

Chapter 18

"Thank you for standing on my side." Yun Churan felt particularly warm in his heart. "Just listen to me and have a good rest for a while. Then you can come back to work."

Knowing that she had her own ideas, Zhenzhen did not try to persuade her further. She nodded and said, "Okay, I'll turn off my work phone. Call me your private number if you need anything."

"Well, I wish you a good time."

After hanging up, she met Ji Ninghan's gaze. "What's wrong?"

"You didn't want her to be involved, so you persuaded her to leave quickly?"

Yun Churan shook her head. "Not all of them."

"Zhenzhen has always been my assistant. She is the one who accompanied me for the longest time in the lab. If Shen Mufeng is determined to pour all the dirty water on me, he will definitely ask for the information from Zhenzhen. She has not resigned yet, so she will definitely be in a dilemma."

"As a friend, I don't want her to be caught in the middle. This is a grudge between me, Shen Mufeng, and Lan Yinmeng. I shouldn't get her involved."

While speaking, she picked up her chopsticks and tasted the delicious food on the table.

As the saying goes, a good price is a good thing. The ordinary Sichuan dishes are exquisite and delicious, and the taste is also good.

It had been a long time since she had had such a good meal.

Ji Ninghan didn't move his chopsticks. He just watched as she ate quietly. He said calmly, "Seeing how determined you are to win, I'm sure you'll definitely win this battle."

"That's for sure." Yun Churan put down her chopsticks and looked at him seriously. "I have something to discuss with you."

"Speak," Ji Ninghan said calmly.

"When I go to the Nirvana stage, I want to take Zhenzhen with me." She was afraid that Ji Ninghan wouldn't agree, so she hurriedly explained, "Zhenzhen is very capable. She has cooperated with me for a long time. When we go to the Nirvana stage together, she will definitely achieve something. I can guarantee this!"

"Just a guarantee isn't enough. How long will it take to produce the finished product of the perfume?" Ji Ninghan asked. "A few months, or a year, or two?"

"In half a year, we will definitely develop a hot perfume, which will bring great benefits to the company," she promised confidently.

Ji Ninghan retorted, "I remember that it took you only three months to make this perfume. Why did it take you half a year to reach the Nirvana stage?"

Yun Churan sighed helplessly and said, "To tell you the truth, there are many flaws in the 'Wind-flaming Realm'."

"A high-quality perfume. It took us a long time to put it into the laboratory from the very beginning. It took us a lot of time to test it out. Three months is too short, and we were in a hurry to prepare it."

"It was Shen Mufeng who kept urging us to hurry up and said that he must get the first prize in the competition. I couldn't do anything about it, so I made a semi-finished product."

Speaking of this, Yun Churan lowered her head unnaturally.

"Otherwise, how could it change the smell of the whole perfume with a little more ingredients?"

Even if she didn't tell him, Ji Ninghan would still be able to guess.

Shen Mufeng had no taste and was short-sighted. Even if he barely managed a company, he would eventually close down because of his stupidity.

He was so stupid that he didn't deserve to be dealt with personally.

Ji Ninghan stood up, picked up a tissue, and gently wiped the corner of her mouth.

Yun Churan stood rooted to the spot, staring at him in a daze. Her motionless appearance was a little adorable. Ji Ninghan couldn't help but laugh as he looked at her.

"It's just some oil stains. It's not a big deal."

She blushed and dodged Ji Ninghan's hand. She stammered, "I, I, I... I can do it myself."

As she spoke, she hurriedly picked up a tissue and quickly wiped her mouth.

"Oh my god, this is the first time that a man helped her wipe her mouth, and he is such a handsome man..."

She felt her cheeks getting hotter and hotter. "I, I'm full."

"Let's go. Let's go back and rest together. We'll deal with the rest tomorrow."

Yun Churan looked at him as if she wanted to say something. Her deer-like eyes were full of pleading.

Ji Ninghan could tell what she was thinking at a glance. Smiling, he explained, "Don't worry. As for what you said, I'll send someone to communicate with them."

With the words of Boss Ji, he felt at ease.

The two of them walked out of the restaurant shoulder to shoulder. When they arrived at the underground parking lot, Ji Ninghan suddenly asked, "Did you rent the house you're living in now?"

"That's right."

"Take back the house. Come and stay with me." Ji Ninghan tightly held her hand.

Yun Churan's heart was beating wildly. She clutched the hem of her clothes tightly with the other hand, feeling extremely nervous.

Ji Ninghan could feel her stiffness. He didn't urge her and waited for her answer.

Since both of them were married, they would naturally live together. She had expected it the moment she got the marriage certificate, but she didn't expect it to be so soon.

Moreover, Shen Mufeng had the key to her rented the apartment. He was so angry that no one could protect him even if he did something crazy!

Yun Churan nodded and said, "Okay."

"Then why don't you ask someone to move it for you now?"

Soon, the car stopped outside the community. She said goodbye to Ji Ninghan and went back to the rented apartment. She simply packed up all the necessary things.

She didn't want any of the clothes and bedding she wore. She put her ID card and other important certificates into a bag and called the landlord to tell him that she was going to cancel the rental ahead of time.

At first, she and Shen Mufeng worked hard to start a business, hoping to get a future that belonged to them. But in the end, she was the only one left.

