

## Chapter 19

Yun Churan's hand trembled, and the phone immediately fell to the ground and rolled on the white carpet twice.

"Oh my god, this scene is too much. I can't blame her for falling in love with him!"

A hint of a smile flashed through Ji Ninghan's eyes as he turned and left.

Yun Churan was still standing there in a daze, unable to react for a long time.

Fortunately, there was a thick carpet on the ground. Otherwise, the phone would have broken into pieces!

On the other end of the phone, Shen Mufeng, who was waiting for her response, was shocked by the noise and immediately took the phone far away.

He shouted angrily at the other side of the phone, "Yun Churan, what are you doing? Are you listening to me?"

Yun Churan reluctantly turned around and glanced in the direction that Ji Ninghan had left. She heaved a sigh of relief and squatted down to pick up her phone.

After making sure that there was nothing wrong with her mobile phone, she asked impatiently, "Mr. Shen, if you have anything to say, just tell me. Don't beat around the bush."

Who had the time to talk about family affairs with him?

Shen Mufeng was full of anger, but before he clarified the copy case, he could only suppress Yun Churan's temper.

"I've said that we're going to hold a press conference tonight. Come to the company and let's go there together. Let's discuss how to deal with this matter first. Try to calm things down as soon as possible, so as to minimize the negative effects."

Yun Churan asked, "What about the negative impact on me? What should I do?"

Shen Mufeng was silent for a few seconds, and then he began to pay attention to A. "Churan, you also know that this copy incident has a great impact on the company. Xiang Mei was created by you and me. You don't want to see it collapse, do you?"

"It's really hard on you this time. When things go smoothly, the popularity and influence of Xiang Mei will be greater, and the enjoyment of perfume will also be increased! At that time, we will hold a grand wedding, how about it?"

"We're going to get married again?"

How could Shen Mufeng be so confident? What kind of peerless beauty was he? Not only did he want others to sell their hard work for nothing, but he also forced others to sell their self-esteem?

Yun Churan rolled her eyes through the phone.

"Oh, got it." Yun Churan said stiffly, "You've put in too much effort for the company. I don't want anything bad to happen to

it."

Although she said so, in her heart, she wanted to close the small and shabby company as soon as possible!

There were not many really capable technical personnel. The higher-ups were all the little threes and little fours who had chaotic relationships. Shen Mufeng was very ugly, and he played quite well!

However, he still treated Yun Churan as a fool. He kept coaxing her, but his words didn't change at all. Every time he drew a cake, it would be the same.

The spread-of-the-world organization knew about the changes in the situation. How could Shen Mufeng dare to slack off even if he wanted to be a jerk?

Yun Churan was innocent, not stupid!

On the other side, Shen Mufeng was still proud of his charm. He urged, "Come on, the whole company is waiting for you."

By the time he hung up, Ji Ninghan had already changed into his pajamas, looking as if he was about to fall asleep.

"I'm going out." She deliberately told Ji Ninghan her schedule. "Shen Mufeng arranged for the press conference to be held tonight."

Anyway, with Ji Ninghan's ability, as long as he wanted to know, Yun Churan would never be able to hide anything from him.

"There's no rush. It's still early. Let's take a rest."

He said slowly, "I helped you put the bath water. In special times, you have to ensure sufficient rest in order to be energetic enough to deal with those dirty things outside."
