancestor?”

“Are you stupid?! He definitely made up the story about his ascension! Is there anyone who can verify that he came from Earth?! Mu Shuihan heard his side of the story, and he definitely did it in order to hide his true identity!”

Huang Xiaolong’s identity as the Innate Devil Ancestor started to spread across the Immortal World instantly.

It caused an uproar, and there were even some people who said that Huang Xiaolong’s appearance was a part of a grand conspiracy by the Devil Race.

The grudges Huang Xiaolong had against Yang Kai and the others turned into an offense against the entire Immortal World.

One had to know that since the start of time, the Immortal World had been at odds with the devil race. The number of wars waged between the two factions caused the death of countless experts.

Huang Xiaolong heard the rumors before he even reached the north.

“Looks like someone is deliberately spreading this sh*t about me...” Huang Xiaolong chuckled.

The rumors were most likely made up by the members of the devil race. After all, they were afraid of a terrifying presence like him gaining power among the human race.

As such, they planned to use the humans to get rid of him before he could pose a threat to them!

Huang Xiaolong looked down at the Ice Rhino carrying him around. He had casually picked it up along the way, and it was a great beast to use as a mount. It wasn’t too strong, and it was only at the peak of the late-Ninth Level Immortal Emperor Realm.

Of course, Huang Xiaolong didn’t care much about its strength since it was merely a mount.

The Ice Rhino was pretty amazing for the standard of a beast in the Immortal World. It was the first batch of demonic beasts that came after the beasts born during the creation of the world, and it didn’t receive the teachings of others. That resulted in its slow cultivation, and it had been stuck at the peak of the late-Ninth Level Immortal Emperor Realm.

“Your Highness, are we really going to Gobin Mountain?!” the beast asked in shock.

“What about it? Am I not allowed to?” Huang Xiaolong asked casually.

Shaking its head, the Ice Rhino explained, “Not really. However, Goblin Mountain was sealed a long time ago. As long as anyone enters a hundred million miles of the mountain, they would be hunted down by the demon kings residing there.”

Huang Xiaolong snorted lightly. He had long since heard about that.

Seeing as Huang Xiaolong wasn’t taking it seriously, the Ice Rhino continued, “I heard that the sealing of the Goblin Mountain is a holy decree given by Goddess Nuwa.”

“Oh!”

That was news to him.

“Why would she give such an order?” Huang Xiaolong asked.

“I have no idea.” The Ice Rhino shook his head. “There are some who say that it has something to do with the Zhou King.”

“The Zhou King of the Shang Dynasty?” Huang Xiaolong felt his heart trembling slightly.

The Shang Dynasty was one of the ancient dynasties in the Immortal World. It was as strong as the current Heavenly Court, and even experts like Huang Feihu, Jiu Tianying, and the God of Lightning were his subordinates!

However, the Shang Dynasty was exterminated before the current Heavenly Court was established.

“Yes. That’s him. The Zhou King is really lecherous. He dares to pine for Goddess Nuwa even after the Shang Dynasty’s extermination.”

The reason the Shang Dynasty was exterminated was also because of the Zhou King’s lust for Nuwa.

“The Zhou King isn’t dead?” Huang Xiaolong asked.

“No. It was said that a peerless expert saved him in the past before taking him in as a disciple.” The Ice Rhino explained, “Now, he’s back stronger than ever and he enters the Goblin Mountain occasionally to pester Goddess Nuwa.”

“He was saved?!” Huang Xiaolong was slightly taken aback.

“Yes. Some say that he was saved by the Continent Suppressing Dao Monarch. Others say that he was saved by Great Immortal Yang Mei! As such, not even Goddess Nuwa dares to kill him! If he really was saved by Great Immortal Yang Mei, I’m afraid no one in the Immortal World would dare to touch him!”

“Great Immortal Yang Mei?” Huang Xiaolong frowned. “Is there really someone like that?”

His father, Huang Long, and his master, the Blazing Dragon, didn’t say anything about Great Immortal Yang Mei...

According to the legends on Earth, Yang Mei was an expert no weaker than Hong Jun! After his interaction with the old dragon back in the Blazing Dragon World, Huang Xiaolong thought that Great Immortal Yang Mei was a legend!

Chapter 3392: Yang Mei

“There should be someone called Yang Mei...” the Ice Rhino sighed.

“However, the number of times he has shown himself since the start of time can probably be counted on two hands. Not many people know of his existence, but the Heaven Piercing Sage, Lao Zi, and the others at their level saw Great Immortal Yang Mei and Hong Jun exchanging pointers in the past. Observe the source of this content, streaming from n0v!lbin★

“Oh? Did they say who won?” Huang Xiaolong couldn’t help but ask.

“No, they didn’t. However, everyone guessed that Great Immortal Yang Mei was the winner. That was probably why they didn’t want to reveal the results of the battle,” the Ice Rhino chuckled.

“However, there are also other people who said that Great Immortal Yang Mei isn’t someone from our Pangu World!”

“?!” Huang Xiaolong was shocked.

“Yes. he seems to be from the Excessive Darkness... Or something along those lines...,” the Ice Rhino muttered.

“The Excessive Darkness World!” Huang Xiaolong gasped.

“Yes! That’s the one!” The Ice Rhino nodded quickly. “Your Highness, do you know of the existence of the Excessive Darkness World?”

“Of course, I do.” A light flashed in Huang Xiaolong’s eyes. He even killed the Son of Creation of the Excessive Darkness World, Fu Luosen!

Now, Fu Luosen’s dao soul was still suppressed in the World of Departed Souls.

“Your Highness, have you been there?” A light lit up in the Ice Rhino’s eyes.

Shaking his head slowly, Huang Xiaolong sighed. “No.”

Even though he managed to destroy the entire entourage of experts in the World of Departed Souls, he hadn’t gone to the Excessive Darkness World.

“I wonder how the world is outside this place...” The Ice Rhino sighed. “I heard that the universe is vast. There are many worlds like our Pangu World out there.”

As Pangu lured over the universal storm to surround the Pangu World before he left, he successfully protected the world from outsiders. However, that also resulted in the world being isolated from the others. Everyone in the Pangu World was like a prisoner. Other than experts like Hong Jun, no one would be able to see the outside world.

As such, they could only hear about the rest of the universe from people at their level.

“Yeah. There are nearly thirty of such worlds,” Huang Xiaolong didn’t plan to hide anything and he muttered casually.

“Thirty?!” The Ice Rhino cried out in fright. “Aren’t there only slightly more than ten of them?”

“Slightly more than ten?” Huang Xiaolong chuckled. “Who did you hear that from?”

“I heard it from some of my friends...”

“Your friends probably heard it from their friends too...” Huang Xiaolong laughed as the Ice Rhino lowered his head in embarrassment.

“If you wish to leave the Pangu World in the future, I’ll bring you along.” Huang Xiaolong couldn’t help but think of the little cow back in the Huang Long World.

“Really?!”

In the five continents of the Immortal World, the west was filled with the teachings of Buddha. The north was the haven for the demons, and Huang Xiaolong saw tons of demonic cultivators along his way.

However, the Ice Rhino was pretty famous in the area, and even though they ran into a lot of cultivators along the way, no one wanted to mess with Huang Xiaolong.

One could say that the Ice Rhino was even more well-respected in the north than in the west. In terms of strength, the rhino was much stronger than the Golden Brow Arhat. In terms of seniority, the Ice Rhino was part of the batch of beasts born after the creation of the world. He could be considered the Golden Brow Arhat’s senior!

As such, those who dared to disrespect the rhino could probably be counted on one hand.

Nothing noteworthy happened along the way, and they soon arrived at Goblin Mountain.

The closer they got, the more experts they ran into. They came from all parts of the Immortal World.

When Huang Xiaolong saw groups of them walking towards the Goblin Mountain, he asked curiously, “Are they all headed to the Goblin Mountain?”

“Yeah. Even though the Goblin Mountain has been sealed, there’s a holy temple set out around the perimeter of the seal in order to honor Goddess Nuwa. There are experts from all over the lands paying their respect to her.”

“According to the legends, the Human Race was created by her,” Huang Xiaolong continued casually.

Pangu was the one who created the world, but Nuwa was the one who created the humans. As such, she gained the title of Goddess Nuwa.

