

# Skipping

We finally made it to Fez and ashtrays place.  
"Be careful guys" Rue said on her third blunt.  
" Don't worry bout it" ashtray said so ly.  
\*slam\* \*slam\*  
"oh my god they keep slamming my door"  
"hey Rue you should chill on those"  
" you liked him? Rue said.  
"what are you talking about" i laughed nervously.  
"come on y/n, you like ashtray"  
"we haven't even talked, what time is it" i said trynna change the subject.  
"07:42am"  
"Rue we're late!"  
"y/n can we just go to your house"  
"we can go to my house if you take a shower you are not about to skip with me smelling like how you do"  
Rues going through a very difficult time, she just found out that her girlfriend Jules cheated on her with her best friend Elliot. Rues my best friend, I'd do anything for her to be happy.

We pulled up to my house and my mother and cassie were gone. I got out of the car and went to carry Rue inside.  
"y/n. I know you like Ashtray"  
"Rue you need a shower" i told her before i can focus on my self.  
I got rue in the shower and thought and thought and thought.  
i can't possibly like someone i just met and didn't even talk to. it's not possible.

I checked my phone and it was my mom, all I could think about is how my moms gonna punish me for skipping this time .  
I read out loud " If your skipping with Rue i le money on my bed for food" I put a thumbs up on her text. I can't believe my mom just did that.  
Rue.  
i forgot about Rue!  
I ran to the bathroom just to see her crying and laying in the tub. I turned it the Water, "Rue get up" "Rue come on" there was a little movement from her. sometimes It felt like she had really bad bipolar.  
I picked her up and dried her o and put my clothes on her.  
"do you wanna go out to eat Rue"  
still no reply.  
i hated that i said this  
"Rue, wanna smoke"  
she looked at me weirdly "you. smoking" she said.  
"now or never" i said with a creepy looking smile.  
" you got money"  
"yup"  
"how much?"  
"not sure let me check"  
i went to my moms room and she only had 100 on the the bed i looked in my moms room more and cassie's till i hit 789 dollars, and i showed it to Rue.
