[Chapter 781 Elope With Her Lover](#)

Sylvia's POV:

Shawn's legs started to tremble from fear. Subconsciously, he assumed Rufus was the one who grabbed his wrist, so he hurriedly explained, "I'm sorry, Prince Rufus. I just saw a bug on Sylvia's shoulder and wanted to help her get rid of it! Please forgive me!"

"He is not Rufus." Shawn's action rendered me quite surprised. I looked at him with contempt and said, "Are you so weak that you can't even smell his scent?"

[Chapter 782 Bad Blood](#)

Shawn's POV:

Sylvia's expression darkened when she saw the book. I assumed she was upset after seeing her late mother's belongings. So when she drove me away, I went out obediently.

The masked werewolf was also kicked out with me. He appeared rather tall, and his muscles were twice bigger than mine. I looked at my arms and then at his and secretly decided on working out again starting tonight.

While silently waiting for Sylvia to come out, the masked werewolf leaned against the wall in silence.

Sylvia's POV:

When I walked out of the secret room, I saw Blair guarding the door anxiously. I asked curiously, "What's wrong, Blair?"

Blair nervously stared at me from head to toe. "Do you know how long it has been since you walked into that room? You've been in there for three days! I would have already rushed in if you hadn't warned me earlier to stay outside."

I wasn't aware that three days had elapsed till that point, but I was ecstatic nonetheless. So I grinned broadly and informed Blair, "I got my mother's inheritance!"

[Chapter 784 Candidate For Beta](#)

Sylvia's POV:

Shawn was speechless, but when he noticed Blair's toned arms, he didn't dare say anything more and instead got out of the pool in silence.

Blair snorted on the poolside and watched Shawn with evident insult.

Furious and embarrassed, Shawn gritted his teeth.

The servant quickly brought clean clothes, which Shawn changed into while suppressing his anger. Then he continued to lead us to the dining room, but this time, he behaved obediently and didn't dare provoke Blair anymore.

[Chapter 785 Grandpa Is So Happy](#)

Flora's POV:

After thinking for a while, I slowly said the word, "Honey."

Warren froze in place and vigilantly stared at me.

I fought the urge to roll my eyes when I noticed him tense up. I simply continued to fake a gentle, sweet voice as I said, "I didn't mean to lose my temper. I'm pregnant, and I can't control my emotions. You haven't even asked me whether I want it or not."

Upon hearing my explanation, Warren looked guilty. He turned me around so I could face him. "I'm sorry. I won't force you anymore. But can you promise me you won't run away again? I really want to marry you, Flora. I like you so much."

[Chapter 786 Parents-in-law](#)

Warren's POV:

I was shocked when I heard my father's announcement. I hadn't expected him to invite Flora's parents over so soon.

I thought it would at least take a while before we finally met.

However, shortly after my father gave us this news, a subordinate came to inform us that Flora's parents had already arrived.

I was suddenly overwhelmed with nerves. This had happened so fast that I hadn't got a chance to prepare myself.

I began to fret that Flora's parents wouldn't accept me. After all, I had knocked their beloved daughter up before we could get married.

[Chapter 787 The Exclusive Slave](#)

Shawn's POV:

The crowd jeered to my words, with majority of them supporting me. This was because the news about Sylvia helping me out at the entrance of the pack had already spread like wildfire in the pack.

The strong ruled and dominated everything in the werewolf world. Sylvia was no longer as weak as she once was. With her current strength, she had proven to everyone that she was no longer the same slave they knew back then.

[Chapter 788 Change Of Position](#)

Sylvia's POV:

When I saw Cherry in shackles, I felt like I had seen myself from the past. Cherry had committed many horrible acts, but that was no reason to turn her into a slave.

But obviously, Shawn didn't understand this at all. He flung the glass in his hand and snarled, "Don't be so ungrateful, Sylvia."

I sneered, "Shawn, you are still as arrogant and conceited as before. You don't care about the lives of other people."

[Chapter 789 Failed Utterly](#)

Shawn's POV:

Sylvia's refusal ignited the anger in my heart. Looking at her cold face, I couldn't help saying something vicious, which I immediately regretted.

Now, Sylvia's eyes were filled with murderous intent, terrifying me to my core.

"Say it again," Sylvia said coldly, her face expressionless and her eyes burning with rage.

[Chapter 790 An Eagle Catching A Rabbi](#)

Sylvia's POV:

Shawn swiftly sprang to his feet and seized the soldier's collar. "What did you say? Who is here?" he asked in disbelief.

"Prince Rufus..." the soldier replied, his voice trembling.

Startled, I instantly knew that Rufus was here to catch me.

Several days had passed since we left the capital city. Rufus being able to locate us was not unusual. After all, he had spies all over the empire.

Blair and I exchanged glances and immediately decided that we should run now.