Despite that, she was also the holy ancestor of the demon race as she was a demon, to begin with.

“Probably?” The Ice Rhino shook his head. “There are also some who say that the Human Race was born through the combined efforts of Goddess Nuwa and the Human Emperor.”

“The Human Emperor Fuxi?”

“Yes, that’s him!” A look of reverence could be seen on the Ice Rhino’s face.

When Huang Xiaolong was in the Shushan Immortal Gate, he heard of Fuxi from Mu Shuihan. Not only was Fuxi’s position in the Immortal World extremely high, but he was also equally revered in the devil world and the ghost world.

From the time Pangu created the world, countless tribulations fell upon the lands.

Human Emperor Fuxi’s contributions couldn’t be ignored, and he assisted all three worlds the best he could.

In his eyes, all creatures were the same. He wouldn’t discriminate between ghosts, humans, and demons.

As Huang Xiaolong chatted with the Ice Rhino, they continued on their journey to Goblin Mountain.

“Your Highness, this is where the holy temple is.” The Ice Rhino pointed towards one of the peaks and continued, “After crossing the mountain, we will be able to see the Goblin Mountain!”

Huang Xiaolong nodded slightly as they blended into the crowd.

There were many experts who recognized the Ice Rhino, and all of them made their way quickly. A path was formed as Huang Xiaolong and the rhino strolled towards the temple.

“Grandpa, who are they?!” A little girl from the demon race pointed at Huang Xiaolong and the Ice Rhino as she pouted, “Why should we let them cut in line?”

Her grandfather jumped in fright when he heard what she said. Only after Huang Xiaolong and the Ice Rhino left did he explain himself. “That’s the Ice and Fire Rhino Ancestor!”

“What?!” The little girl felt her expression changing drastically. “What about the young man riding on his back?”

Even though the old man didn’t know what to say, waves crashed against his heart. He knew that the Ice Rhino was at the peak of the late-Ninth Level Immortal Emperor Realm, but he didn’t expect someone to use him as a mount!

Everyone standing around was equally as shocked.

There were even some who started praying when they saw the duo. Naturally, they were showing their respect for Huang Xiaolong who could use a terrifying expert as his mount.

When Huang Xiaolong and the Ice Rhino arrived at the mountain peak, they saw the holy temple. Huang Xiaolong entered the temple and looked at Goddess Nuwa’s jade statue, and he nodded slightly. “Not bad. She is really a beauty. It’s no wonder the Zhou King is so obsessed over her.”

Huang Xiaolong also saw the poem left behind by the Zhou King. He was taken aback as he didn’t know what Goddess Nuwa’s intention was for leaving the poem intact.

When Huang Xiaolong was reading the poem in the temple, a huge ruckus started outside the temple. “Everyone in the temple, get out now. Our lord is planning to show his respect for Goddess Nuwa!”

Chapter 3393: Pretentious Pricks!

As soon as the voice rang through the air, people were chased out of the temple.

Soon, a group of experts entered the temple.

The six other people other than Huang Xiaolong and the Ice Rhino were quickly forced out of the temple. Even though they were angry, they couldn't do a thing about it.

"Your Highness, they are from the Crape Myrtle Palace," a frown formed on the Ice Rhino's face as he muttered.

"Oh. Is he the Crape Myrtle Heavenly Emperor of the North?"

There were five Heavenly Emperors in the Immortal World, and the person who controlled the Heavenly Court and the five continents was called the Celestial Emperor. The Heavenly Emperor of the West was called the Supreme Heavenly Emperor, and the Crape Myrtle Heavenly Emperor controlled the north.

As for the Heavenly Emperor of the South, he was called the Longevity Heavenly Emperor, and he was the son of the Absolute Beginning Sage.

The Qinghua Heavenly Emperor was in charge of the East, and he was also the son of the Absolute Beginning Sage.

The Crape Myrtle Heavenly Emperor might not be comparable to the Celestial Emperor, but his background was nothing to scoff at! He was the brother of the Supreme Heavenly Emperor and the Gouchen Heavenly Sovereign!

Their mother was a hegemon in the Pangu World, and even the Celestial Emperor had to show them some respect.

"Yes, Your Highness." The Ice Rhino nodded quickly.

"Since you know that we're from the Crape Myrtle Palace, why are you still here? Get out right now! Our lord will be arriving soon!" one of the experts snapped. "When he comes, you won't be able to leave even if you want to."

No one in the Immortal World would dare to disrespect someone from the Crape Myrtle Palace. As such, they were extremely domineering when it came to dealing with others.

"Preposterous!" the Ice Rhino roared in anger when he saw how they disrespected Huang Xiaolong.

His snort was like a clap of heavenly thunder that resounded through the land. The mountain peak they were on trembled violently.

The guards of the Crape Myrtle Palace were strong, but they were Immortal Kings at best. It was impossible for them to stand up to the Ice Rhino's wrath, and they were sent flying out of the temple. They rolled a fair distance before stopping.

When the experts standing around saw what happened to the experts of the Crape Myrtle Palace, someone in the crowd snorted, 'I wonder which dumb*ss dared to make a move on the members of the Crape Myrtle Palace...'

The Ice Rhino's expression changed when he noticed the person who spoke. "Your Highness, that's Immortal Emperor Chen Chong, the oldest disciple of the Crape Myrtle Heavenly Emperor!"

The Crape Myrtle Heavenly Emperor had five disciples in total, and Chen Chong was the oldest among them all. He was also the strongest, and his strength was comparable to the Ice Rhino. He was a peak late-Ninth Level Immortal Emperor, and when the Crape Myrtle Heavenly Emperor was absent, Chen Chong was the one dealing with the matters in the Crape Myrtle Palace.

"Ice and Fire Rhino Ancestor, who would have thought." Chen Chong was slightly taken aback when he saw who it was.

"Xi Jiu, how dare you move against members of the Crape Myrtle Palace?! Are you tired of living?!" Chen Chong narrowed his eyes and growled, "Are you planning to join the Purple Phoenix Race in the Ice Prison?!"

The face of the Ice Rhino changed instantly.

The Purple Phoenix Race was one of the great demon races that was born during the creation of the world. However, the old ancestor of the race offended Chen Chong several hundred years ago and he was punished by Chen Chong using the authority of the Crape Myrtle Palace. He was framed for a crime and thrown into the Ice Prison!

Moreover, the experts of the Purple Phoenix Race were also dragged into the mix and many of them suffered the same fate.

If nothing special happened, the Purple Phoenix Old Ancestor would be trapped for a million years!

“I, Chen Chong, am not an unreasonable person. If you apologize right now and show some sincerity, I might let you off this once.”

Naturally, he was trying to extort the treasures Xi Jiu had collected in his many years of existence.

With Chen Chong’s position in the Crape Myrtle Palace, there was no way he would accept random treasures. In order to please him, the Ice Rhino would have to bring out a ton of them if he wanted to be pardoned.

Chen Chong turned to look at Huang Xiaolong all of a sudden and growled, “Brat, are you Xi Jiu’s follower? How dare you remain on your feet in front of me?!”

Huang Xiaolong looked at him as though he was a clown in a circus. “Alright. I’ll spare your life if you get on your knees and grovel. Kowtow ten thousand times and roll off the mountain if you wish to live.”

“Brat, you’re asking for death!”

One of the experts behind Chen Chong sneered as a ray of light emerged from his hands. It shot towards Huang Xiaolong’s forehead.

However, the ray of light dispersed before it could enter the temple. Chen Chong and everyone else stared at Huang Xiaolong in shock.

When they were still questioning their sanity, Huang Xiaolong raised his hand to point at the expert who moved against him. Like a balloon, the expert popped as blood rained down on the lands.

Chen Chong and the others were sent flying by the impact.

When they finally crawled to their feet, they stared at the bloody mess around them in fright.

“Who... Who are you?!” Chen Chong stared at Huang Xiaolong and roared in anger.

“Huang Xiaolong.”

“Huang Xiaolong?!” The faces of everyone from the Crape Myrtle Palace changed.

Several days ago, the news of Huang Xiaolong being the Innate Devil Ancestor had made its way to the Crape Myrtle Palace. They learned that Huang Xiaolong kidnapped the Golden Brow Arhat during his trip to the west.

