[Chapter 731 Two Murders Behind I](#)

Sylvia's POV:

When I arrived at my residence, I happened to see Rufus walk out of the room.

He looked anxious. He probably thought I got kidnapped by Noreen again.

"I saw you talking to the guests just now, so I went out to get some fresh air. I didn't see you when I came back," I said as I guiltily scratched my nose.

[Chapter 732 Go Or Stay](#)

Sylvia's POV:

"Alina wants to take over the position of Alpha? I didn't see that coming. When Leonard was still alive, he specifically said that he wanted Warren to be his successor." I slowly put down the cup on the table as dread and apprehension filled my heart. Leonard's death had brought in a lot of changes.

[Chapter 733 The Flamboyant Blair](#)

Sylvia's POV:

I felt a little relieved when Flora told me that she was staying back with Warren. It looked like their relationship was growing stronger every day.

I gladly extended my support to her and told her that I would come and visit her in the future.

Flora chatted with me for a while before reluctantly hanging up.

It looked like all our business in the Silver Moon Pack had come to an end.

The next day, Rufus and I began our journey back to the capital city.

I had arrived at the Silver Moon Pack in happy anticipation, but I was going back with a big hole in my life.

[Chapter 734 Improper Desire](#)

Sylvia's POV:

"Miss Todd, Mr. Joshua, you..." Maya watched us with a confused expression as she held a tray of two tea cups and some desserts in her hand.

"It's nothing."

I gave her a smile, not feeling that anything was inappropriate at first. But when I tried to shake Blair's hand off, he held on firmly.

I glanced at him in surprise and realized that he was staring at me. His intense gaze shocked me.

That strange feeling bubbled up in my heart again.

[Chapter 735 Steal Rufus' Wife](#)

Sylvia's POV:

Having some doubts in my mind, I tried to calm down and asked him something that only the real Blair and I knew.

"Do you still remember the time you showed me how to use my power during the placement exam?"

Blair was tongue-tied. I was sure I caught him off guard with my sudden shift in conversation. But the good thing was that he naturally continued and told me how to mobilize and use my power.

[Chapter 736 Take The Little Wolf Pup Back To Its Mother](#)

Sylvia's POV:

Rufus had a meeting that afternoon, so I had to go to the hospital by myself to pick up the little wolf pup.

Despite Rufus' efforts to have a driver and some guards arranged for me, I wanted to keep a low profile. I just asked the driver to take me to the hospital and then send him away along with the guards.

A specific wing of the Royal Hospital was dedicated to animal care. I noticed cats and dogs wandering within the fence as soon as I stepped foot into the hall on the first floor.

[Chapter 737 The Sequelae](#)

Sylvia's POV:

I took the card to an open space and did what Noreen had taught me. Soon, the familiar fog rose once more. The following second, I was once again plunged into total darkness.

By this time, I had become accustomed to Noreen's tricks. Everything had changed around me, yet I was sure I was still in roughly the same place.

Noreen's familiar snickers soon filled my ears.

I found it odd that she would deliberately put a devious smile on her otherwise innocent face, but Noreen seemed to like it.

[Chapter 738 A Memory-Eating Bug](#)

Sylvia's POV:

Noreen was even delighted when she realized I was distressed. "Shouldn't you be more concerned with Prince Rufus, given his situation? Have you found a way to deal with the curse on him?"

"Why? Do you know how to lift the curse? And even if you do, are you even willing to tell me?" I gave Noreen a frigid glance. I knew what she was up to. She was like a wicked fisherman, manipulating us in her hands like little fishes.

[Chapter 739 Bite The Flesh](#)

Sylvia's POV:

I blew the whistle as soon as I saw my vision was becoming blurry. To my delight, Rin was able to return at the sound of the whistle despite the dense fog.

Noreen yelled something in the thick fog.

It worked! I was pleasantly surprised and followed the voice.

"Damn it! You stupid wolf, let go of me!" Noreen was exasperated. It was unusual to see her looking that disheveled.

Even the most powerful black witches were not particularly effective in close combat.

[Chapter 740 Announcemen](#)

Sylvia's POV:

I stayed in the forbidden forest until the red marks on my hand almost healed.

When I returned to the imperial palace, I was summoned to meet Ethan by his subordinates.

I was confused and had no idea why the king suddenly wanted to see me.

Rufus was already at Ethan's palace when I got there. Both Laura and a team of doctors were present too.

I stopped in my tracks and had a theory why they were gathered here.
