

It's Too Late To Get A Divorce by Coreal White Chapter 96

Chapter 96

"Alright." Jaydon nodded and smiled. He looked at her serious face due to work and felt an indescribable sense of helplessness. He wanted her to suffer because of this. He did not expect her to go all out.

"Do we need to get up early tomorrow?" Evelyn asked because she didn't like to get up early. @w.NoVelwoRm.c@m

Alita smiled and replied, "It's best if we can get there early because it'll take an hour to get there. After entering the forest, we don't know when we'll be able to leave. If it gets dark and we get lost, it'll be terrible. You and Mr. Lewis are both noble people. If anything happens, I won't be able to bear the responsibility."

Evelyn wasn't happy about it, but she reluctantly agreed. "All right!"

However, the next day, after Alita and the others got everything ready, Evelyn had yet to appear.

Jaydon, on the other hand, was already enjoying an exquisite breakfast in the garden outside.

Because she was a client, Alita couldn't just knock on her door. She checked the time. It was almost nine o'clock. When Evelyn came downstairs, she still had to have breakfast, Alita knew they wouldn't be able to leave until 10, which meant it would be 11 when they reached their destination.

Karen and the others were also frustrated.

"Boss, should I go talk to her? Karen walked over and whispered to Alita.

Alita frowned and thought for a moment. Then she said, "Take everything to the car first"

"Alright then." Karen, Crystal, and Sabina could only do as their boss said.

Alita took a look at Jaydon who had just finished his breakfast. She walked over and said, "Mr. Lewis, can you please go see if Miss Jenner is ready?"

"She won't get up until ten o'clock," Jaydon said indifferently.

com?" Alita said anxiously.

"But we have things to do today. Why didn't you wake her up this morning? Weren't you sharing a room?" Alita said anxiously.

"Who told you that we shared a room?" Jaydon looked up and asked.

Alita was stunned and quickly said, "I don't care if the two of you slept together. Go up and talk to her."

"I don't want to!" Jaydon smiled and said word by word.

Alita looked up at the sky and let out a long breath. She was pissed. "Forget it, I'll go myself."

Originally, she didn't want to bother the client. However, she felt that Evelyn was being ridiculous today. They had agreed to leave early today. However, Evelyn didn't keep her word. @w.NoVelwoRm.c@m

Alita turned around and rushed upstairs to Evelyn's room. She steadied her breathing and knocked on the door before calling out,

"Miss Jenner, are you up?"

No one answered for a long time.

Alita thought, Is she still sleeping?

She knocked harder on the door and shouted even louder than before, "Miss Jenner, are you awake?"

After a

while, someone finally opened the door. It seemed that Evelyn had just woken up. "Miss Thompson, what are you doing so

early?"

Alita fell speechless. She calmly pursed her lips and said with a smile, "Miss Jenner, did you forget what I told you yesterday? We told you to get up early today because we are going to the forest."

She was a little worried. If Evelyn acted like this on her wedding day, when she got ready, the wedding would have to be held in the afternoon. w.NoVelwoRm.c@m

After hearing this, Evelyn exclaimed, "I forgot. I'm sorry. I'll go take a shower and change now."

The door was slammed shut

Alita was speechless.

However, on another thought, Alita felt happy for her that she could live carefreely like this. If she could, Alita would like to have that life as well.

When she returned downstairs, Jaydon glanced at her. Crystal and the others immediately surrounded her.

Alita said, "You already know what is going on. Evelyn just woke up. She still needs to take a shower, get dressed, and have breakfast. You guys should get the tent ready with dinner for tonight and breakfast for tomorrow. We are very likely to spend the

night in the forest tonight."

The girls cried out with distressed expressions, "Oh, no!"

However, there was nothing they could do. Seeing that Jaydon was still sitting there, they couldn't comment too much about his fiancée in front of him.

1 for the f

the forest. it was already half past 10.

When they finally were able to head

a lot

Alita saw that Evelyn was wearing a dress. She wanted to tell her to have a pair of pants on since there were a lot of bugs in the forest. However, they didn't have enough time to do that.

She thought, "If anything happens, she has Jaydon to protect her!"

Alita followed the map and drove to the forest.

When everyone saw the vast and beautiful grassland, they were immediately stunned, Evelyn said, "I love this. This is exactly what I wanted!" However, Jaydon was quite calm. He would not be amazed no matter how beautiful the scenery he saw.

"Due to time constraints, we have to go straight into the forest." Alita turned the car directly towards the entrance of the forest.

"Stop the car. I want to go down and take a look." Evelyn was mesmerized by the beautiful scenery and insisted on going down to

take a look.