However, they couldn’t understand how Huang Xiaolong had already arrived in the north! Not to mention the fact that he was in the holy temple of Goddess Nuwa.

“Huang Xiaolong, don’t think that my Crape Myrtle Palace will be afraid of you! You’re just someone from the Devil Race!” suppressing the shock in his heart, Chen Chong roared.

“Devil Race? The Heavenless Devil Ancestor is nothing but an ant. I’ll crush them soon enough,” Huang Xiaolong muttered.

The Heavenless Devil Race planned to get rid of him with the rumors they were spreading, and that crossed Huang Xiaolong’s bottom line.

When he thought about the rumors going around, a desire to head over to the devil world formed in his heart.

It was too bad they had to piss him off.

Chen Chong and the others stared at Huang Xiaolong in stunned silence.

Isn’t he someone from the Heavenless Devil Race?! Why is he insulting the Heavenless Devil Ancestor now?

“Huang Xiaolong, you can stop being pretentious. Do you really think we will believe your lies?” Chen Chong snorted doubtfully.

However, that was the last words he could utter as Huang Xiaolong crushed them all into meat paste the next instant.

“Believe what you want.” Huang Xiaolong snorted and turned around. Witness the birth of this content, streaming forth from n0v!lbin★

When the Ice Rhino looked at the corpses of Chen Chong and the others, he was shocked.

“Let’s go. We’re going to Goblin Mountain.” Huang Xiaolong left the temple after he spoke.

Chapter 3394: A Million Demons

When they left, Huang Xiaolong and the Ice Rhino glanced at the experts of the Demon Race rushing towards them.

The exchange between them was short, but they managed to draw the attention of the Demon Race nonetheless.

When the demons saw the corpses of Chen Chong and the others, they sucked in a cold breath.

“That’s Chen Chong, the eldest disciple of the Crape Myrtle Heavenly Emperor!”

Everyone broke out into an uproar in an instant.

One of the parties involved in the battle in the holy temple was Immortal Emperor Chen Chong of the Crape Myrtle Palace!

Moreover, he was slapped into meat paste by the other party!

“That... That’s the Ice and Fire Rhino Ancestor, Xi Jiu!” Many people present recognized the old rhino, but their gazes soon turned to Huang Xiaolong.

After all, they knew that no matter how strong Xi Jiu was, he wasn’t capable of destroying Chen Chong who was at the same level as himself!

“Who in the world are you?! Why would you create trouble in our holy temple?” the disciples of the demon race asked. He had four eyes, and a golden horn on his forehead.

A serious look formed on the Ice Rhino’s face, and he explained, “Your Highness, he’s the Four Eye Tiger King, one of the strongest demon generals under Goddess Nuwa. According to the rumors, he has already entered the Sage Realm. However, no one knows if that’s true.”

Huang Xiaolong glanced at those around him and ignored the question. “I heard that the Wudang Goddess and Tortoise Spirit Goddess came over to cultivate around Goblin Mountain. Is that true?”

The demons stared at him in shock.

No one expected him to ask about them.

The Tiger King's expression fell when he saw that Huang Xiaolong had ignored his question. As a Demon King born during the creation of the world, his status was like the sun in the sky. After he followed Goddess Nuwa, even the Crape Myrtle Heavenly Emperor would have to show him some respect. Now, a brat ignored his question!

"I'm asking you a question! Who the hell are you and why did you cause trouble in our holy temple?!" The Tiger King growled as a golden hammer appeared in his hands.

"Well, I'm asking you a question of my own. Are the Wudang Goddess and Tortoise Spirit Goddess here?" Huang Xiaolong continued with an expressionless face.

"You're asking to die!" the Tiger King roared as the hammer in his hand smashed towards Huang Xiaolong.

The hammer started to expand as it came crashing down. It seemed to turn into a golden mountain that threatened to bury Huang Xiaolong and the Ice Rhino. Moreover, Xi Jiu realized that the space around him was frozen! He couldn't move a muscle.

He knew that the Tiger King's hammer was no ordinary treasure just from that point alone!

When the Tiger King saw the expression on Xi Jiu's face, a cocky smile formed on his lips. After entering the Sage Realm, Goddess Nuwa had rewarded him with the golden hammer! There were spatial formations inscribed in the weapon itself, and it would freeze the space around his opponents!

All these years, he had relied on his weapons to win many battles among his peers!

Seeing as the hammer was about to smash into them, Huang Xiaolong waved his sleeves casually. The giant hammer in the air crumbled into a pile of dust in front of their eyes.

The golden dust scattered all over the land, and it painted the ground a pretty gold color.

The beast kings who were on the scene stared at Huang Xiaolong in shock.

It was even more so for the Tiger King as he stared at Huang Xiaolong without so much as blinking his eyes.

“You... You... Return my treasure to me!” Returning to reality, the Tiger King stared at the golden dust on the ground before lunging at Huang Xiaolong’s face. He turned into his true form as a giant golden tiger and his claws came crashing downwards.

Boundless immortal force emerged from his claws.

However, everything was settled with a single slap from Huang Xiaolong. The Tiger King was sent flying into one of the mountain peaks.

As rumbling filled the skies, shards of rocks flew everywhere.

The Tiger King was beaten up so badly that he couldn’t tell north from south, and he failed to find his footing for quite some time.

“On behalf of Goddess Nuwa, I’ll allow you to live,” Huang Xiaolong stated casually.

Goddess Nuwa made great contributions to the Human Race, and that was why Huang Xiaolong would overlook the Tiger King’s disrespect.

Like the wind, Huang Xiaolong’s words entered the ears of everyone present, causing cold sweat to fill their foreheads.

The Tiger King was shocked and terrified at the same time, and he eventually decided against doing anything else to Huang Xiaolong. Witness the birth of this content, streaming forth from n0v!lbin★

“I wonder which great sage has blessed us with your presence,” one of the demon kings stepped out and asked Huang Xiaolong respectfully. It was clear that their attitudes had softened significantly.

The demon king who stepped out was the Nine Tailed Fox King, and he was a little stronger than the Tiger King who attacked Huang Xiaolong just a moment ago.

“Huang Xiaolong.”

“You... You’re the Huang Xiaolong?!”

“He’s the one who killed Zhao Qi and Yang Kai!”

The demons broke out into chaos when they heard his name,

“Did you receive an order from the Heavenless Devil Ancestor to look for the Wudang Goddess and the Tortoise Spirit Goddess?” After recovering from his shock, the Nine Tailed Fox King’s expression fell.

As the rumors of Huang Xiaolong being the Innate Devil Ancestor had spread across the land, everyone felt that there was no other explanation.

It seemed as though the demons were also of the same mind.

None of them could find it in themselves to respect Huang Xiaolong when they heard that he was from the Devil Race.

“Heavenless Devil Ancestor?” Huang Xiaolong was indifferent as he continued, “He’s nothing but an ant in my eyes. Let me ask you one more time. Are the Wudang Goddess and the Tortoise Spirit Goddess here?”

Huang Xiaolong tried to use his dao souls to search for them, but the number of formations laid down was too many to count. He wouldn’t be able to discover their presence in a short amount of time.

When they heard how Huang Xiaolong described the Heavenless Devil Ancestor, they were shocked to their core. However, a sneer soon formed on their faces. It was clear that they thought Huang Xiaolong was bluffing.

“Huang Xiaolong, even the Heavenless Devil Ancestor wouldn’t dare to disrespect Goddess Nuwa!” Another demon king yelled, “You better make your leave now. Otherwise, you won’t be able to run away when we decide to kill you!”

With a snort from Huang Xiaolong, a terrifying power filled the lands.

“Kill him!”

“Work together and take him down! We will send him to Goddess Nuwa to receive judgment!”

As their cries filled the skies, the artifacts in their hands shot towards Huang Xiaolong.

In an instant, multi-colored lights filled the skies. A horrifying pressure descended on Huang Xiaolong and Xi Jiu.

There were several dozen Sages among the demon kings, and even Xi Jiu felt the blood draining from his face when he realized that they were going in for the kill.

Just the pressure from their artifacts alone could kill him a million times over!

Huang Xiaolong casually raised his arm to face the countless artifacts descending from the skies. In an instant, everything stopped.

Chapter 3395: Wudang Goddess and the Tortoise Spirit Goddess

The eyes of every single demon widened when they saw their weapons stopping in midair.

