Sylvio's POV:

The doctor let out an embarrassed laugh. "I see you already know about it, Miss Todd."

"Yes, I do. Now, just tell me the truth and advise me on what need to do for my baby. I promise I'll pay more attention."

The doctor nodded. "Alright, Miss Todd."

After that, he told me a lot of things, such as getting proper rest and having a good state of mind. He also told me about doing exercises every day, eating lots of fruits and veggies for natural vitamins, avoiding radiation, and having regular prenatal examinations.

"Another unique method of the werewolf race is to transform into a wolf and bask in the sun with your mate," he added.

Sylvio's POV:

Today, I woke up with Rufus as usual and had breakfast, after which I kissed him goodbye and sent him on his way.

I waited for half an hour after he left, and then immediately ran to my room and gathered a few belongings. I went downstairs calmly, as if it was just another ordinary day. "Moyo, I have to go to the army."

Holding a vase in one hand and a duster in the other, Maya paused and eyed me strangely. "Miss Todd,

why do you suddenly want to go to the army? Didn't Prince Rufus suspend your daily training and missions in the army last week?"

[Chapter 773 Take Action](#)

Sylvio's POV:

My heart tightened. I sprang to my feet and asked, "What happened?"

Blair scowled and said in a heavy voice, "I received a notice ten minutes ago that Rufus has encountered a riot during the meeting. My mission to go out has been postponed. I have to lead the army to subdue the riot right now."

When I heard this news, I felt like my head was about to explode. "What about Rufus? How is he? Is he hurt? Why did this turmoil happen? Was it because of the black witches or the vampires?"

[Chapter 774 Leaving The City Smoothly](#)

Sylvio's POV:

I hesitated for a few moments before answering the call, and talked to him as usual.

His deep pleasant voice washed over me. He told me that he missed me and that the meeting was over.

In fact, I already knew from Blair that the meeting had ended, but I still had to pretend to be surprised. "The meeting ended so early! Does that mean we can get to the restaurant early?"

[Chapter 775 Ferocious Man In Sui](#)

Sylvio's POV:

I panicked when I saw Rufus. "Didn't... didn't you tell me that you were going to work late? What are

you doing here?"

I panicked when I saw Rufus. "Didn't... didn't you tell me that you were going to work late? What are you doing here?"

"That's the exact same question I wanna ask you, Sylvia. Why are you here?" Rufus chuckled and asked.

He was talking calmly, but it felt to me like the peace before the storm. My intuition warned me that he was really mad this time.

[Chapter 776 Hold His Hand](#)

Sylvio's POV:

It began to drizzle, and the smell of blood permeated the piercing wind.

I had no idea whose blood it was, but it was so thick that I almost felt sick. Rufus and Blair were still fighting. No matter how I tried to persuade them, neither listened to me.

Wanting to stop them, I stamped my foot in agitation, but the feeling of nausea overcame me, and I was forced to puke.

It was only at this moment that they finally stopped fighting. Rufus knocked Blair to the ground. I didn't know whether he was alive or dead. But from the looks of it, he had no strength to fight back.

[Chapter 777 Sho](#)

Sylvio's POV:

After hesitating for a moment, I slowly made my way towards Rufus, reaching out to hold his outstretched hand. Rufus stared at me unblinkingly, as though he was scared I'd disappear in the blink of an eye.

My mind seemed to stop working. All I could think about now was him. At this moment, I was about to

compromise.

Just as my fingertips were about to brush against Rufus', a fierce gunshot rang out.

I looked at Rufus in horror as he slowly knelt down on one knee. Then I saw a bullet hole in his shin.

[Chapter 778 Arrest Warrant](#)

Sylvio's POV:

I was so furious. Blair had moved so fast that he completely caught me off-guard!

"What are you doing?" I shouted.

Blair gently extracted the SIM card from the wreckage and handed it to me, saying, "If you use your phone now, in less than ten minutes, Rufus will locate us."

I was speechless after hearing what he said. I had no prior experience in this field and neglected the notion that the empire's technology was advanced.

He gave me a thumbs up and said, "You show the same style I once had, decisive and bold."

I crossly said, "Quickly hide her somewhere."

Blair acted with urgency and carried the she-wolf away, concealing her in the bushes.

Then we moved to a safer place and searched for the warrant online.

The warrant was only in Blair's name.
