

## It's Too Late To Get A Divorce by Coreal White Chapter 98

Chapter 98

"You're shameless," Alita looked nervously at the man before her. [www.novélw@rmm.com](mailto:www.novélw@rmm.com)

Jaydon leaned his head closer to her. "How would such a handsome man like me be shameless?" He pulled her into his arms.

"Ah!" Alita was shocked and whimpered.

"Evelyn is nearby. She wouldn't want to marry you anymore if she knew you were doing this. Do you hear me?" Alita tried her best to remain calm and used all her might to break free.

While Jaydon was pestering Alita, the four girls were walking around at the front of the church and not looking in their direction. So, none of them noticed anything strange.

"What are you doing?"

Suddenly, a crisp and high-pitched voice sounded, filled with doubt and disbelief.

It was Evelyn's voice!

Karen, Crystal, and Sabina turned around. When they saw Jaydon hugging Alita, they were all dumbfounded. Their jaws dropped.

"Oh my god, what kind of situation is this..."

Alita's heart skipped a beat. Her heart sank. Evelyn noticed them. Her face turned pale. She closed her eyes, not knowing how to explain and face it,

It was all this bastard's fault!

Jaydon calmly let go of Alita. But his other hand was still wrapped around Alita's waist. He smiled calmly and said, "Miss Thompson is feeling unwell. Look! She is so pale. I wanted to help her to the chair

Evelyn didn't doubt what Jaydon said at all. She sighed in relief and smiled. "Oh, okay. I was wondering why you would hug her for no

reason. Hurry up and help Miss Thompson to the chair to get some rest.

Karen and the others also smiled. It turned out that it was a misunderstanding.

Alita was a little confused. Evelyn was too gullible. Perhaps such an innocent and cheerful girl was more suitable for Jaydon. At the very least, he could deceive her easily and do whatever he wanted.

Being naive was sometimes a blessing,

"Miss Thompson, snap out of your thoughts. Let me help you over to the chair, Jaydon smiled at her meaningfully

Evelyn, Karen, and the others were all watching. Alita could only force a smile and cooperate with him. However, deep down, she was already cursing him with all the vulgar words she knew.

Alita sat, and Jaydon stood beside her. Ka

Karen and the others approached and squatted beside her.

"Boss, are you alright? Are

you feeling unwell?"

"You were fine just now. Did something bite you? It's said that the mosquitoes in the forest are poisonous."

Chapter 98

"But, Crystal, we didn't see any mosquitoes."

The girls were chattering while Alita could only chuckle awkwardly

Jaydon stood there and looked at Alita's embarrassed expression. He was overjoyed as he thought, "Your boss isn't uncomfortable. It's because she had just been pleased"

Evelyn came over and naturally held Jaydon's arm. She looked at Alita with concern. "Are you alright?" [www.novélw@rmm.com](mailto:www.novélw@rmm.com)

"I'm fine. I'll be fine after a short rest." Alita was embarrassed. She tried to look natural.

"Okay," replied Evelyn with a smile. She then rubbed her stomach. "I'm hungry and a little tired. Let's eat something and rest before going. This place is very suitable for a picnic."

She was excited when she suggested this.

Alita looked at the time. It was three o'clock. They could take half an hour break. It would take about 50 minutes to walk from here to the car. If she walked faster, she might be able to reach the car in half an hour before 4:30 pm. Then, she would be safe there.

"Miss Jenner, we can only stay for another half an hour"

Alita turned

med around and said to Karen and the others,

hungry by now"

hers. "Go over there and spread

spread the cloth. Take out the food. Everyone might be

"Okay, boss. I'm about to starve to death," quipped Karen as she followed Crystal and Sabina

The white cloth was laid out on the green grass. Beside it was a bush of flowers filled with tortilla wraps, bread, fruit juice, and other

food.

Everyone sat in a circle. This time, Alita chose to sit between Crystal and Sabina. She wanted to say as far as she could from

Jaydon.

It was an unforgettable experience to dine in such a beautiful place.

"This is delicious. Did the hotel make it? Evelyn praised after biting on the tortilla wrap.

"No, this is made by our boss. Her cooking is good." Karen lifted her thumb, looking proud.

"Mm. It's delicious. Miss Thompson, you're amazing. Evelyn raised her two thumbs and praised Alita.

Alita smiled. "It's nothing. All I did was wrap the ingredients in the tortilla wrap and cut them into pieces. If you like it, you can get the chef at home to make it for you."

"The Lewis family never eats this. My family doesn't eat this either, but I think it's delicious." Evelyn licked the salad dressing on her finger like a child.

Alita could not help but laugh when she thought of those who thought highly of themselves grabbing the tortilla wrap and gnawing

on it.

Jaydon could guess what was on her mind. He squinted his green eyes and asked, "Miss Thompson, why are you laughing?"

"Nothing." Alita shook her head. "Miss Jenner is cute, and I couldn't stop smiling upon seeing her."

"Is that so?" Jaydon raised his thick eyebrows suspiciously. [www.novélw@rmm.com](mailto:www.novélw@rmm.com)

"Of course, Why else would I laugh, Mr. Lewis?" asked Alita, throwing the question back at Jaydon,

iful place. Let's take a photo as a memory."

Karen took out a digital camera. "It's rare for us to come to such a beautiful

"Okay!" Crystal and Sabina agreed readily. They held Alita's arm and said, "Karen, take a photo of us first. Make sure it's nice. We want to make everyone else in the company envy us."

"No problem. Boss, smile! Karen took the camera and captured the most beautiful moment.

Then, Karen took a photo with Alita and asked Jaydon to help the four of them take another photo.

"Thank you, Mr. Lewis. Do you want me to take a photo of you and Miss Jenner?" Karen took the camera and asked enthusiastically.

Evelyn stood up and ran to Jaydon's side. "Sure. Please take a photo of us."

Jaydon looked at Alita and smiled. "Why don't we take a group photo?"

Karen and the others were excited. They didn't expect to be able to take a photo with such a charming couple. It was really an honor.

Alita was reluctant deep down. She thought, "What is this? A couple about to get married stands by the groom's ex-wife in a photo? It is stupid. She did not want to take a picture like that.

She went over and took the camera. "You guys go and get into position. I'll take a photo."

"Miss Thompson, Jaydon dragged his voice and called out. He sounded a little displeased. "We agreed to take a photo together. Are you looking down on us?"

Alita thought, "That's right! I look down on you, Jaydon. Who wants to take photos with you? Scram!

She had been cursing him deep down. However, she put on a polite smile. "Of course not. It's a great honor for commoners like us to take pictures with honorable people like you. However, someone has to take this photo, right? I choose to let my employee have the honor on my behalf."

Her words were dignified and impeccable!

Jaydon stared at her silently and said faintly, "I remember this camera can be set to take photos automatically."

"Oh, I'm sorry. This camera doesn't have this function, replied Alita quickly.

Karen would never know what had been going on between them. She quickly said, "Here! My camera has this function. I brought a tripod stand, too."

She excitedly took the stand from her bag and handed it to Alita. However, she couldn't understand why her boss's gaze on her looked terrifying suddenly. She felt a chill running down her spine. [www.novélw@rmm.com](mailto:www.novélw@rmm.com)
