

## Chapter 2

Ji Ninghan said with a straight face, "I urgently need a woman to play Mrs. Ji. First, she can deal with the elders in my family. Second, she can save me a lot of trouble. If you agree, I'll help you with that revenge plan!"

He seemed to be talking about business, as if he was not proposing, but discussing the details of the contract.

The more Yun Churan looked at him, the more familiar he felt. It seemed that she had seen him somewhere before, but she couldn't remember where he was.

Although she wouldn't have a future with that scumbag Shen Mufeng, it didn't mean that she could marry Ji Ninghan without any psychological burden, did it?

Marriage was not a child's play in her eyes.

However, given Ji Ninghan's status, it wouldn't be a loss for her to marry him...

Seeing that she was silent for a long time, Ji Ninghan said impatiently, "Miss Yun, I don't have time to consider for you. If you don't want to, please go back."

Yun Churan was shocked. If she went out today, she probably would never meet anyone who could avenge her.

She made up her mind and nodded. "Okay, I agree. You have to keep your word."

Ji Ninghan smiled with satisfaction. "At 9:30 a.m. tomorrow morning, I'll send someone to receive your marriage certificate. Don't be late."

Yun Churan nodded obediently, but she was complaining in her heart, "He is indeed a successful person. He is in a hurry to get married."

Early the next morning.

Ji Ninghan's assistant came early and took her to the Civil Affairs Bureau.

The two of them had completed their procedures, and they soon got the marriage certificate.

Yun Churan didn't feel real until she left the Civil Affairs Bureau. She always felt that she was daydreaming...

However, Ji Ninghan was quite calm. He put away the two red books, put on his sunglasses, and walked out with a straight face.

When he got in the car and was about to leave, Yun Churan caught up with him breathlessly from behind. She grabbed his clothes and said, "That Mr. Ji, don't forget the contract..."

Before she could finish her last word, she was so scared by his gloomy face that she shut up.

"From today onwards, you'll be Mrs. Ji. Remember your identity," Ji Ninghan said coldly. "Give me your perfume's materials and samples. I'll arrange everything for you."

Upon hearing these words, Yun Churan's heart, which was hanging in the air, was instantly relieved.

She looked at Ji Ninghan and braced herself to make another request. "Can you not announce the matter of marriage to the public for the time being?"

Fearing that he might misunderstand something, Yun Churan quickly explained, "I still have some personal matters to attend to. Give me a little more time and I'll settle them quickly."

Through a pair of sunglasses, she couldn't see Ji Ninghan's expression clearly. She wondered if he would be angry.

"Wait for me in the Sheng Group before six o'clock in the afternoon."

Yun Churan nodded and closed the door. She stood by the side of the road and watched the luxury car leave.

She was going to have a tough fight later!

She went to the mall to buy a new brand suit, and then took a taxi to the Xiang Mei Company. From last night to now, Shen Mufeng called her twice or thirty times, but she didn't answer any of them.

She just wanted to leave this man alone on purpose!

As soon as the car stopped at the door, Shen Mufeng's assistant, Wei Ren, quickly came up to him and said very urgently, "Professor Yun, you're finally here! Mr. Shen is almost crazy to find you!"

Yes, she had worked hard for two years. Not only had she become a free worker in the company, but she had not even bought a share of the company's business.

To put it nicely, she called her technicians. To put it bluntly, she was not even as good as the cleaner who cleaned daily, and she did the most work every day.

She sneered. Her ungrateful boyfriend was too weak in his heart. How could he go crazy after making a few phone calls?

In the future, there would be even more things that would drive him crazy!

She gave an indifferent "hmm" and walked into the company with a straight face. In this huge company, in addition to Shen Mufeng and her best friend Lan Yinmeng, there was also her assistant who had been by her side all the time. No one knew that the perfume with the highest sales volume in the company was all from her.

Everyone regarded Lan Yinmeng as the biggest hero of the company. Who could see Yun Churan's silent sacrifice?

In the past, she didn't care about these titles. But after that, she didn't want to take advantage of this bastard pair of b\*tch. She had to get her interest back.

As soon as she arrived at the door of Shen Mufeng's office, she heard an angry roar from inside. "How could you not know where she is? Hurry up and find her. Don't talk back to me just because Yun Churan is supporting you! Believe it or not, I will drive you away right away!"

Just listening to these words, Yun Churan guessed that this was a scumbag who couldn't find him, so he used her assistant Zhen Zhen to vent his anger.

She knocked on the door politely. After entering, Shen Mufeng saw that it was her and questioned her angrily, "It's been an entire morning. Where did you go?"

Yun Churan was already full of anger at the man who had cheated on her. How could he still have the face to yell at her?

No matter how good-tempered she was, she couldn't hold it in any longer. She directly retorted, "My legs are on my body. I can go wherever I want. Do I need to report to Mr. Shen 24 hours later?"
