

Chapter 29

"Very good. New colleagues in the new environment, just like the company's name, Nirvana."

Yun Churan did not mention a single word about what the new company had suffered.

Where did so many things come from? There was always a good relationship. Moreover, Zhao Xin did not say that it was wrong. She was not famous or qualified, and she even carried a complicated lawsuit. It was simply reasonable that ordinary companies and teams did not want her.

It was true that she came in with a relationship. Because of this, she should use her strength to convince those who looked down on her, rather than to force them with her relationship with Ji Ninghan.

"That's good," he said softly as he lowered his head and pecked her cheek.

In fact, how could he not know what had happened in the company? But since she did not want to say it, he would not expose it. He also wanted to see how far she could rely on herself if she stubbornly refused to reveal the relationship between them.

He believed that she would not let him down.

The gentle contact between his lips and cheeks was not enough. He lowered his neck a little and accurately found her lips. "Take it?"

Yun Churan's instinctive reaction made him flinch a little, but it was only for a moment. Soon, she raised her arms around his neck and raised her head to respond to him.

The passionate kiss made the temperature in the room rise rapidly. If it weren't for the fact that he still remembered that she was his 'closed relative', Ji Ninghan would have been unable to control himself.

Later, he gently bit her earlobe with his teeth and said in a hoarse voice, "I won't let you go next time."

Yun Churan's ears were numb and numb, and the electric current spread all over his body. Yun Churan's bones were about to melt, but he still retorted stubbornly, "Maybe I won't let you go?"

Her bright eyes, slightly red lips, and teasing words all of a sudden, Ji Ninghan's eyes darkened. It was as though a wave of shock had suddenly appeared in his eyes. His big palm gripped her waist tightly. "Is that so? Then I really..."

"I can't wait to give it a try."

As soon as she finished speaking, the tip of her tongue licked her outer ear.

If it weren't for his tight grip, Yun Churan would have collapsed to the ground.

Fortunately, she put her hands on his shoulders firmly, but she did not dare to provoke him again. After all, the man who was provoked was still a little scary.

Just at this moment, her cell phone rang. It rang so fast that it sounded so harsh in Ji Ninghan's ears.

"I'll take a call."

Yun Churan let go of his arm, but he refused to let go. He glanced impatiently at the phone and said, "Leave it alone!"

"Then let me see who it is first."

Looking at him, Yun Churan wanted to laugh. He didn't expect that the

big shot would be so childish and cute.

Although Ji Ninghan didn't say anything, he didn't loosen his grip at all. Listening to the ringing of the phone, Yun Churan was afraid that something urgent had happened. She stood on her tiptoes and kissed him on the cheek to comfort him.

However, before she could steady herself, he suddenly turned his head and kissed her hard on the lips.

Hot, hot...

After a long time, he was finally willing to let go of his hand. What was amazing was that the phone still rang, which showed how persistent the person on the other end of the phone was.

With a red face, Yun Churan ran over to pick up her phone, but when she saw the screen, she froze.

Shen Mufeng!

She subconsciously raised her head to look at Ji Ninghan, only to see that he was looking at her as well.

"Do you want me to help you pick it up?" Seeing her hesitation, he took the initiative to ask.

"No, I can handle it."

Shaking her head, Yun Churan answered the call and turned on the speaker.

As soon as the car was connected, Shen Mufeng's almost exasperated voice came over. "Yun Churan! Why did you return the house?! Tell me!"

"..." Yun Churan did not expect that he was so eager to find her for the sake of the house.

What was interesting was that he had just found out that she was no longer there. That was to say, he had not been there these days, nor

12:30 

had he looked for her.

Glancing at Ji Ninghan, the corners of her lips curled into a mocking smile. She picked up her phone and said unhurriedly, "I won't rent it anymore. Of course I'll cancel it. I'll just tell the landlord about checking out. Why do I still have to report this to Mr. Shen?"

"Don't forget that I paid you for the rent. You..." He had wanted to complain, but he suppressed it. He took a few deep breaths and asked, "Where are you now? Do you still want to eat Nirvana?"

Shen Mufeng was sure that she had been refreshed by a Nirvana. In addition, with what had happened between him and Meng Meng, she might have found out that he couldn't keep the fire in the paper. Otherwise, how could a woman who had always been obedient and docile suddenly rebel?

Upon hearing his words, Yun Churan almost laughed out loud. Especially when she was a few steps away from him, she was still standing in front of him.

Staring into Ji Ninghan's eyes, she said word by word, "That's right. It's for food and accommodation. I won't trouble you, Mr. Shen. By the way, aren't you going to sue me, Mr. Shen? Well, it's expensive. Can't you afford it? The landlord still has the landlord's deposit. You can use it to pay the rent."

Her sarcasm angered Shen Mufeng. He gritted his teeth and asked, "Do you think I'm afraid of you just because you have that recording in your hand? Not to mention that you can't prove it in court, even if you can, how can you prove that you haven't pieced it together and edited it? I can also say that you are maliciously trying to seduce me. I don't mean that at all."

"Mr. Shen, since you're not afraid, I'll be waiting for you!"

After that, she pressed the hang-up button.

And because he was annoyed, he simply threw all his contact information into the blacklist.

Ah—the world was quiet!

After doing all this, she found that someone was already in front of her, almost watching her do these things.

"Uh..." After a second of embarrassment, Yun Churan took the initiative to say, "Don't worry. After this matter is over, I will definitely not have any contact with him."

Since she promised him when she got the marriage certificate, she had to be absolutely devoted. She couldn't do that kind of thing that was tangled with her ex-girlfriend, and she disdained to do it.

"Did I say that I'm worried?" Ji Ninghan didn't take it seriously. He glanced at her phone and asked, "What recording?"

"Ah?" Yun Churan let out an "Ah" before she realized that he was talking about Shen Mufeng.

"It's the day of the last press conference, he..."

That day, he took a few bodyguards to block her in the small path behind the venue and almost kidnapped her. Fortunately, she had practiced martial arts for so many years, otherwise...

"Nothing, it's just... I lied to him."

"You're lying?" Ji Ninghan didn't understand.

But Yun Churan understood his reaction as another meaning.

"Don't worry, I won't lie to you. He lied to me, so I treated him in his own way. But you..."

"I believe you." Ji Ninghan interrupted her. He raised his hand and tidied up the strands of hair in her ear. "But if you irritate him like this, aren't you afraid that he'll really sue you? As far as I know, you have no chance

of winning with the current evidence."

The man surnamed Shen took away all the information. Of course, the people on Xiang Mei's side also listened to him. Judging from the current situation, it was not good for her.

Of course, he had a way to solve all this, but he really wanted to know what she would do.
