

Chapter 14

"Someone told me that you've been together for a long time, and they're still working together to set me up!"

Shen Mufeng's face immediately changed. He said in a panic, "Those people are talking nonsense. You must not believe them."

Hearing Yun Churan's sudden accusation, Lan Yinmeng was frightened. She avoided Yun Churan's eyes and instinctively felt guilty.

But when she saw that Shen Mufeng had denied it, she quickly replied, "Yes, Mu Feng and I are innocent. Those people are lying to you."

"We've known each other since we were in college. We've been together for so long, don't we have this little trust?" Lan Yinmeng felt wronged and said in a tearful voice, "How can you believe this kind of provocation? You hurt three people."

Lan Yinmeng made perfect use of her green tea appearance and continued to pretend to be pitiful.

Yun Churan felt that it was a pity that she didn't enter the entertainment circle.

However, who didn't have some acting skills?

She sniffed and said hesitantly, "Not only did someone remind me last night, but there are always rumors that you and Mu

Feng are..."

"Yun Churan!" Shen Mufeng could not wait to interrupt her and asked in a cold voice, "Are you stupid? You believe what outsiders say, but you don't believe what we say. The outsider wants to see a joke. Don't you have the ability to distinguish?"

"We'll do something to let you down? You're really disappointing me by doubting us like this!"

Shen Mufeng was so excited that he accused her. His face was full of disappointment.

Yun Churan began to doubt herself. Why was she so stupid before that she didn't see through their poor acting skills?

She had thought that they would admit it without hesitation. At least they should give her an explanation. Whether it was true love or a moment of impulse, she could accept it. But at this point, they were still trying their best to defend themselves!

Well, since she was going to act, she would accompany the two of them.

"Now that things have come to this, why don't we just announce to the public that it's a work of art between me and Yin Meng? Wouldn't that be fine?"

"No!" Lan Yinmeng refused directly. "It's known to all last night. It's not good for Xiang Mei's reputation. I don't agree."

Shen Mufeng was about to give in, but when he heard Lan Yinmeng's words, he changed his mind again. "That's right, Churan. Anyway, you have your own past. Can you sacrifice yourself for the company once?"

"How can I sacrifice myself?"

Yun Churan had already arrived, so they would not let her go easily. They just wanted to see how the two of them decided to solve this problem.

"Churan." Shen Mufeng held her hand affectionately and pleaded, "I will hold a press conference tomorrow, and you will come out to admit your mistake and admit that you were possessed by the devil. You want to take the perfume formula and apologize to Yin Meng."

"The company will forgive you, and so will Yin Meng. This matter will be reversed, okay?"

He said it very fast. No one knew how many times he practiced it in his heart.

Yun Churan was in no hurry to refute him. Instead, she asked awkwardly, "What about the Nirvana stage?"

"Just withdraw from the Nirvana stage. You haven't signed a contract with them yet." Shen Mufeng frowned. He was quite annoyed with the Nirvana stage.

Wasn't it a slap in his face in public that he secretly dug his own grave and even attempted to steal the honor and formula of "the Wind-flaming Realm"?

She shook her head and said, "No."

"As long as they don't sign the contract, there will be variables. They spread rumors in front of you, and I didn't slander them. I'm kind enough."

Seeing that she was obedient, Shen Mufeng breathed a sigh of relief and continued to persuade her, "There are too many embarrassing things in the business circle. I'm afraid that you will be cheated, so I don't want you to get involved, understand? Just concentrate on making incense. Isn't it what you want to do every day?"

Over the years, Shen Mufeng had used this excuse countless times to trick Yun Churan into doing things for the two of them without hesitation.

Now, he still wanted to push her out to take the blame and say that everything was for her own good.

If she admitted that she had copied it in front of the public and even tried to use it to cheat, it would be a shame to Yun Churan. Other companies would never accept her in their lives.

Shen Mufeng was ruthless. Not only could he keep the reputation of the company and Lan Yinmeng, but he could also ruin Yun Churan's reputation. In the future, he had to stay in Xiang Mei and could not raise his head for the rest of his life.

The two of them were ugly and beautiful.

Yun Churan cooperated and asked, "If I can admit my mistake, can I make up for the loss? Don't you blame me?"

Shen Mufeng nodded with satisfaction. This was the Yun Churan that he was familiar with. All she cared about was his feelings.

It was impossible for him to betray him!

He coaxed her in a soft voice, "Don't worry. I know that you

were provoked by a villain. I was not clear-headed for a while, so I did something wrong. I won't blame you. The ones who should be blamed most are those villains who stabbed me in the back!"

"In the press conference, both Yin Meng and I will accompany you. You just need to apologize. It's okay."

Yun Churan suppressed the disgust in her heart and nodded. "Thank you for always believing me."

Lan Yinmeng was very proud of herself. She would soon become the most dazzling star!

When Yun Churan finally left, Lan Yinmeng immediately stepped forward and advised, "Don't be fascinated by Yun Churan's weakness! She can't believe everything she said. How did the people of Nirvana Company know about our relationship? Why did they mention these things to her?"

"It's not certain whether it's said by the Nirvana Company or not! Maybe it's said by one of the company's employees."

Shen Mufeng tapped his fingers on the table again and again and said coldly, "Now is not the time to be entangled with rumors. The most important thing now is to settle the public opinion."

Lan Yinmeng said in a cold voice, "I don't think she will be so obedient. From the way she questioned you on the stage yesterday, I can see that she is disloyal! What if she gives you another bite at the press conference?"

"She wouldn't dare!" Shen Mufeng shook his head with great

certainty. "If she dares to do this, I will have a backup plan..."

"But she doesn't have that brain. On the stage yesterday, she was probably bewitched by someone. There won't be any accidents."
