[Chapter 681 The Knight Didn't Come](#)

Alina's POV:

After I got taken away from the banquet, my father sent a group of people to guard my room, fearing that I would escape.

I was so enraged that I sat in the corner of the room and repeatedly hit the wall with a dagger.

It didn't take long before small holes in the wall appeared. I thought it would be great if these holes were on Sylvia's body—oozing blood every time she would try to fight back.

[Chapter 682 Fake Repor](#)

Rufus' POV:

I was glad that Sylvia's wound was only a small one, but I still felt bad for her when I caught a glimpse of the blood stain on her palm.

I took her hand and carefully treated her wound. I didn't let her go until I was sure she wasn't bleeding any more.

After what Alina did, everyone now wasn't in the mood to continue eating anymore.

[Chapter 683 Who Is Her Father](#)

Rufus' POV:

Edwin picked up the report and read it quietly. Then he smiled and said, "So you know I faked the report."

I raised my eyebrows and remained silent. I wanted to hear what he had to say for himself.

The truth was, when Sylvia had broken the news to me that Edwin was her father, I was dubious.

He had been a morally upright man all his life. Since he was young, he always strictly adhered to his principles in all his dealings. And he always proclaimed that a man's actions should be appropriate for his age.

[Chapter 684 What Happened In The Pas](#)

Edwin's POV:

It never occurred to me that the secret which had been buried for so many years would be discovered by Rufus.

I was in a sour mood. I thought I would be able to hide it forever.

However, Rufus was exceedingly clever and I couldn't keep it under wraps anymore.

[Chapter 685 An Unknown Acciden](#)

Rufus' POV:

Edwin got sentimental about the past. When he explained the events that had occurred, his expression grew heavy.

"No one expected that to happen." He inhaled deeply and stopped talking.

"What exactly happened?" I asked curiously.

These days, very few accidents could cause prolonged memory loss. After all, medical technology had taken great strides forward.

[Chapter 686 Erased Memory](#)

Leonard's POV:

To be honest, the conversation between Edwin and Rufus shocked me to the core. Although I had always treated Sylvia as my daughter, I couldn't believe that she would really turn out to be my biological daughter.

This whole situation was a mess and I couldn't think straight anymore.

Edwin's flustered gasp brought me back to my senses.

[Chapter 687 Olivia's Confession Letter](#)

Leonard's POV:

To say I was stunned would be an understatement. I didn't expect this possibility at all.

I immediately sat up straight and grabbed Edwin's shoulder and asked, "What do you mean? Didn't Olivia love me?"

If she did love me, she wouldn't leave me or erase my memories.

Immediately, Edwin shook his head and said, "No, it's not what you think. She loved you as much as you loved her and she did that for a reason."

[Chapter 688 He Is My Biological Father](#)

Rufus' POV:

The next morning, Sylvia and I went shopping in the city, and I bumped into Leonard on the way. He seemed tired, and his eyes were bloodshot.

Sylvia became a little worried when she saw him like that. When she went up to him, she asked, "Are you alright? You don't look too well."

Leonard's body stiffened. He didn't push away Sylvia's hand when she reached out to him. "I'm fine, I just didn't sleep well last night. I'll be alright after I take a nap later."

[Chapter 689 Make Up For It With The Rest Of My Life](#)

Rufus' POV:

Leonard's face was downcast as he said in a helpless tone, "I think Alina probably won't accept it, but I couldn't care less. I can't delay this task anymore. Otherwise when the truth comes to light, Sylvia will hate me."

My eyes swept over his crumpled shirt and the stubble on his chin. He must have been suffering so much all night that he couldn't even care about his appearance.

[Chapter 690 Made A Walking Stick](#)

Rufus' POV:

After I parted ways with Leonard, Sylvia and I went back to shopping. I bought her a lot of things. Sylvia had to stop me from buying more in the end. Then, we went home with satisfaction.

After having dinner in the evening, Sylvia went into her room. I had no idea what she was doing. I went to the study because I had a video conference to attend.

It was already nine o'clock at night when I came out of the study. I poured a glass of milk and headed to our room. At that time, I found that Sylvia was sitting on the carpet and cutting a piece of wood.
