

Chapter 34

"Work?" Zhao Xin shook her head. "You haven't passed my test yet, so you can't be considered a member of my team. I won't arrange any work for you."

After a pause, she said, "Of course, if you insist on doing something, just do it."

"If you don't mind."

"I don't mind!" Yun Churan said straightforwardly, "I'm a lightingist. I know who I am, what I should do, and what I shouldn't do. This job is not cheap, but it's not what I should do."

"Since Manager Zhao needs three days to decide the test's contents and has not been assigned to me for the time being, I will wait for your news." She smiled slightly. "Oh, by the way, if Manager Zhao still can't think of a suitable assessment for me in three days, then I will understand that you have passed the assessment for me and I can officially start working."

Zhao Xin had never expected her to be so stubborn.

She thought that if she suppressed her arrogance, she would be willing to show her enthusiasm, even if she went to do some odd jobs first. However, she didn't expect that she would refuse so directly.

Yes, as an incensesist, her hands and nose were both very important and extremely important. However, Yun Churan was asking her for help now, and she didn't seem to want to give in at all.

Zhao Xin was a little angry, but she couldn't help looking at her differently.

When Yun Churan left the company, she attracted a lot of attention.

The people outside did not know how she talked to Zhao Xin, so when they saw her come out and leave the company directly, they thought that the talk was over, but it was still blocked. For a time, the news flew wildly.

Of course, Yun Churan did not care about this. She wanted to use these three days to completely solve the mess on Shen Mufeng's side.

However, as soon as he got in the car, he received a call from an unknown number.

"Hello, may I ask if you are Yun Churan, Miss Yun?" The other party's voice was very strange and polite.

Yun Churan was stunned and nodded. "It's me. Who are you?"

"Hello, I am the representative lawyer of Xiang Mei. Mr. Shen Mufeng asked me to take part in your case of stealing Xiang Mei Company. I believe that you have received the lawyer's letter sent before, haven't you?"

Although the other party was still very polite, it could be heard that every word was an attack.

Yun Churan was stunned for two seconds before he burst into laughter. "To steal?"

Ha! Shen Mufeng had already used this word directly. He used to say that it was more tactful, but now he was trying his best to put her on the chopping board.

"Miss Yun, as the representative lawyer of Xiang Mei, I want to remind you that for the current evidence, it is very unfavorable to you. You don't have the confidence to win. We have the principle of interest, so we want to ask you. Are you willing to be private or male?"

"So what if it's a private affair? So what if it's a public affair?"

She slowly took out a bottle of water from the side, opened it and took a sip, then asked casually.

"It's private. As long as you issue an apology statement, we will prepare it for you. You just need to sign it. In addition, you must apologize to Mr. Shen and Miss Lan for a week in public. Moreover, you are not allowed to join any other company in the next three years. As for the public, we can only see them in court."

"Clang!" Yun Churan's lips left the mouth of the bottle and made a crisp sound. She closed the cap of the bottle and said straightforwardly, "You're a real man, aren't you?"

Probably he didn't expect that she didn't even hesitate, so he chose an impossible choice. The other side was stunned for a moment and immediately added, "Miss Yun, I don't think you heard it too clearly, or you don't know the consequences of going through the procedures. If you agree, it won't be as simple as an apology. We can add compensation. When you want compensation, and there may be a prison disaster, I advise you to think about it clearly. Mr. Shen is just asking for an apology..."

"Tell Shen Mufeng to stop daydreaming. It's easy for him to become stupid!" She interrupted the lawyer's words and said, "Also, you also said that it's if it's illegal. But I don't have this if. See you in court!"

After that, she hung up the phone.

What a joke!

Shen Mufeng was so confident. Did he think that those so-called witnesses could firmly trample her into the dust?

For so many years, the reason why she had stayed in the dust safely was that she was willing to look up to him and become his stepping stone so that he could climb higher. But sorry, now that she had stood up, she would never be so humble.

He drove straight home. He didn't expect Ji Ninghan to be at home. He had thought that Ji Ninghan would be at the company right now.

Obviously, he had just come back. He only took off his coat, and the shirt inside was still on. He pulled his tie and threw it aside. He unbuttoned one of his buttons, revealing his sexy Adam's apple. He was leaning on the sofa, frowning and brushing the tablet on his hand.

"Why are you back so early today?" After changing her shoes at the entrance, Yun Churan lowered her head and took out her slippers to change. "You haven't eaten yet, right? Well, I'll do it."

She planned to go straight to the kitchen, but Ji Ninghan reached out and stopped her. "Don't go yet. Come here."

Yun Churan, who had already rolled up her sleeves, turned her head and looked at him. Seeing that his eyebrows were tightly knitted and he seemed not very happy, she turned around and went back. "What's wrong? Is there a problem in the company?"

"What's the problem for me?" Looking up at her, he was very dissatisfied with her question.

Ever since he took over the golden age, he had encountered many problems, big or small. But for him, they were not difficult at all. Those that could be solved were not difficult at all. He had enough confidence and pride.

Yun Churan chuckled and sat down next to him. She wrapped her arms around his neck and said coquettishly, "Yes, yes, yes. Mr. Ji of my family is the best. There's nothing that can make it difficult for you!"

Her smile was as beautiful as a flower, and she was so close to him. Ji Ninghan's inky eyes suddenly darkened. She pressed closer, almost touching her lips. "Is that so? How... capable?"

Her breath was so close that Yun Churan's face immediately turned red.

She wanted to push him away. "How... how did I know?"

"You don't know? You said I'm capable? Do you want me to prove it?"

There was no reason for her to push the door open so easily.

Ji Ninghan wrapped his arms around her waist and held her firmly in his arms. "Is it time to end that thing of yours?"

It was too obvious a hint, which made Yun Churan hate that she couldn't find a hole to hide in. In the daytime, she didn't know where to put her eyes. "No, not yet."

"Damn it, my tongue is tied!"

Especially when she heard his extremely light sigh, her face became hotter. "What were you looking at just now?"

"Some boring things," he said lazily. He casually pressed the tablet button, and Yun Churan had already seen the words on the screen.