Huang Xiaolong flipped his hand once to send every single artifact flying back towards its user. As they smashed into each other, everyone fell from the skies.

Many of them slammed into the surrounding peaks, and others landed in the valley all around. Some fell into the lakes, and others crashed into the structures all around them.

Miserable cries rang through the air as dust clouds filled the skies.

It was as though armies of tens of millions of troops had clashed with one another, but the only problem was that the only army present was that of the demons. They were only facing a single opponent, but they couldn't even put up a fight!

The artifacts that they used were nothing more than dust that remained on the ground, and whatever shards there were left were filled with cracks.

The Ice Rhino felt a sense of awe spreading through his veins. That was an entire army of tens of millions of demons! There were demon kings in the mix, and there were several demon ancestors at the Sage Realm as well!

Anyone who could enter the Goblin Mountain was an expert in their own right! All of them were demons who had peerless bloodlines! There were even many who were about to enter the Sage Realm! For example, the Tiger King and the Nine Tailed Fox King! They were the ancestors of an entire race!

The weakest among them was a Golden Immortal, and there were countless Immortal Emperors in the mix!

As for Sages, there were more than a dozen of them present.

Yet, all of them failed to take on a single blow from Huang Xiaolong.

Xi Jiu wasn't the only one who was surprised. The demon ancestors like the Nine Tailed Fox King were equally shocked.

"Combined Dao Ancestor!" They stared at Huang Xiaolong with blood leaking from their lips.

They felt that he wasn't an ordinary Combined Dao Ancestor.

The Nine Tailed Fox King's evaluation caused the hearts of many demons to tremble.

All of a sudden, a lady's voice rang through the air. "Fellow Daoist Huang is so powerful. It's no wonder you're known as the Innate Devil Ancestor!"

Huang Xiaolong turned to look at two ladies who wore immortal robes standing in the air above. They were riding on clouds as they drifted slowly towards Huang Xiaolong and the rest.

The Tiger King and the others forced themselves to their feet and bowed respectfully, "We greet the Wudang Goddess and the Tortoise Spirit Goddess!"

They were the Heaven Piercing Sage's students, and Huang Xiaolong wasn't surprised to see them there.

Since a long time ago, the Heaven Piercing Sage, Nuwa, Laozi, Yuanshi, Zhunti, and Jieyin had been receiving teachings from Hong Jun. The two of them could be considered somewhat related to Goddess Nuwa in that sense.

“Please rise.” The two of them nodded casually.

Next, they turned to stare at Huang Xiaolong with serious expressions on their faces.

“Did Fellow Daoist Huang come all the way over here to look for us? Is there anything we can help you with?” the Tortoise Spirit Goddess asked.

“I heard that your master has the Pangu Axe.”

The two of them stared at Huang Xiaolong in shock, and so did everyone else.

Even though Huang Xiaolong didn’t state his intentions outright, everyone could tell that he wanted to obtain the Pangu Axe!

Strange expressions filled the faces of those present.

They didn’t dare to believe that Huang Xiaolong was actually plotting against the Heaven Piercing Sage!

He might be strong, but he seemed a little too full of himself!

The Heaven Piercing Sage was someone who had existed for countless years! He was one of Hong Jun’s most treasured disciples, and he was one of the earliest Sages in the Pangu World!

Even the Heaveless Devil Ancestor had to lower his head when speaking to the Heaven Piercing Sage!

Out of all of Hong Jun’s disciples, the Heaven Piercing Sage possessed the greatest amount of fame! In the past, he had killed so many people with his Immortal Punishing Sword that the three worlds would tremble at the mere mention of his name!

The faces of the two goddesses sank when they heard that Huang Xiaolong planned to mess with their master. “The number of people who covet my master’s axe cannot be counted, but none of them dares to make a move. Even the Heavenless Devil Ancestor isn’t brave enough to do it. I’m afraid that

Fellow Daoist Huang wouldn't dare to make a move even if my master appears right now."

One of the Goddesses was belittling Huang Xiaolong. After all, there weren't many people who would dare to fight the Heaven Piercing Sage.

Not even the Heavenless Devil Ancestor would dare to fight the man head-on.

Huang Xiaolong shook his head in amusement. It seemed as though he had overestimated the intelligence of everyone in the Pangu World. He wouldn't be getting rid of his identity as the Innate Devil Ancestor any time soon.

"Alright. You can make your move now." Huang Xiaolong sighed. "I'll give you a chance. If you manage to resist a single strike from me, I'll give you this grand dao spiritual vein."

A spiritual vein comparable to the size of an immortal dragon appeared above Huang Xiaolong. It was several hundred thousand miles long, and it swirled about in the heavens above.

"Grand dao vein!"

The goddesses exclaimed in shock. Excavate this data, retracing it to n0v*!bin★

The demon kings who were present felt the world spinning around them.

"That's right. This is a high-grade grand dao spiritual vein," Huang Xiaolong muttered.

High-grade grand dao spiritual vein!

Gulping down a mouthful of saliva, no one could believe what they were seeing.

It had been a long time since the goddesses were so tempted to obtain something.

Looking at each other, the two of them came to an agreement.

"Are you serious?" the Tortoise Spirit Goddess asked.

They wondered if Huang Xiaolong would allow them to work together.

The two of them knew that they were no match for Huang Xiaolong, but all they had to do was to resist a single attack from the man! They were confident of dragging out a battle with him if they joined hands, not to mention defending themselves from a single strike.

“That’s right. As long as you manage to defend yourself from a single attack, I’ll give you the grand dao spiritual vein. Moreover, I’ll leave you alone,” Huang Xiaolong uttered.

“Alright.” A horrifying aura emerged from the Wudang Goddess’ body the moment she spoke. Grand dao laws filled the area as the power of a dao ancestor filled the lands.

“Combined Dao Ancestor!” The Ice Rhino screamed in shock.

When the Tortoise Spirit Goddess released her aura next, everyone could feel that she was slightly stronger than the Wudang Goddess.

The Ice Rhino’s jaws dropped, and he was flabbergasted.

...

“I wonder which dao ancestor appeared! That’s a terrifying aura!”

“It seems to come from the Goblin Mountain!”

The experts in the northern region felt the change clearly, and many of them were frightened by the sudden change.

The Nine Tailed Fox King and the others felt the reverence they had for the two goddesses growing stronger.

Next, a multi-colored stone appeared above the Wudang Goddess’ head, and it emitted rays of blinding light.

“Sky Mending Five Colored Rock?” Huang Xiaolong raised an eyebrow in amusement.

The Pangu World had once experienced a calamity that caused the world to crumble. Goddess Nuwa had managed to refine a slab of Sky Mending Five Colored Rock, and Huang Xiaolong didn’t expect her to give a piece of it to the Wudang Goddess.

The Sky Mending Five Colored Rock was a famous treasure, and a single piece of it managed to create an existence at the level of Sun Wukong! One could only imagine how precious it was.

“That’s right! This is the Sky Mending Five Colored Rock!” The Wudang Goddess yelped haughtily. The Sky Mending Five Colored Rock she used was one that was refined from grand dao energy. When Nuwa mended the heavens and gave life to countless creatures, the grand dao laws and grand dao energy that were used had fused into the piece the Wudang Goddess was using.

Chapter 3396: You Lost

Ordinarily, artifacts that received the blessing of the grand dao laws would surpass those that didn't. Not to mention the fact that the Sky Mending Five Colored Rock was an innate treasure, to begin with. The power it possessed was far too shocking.

After the Wudang Goddess revealed her Sky Mending Five Colored Rock, the Tortoise Spirit Goddess retrieved a pearl from her sleeves. The pearl might not be as eye-catching as the Sky Mending Five Colored Rock, but it emitted a soft glow. When it appeared, the entire space around them seemed to lose its color. The pearl became the only object in existence. It was like the sun, but it also became the moon. It changed again and again, as it emitted a soft silvery glow.

The demon kings felt as though their bodies were burning and freezing at the same time, and that was the power of the artifact! It was the Sun and Moon Pearl!

The Sun and Moon Pearl might not be an innate artifact, but it was a peak-grade chaos spiritual treasure! The offensive abilities of the pearl were off the charts!