"Evelyn, it's already 11:40. We're going to the depths of the forest to look for the wonderland you want. We can't waste any more time. Once it gets dark, the forest will become very dangerous." Alita slowed down but didn't stop the car.

Chapter 96

Evelyn shouted angrily, "I'm a

client of your company. I said stop the car. I want to go down and take a look." w.NoVelwoRm.c@m

Alita was very frustrated to deal with such a willful girl. She had to stop the car. Alita pulled out a fake and polite smile and said, "Then please hurry."

Evelyn opened the car door and happily left with Jaydon.

After they left, Crystal complained, "Evelyn is pretty, however, she doesn't seem to have a functioning brain."

Karen added, "She's obviously not very smart."

"Perhaps the princess thinks that this world is full of beautiful things, even a cobra will kiss her gently." Sabina said sarcastically.

"Stop it," Alita said. She looked at the girls and said, "No matter what, they are our company's guests. After accepting their order, you have to satisfy their requirements, understand?"

The three girls replied weakly, "Understood,"

Alita knew that they were very angry because she shared their feelings. However, she was their boss. She had to lead them by establishing the right example.

Although Jaydon was with Evelyn, he was thinking about Alita the whole time. He knew that Alita must be pissed by what Evelyn did this morning.

He knew that Alita was a very organized woman. She hated it when others disrupted her plans. When he thought that Alita was furious with Evelyn but had to put up with her, he could not help but smile.

"Jaydon, you're smiling. You think this place is beautiful too, right?" Evelyn saw Jaydon's gentle and charming smile and thought that he also liked the view here.

Jaydon casually agreed with her, then he looked at the parked MPV in the distant and had a even brighter smile.

The time slowly went by. When it was 1 in the afternoon, Alita finally

couldn't take it anymore.

"You guys stay here. I'll go down and take a look," Alito said coldly. She got out of the car, then slammed the car door.

With a loud bang, the three girls in the

in the car trembled at the same time.

The three of them all thought, "Boss is pissed!"

After Alita took a few steps with a cold expression, she saw Jaydon and Evelyn walk back while smiling and chatting. Their casual demeanor fueled her rage even more.

"Oh, Miss Thompson, you're here to pick us up? That's so nice of you." Jaydon could tell that Alita was very upset and wanted to piss her off even more. He wanted to see her lose her temper since it would be a very rare occasion.

Evelyn did not know that Jaydon did it on purpose. She didn't know that Alita was upset and smiled at her.

"Mr. Lewis, Miss Jenner, It's already one o'clock. It will get dark in the forest by five o'clock. We have to leave here by four. There are only three hours left. I think we should come back here tomorrow." Alita tried her best to control herself, but she still sounded a bit off.

"Miss Thompson, what kind of attitude is this? We're your clients. Although Evelyn couldn't read people well, she could still notice

Chapter 96

Alita's anger through her expression and her tone.

Jaydon grabbed Evelyn by her arm and said, "Darling, don't be angry. Miss Thompson might be going through menopause right now."

"You're the one who is fucking going through menopause Alita cursed in her mind. She took a deep breath and tried her best to put on a smile. "Kids, if you want to go, then go. Don't feel scared and cry when it gets dark. I won't be nice to come to comfort you then!"

As she spoke, she turned around and strode back to the car. She finally couldn't contain her anger anymore.

She thought, Two naive and stupid babies!

Alita sat in the driver's seat. The door behind her opened. Jaydon and Evelyn got in. Evelyn's expression was sour. However, Jaydon looked very happy.

Karen, Crystal, and Sabina looked at their expressions and noticed that something was off. They kept quiet and didn't dare to say anything

After starting the car, Alita drove into the forest. Her anger slowly subsided. On another thought, there was no need to be angry with them. Alita thought that negative emotions would only cause damage to her well-being and she shouldn't do that to herself.

After driving for about half an hour, there was no road for cars to drive on anymore. However, the views around them became

even more and more stunning.

Even the trees were extraordinary. They were quite tall, and their branches hung down like willow trees. They were tender green, dense, and long. Everyone felt they entered the fairyland.

Karen and the other girls were mesmerized by the scenery.

"Let's get out of the car. We have to walk from here on, Alita said calmly.

The group got out of the car.

"Wow, Jaydon. This is what I want. It must be even more beautiful inside." Evelyn was excited. This was exactly the same as what

she had seen in the movies.

Alita carried a huge bag on her back. Karen and the others also carried a lot of things

came to their side and said.

"Mr. Lewis, Miss Jenner, let's go in," Alita car
