

Chapter 16

Yun Churan changed his indifferent look and asked seriously, "Zhenzhen, if I let you make a choice between Xiang Mei and me, you will..."

Before she could finish her words, Zhenzhen replied without hesitation, "Of course it's you!"

Yun Churan was very touched. "Zhenzhen's ability is good. If I stay with Xiang Mei, my job will be stable and my treatment will be good."

However, she was too straightforward and hated those twisted interpersonal relationships. This rare studio was really suitable for her.

Yun Churan would definitely not be able to stay in Xiang Mei's place any longer. This would definitely affect her treasure. She felt a little apologetic.

With such a good friend standing by her side all the time, she had gained something during the five years she spent with Xiang Mei!

The two of them looked at each other and smiled. Everything was silent.

"Have you decided to undergo nirvana?" Zhen Zhen looked at her curiously. "Can I... follow you there together?"

She asked carefully because she was afraid that it would bring

trouble to Yun Churan.

In another company, either a person or a team went there alone, and there was rarely only one person in the past.

Moreover, Zhenzhen was just an unknown assistant. It was understandable that the Nirvana stage was unwilling to accept her.

Yun Churan frowned in embarrassment. She had yet to mention this to the person in charge of the Nirvana stage. Furthermore, she had managed to successfully enter the Nirvana stage thanks to Ji Ninghan. She did not know if he would agree to bring another person along...

"If it's really difficult, forget it. I can find another job!" Zhenzhen comforted her.

"Don't worry, I will personally communicate with the Nirvana stage. As long as you are willing to come with me, I will bring you wherever you go."

She was used to cooperating with Zhenzhen and had a certain degree of tacit understanding.

"When are you going to go there?"

"I'll deal with the follow-up matters first, and then I'll talk to the Nirvana stage."

"I still have the experimental materials on my computer. If you want to use them, I can pass them on to you at any time."

When she thought of those bandits, she was extremely angry.

"What they robbed are all your painstaking efforts!"

"It's okay." Yun Churan comforted her. "Shen Mufeng is going to hold a press conference. He wants me to admit that I lied in the game."

"What?" Zhen Zhen asked in shock, "How could he be so shameless?"

"We guarded the laboratory and spent too much effort to make every kind of perfume. You put in so much effort, and he wants to take all the credit, but he also wants to slander you? This person really has no conscience!"

The more she thought about it, the angrier she became. She had accompanied Yun Churan to the laboratory.

If they encountered the important stage of the experiment, they would have no time to eat. They were too sleepy at night. They just sat in the chair for a while, afraid that there would be something wrong with the data.

The two of them had witnessed each other's growth, so they knew better how difficult it was to succeed.

"As long as Shen Mufeng has a little conscience, he won't do those dirty things." Yun Churan sneered. "He is ugly and has a beautiful dream. There is no free lunch in the world."

"Sister Ran, tell me what you're going to do. I'll cooperate with you fully." Zhen Zhen had always been on her side.

"You don't need to do anything. You'd better remain silent."

Zhenzhen looked at her in confusion. "Sister Ran, I'm silent. Who can prove your innocence?"

This matter was not as simple as Zhenzhen thought. Shen Mufeng must have a backup plan. She did not want to get Zhenzhen involved in this storm.

The best way was to keep a straight face.

"Shen Mufeng has taken away all the evidence against him. He is most afraid of you being a witness." Yun Churan explained patiently.

"I can testify for you." Zhen Zhen was already unhappy with the hypocrite. She said angrily, "I wish to expose his mask as soon as possible so that everyone can see his true face."

Yun Churan shook her head and said, "Don't come out. Take a leave for the next two days."

"Now Shen Mufeng doesn't need you to testify for him. He is afraid that someone will testify for me. If you can take the initiative to leave at this critical moment, it will be the best thing for him."

At this time, if Zhenzhen wanted to resign, Shen Mufeng would definitely not agree. But if she was passive and slack, she might really be fired as she wished.

Looking at her worriedly, Zhenzhen said, "Sister Ran, I should go through thick and thin with you at this time. If I run away, what should you do if you are alone and helpless?"

"Silly girl, this matter has nothing to do with you. If you get involved, you will only get hurt." Yun Churan persuaded patiently, "Don't worry, I have my ways to prove my innocence. I just want to give you a leave and let you have a good rest."

There will be plenty of time for you to work in the future!"

Looking at her firm eyes, Zhenzhen immediately nodded and said, "Okay, Sister Ran, I will listen to you."

After Yun Churan left the studio, she saw a black Maybach parked at the door. The rear window of the car rolled down, revealing Ji Ninghan's deep-set profile.

"Get in the car."

She walked quickly to the front of the car and got into it. She asked in confusion, "Why did you suddenly come over?"

"You don't want me to come?" Ji Ninghan asked.

"Of course not." Yun Churan naturally leaned against him and said with a smile, "I am very happy and surprised that you can pick me up."

"Is this a surprise?"

"That's right." Yun Churan nodded and said, "Where are we going later? Why don't you send me to Nirvana? I have to go through an official entry process."

Yesterday, at the competition site, she hurriedly chatted with the people from Nirvana. Even the specific address of the company was found on the Internet by her.

She didn't know much about Nirvana, so she had to have a good chat with the people over there.

"It's too late today. Let's make an appointment tomorrow," Ji Ninghan said calmly.

"Okay." Yun Churan nodded obediently.

The reason why she could be so obedient was that after getting in the car, Ji Ninghan wrote four words in her hand: "There's someone behind."

Yun Churan glanced at the rearview mirror silently and found that there was a car behind her. Shen Mufeng was probably worried about her, so he sent a car to follow her.

If she went to Nirvana today, Shen Mufeng would immediately notice that something was wrong.

"Then let's..."

Before she could finish her last sentence, Ji Ninghan suddenly pulled up the seat belt and tied it to her. At the same time, the car suddenly sped up.

"It seems that he wants to get rid of the follow-up followers?"
