

Irresistible 1111

[Chapter 1111 Adela's Performance](#)

Crystal's POV:

A guilty look flashed across Adela's face before she assumed her usual timid demeanor. Only a fool would fall for her act.

The problem was that I still had no idea who was the mastermind behind Adela's evil plan. It seemed that I had no choice but to wait for the true perpetrator to show up.

"What is it that you know?" Adela asked warily.

I shrugged noncommittally. "Come to me when you finally figure it out." I turned and made to leave, not wanting to waste any more of my time on the duplicitous she-wolf.

[Chapter 1112 Shot Herself In The Foot](#)

Crystal's POV:

After watching Adela's poor acting, I asked sarcastically, "Are you implying that I pushed you into the water? Why in the world would I do that?"

"Because you know that I can't swim! You want to kill me, don't you?" Adela forced a shiver as her clothes clung to her body. I had to admit, she was quite attractive by most standards. It was too bad that she just had to make herself look like a fool.

What an absolute idiot.

[Chapter 1113 Not Worth It](#)

Crystal's POV:

Adela panicked and immediately backtracked, only, she sounded even more ridiculous than before. "I— You misunderstood what I said. Yes, I can swim, but you pushed me so suddenly that I wasn't able to get my bearings. And—and my legs cramped as well!"

"Ah, so you're changing your story now? Are you sure this will be the final version?" I gave her a mocking smirk. It was genuine, too. I really was amused by her blatant display of stupidity.

"I don't know what you mean. All I know is that you tried to kill me!" Adela's eyes glinted with malice. Gone was the gentle innocence she had shown Rufus and Laura.

[Chapter 1114 Make A Fool Of Herself](#)

Crystal's POV:

The second I spotted Lucy, I instinctively wanted to turn my face away. But then I remembered that I was wearing a mask, so I pushed my instinct away. However, I didn't dare to speak anymore.

Lucy was familiar with my voice. The scandal involving her, Kyle, and Richard back then had caused a sensation. I was worried that she loathed me in her heart, so it was wise for me to be vigilant about not being recognized by her.

[Chapter 1115 The Overtures Of The Enemy](#)

Crystal's POV:

Lucy came to a halt in front of me. She took off her hat, revealing her pale and thin face. While her features remained delicate and beautiful, she was not as lively and active as before.

She was only a few years older than me. When she was in military school, she was well-known for her beauty. But in the short span of a few years, both her appearance and temperament underwent a massive change.

I inwardly sighed, but I couldn't muster up any sympathy for her. I just pitied her child.

[Chapter 1116 A Secret Base](#)

Sylvia's POV:

I was shocked by her answer. "Felix is your brother?"

Nodding, Alva said, "Yes, my real brother!"

It was only in that moment I realized how similar Alva and Felix actually looked. They had the same colored hair and eyes.

I honestly never considered it because I thought the werewolves inside and outside the wall were not connected in any way at all.

I did not expect that the wall could separate siblings from each other.

[Chapter 1117 Grow Taller By Eating Onions](#)

Sylvia's POV:

"Why?" I was curious to hear her answer.

Alva propped her chin in the palm of her hand and looked a little depressed. "I don't know why. But my brother never comes to see me on this day every month."

"Didn't your brother tell you why?" I asked in confusion.

"He refused to tell me because I'm a kid." Alva snorted.

I couldn't help but laugh at that. "Your brother is also a kid."

"But my brother is taller than me." Alva countered, resting her arms on her hips. "I've eaten so many onions but haven't grown even an inch taller."

[Chapter 1118 Sylvia](#)

Crystal's POV:

I went to the nearby pavilion with Lucy and her son. I had intended to leave in a short while, but Lucy warmly served me tea and exquisite desserts.

Lucy and Firman had made these desserts. Although they weren't very presentable, they tasted good.

"You must have heard about my history, right?" Lucy casually asked while pouring tea into my cup.

I put down the plate of dessert I was holding and lightly said, "I've only heard a little bit about it, but I don't know any details."

[Chapter 1119 Confirmed Her Suspicions](#)

Lucy's POV:

I fixed my eyes on Crystal as she paused for a brief second before taking a few more steps forward. She didn't respond to the name I had just called.

She kept walking until she was about to exit the winding gallery, and then she turned to look at me.

"Who were you calling just now?"

Crystal's eyes flashed with surprise behind her mask, and her tone was curious. She almost fooled me.

I mustered a faint smile. "Oh, I called you the wrong name by accident. It's just you suddenly reminded me of an old acquaintance."

[Chapter 1120 Back Up](#)

Lucy's POV:

Sure enough, it was Adela.

I could see the imprint of my hand on her face as she sat enraged at the table, ready with another cup in her hand to throw across the room.

"Adela, do you want to end our alliance?"

I glared at her until she placed the cup back on the tray. She was so furious that she clenched her jaw and her face flushed, making her look a little malevolent.

"You humiliated me today!"

I rolled my eyes and ignored her.

I put down Firman and said, "Baby, go to your room and read a book. I need to talk to Adela."