When she revealed her artifact, a snort left her lips. “Fellow Daoist Huang, you can make your move now. Please remember that you agreed to let us work together. As long as we manage to block a single attack from you, the grand dao spiritual vein will belong to us. You will also leave without causing any more trouble.”

“In the future, you better not show yourself in front of us again!”

She added the final sentence in order to stop Huang Xiaolong from pestering them all the time in case he was a sore loser.

After all, they would have to use the Sky Mending Five Colored Rock and the Sun and Moon Pearl in order to stop Huang Xiaolong's attack. Even if they won the bet, it was nothing to brag about.

They knew that if Huang Xiaolong turned serious and was hell-bent on taking them down, he would eventually be able to do it. That was the reason she wanted Huang Xiaolong to leave them alone.

"Alright." When they thought that Huang Xiaolong would come up with ways to avoid their last condition, he agreed.

The two of them stared at each other in shock.

A frown soon formed on their faces. How can he be so confident?

When they realized that Huang Xiaolong wasn't fazed by their final condition, they started to lay down countless grand dao formations around them. The light emitted by the two artifacts illuminated the lands.

Experts residing in the regions around them felt the change, and they were shocked by the pillars of light piercing into the high heavens.

"It's the Sky Mending Five Colored Rock created by Goddess Nuwa! A Dao Ancestor is using the power of the Sky Mending Five Colored Rock!"

"The Sun and Moon Pearl is there too! It's the Tortoise Spirit Goddess' peak-grade chaos artifact!"

"Who is the crazy b*stard who dared to anger the Tortoise Spirit Goddess?"

The experts in the north exclaimed in shock.

...

With his hands clasped behind his back, Huang Xiaolong looked at the rays of light that were shooting up into the skies. The Nine Tailed Fox King and the others had already run a fair distance away as they were afraid that they would be caught in the crossfire.

The Ice Rhino did the same.

With his cultivation level at the peak of the late-Ninth Level Immortal Emperor Realm, he couldn't even withstand the pressure coming from the two goddesses!

As a snort rang through the air, the Wudang Goddess and the Tortoise Spirit Ancestor moved.

The Sky Mending Five Colored Rock flashed as it appeared in front of Huang Xiaolong before the demon kings could blink! The speed of the rock was too terrifying, and it planned to pierce through Huang Xiaolong's body before he could unleash his attack.

The five-colored lights enveloped him completely as the Sun and Moon Pearl appeared above him. A river formed with silver and golden lights poured down on his body.

As the golden light threatened to burn Huang Xiaolong alive, the silver moonlight tried to freeze him whole.

Huang Xiaolong sighed softly in response. "Petty tricks." Raising his hand, a single palm shot out.

Beams of light froze in the air as the two artifacts fell towards the ground.

When the two goddesses were still stuck in a state of shock, Huang Xiaolong flipped his palm around and the two artifacts shot towards them.

The goddesses yelled in fright as they pushed the grand dao energy in their bodies to the extreme. Like a geyser, grand dao energy emerged from their pores as it surrounded them. They tried their hardest to recall their treasures but to no avail.

The Sky Mending Five Colored Rock and Sun and Moon Pearl pierced through the grand dao formations around them as it crashed into their bountiful chests.

Like shooting stars, they drew perfect arcs through the skies.

Boom!

The skies trembled as the earth shook.

Mountain peaks crumbled under the impact as the two artifacts formed two massive craters in the land.

The Nine Tailed Fox King, along with everyone else, felt as though they were in a dream.

They looked at Huang Xiaolong with wide eyes, and none of them managed to speak.

“The two... The two... What happened to the two goddesses?” The Tiger King was the first to regain his senses, and he looked deathly pale when he asked.

The two goddesses who had already entered the Combined Dao Ancestor Realm were defeated just like that! They worked together, with two absolute treasures! Even then, they failed to withstand a single strike from Huang Xiaolong.

The demon kings felt their hearts trembling when they looked at the monstrous presence before them.

After a long time, the two ladies finally managed to crawl to their feet. They looked at Huang Xiaolong with frightened expressions plastered onto their faces. Observe the source of this content, streaming from n0v!!bin★

“Who in the world are you?”

“You lost.” Huang Xiaolong didn’t bother answering them as he continued, “Tell me the location of your master.”

Huang Xiaolong retrieved his grand dao spiritual vein that was hovering in the air.

Lowering their heads, the Wudang Goddess spoke, “We accept our loss. However, our master left to roam the world after the ancient war. We have no idea where he is. It’s been a long time since we last saw him.”

Huang Xiaolong frowned.

He guessed as much, but it was still a little disappointing.

“What about your senior brother? Do you think the Myriad Treasures Dao Master and the Golden Spirit Goddess know of his whereabouts?” Huang Xiaolong asked.

“We... We have no idea. It’s been forever since we last contacted them.” They shook their heads slowly.

Raising his arms, Huang Xiaolong locked the two of them in place as a ray of light entered the space between their eyebrows. He searched their memories for everything related to the Heaven Piercing Sage.

He stopped after he realized that they weren’t lying.

With a single step, Huang Xiaolong returned to the Ice Rhino’s back. They disappeared into the horizon as the two goddesses looked at him with complicated feelings building in their hearts.

...

“Breaking news! Huang Xiaolong slapped Immortal Emperor Chen Chong to death in the holy temple! He doesn’t respect the Crape Myrtle Heavenly Emperor!”

“What do you know?! The Wudang Goddess and the Tortoise Spirit Goddess were beaten by him with a single move!”

Everything that happened started to spread the moment he left.

When the experts of the northern region learned that the Wudang Goddess and the Tortoise Spirit Goddess had already become Combined Dao Ancestors but were still defeated by Huang Xiaolong, they didn’t know what to think.

Chapter 3397: Your Granddaddy Sun Is Back

“Even after joining hands, the Wudang Goddess and the Tortoise Spirit Goddess were defeated by Huang Xiaolong! How strong is that guy?! Didn’t they say that he barely entered the Sage Realm earlier?!”

“Huang Xiaolong deserves his reputation as the Innate Devil Ancestor! He’s as strong as the Heavenless Devil Ancestor himself! Hahaha! He’s going to kill everyone in his way! Look at the number of people who died at his hands in the past few days?! He killed Chen Keyu, Yang Kai, and now, he took Chen Chong’s life!”

“Chen Chong is the oldest disciple of the Crape Myrtle Heavenly Emperor. Now that he offended the heavenly emperor, he basically offended the entire Heavenly Court! I wonder how many powers he plans to go against...”

“Do you think the Crape Myrtle Heavenly Emperor will look for Huang Xiaolong?”

“What do you think?! Even the Wudang Goddess and the Tortoise Spirit Goddess were defeated by Huang Xiaolong. Do you think the Crape Myrtle Heavenly Emperor stands a chance?! He can only swallow his grievances!”

...

After Huang Xiaolong left the north, he returned to the Dongsheng God Continent.

Since the whereabouts of the other two were unknown, Huang Xiaolong could only wait for the Gathering of the Immortal Peaches.

He hoped that they would show themselves then.

When Huang Xiaolong was thinking about the Pangu Axe while riding on the Ice Rhino’s back, Xi Jiu yelled, “Your Highness, the Five Finger Mountain is up ahead!”

Huang Xiaolong was slightly taken aback.

“Is that the mountain Buddha Rulai used to suppress Sun Wukong?”

“Yeah. That’s the one...” A look of fear formed on Xi Jiu’s face.

“Let’s go take a look,” Huang Xiaolong muttered.

“Yes, Your Highness.” A look of excitement formed on Xi Jiu’s face all of a sudden as he turned to head towards the Five Finger Mountain.

It didn’t take long for Huang Xiaolong to catch sight of the giant structure. It extended high into the clouds, and it was like a giant palm reaching for the skies. Immortal trees grew above the five peaks, and it was a majestic view.

That was the legendary Five Finger Mountain.

From top to bottom, the entire mountain was covered in a giant talisman. It was written in Sanskrit, and it could suppress the power of the great monkey king, Sun Wukong!

That was also the reason Sun Wukong’s Master was unable to save him after so many years.

As the talisman was created by one of Buddha Rulai’s most treasured artifacts, it was able to suppress almost anything in the Pangu World!

