

Chapter 23

Shen Mufeng couldn't believe his ears. "What did you say?"

"It's not that I didn't want to give you a chance, but even now, you still want me to take the blame. Shen Mufeng, do I really look so stupid?"

There was a mocking smile at the corners of her lips. Yun Churan's voice was as cold as ice.

Shen Mufeng felt a chill in his heart.

He suddenly felt that the woman in front of him was too strange, not the one he had known for several years. She had become so sharp, so elusive, and so difficult to control.

"Yun Churan, what do you mean? You don't believe me anymore?"

"I just trust you too much. I almost don't even know how I was sold." After a pause, Yun Churan was too lazy to say too much to him. "Now, what I thank most is that you haven't signed a formal contract with me. From today on, your beauty has nothing to do with me."

After saying the word "yours", she raised her foot and was about to go past him and leave.

Shen Mufeng grabbed her arm. Although his brain had not yet analyzed how ugly she was, he knew that he could not let her go like this.

"Are you still blaming me for not signing the formal contract with you?" He asked tentatively, "Yun Churan, don't be so childish, okay? Is the relationship between signing or not really so big? If this is what you care about, you should have told me earlier. Why did you do so many things?"

"Xiangmei is mine. Does it not belong to you or us? Now you are forcing everyone to die. Do you know that?"

She tightened the grip on her arm, causing it to ache.

Yun Churan frowned. "Let me go!"

"If I don't make it clear today, I won't let it go."

After a pause, Shen Mufeng probably felt that his tone was too hard, so he calmed down again.

He lowered his head and thought for a moment. His heart seemed to be moved, and his eyelids twitched. He looked at Yun Churan and decided to make it clear first. "Yun Churan, are you jealous?"

In fact, Shen Mufeng was not afraid of being discovered by Yun Churan because of his relationship with Lan Yinmeng. She was loyal to him and never believed in those things. Every time he said a few nice words, she would believe it. How could she doubt it?

However, her performance in the past two days was really strange, especially when she was facing a dream.

He had to think more about it, so he decided to make a bet. He would make the first move and break it first.

"Are you jealous of Yin Meng?" Shen Mufeng continued to ask as he observed the change in her expression.

Yun Churan glanced at him and said nothing.

Her silence made Shen Mufeng more convinced of his judgment.

"Yun Churan, you're not!" With a heavy sigh, he loosened his grip on her arm a little. He shook his head and said, "After so many years, I thought that no one could destroy our relationship. We can absolutely bear the test. But how can you..."

"I don't know what you heard, or what you saw, but there must be a misunderstanding. You, me, and Lan Yinmeng have known each other for more than one or two years. If there was something between us, we would have had it a long time ago. Don't listen to the gossip outside. Those people are all eager to see the world in chaos. Ran'er, don't be used by others!"

As he spoke, he let go of her and turned to stroke her shoulder, wanting to hold her in his arms with some strength.

Yun Churan quickly took two steps back to avoid his touch. She asked lightly, "Oh? Really?"

Unable to understand her, Shen Mufeng continued to follow his previous train of thought. "Of course! Didn't we agree to go and get our marriage certificate after winning this competition? If you don't believe me, let's go and get our marriage certificate now! Let's get married!"

Now he couldn't care so much. The situation was urgent. He

had to calm down Yun Churan first.

Yun Churan found it a little funny.

The words he had been looking forward to for many years were now full of sarcasm in his ears.

Get the marriage certificate? Get married? He was dreaming!

She put away the mocking smile on her face, let out a sigh of relief and said, "It's useless. If you want to prove it, you don't have to be so troublesome."

Seeing her expression, Shen Mufeng thought that she had been persuaded by him and changed his mind. He quickly stepped forward and said, "Yes, we should be responsible for each other. You can help me get through the difficulties every time, and you will do it this time, right?"

"Yes." Yun Churan nodded and said, "In fact, I have a way to prove that you and Lan Yinmeng are innocent, and to make up for the current predicament the company is facing."

"What is it?" Shen Mufeng asked excitedly.

It would be best if he could do that.

In the past two days, although he had tried his best to erase this matter and had done a lot of public relations work, the public opinion was still very heated, and the impact on Xiang Mei was not small. This point could be seen from the recent two days of public relations.

Especially for an enterprise like them, who was growing up and wanted to grow stronger, reputation was very important.

Yun Churan saw all his anxiety.

At least there was one thing that he was right about. In the past, every time he encountered a difficult situation, she helped him to get through it.

Coming up with a new product and a creative idea, she did her best. She thought that it was the future of the two of them, but she never thought that she was making a wedding dress for others.

"The method is very simple." She raised the corner of her mouth and said slowly, "Let's go back now and go to the press conference to make the final clear. You go and tell the media and reporters that all the perfume works of the past were made by me, and I deserve all the awards. Do you want to go?"

Shen Mufeng stared at her with wide eyes. She was still two steps away from him, but he felt that she was almost in front of him and he was out of breath.

"You want me to die!"

Biting his teeth, he squeezed out almost one word at a time.

Yun Churan couldn't help laughing. "How could it be? Am I not telling the truth? Which one of the most popular products in the past few years has not been tried out day and night? Are you just announcing a fact to the public? Is it so difficult?"

"Yun Churan, you never cared about these things before. Why are you so snobbish now? Is these titles so important to you? More important than me?"

Obviously, he refused.

Not only did she refuse, but she even turned hostile and accused her righteously, as if she was the one who deceived the world and stole her reputation.

"A momentum? A false reputation?"

At that time, he coaxed her with these gorgeous words and made her willing to be a stupid woman who would silently sacrifice herself for him.

"Now, do you still want to use these words to suppress me?"

Yun Churan raised her beautiful eyebrows and said with a smile, "It's important! I didn't care about it before, but now, I care about it very much! I want a name, profit, and justice. Can you afford these?"
