

It's Too Late To Get A Divorce by Coreal White Chapter 93

Chapter 93

Although she didn't want to admit it, the way he called her still hit her heart. His voice was so gentle and lingering in her head. As it whispered in her ear, her mind went blank for a moment. She forgot everything and only remembered the sweet pieces of the past.

However, rationality returned very quickly. She was not that gullible girl. She had planned her future.

Jaydon was still hugging her, pressing her body down and leaning on her shoulder like a child. He knew that this beloved toy did not belong to him now, but he was still unwilling to let go. He missed her hug and missed her smell, even though it was just for a while.

her

It was only when he held her in his arms that he realized how much he missed her. That was what lovesickness felt.

"Mr. Lewis, are you done? The plane is coming. We have to go back." Alita did not dare to irritate this lunatic. She was afraid that he would act like a beast the next moment.

It was impossible to see through what this man was thinking.

Jaydon finally recovered from his mad obsession. His hatred for her also returned. He left her body immediately.

Alita

pulled her clothes up to cover her exposed body.

"Miss Thompson, I was joking with you just now. You won't be angry, right?" Jaydon returned to his elegant appearance and said with

a smile.

What a

joke! Alita was stunned. Then, she replied bluntly. "I'm very angry. I hope Mr. Lewis won't make such a joke next time. Or I'll sue you for sexual harassment." If pulling down a woman's clothes was considered a joke, then killing someone could also be said to be a joke.

"Wow, it looks like Miss Thompson is really angry. However, it's my honor to see a beauty lose her temper. You look so beautiful even if you're mad. Perhaps I should make you angry more in the future." Jaydon laughed happily and raised her chin teasingly

"If you do this again, just go to jail. I promise I will send you to prison." It was better to lock up an unreasonable man like him for the rest of his life.

"Miss Thompson, why are you so serious? It's almost time. Let's go." Jaydon stepped aside and made a gentlemanly gesture. He seemed polite, but in fact, he was just forcing her to go with him.

In this sparsely populated place, Alita was afraid of this beast from the bottom of her heart. She walked forward with a cold expression and heard footsteps approaching her from behind. He was very close to her and even touched her shoulder from time to time.

She moved to the side to save some distance between them. Unexpectedly, his footsteps followed her.

She kept moving from the middle of the road to the tree along the path.

Alita's shoulder rubbed against the tree trunk. The pure white sweater was very light, and it broke in an instant. Her anger also burst

out. [www.n\(0\)0ε/00m.c\(0\)m](#)

She stopped in her tracks and said stiffly, "Mr. Lewis, the road is so wide. Please don't push me, okay?"

"I didn't." Jaydon shrugged innocently.

Alita was furious, but it was a waste of time to reason with a scoundrel. She pointed to the other side of the road and said, "Now, I'll go to the right. I'll give this place to you, I give it to you, alright?"

She ran to the opposite side in large strides.

Jaydon stood where he was and looked at her. He did not say anything else and walked forward.

Jaydon looked at the sky, then at his feet. He turned his head and stared at the woman walking on the other side. It was as if he had returned to the season of falling leaves. A few days before their marriage, they had come here. That was the only harmonious period. It was the most peaceful time.

They did not compete with each other, nor did they hate each other. She also smiled more

often.

"Miss Thompson, it must be even more beautiful here in autumn."

Alita's eyes trembled for a moment before she replied with a smile, "I don't think so. Spring is also very charming. Everything is full of vitality. No matter how beautiful autumn is, it will be desolate quickly. What's so good about being beautiful for a short period? It will only make me more disappointed."

What she would never forget was that less than two months after their marriage, he and Cecilia were together. Her heart had also fallen from heaven to hell. The illusion of the sweet past gave her unrealistic and high expectations for their future. She thought that after they got married, he would cut ties with Cecilia. Because of such beautiful expectations, the final blow would be so piercing

She sighed softly. What was the point of thinking about these dead memories? It was completely meaningless.

Jaydon wanted to rush over and question who made this winter come so quickly back then. She still had letters with her first love and blurred his image in the words. That was a huge blow to his esteem. He still dared not to ask.

"It is quite disappointing." He coldly sighed.

He was too far away and licked his wound. Although it had healed, it would occasionally hurt.

Evelyn, Crystal, Karen, and Sabina were sitting by the grass

Evelyn smiled and waved when she saw Jaydon and Alita coming over. She waved her hands at them with a smile. She had no what had happened.

The plane landed on the lawn five minutes later.

