

## Chapter 33

"You will be considered to have passed the first round."

In fact, it was also expected, but Yun Churan still asked, "The first stage?"

Zhao Xin laughed and said, "Do you think you can pass such a simple question? Do you think you are qualified to join my team and enter Nirvana smoothly? Then you may not think too simply of our company."

"Everyone who can enter the Nirvana stage has experienced layers after layers of auditions. Why can you be an exception?" Zhao Xin rudely questioned her in front of everyone.

Of course, this was also what made her very unhappy.

After all, even she herself, when she entered the Nirvana stage back then, had also obtained a thick amount of experience and award. Even so, she had still undergone a strict trial.

She was a senior member of the Nirvana stage. She was confident in her ability and believed that she could make a name for herself in this company. After all, she had never seen anyone use a skirt in the company for such a long time. But this time, she was really shocked.

Zhao Xin couldn't figure out Yun Churan's origin, or she didn't want to know.

For her, Yun Churan's background and background had nothing to do with her. She just didn't want anyone without real knowledge to join her team and work with her.

"I never thought of an exception, and I don't think I have an exception. After all, aren't you testing me?" Yun Churan's voice was calm, and there

was a faint smile on his face. He was decent and generous, without any embarrassment or annoyance from making things difficult for her.

Being overly calm made her seem exceptionally outstanding. The calm aura on her body caused one to feel very comfortable.

"Yes, I'm testing you. Your answer was correct, but this is only the first stage. It doesn't mean that you've passed."

The reason why she refused to give in was that Zhao Xin thought it would be too easy for her to let go of her so easily.

The questions just now were casual. There were some difficulties, but they were not too many.

Originally, she thought that she was just a little thief who was good at trickery and had no ability. Unexpectedly, she solved it in front of her colleagues. It seemed that she had to take it seriously this time and make it more difficult.

"Manager Zhao, feel free to answer the question. If you give in, I lose."

Yun Churan was not timid at all. She just paused for a moment and leaned forward slightly. Looking into Zhao Xin's eyes, she suddenly smiled.

Her smile was not aggressive, but it made Zhao Xin suddenly feel a little guilty. "What are you going to do?"

"Nothing. I just want to ask Manager Zhao, how many tests have you prepared for me?"

Zhao Xin took a deep breath and straightened her back. "What's wrong? Are you scared? Didn't you talk big just now?"

"I'm afraid it's not true. But since it's a bet, it's better to make it clear at the beginning. I don't mind any reasonable test, but no matter how many times I pass, Manager Zhao will always wait for me, then..."

With her eyes wide open, Zhao Xin's anger was about to burst out. "Who do you think I am? What do you mean by waiting for you forever?"

"Yun Churan!" Zhao Xin called her by her full name. She said loudly, "Yes, I don't like you very much, but I always do things according to the rules. Do you think I deliberately make things difficult for you?"

Yun Churan smiled. "I don't think so. Manager Zhao is generous, so... how many trials are there in total?"

His hands, which were hanging by his side, slowly curled up and clenched tightly. He tried his best to restrain himself and maintain the peace on the surface.

Zhao Xin was furious.

Yun Churan looked gentle and harmless on the surface, but there were thorns in her words. Every word was approaching her. She did make things difficult for her, but it was not easy for her to do so.

"Three obstacles!" Zhao Xin gritted her teeth and said decisively, "It's not special. All those who enter the project have passed the three tests, so you are no exception!"

Standing up straight, Yun Churan nodded and said, "Okay! Since everyone can bear it, of course, I should also bear it."

"What's the second round? Or is it more accurate to say that it was just a maneuver, and the next round is the first one?"

It seemed to be a very serious inquiry, but it easily dug a hole for Zhao Xin.

In front of so many people, Zhao Xin was extremely proud. She had planned to say this, but she didn't expect that Yun Churan would take the initiative. It was not easy for her to say this.

He could only say resentfully, "Since I have said that I have passed the first round, there is no maneuver. What do you think our company is?"

"It's also my company!" Yun Churan answered naturally.

Zhao Xin: "..."

"Well, don't flatter me. I won't buy it. Don't forget, even if you pass the first round today, there are still two more tests. These two tests will become more and more difficult. I hope that even if you lose, don't cry."

"Don't worry, I'm the same as you. I'll keep my word!"

Zhao Xin deliberately emphasized the last four words. Anyway, she did not look very good. "Well, that's all for today's meeting. The meeting is over!"

When the two words came out, the people who had been waiting for a long time took the things that had been packed in front of them, got up, and left the office one after another.

Yun Churan knew that they were not done yet, so she stood there and waited.

Sure enough, when everyone went out, the door was closed. Zhao Xin stood up, stretched out her arms, and said, "You're lucky in the first round today. The next two tests are not so simple. You should know that it's not so easy to fool me here."

"Do you mean that you're not going to take the test for these two trials yet?"

Yun Churan heard the meaning of her words. It seemed that she did not intend to get rid of them all at once today.

If that was the case, it would be a waste of time if they dragged on.

It had nothing to do with Xiang Mei. She still loved her career very much. Even though there were many trivial things recently and there were more bad things in her mind, she did not stop her love for Xiang Mei at all.

"Of course not!" Zhao Xin said confidently, "Do you think I have nothing to do? Do you have a lot of free time to accompany you? Besides, since we have to be careful, we have to decide the test contents first."

"Then... when?"

If it dragged on, wouldn't it be the same in the end?

Zhao Xin turned her head and looked straight at her. "What, are you afraid that I will delay?"

"To be honest, yes!" Yun Churan answered straightforwardly.

Zhao Xin was also a little surprised by her undisguisedness, but soon she smiled and said, "Okay! I'll be frank with you! Don't worry, although I want to make things difficult for you, I don't care about such a rogue method. Within three days, I'll decide the content of the test and inform you!"

Yun Churan was very satisfied. "Then in the next three days, shall I?"
