

## It's Too Late To Get A Divorce by Coreal White Chapter 99

Chapter 99

Karen thought, 'Did I say anything wrong?'

Karen was a little afraid as she handed the stand to Alita. "Ms... Ms. Thompson, this is for you?"

Jaydon looked at Alita's expression and smiled brightly. "Miss Thompson, look at how meticulous your employee is. Hurry up and set up the camera. Let's take a photo together"

This time, Alita was forced into a corner. There was no way out. She took the stand stiffly. She really wanted to strangle Karen, who did not know how to read the situation. On the other hand, if Karen could sense the underlying tension between Jaydon and her, Karen would have found out about her relationship with Jaydon

Alita thought, "So be it. At most, I'll delete the photo and destroy the evidence by then."

With that thought in mind, she gave Jaydon a friendly smile. "Yes, my employee is really considerate and attentive. I have to increase her salary when I get back."

Karen stood there in a daze. She wondered, 'Did Ms. Thompson mean what she said? Could it be that I had seen wrongly just now?'

Karen was completely confused.

"Everyone, go stand properly. I'll set up the camera, Alita turned her gaze I'm the last to go over, I can choose where to stand"

Jaydon saw through her thoughts at a glance. His lips curled into a faint smile.

Evelyn chose the waterfall as the backdrop and pulled Jaydon to stand there. Karen, Crystal and Sabina surrounded them happily.

Jaydon smiled at her and whispered in her ear, "Aren't you afraid of your salary being deducted when you go back? Be smart."

Crystal thought for a moment and immediately understood. She stepped aside and said, "Thank you, Mr. Lewis."

"There's no need to thank me." Jaydon smiled even more charmingly.

Alita finished setting up the camera: When she realized through the camera that the spot beside Jaydon was empty, she

"Crystal, stand closer to Mr. Lewis. The picture won't turn out nice if there's a large gap."

"Ms. Thompson, you're our boss. Of course, you have to stand in the middle with the big shots. Come over quickly," Crystal said go.

she was sucking up to Alita.

Jaydon stood there with a charming smile.

Alita was exasperated. However, no matter how unwilling she was, she had no choice but to go over. After setting the time, she walked to Jaydon's side and secretly glared at him. Her hands hung by her sides as she assumed a posture and smiled.

Suddenly, a large hand appeared on her waist and held her tightly. Jaydon's fingers moved around her waist like he was playing the piano. Every time he moved, her body would tense up.

Alita thought, What a bastard"

She secretly turned her head and saw his perfect side profile. It was as if he was a masterpiece of God. He was facing the camera and smiling slightly. He was so calm and steady, acting as if it was a phantom hand that was moving around on her waist.

"Smile, Miss Thompson." Jaydon put on the most charming and smiling face. He glanced at Alita and tightened his grip.

Alita was shocked and glared at him angrily.

With a click, the flashbulb lit up. The moment the photo was captured, the waterfall behind them was as transparent as crystal under the sunlight. It was like a strip of light. Jaydon and Alita were looking at each other. He was smiling devilishly while she was angry, and her expression was extremely vivid.

"It's done. Let me see if it's good." Karen happily ran over to take a look.

Alita finally realized what was going on. When she thought of her expression just now, she became anxious. She pounced forward. She could not let others see the photo. Otherwise, they would definitely be suspicious.

Karen took down the camera and was about to check the photo when her hands were empty in the blink of an eye.

She l

looked up and saw Alita standing there panting with a camera in her hand. Alita looked like she was still in shock, her face pale and panting..

"Ms. T

"Ms. Thompson, are you alright?" Karen asked carefully, thinking that Alita was acting so strangely today.

"Well, it's nothing. I want to see how the photo turns out," Alita said awkwardly. She looked at the photo and saw it was as she

expected.

"Even if she wanted to see it, there was no need to snatch it, right?" Karen muttered inwardly and excitedly leaned over. "How was the photo?"

Alita was about to delete the photo when she saw Karen lean over. She turned off the camera. "Oh, the battery died."

"That's impossible. I clearly charged it yesterday." Karen didn't believe it and tried to take the camera to check it. [w1w.n0vè\(w\)orm.com](mailto:w1w.n0vè(w)orm.com)

Alita subconsciously avoided her hand and hid the camera behind her back. She did not let Karen take the camera. "It's about time.

Hurry up and pack up. We're going to leave." She turned around and strode away.

Karen froze on the spot, blinked twice like a puppet, and shouted, "But Ms. Thompson, that camera is mine."

"I'll keep it for you!" Alita braced herself and shouted. She knew that she was acting abnormally, but she had no choice. She could

not show them the photo.

She sighed and thought, 'Good grief, it's all Jaydon's fault!'

When Crystal and Sabina saw Alita leave, they quickly ran to Karen.

"Don't you think that there's something wrong with Ms. Thompson? When I gave her the camera stand just now, her gaze was terrifying. It was as if she wanted to eat me. Now, she even snatched my camera, Karen said in a low voice.

"Why is Ms. Thompson acting this way?" Crystal was confused.

Sabina thought for a moment and leaned over. "Could she have been possessed by an evil spirit in the forest? I heard that in this

Chapter 99

Alita took out a bag of small red flags from her bag. To facilitate the next time she came here to decorate the wedding venue, she had to put down markers. After placing the flags in a few corners, she announced they could leave.

"Let's go. We still have fifty minutes." She walked over and stood beside Evelyn. She wanted to leave in the same formation as

before.

Evelyn refused to walk with Alita and hid behind Jaydon.

Karen and the others also took a few steps back in fear.

When Alita saw this situation, she could not help but say with a straight face, "I'm not possessed by an evil spirit."

When Alita said that, Karen and the other girls were even more afraid. They thought, 'Oh my God, could she have been really possessed? Otherwise, how would she know when we spoke so softly?'

Jaydon held back his laughter with difficulty. He went over and held Alita. He said to Karen and the others, "You guys walk behind me and Miss Thompson. With me around, you will definitely leave safely."

Evelyn and Karen's admiration and gratitude for Jaydon were written all over their faces.

Alita was completely speechless. She thought, "Why are they all so ignorant? There are no ghosts in this world!

"Mr. Lewis, can you please take your hand away?" Her cold gaze shot toward his hand on her shoulder. She thought, "Damned bastard. With such a ridiculous excuse, he can brazenly touch her without scruples, right?"

Jaydon let go of her shoulder and held her hand. "I'm sorry, but you're an extremely dangerous person now."

Alita thought, 'Danger my foot!

Alita was extremely depressed. Time waits for no one. There was no time for dawdling. She said, 'Fine! Do whatever you want. If you still don't leave, I'll drag you all to hell and eat you one by one.'

She simply glared fiercely at this group of idiots.

"I want to go home!" Evelyn was so scared that she cried. [w1w.n0vè\(w\)orm.com](mailto:w1w.n0vè(w)orm.com)

Karen and the others comforted her amid their fear. Jaydon turned his head and laughed so hard that his stomach hurt. He thought, "This trip to the forest is really fun." [w1w.0o\(v\)el\(w\)orm.com](mailto:w1w.0o(v)el(w)orm.com)

Alita could feel a headache coming. In the end, she said in a low voice, "Stop crying. I'll eat whoever cries first."

As expected, Evelyn immediately pursed her lips, not daring to make a sound.

They could finally set off. After walking for about twenty minutes, the sky suddenly turned dark, scaring Karen and the others so much that they immediately screamed.

Alita thought, 'The sky couldn't possibly get dark so soon. She looked at the sky calmly. "Oh no, it's going to rain.
