

Irresistible 791

[Chapter 791 Counterattack](#)

Sylvia's POV:

Cherry's voice instantly gained Shawn's attention, and the people who surrounded Blair sprinted towards me.

I anxiously tried to break free from Cherry's grip, but she wouldn't let me go.

"Please take me with you! Don't leave me here!" Cherry exclaimed as an endless stream of tears flowed down her cheeks.

Noticing that the others were about to surround me, I felt agitated. Cherry was an arrogant person, but she didn't deserve to die. What her father had done to my mother actually had nothing to do with her. She shouldn't be dragged in this mess.

[Chapter 792 A Swaggering Villain](#)

Sylvia's POV:

The pain in my chest made it difficult for me to breathe. I trembled and tried to keep myself awake. But the cold seeped through my body. Every time I breathed, it triggered a chain reaction in my body, making it even more painful and unbearable.

Not far away, the soldiers seized Blair and tied his hands up. I could hear him calling my name, trying to keep me conscious.

I wanted to smile at him to show that I was fine, but I couldn't move any muscle. Blair looked terrified and anxious, so I knew my face must be very pale now.

But I didn't have the strength to comfort him anymore.

[Chapter 793 Save His Wife](#)

Sylvia's POV:

"Rufus!" I exclaimed.

The giant wolf bit Shawn's arm and dragged him about twenty feet away from me.

Shawn let out a shrill scream. His entire arm was bloodied and hung over his shoulder like a rag.

The next second, Rufus transformed back into his human form, exhibiting a cold and murderous look on his face. He approached Shawn with heavy steps, gripped his neck, and hauled him up.

Shawn howled in pain, unable to struggle.

[Chapter 794 Licking The Wound](#)

Sylvia's POV:

I panicked and wanted to stop Rufus, but he spoke first. "If you say one more word in his defense, I'll kill him."

I shuddered and swallowed the words that were about to escape my mouth.

Rufus' subordinate had made Blair get into a black vehicle. I speculated that he would be immediately taken to the capital city.

Rufus didn't say anything more. He picked me up and carried me to his car. He deposited me in the back seat and got in behind me.

[Chapter 795 Imprison](#)

Sylvia's POV:

What I said seemed to only make the atmosphere even more awkward. I just wanted to hide somewhere at that point so I didn't have to face him.

Rufus, on the other hand, didn't react much. He just opened the first aid kit in the car, pulled off the suit jacket that was covering me, and applied some ointment to my wound. He didn't say a single word the entire time.

[Chapter 796 Got Serious](#)

Sylvia's POV:

Flustered, I grabbed Rufus' sleeves and asked, "What are you doing?"

Did he really want to lock me up? I couldn't help but panic.

Rufus narrowed his eyes at me. "From now on, you don't need to go anywhere. You just stay here and I'll take care of you myself."

My eyes widened for a moment. When he didn't say anything else, I let out a nervous laugh. "Rufus, you've got to be kidding. Are you really going to treat me like you Barbie doll? Do you think this is a game?"

[Chapter 797 Damned Wolf](#)

Sylvia's POV:

A frown formed on Rufus' face. He glanced at what I was holding and asked me curtly, "What is that?"

I covered the box in a rush so he wouldn't see it. "It's just my mother's belongings. I found it in her secret room."

"Open it. I want to see." Rufus grabbed my wrist, exuding a dominating aura.

"You don't believe me?" I was so upset that I almost lost my cool. This guy was tough to deal with whenever he was mad. He was like a high-tech detector—no lie and secret could get past him.

[Chapter 798 Refine The Bug By Herself](#)

Sylvia's POV:

I was hoping my words would make Rufus turn around, but the only response I got was the cold locking of the door.

Damn it! I couldn't believe that he had even locked the door from the outside!

I was stunned. All the cells in my body were brimming with doubts. "Does Rufus really not love me anymore?"

Yana sneered, "What do you think?"

My mouth crinkled into a pout as I murmured, "I said my belly hurt, but he didn't care."

[Chapter 799 Poor Acting](#)

Sylvia's POV:

"Miss Todd, it's me," Maya said, her voice coming from outside. "The doctor is here."

I pressed my lips into a thin line. I couldn't believe Rufus really asked the doctor to check on me.

Didn't he think my acting was terrible? Why did he still play along?

As I thought about that, I felt even more depressed. I covered my head with the blanket and ignored Maya completely.

She knocked on the door two more times and asked, "Miss Todd, can I open the door?"

I didn't say anything. I just pretended not to hear her.

[Chapter 800 Changed](#)

Sylvia's POV:

I noticed that there was something wrong with Maya's expression, so I looked at her and asked, "What's wrong?"

Maya let out a sigh. "Ever since you left the imperial palace, Prince Rufus hasn't slept a wink, nor has he had a good meal either. But as soon as he found out about your whereabouts, he rushed there overnight. You can just imagine the pain he went through while you were away."