Jaydon and Evelyn walked in front. He pulled her and boarded the plane first. Then, Alita and the others went up

They were a little excited. They had never been on such a private plane before. It was unimaginably luxurious. They sat on the spacious leather seats and looked around like a newborn curious baby

Jaydon and Evelyn were sitting across from each other. They were sitting in a single seat at the side. The moment they turned their

heads, they could see the next room.

Unexpectedly, Alita and Jaydon turned their heads at the same time. Their gazes suddenly met. She was stunned for two to three seconds before she smiled at him calmly and politely before looking away.

The plane took off and they had an exquisite lunch. The girls were quite satisfied with the delicious meal.

After lunch, Alita put on her blindfold and went

When she woke up, it was already dark. Her mind was in a mess for a while before she realized that she was on a plane.

She took off her blindfold. It was very quiet around. She looked to her side. The three girls were asleep. She looked to the other side. Jaydon and Evelyn were not there. They might have gone somewhere else to have a nap. [www.N0veIw0Rm.c00](#)

After drinking so much water in the afternoon, she woke up and needed to pee badly. She stood up and went to the bathroom. She rubbed her sleepy face that was still in her pajamas and opened it casually. She thought it was the bathroom and walked in.

As soon as she walked inside, she heard a woman moaning. Her entire body jolted. She looked forward and saw Evelyn on top of Jaydon on a big bed. Their clothes were being taken off.

Evelyn and Jaydon stopped and looked at Alita when they saw the person who suddenly barged in.

Three pairs of eyes stared at each other in a daze.

This would be the most awkward moment of their lives.

"Uh, I'm very sorry. I thought this was the bathroom. Please continue. Alita quickly retreated and closed the door.

Her hand was still on the doorknob, and there was a dull pain in her chest.

She took a deep breath. It was very normal. They were entering a marriage. How could they not do such a thing? In the past, she should have been angry when he did such things with other women, but now, it was legitimate. But they had been husband and wife before, so it was normal for her to feel uncomfortable when she saw such a scene with her own eyes.

She thought rationally and explained it to herself in her heart. Then she told herself that it was nothing

In the room, Jaydon pulled Evelyn away. He was extremely depressed. He thought bitterly in his heart that that woman might never accept him again.

"Jaydon, what's wrong with you? Are you unhappy because I woke you up?" Evelyn woke up in a chair. When she saw that Jaydon was gone, she guessed that he had come to his room to rest, so she sneaked in. When she saw his handsome face, she couldn't contain her eagerness and pounced on him, wanting to make love to him.

"Evelyn, I'm a little thirsty. You should rest first." Jaydon buttoned up his clothes.

Evelyn was in a bad mood when she saw that she didn't make it to the end. "Then you have to come back immediately"

"Alright! Go to sleep first" Jaydon smiled and turned around to leave.

When he walked outside, there was no sign of Alita. S

She probably still needed the bathroom. He immediately went to the bathroom and opened the door.

"Ah!" Alita, who was sitting on the toilet, cried out in fear when she saw a man come in.

Jaydon entered and closed the door. [www.n0veIw0Rm.c00m](#)

out! Alt

Alita was so angry that she couldn't care less about her manners.

Jaydon locked the door and walked to her. After hesitating for a while, he said, "It was a misunderstanding."

"You don't have to explain to me. I don't care whether it's real or fake. It has nothing to do with me. Please get out immediately." Alita did not want to pee in front of a man. It was very embarrassing to flush the toilet and wear pants.

"Evelyn pounced on me while I was asleep. I woke up in a daze. You know that men's desires are sometimes uncontrollable." Jaydon did not deny the fact that he had just been touched and aroused some desires, but this was a man's instinctive reaction. He could not be blamed.

Alita swore that if she had a gun in her hand now, she would blow his head off without hesitation. What's wrong with you? I'm sitting on the toilet. Can you see it?"

"Mr. Jaydon, I'm begging you, I'm begging you, Can you wait outside for a while? It's not the time here." As she spoke, her face turned red.

Only then did Jaydon realize how embarrassed her situation was. Looking at her flushed face and angry look, it felt extremely adorable.

He couldn't help but lean down and reach out to touch her face. "It's okay, I don't mind!"

"I mind." Alita slapped his hand away, her anger soaring to the head.

"I haven't seen you blush in a long time. You're still like a little girl. That's good." Jaydon pinched her face again when she couldn't stand up. He found that she was still as delicate as ever,

"Please don't take advantage of me." Alita forcefully pulled his hand away and flung it far away.

someone knocked on the door. Alita's eyes widened in shock. No matter who it was, how could she explain that

At this juncture, Jaydon was here?

"God, why don't you just kill me!