The Ice Rhino stopped when they were a million miles away from the mountain. He said, “Your Highness, we cannot continue onwards. Everyone would be suppressed by the talisman on the Five Fingered Mountain, and the closer we get, the stronger the sense of suppression.”

That was also the reason he could only bring Huang Xiaolong up to that point.

“Wait here.” Huang Xiaolong got off the Ice Rhino’s back as he continued on towards the mountain.

The closer he got, the stronger the Buddhist light emitted by the talisman became. It slammed into him like a tsunami.

Ignoring it completely, Huang Xiaolong didn’t even slow down. Excavate this data, retracing it to n0v*!bin★

When he reached the one-hundred-mile radius around the mountain, a blinding ray of light emerged from the talisman. Waves of energy crashed into him, and Huang Xiaolong could tell that even Combined Dao Ancestors like the Wudang Goddess wouldn’t be able to hold out for long.

However, he was Huang Xiaolong! Clasp his hands behind his back, he continued without so much as a frown.

The Ice Rhino stared at Huang Xiaolong with his jaws dropping in fright.

Under one of the five peaks, Huang Xiaolong saw a sorry figure. Looking at the monkey stuck under the mountain, Huang Xiaolong saw the moss growing around its body. Grass and dirt could be seen sticking to its face.

Huang Xiaolong shook his head inwardly when he looked at the legend who once shook the heavens.

From the time Huang Xiaolong made his way towards the mountains, Sun Wukong had already noticed the changes in the talisman. A trace of hope formed in his heart when he saw Huang Xiaolong, and he screamed, "Lord, please save me!"

The arrogant Sun Wukong of the past would never plead with anyone else. However, the time he spent under the Five Finger Mountain tempered his spirit. His arrogance was long gone, and he wanted nothing more than to leave the goddamned mountain!

With his rash personality, being unable to do a thing while suppressed under the mountain was a fate worse than death!

"Why should I help you? You're no friend of mine," Huang Xiaolong muttered. "I'll save you if you give me a reason to."

"As long as you save me, I'll do anything you say!"

However, Sun Wukong seemed to have thought of something as he continued, "I'll do anything as long as you don't restrict my freedom!"

The only thing he cared about was getting out of there!

"Alright." Huang Xiaolong nodded.

Staring at him in shock, Sun Wukong didn't think that anyone would agree so quickly.

When Sun Wukong was still stuck in a state of shock, Huang Xiaolong reached out to tear the talisman off the Five Finger Mountain. It was like a piece of wet rice paper that tore the moment Huang Xiaolong laid hands on it.

Widening his eyes in fright, Sun Wukong looked at Huang Xiaolong.

He had experienced the terror of the talisman firsthand. Now, some random person he met tore it off without the slightest bit of difficulty!

“His handwriting is pretty good...” Huang Xiaolong sighed.

?! A complicated feeling formed in Sun Wukong’s heart.

“Lord, you... You... Get out of the way! I’ll come out right now!” He was afraid that when he emerged from under the mountain, the rocks above would crush Huang Xiaolong.

“Don’t worry about that.” With a single gesture, the entire mountain started to shrink. When it turned into the size of a pebble, it fell onto Huang Xiaolong’s palm.

Feeling the pressure around his body disappearing, Sun Wukong got to his feet. A bloodthirsty aura filled the skies as the ground around trembled. The skies changed color as the cries of fallen souls filled the air.

When the cultivators around the Dongsheng God Continent felt the change, their expressions changed.

“Who can it be?! Is it even possible for someone to be so bloodthirsty?!”

“That... That came from the direction of the Five Finger Mountain! Of no! Did the demonic monkey break free?!”

Countless powers fell into disarray.

As rays of light surrounded Sun Wukong’s body, it was as though the invisible shackles around him were shattered.

Huang Xiaolong was surprised to discover that the monkey king would be able to break through the moment he emerged. Moreover, he was breaking through several levels at once! The grand dao laws around Sun Wukong’s body covered the Dongsheng God Continent in an instant.

“Old fart Rulai, your Granddaddy Sun is back! Just wait! I’m not done with you!” Sun Wukong roared at the heavens.

Chapter 3398: Buddha Rulai

“Alright. I’ll help you out a little.” When Sun Wukong was busy roaring at the heavens, Huang Xiaolong sent a trace of grand cosmos energy into his body. It purified the monkey’s body and increased the power of his dao soul, and refined his Fiery Eye of Truth.

He even tempered Sun Wukong’s body with his grand cosmos energy!

The light around Sun Wukong’s body grew even more blinding. It was as though he became a completely new person!

A tiny avatar of a monkey flashed within Sun Wukong’s body, and that was the true spiritual body of the monkey king.

Huang Xiaolong stopped after several moments and severed the connection.

Of course, the light around Sun Wukong’s body didn’t stop there. It continued to swirl about as the monkey king continued to perceive the laws. From what it looked like, he was getting a feel for the thirteen elements contained in Huang Xiaolong’s grand cosmos energy.

Sun Wukong only opened his eyes after a long time. Falling to his knees, he kowtowed towards Huang Xiaolong. “Many thanks to the benefactor for the life-saving grace and guidance!”

Huang Xiaolong chuckled casually, “I’m no Xuanzhang and I’m not accepting disciples. You can address me as ‘Your Highness’ instead.”

“Many thanks to Your Highness!” Sun Wukong kowtowed thrice to show his respect before getting to his feet. He stood before Huang Xiaolong respectfully.

As an existence who was born with innately powerful abilities, the monkey king was an unruly and arrogant punk. The reason he was acting so docile wasn’t just because of Huang Xiaolong’s life-saving grace. It was also because he could feel the terrifying power Huang Xiaolong possessed.

He might have barely interacted with the man, but he could feel that Huang Xiaolong was someone he couldn’t dream of matching up to. No one could strike fear in his heart, not even Buddha Rulai who sealed him under the Five Finger Mountain. However, Huang Xiaolong made him feel like he was smaller than a speck of dust in the universe!

“Someone is here. Let’s leave.” Huang Xiaolong appeared on the Ice Rhino’s back with a single step as they left the vicinity. Jumping on a colorful cloud, Sun Wukong followed closely behind.

“Your Highness, the people who came are from the Qinghua Emperor Manor. Should I smash them to bits with my stick?” Sun Wukong waved his golden staff around and roared.

His Fiery Eye of Truth could easily see through the void and killing intent rose in his heart when he saw the members of the Qinghua Emperor Manor. He couldn’t find it in himself to form favorable impressions of those serving the Heavenly Court.

When the Heavenly Court surrounded his Fruits and Flower Mountain, they killed countless comrades of his.

“Do whatever you want.” Huang Xiaolong chuckled when he noticed the killing intent leaking from the monkey king’s body.

Sun Wukong didn’t like the members of the Heavenly Court, and neither did Huang Xiaolong.

Even though he had only been in the Immortal World for several dozen days, he had already seen the disgusting state of the lands.

When Sun Wukong received Huang Xiaolong’s permission, he jumped in joy. “Your Highness, we’re the same type of people! Wahaha!” A golden needle appeared in his hands after he spoke, and the golden staff made its appearance.

Huang Xiaolong could see that the other party was made up of several tens of thousands of experts, but he couldn’t care less.

The experts noticed the three of them in an instant.

“It really is the monkey king! He managed to escape from the Five Finger Mountain!”

“Where’s the mountain?! What about the talisman left behind by Buddha Rulai?!”

The faces of the experts from the Qinghua Emperor Manor changed.

A sneer left Sun Wukong's lips as the cloud under his feet trembled slightly. He appeared before them in an instant as the golden staff in his hands swept outwards. Those he struck turned into meat paste by the time they smashed into the ground below. Observe the source of this content, streaming from n0v!lbin★

“WAHAHAHA!”

Amidst his maniacal laughter, Sun Wukong's staff swept out several more times.

As the experts sent out by the Qinghua Emperor Manor were Immortal Emperors at best, there was no chance for them to fight back.

“Celestial Emperor, when you invited that old fart to suppress me in the past, did you think this would happen?! You made me suffer a fate worse than death all these years... This old monkey is back for revenge!” Sun Wukong roared.

The experts of the Qinghua Emperor Manor were dealt with before long.

Jumping in joy, Sun Wukong returned to Huang Xiaolong's side.

