

# Jealousy

To be honest I didn't really have any friends. Everyone hated me my age, I don't get why Ash would think i have friends.

I was laying down since i had no one to contact and Ash opens the bedroom door startling me. "did you invite anyone" he said calmly. "oh um yeah" I lied to him so i don't seem like a complete loser to him.

"well uh we're leaving soon" ashtray said walking out of the bedroom.

"Shit." i said pulling out my phone.

I scrolled through my contacts seeing if i have anyone, that's it! Gia!

I put in Gias number and called her.

"um hello?"

"heyyyyy gia" i said trying to act normal.

"y/n? are you okay?"

"yea um do you maybe wanna go to a party with me.."

"wait yes oh my gosh when is it"

"oh it's tonight!" i said happily i finally have a "friend".

"i'm completely free tonight you know where i live bye love ya"

"bye-" she cut of the phone before i could say anything else.

all i had to do is take a shower to get that throw up stank o of me.

I walked up to the bathroom to take a shower i had music blasting, when ashtray walks in.

ash heard the music of course " your a lil baby fan?" I screamed not knowing he was in there.

"oh sorry i just gotta go pee" i didn't reply i just continued with the shower.

when ashtray was leaving he turned down the music almost all the way.

"that bitch" i mumbled to myself taking the hint it was time to leave.

I had on a black dress that stop on my thighs it was tight but not to tight, tight enough to show the curves.

I walked out texting Gia I was on my way.

"your going like that" ash said

"well yeah, now can you send me the address to the house"

\*ping\* he sent it to my phone right away. i was walking out but ashtray was following me into the car. "do you think you can pick up some of my friends"

"yeah but uh i'm grabbing my friend first" i said plugging in my phone into the aux.

we arrived to gias house and ash hopped in to the back, gia opened the door and slammed it.

"hey, no need to slam my door"

"oops sorry" she giggled looking back at ash, she turned up the music and whispered into my ear "who's that hottie" i pushed her away from me and didn't even say anything. I didn't know if i was mad, very angry or upset.

We picked up four of ashtrays friends and god they smelt like heavy cologne, worst smell ever.

ã

We finally made it to the house and i opened the door for Gia when all the boys slammed my doors, never felt like i was gonna kill someone more in my life.

everyone walked in and ashtray grabbed me "no monkey Business" and he walked in, i was really confused.

ãº

Hours later and we were playing spin the bottle and i hate to say it gia got ashtray see now. our rules were kinda different, who ever spines the bottle gets to choose what type of kiss and whoever it lands on gets to choose 10 seconds in-front of everyone or 5 minutes in the closet.

Ash didn't like gia like that so they did a kiss in front of me. it made me angry seeing Gia with a hot guy.

it was my turn "please land on ashtray" i thought in my head. but it landed in ashtrays best friend. Elliot, Elliot wanted 5 minutes so we went into the closet. Gia looked over at ashtray and he looked pissed.

"it's been 5 minutes and 15 seconds" ashtrays says

"you have a problem with that maybe their getting into it" a guy started laughing.

Ash got up and opened the closet. Elliot had his hand on my thigh and the other under neath my chest, and we were still making out.

Ash grabbed me and stared at Elliot.

"fez told me he needed you" ash said lying to me.

"who's fez" Elliot said.

"i'm not talking to you smart ass" ash said giving him the look.

"well um Gia do you need a ride home" i said

"Gia will be fine" ash said grabbing my arm and the keys"

"what's his deal" Elliot said.

Ash was driving even know i didn't want him to

"So why does Fez need me"

"he doesn't"

"so why did you say that"

"he wanted to fuck you"

i didn't know what to say i was only doing it because i was mad at gia and i really like ashtray, this party made me realize it.

i look up and we are in the Wendy's drive through.

"do you want something" ash said not looking at me

"i don't have any mon-"

"it's a yes or no question!" ash got loud cutting me o .

"uhm sure" i said also telling him what i wanted, he paid and grabbed the food and parked in the parking lot.

"y/n"

i look at him while grabbing my food.

"i think i love you"
