

Chapter 10

Although her marriage with Ji Ninghan was just a transaction, she naturally wouldn't run away from it.

The atmosphere in the car became awkward.

It was still Ji Ninghan who spoke first. "Do you have any plans for tonight?"

Yun Churan was not stupid, so she naturally knew the purpose of his question. She smiled and replied, "Nothing else. Mr. Ji, what about you?"

Ji Ninghan could sense her politeness. He frowned unhappily. "We're already married, yet you still call me Mr. Ji?"

Yun Churan was stunned. He really couldn't think of anything else other than Mr. Ji's title...

"Should I call her husband?"

Wasn't this too intimate with a man whom she had only met three times?

She really couldn't accept it!

Ji Ninghan could tell that she was in a dilemma. He said, "All the Ji family members call me by my name. In the future, you don't have to be so cautious. Just call me by my name."

Yun Churan nodded. For the first time, she tried to change the way she addressed him. "Con... Condensing cold."

Her little face was red, and her voice was trembling.

It was a simple word, but it sounded a little shy when she called it.

A hint of a smile appeared on Ji Ninghan's face. He had just changed the way he addressed him. The distance between them seemed to have increased by quite a bit.

Soon, the car stopped in front of a club.

After getting out of the car, Yun Churan found that the environment here was quiet. It was a hot spring club.

Ji Ninghan brought her inside and explained calmly, "It's a bit hasty to get married. There's no time to prepare too much."

Yun Churan didn't expect much. She shook her head and said, "It doesn't matter."

"It's just a contract. I don't expect to have any sense of ceremony."

When she went in, she found that there was a layer of red rose on the ground. On the open-air balcony, there were more than a dozen delicate dishes, and the candles in the middle were in the shape of "decided".

There were only the two of them in the large restaurant. Even the waiters had been removed, giving them enough private space.

Yun Churan was extremely surprised. She thought it was just a normal dinner, but there was such a surprise!

Ji Ninghan took her hand and walked forward. He pushed the

chair away for her like a gentleman.

"The privacy here is very good. Don't worry about being photographed by the reporters."

Yun Churan sat down helplessly. She nodded and said, "Thank you for your help."

It was too impulsive for her to agree to marry Ji Ninghan. However, she didn't regret it. Right now, her heart was filled with gratitude.

Ji Ninghan heard her polite thanks and laughed out loud. It was obvious that he was in a good mood today.

He looked at the woman in front of him and said very seriously, "That's not all you need to thank."

After dinner, the two of them went to the booked suite one after the other.

This room was very big, and there was a private hot spring pool inside. It was constantly steaming, and the sound of the water made people's imagination go wild...

Yun Churan couldn't help but think that she would do something shameful in the hot spring with Ji Ninghan later, wouldn't she?

Oh my god, the more she thought about it, the redder her face became. She quickly turned around and picked up the water on the table to drink as if nothing had happened.

Her uneasiness and nervousness fell into Ji Ninghan's eyes, and the smile in his eyes deepened.

Ji Ninghan opened a bottle of red wine and took out two cups. He asked, "Do you want some?"

"No need..." Yun Churan instinctively wanted to refuse, but when she thought about it, it was a romantic wedding night. She changed her mind and nodded, "Okay."

The wine made her timid. She was not a coward, but she still lacked some courage.

Back then, she had come to Ji Ninghan in a fit of anger. She had gritted her teeth and discussed a collaboration with him. The moment she obtained her marriage certificate, she had felt as if her brain had gone blank, as if she was stepping on the clouds.

Now she held the wine glass and looked at the perfect man in front of her. She still couldn't believe that she had become the wife of the Ji family, the top of the four influential families in the capital city.

How many women dreamed of that?

She gritted her teeth and raised her head to drink up the wine in her glass. Because she moved too fast, she choked accidentally and coughed for a long time before she recovered.

Ji Ninghan patted her back and said helplessly, "Drink slowly."

He looked at Yun Churan's resolute look, as if he were going to roll up his sleeves and fight to the death. The ambiguous atmosphere of this candlelight dinner disappeared in an instant.

"If you don't want to, I can..."

Before he could finish his words, his mouth was covered by Yun Churan.

Ji Ninghan stared at her in surprise. She put down her cup, her fair face flushed red. She lowered her head, not daring to look into his eyes.

"Can you go inside and wait for me?"

With just a simple sentence, Ji Ninghan understood what she meant.

He straightened his back, turned around, and went to the hot spring. He gave her enough time to prepare, and also gave her a chance to regret and retreat.

After watching him leave, Yun Churan poured another glass of wine and drank it up again.

She drank half a bottle of red wine in one breath. After the alcohol was strong, her head was dizzy and she was finally drunk.

She stood up and vaguely saw Ji Ninghan's figure in the hot spring.

Ji Ninghan's back was facing her. Half of his body was soaked in the hot spring, and only the upper part of his shoulder was exposed. His figure wasn't bad, and the water droplets on his skin glowed with a lustrous luster.

Yun Churan only felt that her throat was dry. She summoned up the courage to walk over and stop beside the hot spring.

In the hot spring, Ji Ninghan heard the commotion, but he didn't turn around to urge her. After all, love was a matter of willingness.

In order not to let her regret it, Yun Churan quickly took off her clothes, leaving only underwear and underwear. She gritted her teeth, tested the water temperature with her bare feet, and then slowly got down.

The water temperature was a little high, and a thin layer of sweat soon appeared on Yun Churan's forehead. She carefully walked behind Ji Ninghan.

Originally, she was going to hug Ji Ninghan from behind, but after drinking, she suddenly ran away from home. She stood where she was, frightened. In the end, her hand, which was still in mid-air, still hugged her.

She had never been honest with a man!

Even when she was in love with Shen Mufeng, they had only held hands and kissed each other, and their relationship had not improved.

It would be even more difficult for her to take the initiative...

Just when she was at a loss, a strong hand suddenly wrapped around her waist. Then, she was pulled into Ji Ninghan's arms.

Their skin were pressed tightly against each other, and they could feel each other's warmth.

Ji Ninghan supported her waist with one hand and pinched her chin with the other. His voice was deep and magnetic. "This is the last chance. If you're not prepared, then..."

Before he could finish his words, his lips were sealed.

Yun Churan was in his arms. She had just used her mouth to block him, but the force was too strong and too sudden. Both of their teeth bumped into each other, and there was a faint smell of blood spreading between their lips and teeth.

She closed her eyes and forced herself not to think or say anything, using her actions to prove her determination.

There was nothing in the world that could be gained without effort, and there was nothing to take for granted. They were equal in exchange.

Since she had already chosen to marry Ji Ninghan and enjoyed the convenience between husband and wife, it was time for her to wear more clothes.

With the warm fragrance in his arms, Ji Ninghan naturally couldn't refuse.

He stroked Yun Churan's slender waist and soon kissed her instead. He deepened the kiss. He must let her know what a real kiss was!

Everything was natural. The two snuggled up together uncontrollably. Yun Churan only felt that the hot spring was getting hotter and hotter, and she was almost out of breath.

Ji Ninghan looked at her flushed face and felt her heavy breathing. He carried her out of the hot spring, pulled out a soft towel, and wrapped her in it. Then, he placed her on the round bed beside him.

Her long black hair was scattered, and her eyes were closed.

Her long eyelashes fluttered slightly, and her cheeks were flushed. At this moment, she looked extremely attractive.

Ji Ninghan pressed down on her...