The three of them left, and the news of Sun Wukong's escape didn't take long to spread. The news of him killing several tens of thousands of experts from the Qinghua Emperor Manor shook the world.

“The Five Finger Mountain is sealed by Buddha Rulai's talisman! How can the monkey escape?! It's not possible!”

“Even if he did manage to escape, where's the mountain?! The talisman is gone too!”

The various powers broke out into an uproar.

When Sun Wukong wreaked havoc in the past, all three worlds trembled under his might. Everyone was terrified of the crazy monkey, and now, he managed to escape! No one slept that night.

...

In the Western Niuhe Continent...

Buddhist light surrounded Elysium as clouds drifted through the air. A golden Buddha could be seen sitting in the middle of a giant golden lotus in the middle of the world!

The golden Buddha seemed like the only thing in existence as he emitted golden rays to illuminate the world.

Countless holy beings could be seen around the golden Buddha, and they were no ordinary beings. The Bodhisattva of Compassion, Samantabhadra, Manjushri, and other powerful beings stood there quietly.

All of them emitted faint Buddhist light and the combined power was able to suppress all evil beings. Even if the Heavenless Devil Ancestor were to barge into Elysium, he would be suppressed all the same!

“Did you confirm the identity of the person who broke Sun Wukong out?” The golden Buddha opened his mouth and his voice rang in the ears of everyone present.

The various Bodhisattvas and Arhats remained silent.

“Ancestor, the person who saved Sun Wukong should be the Innate Devil Ancestor, Huang Xiaolong,” The Ksitigarbha Bodhisattva said all of a sudden.

The golden Buddha was none other than Buddha Rulai, and he was the sole ancestor of all the holy beings present!

His ears twitched as he exclaimed, “Oh? Huang Xiaolong?”

He had heard the name many times in the past few days. First, he killed Yang Kai. Next, he kidnapped the Golden Brow Arhat. He also killed Chen Chong from the Grape Myrtle Heavenly Emperor’s manor, and he defeated the Wudang Goddess and Tortoise Spirit Goddess with a single move.

“Is Huang Xiaolong really as strong as they say?” Samantabhadra gasped in shock. “He actually managed to tear off the ancestor’s talisman!”

Even Samantabhadra himself wouldn’t be able to achieve such a feat.

Silence fell on the lands.

“Where is Huang Xiaolong right now?” A serious look appeared on Buddha Rulai’s face as he asked.

“After saving Sun Wukong, they went towards the Fruits and Flower Mountain!” the Bodhisattva of Compassion replied.

Fruits and Flower Mountain!

“Ancestor, should we join hands with the Heavenly Court to surround the Fruits and Flower Mountain? We can deal with Huang Xiaolong and Sun Wukong in one fell swoop,” the Dipamkara Buddha asked.

Chapter 3399: Corpse King Ying Gou and The Holy Phoenix

Everyone present turned to look at Buddha Rulai.

Rulai wasn't just the Buddhist Ancestor! He was the patriarch of the Western Buddhist factions! Everyone would listen to him when he gave the order.

“The Gathering of the Immortal Peaches will be coming up soon. We'll talk about it after the event.” Buddha Rulai decided.

Everyone stared at each other before bowing respectfully.

“Where is the Second Sect Master?” Buddha Rulai's voice rang through the skies as he asked the Ksitigarbha Bodhisattva.

“The Second Sect Master went to the Violet Heaven Palace.”

In the past, Rulai established the Western Buddhist factions with Cundi, and the two of them could be said to be the two great patriarchs.

A frown formed on Rulai's face but he chose to remain silent.

While everything was happening, Huang Xiaolong arrived at the foot of the Fruits and Flower Mountain alongside Sun Wukong.

As the entrance was located behind a waterfall, Huang Xiaolong was in no rush to enter. He strolled along the waterfall as he looked at the beautiful scenery through the screen. Even though he had been to many places in the Blazing Dragon World and the Huang Long World, there weren't too many places with scenery comparable to the Fruits and Flower Mountain.

Since the news of Sun Wukong's escape from Five Finger Mountain was spread, the monkeys living on the mountain had gathered together to await

his return. As soon as they crossed the waterfall, they were greeted with an endless sight of monkeys.

There was a literal sea of monkeys waiting to welcome Sun Wukong, and they gathered around him as soon as he entered.

Huang Xiaolong even discovered a Scarlet Tailbone Baboon and a Shoulder Piercing Ape.

The two of them were beasts who were pretty reputable in the universe. There were four different spiritual apes in the universe that were extremely powerful, and the strongest out of the four was the Spiritual Radiant Stone Ape. That was Sun Wukong's true form. After he matured, he would be able to shift the stars and challenge the heavens!

The second-ranked ape was the Scarlet Tailbone Baboon, and it could understand the concept of Yin and Yang, and it possessed an extremely long lifespan!

As for the Shoulder Piercing Ape that was ranked third, it was born with superhuman strength! It was said that a mature Shoulder Piercing Ape could single-handedly shift the position of the stars in space!

The reason the Fruits and Flower Mountain was still flourishing was because of the presence of the two spiritual apes!

"King, I wonder which lord this is..." The Scarlet Tailbone Baboon bowed respectfully as he pointed towards Huang Xiaolong.

"The lord's exuding a majestic aura, and he has to be an important figure!" The Shoulder Piercing Ape jumped to the front as he started his boot-licking ways.

The two monkeys could see that Sun Wukong was being extremely respectful to Huang Xiaolong and they were no fools.

Kicking their butts, Sun Wukong snickered, "The two of you are really good at ass-kissing! This is His Highness, and he saved me from the Five Finger Mountain! Alright, I'll enlighten you little ones! Even a single fart from His Highness will be able to kill me! The talisman laid down by that old fart Rulai was torn to pieces by His Highness like it wasn't even there, to begin with!"

“What?!” The two monkeys were shocked.

How strong would he have to be in order to do something like that?

The talisman was one of Rulai’s true treasures, and it had the ability to suppress anything! Now, they learned that Huang Xiaolong tore it off like it was nothing!

In the past, the two had tried many different ways to save their king, but they were unable to take a single step forward after arriving a hundred thousand miles away from the Five Finger Mountain. Observe the source of this content, streaming from n0v!lbin★

“When His Highness approached the mountain, he didn’t even use a single trace of true qi! He tore off the talisman with a wave of his arm, and His Highness tore out the Five Finger Mountain from the earth with a single gesture! It’s like a little pebble in His Highness’ hand!” Sun Wukong yelled animatedly.

The two monkeys stared at Huang Xiaolong in shock.

A smile formed on Huang Xiaolong’s face, but he didn’t stop Sun Wukong.

“Kids, listen up! Pay your respects to His Highness right now!” Sun Wukong’s voice reverberated through the mountain before he got to his knees.

The Scarlet Tailbone Baboon and the Shoulder Piercing Ape did the same, and the monkeys of the Fruits and Flower Mountain followed suit.

“Please rise,” Huang Xiaolong chuckled.

Even though his voice wasn’t loud, it possessed a magnetic quality as everyone listened to him subconsciously.

Soon after, a banquet was arranged.

The monkeys jumped in joy as Huang Xiaolong was given the seat of honor. Sun Wukong sat slightly lower as they spoke about matters regarding the Immortal World.

Hearing about the Holy Pavilion, the Scarlet Tailbone Baboon interrupted. “Great King, you might not know what happened, but the Ox King and the

others monopolized the earnings of the Holy Pavilion! Our Fruits and Flower Mountain didn't get a single cent! When the two of us went over to the Flaming Mountain to negotiate with the Ox King, we were thrown out!"

"There was even once where they tried to cripple us! If not for our strength, we would have died on the Flaming Mountain!"

"Humph!" Shattering the stone table before him, Sun Wukong snorted, "Mother f*cker! You little shit of an Ox King... I was blind in the past to take you as my sworn brother!"

The Scarlet Tailbone Baboon continued, "In order to save you, we tried to beg the other kings! However, they shut their doors in our faces, and they wouldn't bother with anything we said! They said that they had no idea who you were, and they wouldn't lift a single finger to help!"

Flames emerged from Sun Wukong's eyes as rage clouded his heart.

Huang Xiaolong casually raised his arm when they were about to continue, and the entire banquet fell silent.

When Sun Wukong returned to his senses, he asked, "Your Highness, this..."

