

Chapter 13

"Nothing." Yun Churan calmly withdrew her hand and turned to ask, "Yin Meng, what do you think they will tell me?"

Lan Yinmeng could easily guess that Nirvana was nothing more than a promise to her annual salary of more than a few million yuan. Who wouldn't do it for money?

But on the surface, she had to pretend to be gentle and considerate. "Don't believe what they said. There are many scammers outside. Only Mu Feng and I are truly good to you."

In this spiritual world, Shen Mufeng was the best. He immediately nodded and said, "Churan, we are going to get married in the future. We are each other's family. You are the boss' wife of Xiang Mei. What can a little Nirvana give you?"

"Yes, Xiang Mei is the big stage for you to show your talent. You see, in the past three years, the company has been vigorously pushing your perfume." Lan Yinmeng said with great effort, "In Xiang Mei, you are the backbone of the whole company. But what kind of Nirvana will you have?"

"So many Xiang Shiists, how tiring it will be to grab a C position! Xiang Mei is also yours. Just now, Mu Feng told me that he was going to share some of your shares!"

Shen Mufeng frowned. He was so stubborn that he had never thought about giving Yun Churan any treatment.

But at this moment, in order to calm Yun Churan down, he had

to brace himself to draw a cake first. "Yes, seeing that you have made outstanding contributions to the company, the company decided to give you 5% of the shares. From now on, you will be in charge of the company."

It would be great if he could leave Yun Churan behind with some small favors.

Yun Churan felt sick when she saw the two of them singing in a harmonious manner.

During these years, Xiang Mei only pushed the perfume she brought out because there were no professional pilgrims in the whole company except her. She wanted to give her shares so that she could return to Xiang Mei. In this way, the grand prize of the competition belonged to Xiang Mei and there was no copy.

As for Shen Mufeng's empty-lipped cake, after he got through this disturbance safely, would he fulfill it for Yun Churan? It was another matter!

She sneered and asked, "Are you really so nice to me?"

Lan Yimeng felt that someone must have given her advice, and she was a fool who was not smart enough.

Therefore, Lan Yimeng continued to persuade him, "Of course, you admitted it yourself before. I am your best friend, am I not?"

Yun Churan found her ridiculous. Yesterday, they were still in a tit for tat at the competition scene. Today, she actually called Yun Churan her best friend without any psychological burden.

It's better to give up the sisterhood as soon as possible. Otherwise, you will treat her as a friend and she will treat you as a fool!

Yun Churan retorted indifferently, "Even if you are my best friend, you shouldn't have asked me to take the blame for you, right? You said in the competition that I stole your formula!"

She deliberately emphasized the word "s privacy", as if to warn Lan Yimeng of something.

Lan Yimeng panicked. She didn't participate in the whole process. She said that at the scene just to save her face. Who would have thought that Yun Churan would take it seriously?

"Churan, everyone was angry at the competition yesterday. They were all talking about anger. Don't forget it! We are the closest people. Just forget those things."

With this, Shen Mufeng pretended to be pitiful again. "You don't even know that you didn't come back last night. Meng Meng and I have been looking for you all night. Is there anything between us that you can't explain? You are too naive. I am afraid that you will be used by others."

"You? You've been looking for me all night?" Yun Churan seemed to have heard a joke and asked coldly, "I remember it clearly. Didn't Miss Lan pass out yesterday? How could she be fine so soon? She even dragged her sick body to look for me all night. I'm really sorry!"

Lan Yimeng frowned and felt that she was mocking herself.

"Since that's what you're talking about, then let me ask you,

why did you do that yesterday? Do you know how much harm this has done to Xiang Mei and Mr. Shen? What kind of ecstasy drug did Nirvana give you to make you betray us?"

These words were also what Shen Mufeng wanted to ask the most.

Why did Yun Churan, who had always been obedient, suddenly change like another person? When she questioned him on the stage, Shen Mufeng wondered if he had mistaken her for someone else!

There were so many reporters present. If this matter could not be reported properly, Xiang Mei's reputation would be ruined!

If it weren't for the fact that Yun Churan was still useful, Shen Mufeng would have fallen out with her and wouldn't have coaxed her patiently.

Could it be that... Yun Churan had found out about his relationship with Yin Meng?

"That's impossible, isn't it?"

If she had known, how could she stand here so calmly, without questioning or crying? She was not like a normal woman at all!

Yun Churan found it funny when she saw how impatient the two of them were and how they were trying their best to hide their feelings.

She deliberately drawled. "But someone told me..."

Anyway, she had already thought about falling out with him, and she didn't want any Xiangmei's shares. It was a good

opportunity for her to leave and take away everything that belonged to her.

But he didn't expect that they were still making great efforts to put on an act!

Yesterday, they had been in such a mess. How could Yun Churan come back to work for them with just a few words?

Although Yun Churan was in love at the beginning, she was not stupid.

She deliberately pretended to be in a dilemma and showed it to the two people in front of her.

Lan Yinmeng and Shen Mufeng exchanged glances and were even more certain that someone was teaching Yun Churan behind the scenes.

"What did the people outside say?"

"That's terrible..." Yun Churan lowered his head, looking even more conflicted.

"Aren't these two good at acting? Then I'll accompany them to finish this scene!"

This made Lan Yinmeng very anxious. If it weren't for Yun Churan, she would have come to the stage to get the award and become famous this morning.

Now that she was famous, she did it. The news newspapers were full of photos of her fainting. The reporters used all kinds of harsh words to accuse her of cheating.

But now was not the time to turn hostile, so Lan Yinmeng had

to calm down.

"Churan, quickly make it clear. What did those people say to you? If you don't say it, I'm going to argue with those people. The person who dug the wall is so immoral that he dares to talk nonsense!"

Although Lan Yimeng said so, she had no intention of moving.

Yun Churan quickly stopped her and put on a determined look. "They said..."
