

Irresistible 1011

[Chapter 1011 Trace In Details](#)

Flora's POV:

When I heard that Rufus had summoned Joanna, I was overwhelmed with desperation.

Everything had happened so fast. I had randomly dropped a name and didn't have time to warn Joanna about what was happening. I hadn't expected Rufus to be so serious about it. It seemed that he truly wanted to know every detail about Crystal.

Flora's POV:

I never imagined I'd be hanged to death one day.

But even so, I had no remorse over what I did to protect Crystal. The only people I still worried about were Lucas and Warren. I couldn't imagine what their life would be like after I was gone.

The thought of them two really made me miserable and sad.

Joanna answered Rufus' question, "Flora must know it."

"Yes, I did." I finally gave up and responded in a feeble voice.

Flora's POV:

Sure enough, Rufus didn't create more hurdles and let us leave after a short silence.

As soon as I stepped out, I couldn't stop the smile that split my face. When we were far away enough from Rufus' palace that it wasn't even in sight anymore, I finally dared to laugh. Hugging Joanna warmly, I said, "You are truly my heroine. How are you so smart? Your words matched my lie perfectly."

[Chapter 1014 Clumsy Lies](#)

Rufus' POV:

After Flora and Joanna left, I remained quietly on the throne for a while, thinking about our conversations from earlier. Then, I asked a subordinate beside me, "What do you think of their stories?"

As for me, I didn't buy a single word of it. Actually, both their accounts were consistent, but they were pretty far-fetched.

Joanna was brought up by Noreen and was trained as a killer since she was a child.

[Chapter 1015 Sneak Away](#)

Crystal's POV:

Ever since Flora left, I had been restless. It had been for a long time, but there was still no sign of her coming back. Something must have gone wrong, I thought, otherwise I would have heard from her already.

Anxious, I started pacing in the room. Arron was also affected by my anxiety that he skipped breakfast and sat quietly on the sofa to keep me company.

Just as I was ready to bolt out the door to go look for Flora, someone suddenly knocked. I quickly opened the door and saw Flora and Joanna walking towards me, talking and laughing.

[Chapter 1016 Playing Tricks](#)

Laura's POV:

Crystal's call for help came as no surprise to me. On the day Crystal came back to the capital city, I had thought this might happen, but I didn't expect things to turn out so troublesome.

Even more surprisingly, Rufus' sensitivity caught me off guard. He was readily swayed by Crystal's charms even though he had lost his memories.

He pledged to pick a partner at the ball just two days ago, but he didn't give the women there so much as a glance. He paid no attention to anyone else but Crystal.

I sighed helplessly. They were star-crossed lovers.

[Chapter 1017 Reality And Fairy Tale](#)

Laura's POV:

Afraid that Rufus would be suspicious, I deliberately snapped at him with a straight face, "You said that as if I have never cared about you. You've always been so distant and cold since you were a child. I still remember how you always kept to yourself and wouldn't talk to me. But thankfully, I have Beryl to accompany me now. Do you have any problem with that?"

"No, not at all. Since you want Beryl to stay overnight with you, then fine. I will allow her to spend the night at your place." After that, Rufus didn't say anything more and continued to work.

[Chapter 1018 Sleeping Powder](#)

Laura's POV:

After finishing the glass of milk, Beryl lay down and closed her eyes obediently. I leaned forward to kiss her forehead and then tucked her in. She drifted off after a few minutes.

I stroked Beryl's head sorrowfully since I didn't know when we would meet again.

Crystal had informed me that Rufus was already suspicious of her, so he would certainly monitor her for some time. He might even put all her communications under surveillance.

[Chapter 1019 Persuasion](#)

Crystal's POV:

As I looked at Beryl's innocent but mischievous eyes, I knew that she had hoodwinked Laura.

My little girl had probably noticed something off with Laura. She only pretended to cooperate and see what Laura was up to.

This was how Beryl operated at home too. She would often pretend to be obedient so she could secretly tag along with me. As soon as I left, she would secretly follow me.

She was certainly clingy.

[Chapter 1020 See You Around](#)

Crystal's POV:

When confronted with Beryl's pleading, I couldn't let out a word. It was as if a lump was stuck in my throat.

"Are you leaving? Mommy, please don't go. I promise I will listen to you and won't be naughty anymore." Then she cupped her hands around my face with her pleading eyes.

My eyes welled up with tears as I said in a broken voice, "Baby Beryl has always been a good girl. Mommy loves you."

"So Mommy, you will not leave anymore?" Beryl eyed me expectantly.

I moved my lips but I couldn't bring myself to really speak and refuse her plea.