"Someone was trying to spy on us, and he received an attack from me."

"What?! How can there be someone peeping on us?!" Sun Wukong yelled. Even the Monkey King failed to notice anything and that spoke volumes of the other party's strength.

Sun Wukong's face changed all of a sudden. Could it be...?

"He's someone from your Fruits and Flower Mountain," Huang Xiaolong muttered.

Indeed...

Sun Wukong's heart trembled, and he spoke softly, "Your Highness, there are at least two more existences in the Fruits and Flower Mountain stronger than me!"

Raising an eyebrow in surprise, Huang Xiaolong signaled for him to continue.

“One of them is Corpse King Ying Gou, and the other is the Holy Phoenix.” A serious look appeared on the Monkey King’s face when he spoke about them. “The two of them were supreme existences ever since the creation of the world. The Fruits and Flower Mountain had been their territory long before I got here, and Corpse King Ying Gou should be residing at the bottom of the mountain! As for the Holy Phoenix, she’s situated at the south of the mountain. My territory is a mere one-tenth of the entire mountain...”

“Their origins are nothing to joke about. Corpse King Ying Gou is the incarnation of the corpse qi in all three worlds, and the Holy Phoenix is said to be the first phoenix born in the Pangu World! She’s said to be Buddha Rulai’s mother, and no one knows if that’s true.”

Huang Xiaolong was finally taken aback.

Buddha Rulai’s mother?!

“The person spying on us should be Corpse King Ying Gou.” Huang Xiaolong came to a conclusion.

One could see that Ying Gou wasn’t weak as he was able to escape after taking a single strike from Huang Xiaolong.

Even though it was a random attack Huang Xiaolong casually sent out, not many people in the Pangu World would be able to withstand it.

Chapter 3400: Meeting Corpse King Ying Gou

“Corpse King Ying Gou?!” Sun Wukong’s face changed instantly.

Even though he was terrified of the Holy Phoenix, he was even more afraid of Corpse King Ying Gou. No... He wasn’t just afraid of Ying Gou, but he was petrified every time he thought about the other party.

That was because Ying Gou was the incarnation of the corpse qi from the three worlds! His body didn’t contain a trace of blood, and naturally, he was someone with no fleshy body. There was no way Sun Wukong could kill him! Even if his body was shattered, he could reform himself. As for the corpse qi he emitted, it was on a whole new level of scary. There was nothing in the world that could resist it, and not even Sun Wukong’s body could hold out for several breaths of time!

The corpse qi from Ying Gou's body would be able to corrode an innate spiritual treasure in seconds!

Not even his Golden Rod would be able to stand against the power of the corpse qi!

As long as Ying Gou willed it, Sun Wukong's treasured weapon would turn into a piece of scrap metal!

"Have you two fought before?" Huang Xiaolong asked when he noticed the terrified look on Sun Wukong's face.

Shaking his head, a helpless smile appeared on Sun Wukong's face. "It wasn't really a fight. We met in the past as I was curious about my surroundings. I wandered too far into the earth as I wanted to see what Corpse King Ying Gou looked like."

"So did you see him?" Huang Xiaolong chuckled.

An awkward look appeared on Sun Wukong's face. "I did..." A chill ran up his spine as he continued, "He's more terrifying than anything I had ever seen in my life. The place he lives in is even worse than the netherworld! There are corpses everywhere! Corpse qi filled the lands and there were different bodies laying all around. Corpses of divine beasts and universe-level monsters could be seen all around!"

The more he thought about it, the more scared he became.

"I was discovered by Corpse King Ying Gou the moment I stepped foot into his territory."

The monkeys seated around felt their hearts beating faster.

"He sent a palm strike flying towards me, and it tore through the very space we were in!" The hairs on Sun Wukong's body sprang up as goosebumps filled his body.

"What... What happened next?" the Scarlet Tailbone Baboon couldn't help but ask.

"The corpse qi was like a sea that threatened to submerge me. It was terrifying!" Sun Wukong yelled. "Luckily for me, I knew several advanced

movement arts, and I managed to escape. The entrance wasn't too far from where I stood, and I ran before the corpse qi could hit me."

"Even so, I was scratched by the corpse qi and I only managed to get rid of it after getting my teacher to help."

The monkeys felt beads of cold sweat dripping down their foreheads, and they could tell that it was an extremely dangerous situation.

"Tomorrow, I'll head over to Ying Gou's cave dwelling. You can follow me down then," Huang Xiaolong snickered.

Staring at Huang Xiaolong in shock, an awkward look appeared on Sun Wukong's face. He had sworn never to return after his brush with death in the past.

After all, the scene from many years ago was still living in his head, giving him endless nightmares.

"Well, I'm here." Huang Xiaolong laughed. "Nothing will happen to you. Anyway, his injuries won't be light now that he took one of my attacks."

Sun Wukong suppressed the fear in his heart and muttered, "Alright then... We shall meet Corpse King Ying Gou tomorrow!"

Huang Xiaolong chuckled in response.

Soon after, the banquet came to an end.

Huang Xiaolong retrieved the Five Finger Mountain and the talisman after arriving in the inner palace. Observe the source of this content, streaming from n0v!lbin★

The treasures in his hands were pretty legit. It was especially so for the talisman as it had the ability to suppress almost every type of energy!

Opening his mouth, a trace of true essence entered the treasures. It shattered the mark Buddha Rulai had on the treasures.

A grunt escaped Rulai's lips when he was meditating in his seat. He felt his heart trembling slightly.

After shattering the soul mark Rulai had on the treasures, Huang Xiaolong branded his own mark on them. He took out the Sun Moon Furnace, and he refined the treasures for half a day. He planned to fuse them together, and their abilities would definitely increase when that happened!

The night passed uneventfully.

By the time the Five Finger Mountain emerged from the furnace, it had already fused with the talisman. The talisman was branded into the mountain, and it looked different from when Huang Xiaolong tore it off the face of the mountain.

The six words of truth were inscribed deep into the mountain face, but one would realize that the words were the new source of the mountain's strength!

That was right. The Five Finger Mountain seemed to be reborn after Huang Xiaolong's refinement!

The artifact was several times stronger than before!

As the five peaks emitted the power of gold, wood, water, fire, and earth, brilliant rays enveloped the mountain.

Buddhist energy came from the six inscribed words, and it melded completely into the artifact.

Huang Xiaolong nodded his head in satisfaction when he looked at the artifact. The Five Finger Mountain could be renamed to the True Rune Five Phases Mountain!

"Your Highness!" Sun Wukong appeared out of nowhere, and he looked at the artifact in Huang Xiaolong's hand as he gasped in shock, "This..."

"I used a little bit of strength to fuse the talisman with the Five Finger Mountain. Now that they are one, the strength of the new artifact cannot be compared to the past," Huang Xiaolong muttered.

Sun Wukong was shocked.

That was the first time he had heard of the notion that the Five Finger Mountain could be fused with the talisman! Even when they were separate

entities, the treasures were at a shocking level! Now that Huang Xiaolong had combined them, no one would be able to stand in its way!

“Were you too excited to sleep last night?” Huang Xiaolong joked.

... “No?” Sun Wukong rubbed his head in embarrassment.

“Let’s go meet Ying Gou now.” Huang Xiaolong took a step out as soon as he spoke.

Sun Wukong followed closely behind as if he was afraid of getting separated. Huang Xiaolong chuckled in amusement when he saw how scared the Monkey King was. He didn’t think that the Monkey King who dared to go against the Heavenly Court would be so afraid of meeting someone.

The two of them quickly arrived.

“Your Highness, that’s the entrance...” Sun Wukong pointed at a tiny hole in the earth. It wasn’t large, and it could only contain several people at best. A weird howl came from the depths of the hole, and eerie cries could be heard.

“What a strong air of resentment,” Huang Xiaolong uttered.

Sun Wukong stared at Huang Xiaolong in amazement.

As soon as he entered the hole, Huang Xiaolong discovered that everything was exactly as Sun Wukong described. Corpse qi filled the air and there was a lake of corpses.

Huang Xiaolong didn’t waste time as he swept the entire cavern with his dao souls. It took him a second to start making his way towards the deepest part of the cavern.

Sun Wukong didn’t dare to dally as he followed right behind Huang Xiaolong.