Today, she left because she wanted to say goodbye to her former self, and also because she wanted to remind her of this relationship.

Goodbye, let's go!

Seeing that she had only brought a bag with her, Ji Ninghan

was especially surprised. He asked, "Do you only take this?"

"I've taken all the important things. Forget about those unimportant things."

One had to give up in order to gain something in life!

Along the way, Yun Churan leaned on his shoulder and did not speak. He did not speak, but silently held her hand.

The car drove into Long Hua mansion, which was the most expensive villa area in the city.

The residential quarter was near the hillside. There was a large lake with a lot of fish in it. Each of them was a detached villa with a large garden.

It was said that there was a famous feng shui master who had come to see them. If they lived here, they could get promoted and get rich one after another. Therefore, most of the residents of the Long Hua foreign house were rich and powerful families.

Being able to live here was a symbol of status.

She wasn't surprised at all that Ji Ninghan had a villa in the Long Hua villa.

However, there was no servant in this large villa. They were all high-tech furniture. Yun Churan was surprised and curious.

"You live in such a big house alone?"

Ji Ninghan recorded her fingerprints and locked the door. He said softly, "From now on, it'll be two people."

"I usually like to be quiet. Someone's going to clean my house

on Wednesday and Saturday at noon," Ji Ninghan said indifferently. "I'm going to take a shower. You should rest for a while. There's an empty cloakroom on the second floor. You can put everything you've brought over there."

With this, he went to the bathroom.

It would take some time for Yun Churan to get used to coming to this strange "new home".

This villa was very big, with a total of three floors. The top floor was an attic, which was used to store some things.

Ji Ninghan had deliberately made a balcony, setting up some flowers and grass. It looked quite warm.

The whole room was decorated in a cold color with clean lines, just like the owner of the room, cold and capable.

Yun Churan carried her bag and went to the cloakroom on the second floor. She was shocked by the size of the cloakroom.

In this room, it was not a problem to make a bedroom. Except for a set of men's clothes hanging on the wall, the rest were empty.

She opened the suitcase, hung the clothes inside one by one, and took out the bag with the certificate. When she was about to find a proper place to put it, her cell phone rang again.

Yun Churan looked down and found that it was a call from Shen Mufeng.

The number of calls he made in the past two days was more than the total number of five years in the past!

She smiled sarcastically and picked it up slowly. "Hey, what's the matter?"

"Yun Churan, where have you been?" As soon as Shen Mufeng came up, he asked in a questioning tone.

She even thought that she was Yun Churan's god. She didn't dare to complain about her every day.

"Mr. Shen, it's time to get off work, isn't it? Do I need to report to you where I went?" Yun Churan was annoyed with his tone and naturally had a bad attitude.

Shen Mufeng called her personally because he was afraid that she would run away. He said in a commanding tone, "I'll give you half an hour. Show up at the company right away."

Yun Churan was so angry that he laughed. Instead, he asked, "Mr. Shen, how much do you charge me every month? I have to be on standby for you 24 hours a day. I can come at any time I want. I'm more obedient than raising a dog."

She was so angry that she came to the window of the corridor with her hands on her waist and scolded him. Just then, she saw Ji Ninghan walk out of the bathroom.

Ji Ninghan's hair was still wet, and a large white towel was wrapped around her waist. Her perfect eight abdominal muscles caused her face to turn red.

He only glanced at Yun Churan indifferently. When he saw that she was making a phone call, he did not say a word.

Yun Churan saw that the man was getting closer and closer. She was so nervous that she even forgot what she had just

said.

On the phone, Shen Mufeng was still muttering, "I didn't expect you to be as rich and powerful as those women outside! Except for money, can't you see anything else? I'm so good to you. Is five years of love not worth it?"

"To tell you the truth, did you meet a Nirvana stage cultivator again? Yun Churan, don't be silly! I know you best. You're just a kid. Let me tell you again, there's nothing between Yin Meng and me. Well... Well, don't think too much. If you have nothing to do, come to the company quickly!"

Yun Churan heard his gasp and guessed that Lan Yinmeng was definitely beside him.

This jerk was really good. He held Little Three in his arms and lied to her with a straight face. He didn't feel guilty at all and wandered between the two women with ease.

The more she thought about it, the more disgusted she felt. Why had she been blind to fall in love with such a man before?

Fortunately, she was on the edge of a cliff in time. She was too lazy to act with Shen Mufeng. At this time, her attention was all on the man in front of her.

Ji Ninghan was very close to her. She was so close that she could count the drops of water on his body. His figure was simply too good. If he appeared in front of her nakedly, it would be too difficult for her not to be moved!

She swallowed her saliva subconsciously.

Seeing that she did not move for a long time, Shen Mufeng

shouted, "Yun Churan, what are you doing? Speak quickly, don't pretend to be mute!"

He was a little suspicious that Yun Churan had secretly hung up the phone!

At this moment, Yun Churan's eyes were wide open. He stared at Ji Ninghan's body in great shock. He bent down slightly, and his handsome and perfect face was getting closer and closer to her.

She subconsciously held her breath. Just as Ji Ninghan was about to kiss her, he suddenly turned his face and kissed her on the earlobe...
