

Irresistible 921

[Chapter 921 Found Him](#)

Crystal's POV:

I was taken aback for a moment. After confirming that I hadn't called the wrong number, I asked, "Hello, how did you get this watch? Do you know where its owner is?"

My gut instantly twisted with unease. Arron never took his smart watch off when he was outside. Something horrible must have happened to him. My heart clenched painfully. I wished I could take my child's place and endure all his suffering.

"Who are you? How are you related to the owner of this watch?" The she-wolf questioned me warily.

[Chapter 922 Mummy](#)

Harry's POV:

After disconnecting the call, Joanna came closer to me with a calm expression and said, "The boy's mother just called."

She studied the little boy on the bed, who was still unconscious, and frowned slightly, seeming to be slightly worried.

The little boy was very cute, but right now, his entire body was wrapped in gauze and he looked like a mummy, which emphasized just how badly he was injured.

[Chapter 923 Harry's Love Story](#)

Harry's POV:

After spending so much time with Joanna over the past few years, I knew just how soft-hearted this stern-looking she-wolf was. And she loved kids so much.

Being infertile was undoubtedly a great blow to her.

But that didn't put me off at all. I loved her and I wanted to be with her for the rest of my life.

Although I was the son of an Alpha and needed to have a scion to inherit the pack in the future, this reason was not enough to make me leave Joanna.

[Chapter 924 Stop Quarreling](#)

Crystal's POV:

I went to the third floor of the children's hospital and located the room the she-wolf had mentioned to me on the phone.

I knocked on the door without hesitation. When I knocked the first time, I heard a familiar man's voice from behind the door. However, I didn't dwell on it.

The people inside must have thought I was a delivery person, because the man told me to leave the thing by the door and go.

But when I knocked insistently on the door again, it was pulled open violently from the inside.

[Chapter 925 Seriously Injured](#)

Crystal's POV:

As soon as I threw myself on the bed, I immediately checked Arron's condition. He was still in a coma. Fortunately, his breathing was stable, but he had gauze dressing wrapped around his head and feet. His little face was pale, and he also had a wound on his cheek.

When I touched his head, my heart ached, and tears welled up in my eyes. He had never been this severely injured before. He would at most lose his balance and fall on the ground sometimes.

[Chapter 926 Changes In All These Years](#)

Crystal's POV:

I sat down on the sofa with Harry and Joanna. We talked about what had happened in the past few years until the topic finally came back to Arron.

[Chapter 927 Unable To Escape](#)

Crystal's POV:

I smiled faintly and explained, "Laura's actually a soft-hearted person when you get to know her. We've stayed in touch for all these years. Both she and Ethan have helped me a lot in secret so that I could gain a foothold in the border pack."

"When they announced your sentencing five years ago, I opposed Laura in public and said a lot of harsh words. I think she'll never want to see me again." Smiling awkwardly, Harry scratched the back of his head.

[Chapter 928 Her Father Saved Her](#)

Crystal's POV:

As soon as Arron woke up and saw me, his eyes turned red. He couldn't help but burst into tears, his arms outstretched towards me.

"Mommy, hug..." Arron sobbed, looking especially pitiful.

My heart broke. I spared no time in wrapping my arms around his tiny body tightly.

Arron rested his head on my shoulder and asked in between sniffles, "Mommy, where is Beryl?"

I fell silent at first and patted his back gently. Finally, I sighed, "Mommy hasn't found her yet."

[Chapter 929 Daddy](#)

Rufus' POV:

Early this morning, I received news that Crystal took Warren's permit and managed to leave the palace last night.

Expressionless, I straightened out my tie. While listening to the report on the phone, my mood became more and more gloomy. The arrogant she-wolf from the border pack really didn't take me seriously at all.

[Chapter 930 Lost Her Memory](#)

Rufus' POV:

I froze on the spot and my mind went completely blank. I could only feel my heart being squeezed. It took me a while to come back to my senses.

I pried the little girl's hands off, squatted down, and looked at her seriously. "What's your name?"

The little girl tilted her head to the side and looked at me in confusion. "You're my dad. How could you not know my name?"

I was choked. "I'm not your father," I said in a hoarse voice.

"Huh?" The little girl's doe-like eyes went as wide as saucers. "Daddy, are you playing games with me?"
